In addition to the formal business to be transacted, management will report on the progress of our business and respond to comments and questions of general interest to stockholders.

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS to be held Wednesday, May 12, 2004

General

This Proxy Statement is provided to the stockholders of Alexandria Real Estate Equities, Inc., a Maryland corporation (the "Company"), to solicit proxies, in the form enclosed, for use at the Annual Meeting of Stockholders of the Company to be held on Wednesday, May 12, 2004, at the Library of The Athenaeum at the California Institute of Technology, 551 South Hill Avenue, Pasadena, California 91106, at 10:30 a.m. local time, and any and all adjournments or postponements thereof. The Board of Directors knows of no matters to come before the annual meeting other than those described in this Proxy Statement. This Proxy Statement and the enclosed form of proxy are first being mailed to stockholders on or about April 14, 2004.

Solicitation

This solicitation is made by mail on behalf of the Board of Directors of the Company. The Company will pay for the costs of the solicitation. Further solicitation of proxies may be made, including by mail, telephone, fax, in person or other means, by the directors, officers or employees of the Company or its affiliates, none of whom will receive additional compensation for such solicitation. In addition, the Company has engaged The Altman Group, Inc., a firm specializing in proxy solicitation, to solicit proxies and assist in the distribution and collection of proxy material for an estimated fee of approximately \$15,000. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of the Company's common stock, par value \$.01 per share (the "Common Stock").

Voting Procedures

Edgar Filing: ALEXANDRIA REAL ESTATE EQUITIES INC - Form DEF 14A

Only those holders of Common Stock of record as of the close of business on March 29, 2004, the record date, will be entitled to notice of and to vote at the annual meeting. A total of 19,378,282 shares of Common Stock were issued and outstanding as of the record date. Each share of Common Stock entitles its holder to one vote. Cumulative voting of shares of Common Stock is not permitted.

The presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock entitled to vote will be necessary to constitute a quorum to transact business at the annual meeting. Abstentions will be treated as present for purposes of determining the existence of a quorum. At the annual meeting, directors will be elected by a plurality of the votes cast and a majority of the votes cast will be required to ratify the appointment of Ernst & Young LLP as the Company's independent public accountants. Abstentions will have no effect on the ratification of the appointment of Ernst & Young LLP. It is expected that brokers will have discretionary power to vote on each of the proposals.

1

Shares represented by properly executed proxies in the form enclosed that are timely received by the Secretary of the Company and not revoked will be voted as specified on the proxy. If no specification is made on a properly executed and returned proxy, the shares represented thereby will be voted FOR the election of each of the eight nominees for director named in this proxy statement and FOR ratification of the appointment of Ernst & Young LLP as the independent public accountants of the Company. If any other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies in their discretion. In order to be voted, each proxy must be filed with the Secretary of the Company prior to exercise.

Revocability of Proxies

Stockholders may revoke a proxy at any time before the proxy is exercised. This may be done by filing a notice of revocation of the proxy with the Secretary of the Company, by filing a later-dated proxy with the Secretary of the Company, or by voting in person at the annual meeting.

PROPOSAL NUMBER ONE ELECTION OF DIRECTORS

Stockholders will be asked at the annual meeting to elect eight directors, who will constitute the full Board of Directors as currently authorized by the Company's Bylaws. Each elected director will hold office until the next annual meeting of stockholders and until the director's successor is duly elected and qualified. If any nominee becomes unavailable to serve for any reason, an event the Company does not anticipate, solicited proxies will be voted for the election of the person, if any, designated by the Board of Directors to replace the unavailable nominee.

Stockholders may withhold authority to vote their proxies for either (i) the entire slate of nominated directors by checking the box marked WITHHOLD on the proxy card, or (ii) any one or more of the individual nominees, by following the instructions on the proxy card. Instructions on the accompanying proxy card that withhold authority to vote for one or more of the nominees will cause any such nominee to receive fewer votes.

The following eight persons have been selected by the Board of Directors as nominees for election to the Board of Directors: Jerry M. Sudarsky, Joel S. Marcus, James H. Richardson, Richard H. Klein, Anthony M. Solomon, Richard B. Jennings, Alan G. Walton and Richmond A. Wolf. All of the nominees are incumbent directors. Additional information about these nominees is provided in the table and biographical information that follow.

Required Vote

A plurality of the votes cast at the annual meeting is required for the election of directors.

The Board of Directors unanimously recommends a vote FOR each of the named nominees.

Information on Board of Directors and its Committees

The Board of Directors held four regular meetings and seven special meetings in 2003 and took action on one occasion during 2003 by unanimous written consent. No director attended less than 75% of the aggregate number of meetings held by the Board of Directors during 2003 and by all committees of which such director is a member.

The Company encourages each member of the Board of Directors to attend each annual meeting of the Company's stockholders. All directors attended the annual meeting of stockholders held on May 2, 2003.

Edgar Filing: ALEXANDRIA REAL ESTATE EQUITIES INC - Form DEF 14A

The Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating & Governance Committee.

Audit Committee

The Audit Committee consists of Directors Klein (Chairperson), Jennings and Sudarsky. It held nine meetings in 2003. The Board of Directors has adopted a written charter for the Audit Committee. A copy of that charter is attached as Exhibit A to this proxy statement. The Committee is directly responsible for the appointment, compensation and oversight of the work of the independent public accountants who audit the Company's financial statements. In addition, the role of the Committee is to discuss the scope

5

and results of the audit with the independent public accountants, review the Company's interim and year-end operating results with management and the independent public accountants, consider the adequacy of the Company's internal accounting controls and audit procedures and pre-approve all engagements with the Company's independent public accountants, including both audit and non-audit services. The Audit Committee also reviews and recommends to the Board of Directors any changes that may be required to the Company's business integrity policy (described further under "Code of Ethics").

The Board of Directors has determined that each of Messrs. Klein and Jennings is an "audit committee financial expert" within the meaning of the regulations of the Securities and Exchange Commission.

Audit Committee Report

This Audit Committee Report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into a filing.

The Audit Committee is comprised of three directors and acts under a written charter adopted and approved by the Board of Directors. Each member of the Audit Committee is independent in conformity with the listing standards of the New York Stock Exchange and regulations of the Securities and Exchange Commission.

Management has the primary responsibility for the Company's financial statements and reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles. The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The limitations inherent in the oversight role of a committee of the Board of Directors, however, do not provide the Audit Committee with a basis independent of management and the Company's independent auditors to determine that accounting and financial reporting principles and policies have been appropriately applied by management or that the Company's internal control procedures designed to assure compliance with accounting standards and applicable laws and regulations have been appropriately implemented.

The Audit Committee has reviewed the Company's audited financial statements and has discussed them with management and the independent public accountants. The Audit Committee has also discussed with the independent public accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) and has received from the independent public accountants the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has further considered whether the independent public accountants' provision of non-audit services to the Company is compatible with the auditors' independence.

In reliance on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report filed with the Securities and Exchange Commission on Form 10-K for the year ended December 31, 2003.

Nominating & Governance Committee

The Nominating & Governance Committee consists of Directors Sudarsky (Chairperson), Jennings and Walton, each of whom meets the independence criteria of the New York Stock Exchange. The Committee met three times in 2003. The Board of Directors has adopted a written charter for the Nominating & Governance Committee, a copy of which is attached as Exhibit B to this proxy statement. The Committee is responsible for, among other things, making recommendations to the Board of Directors with respect to corporate governance policies and reviewing and recommending changes to the Company's corporate governance guidelines that have been adopted by the Board of Directors. The Committee also recommends to the Board of Directors candidates for nomination for election as directors of the Company and appointments of directors as members of the committees of the Board of Directors.

The Nominating & Governance Committee considers candidates for director suggested by stockholders for elections to be held at an annual meeting of stockholders. Stockholders can suggest qualified candidates for director by complying with the advance notification and other requirements of the Company's Bylaws regarding director nominations. Director nomination materials submitted in accordance with the foregoing procedures will be forwarded to the Chairperson of the Nominating & Governance Committee for review and consideration and nominees suggested by stockholders will be evaluated in the same manner, and subject to the same criteria, as other nominees evaluated by the Committee. The Committee also considers candidates for director suggested by its members, other directors and management and may from time to time retain a third-party executive search firm to identify director candidates for the Committee.

Generally, once the Nominating & Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate based on information provided to the Committee with the recommendation of the candidate, as well as the Committee's own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is based primarily on the need for additional directors to fill vacancies or expand the size of the Board of Directors and the likelihood that the candidate can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other directors, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the candidate's background and experience and to report its findings to the Committee. The Committee then evaluates the candidate against the standards and qualifications set out in guidelines for director candidates adopted by the Board of Directors, including the nominee's management, leadership and business experience, skill and diversity, such as financial literacy and knowledge of directorial duties, and integrity and professionalism.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board of Directors, the balance of management and independent directors, the need for particular expertise (such as Audit Committee expertise) and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and, if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors and the Board of Directors determines the nominees after considering the recommendation of the Committee.

Messrs. Klein and Wolf were elected to the Board for the first time during the current term and are standing for their first annual election to the Board of Directors. Messrs. Klein and Wolf were recommended to the Nominating & Governance Committee by Mr. Sudarsky, the Chairman of the Board, who is a non-management director.

7

Compensation Committee

The Compensation Committee consists of Directors Jennings (Chairperson), Solomon and Walton, each of whom meets the independence criteria of the New York Stock Exchange. It held four meetings in 2003. The Compensation Committee has the authority to review and approve salary arrangements, grant annual incentive awards for certain officers and other employees, adopt and amend employment agreements for officers and other employees of the Company, and administer the Company's stock option and other incentive plans.

Compensation Committee Report on Executive Compensation

This Compensation Committee Report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into a filing.

The Compensation Committee is responsible for reviewing and approving the Company's compensation policies and the compensation paid to executive officers. The following is the report of the Compensation Committee to the Board of Directors

describing compensation policies and rationales applicable to the Company's executive officers with respect to compensation paid to such officers for 2003.

Compensation Philosophy. The Company's compensation program is designed to offer executive officers competitive compensation based on the Company's performance, its unique niche, strategy, business model and execution and on the individual's contribution, performance and leadership. The Company's compensation policies are intended to motivate, reward and retain highly qualified executives for long-term strategic management and the enhancement of stockholder value, to support a performance-oriented environment that rewards achievement of specific internal Company goals, and to attract and retain executives whose abilities are critical to the long-term success and competitiveness of the Company.

The three main components in the Company's executive compensation program are:

Base Salary

Incentive Bonus

Stock Incentives

Base Salary. The salaries of Messrs. Marcus, Richardson, Nelson and Ciruzzi are established by their respective employment agreements with the Company and are modified as determined by the Compensation Committee. The salaries of other senior executive officers are determined annually by the Compensation Committee with reference to surveys of salaries paid to executives with similar responsibilities at comparable companies. The peer group for each senior executive officer is composed of executives whose responsibilities are similar in scope and content. In general, the Company seeks to set executive compensation levels that are competitive and take into account the unique niche of the Company as well as reflect its performance.

Incentive Bonus. Annual incentive bonuses for executive officers, if any, are intended to reflect the Compensation Committee's belief that a portion of the annual compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each officer.

8

Stock Incentives. From time to time, the Company grants restricted stock, stock options and other incentives (the "stock incentives"), as appropriate, as long-term incentives to motivate, reward and retain executive officers. The Compensation Committee, which has responsibility for making grants of stock incentives under the Company's Amended and Restated 1997 Stock Award and Incentive Plan (the "1997 Incentive Plan"), believes that stock incentives provide an incentive that focuses the executive's attention on the Company from the perspective of an owner with an equity stake in the business. For example, stock options are granted with an exercise price equal to the fair market value of the Common Stock on the date of grant, which provides value to the recipient only when the price of the Company's stock increases above the exercise price (that is, only to the extent that stockholders as a whole have benefited). Generally, stock options granted to executive officers vest ratably over a three-year period based on the option holder's continuous service with the Company.

Employment Contracts. The Company offers employment contracts to key executives only when it is in the best interest of the Company and its stockholders to attract, motivate and retain such key executives and to ensure continuity and stability of management.

Compensation of Chief Executive Officer and Other Executives. The Compensation Committee increased Mr. Marcus' salary during 2003 by 8.2%. The increase reflected the Compensation Committee's assessment of his performance in light of the Company's performance in the prior fiscal year and Mr. Marcus' service to the Company. Salary increases of the other senior executive officers effected during 2003 ranged from 3.7% to 7.1% and were based on similar considerations, including individual performance, position, tenure, experience, expertise, leadership and competitive data in compensation surveys.

Mr. Marcus and other executive officers in good standing may receive a discretionary annual bonus as determined by the Compensation Committee. In determining the amounts of such bonuses, the Compensation Committee considers the individual performance of each executive and the performance of the Company.

Mr. Marcus, Mr. Richardson and Mr. Nelson are eligible for cash bonuses and restricted stock awards under the Company's long-term compensation cash and stock-based incentive program adopted by the Compensation Committee in 2001. Restricted stock awards paid under

this program are made pursuant to the 1997 Incentive Plan, and are based on performance that occurs over a period of one fiscal year or less.

Section 162(m) Policy. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of their top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, certain limited exceptions to Section 162(m) apply with respect to performance-based compensation. Awards granted under the 1997 Incentive Plan are intended to constitute qualified performance-based compensation. The Company will continue to monitor the applicability of Section 162(m) to its ongoing compensation arrangements. The Company does not expect that amounts of compensation paid to its executive officers will fail to be deductible because of Section 162(m).

Compensation of Directors

The Company currently pays each of its non-employee directors annual compensation of \$20,000 for services to the Company. In addition, each non-employee director receives fees of \$1,000 for each meeting of the Board of Directors, or committee thereof, attended in person and \$500 for each such meeting attended by telephone and is reimbursed for reasonable expenses incurred to attend such meetings. Directors who chair committees receive the following additional annual fees: Board Chairperson, \$10,000; Audit Committee Chairperson, \$10,000; Compensation Committee Chairperson, \$7,500 and Nominating & Governance Committee Chairperson, \$5,000. Non-employee directors are also eligible to receive options to purchase Common Stock and/or awards of restricted stock under the 1997 Incentive Plan as compensation for their services as directors. In December 2003, the Board of Directors approved a restricted stock grant of 1,200 shares of Common Stock to each non-employee director under the 1997 Incentive Plan. The per share fair market value of the Common Stock on the effective date of the grant was \$57.75. These restricted stock awards will vest in full as of January 31, 2005. Officers of the Company who are also directors do not receive any fees or stock option grants for their services as directors.

The Company's Deferred Compensation Plan for Directors (the "Directors DC Plan") established in December 2001 permits non-employee directors to elect to defer receipt of their annual compensation, meeting fees and restricted stock awards. In 2003, a distribution was made to a director under the Directors DC Plan in the form of 708 shares of Common Stock pursuant to the 1997 Incentive Plan. As of December 31, 2003, the Company had not made any other distributions under the Directors DC Plan.

Cash Balance Pension Plan

Under the Alexandria Real Estate Equities, Inc. Cash Balance Plan (the "Pension Plan") effective in 2002, a hypothetical cash balance account is established for each participant for recordkeeping purposes. Each year, a participant's cash balance account is credited with a hypothetical employer contribution and with hypothetical earnings. Hypothetical employer contributions to the Pension Plan for the named executive officers are as follows: Mr. Marcus, the actuarial present value of one-tenth of the Internal Revenue Code Section 415 maximum benefit limit; Mr. Richardson, \$47,000; Mr. Nelson, \$62,000; and Mr. Ciruzzi, \$27,000. The formula for hypothetical employer contributions for Mr. Marcus results in a contribution of \$154,564 for 2003. Hypothetical earnings are credited at a rate, compounded annually, equal to the rate for 30-year U.S. Treasury securities for the December preceding the applicable calendar year. The rate was 4.92% for 2003. Benefits under the Pension Plan are vested at all times and are payable in the form of a lump sum or a single or joint and survivor annuity upon retirement, death, disability, other termination of employment or attainment of age 62.

The estimated total annual pension payable under the Pension Plan in the form of a single life annuity to the named executive officers if they continue to receive hypothetical employer contributions and hypothetical earnings at current rates and retire at age 62 is as follows: Mr. Marcus, \$131,376; Mr. Richardson, \$130,263; Mr. Nelson, \$147,062; and Mr. Ciruzzi, \$93,088. Participants also are entitled to receive their benefits in the form of a lump sum.

Employment Agreements

The Company has employment agreements with each of Messrs. Marcus, Richardson, Nelson and Ciruzzi.

Mr. Marcus' employment agreement provides that he will serve as the Company's Chief Executive Officer through December 31, 2004, with an annual base salary of not less than \$450,000. The employment agreements with each of Messrs. Richardson, Nelson and Ciruzzi provide that they will serve in their current positions with the Company through December 31, 2004. Messrs. Richardson, Nelson and Ciruzzi are currently paid annual base salaries of \$425,000, \$375,000 and \$240,000, respectively, and are eligible to receive discretionary annual bonuses. Each employment agreement provides for automatic one-year extensions until notice is given by the executive or the Company.

Each employment agreement provides that if the Company terminates the executive's employment without Cause or if the executive terminates employment for Good Reason (each as defined in the employment agreements), or, in the case of Mr. Marcus, if he dies or becomes permanently disabled, then the executive would be entitled to receive a severance payment equal to the sum of the executive's base salary for the remaining term of his employment agreement (the "Severance Period"). For each full year remaining in the Severance Period, Mr. Marcus, Mr. Richardson and Mr. Nelson would also be entitled to receive the average of the annual bonuses earned in the two years preceding the date of termination (as defined in the agreements, the "Average Bonus"), but not, in the case of Mr. Marcus, less than 50% of his base salary.

If any of Messrs. Marcus, Richardson, Nelson or Ciruzzi terminates his employment for Good Reason following a Change in Control (as defined in their respective agreements), then he will be entitled to receive a severance payment equal to three times the sum of his base salary, and his Average Bonus. If Mr. Marcus' employment is terminated in connection with a dissolution of the Company under specified circumstances, he will be entitled to receive a severance payment equal to his base salary and Average Bonus for a period of one year following the date of his termination.

If any of Messrs. Marcus, Richardson, Nelson or Ciruzzi is entitled to any severance payment, he will also become fully vested in the awards granted to him under the Company's stock option and incentive compensation plans. Mr. Marcus will also be entitled during the Severance Period to continue to

Edgar Filing: ALEXANDRIA REAL ESTATE EQUITIES INC - Form DEF 14A

participate in the Company's employee welfare and pension benefits plans. If amounts payable to any of the executives are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, the Company must also pay to the executive an amount sufficient to offset the effects of the excise tax.

The agreements with each of Messrs. Marcus, Richardson, Nelson and Ciruzzi also provide that during their terms of employment, and the period, if any, during which they are entitled to receive severance payments, they will not engage in any activity that is competitive with the business of the Company.

On March 26, 2004, Mr. Nelson informed the Company that he would be stepping down from his full-time duties and responsibilities as Chief Financial Officer, Senior Vice President, Treasurer and Secretary, for important personal family reasons, effective October 20, 2004, and will be terminating his employment agreement as of such date. Mr. Nelson intends to continue to work with the Company in the capacity of an independent consultant through at least April 30, 2007.

Deferred Compensation Plans

The Company has in place the Alexandria Real Estate Equities, Inc. 2000 Deferred Compensation Plan (the "DC Plan") and the Alexandria Real Estate Equities, Inc. 2000 Venture Investment Deferred Compensation Plan (the "VI Plan"), both of which are unfunded plans designed to permit compensation deferrals for a select group of the Company's management and highly compensated executives.

Eligibility to participate in the DC Plan is limited to employees of the Company who have annual compensation equal to or exceeding \$125,000 and who fall within a select group of management or highly compensated employees for purposes of the Employee Retirement Income Security Act of 1974 ("ERISA"). As of December 31, 2003, the Company had not paid any amounts under the DC Plan, other than to terminated participants. Participants' deferral amounts under the DC Plan are credited or charged, as the case may be, with the investment performance of mutual funds and other publicly traded securities designated by the participants.

Eligibility to participate in the VI Plan is limited to employees of the Company who have annual compensation equal to or exceeding \$125,000, who qualify as accredited investors under the Securities Act of 1933, as amended, and who fall within a select group of management or highly compensated employees for purposes of ERISA. Participants' deferrals of compensation under the VI Plan are credited or charged, as the case may be based on the performance of certain investments designated by the Company. In 2003, participants' accounts under the VI Plan were credited with gains reflecting the performance of designated investments during the year and participants received a distribution under the VI Plan reflecting their portion of their compensation deferrals deemed invested in those investments. As of December 31, 2003, the Company had not paid any other amounts under the VI Plan, other than to terminated participants who received refunds of their compensation deferrals without any adjustment for gains or losses.

The purpose of the DC Plan and the VI Plan is to attract, motivate and retain selected officers and employees of the Company and any affiliate of the Company that adopts such plans.

PROPOSAL NUMBER TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has appointed Ernst & Young LLP, which has served as the Company's independent public accountants since 1994, to be the Company's independent public accountants for the year ending December 31, 2004. Ernst & Young LLP has advised the Company that it does not have any direct or indirect financial interest in the Company. Representatives of Ernst & Young LLP are expected to attend the annual meeting and will be given the opportunity to make a statement if they choose to do so. They will also be available to respond to appropriate questions.

Before appointing Ernst & Young LLP, the Audit Committee carefully considered Ernst & Young LLP's qualifications, including the firm's performance as independent public accountants for the Company in prior years and its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee also considered whether Ernst & Young LLP's provision of non-audit services to the Company is compatible with that firm's independence from the Company.

Stockholders will be asked at the annual meeting to ratify the appointment of Ernst & Young LLP. If the stockholders ratify the appointment, the Audit Committee may still, in its discretion, appoint a different independent public accounting firm at any time during the year 2004 if it concludes that such a change would be in the best interests of the Company. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider, but not necessarily rescind, the appointment of Ernst & Young LLP.

Audit Committee Pre-Approval Policy

Provisions of the Sarbanes-Oxley Act of 2002 which require Audit Committee pre-approval of all services to be performed by the independent public accountants became effective during the Company's 2003 fiscal year. Since the effectiveness of such provisions, the Audit Committee approved, prior to

Edgar Filing: ALEXANDRIA REAL ESTATE EQUITIES INC - Form DEF 14A

The Audit Committee shall monitor (1) the integrity of the financial statements of the Company, (2) the Company's compliance with legal and regulatory requirements, (3) the qualifications and independence of the Company's independent auditors, and (4) the performance of the Company's internal audit function and independent auditors.

The Audit Committee shall prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

C. Committee Membership

The Audit Committee shall have at least three members. Each member of the Audit Committee shall satisfy the independence, experience and financial expertise requirements of the New York Stock Exchange and applicable law, including Section 10A of the Securities Exchange Act of 1934, as amended by the Sarbanes-Oxley Act of 2002, and the rules promulgated thereunder. Director's fees (including fees for service on committees of the Board of Directors) are the only compensation that an Audit Committee member may receive from the Company.

The Board of Directors shall appoint the members, and shall designate the Chairperson, of the Audit Committee annually, considering the recommendation of the Nominating & Governance Committee. The members of the Audit Committee shall serve until their successors are appointed and qualify. The Board of Directors shall have the power at any time to change the membership of the Audit Committee and to fill vacancies on the Audit Committee with appropriately qualified persons. The Audit Committee shall fix its own rules of procedure, except as expressly provided in this Charter or the by-laws of the Company, or as otherwise provided by law or the rules of the New York Stock Exchange.

D. Committee Authority and Responsibilities

The Audit Committee shall have the sole authority to appoint and terminate the Company's independent auditors, and shall approve in advance all audit engagement fees and terms, and all fees and terms of non-audit engagements with the independent auditors. The Audit Committee may consult with management but shall not delegate this authority, except that pre-approvals of non-audit services may be delegated to one or more members of the Audit Committee. In its capacity as a committee of the Board of Directors, the Audit Committee shall be directly responsible for the compensation and oversight of the work of the Company's independent auditors, including resolution of disagreements between management and the independent auditors regarding financial reporting, for the purpose of preparing or issuing an audit report or performing other audit, review or attest services, and the independent auditors shall report directly to the Audit Committee.

A-1

The Audit Committee shall have the authority to retain independent legal, accounting or other consultants to advise the Committee, to the extent it deems necessary or appropriate, and to conduct or authorize investigations into any matters it determines to be within the scope of its responsibilities.

The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditors and any advisors employed by the Audit Committee pursuant to the authority in this Charter and for ordinary expenses of the Audit Committee necessary or appropriate in carrying out its duties.

The Audit Committee shall meet at least five times each year. The Audit Committee shall meet periodically with management, the internal auditor(s) (or other persons responsible for the internal audit function) and the independent auditors in separate executive sessions in furtherance of its purposes. The Audit Committee may request any officer or employee of the Company or the Company's outside legal counsel or independent auditors to attend meetings of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee.

The Audit Committee shall make regular reports to the Board of Directors. The Audit Committee shall review and assess the adequacy of this Charter annually and shall recommend any proposed changes to the Board of Directors for approval. The Audit Committee shall also review its own performance annually.

In performing its functions, the Audit Committee shall undertake those tasks and responsibilities that, in its judgment, will most effectively implement the purposes of the Audit Committee stated in this Charter. The following are the principal recurring activities that will normally be conducted by the Audit Committee for those purposes:

Edgar Filing: ALEXANDRIA REAL ESTATE EQUITIES INC - Form DEF 14A

Review and discuss with management and the independent auditors the Company's annual audited financial statements, as well as disclosures made under "Management's Discussion and Analysis of Financial Condition and Results of Operations" or other similar disclosures and the matters required to be discussed pursuant to Statement on Auditing Standards No. 61, or other applicable accounting and auditing requirements, and recommend to the Board of Directors whether the audited financial statements presented to the Audit Committee by management and the independent auditors' report thereon should be included in the Company's Annual Report on Form 10-K.

Review and discuss with management and the independent auditors the Company's quarterly financial statements, including disclosures made under "Management's Discussion and Analysis of Financial Condition and Results of Operations" or similar disclosures, and the matters that the independent auditors are required to discuss pursuant to Statement on Auditing Standards No. 71, or other applicable accounting and auditing requirements, prior to the filing of its Form 10-Q, including the results of the independent auditors' review of the quarterly financial statements to the extent applicable.

Review and discuss with management and the independent auditors, as applicable, (a) any significant issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and any significant issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies or the possibility thereof, (b) analyses prepared by management or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP accounting methods or policies on the financial statements, (c) any management letter provided by the independent auditors and any management response to any such letter, (d) the effect of regulatory and accounting initiatives, and of off-balance sheet structures, on the financial statements of the Company, and (e) discuss earnings press releases, including the type and presentation of information to be included in earnings press releases (paying

A-2

particular attention to any use of "pro forma" or "adjusted" non-GAAP information), as well as any financial information and earnings guidance provided to analysts and rating agencies.

Discuss with the independent auditors any problems or differences with management encountered in the course of the audit work, including any disagreements with management or restrictions on the scope of the independent auditors' activities or on access to requested information and management's response thereto, and matters related to the responsibilities, budget and staffing of the Company's internal audit function.

Discuss with management the Company's significant financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.

Obtain and review a report from the independent auditors at least annually regarding (a) the independent auditors' internal quality-control procedures, (b) any material issues raised by the most recent quality-control review, or peer review, of the independent audit firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditors and the Company.

Evaluate the qualifications, performance and independence of the independent auditors.

Establish policies for the Company's hiring of employees or former employees of the independent auditors engaged on the Company's account (recognizing that the Sarbanes-Oxley Act of 2002 does not permit the chief executive officer, controller, chief financial officer, chief accounting officer or any other person serving in an equivalent position to have participated in the Company's audit as an employee of the independent auditors performing the audit during the preceding one-year period).

Establish procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (b) the confidential, anonymous submission by employees

of the Company of concerns regarding questionable accounting or auditing matters.

Review disclosures made by the Company's principal executive officer and principal financial officer regarding compliance with their certification obligations as required under the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder, including the Company's disclosure controls and procedures and internal controls for financial reporting and evaluations thereof.

Review any reports of the independent auditors mandated by, and obtain from the independent auditors any information with respect to illegal acts in accordance with, Section 10A of the Securities Exchange Act of 1934.

The Audit Committee shall develop and recommend for approval to the Board of Directors the Company's Business Integrity Policy and Procedures for Reporting Non-Compliance, and shall have the responsibility to consider and approve any requests for changes or waivers to or of that policy with respect to directors or executive officers of the Company. The Company shall make disclosure of any such change or waiver as required by the New York Stock Exchange and the Securities and Exchange Commission.

E. Limitations of Audit Committee's Roles

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to prepare financial statements, plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and have been in accordance with GAAP and applicable rules and regulations. These are the responsibilities of management and the independent auditors.
