Dear Stockholder:

You are cordially invited to attend the 2018 Annual Meeting of Stockholders of CoStar Group, Inc., to be held at 10:00 a.m., local time, on Wednesday, June 6, 2018 at 1331 L Street N.W., Washington, DC 20005.

At the Annual Meeting, you will be asked to (1) elect the eight directors named in the Proxy Statement, (2) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2018, and (3) approve, on an advisory basis, CoStar Group, Inc.'s executive compensation. The accompanying Notice of 2018 Annual Meeting of Stockholders and Proxy Statement describe these matters.

The Board of Directors recommends that stockholders vote in favor of each of the director nominees and the other proposals.

**Important Notice Regarding the Availability of Proxy Materials
for the 2018 Annual Meeting of Stockholders:**

We are mailing many of our stockholders a Notice of Internet Availability of Proxy Materials rather than a full set of our proxy materials. The Notice contains instructions on how to access our proxy materials on the Internet, as well as instructions on how to obtain a paper copy of the full set of proxy materials if a stockholder so desires. This process is more environmentally friendly and may reduce our costs to print and distribute these materials to stockholders. All stockholders who do not receive this Notice of Internet Availability, including stockholders who have previously requested to receive a paper copy of the materials, will receive a full set of our proxy materials by mail.

In order to ensure your representation at the Annual Meeting, whether or not you plan to attend the meeting, please vote your shares as promptly as possible over the Internet by following the instructions on your Notice or, if you receive a complete set of proxy materials by U.S. mail, by following the instructions on your proxy card. Your participation will help to ensure the presence of a quorum at the meeting and save CoStar the extra expense associated with additional solicitation. Voting your shares over the Internet or otherwise will not prevent you from attending the meeting, revoking your proxy, or voting your stock in person.

Sincerely,

ANDREW C. FLORANCE
Chief Executive Officer and President

NOTICE OF 2018 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD WEDNESDAY, JUNE 6, 2018

The 2018 Annual Meeting of Stockholders (the “Annual Meeting”) of CoStar Group, Inc. (“CoStar”, “we” or the “Company”) will be held at 1331 L Street, N.W., Washington, DC 20005, at 10:00 a.m., local time, on Wednesday, June 6, 2018, for the following purposes:

1. To elect the eight directors named in the Proxy Statement to hold office until the next Annual Meeting of Stockholders, or until their respective successors are elected and qualified;
2. To ratify the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for 2018;
3. To approve, on an advisory basis, the Company’s executive compensation; and
4. To transact any other business properly presented before the Annual Meeting.

The Board of Directors has fixed Tuesday, April 10, 2018, as the record date for determining stockholders entitled to receive notice of and to vote at the Annual Meeting (or any adjournment or postponement of it). Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the Annual Meeting. For specific instructions on voting, please refer to the instructions provided in your Notice of Internet Availability of Proxy Materials or, if you receive a complete set of our proxy materials by U.S. mail, on the proxy card.

INTERNET AVAILABILITY

We are taking advantage of the Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders through the Internet. We believe these rules allow us to provide you with the information you need while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. On or about April 23, 2018, we mailed to stockholders as of the record date a Notice Regarding the Availability of Proxy Materials. If you received a Notice by mail, you will not receive printed copies of the proxy materials, unless you specifically request them. Instead, the Notice instructs you on how to access and review all of the important information contained in this Proxy Statement and in our 2017 Annual Report on Form 10-K (which we posted on the same date), as well as how to submit your proxy over the Internet. If you received the Notice and would still like to receive a printed copy of our proxy materials, you may request a printed copy of the proxy materials by following the instructions in the Notice.

WE INVITE YOU TO ATTEND THE ANNUAL MEETING IN PERSON, BUT WHETHER OR NOT YOU EXPECT TO ATTEND, PLEASE VOTE YOUR SHARES AS SOON AS POSSIBLE.

By Order of the Board of Directors,

JONATHAN COLEMAN
Secretary

NOTICE: Brokers are not permitted to vote on the election of directors or advisory resolution to approve executive compensation, without instructions from the beneficial owner, as discussed in more detail in the Proxy Statement. Therefore, if your shares are held through a brokerage firm, bank or other nominee, they will not be voted on these matters unless you affirmatively vote your shares in one of the ways described in the Notice.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON WEDNESDAY, JUNE 6, 2018

The Board of Directors (the “Board”) of CoStar Group, Inc. (“CoStar”, “we” or the “Company”) solicits your proxy for use at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held at 10:00 a.m., local time, on Wednesday, June 6, 2018, at the Company’s principal executive offices at 1331 L Street N.W., Washington, DC 20005, and at any adjournment or postponement of the Annual Meeting.

We are mailing the Notice Regarding the Availability of Proxy Materials to our stockholders eligible to vote at the Annual Meeting on or about April 23, 2018.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE
STOCKHOLDER MEETING TO BE HELD ON JUNE 6, 2018

The Notice of Meeting and this Proxy Statement, as well as our 2017 Annual Report on Form 10-K, are available on our corporate website at www.costargroup.com/investors/sec-filings.

OUTSTANDING SECURITIES, VOTING RIGHTS AND QUORUM

At the close of business on the record date, Tuesday, April 10, 2018, there were 36,392,021 shares of common stock outstanding and entitled to vote at the Annual Meeting. Each outstanding share of common stock is entitled to one vote on each of the eight director nominees and on each of the other proposals.

The presence at the Annual Meeting, in person or by proxy, of a majority of the outstanding shares as of the record date constitutes a quorum (the minimum number of shares required to take action) for the Annual Meeting. Both abstentions and broker non-votes will be counted as shares present for purposes of obtaining a quorum.

The required vote and the calculation method for each of the matters scheduled for consideration at the Annual Meeting are as follows:

Election of Directors. Our Bylaws provide that, in an uncontested election, each director will be elected by a majority of votes cast. A “majority of votes cast” means the number of shares voted “FOR” a director exceeds the number of shares voted “AGAINST” that director. Our Board of Directors has adopted a director resignation policy consistent with the majority voting standard in our Bylaws. The policy provides that an incumbent director who does not receive the requisite majority of the votes cast for his or her election shall tender his or her resignation to the Board of Directors. The Nominating & Corporate Governance Committee will then recommend to the Board, and the Board will decide, whether to accept or reject the resignation offer or take other action. In making its decision, the Board may consider any factors or information that it considers relevant. The Board will act on the recommendation of the Nominating & Corporate Governance Committee within 90 days following certification of the election results.

The majority voting standard does not apply, however, in a contested election, as further described in our Bylaws. The election of directors at the 2018 Annual Meeting will not be contested and each of the directors who receives the requisite majority of votes cast will be elected.

Each of the Other Proposals. Approval of each of the other proposals to be voted on at the Annual Meeting requires a majority of votes cast, which means that the number of shares voted “FOR” the proposal must exceed the number of shares voted “AGAINST” the proposal.

Treatment of Abstentions

With respect to the election of directors and the other proposals, stockholders may vote or abstain from voting. Abstentions will not affect the outcome of the election of directors or the other proposals because they are disregarded in calculating the total number of votes cast. Abstentions will be counted as present and entitled to vote for purposes of determining the presence of a quorum at the Annual Meeting.

Treatment of Broker Non-Votes

If your shares are held in street name through a broker, bank or other nominee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares. Your broker, bank or other nominee has the discretion to vote on routine corporate matters (routine matters include ratification of the appointment of the Company's independent registered public accounting firm) presented in the proxy materials without your specific voting instructions. For non-routine matters (non-routine matters include election of directors and approval of the advisory resolution to approve executive compensation, your shares will not be voted without your specific voting instructions, resulting in a "broker non-vote."

Broker non-votes will not affect the outcome of the election of directors or the other proposals because they are disregarded in calculating the total number of votes cast on the election of directors and each of the other proposals. Broker non-votes will be counted as present and entitled to vote for purposes of determining the presence of a quorum at the Annual Meeting.

PROXY VOTING AND REVOCATION

There are four ways you can vote:

- By Internet (www.proxyvote.com): You may vote over the Internet by following the instructions provided in the
- 1. Notice or, if you receive a complete set of proxy materials by U.S. mail, by following the instructions on your proxy card.
- 2. By Telephone: If you receive a complete set of proxy materials by U.S. mail, you may vote by telephone by following the instructions on your proxy card.
- By Mail: If you receive a complete set of proxy materials by U.S. mail, you may complete, sign and return the
- 3. accompanying proxy card in the postage-paid envelope provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.
- In Person: If you are a stockholder as of the record date, you may vote in person at the Annual Meeting. Submitting
- 4. a proxy will not prevent a stockholder from attending the Annual Meeting, revoking his or her earlier-submitted proxy or voting in person.

If you properly complete and execute your proxy card in one of the ways set forth above:

• Your shares will be voted in accordance with your instructions.

If you sign, date and return your proxy card and there are any items for which you do not provide instructions, your shares will be voted in accordance with the Board's recommendations as follows: "FOR" election of each of the director nominees, "FOR" ratification of the independent registered public accounting firm, and "FOR" approval of the advisory resolution to approve executive compensation.

You may revoke your proxy at any time before it is voted by:

• Delivering to the Corporate Secretary written notice that you are revoking your proxy;

Submitting a properly executed proxy bearing a later date; or
Attending the Annual Meeting and voting in person. If you are not the owner of record, but rather hold your shares through a broker or bank, you should take appropriate steps to obtain a legal proxy from the owner of record if you wish to attend and vote at the Annual Meeting.

Simply attending the Annual Meeting will not revoke your proxy. If you instructed a broker to vote your shares, you must follow your broker's directions for changing those instructions.

ATTENDING THE ANNUAL MEETING

Only stockholders as of the record date, their proxy holders and our invited guests may attend the Annual Meeting. Beneficial owners whose ownership is registered under another party's name and who plan to attend the Annual Meeting in person should obtain an admission ticket in advance by sending written requests, along with proof of beneficial ownership, such as a bank or brokerage firm account statement, to: Rich Simonelli, Vice President of Investor Relations, CoStar Group, Inc., 1331 L Street N.W., Washington, DC 20005. Beneficial owners who do not present valid admission tickets at the registration counter at the Annual Meeting will be admitted at CoStar's sole discretion and may be required to verify share ownership, which may be established by providing a bank or brokerage firm account statement and photo identification, at the registration counter at the Annual Meeting. Stockholders as of the record date or their proxy holders who plan to attend the Annual Meeting may also be asked to present photo identification at the registration counter at the Annual Meeting to gain admittance to the Annual Meeting. Each stockholder may appoint only one proxy holder or representative to attend the meeting on his or her behalf.

ITEM 1
ELECTION OF DIRECTORS

The Board has currently fixed the number of directors constituting the Board at eight. The Nominating & Corporate Governance Committee has recommended and the Board has nominated the eight current directors for reelection, all of whom were last elected at the 2017 Annual Meeting of Stockholders. The persons named as proxy holders on the proxy card will vote your shares “FOR” each of the eight nominees unless you instruct otherwise on your proxy card.

Each of our directors elected at the Annual Meeting will serve until the next Annual Meeting of Stockholders or until his or her successor is elected and qualified. We know of no reason why any nominee would be unable to serve. However, if any of the nominees should become unable to serve prior to the Annual Meeting, proxies that do not withhold authority to vote for directors may be voted for any other nominee or nominees selected by the Board unless the Board votes to reduce the size of the Board to match the actual number of nominees. In no event may proxies be voted for a greater number of persons than the number of nominees named. We did not receive any stockholder nominations for director in connection with the 2018 Annual Meeting.

BOARD COMPOSITION

Our Nominating & Corporate Governance Committee is responsible for reviewing and assessing with the Board the Board’s membership criteria. The criteria include independence; judgment; integrity; ability to commit sufficient time and attention to the activities of the Board; an individual’s business experience, skills and background, including an understanding of and experience with commercial real estate, information services, and technology industries; finance and marketing expertise; and absence of potential conflicts with the Company’s interests. The Nominating & Corporate Governance Committee seeks a diversity of occupational and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives. In addition, the Nominating & Corporate Governance Committee evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Nominating & Corporate Governance Committee believes the Board will find valuable in the future, given the Company’s current standing and strategic plans. This evaluation enables the Nominating & Corporate Governance Committee to assess its effectiveness at achieving these Board membership objectives.

We do not expect or intend that each director will have the same skills, experience and background. We expect that our Board members will have a diverse portfolio of skills, experiences and backgrounds and that each will contribute to the composition of the Board so that collectively the Board will possess the necessary skills, experience and background to oversee the business and affairs of the Company. Below is a list of key skills and experience that our directors bring to our Board that we consider important in light of our current business and structure. The directors’ individual biographies below describe each director’s most relevant experience, qualifications and skills.

Directors' Key Skills and Experience

Industry Expertise	We seek directors with experience in the commercial real estate, information services and technology industries. Experience in those areas is valuable in understanding our growth and development efforts, as well as the market segments in which we operate.
Financial Expertise	We believe that an understanding of accounting and financial reporting processes is important because it assists our directors in understanding, advising and overseeing our investing activities, financial reporting and internal controls. We measure our operating performance by reference to financial targets. We expect all of our directors to be financially knowledgeable.
Mergers & Acquisitions Experience	We have grown over the years in part through mergers & acquisitions activity and believe directors who have a background in mergers & acquisitions transactions can provide insight into developing and implementing strategies for growing our operations through business combinations and also provide relevant input regarding our business strategy. Relevant experience in this area includes experience identifying and valuing proposed transactions, analyzing the 'fit' of a proposed acquisition target with the Company's strategy, and integrating acquired companies with our existing operations.
Business Development	We expect to continue to grow organically by identifying and developing new services and new markets for our services. Directors who have expertise in business development can provide insight into developing and implementing strategies for growing our business organically.
Public Company Board and Management Experience	Directors who have served on other public company boards and/or as executives of other public companies can offer advice and insight with regard to the dynamics and operation of a board of directors, the relationship between a board and the CEO and other management personnel, and an understanding of good corporate governance practices and risk management.
Leadership Experience	Directors who have served in a leadership capacity or as executives at other companies provide valuable operational insight and can help the Board operate efficiently and effectively.

NOMINEES' BUSINESS EXPERIENCE, QUALIFICATIONS AND DIRECTORSHIPS

Michael R. Klein has been the Chairman of our Board of Directors since 1987. Mr. Klein also currently serves as Chairman of the board of directors and Chief Executive Officer of The Sunlight Foundation, a non-profit public education organization which he founded in 2005, Chairman of Gun Violence Archive, a non-profit public education organization which he founded in 2014, and as Vice Chairman of the board of directors, Lead Director, Chairman of the Corporate Governance & Nominating Committees, and member of the Audit and Compensation Committees of Tutor Perini Corporation, a publicly-held construction company. From 1998 to 2011, he served on the board of directors of SRA International, Inc., a formerly publicly held provider of technology and strategic consulting services and solutions which was sold in June 2011. Mr. Klein serves as a director of ThinkFood Group, LLC, a privately held company, and previously served as a director of ASTAR Air Cargo, Inc., a privately held company, until it was sold in 2015. He also serves as Chairman of the board of directors of The Shakespeare Theatre Company, as a director and secretary of the American Himalayan Foundation, as a director of the NAACP Legal Defense and Education Fund, and as a trustee of the Aspen Music Festival and School and the Aspen Institutes. From 1974 through 2005, Mr. Klein was a partner of the law firm now known as Wilmer Cutler Pickering Hale and Dorr LLP. Mr. Klein received a B.B.A. and a J.D. from the University of Miami and an L.L.M. from Harvard University. Mr. Klein is 76 years old.

As a result of his service on our Board of Directors since the Company's inception, Mr. Klein has extensive knowledge of the commercial real estate, information services and technology industries, as well as the Company's products, services and business strategies. In addition to his role and tenure on our Board, Mr. Klein brings to the Board of Directors extensive experience through his service over the past 30 years on the boards of directors of the foregoing and other publicly-held companies, as well as several privately-held businesses and non-profit organizations, including in the role of Chairman and Lead Director. Mr. Klein's experience gained as a result of his involvement as a founder, director and/or investor in those entities over the past 30 years, including active participation in their business development and management, enables him to contribute significantly to the oversight and governance of the Company. Mr. Klein also has three decades of service as a corporate and securities lawyer with significant participation in corporate financings and mergers & acquisitions, allowing him to provide valuable insight when evaluating or overseeing the Company's business and growth strategies.

Andrew C. Florance founded the Company in 1987. As President and CEO of CoStar, Mr. Florance has directed CoStar Group's successful expansion from start-up, to its IPO in July 1998, to its market-leading position today with a staff of approximately 4,000 worldwide and a client base that includes the real estate industry's leading brokerage firms, property owners, and lenders. He manages an international service platform that includes the United States, United Kingdom, France, Spain, Germany and Canada and was utilized by nearly 30 million users a month in 2017. Mr. Florance is a recognized authority for analysis of real estate markets. While leading CoStar Group, he has identified, negotiated, and closed more than 20 acquisitions across six countries. He is a frequent speaker on commercial real estate at industry events. He co-authored a study about the utilization and usefulness of a massive data set to track apartment rents effectively, titled "What's Really Happening With Apartment Rents." The study received a 2016 Manuscript Prize Award from the American Real Estate Society (ARES), an association of real estate thought leaders. He conceived of and co-authored the study resulting in the 2010 launch of the CoStar Commercial Repeat-Sale Indices (CCRSI), which is believed to be the most comprehensive and thorough commercial real estate repeat-sale price index available in the market today. The study was recognized as "Best Manuscript" by the James R. Webb American Real Estate Society (ARES) Foundation. He also co-authored the first comprehensive analysis of leasing and sales activity in energy-efficient office buildings in the United States. The study, which was published in *The Journal of Real Estate Portfolio Management*, was selected by the ARES as the "Best Paper" published in this prestigious academic real estate journal in 2008. The groundbreaking study was also cited as a critical factor in the Company's selection as the only commercial real estate-related company to win an ENERGY STAR award for excellence from the U.S. Environmental Protection Agency in 2009. In addition, Mr. Florance is the recipient of numerous other awards recognizing his accomplishments as an entrepreneur and corporate leader, including: Cornell

Real Estate Review's Real Estate Industry Executive of the Year for 2009; Transwestern's 2007 Public Company Trendsetter of the Year for revolutionizing the way the commercial real estate industry gathers, analyzes and uses information on commercial property and markets; and Ernst & Young's Entrepreneur of the Year award in 2000 for his pioneering work in real estate information services.

Mr. Florance was honored by the Leadership Enterprise for a Diverse America Organization for his entrepreneurial leadership and commitment to education. He served on the board of directors of Walker & Dunlop, Inc. from November 2012 to May 2016. Mr. Florance currently serves on several non-profit boards of directors, including the board of directors of ARES, the governing board of Management Leadership for Tomorrow, a nonprofit working to develop diverse leaders and expand talent pipelines, the St. Albans School Governing Board, and the board of the Children's Hospital Foundation. Mr. Florance is Vice Chair of the Cathedral Chapter overseeing the Washington National Cathedral. Mr. Florance received a B.A. in economics from Princeton University. He is 54 years old.

As the founder of the Company and the only member of the Company's senior management team who serves on our Board, Mr. Florance brings to the Board significant knowledge and understanding of the real estate and information services industries, unique expertise on the Company's products and services, and extensive leadership experience. Over his 30-year tenure with the Company, Mr. Florance has served as the Chief Executive Officer and has been actively involved in all facets of the Company's business, including developing the Company's products and services, identifying and developing markets for the Company's products and services and identifying and integrating acquisition targets. This experience enables Mr. Florance to make significant contributions to the Company's business development and strategy.

Laura Cox Kaplan is the former Principal-in-Charge of Government, Regulatory Affairs and Public Policy for professional services and accounting firm PricewaterhouseCoopers (PwC), where she spent more than 11 years, from December 2004 to July 2016, managing the firm's public policy engagement strategy, and almost a decade on the executive management team. In her role at PwC, she also provided advice to clients, particularly at the executive and board level, on developments in public policy and public policy strategy. Ms. Kaplan served on PwC's Global Public Policy and Regulatory Board, which coordinated public policy strategies across the more than 150 countries in which PwC operates. She served as Chair of the American Institute of Certified Public Accountants' (AICPA) Federal Legislative Task Force, which coordinated strategies for shaping legislative policy that impacts the accounting profession, and was a member of the Center for Audit Quality's (CAQ) Executive Management Committee. Prior to joining PwC, Ms. Kaplan served in senior level positions at the U.S. Securities and Exchange Commission and the U.S. Department of the Treasury, where she focused largely on the legislative and regulatory response to corporate governance and accounting failures in the late 1990s and on the implementation of the Sarbanes-Oxley Act of 2002. Ms. Kaplan has been an adjunct professor at American University since January 2017, and currently serves as an External Board Member of Hunt Companies and on the following non-profit boards: Running Start, where she serves as Board Co-Chair; American Council on Germany; All in Together; and Empowered Women. She also serves on the advisory boards for: the Bush School of Government and Public Service at Texas A&M University, The Wilson Center Women in Public Service Project, and the US Chamber of Commerce Foundation. Ms. Kaplan is the creator and host of the "She Said/She Said Podcast" and blog which showcases women leaders and their impact. Ms. Kaplan received a Master's degree from American University and a B.A. from the University of Texas, Austin. She is 48 years old.

Ms. Kaplan has more than 25 years of experience in communications, corporate governance, stakeholder engagement and public policy strategy. She lends her experience and voice publicly to a range of topics important to the public and private sectors including career and talent development, the importance of developing a diversified workforce and of the value of diversified teams, women's leadership, and corporate governance. As a result of her experience, Ms. Kaplan brings to the Board valuable leadership, management and corporate governance experience.

Michael J. Glosserman served as a Managing Member of the JBG Companies (JBG), from 1982 to 2017, and as Chairman of its Executive Committee from 2008 to 2017. In 2017, a newly formed public company, JBG Smith, acquired the management business and certain assets and liabilities of JBG, then the Washington Area's largest commercial real estate company. He currently serves as a Board Member of JBG Smith Properties and Costar Group. He began his career as a staff attorney with the U.S. Department of Justice, shortly thereafter moving into commercial

real estate investment and development with the Rouse Company in 1972 and joined JBG in 1979. His non-professional affiliations include or have included: Trustee, The Better Angels Society; Board Chair and Honorary Trustee, National Building Museum; Trustee, Federal City Council; Advisory Board Member of the University of Pennsylvania Institute for Urban Research; Trustee, Georgetown Day School; and Trustee, Woodley House. From November 2008 to September 2009, Mr. Steinberg worked with investors and the board of directors of SnappCloud (formerly known as ARPU) on funding and revising the Company's operational focus. Prior to joining SnappCloud, Mr. Steinberg was the Chairman and Chief Executive Officer of SwapDrive, Inc., an online storage cloud solution from May 2001 to October 2008, during which time SwapDrive was sold to Symantec. Mr. Steinberg also founded bridge2bridge, where he helped companies at all stages with strategy in the areas of business development, channels, and capital formation. Prior to founding bridge2bridge, Mr. Steinberg was Vice President of BioNetrix Software, Inc., where he was responsible for worldwide sales and market development. Mr. Steinberg also previously served as the director of worldwide vertical channels at then start up Check Point Software, Inc. and as a founding member of SynOptics Communications, Inc. (which became Bay Networks after a merger), establishing SynOptics' U.S. Eastern and federal systems operations. Mr. Steinberg serves on the boards of directors of the following privately-held companies: SolSystems; Radius Networks, where he serves as Chairman; and The Wireless Registry, where he serves as Chairman. He is a member of the advisory board of the Washington, D.C. venture capital firm Core Capital Partners, and he serves on the boards of directors of the following not-for-profit entities: SEED School of Washington, D.C. and We are Family. Mr. Steinberg received a B.S. in physiological psychology from the University of Cincinnati. Mr. Steinberg is 60 years old.

Mr. Steinberg has over 35 years of sales, technical and executive experience in the data communication, network security, and Internet services industries. As a result of his experience, Mr. Steinberg brings to the Board significant business development, marketing, and executive management experience, as well as significant Internet services industry, financial and growth strategies expertise.

THE BOARD RECOMMENDS A VOTE "FOR" EACH OF THESE NOMINEES.

ITEM 2

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has recommended and the Board has approved the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company for 2018. As a matter of good corporate governance, the Board is asking stockholders to ratify this appointment, even though ratification is not required. If stockholders do not ratify this appointment, the Board may, but is not required to, reconsider such appointment. Even if stockholders ratify this appointment, the Board may direct the appointment of a different independent auditor at any time during 2018 if, in its discretion, it determines that such a change would be in the Company's best interests.

Ernst & Young LLP has served as the independent registered public accounting firm for the Company, its subsidiaries, and its predecessors since 1994. A representative from Ernst & Young LLP is expected to attend the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

For the years ended December 31, 2016 and 2017, Ernst & Young LLP billed CoStar the fees set forth below, including expenses, in connection with services rendered to CoStar:

	Year Ended December 31, 2016	Year Ended December 31, 2017
Audit Fees	\$1,655,005	\$1,895,028
Audit Related Fees	35,000	—
Tax Fees	107,400	30,000
All Other Fees	—	—
Total	\$1,797,405	\$1,925,028

Audit Fees include fees for services performed for the audit of CoStar's annual financial statements, review of financial statements included in CoStar's periodic filings with the SEC, audit of CoStar's internal control over financial reporting and statutory audits required internationally. The fees for services performed for the audit of CoStar's 2016 annual financial statements include \$90,000 related to the acquisition of Thomas Daily GmbH ("Thomas Daily"), a commercial real estate news and information provider operating in Freiburg, Germany. The fees for services performed for the audit of CoStar's 2017 annual financial statements include \$180,000 related to the implementation of new accounting guidance for revenue; \$149,000 related to the acquisition of LandWatch, which we added to our network of land-dedicated sites in 2017, as well as Koa Lei, Inc. (doing business as Westside Rentals) and Westside Credit Services, LLC; \$106,470 related to securities filing with the SEC; \$61,740 for audit services in connection with the Company's ERP system implementation; and \$29,530 for debt related activities.

Audit Related Fees include fees associated with assurance and related services that are reasonably related to the performance of the audit or review of CoStar's financial statements. For the year ended December 31, 2016, the reported audit related fees represent fees for accounting services billed by Ernst & Young LLP primarily in connection with due diligence for the acquisition of Thomas Daily.

Tax Fees primarily include fees associated with tax return preparation, tax compliance, tax advice and tax planning. The tax services performed for the year ended December 31, 2016 include \$30,000 related to a research and development tax credit study, as well as \$25,000 related to the acquisition of Thomas Daily. The tax services performed for the year ended December 31, 2017 include \$15,000 related to a research and development tax credit study as well as \$15,000 related to the Domestic Manufacturing Deduction (Section 199) study.

AUDIT COMMITTEE PRE-APPROVAL POLICY

10

The Audit Committee's policy is that all audit and non-audit services provided by CoStar's independent registered public accounting firm shall either be approved before the independent registered public accounting firm is engaged for the particular services or shall be rendered pursuant to pre-approval procedures established by the Audit Committee. These services may include audit services and permissible audit-related services, tax services and other services. Pre-approval spending limits for services to be performed by CoStar's independent registered public accounting firm are established on an annual (for audit services) or periodic (for permissible non-audit services) basis, detailed as to a particular service or category of services to be performed and implemented by CoStar's financial officers. Any audit or non-audit service fees that may be incurred by CoStar that fall outside the limits pre-approved by the Audit Committee for a particular service or category of services must be reviewed and approved by the Chairperson of the Audit Committee or the Audit Committee as a whole prior to the performance of services. CoStar's Chief Financial Officer or General Counsel reports to the Audit Committee on a quarterly basis on all services rendered by the independent registered public accounting firm for which pre-approval has been granted and all fees paid to the independent registered public accounting firm for such services since the previous quarter's Audit Committee meeting. The Audit Committee may revise its pre-approval spending limits and policies at any time.

All fees paid to the independent registered public accounting firm in 2017 were pre-approved by the Audit Committee, and therefore no services were approved after the services were rendered pursuant to the "de minimis" exception established by the SEC for the provision of non-audit services.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" RATIFYING THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR 2018.

ITEM 3
ADVISORY RESOLUTION TO APPROVE
EXECUTIVE COMPENSATION

We are asking stockholders to approve, on an advisory basis, a resolution on the Company's executive compensation as reported in this Proxy Statement. As described below in the "Compensation Discussion and Analysis" section of this Proxy Statement, the Compensation Committee has structured our executive compensation program to achieve the following key objectives:

- Link executive compensation with the achievement of overall corporate goals,
- Encourage and reward superior performance, and
- Assist the Company in attracting, motivating and retaining talented executives.

Our Compensation Committee supports a pay-for-performance approach to executive compensation, coupled with the key objectives set forth above. Our executive compensation program has a number of features designed to promote these objectives and is designed to motivate our executives to successfully manage and grow our business. Some of the key features of our current executive compensation program include:

Performance Focus and Multi-Year Performance Metric. The executive compensation program consists of annual grants of restricted stock (with the value of grant determined based on the achievement of a financial goal over the prior fiscal year) and options that vest over time and a grant of performance-based restricted stock that vests based on achievement of a three-year cumulative financial goal that is subject to adjustment based on the Company's total stockholder return ("TSR") over the three-year period. The performance-based restricted stock grant provides for:

- A three-year, cumulative revenue goal in order to align executive compensation with long-term stockholder value;
- and
- A measure of stockholder return, whereby the shares earned, if any, as a result of the Company's achievement of the revenue goal will be positively or negatively adjusted based on the Company's three-year TSR relative to the three-year TSR of the companies included within the Russell 1000 index, in order to align executive compensation with long-term stockholder returns.

- **Distinct Performance Metrics for the Annual and Long-Term Incentive Plans.** The annual awards of cash incentives and restricted stock are based on distinct earnings metrics. Further, the three-year performance-based restricted stock awards are based on a separate and distinct revenue metric.

Equity Grant Values Evaluated Against Peer Companies. The Compensation Committee generally strives to set target equity award values within +/- 15% of the median peer values to avoid potential payouts that could be multiple times higher than the median of the executives' respective peers.

We believe that stockholders' interests are further served by other executive compensation-related practices and policies that we have adopted:

- We do not have guaranteed minimum payment levels for executives' cash incentives or performance-based equity awards.

- We do not provide material perquisites to our executive officers.

- We do not have the ability to reprice options without stockholder approval.

- Our executive officers and directors are subject to rigorous stock ownership policies, which require them to own no less than a minimum value of Company common stock.

- We have a clawback policy that allows the Company to recover incentive awards from executives in certain circumstances if the Company has to restate its financial results.

Our Compensation Committee regularly retains an independent compensation consultant to advise the Compensation Committee on evolving best practices on executive compensation and with respect to the Company's compensation peer group.

We seek and value stockholder feedback on our executive compensation program.

Many of the current program features are a result of the Company proactively reaching out to stockholders to discuss the Company's executive compensation program. In response to those discussions, in early 2014 the Compensation Committee implemented and approved the long-term performance component within the current executive compensation program, use of distinct financial metrics on which the annual awards of cash incentives and restricted stock awards are based, the performance goal used to determine the value of the three-year performance-based restricted stock awards, the executive stock ownership policy and the clawback policy. In 2017, the Company continued to proactively reach out to stockholders to discuss the Company's executive compensation program. The Company spoke with stockholders holding approximately 85% of the outstanding common stock of the Company, including 18 of the top 20 stockholders, which hold approximately 61% of the outstanding common stock of the Company. In conversations between the Company and these stockholders during 2017, the stockholders expressed positive views regarding the Company's management team and financial performance, as well as approval of the link between the executive compensation program and the Company's financial performance.

We urge stockholders to read the "Compensation Discussion and Analysis" section of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing in the sections titled "Executive Compensation Tables and Discussion" and "Narratives to Summary Compensation Table and Grants of Plan-Based Awards Table" in this Proxy Statement, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the "Compensation Discussion and Analysis" are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has supported and contributed to the Company's recent and long-term success.

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking stockholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the stockholders of CoStar Group, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2018 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program. The Company provided its stockholders a "say-on-pay" advisory vote to approve its executive compensation in 2017. At the 2017 Annual Meeting, approximately 88% of the votes cast were for approval of the "say-on-pay" advisory vote. The Compensation Committee believes these results demonstrate that our stockholders support our compensation approach. We retained these executive performance-based compensation programs throughout 2017 and continue to maintain performance-based executive compensation programs in 2018.

At our annual meeting of stockholders held on June 6, 2017, our stockholders voted to adopt the recommendation of our Board to vote on the say-on-pay proposal every year at our annual meeting. As a result, we expect to continue to submit our say-on-pay proposal to our stockholders at each annual meeting. We expect to ask our stockholders to vote on a proposal regarding the frequency of the vote on the say-on-pay proposal at our 2023 Annual Meeting, as required

by the Dodd-Frank Act.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION.

13

OTHER MATTERS

We do not know of any other matter that will be presented for consideration at the Annual Meeting. If any other matter does properly come before the Annual Meeting, the proxy holders will, unless otherwise specified in the proxy, vote on it as they think best in their discretion.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR DIRECTORS FOR THE 2019 ANNUAL MEETING

A stockholder who intends to introduce a proposal for consideration at our 2019 Annual Meeting of Stockholders may seek to have that proposal and a statement in support of the proposal included in our Proxy Statement if the proposal relates to a subject that is permitted under Rule 14a-8 under the Exchange Act. Additionally, in order to be eligible for inclusion in our Proxy Statement, the stockholder must submit the proposal and supporting statement to our Corporate Secretary in writing not later than December 24, 2018, and must satisfy the other requirements of Rule 14a-8. Stockholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of applicable securities laws. The submission of a stockholder proposal does not guarantee that it will be included in our Proxy Statement.

A stockholder may otherwise propose business for consideration or nominate persons for election to the Board, in compliance with federal proxy rules, applicable state law and other legal requirements and without seeking to have the proposal included in our Proxy Statement pursuant to Rule 14a-8. Our Amended and Restated Bylaws provide that any such proposals or nominations must be submitted to us not later than the close of business on the 75th day and not earlier than the close of business on the 105th day before the first anniversary date of the preceding year's annual meeting. In the event that the date of the Company's annual meeting is more than 30 days before or more than 70 days after the first anniversary of the preceding year's annual meeting (other than as a result of adjournment or postponement), then, to be timely, such stockholder's notice must be submitted in writing not earlier than the close of business on the 105th day prior to such annual meeting and not later than the close of business on the later of the 75th day prior to such annual meeting or the 10th day following the date on which the public announcement of the date of such meeting is first made by the Company. Accordingly, stockholders who wish to nominate persons for election as directors or bring forth other proposals outside of Rule 14a-8 at the 2019 Annual Meeting must give notice of their intention to do so in writing to our Corporate Secretary on or before the close of business on March 23, 2019, but no sooner than the close of business on February 21, 2019. The stockholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the stockholder's ownership of common stock as required by the Company's Amended and Restated Bylaws. Stockholder proposals or nominations not meeting these requirements will not be entertained at the 2019 Annual Meeting.

ADDITIONAL INFORMATION CORPORATE GOVERNANCE MATTERS

Corporate Governance Guidelines

The Board, on the recommendation of the Nominating & Corporate Governance Committee, has adopted the Company's Principles of Corporate Governance to assist the Board in carrying out its responsibilities and to set forth the Board's current views with respect to selected corporate governance matters considered to be of significance to our stockholders. The Company's Principles of Corporate Governance direct our Board's actions with respect to, among other things, Board composition, director membership criteria, composition of the Board's standing committees, and the Board's performance evaluations. The Company's Principles of Corporate Governance can be found on the "Investors" section of the Company's corporate website at <http://www.costargroup.com/investors/governance>.

Identifying and Evaluating Nominees

The Nominating & Corporate Governance Committee identifies nominees for director on its own as well as by considering recommendations from other members of the Board, officers and employees of CoStar, and other sources that the Nominating & Corporate Governance Committee deems appropriate. The Nominating & Corporate Governance Committee will also consider Board nominees suggested by stockholders, subject to such recommendations being submitted during the period and including the required information specified in CoStar's Amended and Restated Bylaws for stockholders to nominate directors, as described under "Stockholder Proposals and Nominations for Directors for the 2019 Annual Meeting" above. The Company may require any proposed nominee to furnish other information as reasonably required to determine eligibility to serve as a director of the Company, including information regarding the proposed nominee's independence. There is no difference in the manner by which the Nominating & Corporate Governance Committee evaluates prospective nominees for director based on the source from which the individual was first identified.

When evaluating nominees for director, the Nominating & Corporate Governance Committee considers, among other things, an individual's business experience and skills, background, independence, judgment, integrity and ability to commit sufficient time and attention to the activities of the Board, as well as the absence of any potential conflicts with the Company's interests. When considering a director standing for reelection as a nominee, in addition to the attributes described above, the Nominating & Corporate Governance Committee also considers that individual's past contribution and future commitment to CoStar. The Nominating & Corporate Governance Committee evaluates the totality of the merits of each prospective nominee that it considers and does not restrict itself by establishing minimum qualifications or attributes. The Nominating & Corporate Governance Committee evaluates candidates within the context of the perceived needs of the Board as a whole, so that the members of the Board collectively will possess the necessary skills, experience and background. While the Nominating & Corporate Governance Committee does not have a formal policy with respect to diversity, the Nominating & Corporate Governance Committee believes that it is important that Board members represent diverse viewpoints. The Nominating and Corporate Governance Committee assesses the effectiveness of its approach toward maintaining and encouraging diversity on the Board through on-going feedback from Board members on an informal basis.

The Nominating and Corporate Governance Committee has approved a search for one or more additional board members with a focus on adding diversity (particularly gender diversity) to the Board.

Board Leadership Structure

Currently, an independent director, Mr. Klein, serves as Chairman of the Board and a separate director, Mr. Florance, serves as Chief Executive Officer. Mr. Klein has served on the Company's Board of Directors since inception and is well positioned to serve as Chairman of the Board. The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board at the particular time. The Board has determined that this leadership structure, under which the roles of Chairman and CEO are separate and an independent director serves as Chairman, currently is in the best interest of the Company's stockholders. This structure provides a greater role for the independent directors in the oversight of the Company and in setting agendas and establishing Board priorities and procedures. In addition, this structure permits the Chief Executive Officer to focus on the management of the Company's day-to-day operations.

Independent Directors

CoStar's Board has determined that Messrs. Klein, Glosserman, Haber, Hill, Nassetta, and Steinberg and Ms. Kaplan are each independent as defined under Rule 5605(a)(2) of the Nasdaq listing rules. As part of the Board's

determination of each member's independence, the Board was presented with information regarding Mr. Klein's position as Chairman of the Shakespeare Theatre Company, a non-profit organization, and Mr. Hill's positions on the board of directors of Step Afrika!, a 501(c)(3) charitable organization, and on the board of trustees of the Shakespeare Theatre Company. The Company expensed contributions to the Shakespeare Theatre Company of \$118,000 in 2015, \$80,000 in 2016 and \$85,000 in 2017. In addition, in 2015, 2016 and 2017, the Company paid approximately \$37,000, \$20,000, and \$15,000,

respectively, to the Shakespeare Theatre Company for promotional and hospitality services promoting the Company's Apartments.com and CoStar services, as well as season-long benefits, which aggregate annual amounts are less than five percent of the consolidated gross annual revenues of the Shakespeare Theatre Company for those years. The Company expensed contributions to Step Afrika! of \$40,000 in 2017 (which amount is less than five percent of the consolidated gross annual revenues of Step Afrika!). The Company did not expense any contributions to Step Afrika! in 2015 or 2016. In addition, the Board considered that Mr. Nassetta serves as an executive officer of a company that subscribes to the Company's services and that Ms. Cox Kaplan serves as an External Board Member of a company that subscribes to the Company's services and that in each such case the payments to the Company were less than one percent of the consolidated gross annual revenues of the Company in each of the last three fiscal years. Further, the Board considered that the services provided by the Company to Mr. Nassetta's company and to the company for which Ms. Cox Kaplan serves as a board member are on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances.

The Board's Role in Risk Oversight

One of the Board's functions is oversight of risk management at CoStar. This risk oversight function is administered both through the full Board and through individual Board Committees that are tasked by the Board with oversight of specific risks, as described below.

Companies face a variety of risks, including macro-economic risks, such as inflation, economic downturns, or recession; business-specific risks related to strategic position, operations, financial structure, legal and regulatory compliance and corporate governance; and event-specific risks, such as natural disasters or wars. The Company believes that an effective risk management system will:

- Timely identify the material risks that the Company faces,
- Communicate necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant Board Committee,
- Implement appropriate and responsive risk management strategies consistent with the Company's risk profile, and
- Integrate risk management into Company decision-making.

The Board believes that our leadership structure, discussed under "Board Leadership Structure" above, supports the risk oversight function of the Board. We have an independent director serving as Chairman of the Board and a separate director serving as Chief Executive Officer. In addition, independent directors chair and serve on the various committees involved with risk oversight.

The Board encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations. Management is responsible for identifying risk and risk controls related to significant business activities and developing programs and recommendations to determine the sufficiency of risk identification, the balance of potential risk to potential reward, and the appropriate manner in which to control risk.

The Board implements its risk oversight responsibilities by having management, typically the Chief Financial Officer or General Counsel, provide periodic briefing and informational sessions on the significant voluntary and involuntary risks that the Company faces and how the Company is seeking to control risk if and when appropriate. When appropriate, other members of management will provide information to the Board or one of its committees with respect to a specific area of potential risk and how the Company manages or seeks to control the identified risk. In some cases, as with risks related to product or service acceptance, risk oversight is addressed as part of the full Board's engagement with the Chief Executive Officer and management. In other cases, a Board Committee is responsible for oversight of specific risk topics, in which case management meets directly with the Board Committee. For example,

the Audit Committee oversees issues related to internal control over financial reporting and issues related to the Company's risk tolerance in cash-management investments, and the Compensation Committee oversees risks related to compensation plans and programs, as discussed in greater detail below. The Company's Audit Committee meets regularly, the Compensation Committee meets at least annually, and the Nominating & Corporate Governance Committee generally meets annually,

and each Committee reports back to the full Board. The Board also works with the Company's management to assess, analyze and address the most likely areas of future risk for the Company.

Risk Assessment in Compensation Programs

We have assessed the Company's compensation programs. Management assessed the Company's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations encourage or create undesired or unintentional risk of a material nature. The Compensation Committee also engaged its independent compensation consultant, Willis Towers Watson, to assess the Company's executive compensation program. The risk assessment process included:

- A review of CoStar's compensation programs, policies and practices;
- Program analysis to identify risk and risk control related to the programs; and
- Determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward and risk control.

Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. The Company supports the use of base salary, performance-based compensation, and retirement plans that are generally uniform in design and operation throughout the Company. In most cases, the compensation policies and practices are centrally designed and administered, and are substantially identical at each business unit, except that sales personnel are also eligible to receive sales commissions depending upon performance. Programs may differ by country due to variations in local laws and customs.

Based on the foregoing, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of the Company; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Stockholder Communications with the Board

Stockholders may communicate with our Board by sending written correspondence to CoStar Group, Inc., Attention: Corporate Secretary, 1331 L Street N.W., Washington, DC 20005. Such communications will be opened by the Corporate Secretary. A copy of the contents will be made and retained by the Corporate Secretary and the contents will be promptly forwarded to the Chairman of the Nominating & Corporate Governance Committee and, if addressed to a particular committee or Board member, to that committee's Chairman or the particular Board member. The Corporate Secretary together with the Chairman of the Nominating & Corporate Governance Committee and his duly authorized agents are responsible for collecting and organizing stockholder communications. Absent a conflict of interest, the Chairman of the Nominating & Corporate Governance Committee is responsible for evaluating the materiality of each stockholder communication and determining which stockholder communications are to be presented to the full Board, individual directors or other appropriate body.

Policy Regarding Attendance at Annual Meetings

CoStar Group encourages, but does not require, directors to attend the Annual Meetings of Stockholders. In 2017, one director attended the Annual Meeting of Stockholders.

BOARD MEETINGS AND COMMITTEES

In accordance with applicable Delaware law and the Company's Amended and Restated Bylaws, the business and affairs of the Company are managed under the direction of its Board. The Board, which is elected by the Company's stockholders, is the ultimate decision-making body of the Company except with respect to those matters reserved to

17

the stockholders. The Board selects, advises and monitors the performance of the Company's senior management team, which is charged with the conduct of the Company's business. The Board has established certain standing committees to assist it in fulfilling its responsibilities as described below.

During 2017, the Board of Directors held five meetings. During 2017, each director attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by each committee of the Board on which the director served, during the period in which the director so served.

Board Committees

The Board has Audit, Compensation and Nominating & Corporate Governance committees. The following table sets forth the composition of each of our Board committees as of the date of this Proxy Statement. The Audit and Compensation committees held four meetings and two meetings, respectively, in 2017. The Nominating & Corporate Governance committee did not hold a formal meeting in 2017, but did meet informally and took action by unanimous written consent.

*Chairman of the Committee

Audit Committee. The Board has determined that each of the current members of our Audit Committee is independent as defined under Rule 5605(a)(2) of the Nasdaq listing rules. In addition, the Board has determined that Audit Committee members Haber, Hill, Glosserman and Steinberg are "audit committee financial experts," as defined by regulations promulgated by the SEC, based on, among other things, the experience, qualifications and skills described above under "Item 1 – Election of Directors – Nominees' Business Experience, Qualifications and Directorships." The Audit Committee's responsibility is to assist the Board in fulfilling its oversight responsibilities as to accounting policies, internal controls, audit activities and reporting practices of the Company. The Audit Committee is also responsible for producing the report of the Audit Committee for inclusion in the Company's Proxy Statement. The Audit Committee operates under a written charter adopted by the Board and reviewed annually by the Audit Committee.

Compensation Committee. The Board has determined that each of the current members of our Compensation Committee is independent as defined under Rule 5605(a)(2) of the Nasdaq listing rules. The Compensation Committee operates under a written charter adopted by the Board and reviewed annually by the Compensation Committee.

The purpose of the Compensation Committee is to discharge the responsibilities of the Board relating to compensation of the Company's executive officers and directors, as well as to oversee production of the Compensation Committee report on executive compensation for inclusion in the Company's Proxy Statement. The Compensation Committee's authority and responsibilities include:

Overseeing the Company's compensation structure, policies and programs for executive officers and assessing whether the compensation structure establishes appropriate incentives for the executive officers;

18

Reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer and other executive officers of the Company, evaluating those executive officers' performance in light of their goals and setting their compensation levels based on the Compensation Committee's evaluation and, with respect to the other executives, the recommendations of the CEO and CFO;

• Approving stock options and other stock incentive awards for executive officers;

• Reviewing and approving the design of benefit plans pertaining to executive officers;

• Reviewing and recommending employment agreements for executive officers;

• Approving, amending or modifying the terms of any compensation or benefit plan that does not require stockholder approval;

• Reviewing the compensation of directors for service on the Board and its committees and recommending changes in compensation to the Board; and

Reviewing and discussing with management the Company's compensation discussion and analysis and related disclosures required to be included in the Company's annual report and proxy statement, recommending to the Board whether the compensation discussion and analysis should be included in the annual report and proxy statement, and overseeing publication of an annual executive compensation report in the Company's annual report and proxy statement.

In addition, the Board has designated the Compensation Committee as the Administrator of the Company's 2007 Stock Incentive Plan, as amended (the "2007 Plan"), the Company's 2016 Stock Incentive Plan (the "2016 Plan"), the Company's 2016 Cash Incentive Plan, the Company's Employee Stock Purchase Plan, and the Company's Management Stock Purchase Plan. The Compensation Committee may delegate its duties or responsibilities to a subcommittee of the Compensation Committee, and it has authority to retain and to direct management to retain outside advisors and experts that it determines appropriate to assist with performance of its functions.

Our Chief Executive Officer and Chief Financial Officer make recommendations to the Compensation Committee for each element of compensation awarded to executives, but the Compensation Committee must approve each element of (and any changes to) executive compensation. Periodically, the Compensation Committee also retains independent compensation consulting firms to assist it in gathering market data and to provide it with information about trends in compensation among comparable companies, determined based on factors such as market capitalization, annual revenues, number of employees, service offerings, and potential competition for talent or business. The Compensation Committee retained Willis Towers Watson in late 2015 and again in early 2017 and early 2018, and utilized the findings from its studies in connection with the Company's executive compensation decisions for 2017 and 2018, as discussed below in the section titled "Compensation Discussion and Analysis" of this Proxy Statement. Willis Towers Watson reported directly to the Compensation Committee through its chair and, at the direction of the Compensation Committee chair, also worked directly with the Company's management to develop materials and proposals with respect to executive officer compensation. In future years, the Compensation Committee may at its discretion retain Willis Towers Watson (or another consulting firm) to update or perform new studies to be used in connection with its executive compensation decisions.

Our Compensation Committee has reviewed an assessment of the independence of, and any potential conflicts of interest raised by, Willis Towers Watson's work for the Compensation Committee by considering the following six factors (i) the provision of other services to us by Willis Towers Watson; (ii) the amount of fees received from us by Willis Towers Watson, as a percentage of the total revenue of Willis Towers Watson; (iii) the policies and procedures of Willis Towers Watson that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Willis Towers Watson consultant with a member of the Compensation Committee; (v) any Company stock owned by the Willis Towers Watson consultant; and (vi) any business or personal relationship of the Willis Towers Watson consultant or Willis Towers Watson with any of our executive officers, and concluded that Willis Towers Watson is independent and there are no such conflicts of interest.

Nominating & Corporate Governance Committee. The Board has determined that each of the current members of our Nominating & Corporate Governance Committee is independent as defined under Rule 5605(a)(2) of the Nasdaq listing rules. The purpose of the Nominating & Corporate Governance Committee is to identify individuals qualified to become Board members, recommend to the Board director candidates to be nominated for election at the Annual Meeting of Stockholders and perform a leadership role in shaping the Company's corporate governance. The Nominating &

Corporate Governance Committee operates under a written charter adopted by the Board and reviewed annually by the Nominating & Corporate Governance Committee.

All of the charters for the Company's Board committees are available in the "Investors" section of the Company's corporate website at <http://www.costargroup.com/investors/governance>.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the Company's audited consolidated financial statements for 2017. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by applicable standards of the Public Company Accounting Oversight Board (the "PCAOB"). In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm its independence from the Company and management. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with the auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC.

DIRECTOR COMPENSATION

The Compensation Committee of the Board annually reviews director compensation for service on the Board and for service on any Board committees and recommends director compensation and any changes to such compensation to the Board for approval. The Board annually reviews and approves director compensation for Board and committee service based on the recommendations of the Compensation Committee. The Compensation Committee engaged Willis Towers Watson (then known as Towers Watson), an independent compensation consultant, in 2013 to assess the competitiveness of the non-employee directors' compensation program. Based on the results of this assessment, in September 2013, the Compensation Committee and the Board approved an increase in director compensation to bring the annual, standard retainer and annual equity grants to non-employee directors in line with the median levels of peer company data provided by the compensation consultant, to provide compensation to committee members in line with median levels of peer company data and to make non-employee director compensation more competitive in the marketplace. No changes have been made to the non-employee directors' compensation since September 2013. Non-employee director compensation for 2017 is set out below. Directors who are also employees of the Company do not receive any compensation for service on the Board in addition to their regular employee compensation.

Annual Cash Retainers ⁽¹⁾	
Board Members (other than Chairman)	\$50,000
Chairman of the Board	\$120,000
Annual Equity Awards ⁽²⁾	
Board Members (including Chairman)	\$175,000
Audit Committee Chairman	\$30,000
Compensation Committee Chairman	\$15,000
Nominating & Corporate Governance Committee Chairman	\$15,000
Audit Committee Member	\$15,000
Compensation Committee Member	\$8,000
Nominating & Corporate Governance Committee Member	\$6,000

(1) The Company reimburses all directors for reasonable travel and out-of-pocket expenses incurred in connection with their duties as directors, including attendance at meetings.

(2) Annual equity awards are granted on the date of the first regular Board meeting following the date of the annual meeting of stockholders, are payable in the form of restricted stock, are valued at the grant date, and vest in equal, annual installments over a 4-year period from the date of grant as long as the director is still serving on our Board on the respective vesting date. The number of shares of restricted stock granted pursuant to each such restricted stock grant to the directors is determined by dividing the total dollar amount awarded by the closing price of the Company's common stock on the date of grant.

Pursuant to the Company's 2007 Plan and 2016 Plan and related award agreements, upon a change of control, all restrictions on stock grants will lapse. For more detailed information, see "Change of Control Provisions under the Company's 2007 and 2016 Plans" in the section titled "Potential Payments Upon Termination or Change of Control" in this Proxy Statement. In addition, under the 2007 Plan and the 2016 Plan, recipients of restricted stock are entitled to receive dividends and other distributions, if any, paid with respect to the common stock. The Compensation Committee will determine if any such dividends or distributions will be automatically reinvested in additional shares of restricted stock and subject to the same restrictions as the restricted stock or whether the dividend or distribution will be paid in cash.

DIRECTOR STOCK OWNERSHIP POLICY

The Compensation Committee adopted stock ownership requirements for the Company's non-employee directors as set forth in the Company's Director Stock Ownership Policy. Each non-employee director is required to own shares of the Company's common stock with a value equal to five times the annual, standard director cash retainer. The current directors all currently meet the ownership requirement under the Director Stock Ownership Policy.

Director Compensation Table for Fiscal Year 2017

The following Director Compensation table shows the compensation we paid in 2017 to our non-employee directors.

Name	Fees Earned or Paid in			Stock Awards ⁽²⁾ Total (\$)

(1) This column shows the amount of cash compensation earned in 2017 for Board and Committee service.

This column shows the aggregate grant date fair value of shares of restricted stock granted in 2017 to each non-employee director, computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718, "Compensation – Stock Compensation". Each non-employee director received one

(2) grant of restricted stock on September 13, 2017 for his or her service on the Board and any committees, as applicable. Generally, the grant date fair value is the amount the Company expenses in its financial statements over the awards' vesting period and is based on the closing price of our common stock on the date of grant, which was \$275.26 on September 13, 2017.

The following table shows the number of shares of restricted stock granted to each non-employee director during 2017, as well as the aggregate number of shares of unvested restricted stock held by each non-employee director as of December 31, 2017. Other than as set forth below, the non-employee directors did not hold any other outstanding equity awards at fiscal year end.

Name	Number of Shares of Restricted Stock Granted 9/13/17	Aggregate Shares of Unvested Restricted Stock Held as of 12/31/17
Michael R. Klein, Chairman	713	2,272
Laura Cox Kaplan	658	1,300

EQUITY COMPENSATION PLAN INFORMATION

28

The following table sets forth information with respect to the Company's equity compensation plans approved by security holders. The Company does not have any equity compensation plans not approved by security holders. The information in this table is as of December 31, 2017.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants, and rights	Weighted-average exercise price of outstanding options, warrants, and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the first column)
Equity compensation plans approved by security holders ⁽¹⁾	454,805 ⁽³⁾	\$156.24 ⁽⁴⁾	2,050,901 ⁽⁵⁾
Equity compensation plans not approved by security holders ⁽²⁾	—	—	150,000

Consists of the following plans: the 2007 Plan, the 2016 Plan, and the Company's Employee Stock Purchase Plan. The Company's 2007 Plan and the Company's 2016 Plan provide for various types of awards, including options and restricted stock grants. In April 2007, the Company's Board of Directors adopted the 2007 Plan, subject to stockholder approval, which was obtained on June 7, 2007. The 2007 Plan was amended in June 2010, June 2011 and June 2012. Stockholders approved these amendments on June 2, 2010, June 2, 2011, and June 5, 2012, respectively. In April 2016, the Company's Board of Directors adopted the 2016 Plan, subject to stockholder approval, which was obtained on June 9, 2016. All shares of common stock that were authorized for issuance under the Company's 2007 Plan that, as of June 9, 2016, remained available for issuance under the 2007 Plan (excluding (1) shares subject to outstanding awards) were rolled into the 2016 Plan. The 2007 Plan continues to govern unexercised and unexpired awards issued under the 2007 Plan prior to June 9, 2016. The Employee Stock Purchase Plan was adopted by the Board of Directors on April 17, 2006, and approved by the Company's stockholders on June 8, 2006. The Employee Stock Purchase Plan was later amended by the Board of Directors on July 1, 2006, January 1, 2010, and April 6, 2015. The first two amendments to the Employee Stock Purchase Plan approved on July 1, 2006 and January 1, 2010, were ministerial in nature and were not subject to stockholder approval. On April 6, 2015, the Board of Directors approved the amended and restated Employee Stock Purchase Plan to increase the number of shares authorized for issuance under that plan. The Amended and Restated Employee Stock Purchase Plan was approved by the Company's stockholders on June 3, 2015.

Consists of the Company's Management Stock Purchase Plan (the "MSPP"). The MSPP was approved by the Board of Directors on December 7, 2017 and was not subject to approval by the Company's stockholders. The MSPP provides selected employees of the Company the opportunity to defer a portion of their bonus and commission compensation, and enables the Company to align management and shareholder interests, through awards of (2) Deferred Stock Units ("DSUs") under the MSPP and awards of matching restricted stock units issued under the 2016 Plan. DSUs issued under the MSPP are fully vested at grant and are settled upon the earliest of (i) four years after the date of grant; (ii) the participant's death; (iii) the participant's disability; (iv) the participant's separation from service from the Company, or (v) a change in control (as defined in the MSPP) of the Company. Matching RSUs vest four years after the date of grant, subject to the participant's continued employment through that date, or upon a change in control of the Company that occurs prior to such date.

(3) Includes 962 shares of common stock subject to restricted stock unit awards that vest over time. The actual number of shares issued with respect to these awards depends on whether the vesting conditions are met.

(4) Does not include restricted stock unit awards.

(5)

Includes 80,022 shares of common stock available for future issuance under the Company's stockholder-approved Employee Stock Purchase Plan, which amount includes 321 shares subject to purchase during the then-current purchase period.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Klein and Nassetta, each a non-employee director, served on the Compensation Committee during fiscal year 2017. Mr. Klein serves as the Chairman of the Board of the Company. None of the members of the Compensation Committee during fiscal year 2017 were officers or employees of the Company or any of its subsidiaries during or prior to fiscal year 2017. During 2017, none of the Company's executive officers served as a director or compensation committee member of any entity with an executive officer or director who served as a director or Compensation Committee member of the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the following Compensation Discussion and Analysis section of the Company's 2018 Proxy Statement. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes CoStar’s executive compensation program for 2017, elements of the program’s design that were implemented and maintained in response to past stockholder concerns, and the goals that drive the design of the program. Our Compensation Committee is responsible for reviewing our executive compensation program and for reviewing and approving the compensation arrangements for our executive officers.

Our “named executive officers” or “NEOs” are the executive officers who are included in the Summary Compensation Table in this Proxy Statement. They include the following current officers:

Name	Title
Andrew C. Florance	Chief Executive Officer, President and Founder
Scott T. Wheeler	Chief Financial Officer
Francis A. Carchedi	Executive Vice President of Corporate Development
Matthew F.W. Linnington	Executive Vice President of Sales
Lisa C. Ruggles	Senior Vice President, Global Research

EXECUTIVE SUMMARY

BUSINESS OVERVIEW

CoStar is the leading provider of commercial real estate information, analytics and online marketplaces. Founded in 1987, CoStar conducts expansive, ongoing research to produce and maintain the largest and most comprehensive database of commercial real estate information. Headquartered in Washington, D.C., CoStar maintains offices throughout the U.S. and in Europe and Canada with a staff of over 4,000 worldwide, including the industry's largest professional research organization. CoStar has five flagship brands – CoStar, LoopNet, Apartments.com, BizBuySell and LandsofAmerica.

2017 was an outstanding year for CoStar from both a financial and operational perspective. In 2017, CoStar generated \$148 million of net new bookings, up 32% compared to 2016. This impressive sales growth drove strong organic revenue growth in 2017 and positions the Company for continued acceleration into early 2018. The Company increased revenue by \$128 million, or 15%, from \$838 million in 2016 to \$965 million in 2017. CoStar reported \$123 million in net income in 2017, an increase of 44% compared to \$85 million in 2016. EBITDA increased from \$215 million in 2016 to \$237 million in 2017. A reconciliation of 2017 EBITDA to net income can be found in footnote 11 to the financial statements in the Company’s Annual Report on Form 10-K filed with the Commission on February 23, 2018.

CoStar Suite - CoStar Suite revenue for 2017 was \$463 million, an increase of 13% compared to 2016. CoStar Suite revenue growth increased throughout the year, with fourth quarter growth reaching 15% with continued strong momentum.

Multifamily - Multifamily revenue increased 24% to \$280 million in the full year of 2017 compared to 2016. We believe our continued strong multifamily revenue growth is a reflection of the Company’s wide and expanding lead over other apartment listing sites in content and web traffic, including unique visitors and visits and time on site as reported by comScore for December 2017.

Commercial property and land - Commercial property and land revenue reached \$150 million, up 18% compared to 2016. Commercial property and land includes revenue from the Company's LoopNet marketplace, Lands of America marketplace (including the LandWatch business acquired in 2017) and the BizBuySell marketplace. Each of these marketplaces continues to maintain a leadership position in their respective categories and each continues to generate strong growth. In addition, in May 2017, we added LandWatch.com to our network of land-dedicated sites through

our acquisition of the LandWatch business.

31

Revenue by services can be found in footnote 11 to the financial statements in the Company's Annual Report on Form 10-K filed with the Commission on February 23, 2018.

In addition to maintaining strong revenue growth and increasing profitability, the Company continued to execute well operationally in a number of areas and invest in initiatives to support and sustain long-term growth of its business. In October 2017, the Company completed the integration of the CoStar and LoopNet property databases and relaunched the CoStar service with significant improvements to the user interface. This integration also enabled the Company to discontinue sales of the LoopNet information services and begin upselling those customers to the superior CoStar Suite service. This conversion was a significant driver of increased sales of CoStar Suite in the fourth quarter of 2017, resulting in the increasing revenue growth rate noted above. In 2017, the Company accelerated the buildout and staffing of its new research facility in Richmond, Virginia. The center opened in the fourth quarter of 2016 and ramped up quickly to nearly 600 employees by December 2017. Richmond is now the Company's highest performing research center. The Company is now proactively updating approximately 92% of over one million active listings every 30 days, while vastly improving its tenant data as a result of hiring nearly 250 tenant researchers. The increased research output of the Richmond center has led to continued improvements in data quality and was a key part of the successful conversion to a single, integrated property database. During 2017, the Company continued to aggressively protect its intellectual property rights, which in one case led to complex litigation and the incurrence of significant legal costs by the Company. We believe protection of our database and the associated intellectual property rights is vital to the Company's long-term success.

During 2017, multifamily revenue grew in excess of 20% organically, and the Company continued to improve its competitive position. In addition to strong organic growth, in 2017, the Company increased its multifamily service capabilities and growth potential by: (1) acquiring Koa Lei, Inc. (doing business as Westside Rentals and now known as Westside Rentals, LLC), an online marketplace specializing in Southern California real estate rentals, and its affiliated entity Westside Credit Services, LLC, a provider of credit checks and tenant screening for landlords in the Southern California real estate rental market; (2) acquiring The Screening Pros, LLC, an online apartment leasing platform that includes tenant screening services, rental applications and payments processing and lease renewals; and (3) entering into a definitive agreement to purchase ForRent, another apartments listing service offering service through a network of four multifamily websites including ForRent.com, AFTER55.com, CorporateHousing.com and ForRentUniversity.com. The ForRent acquisition was completed in February 2018. After integration, the ForRent acquisition is expected to yield increased revenue, significant cost synergies and an improved competitive position in the industry.

In 2017, the Company conducted a multi-city roadshow reaching out to current and prospective investors in connection with an \$862.5 million follow-on equity offering completed in October 2017, resulting in net proceeds of approximately \$834 million after deducting underwriting discounts and fees. The Company also repaid its outstanding debt under its credit facility in 2017. As a result, the Company ended the year with a very strong balance sheet, including over \$1.2 billion in cash. In addition, the Company negotiated an increase in the funds available under its revolving credit agreement with its banking partners to \$750 million. The Company believes it is well positioned to finance continued growth of its business both organically and through acquisitions.

Approximately four years ago, CoStar announced its goal to achieve \$1 billion in annualized revenue by the end of the fourth quarter of 2018. With fourth quarter 2017 revenue of \$254 million, the Company met that goal an entire year ahead of target. In summary, the Company had a very successful 2017 developing its technology, accelerating sales, protecting its vital intellectual property assets, negotiating strategic acquisitions and ensuring its long-term financial capacity and delivering continued strong financial performance during the year.

As part of its investor outreach, CoStar's management continues to regularly communicate with its investor base about its plans and associated investments. Management communicated with investors throughout the year through quarterly press releases and conference calls that were recorded and made available on the Company's website, as well as by participating in hundreds of in-person meetings and presentations at investor conferences across the United States, as well as in Canada and Europe. In addition to investor conferences and the multi-city roadshow in connection with the

2017 equity offering, the Company conducted hundreds of additional meetings and investor telephone calls throughout the year. The Company actively communicates and discusses with investors its progress against stated strategic initiatives, as well as expected investments and the rationale and expected returns on those investments.

EXECUTIVE COMPENSATION PLAN AND PERFORMANCE HIGHLIGHTS

CoStar Group's executive compensation program is designed to hold our executives accountable for corporate results over the short and long term, and to reward them for successful execution. As a result, a substantial portion of our executives' overall compensation is tied to performance. The charts below illustrate the percentage of 2017 compensation (based on target award opportunities) that was performance-based, including cash incentives, restricted stock, the value of which was determined based on performance in the prior fiscal year (2016), long-term performance shares and options, and the percentage that is fixed, consisting solely of base salary. We have excluded Ms. Ruggles from the charts below because she was not eligible to receive the restricted stock and options awarded in March 2017 in connection with performance in 2016 because she was not an executive officer of the Company in 2016.

The Compensation Committee links executive compensation to the attainment of challenging goals. Cash compensation includes payments under our executive annual cash incentive plan that are based on Company performance relative to operational goals as well as individual performance. Equity-based compensation is used to align executive compensation with the long-term interests of our stockholders, including a focus on increasing the Company's total stockholder return (TSR) both on an absolute and a relative basis.

2017 Variable Compensation Drivers and Outcomes

Both annual and long-term incentives are based on measurable and objective performance metrics. The following summarizes Company-wide performance targets against actual 2017 performance for certain key financial metrics. The Company's executive compensation for 2017 performance reflects the investments made in the business as well as our financial and operational results. The Company's achievement of outstanding financial results in 2017 resulted in the executive officers achieving 200% credit for the net income and EBITDA goals tied to their annual stock and cash incentive awards, respectively. The Company's achievement of cumulative revenue for the three-year performance period from January 1, 2015 through December 31, 2017, with respect to the long-term performance-based restricted stock awards granted in 2015, was in excess of 102% of the target goal, which resulted in the executive officers achieving 200% credit for the revenue portion of the award. Because the Company's TSR for the three-year performance period was above the 75th percentile, the executive officers achieved 120% credit for the TSR portion of the award. Because the TSR for the three-year period was above the target and reached the maximum, the award was adjusted upward and 240% of the target shares awarded to the executive officers on March 5, 2015, vested upon certification of achievement by the Compensation Committee on February 28, 2018.

Incentive Plan Metrics Used to Assess Performance in 2017

Plan	Financial Metric	2017 Target	2017 Actual	2017 Achievement	2016 Actual
Annual Restricted Stock Award Based on Prior Year Performance (which we refer to as “annual performance-based restricted stock”)	Net Income, as adjusted	\$98.7 million ⁽¹⁾	\$132.6 million ⁽¹⁾	Exceeded	\$85.1 million
Annual Cash Incentive Plan	EBITDA, as adjusted ⁽²⁾	\$238.2 million ⁽³⁾	\$250.8 million ⁽³⁾	Exceeded	\$215.1 million

The Net Income target goal and actual achievement have been adjusted by \$1.8 million and \$9.9 million,

(1) respectively, for litigation-related expenses and the associated income tax effect in accordance with the terms of the Company's 2016 Stock Incentive Plan and consistent with Section 162(m) of the Internal Revenue Code.

Definition for EBITDA and a reconciliation of the 2017 actual EBITDA set out above to its GAAP-basis result can be found in footnote 11 to the financial statements included in the Company's Annual Report on Form 10-K filed with the Commission on February 23, 2018 (the “Company's 2017 Annual Report”). The difference between the 2017

(2) actual amount reported in the table above and the result reported in footnote 11 to the financial statements included in the Company's 2017 Annual Report is solely due to an adjustment of \$13.3 million for litigation-related expenses. EBITDA is also defined below under the subsection titled “Annual Cash Incentive Program” within the section titled “Compensation Discussion and Analysis” of this Proxy Statement.

The 2017 EBITDA target goal and actual achievement for 2017 have been adjusted by \$3 million and \$13.3

(3) million, respectively, for litigation-related expenses in accordance with the terms of the executive annual cash incentive plan and consistent with Section 162(m) of the Internal Revenue Code.

The Committee determined to use net income as the financial metric for the annual performance-based restricted stock awards to be granted in 2018 for 2017 performance to align the compensation target with GAAP-basis results. Further, the Committee decided to base the executives' 2017 cash incentive on EBITDA to more closely align the compensation target with GAAP-basis results. The 2017 net income and EBITDA goals were adjusted for litigation-related expenses pursuant to the terms of the 2016 Plan and as required by the executive annual cash incentive plan for 2017 and pursuant to the terms of the 2016 Cash Incentive Plan.

Plan	Financial Metric	2015-17 Target	2015-17 Actual	2015-17 Achievement	2014-16 Actual
Long-Term Performance-Based Restricted Stock*	Revenue	\$2,449 million	\$2,515 million	Exceeded	\$2,126 million
Long-Term Performance-Based Restricted Stock (modifier)	TSR	50 th percentile	80 th percentile	Exceeded	29 th percentile

The Long-Term Performance-Based Restricted Stock awards are subject to vesting based on achievement of a

*three-year cumulative revenue goal and are subject to adjustment based on the Company's total stockholder return over the same period.

Setting Challenging Targets Based on Market Conditions and Corporate Strategy

Targets for annual incentive and annual restricted stock awards based on prior year performance were set based on the Company's operating plan and growth expectations, which include significant growth in profitability as measured by net income and EBITDA. Net income was targeted to increase from \$85.1 million in 2016 and a loss of \$(3.5) million in 2015 to \$98.7 million in 2017 (after an adjustment of \$1.8 million for litigation-related expenses and the associated income tax effect). The target for EBITDA was \$238.2 million in 2017 (after an adjustment of \$3 million for litigation-related expenses), which increased from 215.1 million in 2016. These aggressive profitability growth targets were expected to be achieved while continuing to make strategic investments in our information services by opening and scaling up the new Richmond, Virginia-based research center and completing the LoopNet integration project, and while defending and protecting our intellectual property. The Company also continued to invest in the Apartments business by continuing the significant and highly effective Apartments marketing campaign and integrating the

Westside Rentals and The Screening Pros acquisitions that were completed in 2017, each serving the multifamily customer base.

34

Finally, the Company also invested in its commercial property and land services through the successful acquisition and integration of LandWatch, a leading online marketplace for rural land for sale. The profitability targets were aggressive but also struck a balance between profitability growth and investment for future growth.

As result of the investments made in the business and the exceptional performance of our strong management team, the Company exceeded its profitability goals for the year while continuing to drive strong revenue growth and investing in the business. Total revenue growth for the year was 15%. Net Income grew to \$122.7 million, or \$132.6 million after an adjustment of \$9.9 million for litigation-related expenses and the associated income tax effect, \$33.9 million above target after adjusting for litigation- related expenses, and EBITDA of \$237.5 million, or \$250.8 million, after an adjustment of \$13.3 million for litigation-related expenses, exceeded the adjusted target by approximately 5%, or \$12.6 million above the adjusted target. For the third year in a row, the Company delivered strong net new subscription sales, which together with management's focus on operational efficiency and cost reduction and management initiatives implemented in 2017, resulted in stronger than forecasted earnings results. Further, the Company believes that the investments made in 2016 and 2017 and the success the Company and its management team have achieved as a result have created the opportunity for strong revenue growth and expanding profit margins in the years following those significant investments.

Performance for the Year 2017

* The definition of EBITDA and a reconciliation of the EBITDA numbers above to their respective GAAP basis results can be found in footnote 11 to the financial statements included the Company's 2017 Annual Report.

2017 STOCKHOLDER OUTREACH AND SAY ON PAY RESPONSE

CoStar annually offers stockholders the opportunity to cast an advisory vote on our executive compensation program. This annual vote is known as the “say-on-pay” proposal. At our annual meeting in June 2017, approximately 88% of the vote cast was voted in favor of the say-on-pay proposal covering our executive compensation program for 2016. As evidenced by this high level of stockholder support for the compensation of the Company’s named executive officers, the Compensation Committee values stockholder feedback and endeavors to respond to stockholders’ concerns. We regularly communicate with our stockholders to better understand their opinions on our business strategy and objectives and to obtain feedback regarding other matters of investor interest, such as executive compensation. Many of the current program features are a result of the Company proactively reaching out to stockholders to discuss the Company’s executive compensation program. In response to previous stockholder discussions, in early 2014 the Committee implemented and approved a long-term performance component within the executive compensation program; distinct financial metrics for the annual awards of cash incentives, performance-based restricted stock and the three-year performance-based restricted stock awards; the executive stock ownership policy; and the clawback policy. In light of the high level of stockholder support, the Committee did not make any changes to the executive compensation program directly as a result of the 2017 say-on-pay vote.

2017 INVESTOR OUTREACH

In 2017, the Company continued to proactively reach out to stockholders to discuss the Company’s executive compensation philosophy, goals and plans and to obtain feedback on our executive pay program. The Company spoke with stockholders representing approximately 85% of the Company’s outstanding common stock, including 18 of the top 20 stockholders who represent approximately 61% of the Company’s outstanding common stock, to obtain any feedback on executive compensation. The stockholders generally expressed approval of the current executive compensation program.

The Compensation Committee carefully considered feedback the Company received as part of its annual review of our executive compensation program and, accordingly, retained the significant changes we made to our executive compensation program in early 2014. The next page sets out highlights of the design of the current executive compensation program and the Company’s corporate policies.

HIGHLIGHTS OF THE EXECUTIVE COMPENSATION PROGRAM

Purpose	Compensation Program/ Policy
Structure executive compensation program with focus on achievement of Company performance goals.	Equity incentive compensation consists of 40% annual performance-based restricted stock (which vest ratably over three years after grant), 40% stock options (which vest ratably over three years after grant), and 20% long-term performance shares (which vest based on achievement of a three-year cumulative revenue goal and are subject to adjustment based on the Company’s total stockholder return over the same period).
Structure executive compensation program to include both long-term and short-term performance goals.	Equity incentive compensation includes a three-year performance metric for the long-term performance shares, a one-year performance metric for the annual performance-based restricted stock and our annual incentive plan includes a one-year performance metric for cash incentive awards.
Align executives’ interests with stockholders’ interests.	In order to even more closely align long-term incentives with stockholder results, the equity incentive compensation provides for adjustment of the long-term performance shares issued to executives based on the Company’s total stockholder return relative to the Russell 1000 index.
Structure annual and long-term incentive compensation, so that payouts are based on different performance metrics.	The executive compensation program utilizes distinct performance metrics as follows: <ul style="list-style-type: none"> • Annual incentive plan – EBITDA and individual objectives • Annual performance-based restricted stock – net income • Performance shares – 3-year cumulative revenue goal, adjusted by relative total stockholder return (measured against the Russell 1000 index)
Structure executive compensation to motivate and reward performance and retain executives, but generally keep in line with median peer values.	Aggregate equity compensation granted to executives in 2017 generally targeted within +/-15% of the median peer values.
Maintain robust executive compensation corporate governance policies.	The Company has executive and Director stock ownership policies as follows: <ul style="list-style-type: none"> • CEO and President – 6X base salary • Other executive officers - 2X base salary • Non-employee Directors – 5X annual, standard Director cash retainer The Company has a clawback policy The Company maintains Principles of Corporate Governance

EXECUTIVE COMPENSATION PRACTICES

Below we highlight certain executive compensation practices we employ to align executive compensation with stockholder interests. Also listed below are certain compensation practices we do not employ because we do not believe they would serve our stockholders' long-term interests.

What We Do

Pay for Performance. We tie annual pay to objective performance metrics, including our fiscal year 2017 EBITDA and net income. We tie long-term pay to three-year cumulative revenue and total stockholder return. We ask our independent compensation consultant to evaluate the alignment of pay and performance relative to our peer group.

Total Stockholder Return Metric. Linking executive compensation to stockholder performance is important, therefore the Compensation Committee made relative stockholder return a factor in determining performance share payouts. Further, stock options and performance-based restricted stock are awarded annually, and the value of those awards to the executives is ultimately based on stock price performance.

Executive Stock Ownership Guidelines. Executives are expected to own shares of CoStar common stock with a value equal to at least two to six times base salary, depending on position.

Vesting Period on Equity Awards. Options and annual performance-based restricted stock vest ratably over three years.

Clawback Policy. If a restatement of our financial statements is required due to material non-compliance with financial reporting requirements and the Board determines that cash incentive payments or performance-based equity grants, which were granted or vested based on financial results during the three years prior to the date the restatement is required, would have been lower had they been determined or calculated based on restated results, the Board will, to the extent permitted by governing law, seek to recover the value of such payments made to executive officers whom the Board determines engaged in willful misconduct or gross negligence. The Compensation Committee believes that this policy will lessen any potential for excessive risk-taking.

Target Pay. We generally target each component of pay at +/- 15% of the median of the peer group, except as may otherwise be appropriate to reflect promotions, tenure, new-hire needs, internal pay equity, etc. The Compensation Committee periodically reviews the compensation peer group and makes adjustments, when appropriate, to keep pay practices competitive and in line with investor expectations.

What We Don't Do

Limited Employment Agreements. We do not provide our named executive officers, with the exception of the Chief Executive Officer, with employment agreements that provide severance payments, medical or insurance benefits or other perquisites in the event the executive is terminated or resigns. Mr. Wheeler, our Chief Financial Officer, has employment terms pursuant to an offer letter that provide for a severance payment in the event he is terminated by the Company without cause or he terminates his employment for good reason. Mr. Linnington, our Executive Vice President of Sales, has employment terms pursuant to an offer letter that provide for a severance payment in the event he is terminated without cause. A Company-wide severance policy provides minimal severance pay tied to tenure to executives when employment ends and is available generally to all salaried employees.

Limited Golden Parachute Gross-Up. We do not provide a 280G golden parachute excise tax gross up to any executive other than our Chief Executive Officer, who has had the provision in his employment agreement since 1998.

No Minimum Payouts. We do not have guaranteed minimum payment levels for executives' cash incentives or performance-based equity awards.

No Repricings. Our stock incentive plans and Nasdaq listing standards prohibit us from repricing options without stockholder approval.

EXECUTIVE COMPENSATION PROGRAM OBJECTIVES

The Company's Compensation Committee (the "Committee") is responsible for designing and maintaining the Company's executive compensation program consistent with the objectives below. The Company's executive compensation program seeks to:

- Link executive compensation with the achievement of overall corporate goals
- Encourage and reward superior performance
- Maintain competitive compensation levels in order to attract, motivate and retain talented executives
- Align executives' interests with those of the Company's stockholders

Accordingly, executive compensation is structured so that a significant portion of compensation paid to named executive officers is directly related to the Company's short-term and long-term performance, thereby aligning the interests of named executive officers with those of the Company's stockholders. For example, as discussed below, a significant portion of the named executive officers' opportunities under the Company's cash incentive and equity compensation programs is tied to the Company's achievement of earnings and revenue growth objectives. The annual incentives paid to each of our named executive officers vary with individual performance and annual corporate financial results. The Committee also recognizes that the market for executives in the commercial real estate information and online marketplace services industry is highly competitive, and therefore seeks to provide a competitive total compensation package so that the Company may maintain its leadership position in this industry by attracting, retaining, and motivating executives capable of enhancing stockholder value.

DETERMINING EXECUTIVE COMPENSATION

The Committee annually establishes and reviews all forms of direct compensation, including base salaries, annual incentive bonuses, and both the terms and types of equity awards, for the Company's named executive officers as well as other officers of the Company. As part of the compensation review process, the Committee annually reviews and approves each element and the mix of compensation that comprises each named executive officer's total compensation package. Our independent compensation consulting firm and Chief Executive Officer make recommendations to the Committee for each element of compensation awarded to named executive officers (including establishment of individual and corporate financial goals), but the Committee must approve each element of (and any changes to) a named executive officer's compensation. The Committee may consider a number of factors in establishing or revising each named executive officer's total compensation, including individual performance, the Company's financial performance, external market and peer group practices, current compensation arrangements, internal pay equity considerations and long-term potential to enhance stockholder value. Particular factors considered by the Committee with respect to each element of executive compensation are discussed below.

Periodically the Committee retains independent compensation consulting firms (historically Towers Watson, now known as Willis Towers Watson) to assist it in gathering comparison data and to provide it with information about trends in compensation among comparable companies based on factors such as market capitalization, annual revenues, earnings, service offerings, number of employees, business model, and potential competition for talent or business. The Committee believes that comparing the compensation of each of the Company's named executive officers with executives in comparable positions at these peer companies supports the Committee's goal that the total compensation provided to the Company's named executive officers be set at an appropriate level to attract, reward and retain top performers over the long term. In general, the Committee currently believes that compensation is competitive if it falls within +/- 15% of the median levels of peer company data provided by its compensation consultant, as discussed below. Where peer company data is not available, the Committee reviews individual responsibility and performance, prior compensation, external market and competitive practices (including available general industry executive compensation data), and internal pay equity considerations when setting an executive officer's compensation.

The Committee assesses each element of the compensation program within the whole, however, and may target certain elements of executive compensation at different levels (i.e. higher or lower than +/- 15% of the median levels of peer companies) depending on the Company's current goals, individual achievement and internal pay equity considerations,

40

as discussed in more detail below. Changes to different elements may result in total target compensation being higher or lower than +/- 15% of the median levels of the peer company data.

The Committee engaged Willis Towers Watson in early 2017 to review and revise the Company's competitive peer group and to update its review and competitive assessment of the Company's executive compensation program based on the updated peer group. The Committee engaged Willis Towers Watson again in early 2018 to review and revise the Company's competitive peer group and to update its review and competitive assessment of the Company's executive compensation program based on the updated peer group. The Committee's decisions regarding executive compensation for 2017, including executives' long-term incentive or equity compensation for 2017, were based on Willis Towers Watson's recommendations resulting from both its early 2017 and early 2018 engagements.

Willis Towers Watson reported directly to the Committee through its chair when performing the executive compensation studies and, at the direction of the Committee chair, also worked directly with the Company's management to develop materials and proposals with respect to named executive officer compensation. In the future, the Committee plans at its discretion to retain Willis Towers Watson or another consulting firm from time to time to update or perform new studies to be used in connection with its executive compensation decisions.

The following is the list of peer companies selected and approved by the Committee in early 2017, based upon the recommendation of Willis Towers Watson from its January 2017 study, as comparable to the Company in terms of size (including revenues, earnings, and market capitalization), employee headcount, and business model, with secondary consideration given to peer companies selected by proxy advisors. Willis Towers Watson's recommended peer companies culminated from review of peer companies included in the Internet Software & Services GICS code (including peer companies used previously and peers selected by proxy advisors), to which size screening criteria were applied. Willis Towers Watson screened these peers by considering companies with revenue and/or number of employees between .5x and 2.5x of CoStar's. The potential peer list was further refined based on the number of criteria met through the size screening and the business model or focus (online data analytics platform). After its review, Willis Towers Watson recommended removing two companies from the Company's previous peer group who were acquired. Willis Towers Watson recommended a peer group size between 13 and 15 companies. After removal of the two acquired companies, CoStar's peer group consisted of 15 companies similar to the Company in terms of size (including revenues, earnings, assets and market capitalization), employee headcount, and business model, and was within the recommended range.

The following is the list of peer companies selected and approved based upon the recommendation of Willis Towers Watson as comparable to the Company. Within the selected peer group, the Company fell near the 37th percentile in terms of revenues, 61st percentile in terms of earnings, and 52nd percentile in terms of market capitalization (as of January 10, 2017).

In addition to the proxy statement data from the peer group above, the January 2017 Willis Towers Watson study also considered general industry executive compensation data from Mercer's 2016 Executive Compensation Survey,

Radford's 2016 Executive Compensation Survey – Global Tech Custom Cut, and high technology industry data from Towers Watson's 2016 CDB High-Tech Industry Executive Compensation Report, in each case aged to March 1, 2017 using a 3% update factor. Survey data from Towers Watson and Mercer were also size-adjusted based on CoStar's

estimated annual revenues. The Company was not made aware of the names of the companies included in either the general industry executive compensation data or in the high technology industry data. Where available for the competitive analysis, Willis Towers Watson created blended market data using a 75% weighting for proxy data and a 25% weighting for published survey data. Further, where available, the Committee utilized the peer company data (including the blended market data where available) as the primary competitive benchmark when evaluating the executives' compensation as the peer company data reflects companies that are believed to be more similar to CoStar in terms of size, business model and financial performance. In those cases where peer data was unavailable, the Committee took into account individual responsibility and performance, previous compensation awards to the respective named executive officers, external market and competitive practices (including available industry executive compensation data), as well as internal pay equity considerations.

In connection with its engagement in early 2018 and its recommendations with respect to executives' 2018 compensation, including equity grants awarded in 2018 for 2017 performance and options and performance share awards granted in 2018, Willis Towers Watson recommended removing two peers from the previous peer group who had been acquired and replacing them in order to keep the number of peers within the recommended peer group size range. The updated peer group of 15 companies are similar to the Company in terms of size (including revenues, earnings, and market capitalization), employee headcount, and business model. The following is the list of peer companies selected and approved based upon the recommendation of Willis Towers Watson as comparable to the Company. Within the selected peer group, the Company fell near the 24th percentile in terms of revenues, 62nd percentile in terms of earnings, and 68th percentile in terms of market capitalization (as of January 5, 2018).

The early 2018 Willis Towers Watson study also considered general industry executive compensation data from Mercer's 2017 Executive Compensation Survey, Radford's 2018 Executive Compensation Survey – Global Tech Custom Cut, and high technology industry data from Willis Towers Watson's 2017 CDB High-Tech Industry Executive Compensation Report, in each case aged to February 1, 2018 using a 3% update factor. Proxy data was also aged to February 1, 2018 using a 3% update factor. Survey data from Willis Towers Watson and Mercer were also size-adjusted based on CoStar's estimated annual revenues for 2018. The Company was not made aware of the names of the companies included in either the general industry executive compensation data or in the high technology industry data. Where available for the competitive analysis, Willis Towers Watson created blended market data using a 75% weighting for proxy data and a 25% weighting for published survey data. In those cases where peer data was unavailable, the Committee took into account individual responsibility and performance, previous compensation awards to the respective named executive officers, external market and competitive practices (including available industry executive compensation data), as well as internal pay equity considerations.

ELEMENTS OF COMPENSATION

Each year, the Committee approves a compensation arrangement for each of its named executive officers that specifies a named executive officer's (i) base salary, (ii) annual cash incentive (bonus) potential based on a percentage of base compensation subject to achievement of individual and/or corporate goals, and (iii) equity awards, including the annual performance-based restricted stock that is granted based on achievement of prior year corporate goals and stock options, both of which vest over time and/or in full after a specified period of time, as well as performance-based restricted stock that vests based on achievement of pre-determined, objective goals over a multi-year period. Additionally, our U.S. named executive officers are eligible to receive Company-paid matching contributions to their 401(k) plan accounts, as well as health insurance and other welfare benefits that are generally available to the Company's U.S. employees.

PERFORMANCE MEASURES AND TIME HORIZONS

We use a combination of metrics and time horizons to foster and reward performance. The following chart summarizes the relevant performance measures and time frames used for our variable pay elements.

2017 Base Salaries

Base salaries provide a minimum, fixed level of cash compensation for the named executive officers. Salary levels of the executive officers are reviewed annually by the Committee. In establishing salary levels, the Committee considers each executive's individual responsibilities and performance, prior base salary and total compensation, the pay levels of similarly situated executives within the Company, market data on base salary and total compensation levels (including Willis Towers Watson peer group and survey data) and current market conditions. The February 2017 Willis Towers Watson study did not address Ms. Ruggles' compensation or include a comparable position as she was not an executive officer in early 2017. The study found that, except for Mr. Carchedi, all other named executive officers' base salaries were generally in line with the median levels of blended market data, as they fell within +/- 15% of those median levels. The Willis Towers Watson study noted that the median market salaries for positions comparable to Mr. Carchedi's were significantly higher than in the previous year (as it jumped from \$388,000 to \$500,000). Based on the February 2017 Willis Towers Watson study and in recognition of the Committee's subjective view of their overall individual performance and responsibilities, in March 2017, the Committee increased base salaries for 2017 for the named executive officers (other than Ms. Ruggles who was not an executive officer at that time) to remain competitive in the marketplace and within +/- 15% of the median levels of the blended market data (or, in the case of Mr. Carchedi, to get his salary closer to the increased median level while keeping in mind internal pay equity considerations). Mr. Florance's, Mr. Wheeler's, Mr. Carchedi's and Mr. Linnington's base salaries were increased approximately 8%, 3%, 2% and 10%, respectively. The named executive officers increased base salaries are all within approximately +/- 15% of the median levels of the blended market data as reflected in the February 2017 Willis Towers Watson study, with the exception of Mr. Carchedi whose base salary was approximately 20% below the median level of blended market data due in part to the significant increase in median market salaries for positions comparable to Mr. Carchedi referenced above. Ms. Ruggles was appointed as an executive officer on September 13, 2017 in light of her increased level of responsibilities within the organization, and was not an executive officer in March 2017. Her salary was previously determined by her manager effective as of February 19, 2017, during her annual merit review, and was not changed upon her appointment as an executive officer.

DECISION SUPPORT

As the Committee made its compensation decisions in early 2017, it took into account that approximately 88% of the CoStar stockholders who voted on the advisory vote on executive compensation at the 2016 Annual Meeting of stockholders had voted in favor of approving the Company's executive compensation, and concluded after discussions with stockholders that these voting results suggested that the stockholders generally supported the Committee's approach.

The named executive officers' salaries were set by the Committee effective as of March 2, 2017, with the exception of Ms. Ruggles, who was appointed as an executive officer as of September 13, 2017. The annual base salaries of our named executive officers for 2017 were as follows:

Name	Title	Annual Base Salary
Andrew C. Florance	CEO & President	\$750,000
Scott T. Wheeler	Chief Financial Officer	\$465,000
Francis A. Carchedi	Executive Vice President, Corporate Development	\$395,000
Matthew F.W. Linnington	Executive Vice President, Sales	\$380,000
Lisa C. Ruggles ⁽¹⁾	Senior Vice President, Global Research	\$306,000

(1) Ms. Ruggles' base salary was effective February 19, 2017, at the time of her annual merit increase based on her manager's recommendations.

2017 Annual Cash Incentive Program

The Committee administers an annual cash incentive program under which the Company's named executive officers may earn a cash incentive bonus based on a fixed target percentage of base salary during the fiscal year, if individual and corporate performance objectives for the fiscal year are achieved. At the beginning of each year, the Committee establishes individual goals for each named executive officer, other than the Chief Executive Officer, based upon recommendations from our Chief Executive Officer, as well as Company financial goals that apply to all named executive officers that are based upon recommendations from our Chief Executive Officer and our Chief Financial Officer. The Committee determines the target percentages of base pay for each named executive officer based on market and competitive conditions, peer company practices, and internal pay equity considerations. The Committee also determines the weighting of the various individual and Company financial goals, based upon position and functional accountability and responsibility, as well as recommendations from our Chief Executive Officer. The target percentages and weighting of the various individual and Company financial goals may vary among the named executive officers and are subject to change from year to year. The Committee seeks to establish performance goals that are challenging but realistic given the expected operating environment at the time they are established. These performance goals are intended to focus named executive officers on achieving the Company's financial and operating goals. After the completion of each year, the Committee reviews individual and Company performance to determine the extent to which the goals were achieved and the actual cash bonuses to be paid to the named executive officers.

In the Committee's view, the use of annual performance-based cash incentive bonuses creates a direct link between executive compensation and individual and corporate performance. Therefore, the annual performance-based cash incentive bonus is generally divided into two components, one tied to corporate performance and one tied to individual performance. As discussed in greater detail below, the Committee sets a threshold, target and maximum award for the corporate performance objectives. Accordingly, the executive annual cash incentive plan provides each named executive officer with the potential to earn awards up to two times the amount of their target award value for exceptional performance as measured against metrics and goals, each of which is discussed below. If the maximum is achieved, the named executive officers receive 200% credit for the corporate performance portion of the award. If the target is achieved, the named executive officers receive 100% credit for the corporate performance portion of the

award. If the threshold level of corporate performance is not reached, the executive officer does not receive any amount in respect

45

of that portion of the award. Achievement of the individual performance goals are subjective and executives can receive between 0 and 200% credit for that portion of the award.

The Committee reviewed 2017 target and maximum award values (as a percentage of base salary) in March 2017 for all named executive officers except Ms. Ruggles who was not an executive officer at that time.

The Committee left unchanged Mr. Florance's, Mr. Wheeler's, Mr. Carchedi's and Mr. Linnington's target and maximum award values for 2017 based upon their individual responsibilities, competitive practices and internal pay equity considerations. Mr. Florance's, Mr. Wheeler's and Mr. Linnington's 2017 target award values remained generally aligned with market common practice (within +/- 15% of the median levels of the blended market data in the February 2017 Willis Towers Watson study). Mr. Carchedi's 2017 target award value is approximately 20% below the median level of the blended market data, however as noted in the Willis Towers Watson study the median market annual incentive percentage for positions comparable to Mr. Carchedi's was significantly higher than in the previous year (as it jumped from 55% to 80%). The following table shows each named executive officer's fiscal 2017 potential cash incentive award values at threshold, target and maximum, expressed as a percentage of his or her base salary.

Name	Title	Threshold (50% of target)	Target	Maximum (200% of target)
Andrew C. Florance	CEO & President	50.0%	100.0%	200.0%
Scott T. Wheeler	CFO	32.5%	65.0%	130.0%
Francis A. Carchedi	Executive Vice President, Corporate Development	30.0%	60.0%	120.0%
Matthew F.W. Linnington	Executive Vice President, Sales	37.5%	75.0%	150.0%
Lisa C. Ruggles ⁽¹⁾	Senior Vice President, Global Research	—	—	—

Ms. Ruggles was not an executive officer when the 2017 executive annual cash incentive plan was approved by the Committee and did not participate in the executive annual cash incentive plan in 2017. Ms. Ruggles participated in the cash incentive plan approved by her manager, pursuant to which the target award value is 50% of her base pay subject to achievement of corporate and individual, subjective goals. If the maximum is achieved for the corporate (1) performance objective, Ms. Ruggles is entitled to 150% credit for the corporate performance portion of the award. If the target is achieved, Ms. Ruggles receives 100% credit for the corporate performance portion of the award. If the threshold level of corporate performance is not reached, Ms. Ruggles does not receive any amount in respect of that portion of the award. Achievement of the individual performance goals are subjective and Ms. Ruggles can receive between 0 and 200% credit for that portion of the award.

Pursuant to the cash incentive program, each named executive officer may earn an incentive bonus equal to, greater than or less than the target percentage of his base salary depending on whether the individual and the Company achieve the specified performance objectives. These objectives include individual qualitative performance goals (except for Messrs. Florance and Linnington), as well as Company-wide financial goals. As noted in the table above, Ms. Ruggles did not participate in the 2017 executive annual cash incentive plan. Ms. Ruggles participated in the cash incentive plan approved for her by her manager, which included the same corporate performance goal. The Compensation Committee approved a Company-wide financial goal for the executive annual cash incentive plan based on the Company's achievement of EBITDA included in the Company's 2017 Operating Plan, which is a distinct metric from the net income goal used for the annual performance-based restricted stock awards within the executive compensation program. The EBITDA goal for 2017 reflects the Company's expected investments and strategic initiatives, which are expected to support and sustain the long-term growth of the Company. The EBITDA target for 2017 was set at a level the Compensation Committee believed was challenging given the aggressive profitability growth target expected to be achieved while continuing to make strategic investments.

EBITDA is our GAAP-basis net income (loss) before interest, income taxes, depreciation and amortization. The Committee determined that EBITDA is a good measure of stockholder value and use of this metric (which differs

from the metrics used for the performance-based stock grants) avoids any potential for duplicative payouts to the named executive officers for the same areas of performance.

2017 Annual Cash Incentive Awards – Financial Goal⁽¹⁾

(dollar amounts in millions)

Performance Metric (Revised)	Threshold Goal	Target Goal	Maximum Goal	2017 Actual
EBITDA, as adjusted ⁽²⁾	\$190.6	\$238.2	\$250.1	\$250.8
Payout Percentage	50%	100%	200%	200%

(1) Named executive officers could receive between 0% and 200% credit for the EBITDA component of their annual cash incentive award, depending upon actual EBITDA achieved in 2017. Credit for performance between threshold and target and between target and maximum are determined by linear interpolation. No credit is given for performance below threshold and credit is capped at 200% of target. The percent credited for the EBITDA component of the award (as shown in the table) is then multiplied by the weighting applicable to the respective component of the cash incentive award.

(2) The EBITDA target goal and actual achievement have been adjusted for litigation-related expenses in accordance with the terms of the executive annual cash incentive plan and consistent with Section 162(m) of the Internal Revenue Code.

The individual performance goals established for the named executive officers, other than the Chief Executive Officer, at the beginning of 2017 are strategic and leadership goals tailored to the individual's position and focused on the Company's strategic initiatives. The individual goals assist the Committee in assessing the named executive officer's individual performance in key areas that help drive the Company's operating and financial results. The use of both individual and corporate goals advances the Company's executive compensation philosophy that individual executives be held accountable for both their own individual performance as well as the Company's performance. Based on peer data from past compensation consultant studies, which indicate that more commonly the chief executive officer's annual incentive is tied solely to corporate results, the Committee determined that it is in the best interests of the Company to have our Chief Executive Officer's annual incentive award based exclusively on the financial performance of the Company. Mr. Linnington's cash incentive plan continues to be tailored to his sales role and emphasizes and bases the potential payout on the level of sales of the Company's U.S. and Canadian core information and marketplace services net of cancellations, in addition to the Company's EBITDA. The Company is not disclosing Mr. Linnington's sales target because the information is confidential, the target is based on key operational objectives and could be used by competitors to target recruitment of Mr. Linnington. The target provides Mr. Linnington incentive to continue to grow the Company's business and generate revenues, and the rate of payment is set to provide a challenging but achievable goal to motivate Mr. Linnington to maintain his focus on sales of the Company's services. Mr. Linnington achieved 107.4% of the 2017 target and as a result of linear interpolation between threshold and the target received 173.9% credit for the sales portion of his cash incentive award for 2017. Mr. Linnington is not subject to subjective individual goals.

Performance goals and the weighting given to each may change in the Committee's discretion from year to year. The measures and the relative weighting of individual and corporate financial performance goals for each of the named executive officers is reviewed by the Committee annually at the beginning of the respective year. The Chief Executive Officer proposes to the Committee for its consideration changes to the measures and the weighting of the performance goals based on the Company's current strategic initiatives and goals. The weighting of the individual and corporate objectives for the named executive officers for 2017 is shown in the table below.

Individual Performance Goals for 2017 Annual Cash Incentive Awards

The applicable 2017 individual performance goals and percentage of such goals achieved for Mr. Wheeler, Mr. Carchedi and Ms. Ruggles are summarized in the table below. The Committee sets aggressive individual performance criteria for annual cash incentive awards that are challenging but realistic to achieve in order to motivate named executive officers to excel and perform at a high level and to focus on overall corporate objectives. The Committee

intends to set the individual performance criteria for the annual cash incentive awards such that the relative difficulty of achieving the target level is consistent from year to year.

(1) Ms. Ruggles was not an executive officer when the 2017 executive annual cash incentive plan was approved by the Committee and did not participate in the executive annual cash incentive plan in 2017. For 2017, Ms. Ruggles remained subject to the cash incentive plan, including the goals set forth in the table above, approved by her manager prior to her appointment as an executive officer.

2017 Performance Against Corporate and Individual Objectives

In March 2018, the Committee assessed the Company's and each named executive officer's achievement of the goals and targets for 2017. As a result of the investments made in the business and the exceptional performance of our strong management team, the Company achieved stronger than expected net new subscription sales, which together

with management's focus on operational efficiency and cost reduction and management initiatives implemented in 2017, resulted in stronger than forecasted earnings results. Information regarding the target percentages of base salary for each named executive officer's 2017 cash incentive award, percentage of target achieved and actual 2017 cash incentive awards paid to each named executive officer, as well as the weighting of individual and financial performance goals for 2017, are shown in the table below. A description of 2017 performance compared to the corporate and individual goals follows the table.

(1) As discussed above, Mr. Florance's 2017 annual cash incentive award is based solely on corporate performance goals.

The weighting of the goals for Mr. Wheeler was revised in 2017 to give slightly more weight to his individual goals than in the prior year, which reflects the Company's emphasis on achievement of strategic and operational objectives and Mr. Wheeler's role with respect to the operations of the Company. Mr. Wheeler's Company financial goals continue to be weighted more heavily than his individual goals, however, reflecting the Company's continued emphasis on overall earnings.

The weighting of the goals for Mr. Carchedi was revised in 2017 to give slightly more weight to his individual goals than in the prior year, which reflects the Company's emphasis on achievement of strategic and operational objectives and Mr. Carchedi's role with respect to the operations of the Company. Mr. Carchedi's Company financial goals continue to be weighted more heavily than his individual goals, however, reflecting the Company's continued emphasis on overall earnings.

The weighting for Mr. Linnington's Company financial and sales goal were set consistent with the prior year to reflect his role as head of sales of the Company and, therefore, more weight was given to the sales goal consisting of target sales of the Company's information and marketplace services.

Ms. Ruggles was not an executive officer when the 2017 executive annual cash incentive plan was approved by the Committee and did not participate in the executive annual cash incentive plan in 2017. Ms. Ruggles participated in the cash incentive plan approved by her manager, pursuant to which her target award value as a percentage of salary was 50% of her base pay subject to achievement of corporate and individual, subjective goals. Ms. Ruggles' individual goals were weighted at 50%, and her EBITDA target was weighted at 50%, reflecting the Company's emphasis on achievement of operational goals, as well as overall earnings. Ms. Ruggles achieved 175% of her target. As a result of achievement of her corporate and individual, subjective goals, Ms. Ruggles was awarded 87.5% as a percentage of her salary and received a cash award equal to \$267,750 for 2017.

Equity Incentive Compensation

The Committee has designed the executive equity incentive compensation program with the intent of aligning executive incentives with long-term stockholder value and with a view toward executive retention. The Committee believes that equity-based compensation and executive ownership of the Company's stock help support the Committee's goal that the Company's named executive officers have a continuing stake in the long-term success of the Company.

Each named executive officer was eligible to receive equity awards under the 2016 Plan. The Committee generally grants time-based restricted stock and/or stock options to each executive when he or she joins the Company or in connection with promotion to an executive position as an incentive to accept employment and become a member of the Company's executive team. As set forth in more detail below, the Committee currently also makes annual grants of equity awards as part of the executive compensation program. Over the past few years, those grants have consisted of restricted stock and stock options. In response to, and in support of, stockholders' belief that a greater portion of the equity awards should be long-term performance awards, commencing in 2014, the Committee enhanced the program so that the restricted stock portion of the annual grants consists of a number of shares of restricted stock determined based on the achievement of the prior year's net income goal and is subject to time-based vesting following grant and a performance-based grant of restricted stock which vests based on achievement of a three-year cumulative revenue goal and is subject to adjustment based on the Company's TSR over the three-year performance period. Under the program, target award values are determined at the time of grant.

The three-year performance shares provide a long-term or multi-year performance measurement encouraging executives to achieve sustained growth and provide a direct link in the long-term incentive plan to long-term revenue growth. The three-year performance shares are subject to adjustment based on the Company's total stockholder return over the three-year period. The shares earned, if any, as a result of the Company's three-year revenue relative to the revenue goal will be positively or negatively adjusted based on the Company's three-year TSR relative to the three-year TSR of the companies included within the Russell 1000 index, in order to tie the value of the equity awards to the Company's performance and appreciation of the Company's stock price relative to the performance of other companies within the index. The Committee chose the Russell 1000 index in order to closely align the three-year performance goal with that of the U.S. equity market. The Russell 1000 measures the performance of the large cap segment of the U.S. equity markets and represents approximately 90% of the U.S. market as measured by capitalization. The Committee determined that the Russell 1000 index would provide a comprehensive and unbiased barometer against which to compare the Company's TSR. The Company is currently included in the Russell 1000 index.

The Committee decided to grant a mix of equity awards because each type of award helps achieve some of the objectives of the executive compensation program.

The Committee believes that options have a performance-based element because the option holder realizes value only if the stockholders also realize value – if the price of the Company's common stock has increased from the grant date at the time the option is exercised.

In contrast, restricted stock awards have value when they vest regardless of the stock price, so they have retention value even if the Company's common stock price declines or stays flat.

Grants of performance shares that vest based on achievement of a long-term performance goal also provide a long-term or multi-year performance measurement encouraging executives to achieve sustained growth, increasing executives' focus on longer-term financial goals and further linking executives' interests with those of our stockholders.

Stock options motivate executive officers by providing greater potential upside while restricted stock awards promote executive retention, focus executives' attention on total stockholder return and balance the Company's compensation program. The Committee believes that the use of multi-year vesting periods for equity awards (for both stock options and restricted stock) emphasizes a longer-term perspective and therefore encourages executive retention. Under the current program, all stock option and restricted stock awards issued to the named executive officers that vest over time are subject to a three-year vesting period from the date of grant.

The value of the annual equity compensation awards granted to our named executive officers is based on a target award dollar amount and varies among named executive officers by position depending upon individual responsibility and performance, external market and peer group practices, internal pay equity considerations, and, with respect to the annual performance-based restricted stock awards, achievement of the performance criteria as described below. Consistent with its determinations for executive compensation generally, the Committee has generally set the aggregate target equity compensation within +/- 15% of the median levels of the peer company data provided by its compensation consultant, where available, but retains discretion to set target award levels based on the considerations set forth above.

Target Equity Incentive Awards Granted in 2017

After review of the executive compensation program in early 2017, the Company's goals (including linking executive incentives with long-term stockholder value), peer data (where available), previous equity awards to the respective named executive officers, the total mix of compensation for each individual, individual performance and internal pay equity and competitive considerations, with respect to their long-term equity incentives, and taking into account the February 2017 Willis Towers Watson study, the Committee determined to increase target award values for Mr. Florance, Mr. Carchedi and Mr. Linnington. The Committee also set Mr. Wheeler's target award values at that time. Mr. Florance's, Mr. Carchedi's and Mr. Linnington's target award values were increased by approximately 2%, 10%, and 36%, respectively, in recognition of their responsibilities and performance and the peer data. The target award values for Messrs. Florance, Carchedi and Linnington were set within +/- 15% of the median blended market data. Mr. Wheeler's target award value falls between the 50th and 75th percentile of the blended market data, and was determined after taking into account Mr. Wheeler's total mix of compensation and internal pay equity considerations. Ms. Ruggles did not participate in the executive long-term equity incentive program in early 2017 but did receive an equity award in 2017 in connection with the Company's annual equity grants to managers and key employees and in recognition of her increased responsibilities, as described in further detail below.

Based on prior discussions with representative stockholders and prior recommendations received from Willis Towers Watson, the equity program approved by the Committee sets target award values made up of 40% options subject to a three-year vesting term, 40% annual performance-based restricted stock granted based on achievement of annual financial performance objectives and subject to a three-year vesting term, and 20% performance-based restricted stock subject to vesting based on a three-year pre-determined performance objective and adjustment based on achievement of total stockholder return relative to TSR of companies within the Russell 1000. In early 2016, the Committee approved net income included in the Company's 2016 Operating Plan as the Company-wide financial goal for the annual performance-based restricted stock awards to be granted in 2017. The Committee determined that net income is a relevant measure of the Company's financial performance and of stockholder value, and use of the metric avoids potential for duplicative payouts under the Company's cash incentive program to the named executive officers for the same areas of performance.

Once the achievement level of the performance target for the annual restricted stock grant and the total amount of that award for each named executive officer has been determined by the Committee, the number of shares of restricted stock actually granted to a named executive officer is determined using the fourth quarter average daily closing price of the Company's common stock and rounding up to the nearest 100 shares and approved by the Committee. The annual performance-based restricted stock awards vest in equal installments on the first three anniversaries of the date of grant. Similarly, the number of shares of restricted stock granted to a named executive officer with respect to the multi-year performance grant, subject to vesting, is similarly determined using the fourth quarter average daily closing price of the Company's common stock and rounding up to the nearest 100 shares, as described further under "2017 Multi-Year Performance Shares" below. The grant date of the annual performance-based restricted stock awards and the multi-year performance restricted stock awards is the date that the Committee approves the grants. Grants of performance-based restricted stock are accounted for using the fair market value of such stock on the date of grant.

The Committee supplements the named executive officers' annual restricted stock awards with an annual award of stock options. Annual option grants are also based on the target award values determined as of the date of grant and vest pro rata over three years. The value actually awarded to each named executive officer is converted to the number of options based on Willis Towers Watson's assessed value per option calculated using the Black-Scholes model, and is updated annually. The exercise price for each option is equal to the closing price of the Company's common stock on the date of grant, which is the date of approval by the Committee.

The Committee approved the following target award values for the annual equity compensation awards, consisting of the performance-based restricted stock awards granted in 2017 for 2016 performance and the annual stock option and

multi-year performance restricted stock awards granted in 2017.

Lisa C. Ruggles ⁽¹⁾	President, Global Research	Not a participant in the executive equity incentive program in 2017			

Ms. Ruggles was not an executive officer in March 2017, and therefore was not eligible for the equity grants awarded to executives at that time but nevertheless received an equity award equity of 2,441 shares of restricted stock on March 2, 2017, in connection with the Company's annual equity grants to managers and key employees and in recognition of her increased responsibilities. These shares of restricted stock vest in equal, annual installments over four years. The grant date fair value is \$500,185, computed in accordance with FASB ASC Topic 718 pursuant to SEC rules.

2016 Performance-Based Restricted Stock Awards Granted in 2017

On March 2, 2017, the Committee approved and awarded each named executive officer a grant of restricted stock, the size of which was based on the target award values set forth above and achievement of net income for 2016 (the "2016 Performance-Based Stock Awards"). Each named executive officer had the potential to earn up to two times his annual performance-based restricted stock target award value as shown in the table above for exceptional performance as measured against the pre-established metrics and goals.

2016 Performance-Based Stock Awards – Financial Goal⁽¹⁾

(dollar amounts in millions)

Performance Metric	Threshold Goal	Target Goal	Maximum Goal	2016 Actual
Non-GAAP Net Income	\$49.9	\$62.3	\$67.3	\$85.1
Payout Percentage	50%	100%	200%	200%

Named executive officers could receive between 0% and 200% credit for the net income goal, depending upon actual net income achieved in 2016. Credit for performance between threshold and target and between target and maximum are determined by linear interpolation. No credit is given for performance below threshold and credit is capped at 200% of target.

The net income goal for 2016 reflects the Company's expected investments and strategic initiatives in the Apartments.com business and to support and sustain the long-term growth of the Company. The net income target for 2016 was set at a level the Compensation Committee believed was challenging given the aggressive profitability growth target expected to be achieved while continuing to make strategic investments. As a result of the investments made in the business and the exceptional performance of our management team, the Company achieved stronger than expected net new subscription sales, which together with management's focus on operational efficiency and cost

reduction and management initiatives implemented in 2016, resulted in stronger than forecasted earnings results. For 2016 performance, each named executive officer received 200% of his target award value. The 2016 Performance-Based Stock Awards were granted on March 2, 2017, and the stock award value earned by each named executive officer is shown in the table below. For additional information, see the Grants of Plan-Based Awards table in this Proxy Statement.

Lisa C. Ruggles ⁽²⁾	Senior Vice President, Global Research	—	—

(1) The number of shares granted is determined by dividing the earned award value by the fourth quarter 2016 average daily price (\$196.39), rounded up to the nearest 100 shares.

Ms. Ruggles was not an executive officer in March 2017, and therefore was not eligible for the equity grants awarded at that time. Ms. Ruggles was granted an equity award of 2,441 shares of restricted stock on March 2, 2017, in connection with the Company's annual equity grants to managers and key employees and in recognition of her increased responsibilities. These shares of restricted stock vest in equal, annual installments over four years.

The grant date fair value is \$500,185, computed in accordance with FASB ASC Topic 718 pursuant to SEC rules. 2017 Multi-Year Performance Shares

On March 2, 2017, the Committee awarded the named executive officers shares of restricted stock subject to vesting based on achievement of a three-year cumulative revenue goal and adjustment based on the Company's achievement of total stockholder return (TSR) relative to TSR of companies within the Russell 1000 over the same three-year period. The Company believes that disclosing the specific revenue goal would cause competitive harm, but believes that achievement of the goal at the target level is attainable but will require significant effort. Each named executive officer has the potential to earn up to two times his three-year performance stock target award value for exceptional performance as measured against the pre-established revenue goal, plus up to an additional 20% based on the Company's TSR over the same three-year period.

Named executive officers can receive between 0% and 200% credit for the revenue component of their three-year performance stock award, depending on actual, cumulative revenue achieved from January 1, 2017 through December 31, 2019. Credit for performance between threshold (95% of target revenue) and target and between target and maximum (102% of target revenue) are determined by linear interpolation. No credit is given for performance below the threshold and credit is capped at 200% of target. After the number of performance shares is determined based on the cumulative revenue for the three-year period, the TSR modifier may increase or decrease the number of shares earned from +20% to -20%. Shares are reduced by 20% if performance is at or below the threshold (25th percentile). Shares are increased by 20% if performance is at or above the maximum (75th percentile). There is no adjustment to the number of shares at target (50th percentile). Adjustments are made between threshold and target and between target and maximum by linear interpolation.

The maximum number of shares of restricted stock subject to the three-year performance stock grant based on the award values described above was awarded on March 2, 2017, subject to the above-described vesting provisions. The maximum number of shares was calculated by first determining the target number of shares by dividing the target value by the fourth quarter 2016 average daily price (\$196.39) and rounding up to the nearest 100 shares, and then multiplying the target number of shares by 2 (to take into account the potential for the maximum 200% credit) and the result by 1.2 (to take into account the potential +20% TSR adjustment).

The actual number of shares that vest and become non-forfeitable are determined on the vesting date based on the Company's achievement of the revenue and TSR goals described above. The table below sets forth the maximum three-year performance stock award values and the number of shares of common stock granted to the named executive officers in March 2017.

Name	Title	Maximum 3-year Performance- Stock Award Values ⁽¹⁾	Maximum Shares (#) ⁽²⁾
Andrew C. Florance	CEO & President	\$2,208,000	11,280
Scott T. Wheeler	CFO	\$900,000	4,800
Francis A. Carchedi	Exec. Vice President, Corporate Development	\$528,000	2,880
Matthew F. W. Linnington	Exec. Vice President, Sales	\$720,000	3,840
Lisa C. Ruggles ⁽³⁾	Senior Vice President, Global Research	—	—

Calculated by multiplying the target award value by 2 (to take into account the potential for the maximum 200% credit) and the result by 1.2 (to take into account the potential +20% TSR adjustment). The amounts reported in (1) this table under “3-year Performance Stock Award Values” differ from the grant date fair values for these awards reported in the “Summary Compensation Table” and the “Grants of Plan-Based Awards” table in this Proxy Statement, which are computed in accordance with FASB ASC Topic 718 pursuant to SEC rules.

The maximum number of shares was determined by dividing the target award value by the fourth quarter 2016 average daily price (\$196.39), rounding up to the nearest 100 shares, then multiplying that number by 2 (to take into account the potential for the maximum 200% credit) and the result by 1.2 (to take into account the potential +20% TSR adjustment).

(3) Ms. Ruggles was not an executive officer when the three-year performance stock awards were granted in March 2017 and did not receive an award of performance shares in 2017.

2017 Stock Option Awards

On March 2, 2017, the Committee awarded the named executive officers stock options. The number of shares of common stock underlying the option awards granted to named executive officers was based on the award values described above. The table below sets forth the option award values and the number of shares of common stock underlying each option award for the option grants to the named executive officers granted in March 2017.

The amounts reported in this table under "Option Award Values" differ from the grant date fair values for these awards reported in the "Summary Compensation Table" and the "Grants of Plan-Based Awards" table in this Proxy Statement.

Target Equity Incentive Awards Granted in 2018

The Committee elected to review the target award values in early 2018 in advance of awarding the annual performance-based restricted stock awards in 2018 for 2017 performance and the annual stock option awards in 2018. After this additional review of the Company's goals (including linking executive incentives with long-term stockholder value), previous equity awards to the respective named executive officers, the total mix of compensation for each individual, individual performance, internal pay equity and competitive considerations, and taking into account the 2018 Willis Towers Watson study, the Committee determined to increase target award values for Mr. Florance, Mr. Wheeler and Mr. Carchedi. The Committee decreased the target award values for Mr. Linnington and set Ms. Ruggles' target award values. Mr. Florance's, Mr. Wheeler's and Mr. Carchedi's target award values were increased in recognition of their responsibilities and performance. Ms. Ruggles' target award value was determined after taking into account her total mix of compensation, internal pay equity considerations and her responsibilities and performance. Mr. Linnington's target award value was decreased to an amount that is closer to the target amounts for Mr. Carchedi and Ms. Ruggles in consideration of his total mix of compensation and internal pay equity considerations. The target award values for Messrs. Florance, Carchedi and Ruggles were set within +/- 15% of the median blended market data, while Mr. Linnington's target award value falls below the +/- 15% median blended market data benchmark. Mr. Wheeler's target award value falls between the 50th and 75th percentile of the blended market data, and is just slightly above the median blended market data. The Committee previously approved the continued use of net income as the financial metric for the annual performance-based restricted stock awards to be granted in 2018 for 2017 performance to keep the compensation target aligned with GAAP-basis results.

The chart below sets forth the target award values for the annual equity compensation awards, including the annual stock option awards granted in 2018 that vest ratably over three years, the annual performance-based restricted stock awards granted in 2018 for achievement of 2017 net income that vest ratably over three years, and the performance-based grant of restricted stock, which vests based on achievement of a three-year cumulative revenue goal and is subject to adjustment based on the Company's total stockholder return over the same three-year period. The

value of the annual performance-based restricted stock ultimately awarded to our named executive officers in early 2018 for 2017 performance was determined based upon achievement of net income as described below. Each named executive officer

56

had the potential to earn up to two times his annual performance-based restricted stock target award value for exceptional performance as measured against the goal.

2017 Performance-Based Restricted Stock Awards Granted in 2018

On February 28, 2018, the Committee approved and awarded each named executive officer a grant of restricted stock, the size of which was based on the target award values set forth above and achievement of net income for 2017 (the “2017 Performance-Based Stock Awards”).

Credit for performance between threshold and target and between target and maximum are determined by linear interpolation. No credit is given for performance below threshold and credit is capped at 200% of target.

(2) The net income goals and actual achievement have been adjusted for litigation-related expenses and the associated income tax effect in accordance with the terms of the stock incentive plan and consistent with Section 162(m) of the Internal Revenue Code.

The net income goal for 2017 reflects the Company’s expected investments and strategic initiatives in the Apartments.com business and to support and sustain the long-term growth of the Company. The net income target for 2017 was set at a level the Compensation Committee believed was challenging given the aggressive profitability growth target expected to be achieved while continuing to make strategic investments. As a result of the investments made in the business and the exceptional performance of our management team, the Company achieved stronger than

expected net new subscription sales, which together with management's focus on operational efficiency and cost reduction and management initiatives implemented in 2017, resulted in stronger than forecasted earnings results. For 2017 performance, each named executive officer received 200.0% of his or her target award value. The 2017 Performance-Based Stock Awards were granted on February 28, 2018, and the stock award value earned by each named executive officer is shown in the table below. As these awards were granted in early 2018, the grant date fair values of these

awards are not included in the Summary Compensation Table or Grants of Plan-Based Awards Table below, but will be reflected in next year's proxy statement.

Management Stock Purchase Plan

The Board of Directors adopted the Company's Management Stock Purchase Plan (the "MSPP") in December 2017 with the intent of providing selected key employees of the Company and its subsidiaries, including the named executive officers, the opportunity to defer a portion of their cash incentive compensation and to align management and stockholder interests through awards of Deferred Stock Units ("DSUs") under the MSPP and awards of matching restricted stock units ("Matching RSUs") under the 2016 Plan (or a successor plan). Commencing with cash incentive compensation for calendar year 2018, participants may elect to defer up to 100% of their annual incentive bonus or commissions that may be earned during the calendar year by submitting an irrevocable election before the beginning of the respective calendar year (or such later time as permitted by Section 409A of the Internal Revenue Code, as amended (the "Code")). On the date the incentive bonus or commission would otherwise be paid in cash (typically during the following calendar year), the Company will award to the participant DSUs covering a number of shares of common stock having an aggregate fair market value on that date equal to the amount of compensation elected to be deferred under the MSPP. On the same date the DSUs are awarded, a participant will receive a grant of Matching RSUs covering a number of shares of common stock equal to 100% of the DSUs granted.

The DSUs issued under the MSPP will be fully vested at grant and will be settled upon the earliest of (i) four years after the date of grant; (ii) the participant's death; (iii) the participant's disability; (iv) the participant's separation from service from the Company, or (v) a change in control (as defined in the MSPP) of the Company. Matching RSUs will vest four years after the date of grant, subject to the participant's continued employment through that date, or upon a change in control of the Company that occurs prior to such date. If the participant's employment terminates for any reason before the Matching RSUs vest, they will be forfeited. There were no DSUs or Matching RSUs awarded under the MSPP in 2017.

COMPENSATION DECISION PROCESS

COMPENSATION COMMITTEE Composed entirely of independent directors

The Compensation Committee operates under a written charter approved by the Board. The Compensation Committee:

- Oversees the Company's compensation structure, policies and programs for executive officers and assesses whether the compensation structure establishes appropriate incentives for the executive officers;
- Annually reviews and approves corporate goals and objectives relevant to CEO's and other executive officers' compensation;
- Determines and sets compensation levels based on the Compensation Committee's evaluation and, with respect to the other executives, the recommendations of the CEO;
- Approves stock options and other stock incentive awards for executive officers;
- Reviews and approves the design of benefit plans pertaining to executive officers;
- Reviews and recommends employment agreements for executive officers;
- Approves, amends or modifies the terms of any compensation or benefit plan that does not require stockholder approval;
- Reviews the compensation of Directors for service on the Board and its committees and recommends changes in compensation to the Board; and
- Reviews and discusses with management the Company's compensation discussion and analysis and related disclosures required to be included in the Company's annual report and proxy statement.

READ THE BOARD COMMITTEES' CHARTERS

All of the charters for the Company's Board committees are available in the "Investors" section of the Company's website at www.costargroup.com/investors/governance.

In addition, the Board has designated the Compensation Committee as the Administrator of the 2007 Plan, the 2016 Plan, the Company's 2016 Cash Incentive Plan, the Company's Employee Stock Purchase Plan, and the Company's Management Stock Purchase Plan. The Compensation Committee may delegate its duties or responsibilities to a

subcommittee of the Compensation Committee, and it has authority to retain and to direct management to retain outside advisors and experts that it determines appropriate to assist with performance of its functions.

For additional information about the Committee's authority and its ability to delegate its authority, see the section of this Proxy Statement titled "Additional Information—Board Meetings and Committees—Compensation Committee."

INDEPENDENT COMPENSATION CONSULTANT Willis Towers Watson

ABOUT WILLIS TOWERS WATSON

Willis Towers Watson is engaged by and reports to the Compensation Committee, and occasionally meets with management to discuss compensation initiatives and issues. The Compensation Committee determined that Willis Towers Watson's work as the Compensation Committee's compensation consultant does not present any conflicts of interest.

In 2018, Willis Towers Watson:

- Updated the Company's peer group;
- Provided the Compensation Committee with a compensation analysis with respect to the competitiveness of the Company's executive compensation programs;
- Conducted a market study of executive compensation practices to ensure that the Company's compensation programs are reasonable and competitive; and
- Conducted an assessment of potential risk factors associated with the design and administration of the Company's executive compensation programs.

MANAGEMENT

- Supports the Compensation Committee by making recommendations and providing analyses and meets with Willis Towers Watson to discuss compensation initiatives and competitive practices;
- The Chief Executive Officer is responsible for conducting an annual performance evaluation of each of the NEOs; and
- Based on performance and competitive benchmarking reports, the CEO makes recommendations to the Compensation Committee for the compensation of the other NEOs.

OTHER COMPENSATION POLICIES AND PRACTICES

EXECUTIVE STOCK OWNERSHIP POLICY

The Company believes that its executive officers should have a significant financial stake in the Company. To better align the interests of our executive officers with those of our stockholders, the Compensation Committee adopted an Executive Stock Ownership Policy. Executive officers are expected to own shares of the Company's common stock as follows:

Name	Shares
CEO & President	Required to own shares with a value equal to 6x annual base salary
Other Executive Officers	Required to own shares with a value equal to 2x annual base salary

Shares subject to unvested or unexercised equity awards are not considered owned by the executive for purposes of the policy. The current executive officers have until December 31, 2019 to meet the ownership requirements.

EQUITY GRANT PRACTICES

The Company does not have any program, plan or practice to time equity awards in coordination with the release of material non-public information, nor does the Company time the release of material nonpublic information for the purpose of affecting the value of executive compensation.

RECOUPMENT (OR "CLAWBACK") POLICY

The Compensation Committee has approved a recoupment ("clawback") policy. In the event of a restatement due to material non-compliance with financial reporting requirements, the Board is required to review cash incentive payments to executive officers and all performance-based equity awards issued to executive officers during the three years prior to the date the Company determines the restatement is required. If the Board determines that the payments or grants would have been lower had they been determined or calculated based on the restated results, the Board will, to the extent permitted by governing law, seek to recoup for the benefit of the Company the value of such payments made to executive officers whom the Board determines engaged in willful misconduct or gross negligence.

ANTI-HEDGING POLICIES

Pursuant to the Company's insider trading policy, the Company does not permit directors, officers or other employees to engage in speculative or short-term financial activities involving the Company's stock or derivatives based on the Company's securities without the consent of the Company's compliance officer. In addition, the Company does not generally allow any such activities or other hedging activities by its executive officers or directors absent an extraordinary circumstance.

TERMINATION AND CHANGE OF CONTROL PAYMENTS

Except for Mr. Florance, who has termination provisions in his employment agreement, Mr. Wheeler, who has a severance provision in his employment terms providing for severance in the event he terminates for good reason or is terminated by the Company without cause, and Mr. Linnington, who has a severance provision in his employment terms providing for severance in the event of his termination by the Company without cause, the Company is not obligated to provide significant severance or termination payments to named executive officers. The Company has a Company-wide severance plan that provides payments that do not discriminate in scope, terms or operation in favor of executive officers of the Company and that are available generally to all salaried employees, including the named executive officers. Pursuant to the Company's severance policy, in recognition of their service to the Company, full-time staff who are part of a position reduction may receive severance pay equal to two weeks current base pay for the first year or less of employment, plus one week current base pay for each completed additional year of continuous

service (up to a 16-week maximum payout) in exchange for a full release of claims. All Company employees are employed at will and, unless specified otherwise by an employment agreement, CoStar is not liable to pay severance but has chosen to adopt this severance policy to apply only in limited circumstances. The Company may choose to pay severance outside of the severance policy in its sole discretion and may amend, alter or discontinue the severance policy at any time.

Similarly, except for Mr. Florance, who negotiated change of control provisions in his employment agreement, the Company does not provide significant cash payments to named executive officers upon a change of control or other similar significant corporate event. However, in order to protect the rights granted under the Company's 2007 and 2016 stock incentive plans, including the Matching RSUs to be issued when DSUs are awarded under the MSPP, the form of grant agreement provides for acceleration of vesting of stock and option grants and rights to exercise stock options upon certain significant events, including a change of control, liquidation or dissolution of the Company or the sale or disposition of all or substantially all of the Company's assets (except in the event that the awards are assumed or substitute grants are awarded pursuant to the terms of the grant). The DSUs issued under the MSPP will be fully vested at grant and will be settled upon the earliest of (i) four years after the date of grant; (ii) the participant's death; (iii) the participant's disability; (iv) the participant's separation from service from the Company, or (v) a change in control of the Company. Those rights do not discriminate in scope, terms or operation in favor of named executive officers of the Company and are available generally to all employees who participate in those plans, including the named executive officers.

Details of the potential termination payments for Messrs. Florance, Wheeler and Linnington, of the rights triggered under the 2007 and 2016 stock incentive plans in the case of a significant corporate event and potential payments under the Company-wide severance policy are set out below in the section titled "Potential Payments Upon Termination or Change of Control" in this Proxy Statement.

POLICY ON DEDUCTIBILITY OF COMPENSATION

Section 162(m) of the Internal Revenue Code (the "Code") generally places a \$1 million deduction limit on the amount of compensation paid by a publicly traded company in any one year to certain executive officers. Prior to January 1, 2018, this deduction limit applied to the compensation paid to the CEO and the three most highly compensated executive officers (other than the CEO and CFO) who were employed on the last day of the year. This \$1 million deduction limit did not apply to compensation that met the Section 162(m) requirements for "qualifying performance-based compensation." When designing all aspects of compensation, the Company has considered the deductibility of executive compensation under Section 162(m) of the Code. However, the Company has reserved the right to administer its compensation arrangements in a manner that does not satisfy the requirements of Section 162(m) as it determines to be appropriate.

The "Tax Cuts and Jobs Act" eliminates the "qualified performance-based compensation" exception under Section 162(m) of the Code for taxable years beginning on or after January 1, 2018, but provides transition relief for compensation paid under binding written contracts that were in effect as of November 2, 2017, so long as the contract is not materially modified after such date. As a result, compensation paid to the Company's covered executive officers (including the income recognized upon the exercise of stock options) in excess of \$1 million will not be deductible by the Company unless it qualifies for the transition relief. The Tax Cuts and Jobs Act also expanded the executive officers subject to the Section 162(m) \$1 million deduction limit, which now include anyone who has ever been the Company's CEO, CFO or one of the three highest paid named executive officers (other than the CEO and CFO) in any fiscal year beginning on or after January 1, 2017. Due to the lack of regulatory and other guidance pertaining to the future interpretation of Section 162(m) of the Code and the transition relief, no assurance can be given that compensation intended to qualify for the performance-based exception in fact will so qualify.

The Company makes no representation that the compensation of its named executive officers will be fully deductible for federal income tax purposes, and the Company continues to reserve the right to award compensation that is not fully deductible under Section 162(m) of the Code and to administer its compensation arrangements in a manner that does not satisfy the requirements of Section 162(m) as it determines to be appropriate.

(1) This column shows the aggregate grant date fair value of the awards granted in the years shown, computed in accordance with FASB ASC Topic 718 pursuant to SEC rules, including the grant date fair value of the maximum number of shares that could be issued pursuant to the three-year performance-based restricted stock awards granted in 2015, 2016 and 2017, which vest based on achievement of a three-year cumulative revenue goal for the three-year period commencing January 1 of the year of grant and running through December 31 of the third year following the date of grant (i.e. January 1, 2015 – December 31, 2017 for the 2015 grants; January 1, 2016 – December 31, 2018 for the 2016 grants; and January 1, 2017 – December 31, 2019 for the 2017 grants) and are subject to adjustment based on the Company's TSR over the respective three-year performance period. These amounts reflect the Company's accounting expense and do not correspond to the actual value that will be realized by the named executive officers. Additional information regarding the size of the awards is set forth in the notes to

the “Grants of Plan Based Awards” and “Outstanding Equity Awards” tables. Assumptions used in calculating the fair value for awards granted in 2017 are described in Note 14 to the audited financial statements in the Company’s Annual Report on Form 10-K for the period ended December 31, 2017. For additional information on the stock awards, see the “Equity Incentive Compensation” discussion within the section titled “Compensation Discussion and Analysis” of this Proxy Statement.

This amount represents the annual cash incentive earned under the Company’s annual incentive bonus plan based (2) on the executive’s achievement of individual and/or Company financial goals. These bonuses are awarded and paid in the following

year after actual financial results are determined for the year for which performance was measured. For additional information regarding the annual cash incentives paid for 2017 performance, see the “2017 Annual Cash Incentive Program” discussion within the section titled “Compensation Discussion and Analysis” of this Proxy Statement.

Pursuant to the CoStar Realty Information, Inc. 401(k) Plan (a defined contribution plan available generally to employees of the Company) (the “401(k) Plan”), for the 2017 plan year, Mr. Florance contributed a portion of his annual compensation and CoStar made a matching contribution in the amount of \$10,800. In 2017, the employer (3a) contribution was capped at the executive’s contribution amount up to a maximum of four percent of the executive’s gross pay. The Company paid \$1,112 in annual premiums to maintain a \$1 million life insurance policy for the benefit of Mr. Florance. Mr. Florance received a tax gross up of \$3,016 on his employment service award, which was reported as income for tax purposes.

Pursuant to the 401(k) Plan, for the 2017 plan year, Mr. Wheeler contributed a portion of his annual compensation and CoStar made a matching contribution in the amount of \$10,800. In 2017, the employer contribution was (3b) capped at the executive’s contribution amount up to a maximum of four percent of the executive’s gross pay. Mr. Wheeler received a tax gross up of \$4,168 on certain employee incentives or gifts, which was reported as income for tax purposes.

Pursuant to the 401(k) Plan, for the 2017 plan year, Mr. Carchedi contributed a portion of his annual compensation and CoStar made a matching contribution in the amount of \$10,800. In 2017, the employer (3c) contribution was capped at the executive’s contribution amount up to a maximum of four percent of the executive’s gross pay. Mr. Carchedi received a tax gross up of \$4,180 on certain employee incentives or gifts, which was reported as income for tax purposes.

Pursuant to the 401(k) Plan, for the 2017 plan year, Mr. Linnington contributed a portion of his annual compensation and CoStar made a matching contribution in the amount of \$10,800. In 2017, the employer (3d) contribution was capped at the executive’s contribution amount up to a maximum of four percent of the executive’s gross pay. Mr. Linnington received a tax gross up of \$3,835 on certain employee incentives or gifts, which was reported as income for tax purposes.

Pursuant to the 401(k) Plan, for the 2017 plan year, Ms. Ruggles contributed a portion of her annual compensation and CoStar made a matching contribution in the amount of \$10,800. In 2017, the employer contribution was capped at the executive’s contribution amount up to a maximum of four percent of the executive’s gross pay. The (3e) Company paid \$109,896 in relocation expenses for Ms. Ruggles and a tax gross up of \$56,201 on the relocation expenses, each of which were reported as income for tax purposes. The Company paid certain meal expenses and for Ms. Ruggles’ personal use of a company car, each of which were reported as income for tax purposes. Ms. Ruggles received a tax gross up of \$2,101 on certain employee incentives or gifts, which was reported as income for tax purposes.

(4) Mr. Wheeler was appointed as an executive officer of the Company in January 2016.

(5) Ms. Ruggles was appointed as an executive officer of the Company in September 2017.

Amounts shown in these columns are possible amounts payable under the Company's annual executive cash incentive plan for 2017. The actual cash payments made in 2018 for 2017 performance under the Company's annual (1) executive cash incentive plan are reported in the Summary Compensation table above. The Company's annual executive cash incentive plan in effect for 2017 is described more fully in the section titled "Compensation Discussion and Analysis—2017 Annual Cash Incentive Program" within this Proxy Statement.

(2) Amounts shown in these columns are the possible number of shares that may vest pursuant to the three-year performance-based restricted stock awards granted in March 2017 under the Company's 2016 Plan, which vest based on achievement of a three-year cumulative revenue goal for the period from January 1, 2017 through December 31, 2019 and are subject to adjustment based on the Company's TSR over the three-year performance period. See the section titled "Compensation Discussion and Analysis—2017 Multi-Year Performance Shares for a

description of the material terms of these awards.

65

Amounts shown in this column represent restricted stock awards granted to named executive officers in 2017 in respect of achievement of 2016 net income goals, except with respect to Ms. Ruggles, who was not eligible for the equity grants awarded to the named executive officers in March 2017, but received an equity award of 2,441 shares on March 2, 2017 in connection with the Company's annual equity grants to managers and key employees and in recognition of her increased responsibilities, which vests in equal, annual installments over four years. The closing price of the Company's common stock on March 2, 2017 was \$204.91.

(3) Amounts shown in this column represent stock options granted to named executive officers in 2017 that vest in equal, annual installments over three years after the date of grant.

(4) The exercise price is the closing price of our common stock on the date of grant, as reported on the Nasdaq Global Select Market.

(5) The amounts shown in this column represent the grant date fair value of each equity award computed in accordance with FASB ASC Topic 718 pursuant to SEC rules. For a discussion of the assumptions used in calculating the fair value of each equity award see Note 14 to the audited financial statements in the Company's Annual Report on Form 10-K for the period ended December 31, 2017.

(6) Amount shown represents the grant date fair value computed in accordance with FASB ASC Topic 718 pursuant to SEC rules of the maximum number of shares that could be issued pursuant to the three-year performance-based restricted stock awards, which vest based on achievement of a three-year cumulative revenue goal for the period from January 1, 2017 through December 31, 2019 and are subject to adjustment based on the Company's TSR over the three-year performance period. For a discussion of the assumptions used in calculating the fair value of each equity award see Note 14 to the audited financial statements in the Company's Annual Report on Form 10-K for the period ended December 31, 2017.

NARRATIVES TO SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS TABLE

EMPLOYMENT AGREEMENTS AND ARRANGEMENTS

We have an employment agreement with Mr. Florance, and we have at will employment terms with Mr. Wheeler, Mr. Carchedi, Mr. Linnington and Ms. Ruggles. Our employment agreement with Mr. Florance became effective as of January 1, 1998. All employees, including our named executive officers, are required to execute terms and conditions of employment, which state that employment is at will and set forth restrictive covenants, including duties of confidentiality, non-solicitation of customers and employees and non-competition. Mr. Wheeler's employment terms are dated November 13, 2015. Mr. Carchedi's current employment terms became effective June 4, 2009. Mr. Linnington's current employment terms became effective May 8, 2014. Ms. Ruggles' current employment terms became effective November 16, 2000.

CHIEF EXECUTIVE OFFICER EMPLOYMENT AGREEMENT

Pursuant to his employment agreement, Mr. Florance is entitled to receive base salary, an annual cash bonus, six weeks of paid vacation per year, the same health insurance, accident and disability insurance, life insurance, and other fringe benefits provided to most senior executives of the Company, and additional term life insurance coverage not to exceed \$1 million (at a cost to the Company not to exceed \$2,000 per year), payable as designated by Mr. Florance. Mr. Florance's employment agreement automatically renews for successive one-year terms unless either the Company or Mr. Florance provides the other with written notice of termination at least three months prior to the end of the then-current term.

Pursuant to his employment agreement, Mr. Florance is subject to confidentiality and non-compete restrictive covenants. The non-compete restrictions apply during the term of the agreement, any period of time during which he remains employed with the Company "at will" and through the second anniversary of the date of his termination.

EQUITY AWARDS

All grants of equity awards to our named executive officers made in 2017 were made under the Company's 2016 Plan. In April 2016, the Company's Board adopted the 2016 Plan, subject to stockholder approval. Stockholders approved the 2016 Plan in June 2016. All shares of common stock that were authorized for issuance under the Company's 2007 Plan that, as of June 9, 2016, remained available for issuance under the 2007 Plan (excluding shares subject to outstanding awards) were rolled into the 2016 Plan and, as of that date, no shares of common stock remained available for issuance pursuant to new awards under the 2007 Plan. All grants of equity awards to our named executive officers made in 2018 for 2017 performance were made under the Company's 2016 Plan.

Stock options and annual performance-based restricted stock granted to named executive officers in 2017 and annual performance-based restricted stock granted in 2018 for performance in 2017, in each case pursuant to the named executive officers' annual equity incentive grants, vest in equal installments over the first three anniversaries following the date of grant, except for grants of restricted stock subject to vesting based on pre-determined performance objectives which vest upon achievement of those objectives. In 2017, Ms. Ruggles received a grant of time-based restricted stock in connection with the Company's annual equity grants to managers and key employees, which vests over four years from the date of grant. For a description of the criteria applied in determining the number of shares of restricted stock awarded in 2017 and 2018 for performance in 2016 and 2017, respectively, see "Compensation Discussion and Analysis—Equity Incentive Compensation" above. For a discussion of the effect of a change of control on outstanding restricted stock and option awards, see "Potential Payments Upon Termination or Change of Control—Change of Control Provisions under the Company's 2007 and 2016 Plans" below. For a discussion of the effect of Mr. Florance's termination on his outstanding equity awards, see "Potential Payments Upon Termination or Change of Control—Termination and Change of Control Provisions pursuant to Employment Agreements" below. Under the 2007 Plan and the 2016 Plan, recipients of restricted stock are entitled to receive all dividends and other distributions,

if any, paid with respect to the common stock. The Compensation Committee will determine if any such dividends or distributions will be automatically

67

reinvested in additional shares of restricted stock and subject to the same restrictions as the restricted stock or whether the dividend or distribution will be paid in cash.

- The dates of grant of each named executive officer's stock option awards outstanding as of December 31, 2017 are set forth in the table above, and the vesting dates for each stock option award can be determined based on the vesting schedules described in this footnote. All awards of stock options in the table above are exercisable in installments of one third on the first three anniversaries of the date of grant, assuming continued employment.
- (1)
- (2) Market value based on the closing price of the Company's common stock as of December 29, 2017 of \$296.95 per share.
- (3) Represents the maximum number of shares that could be issued pursuant to the three-year performance-based restricted stock awards, which vest based on achievement of a three-year cumulative revenue goal. The revenue goal for the grants made in

2017 are for the period from January 1, 2017 through December 31, 2019 and are subject to adjustment based on the Company's TSR over the three-year performance period. The revenue goal for the grants made in 2016 are for the period from January 1, 2016 through December 31, 2018 and are subject to adjustment based on the Company's TSR over the three-year performance period. The revenue goal for the grants made in 2015 are for the period from January 1, 2015 through December 31, 2017 and are subject to adjustment based on the Company's TSR over the three-year performance period.

(4a) As of December 31, 2017, Mr. Florance held (i) 6,300 shares of restricted stock, which vest in their entirety on March 5, 2018, (ii) 12,067 shares of restricted stock, which vest in equal installments on March 11, 2018 and 2019, and (iii) 18,800 shares of restricted stock, which vest in equal installments on March 31, 2018, 2019 and 2020.

(4b) As of December 31, 2017, Mr. Wheeler held (i) 9,578 shares of restricted stock, which vest in equal installments on January 11, 2018, 2019 and 2020, and (ii) 7,700 shares of restricted stock, which vest in equal installments on March 31, 2018, 2019 and 2020.

(4c) As of December 31, 2017, Mr. Carchedi held (i) 1,667 shares of restricted stock, which vest in their entirety on March 5, 2018, and (ii) 2,734 shares of restricted stock, which vest in equal installments on March 11, 2018 and 2019, and (iii) 4,500 shares of restricted stock, which vest in equal installments on March 31, 2018, 2019 and 2020.

(4d) As of December 31, 2017, Mr. Linnington held (i) 2,375 shares of restricted stock, which vest in their entirety on September 11, 2018, (ii) 1,434 shares which vest in their entirety on March 5, 2018 (iii) 3,000 shares of restricted stock, which vest in equal installments on March 11, 2018 and 2019, and (iv) 6,200 shares of restricted stock, which vest in equal installments on March 31, 2018, 2019 and 2020.

(4e) As of December 31, 2017, Ms. Ruggles held (i) 237 shares of restricted stock, which vest in their entirety on May 31, 2018, (ii) 414 shares of restricted stock, which vest in equal installments on May 28, 2018 and 2019, (iii) 183 shares of restricted stock, which vest in equal installments on May 27, 2018, 2019 and 2020, (iv) 1,665 shares of restricted stock, which vest in equal installments on December 31, 2018, 2019 and 2020, and (v) 2,441 shares of restricted stock, which vest in equal installments on March 31, 2018, 2019, 2020 and 2021.

OPTION EXERCISES AND STOCK VESTED FOR FISCAL YEAR 2017

The following Option Exercises and Stock Vested table provides information about the value realized by the named executive officers on option award exercises and stock award vesting during the year ended December 31, 2017.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired	Value on Exercise ⁽¹⁾ (\$)	Number of Shares Acquired	Value on Vesting ⁽²⁾ (\$)
Andrew C. Florance	43,536	\$8,801,741	23,956	\$4,925,680
Scott T. Wheeler	—	—	3,192	\$619,886
Francis A. Carchedi	10,000	\$1,895,924	6,896	\$1,417,986
Matthew F.W. Linnington	1,032	\$82,001	5,307	\$1,268,824
Lisa C. Ruggles	—	—	1,224	\$338,120

(1) With respect to shares of common stock sold upon exercise (on the date acquired), the value was calculated by multiplying the difference between the sale price per share and the exercise price per share by the number of shares

sold and aggregating all such sales during 2017. With respect to shares of common stock held upon exercise, the value was calculated by multiplying the difference between the closing price of our common stock on the date of exercise and the exercise price per share by the number of shares acquired and aggregating all such exercises during 2017.

- (2) Calculated by multiplying the number of shares acquired upon vesting by the closing price of our common stock on the trading day immediately preceding the vesting date.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

This section discusses the incremental compensation that would be payable by the Company to each named executive officer in the event of a change of control of the Company or a termination of the named executive officer's employment

70

with the Company for various reasons described below, sometimes referred to herein as a “triggering event.” In accordance with applicable SEC rules, the following discussion assumes that the triggering event in question — the change of control, termination of employment, death or disability — occurred on December 29, 2017, the last business day of 2017.

Pursuant to applicable SEC rules, the analysis contained in this section does not consider or include payments made to a named executive officer with respect to contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms or operation, in favor of executive officers of the Company and that are available generally to all salaried employees.

The actual amounts that would be paid upon a named executive officer’s termination of employment or change of control can only be determined at the time of the applicable event. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event and the Company’s stock price.

Termination and Change of Control Provisions pursuant to Employment Agreements

Mr. Florance

The Company is permitted to terminate Mr. Florance’s employment at any time, without “cause”, upon 60 days written notice, and Mr. Florance may voluntarily terminate his employment for “good reason” upon at least 60 days written notice. “Cause” is defined as (a) a material failure by Mr. Florance to perform his duties, which remains uncured for 60 days after written notice of the failure is provided by the Company, (b) Mr. Florance being convicted of a felony or pleading nolo contendere to a felony, or (c) any other willful act or omission by Mr. Florance which materially harms the financial condition or business reputation of the Company. “Good reason” is defined as (a) requiring Mr. Florance to relocate more than 45 miles from his current principal office, (b) Mr. Florance ceasing involuntarily to be Chief Executive Officer of the Company or being required to perform duties that are materially inconsistent with those normally performed by a chief executive officer, (c) the Company materially reducing the nature of his authority and duties, (d) requiring Mr. Florance to report to someone other than the Board, (e) the Company materially breaching its obligations under his employment agreement, which remain uncured for 90 days after written notice is provided by Mr. Florance to the Company, or (f) an acquisition or change of control of the Company occurring and Mr. Florance terminating his employment within one year after such event. For these purposes, an acquisition or change of control means (i) the acquisition of beneficial ownership of more than 50% of the outstanding common stock of the Company, (ii) election or appointment as directors comprising one-half or more of the Board of persons who were not nominated, recommended or appointed by the Company’s incumbent Board, (iii) the Company entering into a merger pursuant to which it is not the surviving entity, or (iv) sale by the Company of all or substantially all of its assets.

In the event that the Company terminates Mr. Florance’s employment without cause or if he terminates his employment for good reason, Mr. Florance is entitled to receive his base salary for one year payable in installments in accordance with the Company’s payroll practices, his bonus for the year in which the termination occurred, the immediate vesting of all of his unvested stock options and a gross-up payment, if any, to cover any taxes assessed under Section 4999 of the Tax Code. Upon termination by the Company without cause or by Mr. Florance for good reason, all of his unvested stock options will become immediately exercisable and he will have 180 days to exercise all vested options. If all or any portion of Mr. Florance’s stock options cannot be accelerated under the terms of the applicable stock incentive plan, Mr. Florance is entitled to receive cash consideration in lieu of acceleration for each share underlying that portion of his stock options that cannot be so accelerated equal to the excess (if any) of the highest closing price of the Company’s common stock during the 180 days following the executive's date of termination (or, if the Company is no longer publicly traded as of the date of termination, the per-share price in

connection with the transaction(s) that resulted in the Company no longer being publicly traded) over the exercise price of such option.

Mr. Florance's employment agreement also provides that in the event of his termination due to his disability or death, he (or his estate) would be entitled to receive (i) a prorated portion of his unvested stock options due to vest during the calendar year of his disability or death, and (ii) a prorated share of his bonus for the year of his disability or death. In

the event of termination due to disability or his death, Mr. Florance (or his estate) would have one year to exercise all vested options. For the purposes of this analysis, which assumes a triggering event on December 29, 2017, he (or his estate) would be entitled to the full amount of his bonus for 2017.

Mr. Florance also has the right at any time to terminate his employment without good reason upon 180 days written notice to the Company, and the Company has the right at any time to terminate Mr. Florance for cause. In either such event, Mr. Florance would not be entitled to any base salary or fringe benefits for any period after termination, and he would forfeit any unvested stock options and his right to participate in the Company's cash incentive program.

Mr. Wheeler

In the event that the Company terminates Mr. Wheeler's employment without "cause" or Mr. Wheeler terminates his employment for "good reason," Mr. Wheeler's offer letter provides for a termination payment equal to six months base salary and his prorated target annual cash incentive bonus, subject to his execution of a release. Pursuant to his offer letter, "cause" is defined as any of the following: (a) conduct involving intentional misrepresentation, fraud, embezzlement or dishonesty, (b) conviction of a felony or entry of a plea of guilty or no contest to a felony, (c) gross insubordination, willful misconduct or gross negligence, (d) disclosure of the Company's confidential information in breach of Mr. Wheeler's terms and conditions of employment, (e) breach of the non-competition or non-solicitation covenants in Mr. Wheeler's terms and conditions of employment, (f) material breach of the Company's policies, or (g) failure to perform his duties as Chief Financial Officer, which failure remains uncured for 30 days. Pursuant to Mr. Wheeler's offer letter, "good reason" means any of the following, provided that Mr. Wheeler provides the Company notice of his intent to terminate employment within 15 days of the event and the Company fails to cure within 30 days of receipt of his notice: (a) a material adverse change or reduction in Mr. Wheeler's duties or responsibilities that does not result from his misconduct or failure to adequately perform or another reason which would constitute grounds for his termination for cause, (b) a change in the reporting structure so that Mr. Wheeler no longer reports to the Chief Executive Officer, (c) a requirement that Mr. Wheeler relocate his principal office more than 50 miles from the current location, or (d) a resignation that is based upon a request from an authorized officer of the Company that Mr. Wheeler undertake any fraudulent or criminal activities in his role as Chief Financial Officer.

Mr. Linnington

In the event that the Company terminates Mr. Linnington's employment without cause, Mr. Linnington's offer letter provides for a termination payment equal to six months' base salary, subject to his execution of a release.

Others

Except as may be provided to all employees of the Company generally and as provided pursuant to the Company's stock incentive plans (as described below), Mr. Carchedi and Ms. Ruggles are not entitled to any post-employment compensation if their employment is terminated without cause.

Change of Control Provisions under the Company's 2007 and 2016 Plans

Pursuant to the Company's 2007 Plan and 2016 Plan and related award agreements, upon a change of control, all options will immediately vest and all restrictions on stock grants, including any Matching RSUs to be issued when DSUs are awarded under the MSPP, will lapse. For purposes of the stock incentive plans, a "change of control" means: (a) acquisition by a third party of more than 80% of the undiluted total voting power of the Company's then outstanding securities eligible to vote to elect members of the Board, (b) consummation of a merger or consolidation of the Company into any other entity, unless the holders of the Company's voting securities outstanding immediately before such transaction hold securities that represent immediately after such merger or consolidation at least 20% of

the combined voting power of the then outstanding voting securities of either the Company or the other surviving entity or its parent, or (c) the stockholders of the Company approve (i) a plan of complete liquidation or dissolution of the Company or (ii) an agreement for the Company's sale or disposition of all or substantially all the Company's assets, and such liquidation, dissolution, sale, or disposition is consummated. Further, upon a substantial corporate change, if awards are not assumed, substituted or continued, the awards shall immediately vest and become exercisable before the consummation of the

transaction. For purposes of the stock incentive plans, a “substantial corporate change” means: (w) dissolution or liquidation of the Company, (x) merger, consolidation, or reorganization of the Company with one or more corporations in which the Company is not the surviving corporation, (y) the sale of substantially all of the assets of the Company to another corporation, or (z) a person acquires ownership of 100% of the combined voting power of all classes of stock of the Company. Pursuant to the MSPP, although fully vested, all DSU’s that have not yet settled will be settled upon a change in control of the Company that qualifies as a change in the ownership or effective control of the Company within the meaning of Section 409A of the Code.

The table below summarizes the potential termination and change of control payments described above for each of the named executive officers, excluding any payments that may be available under the Company’s company-wide severance plan, which provides payments that do not discriminate in scope, terms or operation, in favor of executive officers of the Company and that are available generally to all salaried employees, including the named executive officers. The terms defined above apply to those used in this table. Unless otherwise specifically noted below, all amounts assume that the triggering event in question — the termination upon a change of control, termination without cause or for good reason, death or disability — occurred on December 29, 2017, the last business day of 2017.

Name	Termination by Company “without cause” other than change of control	Termination by Executive for “good reason” other than change of control	Termination due to death or disability	Termination upon change of control	Change of control without termination ⁽¹⁾

Lisa C. Ruggles	—	—	—	\$1,466,933 ⁽¹⁾	\$1,466,933

Consists of the values realizable by the named executive officers with respect to unvested stock options (that are in-the-money) and restricted stock under the Company’s 2007 and 2016 Plans in the event of a change of control or substantial corporate change, as defined in the plans and described above, as of December 29, 2017, which values are summarized in the table below. The intrinsic value of the stock options was calculated by multiplying the (1) number of shares underlying the unvested options by the difference between the exercise price of each unvested option and the closing price of the Company’s common stock (\$296.95) on December 29, 2017, excluding options with an exercise price greater than the closing price on December 29, 2017, if any. The intrinsic value of the restricted stock was calculated using the closing price of the Company’s common stock on December 29, 2017 (\$296.95).

Name	Unvested (in-the-money) Options (# shares)	Intrinsic Value	Unvested Restricted Stock (# shares)	Intrinsic Value	Total
Andrew C. Florance	69,734	\$7,079,457	71,007	\$21,085,529	\$28,164,986
Scott T. Wheeler	14,100	\$1,297,764	22,078	\$6,556,062	\$7,853,826
Francis A. Carchedi	16,601	\$1,680,902	17,541	\$5,208,800	\$6,889,702
Matthew F.W. Linnington	19,700	\$1,973,076	22,369	\$6,642,475	\$8,615,551
Lisa C. Ruggles	—	—	4,940	\$1,466,933	\$1,466,933

- Includes base salary for one year (\$750,000), bonus for 2017 (\$1,500,000), and the immediate vesting of all unvested stock options (\$7,079,457). The value of stock option vesting included in this amount was calculated by
- (2) multiplying the number of unvested options by the difference between the exercise price of each unvested option and the closing price of the Company's common stock (\$296.95) on December 29, 2017, excluding options with an exercise price greater than the closing price on December 29, 2017, if any.
 - (3) Consists of the cash incentive bonus for 2017.
Mr. Florance's employment agreement provides for a termination payment if there is an acquisition or change of control of the Company and Mr. Florance terminates his employment within one year after that event. Assuming,
 - (4) for these purposes, that those conditions are met as of December 29, 2017, Mr. Florance would be entitled to the amount set forth, which includes base salary for one year (\$750,000), his cash incentive bonus for 2017 (\$1,500,000), the immediate vesting of all unvested stock options (\$7,079,457) and all unvested restricted stock (\$21,085,529) under the respective stock incentive plans, and an estimated

gross-up payment to cover taxes assessed under Section 4999 of the Tax Code (\$7,842,168). The value of stock option vesting included in this amount was calculated by multiplying the number of unvested options by the difference between the exercise price of each unvested option and the closing price of the Company's common stock (\$296.95) on December 29, 2017, excluding options with an exercise price greater than the closing price on December 29, 2017, if any. The value of the restricted stock was calculated by multiplying the number of outstanding restricted shares by the closing price of the Company's common stock on December 29, 2017 (\$296.95).

Mr. Wheeler's offer of employment provides for a termination payment if his employment is involuntarily terminated by the Company without cause or by Mr. Wheeler for good reason, subject to his execution of a release. (5) Assuming for these purposes that those conditions are met as of December 29, 2017, Mr. Wheeler would be entitled to the amount set forth, which includes six months base salary (\$232,500) and his cash incentive bonus for 2017 (\$551,606).

Mr. Linnington's offer of employment provides for a termination payment equal to six months base salary if his (6) employment is involuntarily terminated by the Company for any reason other than cause, subject to his execution of a release.

Company-Wide Severance Policy

As described above under "Termination and Change of Control Payments," in 2008, the Company adopted a company-wide severance plan that provides payments that do not discriminate in scope, terms or operation in favor of executive officers of the Company and that are available generally to all salaried employees, including the named executive officers. Pursuant to the company-wide severance policy, full-time staff who are part of a position reduction may receive severance pay equal to two weeks current base pay for the first year or less of employment, plus one week current base pay for each completed additional year of continuous service (up to a 16-week maximum payout) in exchange for a full release of claims. In the event of termination of employment as a result of a position reduction, under the Company-wide severance policy as of December 29, 2017, Mr. Carchedi would be entitled to \$68,365, and Ms. Ruggles would be entitled to \$94,154. Mr. Florance would be entitled to the payments set forth in his employment agreement, Mr. Wheeler would be entitled to the payment set forth in his offer letter, and Mr. Linnington would be entitled to the payment set forth in his offer letter, each of which are described above.

CEO PAY RATIO DISCLOSURE

The 2017 annual total compensation of the median compensated of all our employees who were employed as of December 31, 2017, other than our CEO Andrew Florance, was \$72,377; Andrew Florance's 2017 annual total compensation was \$10,621,531, both of which were calculated in accordance with SEC rules applicable to the Summary Compensation Table. The ratio of these amounts was 1-to-147.

For these purposes, we identified our employee population as of December 31, 2017 based on our payroll records. As permitted by SEC rules under a de minimis exemption, we excluded 161 employees located in Canada (58 employees), France (7 employees), Germany (56 employees), and Spain (40 employees), who in the aggregate represented less than 5% of our 3,719 employees as of December 31, 2017, resulting in an employee population of 3,558 including the Chief Executive Officer (after applying the de minimis exemption). We identified the median compensated employee using annual base salary determined as of December 31, 2017, cash bonus paid in fiscal 2017 and annual equity awards granted during fiscal 2017, as well as sales incentive compensation and overtime pay, which we annualized for any employee who did not work for the entire year.

The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and

compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

74

In October 2017, the Company's wholly-owned subsidiary, CoStar Realty Information, Inc., entered into an engagement with G.H. Smart & Company, Inc. ("ghSmart"), a leadership advisory consulting firm, to perform leadership assessments and organization structure advisory services. Pursuant to the engagement, we have paid ghSMART approximately \$825,000, plus expenses, and have agreed to pay ghSMART an additional \$275,000, plus expenses. Randy Street, the brother-in law of our Chief Executive Officer, is an officer of ghSMART and owns approximately 11% of the equity of ghSMART. Mr. Street is not involved in the provision of services to CoStar. In accordance with the procedures described below for Interested Transactions (as defined below), the Audit Committee reviewed and approved the engagement with ghSMART prior to commencement of the engagement. The Company may enter into additional engagements with ghSMART in the future.

Since January 1, 2017, other than the ghSMART transaction discussed above, none of our executive officers or directors engaged in or had a direct or indirect interest in any transactions with us that are required by SEC rules to be disclosed in this Proxy Statement.

The Board recognizes that Interested Transactions (as defined below) can present potential or actual conflicts of interest and create the appearance that Company decisions are based on considerations other than the best interests of the Company and its stockholders. In April 2006, the Board delegated authority to the Audit Committee to review and approve Interested Transactions, and the Audit Committee has adopted written procedures as detailed below for the review, approval, or ratification of Interested Transactions.

Pursuant to the Audit Committee's procedures, an "Interested Transaction" is any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness), or any series of similar transactions, arrangements or relationships, in which (a) the aggregate amount involved will or may be expected to exceed \$100,000 in any calendar year, (b) the Company is a participant, and (c) any Related Party (as defined below) has or will have a direct or indirect interest (other than solely as a result of being a director or trustee (or any similar position) or a less than 10 percent beneficial owner of another entity). A "Related Party" is any (a) person who is or was (since the beginning of the last year for which the Company has filed an annual report on Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director of the Company, (b) greater than 5% beneficial owner of the Company's outstanding common stock, or (c) Immediate Family Member of any of the foregoing. An "Immediate Family Member" is any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law and any person (other than a tenant or employee) sharing the household of a person.

The Audit Committee will review all of the relevant facts and circumstances of all Interested Transactions and either approve or disapprove of the entry into the Interested Transaction, subject to a limited list of enumerated transactions which are deemed to be pre-approved as described in the Interested Transactions policy. In determining whether to approve an Interested Transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Party's interest in the transaction.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our directors and executive officers, and anyone who beneficially owns more than 10% of our common stock, file with the SEC reports of initial ownership and reports of changes in ownership of our common stock, and to furnish us with copies of those reports. Based solely on a review of the reports furnished to us and on written representations from reporting persons, we believe that during 2017, our directors, executive officers and 10% stockholders filed the required reports under Section 16(a) on a timely basis.

OTHER INFORMATION

We have made available a copy of our Annual Report on Form 10-K for the year ended December 31, 2017 with this Proxy Statement. In addition, you may obtain a copy of our Annual Report on Form 10-K, including the financial statements and financial statement schedules, without charge by sending a written request to Rich Simonelli, Vice President of Investor Relations, CoStar Group, Inc., 1331 L Street N.W., Washington, DC 20005.

If you and others who share your mailing address own common stock in street name, meaning through bank or brokerage accounts, you may have received a notice that your household will receive only one set of proxy materials from each company whose stock is held in such accounts. This practice, known as “householding,” is designed to reduce the volume of duplicate information and reduce printing and postage costs. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it and a single copy of the Notice of Availability of Proxy Materials has been sent to your address. Each stockholder will continue to receive a separate voting instruction form. If you would like to revoke your consent to householding and in the future receive your own Notice of Availability of Proxy Materials or your own set of proxy materials, as applicable, or if your household is currently receiving multiple copies of the same items and you would like in the future to receive only a single copy at your address, please contact Broadridge Financial Services, Inc. either by calling 1-866-540-7095 or by writing to Broadridge Householding Department, 51 Mercedes Way, Edgewood NY 11717. A revocation of consent to householding will be effective 30 days following its receipt. We will deliver promptly, upon written or oral request, a separate copy of the proxy materials for the Annual Meeting to a stockholder at a shared address to which a single copy of the materials was delivered. This request should be made by sending a written request to Rich Simonelli, Vice President of Investor Relations, CoStar Group, Inc., 1331 L Street N.W., Washington, DC 20005 or by calling Mr. Simonelli at (202) 346-6500.

This Proxy is solicited on behalf of the Board of Directors. The Company will bear all expenses in connection with the Annual Meeting and this proxy solicitation. We have also retained Alliance Advisors to assist in soliciting proxy voting instructions, at an estimated cost not to exceed \$15,000, plus reasonable expenses. Proxies may be solicited by certain of our directors, officers and employees, without additional compensation, in person, by telephone, by mail, telegram, facsimile, or other electronic or other means. Alliance Advisors may request that brokerage houses, banks and other custodians forward proxy material to beneficial owners of our common stock. We will reimburse brokerage houses, banks, and other custodians for their reasonable expenses for forwarding these materials to beneficial owners. Broadridge Financial Services, Inc. will act as proxy tabulator.
