We are holding the Annual Meeting at 10:00 a.m. local time, on Monday, November 7, 2005, at the Renaissance Waverly Hotel, 2450 Galleria Parkway, Atlanta, Georgia 30339, and invite you to attend in person.

We intend to mail this Proxy Statement and a proxy card to shareholders starting on or about September 29, 2005.

VOTING INFORMATION

All shares represented by properly executed proxies received by the Board of Directors pursuant to this solicitation will be voted in accordance with the shareholder's directions specified on the proxy. If no directions have been specified by marking the appropriate places on the accompanying proxy card, the shares will be voted in accordance with the Board's recommendations which are:

FOR the adoption of the 2005 Equity Incentive Plan;

A shareholder signing and returning the accompanying proxy has power to revoke it at any time prior to its exercise by delivering to the Company a later dated proxy or by giving notice to the Company in writing or at the meeting, but without affecting any vote previously taken.

Record Date

You may vote all shares that you owned as of September 14, 2005, which is the record date for the Annual Meeting. On September 14, 2005, we had 7,203,703 common shares outstanding. Each common share is entitled to one (1) vote on each matter properly brought before the Meeting.

Ownership Of Shares

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy

Table of Contents

directly to us, give your voting instructions by telephone or by the Internet, or vote in person at the Annual Meeting. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in street name, and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Regardless of how you hold your shares, we invite you to attend the Annual Meeting.

How To Vote

Your Vote Is Important. We encourage you to vote promptly. Internet and telephone voting is available through 5:00 p.m. Eastern time on Friday, November 4, 2005 for all shares. You may vote in one of the following ways:

By Telephone: If you are located in the U.S., you can vote your shares by calling the toll-free telephone number on your proxy card or, if you are an owner in street name, in the instructions that accompany your proxy materials. You may vote by telephone 24 hours a day. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your votes. If you vote by telephone, you do not need to return your proxy card.

By Internet: You can also vote your shares by the Internet. Your proxy card indicates the website you may access for internet voting. You may vote by the Internet 24 hours a day. As with telephone voting, you will be able to confirm that the system has properly recorded your votes. If you are an owner in street name, please follow the Internet voting instructions that accompany your proxy materials. You may incur telephone and internet access charges if you vote by the Internet.

By Mail: If you are a holder of record, you can vote by marking, dating, and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your shares in street name, please complete and mail the voting instruction card.

At The Annual Meeting: If you vote your shares now it will not limit your right to change your vote at the Annual Meeting if you attend in person. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote your shares at the Meeting.

All shares that have been properly voted and not revoked will be voted at the Meeting. If you sign and return your proxy card without any voting instructions, your shares will be voted as the Board of Directors recommends.

Revocation Of Proxies: You can revoke your proxy at any time before your shares are voted if you (1) submit a written revocation to our Secretary; (2) submit a later-dated proxy (or voting instructions if you hold shares in street name), (3) provide subsequent telephone or internet voting instructions or (4) vote in person at the Meeting.

Quorum And Required Vote

Quorum: We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the shares that shareholders are entitled to vote are present at the Meeting, either in person or by proxy.

Votes Required For Proposals: To elect directors and adopt the other proposals, the following proportion of votes is required:

To elect the Directors, a plurality of the votes cast.

To adopt the 2005 Equity Incentive Plan, a majority of the votes cast.

Table of Contents

Routine And Non-Routine Proposals: American Stock Exchange rules determine whether proposals presented at the shareholder meetings are routine or not routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner.

If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is not routine and the owner does not provide any instructions.

The American Stock Exchange has informed us that the election of directors is a routine item. The American Stock Exchange has also informed us that the proposal to adopt the 2005 Equity Incentive Plan is a non-routine item which requires a majority of votes cast.

How We Count Votes: In determining whether we have a quorum, we count abstentions and broker non-votes as present and entitled to vote.

In counting votes on the proposals:

We do not count abstentions or broker non-votes, if any, as votes cast for the election of Directors, but we do count votes withheld for one or more nominees as votes cast.

Under our Code of Regulations, all matters, other than the election of directors, are determined by the holders of a majority of the voting shares held by shareholders present in person or by proxy at the time of the meeting, except where a different proportion is required by law. Accordingly, we count abstentions as votes cast on our proposal to approve the new equity incentive plan. We do not count broker non-votes, if any, as votes cast on this proposal. Because the proposal to adopt the 2005 Equity Incentive Plan requires the approval of a majority of the votes cast, abstentions will have the effect of a no vote, but broker non-votes will not have any impact on the outcome of this proposal.

CORPORATE GOVERNANCE

Our business is managed by the Company's employees under the direction and oversight of the Board of Directors. Except for Mr. Thornton, none of our Board members is an employee of the Company. The Board limits membership on the Audit Committee and Executive Compensation Committee (referred to in this proxy statement as the *Compensation Committee*) to independent non-management directors. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices and hospitals and their participation in Board and Board committee meetings.

The Board of Directors has adopted charters for the Board committees, resolutions governing the process for identification and nomination of candidates for the Board, and the Company's code of ethics (the SunLink Health Systems, Inc. Code of Conduct) for employees, including our principal executive officer, principal financial officer and principal accounting officer. These documents, together with the Company's Articles of Incorporation and Code of Regulations, provide the framework for the governance of the Company.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

A complete copy of the charters of the Board committees, the resolutions governing the process for identification and nomination of candidates for the Board, and the Code of Conduct for employees may be found on the Company's website at <http://www.sunlinkhealth.com>. Copies of these materials also are available to shareholders without charge upon written request to the Secretary of the Company.

Summary of the Corporate Governance Principles

Independence

A majority of the Board of Directors is required to consist of independent, non-management directors who meet the criteria for independence required by the American Stock Exchange. Under such rules, a director is independent if he or she does not have a material relationship with the Company.

Table of Contents

The Board of Directors has determined that as of September 14, 2005, six (6) of the Company's seven (7) incumbent directors are independent under these guidelines: Ms. Brenner and Messrs. Baileys, Burleson, Ford, Hall and Turner. Mr. Thornton, as a management director, also participates in the Board's activities and provides valuable insights and advice.

The non-management directors meet periodically in executive session without the Chief Executive Officer present.

The executive sessions of non-management directors are presided over by the director who is the chairman of the committee responsible for the issue being discussed. General discussions, such as the review of the Company's overall performance, are presided over by a director elected by a majority of the non-management directors.

Non-management directors have access to individual members of management or to other employees of the Company on a confidential basis. Directors also have access to Company records and files, and directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

Business Combinations

In the event SunLink receives any formal written offer(s) to purchase more than 20% of SunLink's outstanding common stock, such proposal is required to be evaluated by the Board of Directors, who may delegate the evaluation of such offer to a committee of the Board of Directors (which may be its Executive Committee), so long as such committee is comprised of a majority of independent directors. Such committee will be empowered to retain such legal and financial advisors as it may deem necessary to advise it and the Board in respect of such offer(s).

In the event of any proposed business combination involving SunLink, the Compensation Committee is authorized to retain an independent financial advisor to evaluate and make recommendations to the Compensation Committee concerning any severance package proposed for any of SunLink's officers or Board members in connection with any proposed business combination and the financial effect thereof.

Director Share Ownership

The Company believes that each director should have a personal investment in the Company. Each outside director (or future outside director, as the case may be) is required to own at least one thousand (1,000) shares of SunLink common stock. Each outside director (or future outside director, as the case may be) must maintain ownership of such number of common shares until such outside director ceases to serve as a member of the Board.

Annual Meeting Attendance

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

The Board of Directors encourages all its members to attend the Annual Meeting of Shareholders. In November 2004, all director nominees and all continuing directors were present at the Annual Meeting of Shareholders.

Communicating with Directors

The Board of Directors has provided a means by which shareholders may send communications to the Board or to individual members of the Board. Such communications, whether by letter, e-mail or telephone, should be directed to the Secretary of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary or his designee, may not be forwarded to the directors.

Table of Contents

If a shareholder wishes to communicate to the Chairman of the Audit Committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern likewise should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the shareholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary.

The Company's whistleblower policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Office of the Technical and Compliance Services at the Company's headquarters or by telephone at 1-866-244-5952. The Vice President for such services or his designee will refer the concern to the Compliance Committee (a committee composed of Board and non-Board members and chaired by Ms. Brenner), or if appropriate, the Chairman of the Audit Committee who will assure that the matter is properly investigated.

ITEMS TO BE VOTED ON BY SHAREHOLDERS**Item 1 Election of Directors**

The Company's Board of Directors is presently comprised of seven members. One class of Directors is normally elected at each Annual Meeting of Shareholders for a term of two years. At the 2005 Annual Meeting, shareholders will elect four directors who will hold office until the Annual Meeting of Shareholders in 2007. The Board of Directors has nominated Robert M. Thornton, Jr., Chairman, Dr. Steven J. Baileys, Michael W. Hall and Gene E. Burleson, who are presently directors of the Company, for election to terms of office of two years.

It is the intention of the proxy agents named in the proxy, unless otherwise directed, to vote such proxy for the election of Robert M. Thornton, Jr., Chairman, Dr. Steven J. Baileys, Michael W. Hall and Gene E. Burleson. Should any of such nominees be unable to accept the office of director, an eventuality which is not anticipated, proxies may be voted with discretionary authority for a substitute nominee or nominees designated by the Board of Directors.

The following table sets forth certain information about the nominees for election and the directors whose terms of office will continue after the meeting.

Nomination Procedures

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

The Board does not have a nominating committee but has adopted a nominating resolution which provides that the Company believes it to be in its best interest and the best interest of its shareholders to authorize the entire Board to identify and nominate directors to serve on the Company's Board so long as, pursuant to American Stock Exchange rules, director nominees so selected are approved by a majority of the independent directors and, when vacancies occur on the Board, the Board shall actively seek individuals qualified to become Board members based on business experience, professional expertise, industry experience, and geographic representation. Shareholders who wish to submit nominees for election at an annual or special meeting of shareholders should follow the procedure generally described beginning on page 32 and more particularly, in the Company's Code of Regulations. The Board of Directors applies the same standards in considering candidates submitted by shareholders as it does in evaluating candidates submitted by members of the Board of Directors. The Board does not have a separate policy with regard to the consideration of candidates recommended by shareholders other than the process provided in the nominating resolution.

Table of Contents**COMPENSATION OF DIRECTORS**

Cash Compensation. The Company Board typically evaluates director compensation on an annual basis with charges typically implemented on a twelve month cycle. The following table shows the effective or proposed effective date for director's compensation for the periods indicated, including monthly fees for services as a director, fees for attendance at a meeting of the Board of Directors, fees for attending an Audit Committee, Compensation Committee or Executive Committee meeting, fees for participating in telephone meetings, additional monthly fees for service on the Audit Committee, and the additional monthly fees paid to committee chairmen. We also reimburse customary expenses for attending Board, committee, and shareholder meetings.

⁵ Where attendance is via a telephonic meeting rather than in person, Board meeting fees are paid at a reduced rate.

Non-Cash Compensation. Each non-employee director currently is eligible to participate in the Company's 2001 Outside Directors' Stock Ownership and Stock Option Plan and will be eligible to participate in the 2005 Equity Incentive Plan, if such plan is approved by the Company's shareholders. In December 2003, each of the Company's non-employee directors was granted options to purchase 6,250 shares of SunLink's common stock at an exercise price of \$2.90 per share. One-third of such options vest each year, beginning with the date of the grant. Upon the adoption of the new Equity Incentive Plan, we anticipate that we will award equity compensation to non-employee directors with an estimated value for 2005 of \$20,000 per year. If such award is made in the form of stock options, the Board expects the number of options to be derived from a Black-Scholes or other similar valuation. Based on a preliminary Black-Scholes valuation assuming a \$9 per share market price and a 10 year option term, the Board anticipates that non-employee directors will receive a grant of options to purchase approximately 5,200 shares.

Management Directors. We do not pay directors who are also our employees any additional compensation for serving as a director other than customary reimbursement of expenses.

Item 2 Approval of 2005 Equity Incentive Plan

General.

The Company's stockholders are being asked to approve the adoption of the SunLink 2005 Equity Incentive Plan (the *Plan*), which will be adopted if approved by the shareholders. The Board of Directors, through its Compensation Committee composed entirely of independent, outside directors, unanimously has recommended the adoption of the proposed Plan.

Table of Contents

The Company believes equity compensation aligns the interests of employees, non-employee directors and service providers with the interests of its other shareholders. The Company currently provides for the award of stock options to key employees through the Company's 2001 Stock Option Plan (the "2001 Employee Plan") and for the award of stock options to non-employee directors through its 2001 Outside Directors' Stock Option and Stock Ownership Plan (the "2001 Directors' Plan"). We refer to the 2001 Employee Plan and the 2001 Directors' Plan collectively as the "2001 Plans" in this Proxy Statement. Other forms of equity compensation cannot be granted under the 2001 Plans. The Company believes that the continuation and expansion of its equity compensation program is essential in attracting, retaining and motivating employees and non-employee directors, and will give it additional flexibility to motivate consultants and advisors to the Company. The Plan will allow for such expanded use of equity compensation. The Plan will be administered by a committee which initially will be the Compensation Committee unless the Board of Directors otherwise provides.

Board Analysis of the Plan and Basis For Shares Authorized Thereunder and Recommendation For Approval

The Board of Directors believes that it is in the best interest of the Company's shareholders to adopt the Plan in order to continue to provide eligible participants with an opportunity to acquire an equity interest in the Company.

The Plan is intended to accomplish five major objectives:

- (1) attracting and retaining officers and employees of the Company and its Subsidiaries;
- (2) motivating such individuals by means of time and performance-related incentives to achieve Company performance goals and increased shareholder value;
- (3) enabling such individuals to participate in the growth and financial success of the Company;
- (4) encouraging ownership of stock in the Company by such individuals; and
- (5) linking compensation to the interests of shareholders.

The Plan also is intended to accomplish similar goals with respect to the Company's non-employee directors.

As of June 30, 2005, SunLink only had 35,550 shares available for future grants under its 2001 Plans. Accordingly, the Compensation Committee concluded it would be advisable to seek shareholder approval of a new, more flexible, Plan to succeed the 2001 Plans. If the 2005 Plan is approved the authority to grant new awards under the 2001 Plans will be terminated and any unused shares thereunder will also be available for issuance under the new Plan.

The Compensation Committee then considered the appropriate size for a new plan.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

In evaluating a potential new plan, the Compensation Committee considered the Company's *overhang* (shares issued and reserved for future issuance as a percent of common shares outstanding) and *run rates* (annual shares granted as a percent of common shares outstanding). However, it did not consider any quantitative data with respect thereto because it believed there were no directly comparable companies of both similar size and industry to the Company. The Compensation Committee noted that other publicly traded community hospital companies are substantially larger than SunLink. Similarly, the Compensation Committee concluded that SunLink's historical run rate was not material to its analysis because the Company has made equity awards to only three of the five Named Executive Officers in the past three fiscal years; no awards to the Company's Chief Executive Officer or its Chief Financial Officer in the past three fiscal years and awards to only one of its Named Executive Officers in the past two fiscal years.

The Compensation Committee was aware that a number of institutional investors and their advisors suggest that companies request authority under their equity plans which is sufficient only enough to fund up to three years of grants. Based in part on management's recommendations, the Compensation Committee concluded that

Table of Contents

SunLink would require approximately 200,000 shares (based on restricted stock awards) to 700,000 shares (based on option awards) over the next three years for its employees and approximately 20,000 (based on restricted stock awards) to 100,000 shares (based on option grants) for non-employee directors over the same period. The majority of the Company's outstanding options were awarded prior to June 30, 2001 and 232,500 options have been awarded in the last three fiscal years, of which only 36,000 were awarded to the Company's Named Executive Officers.

The Compensation Committee concluded that a request for up to an aggregate of 800,000 new shares under the Plan would be reasonable and should be acceptable to the Company's shareholders. Approval of the Plan would result in an overhang of approximately 11.1% based solely on new shares authorized under the Plan. Based on the new shares to be authorized under the Plan, together outstanding options issued in the last three fiscal years plus approximately 35,550 remaining shares available under the 2001 Employee Plan for new awards (for which authority would carry over to the Plan) would result in an overhang of approximately 14.8%. The maximum overhang based on the 800,000 new shares to be authorized under the Plan and the approximately 35,550 remaining shares available under the 2001 Employee Plan for new awards plus the shares which are issuable upon the exercise of the Company's outstanding stock options, regardless of when such options were awarded, would be approximately 20.1%. Of the Company's 836,900 outstanding stock options, 500,000 are held by the Company's Named Executive Officers.

Employee participants under the Plan may include not only the named executive officers of the Company but also may include other officers or employees of the Company or any of its subsidiaries who meet the definition of an eligible employee and who are, in the judgment of the Compensation Committee, contributing significantly to the success and growth of the Company.

Under the Plan, SunLink would reserve 800,000 shares of the Company's no par value common shares. We anticipate that the Plan will provide sufficient shares to fund awards for at least three years and will provide multiple award vehicles including incentive and non-qualified option awards, performance contingent restricted stock, and time-vesting-based restricted stock. The Plan provides the ability to have a strong pay and performance linkage. Future incentive awards for employees may be tied to performance-contingent vesting and/or performance-accelerated vesting. Awards may vest ratably over time or all or substantially all at once pursuant to cliff vesting provisions.

The Board and the Compensation Committee are committed to employee stock ownership by the Company's executive officers and non-employee directors. The Chief Executive Officer and the other named executive officers have significant equity ownership and the Plan continues the stock ownership requirements of the 2001 Directors' Plan which requires non-employee directors to own at least 1,000 shares of the Company's common stock. The time-vesting-based restricted stock awards authorized under the Plan further emphasize long-term equity ownership. The Board and the Compensation Committee will continue to monitor ownership levels and may consider additional ownership guidelines or mandatory holding periods in the future if deemed necessary.

Under the Company's 2001 Employee Plan, as of June 30, 2005, approximately 774,450 outstanding stock options have been awarded to employees, of which 486,000 outstanding stock options have been awarded to the Company's Named Executive Officers. The Compensation Committee presently intends to also award stock options in 2005 under the Plan and is evaluating whether to award restricted shares (which may be performance-based restricted shares) in lieu of, or in combination with, an award of stock options to employee participants. If restricted shares are awarded, one restricted share is expected to be issued for each four stock options that otherwise would be issued to Participants in the Plan. The Board of Directors also intends to grant to each non-employee director annual awards in the form of options to purchase shares of the Company's common stock. Such awards are expected to vest at the end of the fiscal year in which they are awarded although the Board may require minimum terms of service for any awards to new non-employee directors. See "Compensation of Directors" for a discussion of the option awards expected to be made for 2005.

The Board of Directors adopted the Plan, subject to the approval of the Company's shareholders. The Board of Directors believes that it is desirable to continue the Company's equity compensation program and increase the Compensation Committee's choices under the Plan, and

recommends that shareholders vote FOR approval of the Plan. The Plan will become effective upon approval by the Company's shareholders.

Table of Contents

The following is a brief summary of the material provisions of the Plan, which summary is qualified in its entirety by reference to the copy of the Plan, attached to this Proxy Statement as Appendix A.

Summary of the Plan

The Plan provides for equity compensation awards in the form of stock options, restricted stock, dividend equivalent rights, and performance awards (collectively, *Awards*) to eligible employees, non-employee directors, consultants or advisors of the Company or a subsidiary thereof. As of August 31, 2005, there are five executive officers, thirty management personnel, approximately 1,171 other employees and six non-employee directors who are eligible to receive Awards under the Plan.

Common Shares Available under the Plan

The Plan authorizes up to 800,000 common shares for grants of Awards, 700,000 of which shares may be actually issued or transferred upon the exercise of Incentive Stock Options, but only 200,000 of which may be issued as restricted stock. The common shares offered under the Plan may be issued from authorized, but unissued shares, treasury shares or any combination thereof. To the extent that any Award based on common shares expires or terminates without having been exercised in full, is forfeited or is settled in cash, the common shares subject to that Award will be available for other Awards. Also, to the extent that an option is exercised by tendering common shares as payment of the exercise price and/or required tax withholding, the maximum number of shares available under the Plan will be increased by the number of shares so tendered.

The Plan provides that the maximum number of common shares with respect to which Options or performance-based Awards may be granted to any single participant in any calendar year may not exceed 200,000 shares. The amount that any single participant may receive in any calendar year for performance units settled in cash may not exceed \$1,000,000.

Fair market value under the Plan is generally equal to the closing sales price at which common shares of the Company were traded on the American Stock Exchange (or other principal exchange on which the common shares are listed) on the relevant date (or if there were no reported sales on that date, on the most recent date on which sales were reported). As of September 21, 2005, the closing sales price of a common share of the Company on the American Stock Exchange was \$8.13.

Plan Administration

The Plan will be administered by the Compensation Committee or other committee specified by the Board, which will consist solely of not less than two Non-Employee Directors, all of whom shall (1) satisfy the requirements of Rule 16b-3(b)(3) of the Exchange Act; (2) be outside directors within the meaning of Section 162(m) of the Internal Revenue Code (the *Code*); and (3) otherwise meet any independence requirements promulgated by any stock exchange on which the shares are listed except that in the case of awards to non-employee directors the Plan generally will be administered by the full Board. The members of the Compensation Committee are appointed by and serve at the pleasure of the Board. Furthermore, the Board retains the right to make Awards under the Plan.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

The Compensation Committee has the authority, among other things, to select the individuals, to whom, and the time or times at which, Awards will be granted, the type of Awards to be granted, the number of common shares to be subject to each grant, the terms and conditions of each Award, and the duration of leaves of absence which may be granted to participants without constituting a termination of their employment for purposes of the Plan.

The Compensation Committee cannot make any adjustment or amendment (other than in connection with a stock dividend, recapitalization or other transaction where an adjustment is permitted or required under the terms of the Plan) where the adjustment or amendment would reduce or have the effect of reducing the exercise price of an option previously granted under the Plan, whether through amendment, cancellation, replacement grants or other means, unless the Company's shareholders have approved the adjustment or amendment.

Awards under the Plan

Stock Options

The Plan provides both for incentive stock options as defined under Section 422 of the Code (*ISOs*) and non-qualified stock options (*Non-Qualified Options*) (collectively, *Options*) Non-Employee Directors are not eligible to receive awards of ISOs. In general, the Plan provides that the purchase price for all common shares covered by each Option granted cannot be less than 100% of the fair market value of the common shares on the date of grant. In the case of any ISO granted to an individual who, on the effective date of grant, owns shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or any subsidiary of the Company (a *10% Shareholder*), the exercise price per share must be at least 110% of the fair market value of the common shares on the date of grant.

The purchase price for common shares covered by an Option must be paid in full at the time of exercise of the Option by cash or cash equivalents or, subject to certain limitations, by the delivery of common shares of the Company having a fair market value on the date of exercise equal to the exercise price or by a combination thereof.

Notwithstanding the designation of an Option as an ISO, to the extent that the aggregate fair market value (determined as of the date the ISOs are granted) of the common shares with respect to which ISOs are exercisable for the first time by the optionee during any calendar year under all stock option plans maintained by the Company exceeds \$100,000, such Options will be treated as Non-Qualified Options.

The Compensation Committee has the authority to determine the term of an Option, up to a maximum of 10 years (5 years in the case of an ISO granted to a 10% Shareholder), and each Option will be exercisable as determined by the Compensation Committee. The Compensation Committee may accelerate the exercisability of an Option at any time.

Restricted Stock

The Plan provides for Awards of restricted stock, which will contain such restrictions, terms and conditions as the Compensation Committee shall determine. Unless the Compensation Committee determines otherwise, the grantee of an Award of restricted stock will have the right to vote the shares and to receive all dividends and other distributions on the shares prior to vesting. Unless the Compensation Committee determines otherwise, the shares of restricted stock will be forfeited by the grantee if the grantee ceases to be employed by the Company or one of its subsidiaries prior to the end of the applicable restriction period.

Performance-Based Awards

Unless, and except to the extent that the Compensation Committee determines otherwise, each Option, and performance-based restricted stock award granted under the Plan is intended to constitute performance-based compensation within the meaning of Code Section 162(m)(4)(c) and the regulations thereunder. The Compensation Committee will not be entitled to exercise any discretion otherwise authorized under the Plan with respect to Awards intended to constitute performance-based compensation (within the meaning of such Code Section) if the ability to exercise or

the exercise of the discretion would (1) cause the compensation attributable to the Awards to fail to qualify as performance-based compensation, and (2) result in the taxability of those awards as compensation in excess of the \$1 million limitation under Code Section 162(m).

Dividend Equivalent Rights

Dividend equivalent rights may be granted in conjunction with an Award of restricted stock. Grantees of dividend equivalent rights will be entitled to receive payments in single or multiple installments, as determined by the Compensation Committee, equivalent to all or some portion of the cash dividends payable with respect to common shares (as specified in the applicable Award agreement). Payments may be made in cash, common shares, other securities or other property or a combination thereof. Amounts payable in respect of dividend equivalent rights may be payable currently or, if so determined by the Compensation Committee and subject to

Table of Contents

Code Section 409A, deferred until the lapsing of restrictions on the dividend equivalent rights or until the vesting, exercise, payment, settlement or other lapse of restrictions on the Award to which the dividend equivalent rights relate. If the amounts payable are deferred, the Compensation Committee will determine whether the deferred amounts are to be held in cash, reinvested in shares or, if the dividend equivalents are credited in connection with a Performance Award, credited as additional Performance Awards and paid if and when the underlying Award is paid.

Deferral of Payments or Vesting

Although the Compensation Committee may provide for the deferral of the issuance or vesting in common shares or the payment of cash in respect of an Award granted under the Plan, its practical ability to do so will be significantly limited as a result of Code Section 409A. The terms of any such deferral will be set forth in the applicable Award agreement.

Amendment and Termination

The Board of Directors may amend or terminate the Plan at any time, subject to the requirements of applicable law and applicable securities exchange regulations; provided that, without shareholder approval, the Board may not increase the maximum number of shares available for issuance under the Plan (other than an increase resulting from a change in capitalization) or change the class of employees eligible to receive ISOs. However, the Board generally cannot make any change in the Awards that will impair the rights of the grantee therein without the consent of the grantee.

New Plan Benefits

The number and type of Awards that will be granted under the Plan presently are not determinable because the Board or the Compensation Committee, as applicable, will make these determinations in their respective sole discretion.

Change in Control

At the discretion of the Board or the Compensation Committee, any Award may provide for immediate vesting or lapse of all restrictions in the event of a Change in Control (as defined in the Plan). The Compensation Committee anticipates that most Awards to eligible employees will contain such provisions and the Board anticipates that most Awards to Non-Employee Directors will likewise contain such provisions.

Adjustments

The Plan provides that the Compensation Committee will determine the appropriate adjustments, if any, to outstanding Awards and the shares available for future Awards in connection with a reclassification, recapitalization, stock dividend, stock split, reverse stock split, combination or reclassification of shares, or other unusual or non-recurring event affecting the Company or any of its subsidiaries or its other financial condition

(such as a merger, spin-off or other change in corporate structure).

Transferability

Awards granted under the Plan have transfer restrictions as provided for in the Plan. Certain restricted stock awards and Non-Qualified Options, at the discretion of the Committee, may be transferred to or for the benefit of a participant's immediate family, but ISOs may be transferred only by will or the laws of descent and distribution. The other Awards granted under the Plan are generally non-transferable.

Termination of Employment

The Committee has the full power and authority to determine the terms and conditions that apply to any Award upon a termination of employment or other service and will provide such terms in the applicable Award Agreement.

Table of Contents

Share Ownership Requirements Applicable to Non-Employee Directors.

Subject to any trading restrictions imposed by applicable securities laws, as of the later to occur of (i) the date on which the 2005 Directors Plan is approved by the stockholders of the Company, or (ii) the date on which an individual later elected as a Non-Employee Director is nominated for election, each Non-Employee Director (or future Non-Employee Director, as the case may be) shall be required to own one thousand (1,000) shares of the Company's common shares. This requirement is a continuation of the ownership requirement contained in the 2001 Directors Plan.

Tax Withholding

If a participant recognizes taxable income in connection with the receipt of common shares or cash under the Plan, the participant may be required to pay to the Company or its applicable subsidiary the foreign, federal, state and local taxes and other amounts required from any compensation payable to the participant (including under any Award) to be withheld by the Company in connection with such receipt prior to the issuance of the shares or payment of the cash. The Company is authorized to withhold from any compensation payable to the participant (including under any Award) cash or a portion of the common shares issuable with a fair market value equal to the amount of withholding taxes in satisfaction of the obligation to pay the minimum withholding taxes.

Federal Income Tax Consequences

Based on current provisions of the Code and the existing regulations thereunder, the anticipated U.S. federal income tax consequences in respect of Options and Restricted Stock granted under the Plan are as described below. The following discussion is not intended to be a complete statement of applicable law and is based on the U.S. federal income tax laws as in effect on the date of this proxy statement.

ISOs

All incentive stock options granted or to be granted under the Plan are intended to be incentive stock options as defined in Section 422 of the Code. An optionee who is granted an ISO does not recognize taxable income either on the date of grant or on the date of exercise. The exercise of an ISO may result in alternative minimum taxable income liability in the year of exercise.

Upon disposition of common shares acquired from the exercise of an ISO, if the optionee has held the shares for the required holding period (two years from the date the option was granted and one year from the date of the transfer of the shares to the optionee) long-term capital gain or loss is generally recognized in an amount equal to the difference between the amount realized on the sale or disposition and the exercise price. However, if the optionee disposes of the common shares within two years of the date of grant or within one year of the date of the transfer of the common shares to the optionee (a *Disqualifying Disposition*), then the optionee will recognize ordinary income, as opposed to capital gain, at the time of disposition. In general, the amount of ordinary income recognized will be equal to the lesser of (a) the amount of gain realized on the disposition, or (b) the difference between the fair market value of the common shares received on the date of exercise and the exercise price. Any remaining gain or loss is treated as a short-term or long-term capital gain or loss, depending on the period of time the common shares have been held. The Company is not entitled to a tax deduction upon either the exercise of an ISO or the disposition of common shares acquired pursuant to the exercise of an ISO, except to the extent that the optionee recognizes ordinary income in a Disqualifying Disposition.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

The Plan permits a participant to pay all or part of the purchase price for common shares acquired pursuant to exercise of an ISO by transferring to the Company other shares of the Company common stock owned by the participant, and Code Section 422 provides that an option will continue to be treated as an incentive stock option if it is exercised in such manner. Upon the exchange, and except as otherwise described herein, no gain or loss is recognized by the participant upon delivering previously acquired common shares to the Company as payment of the exercise price. The common shares received by the participant, equal in number to the previously acquired common shares exchanged therefor, will have the same basis and holding period for long-term capital gain purposes as the previously acquired common shares. The participant, however, will not be able to utilize the prior

Table of Contents

holding period for the purpose of satisfying the ISO statutory holding period requirements. Common shares received by the participant in excess of the number of previously acquired common shares will have a basis of zero (plus, in the case of payment of the purchase price in a combination of cash and surrendered shares, the amount of any cash paid) and a holding period which commences as of the date the common shares are transferred to the optionee upon exercise of the ISO. If the exercise of any ISO is effected using common shares previously acquired through the exercise of an ISO, the exchange of the previously acquired common shares will be considered a disposition of the common shares for the purpose of determining whether a Disqualifying Disposition has occurred and, thus, whether ordinary income will be recognized. In such case, the participant's basis in the number of new common shares so acquired that is equal to the number of common shares surrendered will be equal to the participant's cost basis in the common shares surrendered plus the amount of ordinary income, if any, recognized. The participant's basis in the additional number of new common shares received will be zero plus, in the case of payment of the purchase price in a combination of cash and surrendered common shares, the amount of any cash paid. However, the incentive stock option stock acquired through the exchange of statutory option stock will still qualify for favorable tax treatment under Code Section 422.

In general, an option granted under the Plan that is designated as an ISO will be taxed as described above. However, in some circumstances an option that is designated as an ISO will be treated as a Non-Qualified Option and the holder taxed accordingly. For example, a change in the terms of an option that gives the employee additional benefits may be treated as the grant of a new option. Unless all the criteria for treatment as an ISO are met on the date the new option is considered granted (such as the requirement that the exercise price of the option be not less than the fair market value of the stock as of the date of the grant), the option will be treated and taxed as a Non-Qualified Option. In addition, the aggregate fair market value (determined at the time the option was granted) of the shares with respect to which ISOs granted under the Plan are exercisable for the first time by a participant during any calendar year may not exceed \$100,000. Any excess over such amount will be deemed to be related to and part of a Non-Qualified Option.

Non-Qualified Options

All options granted under the Plan that do not qualify as ISOs are Non-Qualified Options which are not entitled to special tax treatment under Code Section 422.

A participant receiving a Non-Qualified Option does not recognize taxable income on the date of grant of the Non-Qualified Option, provided that the Non-Qualified Option does not have a readily ascertainable fair market value at the time it is granted. In general, the participant must recognize ordinary income at the time of exercise of the Non-Qualified Option in the amount of the difference between the fair market value of the common shares of the Company on the date of exercise and the option price. The ordinary income recognized will constitute compensation for which tax withholding generally will be required. The amount of ordinary income recognized by a participant will be deductible by the Company in the year that the participant recognizes the income if the Company complies with the applicable information reporting requirements.

Common shares acquired upon the exercise of a Non-Qualified Option will have a tax basis equal to their fair market value on the exercise date or other relevant date on which ordinary income is recognized, and the holding period for the common shares generally will begin on the date of exercise or such other relevant date. Upon subsequent disposition of the common shares, the participant will recognize long-term capital gain or loss if the participant has held the common shares for more than one year prior to disposition, or short-term capital gain or loss if the participant has held the common shares for one year or less.

If a participant pays the exercise price, in whole or in part, with previously acquired common shares, the participant will recognize ordinary income in the amount by which the fair market value of the common shares received exceeds the exercise price. The participant will not recognize gain or loss upon delivering the previously acquired common shares to the Company. Common shares received by a participant, equal in number to the previously acquired common shares exchanged therefor, will have the same basis and holding period for long-term capital gain purposes as the previously acquired common shares. Common shares received by a participant

Table of Contents

in excess of the number of such previously acquired common shares will have a basis equal to the amount of ordinary compensation income recognized as the result of the exercise of the option plus, in the case of payment of the purchase price in a combination of cash and surrendered shares, the amount of any cash paid. The holding period for the additional common shares will commence as of the date of exercise or such other relevant date.

Tax Treatment Upon a Change in Control

If Options under the Plan vest or are paid on an accelerated basis upon a Change in Control, some or all of the value of that acceleration may be considered an excess parachute payment under Section 280G of the Code, which would result in the imposition of a 20% federal excise tax on the recipient of the excess parachute payment and a loss of the Company's deduction for the excess parachute payments.

Restricted Stock

Generally, and except as noted below, the grant of restricted stock is not taxable at the time of the grant. Instead, when vesting based restricted stock vests or becomes transferable free of a substantial risk of forfeiture, a participant will recognize ordinary income equal to (i) the excess of the fair market value of such restricted stock on the date the shares vest or become transferable over (ii) the price, if any, paid for such restricted stock. A participant may, however, elect to recognize income as of the date of grant of the restricted stock in an amount equal to (i) the excess of the fair market value of the restricted stock on the date of grant over (ii) the price, if any, paid for the restricted stock (*Section 83(b) Election*). If such a Section 83(b) Election is made, no additional income will be recognized at the time the stock vests or becomes transferable. In the event of a subsequent forfeiture of the shares, a participant making such an election may be able to recognize a capital loss with respect to the amount, if any, paid for such restricted stock, but only to the extent such amount exceeds the amount realized by such employee on such forfeiture. The participant will not be able to recognize a loss for tax purposes with respect to the excess of the fair market value over the purchase price that was previously included in income. Dividends paid on the shares of restricted stock before they vest will be taxed to the participant either as additional compensation or, if the participant has made a Section 83(b) Election, as dividend income. The basis in common shares, if any, so acquired, will be equal to the fair market value of the shares on the participant's income recognition date, and the holding period for determining gains and losses on a subsequent disposition of such shares will begin on such date.

Dividend Equivalent Rights

Dividends or cash, common shares, other securities or other property received in lieu of a dividend will be taxed to the participant as compensation income, unless, as discussed above, the dividend or dividend equivalent right is received with respect to restricted stock for which the participant has made a Section 83(b) Election.

Performance Based Compensation

Section 162(m) of the Code disallows a federal income tax deduction for certain compensation in excess of \$1 million per year paid to each of the Company's chief executive officer and its four other most highly compensated executive officers. Compensation that qualifies as performance-based compensation is not subject to the \$1 million limit. It is anticipated that, in general, the Committee will operate the Plan in a manner designed to avoid loss of the Company's tax deduction relating to Options and performance based Awards because of Code Section 162(m).

Vote Required

The affirmative vote of the holders of a majority of the common shares that are voted on the proposal to approve the Plan is necessary to approve the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE PROPOSAL TO ADOPT THE 2005 EQUITY INCENTIVE PLAN

Unless otherwise indicated, the persons named in the proxy will vote all proxies in favor of the proposal to adopt the Plan.

EXECUTIVE COMPENSATION

Committee Report On Executive Compensation

Overview

The Compensation Committee of the Board of Directors currently is comprised of three directors, each of whom is independent under the applicable rules of the American Stock Exchange. During the fiscal year ended June 30, 2005, the Board ratified all compensation decisions and approved all compensation recommendations made by the Compensation Committee.

The goal of the Compensation Committee has been to adopt a compensation approach that is basically simple, internally equitable and externally competitive, and that attracts, motivates and retains qualified people capable of contributing to the growth, success and profitability of the Corporation, thereby contributing to long-term shareholder value.

The Compensation Committee has determined that competitive considerations merit the use of employment contracts for senior executive management. In March 2005, the Company entered into amendments to existing employment agreements with Messrs. Thornton, Morris and Alvis to extend the term of such agreements to June 30, 2006. The existing employment agreements for Messrs. Orth and Stockslager are terminable at any time subject to severance pay provisions described elsewhere in this proxy statement. Each of the Company's executive officers is employed pursuant to an employment agreement.

Because we utilize employment contracts, certain compensation criteria may be more difficult to adjust on an annual basis. Certain of our employment contracts contain change in control provisions. We have designed our change in control policies to help keep employees focused on their jobs during the uncertainty that accompanies a change in control, to preserve benefits after a change in control transaction, and to help us attract and retain key talent.

The three key elements of executive compensation are base salary, short-term incentives and long-term incentives.

The Corporation's base salaries are intended to be consistent with its understanding of competitive practices, levels of executive responsibility, qualifications necessary for the particular executive position, and the expertise and experience of the executive officer. Salary adjustments reflect the Compensation Committee's belief as to competitive trends, the performance of the individual and, to some extent, the overall financial condition of the Corporation.

The short-term incentive for an executive is the opportunity to earn an annual cash bonus. The Committee has concluded that bonus payments should be primarily based on the achievement of specific predetermined financial targets while a smaller portion should be discretionary based on the Compensation Committee's evaluation of an executive's performance in specific qualitative areas.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

The Executive Bonus Plan for the fiscal year ended June 30, 2005 provided that bonuses would be payable based on two factors: (1) the net income of the Company from continuing operations during fiscal 2005 and (2) the achievement of certain unweighted discretionary criteria.

The net income goal was set forth in the budget adopted by the Board in June 2004 for the 2005 fiscal year and represented a significant increase over the net income from continuing operations for fiscal 2004. The Company's net income from continuing operations substantially exceeded the goal set forth in the 2005 budget. Based on this positive result and the Compensation Committee's evaluation of each executive's performance against his discretionary criteria, the executive officers of the Company, were paid the bonuses set forth in the Summary Compensation Table on page 24.

Table of Contents

While salary and short-term incentives are primarily designed to compensate current and past performance, the primary goal of the long-term incentive compensation program is to directly link management compensation with the long-term interests of the shareholders. The Company currently uses, as it has for many years, stock options to provide that link. Options are intended to provide strong incentives for superior long-term performance. One executive officer of the Company, Harry R. Alvis, was granted 20,000 options during fiscal 2005.

During the latter part of fiscal 2005, the Compensation Committee retained a compensation consulting firm to review and evaluate the current compensation packages for the three highest paid executives of the Company as compared to those of the executives of other health care companies with comparable revenues. The Committee is expected to consider the results of such survey as one source of information in formulating future compensation packages and the reasonableness of potential compensation levels, but has not determined what specific weight, if any, will be afforded to the results of such study.

Chief Executive Officer Compensation

During the fiscal year ended June 30, 2005, the CEO, Mr. Thornton, was employed under an employment agreement which provided for an annual base salary of \$310,000 and the opportunity to earn a bonus equal to sixty percent of his 2005 annual salary if certain criteria established by the Committee (after consultation with him) were met (a more complete description of Mr. Thornton's employment agreement is contained on page 26 under the heading "Employment Contracts, Termination of Employment and Change-in-Control Agreements"). In the opinion of the Compensation Committee, after consultation with a compensation consulting firm retained by the Compensation Committee, both Mr. Thornton's salary and, consequently, his cash bonus opportunity (which is calculated as a percentage of his salary) are somewhat on the low side for comparable positions for healthcare companies with similar revenues and below the market median for healthcare companies with similar revenues. If SunLink's revenues continue to increase, such disparity may be expected to increase. Under the Bonus Plan for fiscal 2005, Mr. Thornton's bonus for fiscal 2005 was weighted as follows: (1) 70% was based on the Company's net income from continuing operations for fiscal 2005 and (2) 30% was based on certain un-weighted discretionary criteria.

As explained above, the Company reached the net earnings from continuing operations goal set for fiscal 2005 so a bonus was paid to Mr. Thornton based on this factor. The unweighted discretionary criteria chosen to evaluate Mr. Thornton's performance were (i) making substantial and measurable progress to ensure full and timely compliance with the internal controls certification requirements of Section 404 of the Sarbanes-Oxley Act by June 30, 2006, (ii), making substantial and measurable progress on the standardization of management information systems for all of the Company's hospitals, (iii) completion of three and five year strategic plans, and (iv) a substantial improvement to the Company's investor relations program, highlighted by a significant analyst report and expanded financial presentations to the investment community. The Committee concluded, and the Board agreed, that Mr. Thornton had substantially performed the discretionary criteria, but had continuing work to do on the investor relations program and therefore had earned ninety percent of the maximum bonus based thereon.

CERTAIN ACCOUNTING AND AUDITING MATTERS

Report Of The Audit Committee

The authority, duties and responsibilities of the Audit Committee of the Board of Directors of the Company are set forth in detail in the written Audit Committee Charter, which was adopted by the Board of Directors of the Company and which complies with the applicable rules of the American Stock Exchange. The Audit Committee reviews and assesses the adequacy of its Charter on an annual basis. The Company's management is responsible for preparing the Company's financial statements and has represented to the Committee that the financial statements were prepared in accordance with generally accepted accounting principles. An independent registered public accounting firm is responsible for auditing the financial statements.

The Audit Committee has three members, each of whom is independent under the applicable rules of the American Stock Exchange. The Audit Committee met nine times during the 2005 fiscal year. In addition, the members of the Audit Committee reviewed, and the Chairman of the Audit Committee discussed with management, Cherry, Bekaert & Holland, L.L.P. (the Company's current independent registered accounting firm) and Deloitte & Touche LLP (the Company's former independent registered accounting firm), the interim financial information contained in each quarterly earnings release (for the periods such firms were engaged as the Company's accountants) prior to the release of such information to the public.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of the examinations, their evaluations of the Company's internal controls and the overall quality of the company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

The Audit Committee has reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended June 30, 2005 with management and Cherry, Bekaert & Holland, L.L.P., including discussing with Cherry, Bekaert & Holland, L.L.P. the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended and by Rule 2-07 of Regulation S-X.

The Audit Committee received from Cherry, Bekaert & Holland, L.L.P. the written disclosures, including the letter, required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Cherry, Bekaert & Holland, L.L.P. the subject of their independence in connection with their performance of services for the Company and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

As a result of the reviews and discussions with management and Cherry, Bekaert & Holland, L.L.P. referred to above, the Audit Committee recommended to the Board of Directors and the Board has approved that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2005 for filing with the Securities and Exchange Commission.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

On October 21, 2004, the Company's Audit Committee dismissed Deloitte & Touche, LLP as its independent registered public accounting firm.

The report of Deloitte & Touche, LLP on our consolidated financial statements for the fiscal years ended June 30, 2004 and 2003 contained no adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended June 30, 2004 and 2003 and through October 21, 2004, there were no disagreements between SunLink and Deloitte & Touche, LLP on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte & Touche, LLP, would have caused it to make a reference to the subject matter of the disagreements in connection with its report.

In connection with the audit of the fiscal years ended June 30, 2004 and 2003 and through October 21, 2004, there have been no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934).

We requested that Deloitte & Touche, LLP furnish us with a letter addressed to the SEC stating whether it agreed with the above statements. A copy of such letter, dated October 26, 2004, was filed as Exhibit 16.1 to our Form 8-K filed on October 26, 2004.

On October 21, 2004, the Audit Committee on behalf of the Company engaged Cherry, Bekaert & Holland, L.L.P. as SunLink's independent registered public accounting firm for the fiscal year ended June 30, 2005.

During the years ended June 30, 2004 and 2003 and the subsequent unaudited interim period through the date hereof, neither SunLink nor any of its representatives consulted with Cherry, Bekaert & Holland, L.L.P. regarding (i) the application of accounting principles to a specific completed or contemplated transaction or the type of audit opinion that might be rendered on SunLink's financial statements, which advice was an important factor considered by SunLink in reaching a decision as to the accounting, auditing or financial reporting issue, or (ii) any matter that was the subject of a disagreement with Deloitte & Touche, LLP or a reportable event as described above.

We requested Cherry, Bekaert & Holland, L.L.P. to review the disclosures therein which were required by Item 304(a) of Regulation S-K prior to the filing of such Form 8-K and provided Cherry, Bekaert & Holland, L.L.P. with the opportunity to furnish the Company with a letter addressed to the SEC containing any new information, clarification of views or disagreements with the statements. Cherry, Bekaert & Holland,

L.L.P. did not issue any such letter.

The foregoing right of indemnification shall not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case, not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful misconduct. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under the Company's articles of incorporation or code of regulations, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such Covered Person or hold him or her harmless.

ARTICLE 5

SHARES AVAILABLE FOR AWARDS AND LIMITATIONS ON ISSUANCE OF AWARDS

Section 5.1 Shares Available For Awards.

Subject to the following provisions of this Article 5, the maximum number Shares for which Awards may be granted under the Plan as of the Effective Date is eight hundred thousand (800,000) Shares plus the number of unused shares under the 2001 Plans (35,550 shares at June 30, 2005) which may only be issued as options; provided, however,

(a) In no event shall the number of Shares authorized under this Plan be decreased to a number less than the number of Shares for which Awards are issued and outstanding.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

(b) Any Shares granted under the Plan that are forfeited because of the failure to meet an Award contingency or condition shall again be available for delivery pursuant to new Awards granted under the Plan. To the extent any Shares covered by an Award are not delivered to a Participant or beneficiary because the Award is forfeited or canceled, or the Shares are not delivered because the Award is settled in cash (whether for dividends, tax withholding or any other purpose allowed under Code Section 409A), such Shares shall not be deemed to have been delivered for purposes of determining the maximum number of Shares available for delivery under the Plan.

A-9

Table of Contents

(c) If the Exercise Price of any Option granted under the Plan is satisfied by tendering Shares to the Company (by either actual delivery or by attestation), only the number of Shares issued net of the Shares tendered shall be deemed delivered for purposes of determining the maximum number of Shares available for delivery under the Plan.

(d) Shares delivered under the Plan in settlement, assumption or substitution of outstanding awards (or obligations to grant future awards) under the plans or arrangements of another Person shall not reduce the maximum number of Shares available for delivery under the Plan, to the extent that such settlement, assumption or substitution is a result of the Company or a Related Company acquiring another Person (or an interest in another Person).

Section 5.2 Certain Limitations on Award Maximums. Subject to Section 5.1 and Section 5.3, the following additional limitations are imposed under the Plan:

(a) The maximum number of Shares that may be issued pursuant to the Awards of Options shall be eight hundred thousand (800,000) Shares, seven hundred thousand (700,000) of which may be issued as Incentive Stock Options.

(b) The maximum number of Shares that may be issued in conjunction with Awards granted pursuant to Article 7 (relating to Restricted Stock Awards) shall be two hundred thousand (200,000) Shares.

(c) Each Award of Restricted Shares shall reduce the number of Shares available for grant as Options on the basis of a ratio of four options for each Share and each Award of Options shall reduce the number of Shares available for Restricted Stock Awards on the basis of one Share of Restricted Stock for each four Options. All calculations pursuant to this provision shall be made on an aggregate basis. By way of illustration, if Awards of Restricted Stock were made covering two hundred thousand (200,000) Shares, there would be no Shares available for the issuance of Options.

(d) So long as the Company's Stock is registered under Section 12 of the Securities Exchange Act, but subject to adjustment under Section 5.4, the maximum number of Shares that may be covered by Awards granted to any one *individual* Participant pursuant to Article 6 (relating to Options) shall be two hundred thousand (200,000) Shares during any calendar year.

(e) So long as the Company's Stock is registered under Section 12 of the Securities Exchange Act, but subject to adjustment under Section 5.4, the maximum dollar value that can be awarded for Awards granted to any one *individual* Participant pursuant to Article 7 (relating to Restricted Stock Awards) shall be one million dollars (\$1,000,000) for any single or combined performance goals established for any calendar year. If an Award granted under Article 7 is, at the time of grant, denominated in Shares, the value of the Shares for determining this maximum individual payment amount will be the Fair Market Value of a Share on the Determination Date for such Award.

(f) The maximum number of Shares which may be issued pursuant to Awards to Non-Employee Directors is one hundred thousand (100,000) Shares, and the maximum number of Shares which may be issued to all other Participants is seven hundred thousand (700,000) Shares.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

The per-Participant limits described in Section 5.2(d) and Section 5.2(e) shall be construed and applied consistently with Code Section 162(m). In applying these limitations, if an Award, or any portion thereof, granted to an Employee is cancelled or repriced for any reason, then the Shares attributable to such cancellation or repricing either shall continue to be counted as an outstanding grant or shall be counted as a new grant, as the case may be, against the affected Employee's two hundred thousand (200,000) Share limit for the appropriate calendar year.

Section 5.3 Certain Limitations on Incentive Stock Options. So long as required by the Code with respect to incentive stock options, the following additional terms and provisions shall apply to Incentive Stock Options granted under the Plan:

(a) No Incentive Stock Option shall be granted to an Employee who possesses at the time of grant more than 10% of the outstanding voting stock of all classes of stock of the Company unless the Exercise Price is at least 110% of the Fair Market Value of the Shares subject to option on the Pricing Date and the option is not exercisable after the expiration of five years from the date the Option is granted.

(b) The aggregate Fair Market Value of Stock with respect to which stock options intended to meet the requirements of Code Section 422 become exercisable for the first time by an individual during any calendar year under all plans of the Company and its Related Companies shall not exceed \$100,000. To the extent that such value exceeds \$100,000, the character of such Options shall be determined in chronological order beginning with the earliest date of grant until the \$100,000 limit for Incentive Options is reached, with the remaining Options treated as Non-Qualified Options.

(c) An Incentive Stock Option may only be granted within ten (10) years from the date the Plan is approved by the Company's shareholders.

(d) With respect to an Incentive Stock Option, in the event of the Termination of Service of a Participant, the Option or portion thereof held by the Participant which is unexercised shall, subject to Section 5.16, expire, terminate, and become unexercisable no later than the expiration of three (3) months after the date of Termination of Service; provided, however, that in the case of a holder whose Termination of Service is due to death or Permanent Disability, one (1) year shall be substituted for such three (3) month period. For purposes of this Section 5.3(d), Termination of Service of the Participant shall not be deemed to have occurred if the Participant is employed by another corporation (or a parent or subsidiary corporation of such other corporation) which has assumed the Incentive Stock Option of the Participant in a transaction to which Code Section 424(a) is applicable.

Section 5.4 Adjustments. The number of Shares covered by each outstanding Award, the number of Shares available for Awards, the number of Shares that may be subject to Awards to any one Participant, and the price per Share covered by each such outstanding Award shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification of the Shares, and may be proportionately adjusted, as determined in the sole discretion of the Board, for any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company or to reflect any distributions to holders of Shares other than regular cash dividends specified as such by the Board of Directors. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award. After any adjustment made pursuant to this Section, the number of Shares subject to each outstanding Award shall be rounded to the nearest whole number. In the event of a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization (whether or not such reorganization comes within the definition of such term in Code Section 368), merger, consolidation, split up, spinoff, combination or exchange of shares or any partial or complete liquidation of the Company), the Committee may further adjust Awards to preserve the benefits or potential benefits of the Awards. Action by the Committee may include adjustment of: (1) the number and kind of securities which may be delivered under the Plan; (2) the number and kind of securities subject to outstanding Awards; (3) the Exercise Price of outstanding Options; and (4) performance goal adjustments, as well as any other adjustments that the Committee determines to be equitable. Any adjustments made by the Committee pursuant to this Section 5.4 shall comply with the requirements of Code Section 409A.

Section 5.5 Certain Limits on Distribution. Distribution of Shares or other amounts under the Plan shall be subject to the following:

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

(a) Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any Shares under the Plan or make any other distribution of benefits under the Plan unless such delivery or

distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act), and the applicable requirements of any Exchange.

(b) To the extent that this Plan contemplates the issuance of stock certificates to reflect the issuance of Shares, the issuance may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the applicable rules of any Exchange.

(c) Unless the Committee shall otherwise provide, including, without limitation, to comply with Code Section 409A, until a Participant has been issued the Shares subject to such Option exercise or Award of Restricted Stock, he or she shall possess no rights as a shareholder with respect to such Shares and shall not be entitled to any dividend or distribution the record date of which is prior to the date of issuance of such Shares.

Section 5.6 Payment of Option Exercise Prices, Restricted Stock Purchase Prices, and Withholding Taxes. The payment of the Exercise Price of an Option granted under Article 6, the payment of the purchase price (if any) for Restricted Stock Awards under Article 7, the payment of the Withholding Taxes due at any time with respect to an Award, shall be made as follows:

(a) Subject to the other provisions of this Section 5.6, the full Exercise Price and applicable Withholding Taxes for shares of Stock purchased upon the exercise of any Option shall be paid at the time of such exercise (except that, in the case of an exercise arrangement approved by the Committee and described in Section 5.6(c), payment may be made as soon as practicable after the exercise).

(b) Payment of the Exercise Price for Options, the purchase price (if any) for Restricted Stock Awards, and applicable Withholding Taxes shall be made in cash or cash equivalents, or, at the discretion of the Committee, (1) by the Participant tendering, either by way of actual delivery of Shares or attestation, whole Shares that have been owned by the Participant for not less than six (6) months, if acquired directly from the Company, or that have been owned for any period of time, if acquired by the Participant on the open market, prior to the date of exercise in the case of Options, and prior to the applicable Determination Date in the case of a Restricted Stock Award, valued at the Fair Market Value of such Shares on such date, (2) by a combination of such cash (or cash equivalents) and such Shares, or (3) by such other method of exercise as may be permitted from time to time by the Committee; provided, however, that a Participant shall not be entitled to tender Shares pursuant to successive, substantially simultaneous exercises of an Option or any other derivative security of the Company.

(c) Subject to applicable securities laws and Section 202 of the Sarbanes-Oxley Act and at the discretion of the Committee, an Option may also be exercised by delivering a notice of exercise of the Option and simultaneously selling the Shares thereby acquired, pursuant to a brokerage or similar agreement or program.

(d) The Committee may, in its sole discretion, permit the Participant to sell to the Company and the Company may, but need not, simultaneously purchase, to the fullest extent permitted by law, that number of Shares issuable upon the grant, exercise, or vesting of an Award as are sufficient to pay the Exercise Price for Options, the purchase price (if any) for Restricted Stock Awards, and the minimum Withholding Taxes, with respect to such Award. The Committee's decision to allow payments to be made in the form of Shares issuable in connection with the exercise or payment or vesting of an Award shall be made by giving written notice to the Participant (or such other Person entitled to the benefits under this Plan).

(e) To the extent not otherwise provided by the Committee pursuant to this Section 5.6, the Company shall deduct from all cash distributions under the Plan any Withholding Taxes.

(f) Whenever the Company proposes or is required to issue or transfer Shares pursuant to a non-cash distribution under the Plan, and to the extent the Committee has not otherwise provided for payment pursuant to this Section 5.6, the Company shall have the right to require the Participant or any transferee to remit to the Company an amount sufficient to satisfy any Withholding Taxes prior to the delivery of any certificate or certificates for such Shares.

(g) To the extent that a Participant is granted the right under this Section 5.6 to make payments using shares, and such Participant wishes to exercise such right, he or she shall give the Company notice thereof. Such notice shall be delivered to the Company, in the case of a cashless exercise on or prior to the Exercise Date (an *Exercise Election*), in the case of payment of the purchase price of a Restricted Stock Award on or prior to the date payment of the purchase price is due (a *Payment Election*) and, in the case of Withholding Taxes, on or prior to the date (the *Tax Date*) on which the amount of tax required to be withheld is determined (a *Withholding Election* and, collectively with Exercise Elections and Payment Elections, an *Election*). A Participant may make an Election under this Section 5.6 only if both of the following conditions are met:

(1) The applicable Election must be made on or prior to the date specified by the Committee by executing and delivering to the Company a properly completed notice of Election as prescribed by the Committee; and

(2) Any Election made will be irrevocable by the Participant; however, the Committee may, in its sole discretion, disapprove and give no or only partial effect to the Election for any reason, including, without limitation, to the extent necessary or desirable to avoid any variable accounting treatment.

Section 5.7 Cash Awards for Tax Offset. The Committee may, at any time and in its discretion, grant to any holder of an Award the right to receive, at such times and in such amounts as determined by the Committee in its discretion, a cash amount which is intended to reimburse such person for all or a portion of the Withholding Taxes imposed upon such person as a consequence of the receipt of an Award or the exercise of rights thereunder.

Section 5.8 Compliance with Code. The Plan and all Awards granted hereunder shall comply at all times with all laws and regulations of any governmental authority which may be applicable thereto (including Code Section 409A). Any provision of the Plan or any Award Agreement notwithstanding, the Participant shall not be entitled to receive the benefits of Awards and the Company shall not be obligated to pay any benefits to a Participant if such exercise, delivery, receipt or payment of benefits would constitute a violation by the Participant or the Company of any provision of any such law or regulation. All Incentive Stock Options to be granted hereunder are intended to comply with Code Section 422, and all provisions of the Plan and all Incentive Stock Options granted hereunder shall be construed in such manner as to effectuate that intent. Any reference herein to compliance with the requirements of Code Section 409A or words of similar import shall be interpreted to mean application of the terms of the Plan or Award, or administration of the Plan or any Award, as the case may be, in such a manner that no additional income tax is imposed on a Participant pursuant to Code Section 409A(1)(a). If additional guidance is issued under or modifications are made to Code Section 409A or any other law affecting the Awards issued hereunder, the Plan Administrator shall take such actions (including amending the Plan or any Award Agreement) as it deems necessary, in its sole discretion, to ensure continued compliance therewith.

Section 5.9 Payment Shares. Subject to the overall limitation on the number of Shares that may be delivered under the Plan, the Committee may use available Shares as the form of payment for compensation, grants or rights earned or due under any other compensation plans or arrangements of the Company or a Related Company, including the plans and arrangements of the Company or a Related Company acquiring another Person (or an interest in another Person).

Section 5.10 Payments. Awards may be settled through cash payments, the payment of dividends, the delivery of Shares, the granting of replacement Awards, or any such combination thereof as the Committee shall determine. Any Award settlement, including payment deferrals, may be subject to such conditions, restrictions and contingencies as the Committee shall determine. Subject to compliance with Code Section 409A, the Committee may permit the deferral of any Award payment, subject to such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest, or dividend equivalents, including converting such credits into deferred Stock equivalents.

Section 5.11 Transferability; Transfer Restrictions; Non-Alienation of Benefits. Except as otherwise provided in the terms of this Section or by the Committee in an Award Agreement, Awards under the Plan shall not be sold, assigned, transferred, pledged, gifted, hypothecated or otherwise encumbered, hedged or disposed of, in any manner, whether voluntarily or involuntarily, with or without consideration, including by operation of law (other than by will or the laws of descent and distribution) until the end of the applicable Period or Periods of Restriction established by the Committee and specified in the Award Agreement, or upon earlier satisfaction of any other conditions, as specified by the Committee in its sole discretion and set forth in the Award Agreement. The Committee may in its discretion permit the transfer of a Non-Qualified Option or Restricted Stock Award by a Participant to or for the benefit of the Participant's Immediate Family (including, without limitation, to a trust for the benefit of the Participant's Immediate Family or to a partnership or limited liability company for one or more members of the Participant's Immediate Family), subject to such limits as the Committee may establish, and the transferee shall remain subject to all the terms and conditions applicable to the Non-Qualified Stock Option or Restricted Stock Award prior to such transfer. In the discretion of the Committee, a consent to a transfer of a Non-Qualified Option or Restricted Stock Award may include the right to consent to amendments to any Award Agreement evidencing such Award and, in the discretion of the Committee, may also apply to the right to transfer ancillary rights associated with such Award. For purposes of this Section 5.11, the term *Immediate Family* shall mean the Participant's spouse, parents, children, stepchildren, adopted relations, sisters, brothers, grandchildren and step-grandchildren and any Person who would qualify as a family member pursuant to General Instruction A.1(a)(5) of the General Instructions to Form S-8 or any successor form thereto. Any attempt to transfer or assign an Award in contravention of this Section shall be void. No Award shall, prior to receipt by the Participant or any permitted transferee pursuant to this Section and release of all restrictions or conditions thereon, be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the Participant or any permitted transferee.

Section 5.12 Beneficiary Designation. Each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

Section 5.13 Form and Time of Elections. Unless otherwise specified herein, each election required or permitted to be made by any Participant or other Person entitled to benefits under the Plan, and any permitted modification, or revocation thereof, shall be in writing filed with the Committee at such times, in such form, and subject to such restrictions and limitations, not inconsistent with the terms of the Plan, as the Committee shall require.

Section 5.14 Award Agreement With Company. Each Award shall be evidenced by an Award Agreement in such form and containing such terms, conditions and restrictions as the Committee in its sole discretion may determine are appropriate under the Plan and in compliance with applicable law (including Code Section 409A). At the time of an Award to a Participant under the Plan, the Committee may require a Participant to execute an Award Agreement with the Company in a form specified by the Committee. Each Award Agreement shall be subject to the terms of the Plan and applicable law, and any provision in an Award Agreement that is inconsistent with the Plan or applicable law shall be null and void.

Section 5.15 No Right to Continued Employment or Service; No Trust or Fund Created; No Other Implied Rights.

(a) The Plan does not constitute a contract of employment or service. Selection as a Participant shall not interfere with or limit in any way the right of (i) the Company or any other Employer to terminate a Participant's employment or other contractual relationship with the Company or such other Employer, (ii) the shareholders of the Company to remove any Non-Employee Director from the Board pursuant to the Company's Articles of

Table of Contents

Incorporation and Code of Regulations. Selection as a Participant shall not give any Employee or any other Person the right to be retained in the employ of the Company or any Related Company, shall not confer upon any Non-Employee Director any right to continue in the service of the Company as a Non-Employee Director, and shall not give any Person any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any right as a shareholder of (i) any Related Company, or (ii) the Company prior to the date on which the Participant fulfills all conditions for receipt of such rights.

(b) Neither a Participant nor any other Person shall, by reason of the Plan or any Award, acquire any right in or title to any assets, funds or property of the Company or any Related Company whatsoever, including, without limitation, any specific funds, assets, or other property which the Company or any Related Company, in their sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the Stock or amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Related Company. Nothing contained in the Plan shall constitute a guarantee that the assets of such companies shall be sufficient to pay any benefits to any Person.

(c) No Participant or any Eligible Individual shall have any claim to be granted any Award under the Plan, and neither the Company nor the Committee is obligated to treat Participants or Eligible Individuals uniformly.

Section 5.16 Termination of Service With respect to a termination of service:

(a) *Termination of Service* shall mean the termination of the service relationship (whether an employment relationship or otherwise, but not with respect to services of a Person as a Non-Employee Director) between a Participant and the Participant's Employer for any reason, with or without Cause, including, but not by way of limitation, a termination by resignation, discharge, death, Permanent Disability, Workforce Reduction or Normal Retirement, but excluding (1) at the discretion of the Committee, terminations where there is a simultaneous employment, reemployment or continuing employment of a Participant by the same or another Employer whether as an employee or an independent contractor; (2) at the discretion of the Committee, terminations which result in a temporary severance of the employee-employer or other service relationship; (3) at the discretion of the Committee, terminations which are followed by simultaneous establishment of a consulting relationship by an Employer with the former Employee or service provider; (4) in the discretion of the Committee as specified at or prior to such occurrence, in the case of a spin-off, sale or other disposition of the Participant's Employer from the Company or a Related Company; provided, that, that if a Subsidiary of the Company shall cease to be a Subsidiary, all employees and service providers of such Subsidiary not theretofore transferred to and becoming employees or service providers of the Company or of another Subsidiary of the Company shall be deemed to have incurred a Termination of Service within the meaning of the Plan on the date such Subsidiary ceases to be a Subsidiary of the Company, absent affirmative action by the Committee to the contrary, and further provided that, upon the Termination of Service of an Employee as a result of a Workforce Reduction, Options held by Employees subject to such Workforce Reduction shall expire on the date specified by the Committee at the time of the Termination of Service. Except as otherwise provided for by this Plan, the Committee, in its absolute discretion, shall determine the effect of all matters and questions with respect to Awards under this Plan relating to Termination of Service, including, but not by way of limitation, the question of whether a Termination of Service resulted from a discharge for Cause, and all questions of whether particular leaves of absence constitute Terminations of Service for purposes of this Plan. However, notwithstanding any provision of this Plan, an Employer has an absolute and unrestricted right to terminate an Employee's employment at any time for any reason whatsoever, with or without Cause.

(b) The Committee shall have the full power and authority to determine the terms and conditions that shall apply to any Award upon a Termination of Service and shall provide such terms in the Award Agreement. Whether military, government or other service or other bona fide leaves of absence shall constitute a Termination of Service shall, subject to applicable law, be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive.

(c) Except as otherwise provided by Section 5.3(d) or Section 6.3, any Award under this Plan to a Participant who suffers a Termination of Service may be cancelled, accelerated, or continued, as provided in the Award Agreement or, in the absence of such provision, as the Committee may determine, so long as any such modification complies with Code Section 409A. The portion of any Award exercisable in the event of a continuation of the Award or the amount of any payment due under a continued Award may be adjusted by the Committee to reflect the Participant's period of service from the date of grant through the date of the Participant's Termination of Service or such other factors as the Committee determines are relevant to its decision to continue the Award.

(d) To the extent that the provisions of this Section 5.16 causes Incentive Stock Options awarded to an Eligible Employee to extend beyond three months from the date such Participant is deemed to be an Employee of the Company, or a Related Company for purposes of Code Section 424(f), the Options held by such Participant shall be deemed to be Non-Qualified Options.

Section 5.17 Evidence. Evidence required of any Person under the Plan may be by certificate, affidavit, document or other information which the Person acting on it considers pertinent and reliable, and signed, made or presented by the proper Person or Persons.

Section 5.18 Action by Company or Related Company. Any action required or permitted to be taken by the Company or any Related Company shall be by resolution of its board of directors, or by action of one or more members of the board of directors thereof (including a committee of the applicable board) who are duly authorized to act for such board, or (except to the extent prohibited by applicable law or applicable rules of any Exchange) by a duly authorized officer of the Company.

Section 5.19 Related Company Obligations. Each Related Company shall be liable for payment of cash due under the Plan with respect to any Participant to the extent that such benefits are attributable to the services rendered for that Related Company by the Participant. Any disputes relating to liability of a Related Company for cash payments shall be resolved by the Committee.

Section 5.20 Sources of Shares Deliverable Under Awards. Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares, treasury Shares, or Shares which have been reacquired by the Company in purchases on the open market.

Section 5.21 Reservation of Shares. The Company, during the term of any Awards granted hereunder may, but shall not be obligated to, reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Awards granted under the Plan; provided, however, that the Company shall fully reserve the necessary Shares (1) pursuant to applicable Exchange rules, and (2) at all times, immediately prior to or after a Change In Control.

Section 5.22 Non-Employee Director Awards. The Board may require any Non-Employee Director to recuse himself or herself from all matters relating to the administration, construction or interpretation of the Plan in connection with any Award to such Person and, in the event the Board delegates these matters with respect to any Awards to Non-Employee Directors to the Committee pursuant to Section 4.7, any Non-Employee Director serving on the Committee shall recuse himself or herself from all matters relating to the administration, construction or interpretation of the Plan in connection with any Award to such Person.

ARTICLE 6

OPTIONS

Section 6.1 Definitions; Authorized Types of Options. The grant of an option (the *Option*) entitles the Participant to purchase shares of stock at an Exercise Price established by the Committee. Subject to the provisions of the Plan, the Committee shall have sole and complete authority to determine the Participants to whom Options shall be granted, the number of Shares subject to each Award, the exercise price and the conditions and limitations applicable to the exercise of an Option. If an Award Agreement so provides, a Participant may be granted a new Option to purchase a number of Shares equal to the number of previously owned Shares tendered in payment of the Exercise Price for each Share purchased pursuant to the terms of the Award Agreement. Options granted under this Plan may be Incentive Stock Options, Non-Qualified Options or a combination of the foregoing, provided that Incentive Stock Options may be granted only to Eligible Employees. Each grant shall specify whether (or the extent to which) the Option is an Incentive Stock Option or a Non-Qualified Option.

Section 6.2 Waiver of Restrictions and Performance Measures and Treatment of Awards Upon Termination of Service. The Committee may in its discretion, with respect to one or more Options on which restrictions have not lapsed or as to which performance measures have not been achieved, waive the surrender and cancellation of such Options which would otherwise occur upon the Termination of Service or the non-attainment of the performance measures or objectives applicable to those Options. Such waiver shall result in the immediate lapse of all restrictions on the Options as to which the waiver applies. Such Service waiver may be effected at any time, whether before or after the Participant's Termination of Service or the attainment or non-attainment of the applicable performance goals.

Section 6.3 Exercise Price. The *Exercise Price* of each Option granted under this Article 6 shall be established by the Committee or shall be determined by a method established by the Committee at the time the Option is granted; subject to the following requirements:

(a) [Intentionally Omitted].

(b) except in the case of Substitute Awards, the Exercise Price of an Option may not be less than 100% of the Fair Market Value of the Shares with respect to which the Option is granted on the Pricing Date.

(c) if an Employee owns or is deemed to own (by reason of the attribution rules applicable under Code Section 424(d)) more than 10% of the combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation (within the meaning of Code Section 424(e)), and an Incentive Stock Option is granted to such Employee, the Exercise Price shall be no less than 110% of the Fair Market Value of the Shares on the Pricing Date.

(d) notwithstanding the foregoing and except as provided by the provisions of Section 5.4 and Section 6.3(b) hereof, the Committee shall not have the power to (1) amend the terms of previously granted Options to reduce the Exercise Price of such Options, or (2) cancel such Options and grant substitute Options with a lower Exercise Price than the cancelled Options, without shareholder approval.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

(e) for purposes of this Section 6.3, the *Pricing Date* shall be the latter of the (1) date on which the Option is approved by the Committee or, (2) if the Fair Market Value of the Stock shall have increased before the terms of an Award have been communicated to a Participant in a manner which complies with the requirements of FAS 123(R), then shall be as of the date of such communication, but only from and to the extent required by FAS 123(R).

Section 6.4 Exercise. Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may, in its sole discretion, specify in the applicable Award Agreement or, if the

A-17

Award Agreement shall so specify, thereafter. The Committee shall have full and complete authority to determine whether an Option will be exercisable in full at any time or from time to time during the term of the Option, or to provide for the exercise thereof in such installments, upon the occurrence of such events (including performance measures) and at such times during the term of the Option as the Committee may determine.

(a) The Committee may impose such conditions with respect to the exercise of Options, including without limitation, any relating to the application of federal, state or foreign securities laws or the Code, as it may deem necessary or advisable. The exercise of any Option granted hereunder shall be effective only at such time as the sale of Shares pursuant to such exercise will not violate any state or federal securities or other laws, as determined by the Committee in its sole discretion.

(b) An Option may be exercised in whole or in part at any time, with respect to whole Shares only, within the period permitted thereunder for the exercise thereof, and shall be exercised by written notice of intent to exercise the Option, delivered to the Company at its principal office, and, subject to Section 5.6, payment in full to the Company at said office of the amount of the Exercise Price for the number of Shares with respect to which the Option is then being exercised, plus applicable Withholding Taxes required to be paid in cash.

(c) Except as otherwise expressly provided by the Committee, in writing in an Award Agreement, no Option may be exercised by a Participant: (1) prior to the date on which the Participant completes one continuous year of employment with the Company or any Related Company after the date as of which the Option is granted (provided, however, that the Committee may permit earlier exercise following the date of Participant's Termination of Service by reason of death or Permanent Disability); or (2) after the expiration date applicable to that Option.

Section 6.5 Settlement of Option Awards; Legends on ISO Shares. Distributions following exercise of an Option and Shares distributed pursuant to such exercise shall be subject to such conditions, restrictions and contingencies as the Committee may establish. The Committee, in its discretion, may impose such conditions, restrictions and contingencies with respect to Shares acquired pursuant to the exercise of an Option as the Committee determines to be desirable. At the time any Incentive Stock Option is exercised, the Company shall be entitled to place a legend on the certificates representing the Shares purchased pursuant to the Option to clearly identify them as Shares purchased upon exercise of an Incentive Stock Option.

Section 6.6 Expiration Date of Options. The *Expiration Date* with respect to an Option means the date established as the Expiration Date by the Committee at the time of the grant; provided, however, that, except as otherwise expressly provided by the Committee in writing in an Award Agreement, the Expiration Date with respect to any Option shall not be later than the earliest to occur of:

(a) the ten year anniversary of the date on which the Option is granted;

(b) if the Participant's Termination of Service occurs by reason of death or Permanent Disability, the one year anniversary of such Termination of Service;

(c) if the Participant's Termination of Service occurs by reason of Normal Retirement, the ninety (90) day anniversary of such Termination of Service; or

(d) if the Participant's Termination of Service occurs for reasons other than Normal Retirement, death or Permanent Disability, the ninety (90) day anniversary of such Termination of Service.

Section 6.7 Special Provisions for Certain Substitute Options. Notwithstanding anything to the contrary in this Article 6, any Option issued in substitution for an option previously issued by another entity, which substitution occurs in connection with a transaction to which Code Section 424(a) is applicable, may provide for an Exercise Price computed in accordance with such Code Section, provided that such Exercise Price shall not be less than the Fair Market Value on the date the Option was granted, and may contain such other

Table of Contents

terms and conditions as the Committee may prescribe to cause such substitute Option to contain as nearly as possible the same terms and conditions (including the applicable vesting and termination provisions) as those contained in the previously issued option being replaced thereby.

Section 6.8 Deferrals. Subject to compliance with Code Section 409A, the Committee may permit a Participant to defer such Participant's receipt of the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals.

Section 6.9 Liquidation of the Company. Subject to rights with respect to Awards vesting upon Change in Control, in the event of the complete liquidation or dissolution of the Company, any Options granted pursuant to the Plan and remaining unexercised shall be deemed canceled without regard to or limitation by any other provision of the Plan.

ARTICLE 7

RESTRICTED STOCK

Section 7.1 Terms of Restricted Stock Awards. Each Restricted Stock Award shall be subject to such conditions, restrictions and contingencies as the Committee shall determine which may include payment of a purchase price, continuous service, the achievement of performance measures or any combination thereof. The performance measures that may be used by the Committee for such Awards shall be measured by such criteria as the Committee may establish, consistent with any requirements of Code Section 162(m) that the Committee determines to be applicable. The Committee may designate a single goal criterion or multiple goal criteria for performance measurement purposes, with the measurement based on absolute Company, Related Company, Affiliate or business unit performance, performance as compared with that of other publicly traded companies or market indexes or any combination thereof. The language regarding performance measures is intended to permit the Company to bring Awards of Restricted Stock within the requirements of the general rule for the performance-based compensation exception to the limit on deductible compensation under Code Section 162(m). If the right to become vested in a Restricted Stock Award granted under this Article 7 is conditioned on the completion of a specified period of service with the Company and the Related Companies, without achievement of performance measures or other objectives being required as a condition of vesting, then the required period of service for vesting shall be not less than one (1) year (subject to acceleration of vesting, to the extent permitted by the Committee, in the event of the Participant's death, Permanent Disability, Change in Control or involuntary Termination of Service).

Section 7.2 Certificate Legend on Restricted Stock. In addition to any legends placed on certificates pursuant to other provisions of the Plan, each certificate representing Shares of Restricted Stock granted pursuant to the Plan may bear a legend substantially similar to the following legend:

The sale or other transfer of the securities represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the SunLink 2005 Equity Incentive Plan, and in an Award Agreement thereunder. A copy of the Plan and such Award Agreement may be obtained from SunLink Health Systems, Inc.

Section 7.3 Custody of Certificates. Any certificates representing the shares of Stock issued upon exercise or grant of a Restricted Stock Award shall be issued in the Participant's name, but, if the Award Agreement so provides, the shares of Stock shall be held by the Company or a

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form DEF 14A

custodian designated by the Committee (the *Custodian*). Each applicable Award Agreement providing for custody of shares or providing for transfer of shares of Stock to the Custodian shall appoint the Custodian as the attorney-in-fact for the Participant for the term specified in the applicable Award Agreement, with full power and authority in the Participant's name, place and stead to transfer, assign and convey to the Company any shares of Stock held by

A-19

the Custodian for such Participant, if the Participant forfeits the Shares under the terms of the applicable Award Agreement. During the period that the Custodian holds the shares subject to this Section, the Participant shall be entitled to all rights thereunder, except as provided in the applicable Award Agreement, applicable to shares of Stock not so held.

Any dividends declared on shares of Stock held by the Company or the Custodian shall, as the Committee may provide in the applicable Award Agreement, be paid directly to the Participant or, in the alternative, be retained by the Company or the Custodian until the expiration of the term specified in the applicable Award Agreement and shall then be delivered, together with any proceeds, with the shares of Stock to the Participant or to the Company, as applicable.

Section 7.4 Voting Rights. Except as otherwise provided by the Committee in an Award Agreement, during any Period of Restriction, Participants holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares whether or not such shares are in the custody of the Company.

Section 7.5 Dividends and Other Distributions. Dividends and other distributions shall be subject to the following provisions:

(a) In the sole and complete discretion of the Committee, an Award (other than an Option) may provide the Participant with dividends or dividend equivalents, payable in cash, Shares, other securities or other property on a current or, to the extent it complies with Code Section 409A, deferred basis. Any crediting of, or settlements with respect to, dividends or dividend equivalents or reinvestment in shares of Stock shall be subject to such conditions, restrictions and contingencies as the Committee shall establish, including requirements for the reinvestment of such credited amounts in Stock equivalents.

(b) All dividend or dividend equivalents which are not paid currently may, at the Committee's discretion, accrue interest, be reinvested into additional Shares, or in the case of dividends or dividend equivalents credited in connection with Performance Awards, be credited as additional Performance Awards and paid to the Participant if and when, and to the extent that, payment is made pursuant to such Award.

(c) The total number of Shares available for grant under Article 5 hereof shall not be reduced to reflect any dividends or Dividend Equivalents that are reinvested into additional Shares or credited as performance-based Awards.

(d) In the event that any dividend constitutes a derivative security or an equity security pursuant to Rule 16(a) under the Exchange Act, such dividend shall be subject to a Period of Restriction equal to the remaining Period of Restriction of the Shares of Restricted Stock with respect to which the dividend is paid.

Section 7.6 Deferrals. The Committee may permit a Participant to defer the delivery of Shares or such Participant's receipt of the payment of dividends (whether in cash, stock, or other property) that would otherwise be due to such Participant by virtue of (A) the lapse or waiver of restrictions with respect to Restricted Stock. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals and make sure such deferral complies with Code Section 409A.

Section 7.7 Waiver of Restrictions and Performance Measure and Treatment of Restricted Stock Awards Upon Termination of Service. Each Restricted Stock Award Agreement shall set forth the extent to which the Participant shall have the right, if any, to receive unvested Restricted Shares following termination of the Participant's employment with the Company and its Subsidiaries and, the extent to which vested Shares are subject to forfeiture or give rise to a repayment obligation on the part of a Participant. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Restricted Stock Award Agreement entered into with the Participant, need not be uniform among all Shares of Restricted Stock issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination of employment and post-employment competition. The Committee may in its discretion, with respect to one or more shares of Restricted Stock on

A-20

which restrictions have not lapsed or as to which performance measures have not been achieved, waive the surrender and cancellation of such Shares which would otherwise occur upon the Termination of Service or the non-attainment of the performance measures or objectives applicable to those Shares. Such waiver shall result in the immediate lapse of all restrictions on the Shares of Restricted Stock as to which the waiver applies. Such Service waiver may be effected at any time, whether before or after the Participant's Termination of Service or the attainment or non-attainment of the applicable performance goals. In the absence of such exercise of discretion or other specification, the following provisions shall apply:

VI. LIMITATIONS ON RESPONSIBILITIES AND DUTIES
