**FINANCIAL STATEMENTS OF THE UNITED TECHNOLOGIES CORPORATION
EMPLOYEE SAVINGS PLAN II**

Report of Independent Auditors

To the Participants and Administrator of the
United Technologies Corporation
Employee Savings Plan II

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the United Technologies Corporation Employee Savings Plan II (the "Plan") at December 31, 2002 and December 31, 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

General.

The United Technologies Corporation Employee Savings Plan II (formerly the UTC Savings Plan for Hourly Management-Represented Employees) (the "Plan") is a defined contribution savings plan administered by United Technologies Corporation ("UTC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Both salaried employees and non-union hourly employees of certain divisions of Carrier Corporation, Hamilton Sundstrand, Pratt & Whitney and Sikorsky Aircraft Corporation ("Sikorsky") are eligible to participate in the Plan immediately (except for one Sikorsky location with a three-month waiting period). The date on which participants are eligible for employer contributions may vary by the particular location. The following is a brief description of the Plan. For more complete information, participants should refer to the prospectus and summary plan description as well as the Plan document which are available from UTC.

Contributions and Vesting.

The percentages of total compensation participants may elect to contribute, through payroll deductions, varies depending on the provisions of the Plan specific to a particular location. Participants direct the investment of their contributions into various

investment options offered by the Plan. The Plan currently offers ten mutual funds, seven commingled index funds, one stable value fund, and a company stock fund as investment options for participants. Participant contributions, plus actual earnings thereon, are fully vested at all times under the Plan. Employer contributions vary depending on the provisions of the Plan specific to a particular location. Generally, the Employer's contributions, plus actual earnings thereon, become fully vested after two years of Plan participation.

UTC has established a leveraged Employee Stock Ownership Plan ("ESOP") to fund substantially all of the employer matching contributions to the Plan. The ESOP is primarily invested in UTC Series A ESOP Convertible Preferred Stock. UTC currently matches up to 60 percent of a participant's contributions, up to specified limits, in ESOP Preferred Stock (see Note 7). However, participants who have reached at least age 55 may direct that up to 50 percent, in multiples of 25 percent, of their ESOP account balances and future employer contributions be invested in the other investment funds offered through the Plan. In such cases, UTC may redeem or exchange the ESOP Preferred Stock in the participants' accounts for cash. Such stock may be allocated to other participants in the future. Generally, employer contributions, plus actual earnings thereon, become fully vested after two years of Plan participation.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) UTC's contributions based on a percentage of the participant's contribution and (b) Plan earnings based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' nonvested employer contribution accounts are used to reduce future Employer contributions. For the year ended December 31, 2002, approximately \$65,000 of forfeitures were used to fund UTC's contributions.

Voting Rights

• Common Stock held in the UTC Common Stock Fund and ESOP Fund and ESOP Preferred shares are voted by the Trustee at shareowner meetings of UTC in accordance with the confidential instructions of the participants whose accounts are invested in the funds. ESOP Preferred shares vote on all matters submitted for vote to the UTC Common Stock shareowners. Each share of ESOP Preferred stock is entitled to 5.2 votes compared to one vote for each share of UTC Common Stock. All shares of employer stock in the UTC Common Stock Fund or participants' ESOP accounts for which the Trustee receives voting instructions from participants to whose accounts the shares are allocated are voted in accordance with those instructions. All employer stock in the UTC Common Stock Fund for which the Trustee does not receive timely voting instructions are voted by the Trustee in accordance with the timely instructions it receives with respect to a plurality of the shares in the UTC Common Stock Fund. All employer stock in the ESOP Fund that has been allocated to participants' ESOP accounts but for which the Trustee does not receive timely voting instructions, and all shares in the Unallocated ESOP account, are voted by the Trustee in accordance with the timely instructions it receives with respect to a plurality of the shares that are allocated to participants' ESOP accounts.

UNITED TECHNOLOGIES CORPORATION
EMPLOYEE SAVINGS PLAN II
Notes to Financial Statements

Trustee and Recordkeeper.

All of the Plan's assets are held by Deutsche Bank Trust Company Americas, the Plan trustee. Deutsche Bank Trust Company Americas is a subsidiary of Deutsche Bank. Fidelity Institutional Retirement Services Company ("Fidelity") performs participant account recordkeeping responsibilities.

Participant Loans.

Certain participants with at least two years of Plan participation are allowed to borrow up to 50 percent of their account balances, excluding employer contributions. Loan amounts can range from \$1,000 to \$50,000 and must be repaid within 5 years. The loans are secured by the balance in the participant's account and bear interest at Deutsche Bank's prime rate plus one percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits.

Generally, benefits are paid in a lump sum to a terminating participant. A participant terminating due to retirement may elect to receive benefits in installments over two to twenty years. At the participant's election, the portion of a lump sum distribution attributable to an investment in the UTC Common Stock Fund and ESOP investment options may be paid in shares of UTC Common Stock instead of cash. Distributions in UTC Common Stock for the year ended December 31, 2002 were approximately \$60,000.

Other.

Participants who transfer to a new UTC location with a different savings plan may have the option of transferring their account balances in accordance with the provisions of the new savings plan.

NOTE 2 - SUMMARY OF ACCOUNTING PRINCIPLES

Basis of Accounting

. The financial statements of the Plan are prepared under the accrual method of accounting, except for benefits which are recorded when paid.

Master Trust.

The Plan's assets are kept in the United Technologies Corporation Employee Savings Plan Master Trust (the "Master Trust") maintained by the Plan's trustee. Under the Master Trust agreement, the assets of certain employee savings plans of UTC and its subsidiaries are combined. Participating plans purchase units of participation in the investment funds based on their contribution to such funds and the unit value of the applicable investment fund at the end of the trading day in which a transaction occurs. The unit value of each fund is determined at the close of each day by dividing the sum of uninvested cash, accrued income and the current value of investments by the total number of outstanding units in such funds. Income from the funds' investments increases the participating plans' unit values. Distributions to participants reduce the number of participation units held by the participating plans (See Note 6).

Investment Valuation and Income Recognition

. The Income Fund's investments in insurance contracts (see Note 5) are stated at contract value, which represents fair value. Contract value includes contributions plus earnings, less Plan withdrawals. The ESOP Preferred Stock's fair value is the higher of the guaranteed value (\$65) or four times the daily ending price of UTC's Common Stock. All other funds are stated at fair value, as determined by the Plan trustee, typically by reference to published market data.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Reclassifications. Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Edgar Filing: UNITED TECHNOLOGIES CORP /DE/ - Form 11-K

. Plan administrative expenses, including Plan trustee and a portion of the recordkeeper fees were paid directly by the employer in 2002. The remaining recordkeeper fees were paid by participants in 2002. Investment management fees are charged against Plan assets. All other administrative and investment expenses were paid out of Plan assets during 2002.

Use of Estimates.

The preparation of financial statements requires Plan management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan's Income Fund invests in insurance contracts with insurance companies. Under these contracts, each insurance company guarantees repayment in full of the principal amount plus interest credited at a fixed rate for a specified period. Interest is credited to each contract based on an annual interest rate set each year by the individual insurance companies. This rate, which differs among contracts, takes into account any difference between prior year credited interest and the actual amount of investment earnings allocable to the contract in accordance with the established allocation procedures of the insurance company. The weighted average interest rates credited to participant accounts for 2002 and 2001 were 6.78% and 8.31%, respectively.

NOTE 6 - INVESTMENT IN MASTER TRUST

UTC has entered into a Master Trust agreement with Deutsche Bank Trust Company Americas. Under this agreement, certain savings plans of UTC and its subsidiaries combine their trust fund investments in the Master Trust.

Participating plans purchase units of participation in the investment funds based on their contribution to such funds along with income that the investment funds may earn, less distributions made to the Plans' participants.

NOTE 7 - EMPLOYEE STOCK OWNERSHIP PLAN

The ESOP has purchased approximately 14.5 million shares of \$1.00 par value Series A ESOP Convertible Preferred Stock ("ESOP Shares"), with a \$4.80 per share annual dividend from UTC. Each ESOP share is convertible into four shares of UTC's Common Stock. The ESOP financed the ESOP Share purchases with interest bearing promissory notes. See Notes 8 and 9.

ESOP Shares are allocated to participant accounts of the Plan and the other ESOP eligible Plan within the Master Trust (the "ESOP Plans") as they earn UTC's matching contributions. ESOP Shares are released for allocation to participants as principal and interest payments are made on the debt. The unallocated ESOP Shares are apportioned for the purposes of these financial statements to the ESOP Plans based on the average net asset value of the allocated shares of the Plans. The ESOP uses the ESOP Shares' cash dividends and additional contributions from UTC to repay the principal and interest. To the extent that ESOP Shares released through debt service payments are not sufficient to meet the matching contribution requirement, UTC must contribute additional ESOP Shares, UTC Common Stock, or cash. To the extent that ESOP Shares released through debt service exceed the matching contribution requirement, the debt has been restructured so that the value of the released ESOP Shares does not exceed the ESOP Plans' matching contribution requirement. UTC has provided certain guarantees related to the matching contribution formula and certain other commitments in connection with the restructured ESOP debt. For the period ended December 31, 2002, participants were credited with matching contributions of \$71.6 million representing approximately 269,000 shares. Additionally, in lieu of receiving cash, participants are allocated ESOP Shares for dividends paid on their shares. As of January 1, 2002, participants may elect to receive cash dividends. During 2002, participants earned dividends of approximately \$31.2 million representing approximately 120,000 shares.

Shares allocated to a participant generally may not be distributed until the participant's termination, disability, retirement, or death. Upon distribution, a participant may elect to receive either cash or four shares of UTC Common Stock for each ESOP Share. Each ESOP share is valued at the higher of four times the market value of UTC's Common Stock or \$65. A participant cannot elect to receive the distribution in ESOP Shares. The ESOP Fund's investment in ESOP Shares at period end is as follows:

(Thousands of Dollars, except share amounts)	December 31, 2002		December 31, 2001	
	Allocated	Total	Allocated	Total

Number of Shares	6,553,771	10,924,622	6,549,687	11,266,913
Guaranteed Value	\$ 425,995	\$ 710,100	\$ 425,730	\$ 732,349
Market Value	\$ 1,623,762	\$ 2,706,679	\$ 1,693,225	\$ 2,912,717

The market value of the ESOP Shares was \$247.76 and \$258.52 per share at December 31, 2002 and 2001, respectively. Further, the Net Assets Available for Benefits in the ESOP Fund at December 31, 2002 and 2001 include unrealized appreciation of approximately \$2.0 billion and \$2.2 billion, of which \$0.8 billion and \$0.9 billion relates to unallocated shares.

The ESOP Shares are redeemable, in whole or in part, at the option of UTC at a redemption price of \$65.00 per share plus accrued and unpaid dividends. However, upon notice to the Trustee of UTC's intention to redeem, the trustee can convert each preferred share into four shares of UTC Common Stock if more beneficial to participants.

NOTE 8 - ESOP DEBT

In 1990, the Master Trust, with UTC as guarantor, executed a Note and Guaranty Agreement (the "Agreement") and issued \$660,000,000 of Series A, B, C and D notes (described below) representing the ESOP's permanent financing. The Series A ESOP Debt was repaid in full during 1999. The amounts outstanding under the Agreement, with interest rates and maturity dates, are as follows at December 31, 2002:

Note Series	Principal (000's)	Rate of Interest	Due	
B	\$	181,600	7.68%	2003 - 2008

				231,600

Required payments on these Notes, in aggregate, for the next five plan years are \$34.0 million in 2003, \$33.6 million in 2004, \$33.2 million in 2005, \$32.9 million in 2006, and \$32.6 million in 2007.

NOTE 9 - NOTES PAYABLE

In conjunction with the ESOP financing discussed in Note 8, the Master Trust issued a promissory note to UTC issued in 1990, bearing interest at 10.5%, and due over the period 2003 - 2009. At December 31, 2002, \$50.1 million was outstanding. Required principal payments on the note for the next five plan years are \$5.5 million in 2003, \$5.7 million in 2004, \$5.9 million in 2005, \$6.7 million in 2006, and \$7.5 million in 2007. The Trustee executed the following additional promissory notes. These promissory notes replace a portion of the 1990 ESOP Debt notes described in Note 8 above.

NOTE 10 - RELATED-PARTY TRANSACTIONS

Certain Plan investment options are investments managed by Deutsche Asset Management and Fidelity. Deutsche Bank Trust Company Americas, a subsidiary of Deutsche Bank, and Fidelity are the Plan's trustee and recordkeeper, respectively, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan holds common and preferred shares of UTC, the Plan sponsor, and these qualify as party-in-interest transactions.

The Plan invests in the UTC Common Stock Fund (the "Fund"), which is comprised of a short-term investment fund component and shares of common stock of UTC. The unit values of the Fund are recorded and maintained by Fidelity. During the year ended December 31, 2002, the Plan purchased units of the Fund in the approximate amount of \$

4,020,000, sold units of the Fund in the approximate amount of \$3,519,000, and had net depreciation on the Fund in the approximate amount of \$342,000. The total value of the Plan's interest in the Fund was approximately \$8,262,000 and \$8,103,000 at December 31, 2002 and 2001, respectively.

NOTE 11 - PLAN TERMINATION

Although it has not expressed any intent to do so, UTC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and to certain Plan provisions that limit this right when certain ESOP loans remain outstanding. In the event of Plan

termination, participants will become 100 percent vested in their accounts.
