The press release is attached hereto as Exhibit 99.1.

On June 6, 2014, Donlin Gold LLC (“Donlin Gold”) and The Kuskokwim Corporation (“TKC”) executed an amendment to the Surface Use Agreement. - Direct compensation to TKC through payments for project milestones, annual surface use and mine operation;
- A coordinated and consultative approach between Donlin Gold and TKC regarding annual project planning, reclamation as well as preparation of a subsistence harvest plan for affected surface lands;
- Gives preference to TKC for contracts, hiring and training TKC shareholders, as well as funding scholarships and working with federal, state and local entities to help create and fund a training facility in the region; and
 - Commits to an exclusive contract with TKC for the construction and operations of an upriver port site.
