Columbia Street, Bend, Oregon, 97702; telephone: 541-382-8028.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will consider and vote on the following matters:

1. Election of Directors. To elect six directors, to hold office until the 2006 Annual Meeting of Shareholders or until their successors are elected and qualified (Proposal No. 1);
2. Ratification of Appointment of Independent Registered Public Accounting Firm. To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2005 (Proposal No. 2);
3. Approval of the Advanced Power Technology, Inc. 2005 Equity Incentive Plan. To approve the adoption of the 2005 Equity Incentive Plan with a share reserve of 1,500,000 (Proposal No. 3); and
4. Other Business. To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Who can vote?

The close of business on March 18, 2005 has been fixed as the record date (Record Date) for determining the holders of shares of the Company's Common Stock entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, there were 10,698,726 shares of Common Stock outstanding and entitled to vote at the Annual Meeting.

How many votes do I have?

Each share of our Common Stock that you owned on the Record Date entitles you to one vote on each matter that is voted on.

Is my vote important?

Your vote is important regardless of how many shares you own. Please take the time to vote. Take a moment to read the instructions below. Choose the method of voting that is easiest and most convenient for you and cast your vote as soon as possible.

How can I vote?

You can vote in one of four ways. You can vote by mail, you can authorize the voting of your shares over the Internet, you can authorize the voting of your shares by telephone or you can vote in person at the meeting.

You may vote by mail. You may vote by mail by completing and signing the proxy card that accompanies this Proxy Statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States of America. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this Proxy Statement, the shares you own will be voted in accordance with the recommendations of the Board of Directors. The Board of Directors recommends that you vote FOR Proposal 1, FOR Proposal 2, and FOR Proposal 3.

You may vote over the Internet. If you have Internet access, you may authorize the voting of your shares from any location in the world by following the *Vote-by-Internet* instructions set forth on the enclosed proxy card.

You may vote by telephone. You may authorize the voting of your shares by following the *Vote-by-Telephone* instructions set forth on the enclosed proxy card.

You may vote in person. If you attend the meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the meeting.

Can I change my vote after I have mailed my proxy card or after I have authorized the voting of my shares over the Internet or by telephone?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting by doing any one of the following things:

- delivering to the Company (to the attention of Greg M. Haugen, the Company's Secretary) a written notice of revocation or a duly executed proxy bearing a later date, or
- attending the Annual Meeting and voting in person.

Your attendance at the meeting alone will not revoke your proxy.

Can I vote if my shares are held in street name ?

If the shares you own are held in *street name* by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form. Under the rules of the NASDAQ, if you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain *discretionary* items, but will not be allowed to vote your shares with respect to certain *non-discretionary* items. In the case of *non-discretionary* items, the shares will be treated as *broker non-votes*.

Proposal 1, Election of Directors, and Proposal 2, Ratification of Appointment of Independent Auditors, are discretionary items. Proposal 3, Approval of the Advanced Power Technology, Inc. 2005 Equity Incentive Plan, is a non-discretionary item.

What constitutes a quorum?

In order for business to be conducted at the meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of Common Stock issued, outstanding and entitled to vote at the meeting. Based on the Record Date for the 2005 Annual Meeting at least 5,349,364 shares must be represented. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

Shares of Common Stock represented in person or by proxy (including broker non-votes and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists. Broker non-votes are shares that are held in street name by a bank or brokerage firm that indicates on its proxy that it does not have discretionary authority to vote on a particular matter.

What vote is required for each item?

Election of directors. Directors are elected by a plurality of the votes cast. That is, the six directors receiving the highest number of votes are elected, regardless of whether that number represents a majority of the votes cast.

Ratification of Appointment of Independent Auditors. The ratification of the appointment of the independent auditors will require the affirmative vote of a majority of the shares of Common Stock present or represented and entitled to vote at the Annual Meeting.

Approval of Advanced Power Technology, Inc. 2005 Equity Incentive Plan. The approval of the 2005 Equity Incentive Plan will require the affirmative vote of a majority of the total number of votes cast at the meeting.

Other matters. The affirmative vote of a majority of the total number of votes cast at the meeting is needed to approve other matters to be voted on at the meeting.

How will votes be counted?

Each share of Common Stock will be counted as one vote according to the instructions contained on a proper proxy card, whether executed by you directly or through Internet or telephonic authorization, or on a ballot voted in person at the meeting. Shares will not be voted in favor of a matter, and will not be counted as voting on a matter, if they either (1) abstain from voting on a particular matter, or (2) are broker non-votes. Accordingly, abstentions and broker non-votes will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast or shares voting on a matter. However, because shares that abstain and shares represented by broker non-votes are nonetheless considered outstanding shares, abstentions and broker non-votes will have the same effect as a vote against a proposal which requires the affirmative vote of a majority of the shares of Common Stock outstanding.

Who will count the votes?

The votes will be counted, tabulated and certified by our transfer agent and registrar, Computershare Investor Services. A representative of Computershare Investor Services will serve as the inspector of elections at the meeting.

Will my vote be kept confidential?

Yes, your vote will be kept confidential and we will not disclose your vote, unless (1) we are required to do so by law (including in connection with the pursuit or defense of a legal or administrative action or proceeding), or (2) there is a contested election for the Board of Directors. The inspector of elections will forward any written comments that you make on the proxy card to management without providing your name, unless you expressly request disclosure on your proxy card.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote:

FOR Proposal 1. To elect six directors, to hold office until the 2006 Annual Meeting of Shareholders or until their successors are elected and qualified.

FOR Proposal 2. To ratify the appointment of KPMG LLP as the Company's independent auditor for the year ending December 31, 2005.

FOR Proposal 3. To approve the adoption of the Advanced Power Technology, Inc. 2005 Equity Incentive Plan with a share reserve of 1,500,000.

Will any other business be conducted at the meeting or will other matters be voted on?

The Board of Directors does not know of any other matters that may come before the meeting. If any matter properly comes before the meeting, the persons named in the proxy card that accompanies this Proxy Statement, whether executed by you directly or through Internet or telephonic authorization, will exercise their judgment in deciding how to vote, or otherwise act, at the meeting with respect to that matter or proposal.

Where can I find the voting results?

We will report the voting results in our quarterly report on Form 10-Q for the second quarter of fiscal 2005, which we expect to file with the Securities and Exchange Commission in August 2005.

How and when may I submit a shareholder proposal for the 2005 Annual Meeting?

If you are interested in submitting a proposal for inclusion in the Proxy Statement for the 2006 Annual Meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934. To be eligible for inclusion, we must receive your shareholder proposal intended for inclusion in the Proxy Statement for the 2006 Annual Meeting of shareholders at our principal corporate offices in Bend, Oregon as set forth below before the final applicable deadline of January 1, 2006.

Any proposals or notices should be sent to:

What are the costs of soliciting these proxies?

This solicitation of proxies is being made by and paid for by the Company. Besides this solicitation by mail, our directors, officers and other employees may solicit proxies. Such persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse such persons and our transfer agent for their reasonable out-of-pocket expenses in forwarding such material.

How can I obtain an Annual Report on Form 10-K?

Our Form 10-K is available on our website at www.advancedpower.com. A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2004, as filed with the Securities and Exchange Commission, except for exhibits, will be furnished without charge to any shareholder upon written or oral request to Advanced Power Technology, Inc., Attention of Investor Relations, 405 S.W. Columbia Street, Bend, Oregon, 97702; telephone: 541-382-8028.

Whom should I contact if I have any questions?

If you have any questions about the Annual Meeting or your ownership of our Common Stock, please contact Greg Haugen, Vice President of Finance and Administration, CFO, Secretary, at the address and telephone number listed above.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of householding Proxy Statements and annual reports. This means that only one copy of our Proxy Statement and annual report to shareholders may have been sent to multiple shareholders in your household. We will promptly deliver a separate copy of either document to you if you contact us at the address and telephone number listed above. If you want to receive separate copies of the Proxy Statement or annual report to shareholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (Exchange Act) requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities (Reporting Persons), to file initial reports of ownership and changes in beneficial ownership of Common Stock and other equity securities of the Company with the Securities and Exchange Commission and the NASDAQ Stock Market, Inc. Copies of these reports are also required to be delivered to the Company.

To our knowledge, based solely on review of the copies of such reports furnished to the Company and written representations from certain Reporting Persons, during the year ended December 31, 2004, all of the Reporting Persons complied with applicable Exchange Act filing requirements.

(1) Unless otherwise indicated, the address of each beneficial owner listed is c/o Advanced Power Technology, Inc., 405 SW Columbia Street, Bend, Oregon 97702.

(2) For each person, the Number of Shares Beneficially Owned column may include shares of Common Stock attributable to the person because of that person's voting or investment power or other relationship.

(3) The number of shares of Common Stock beneficially owned by each person is determined under rules promulgated by the Securities and Exchange Commission. Under these rules, a person is deemed to have beneficial ownership of any shares over which that person has or shares voting or investment power, plus any shares that the person may acquire within 60 days, including through the exercise of stock options. As such, beneficial shares in the table above include those shares covered by stock options that may be exercised within 60 days of March 1, 2005. Unless otherwise indicated, each person in the table has sole voting and investment power over the shares listed. The inclusion in the table of any shares, however, does not constitute an admission of beneficial ownership of those shares by the named shareholder.

- (4) The percent ownership for each shareholder on March 1, 2005 is calculated by dividing (1) the total number of shares beneficially owned by the shareholder plus any shares acquirable within 60 days after March 1, 2005 by (2) 10,698,310 shares, the number of shares of our Common Stock outstanding on March 1, 2005.

- (6) 138,000 of these shares are beneficially owned by Advanced Energy Industries, Inc. Mr. Schatz disclaims beneficial ownership of such shares.
- (7) The information as to beneficial ownership is based on a Schedule 13G filed with the Securities and Exchange Commission by Wasatch Advisors Inc. on February 14, 2005, reflecting its beneficial ownership of Common Stock as of December 31, 2004. The Schedule 13G states Wasatch Advisors Inc. has sole voting power with respect to 1,184,885 shares of Common Stock and sole dispositive power with respect to 1,184,885 shares of Common Stock.
- (8) The information as to beneficial ownership is based on a Schedule 13G filed with the Securities and Exchange Commission by T. Rowe Price Associates Inc. (Price Associates) on February 8, 2005. These securities are owned by various individual and institutional investors including T. Rowe Price Small-Cap Value Fund, Inc. (which owns 885,000 shares, representing 8.2% of the shares outstanding), which Price Associates serves as investment adviser with power to direct investments and/or sole power to vote the securities. For purposes of the reporting requirements of the Securities Exchange Act of 1934, Price Associates is deemed to be a beneficial owner of such securities; however, Price Associates expressly disclaims that it is, in fact, the beneficial owner of such securities. T. Rowe Price Small-Cap Fund, Inc. reports sole voting power with respect to 885,000 shares of Common Stock.
- (9) The information as to beneficial ownership is based on a Schedule 13G filed with the Securities and Exchange Commission by Dimensional Fund Advisors, Inc. on February 9, 2005, reflecting its beneficial ownership of Common Stock as of December 31, 2003. The Schedule 13G states Dimensional Fund Advisors, Inc. has sole voting power with respect to 648,006 shares of Common Stock and sole dispositive power with respect to 648,006 shares of Common Stock.

Board of Directors Meetings and Committees

The Board of Directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee the management of the company and, in so doing, serve the best interests of the company and its shareholders. The Board selects, evaluates, and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on the Company. Management keeps the directors informed of company activity through regular written reports and presentations at Board and committee meetings.

to executive compensation. The Compensation Committee shall be comprised solely of independent, non-employee board of director members. Notwithstanding the foregoing, if the Compensation Committee is comprised of at least three members, one director who is not independent and is not a current officer or employee or a family member of an officer or employee may be appointed to the Compensation Committee if the Board of Directors, under exceptional and limited circumstances, determines that such individual's membership on the Compensation Committee is required by the best interests of the Company and its shareholders, and the Board of Directors discloses, in the Proxy Statement for the next Annual Meeting subsequent to such determination (or, if the Company does not file a proxy, in its form 10-K or 20-F), the nature of the relationship and the reasons for the determination. A member appointed under the exception in the preceding sentence may not serve longer than two years. The Company's Compensation Committee members are Douglas S. Schatz, Alfred J. Stein, and Ronald F. McKenna.

Nominating Committee

The purpose of the Nominating Committee is to assist the Board by: identifying qualified individuals as prospective Board members; recommending to the Board the director nominees for each Annual Meeting of shareholders and director nominees to be elected by the Board to fill interim director vacancies; and overseeing the annual review and evaluation of the performance of the Board and its committees.

The Nominating Committee shall be composed of three or more members of the Board of Directors each of whom is determined by the Board of Directors to be independent as defined by the NASDAQ Listing Standards. The members of the Nominating Committee and the Nominating Committee Chair shall be appointed, and may be replaced by the Board of Directors taking into consideration the recommendation of the Nominating Committee. Additionally, directors are reimbursed for expenses incurred in attending board and committee meetings. Our non-employee directors are eligible to participate in our 1995 Stock Option Plan and the proposed 2005 Equity Incentive Plan. Each non-employee director is eligible to receive stock options for the purchase of 20,000 shares of Common Stock upon first nomination to the board, and annual options to purchase 5,000 shares of Common Stock for their service as a director and 2,000 shares of Common Stock for their committee membership. Report of the Audit Committee of the Board of Directors

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. Management has the primary

responsibility for the financial statements and the reporting process, including the system of internal controls. The Audit Committee oversees the financial reporting process on behalf of the Board of Directors, reviews the financial disclosures, and meets privately, outside the presence of management, with the independent auditors to discuss financial reporting and internal accounting control policies and procedures. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures made. The Audit Committee reports on these meetings to the Board of Directors. The Audit Committee also selects and appoints the independent registered public accounting firm, reviews the performance of the independent registered public accounting firm in the annual audit and in any other assignments, and reviews the independent registered public accounting firm's fees. The Audit Committee operates under a written charter adopted by the Board of Directors which is available in the Corporate Governance section of the Company's website at www.advancedpower.com.

Effective April 1, 2004, the Audit Committee of the Board of Directors consisted of Robert C. Pearson (Chairman), Alfred J. Stein, and Ronald F. McKenna. Prior to April 1, 2004, the Audit Committee of the Board of Directors consisted of Robert C. Pearson (Chairman), Alfred J. Stein and James E. Petersen. Mr. Pearson is designated and qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission. Each of the audit committee members is also deemed an independent director under the rules of the NASDAQ governing the qualifications of the members of audit committees. In addition, the Board of Directors has determined that each member of the Audit Committee is financially literate and that each member has accounting and/or related financial management expertise.

The Audit Committee met four times in 2004, including teleconference meetings. The meetings were designed to facilitate and encourage communication between members of the Audit Committee, management and our independent registered public accounting firm, KPMG LLP.

The Audit Committee reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2004 with the Company's management and with the independent registered public accounting firm, KPMG LLP. In addition, the Audit Committee discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit. The Audit Committee also discussed with KPMG LLP the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and considered the compatibility of the non-audit services provided by the auditors (which are described below) with the auditors' independence. The Audit Committee will consider at least annually whether the provision of non-audit services by KPMG LLP is compatible with maintaining auditor independence.

Based on its review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Audit Committee also has appointed, subject to ratification by the shareholders, the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005.

Report of the Compensation Committee

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Exchange Act, that might incorporate future filings, including this Proxy Statement, in whole or in part, the following report and the performance graph which follows shall not be deemed to be incorporated by reference into any such filings.

General Compensation Policy

The overall policy is to offer our executive officers competitive compensation opportunities. The Compensation Committee utilizes competitive data and summaries from various industry, peer group and national surveys as well as reports of independent compensation consultants to develop compensation recommendations competitive with other companies in the semiconductor industry. The Compensation Committee's objectives are to:

- create a performance oriented environment with variable compensation based upon the achievement of annual and longer-term business results;
- focus management on maximizing shareholder value; and
- provide compensation opportunities dependent upon the Company's performance relative to its competitors and changes in its own performance over time.

The Compensation Committee is authorized to establish and maintain compensation guidelines for salaries and merit pay increases throughout the Company. The Compensation Committee also makes specific recommendations to the Board of Directors concerning the compensation of our executive officers, including the Chief Executive Officer. The Compensation Committee also administers our 1995 Stock Option Plan and 2005 Equity Incentive Plan upon shareholder approval.

Setting Executive Compensation

The primary factors considered in establishing the components of each executive officer's current compensation package are summarized below. The Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance for future fiscal years.

Base Salary. The base salary for each executive officer is set on the basis of individual performance, the salary levels in effect for comparable positions with other companies in our industry, and internal comparability considerations. Generally, company performance and profitability are not taken into

account in establishing base salary. A number of adjustments may be made to the surveyed compensation data for our industry to reflect differences in management style, organizational structure and corporate culture, geographic location, product development status, and market capitalization between us and the surveyed entities.

Long-Term Stock-Based Incentive Compensation

Due to the fact that the executive officers who participated in the 1995 and 1998 management buyout collectively own a significant percentage of the Company's outstanding shares of Common Stock, those executive officers have not participated in the Company's long-term stock-based incentive compensation programs since January 1997. The executive officers that did not participate in the 1995 and 1998 buyout do participate in the Company's long-term stock-based incentive compensation program.

CEO Compensation

The Compensation Committee establishes Mr. Sireta's base salary with the objective of maintaining the competitiveness of Mr. Sireta's base salary with salaries paid to similarly situated chief executive officers. With respect to Mr. Sireta's base salary, it is the Compensation Committee's intent to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by Company performance factors.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain executive officers. The limitation applies only to compensation that is not considered to be performance-based. The non-performance-based compensation paid to our executive officers has historically not exceeded the \$1 million limit per officer. The Compensation Committee is aware of the limitations imposed by Section 162(m), and its exemptions, and will address the issue of deductibility when and if circumstances warrant.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee was at any time during the year ended December 31, 2004 an officer or employee of the Company. No member of our Compensation Committee serves as a member of the Board of Directors or Compensation Committee of any entity that has any executive officer serving as a member of our Board of Directors or Compensation Committee.

**ADVANCED POWER TECHNOLOGY, INC.
2005 EQUITY INCENTIVE PLAN**

SECTION 1. *Purpose.* The purpose of the Advanced Power Technology, Inc., 2005 Equity Incentive Plan (this Plan) is to further the interests of Advanced Power Technology, Inc., its subsidiaries and its shareholders by providing a means whereby key employees, and certain key consultants and the directors of the Company, or of any subsidiary, who contribute materially to the success and profitability of the Company may be granted incentive stock options, nonqualified stock options, and/or Restricted Stock to purchase or receive the Common Stock (as defined in Section 2) of the Company. The grants will recognize and reward outstanding individual performances and contributions and will give such persons a proprietary interest in the Company, enhancing their motivation to participate in the Company's continued success and performance. This program will also assist the Company and its subsidiaries in attracting and retaining key employees qualified corporate directors and key consultants. The options granted under this plan may be incentive stock options, as defined in Section 422 of the Code, or nonqualified options taxed under Section 83 of the Code, from time to time. The provisions of this Plan amend and completely restate the provisions of the Company's 2005 Stock Option Plan as approved by the Board on November 9, 2004.

- (b) **Code** means the Internal Revenue Code of 1986, as amended from time to time.

If the Common Stock is publicly traded on the Date of Grant, the fair market value on that date is the closing price of the Common Stock as reported by the National Association of Securities Dealer Automated Quotations (NASDAQ) on that date or, if the Common Stock is listed on a stock exchange, the closing price of the stock on that date, reported in the Wall Street Journal. If trading in the stock or a price quotation does not occur on the Date of Grant, the next preceding date on which the stock was traded or a price was quoted will determine the fair market value.

(l) **Incentive Stock Option** means a stock option granted pursuant to the Plan or any other plan of the Company or a parent or Subsidiary of the Company (determined at the Date of Grant) that satisfies the requirements of Section 422 of the Code and that entitles the Optionee to purchase stock in the Company or in a corporation that at the time of grant of the option was a parent or Subsidiary of the Company or predecessor corporation of any such corporation.

(p) **Optionee** means an Employee or Non-employee who receives an Option.

(q) **Person** means any group, corporation, partnership, association (other than any trust holding stock for the account of employees of the Company pursuant to any stock purchase, ownership, or employee benefit plan of the Company), business, entity, estate, or natural person, and **beneficial ownership** means the direct or indirect power to dispose or direct the disposition of the security.

(r) **Plan** means the Advanced Power Technology, Inc. 2005 Equity Incentive Plan.

SECTION 3. Administration. This Plan shall be administered by the Committee. The Board is authorized to appoint a successor to any Committee member who ceases to serve. Members of the Committee who are either eligible for Options or Restricted Stock or have been granted Options or Restricted Stock may vote on any matters affecting the administration of the Plan or the grant of any Options or Restricted Stock pursuant to the Plan, except that no such member shall act on the granting of an Option or Restricted Stock to himself, but any such member may be counted in determining the existence of a quorum at any meeting of the Committee during which action is taken with respect to the

granting of Options or Restricted Stock to him. A majority of the full Committee constitutes a quorum for purposes of administering the Plan, and all determinations of the Committee shall be made by a majority of the members present at a meeting at which a quorum is present or by the unanimous, written consent of the Committee. If no Committee has been appointed, the Plan shall be administered by the Board and all powers enumerated in this Section shall belong to the Board. Members of the Board who are either eligible for Options or Restricted Stock or have been granted Options or Restricted Stock may vote on any matters affecting the administration of the Plan or the grant of any Options or Restricted Stock pursuant to the Plan, except as provided above. If at any time an insufficient number of non-employee directors is available to serve on the Committee, interested members may serve on the Committee; however, during such time, no Options or Restricted Stock shall be granted under this Plan to any person if the granting of such Option or Restricted Stock would not meet the requirements of Section 16(b) of the Exchange Act. For purposes of this Section 3, a non-employee director is a member of the Board who meets the definition of non-employee person as set forth in the rules and regulations promulgated under Section 16(b) of the Exchange Act.

SECTION 4. *Shares Subject to the Plan.* The stock subject to this Plan shall be the Company's Common Stock, presently authorized but unissued or subsequently acquired by the Company. Subject to adjustment as provided in Section 14 hereof, the aggregate amount of Common Stock to be granted under this Plan shall not exceed 1,500,000 shares as such Common Stock was constituted on the effective date of this Plan. The number of shares of Common Stock available for issuance as Restricted Stock under this Plan shall at no time exceed 500,000 shares of the total number of all shares of Common Stock authorized for issuance under this Plan. If any Option granted under this Plan shall expire, be surrendered, exchanged for another Option, canceled or terminated for any reason without having been exercised in full, the unpurchased shares subject thereto shall thereupon again be available for purposes of this Plan, including for use as replacement options which may be granted in exchange for such surrendered, canceled or terminated options.

SECTION 5. *Restricted Stock.* The Committee may, from time to time, select particular Employees and Nonemployees of the Company and its Subsidiaries to whom the Restricted Stock is to be granted and/or distributed in recognition of each such Participant's contribution to the Company's or the Subsidiary's success.

(a) **Grant of Stock.** All grants of Restricted Stock under this Section 5 shall be awarded by the Committee. Each grant of Restricted Stock shall be evidenced by a Restricted Stock Agreement setting forth the total number of Shares subject to restrictions, the grant price, and such other terms and conditions as are approved by the Committee, but, except to the extent permitted herein, are not inconsistent with the Plan.

(b) **Grant Value.** The value for Restricted Stock shall be equal to the Fair Market Value per share of the Common Stock on the Date of Grant.

(c) **Grant Period.** The grant period will begin and terminate on the respective dates specified by the Committee, but may not terminate later than ten years from the Date of Grant. The Committee may provide for the vesting of Restricted Stock in installments and upon such terms, conditions, and restrictions as it may determine. In addition to the provisions contained elsewhere herein concerning automatic acceleration of unvested grants of Restricted Stock, the Committee shall have the right to accelerate the time at which any Restricted Stock shall become vested.

(d) **Termination for Cause Prior to Vesting.** If a grantee of Restricted Stock is terminated for cause prior to the time such grant of Restricted Stock is fully vested, then such termination for cause shall constitute a failure of vesting and all such new vested Shares shall be surrendered to the Company for cancellation.

SECTION 6. *Participants.*

(a) *Eligible Participants.* Every Employee and Non-employee, as the Committee in its sole discretion designates, is eligible to participate in this Plan. The Committee's grant of an Option or Restricted Stock to participate in any year does not require the Committee to make a grant to that participant in any other year. Furthermore, the Committee may grant different Options or Restricted Stock under different terms to different participants. The Committee may consider such factors as it deems pertinent in selecting participants and in determining the amount of the grant, including, without limitation, (i) the financial condition of the Company or its Subsidiaries; (ii) expected profits for the current or future years, (iii) the contributions of a prospective participant to the profitability and success of the Company or its Subsidiaries; and (iv) the adequacy of the prospective participant's other compensation. Participants may include persons to whom stock, stock options, or other benefits previously were granted under this or another plan of the Company or any Subsidiary, whether or not the previously granted benefits have been fully exercised.

(b) *No Right of Employment.* A Participant's right, if any, to continue to serve the Company and its Subsidiaries as an officer, Employee, Director, consultant or otherwise will not be enlarged or otherwise affected by his or her designation as a participant under this Plan, and such designation will not in any way restrict the right of the Company or any Subsidiary, as the case may be, to terminate at any time the employment or affiliation of any participant.

SECTION 7. *Option Requirements.* Options granted under this Plan shall be evidenced by written agreements which shall contain such terms, limitations and restrictions as the Committee shall deem advisable and which are not inconsistent with this Plan. Notwithstanding the foregoing, each written agreement shall include (i) the number of Shares that may be purchased by its exercise, (ii) the intent of the Committee as to whether they intend the Option to be an Incentive Stock Option or a nonqualified Option, and (iii) such terms and conditions consistent with the Plan as the Committee shall determine.

(a) *Duration of Option.* Each Option may be exercised only during the Option Period applicable to the Option. The Option Period will either be the period designated for the Option by the Committee on granting the Option, or, if no option period is designated by the Committee, the date specified in Section 2(n) above. At the end of the Option Period the Option shall expire.

(b) *Exercisability of Options.* An Option is exercisable only if the issuance of Shares pursuant to the exercise would be in compliance with applicable securities laws, as contemplated by this Plan. To the extent an Option is either unexercisable or unexercised, the unexercised portion shall accumulate until the Option both becomes exercisable and is exercised but in no case beyond the expiration date of the Option determined by its Option Period.

(c) *Exercisability of Options Granted to Non-Employees.* Subject to subsection (d) of this Section, unless otherwise provided by the Committee on the grant of an Option to a Non-employee, each such Option may be exercised to the extent that it is vested (i) on a schedule adopted by the Committee or (ii) the date the Non-employee ceases serving as a Non-employee. If a Non-employee dies before the end of an Option Period, the Non-employee's outstanding Options shall receive a full year of vesting for the year in which the Non-employee dies, regardless of the date of the Non-employee's death, unless otherwise directed by the Committee.

(d) *Acceleration of Vesting and Exercisability.* The Board may in its discretion, provide for the exercise of Options either as to an increased percentage of shares per year or as to all remaining shares. Such acceleration of vesting may be declared by the Board at any-time before the end of the Option Period, including, if, applicable, after termination of the Optionee's Continuous Service by reason of death, disability, retirement or termination of employment. At the Board's discretion, vesting of Options may be accelerated due to exceptional financial performance of the Company

during any of the years included in the Option Period. Such performance vesting will be specified in each individual grant, if applicable, at the Committee's discretion. The criteria included in any such performance vesting schedule shall be identified and adopted by the Committee, in its discretion, and may be amended as the Committee deems appropriate. Further, in the event of a change of control of the Company's ownership, all Options outstanding on the date of change control shall be immediately 100% vested and exercisable irrespective of the length of time that has expired since the Option was granted. For this purpose, a change of control will occur on the occurrence of the following events: (i) the closing of any transaction in which any Person becomes the beneficial owner of more than fifty percent (50%) of the total number of voting shares of the Company; (ii) the effective date of a merger by the Company or a Subsidiary with any other entity, whether or not the Company and/or a Subsidiary is the surviving entity, or the sale by the Company and/or a Subsidiary of substantially all of its or their assets to another entity; or (iii) as the result of, or in connection with, any cash tender or exchange offer, merger, or other business combination, sale of assets or any combination of the foregoing transactions, the persons who were directors of the Company before such transactions cease to constitute at least a majority of the board of directors of the Company or any successor entity. The foregoing provisions regarding the automatic acceleration of voting on a change of control shall also apply to all grants of Restricted Stock unless otherwise provided in the Restricted Stock Agreement.

(e) *Exercise Price.* Except as provided in Section 8 (a) and 9, the exercise price of each Share subject to the Option shall equal the Fair Market Value of the Share on the Option's Date of Grant. The exercise price of each Share subject to a nonqualified Option may be, in the discretion of the Committee, less than Fair Market Value.

(f) *Termination of Services.* If a Non-employee ceases Continuous Service for any reason other than death or disability, all Options held by the Nonemployee shall lapse on the earlier of the end of the Option Period or ninety (90) days following the effective date of the termination of his services to the Company. If an Employee ceases Continuous Service for any reason other than death, disability or retirement on or after age 65, all Options held by the Employee shall lapse three months following the Employee's last day of Continuous Service. If an Employee is terminated for cause, any Option granted hereunder shall automatically terminate as of the first discovery by the Company of any reason for termination for cause, and such Optionee shall thereupon have no right to purchase any shares pursuant to such option. Termination for cause shall mean dismissal for dishonesty, conviction or confession of a crime punishable by law (except misdemeanors), fraud, misconduct including but not limited to violation of the Company's drug and alcohol policy and any other Company policies in effect from time to time, or unauthorized disclosure of confidential information. If an Optionee's relationship with the Company or any related corporation is suspended pending an investigation of whether or not the Optionee shall be terminated for cause, all Optionee's rights under any option granted hereunder likewise shall be suspended during the period of investigation. On the grant of an Option, the Committee may, in its discretion, extend the time during which the Option may be exercised after termination of services. Any such Option shall lapse at the earlier of the end of the Option Period or the end of the period established by the Committee for exercise after termination of services. The Option may be exercised only for the number of Shares for which it could have been exercised on such termination date, subject to any adjustment under Section 14.

(g) *Death.* In the case of death of the Optionee, the beneficiaries designated by the Optionee shall have one year from the Optionee's death or to the end of the Option Period, whichever is earlier, to exercise the Option, provided, however, the Option may be exercised only for the number of Shares for which it could have been exercised at the time the Optionee died, subject to any adjustment under Section 14.

(h) *Disability.* In the event of termination of Continuous Service due to total and permanent disability the Option shall lapse at the earlier of the end of the Option Period or twelve months after the date of such termination, provided, however, the Option can be exercised only for the number of Shares for which it could have been exercised at the time the Optionee became disabled, subject to any adjustment under Section 14. A total and permanent disability is a disability which in the opinion of the Company and two independent physicians causes the Optionee to be unable to perform his or her duties for the Company. For purposes of this Section, total disability shall be deemed to have occurred on the first day after the Company and the two independent physicians have furnished their opinion of total disability to the Committee.

SECTION 8. *Incentive Stock Options.* Any Option intended to qualify as an Incentive Stock Option shall satisfy the following requirements in addition to those requirements stated in Section 7 above:

(a) *Ten Percent Shareholders.* An Option intended to qualify as an Incentive Stock Option granted to an individual who, on the Date of Grant, owns stock possessing more than ten (10) percent of the total combined voting power of all classes of stock of either the Company or any parent or Subsidiary, shall be granted at an exercise price of 110 percent of Fair Market Value on the Date of Grant and shall bear an Option Period no greater than five years. In calculating stock ownership of any person, the attribution rules of Section 424(d) of the Code will apply. Furthermore, in calculating stock ownership, any stock that the individual may purchase under outstanding options will not be considered.

(b) *Maximum Option Grants.* Each Option granted under the Plan shall be limited so that the aggregate Fair Market Value, determined on the Date of Grant, of stock in the Company with respect to which any Incentive Stock Options under the Plan and all other plans of the Company or its parent or Subsidiaries (within the meaning of Subsection (b) of Section 422(d) of the Code) may become exercisable by one Optionee for the first time in any calendar year shall not exceed \$100,000.

(c) *Non-Employees.* Incentive Stock Options may not be granted to any *Non-employee*.

SECTION 9. *Non-qualified Options.* Any Option not intended to qualify as an Incentive Stock Option shall be a non-qualified Option. Non-qualified Options shall satisfy each of the requirements of Section 7 of the Plan.

SECTION 10. *Exercise.* Subject to the terms and conditions of the written Option Agreement pursuant to which an Option is granted, and to any additional holding period required by applicable law, each Option may be exercised in whole or in part, but may not be exercised for less than 50 shares, or 10% of the full number of Shares as to which it can be exercised, whichever is greater; provided however, that only whole shares will be issued pursuant to the exercise of any Option. A partial exercise of an Option will not affect the holder's right to exercise the Option from time to time in accordance with this Plan as to the remaining Shares subject to the Option. During an Optionee's lifetime, any Incentive Stock Options granted under this Plan are personal to him or her and are exercisable solely by such Optionee. Options shall be exercised by delivery to the Company of notice of the number of shares with respect to which the Option is exercised, together with payment of the exercise price.

SECTION 11. *Payment of Exercise Price.* Payment of the Option exercise price shall be made in full at the time the notice of exercise of the Option is delivered to the Company and shall be in cash, bank certified or cashier's check, personal check (unless at the time of exercise the Committee in a particular case determines not to accept a personal check), or Common Stock of the Company at Fair Market Value or a combination of such cash, bank certified or cashier's check, personal check or Common Stock, in an amount or having a combined value equal to the aggregate purchase price for the shares subject to the Option or portion thereof being exercised. To the extent permitted under the applicable laws and regulations including Section 16 of the Exchange Act, and with the consent of the Committee, the

Company agrees to cooperate in a cashless exercise of an Option. The cashless exercise shall be affected by the Company, Nonemployee or Employee delivering to a registered securities broker acceptable to the Company instructions to sell a sufficient number of shares of Common Stock and assigning the sale proceeds to the Company to cover the costs and expenses associated therewith for the Common Stock being purchased. At the discretion of the Committee, as evidenced in each Optionee's written option agreement, payment may be made through delivery of a full-recourse promissory note executed by the Optionee; provided, that (i) such note delivered in connection with an Incentive Stock Option shall, and such note delivered in connection with a nonqualified stock option may, in the sole discretion of the Committee, bear interest at a rate specified by the Committee but in no case less than the rate required to avoid imputation of interest (taking into account any exceptions to the imputed interest rules) for federal income tax purposes, and (ii) the Committee in its sole discretion shall specify the term and other provisions of such note at the time an Incentive Stock Option is granted or at any time prior to exercise of a nonqualified stock option, and (iii) the Committee may require that the Optionee pledge the Optionee's shares to the Company for the purpose of securing the payment of such note and may require that the certificate representing such shares be held in escrow in order to perfect the Company's security and (iv) the Committee in its sole discretion may at any time restrict or rescind this right upon notification to the Optionee.

SECTION 12. Taxes; Compliance with Law; Approval of Regulatory Bodies. The Company or any related corporation shall have the right to retain and withhold from any payment of cash or Common Stock under the Plan the amount of taxes required by any government to be withheld or otherwise deducted and paid with respect to such payment. At its discretion, the Company may require an Optionee receiving shares of Common Stock to reimburse the Company for any such taxes required to be withheld by the Company and withhold any distribution in whole or in part until the Company is so reimbursed. In lieu thereof, the Company shall have the right to withhold from any other cash amounts due or to become due from the Company to the Optionee an amount equal to such taxes or retain and withhold a number of shares having a market value not less than that of such taxes required to be withheld by the Company to reimburse the Company for any such taxes and cancel (in whole or in part) any such shares so withheld. If required by Section 16(b) of the Exchange Act, the election to pay withholding taxes by delivery of shares held by any person who at the time of exercise is subject to Section 16(b) of the Exchange Act, shall be made either six months prior to the date the option exercise becomes taxable or during the quarterly ten-day window period required under Section 16(b) of the Exchange Act for exercises of stock appreciation rights. Options are exercisable and Shares can be delivered and payments made under this Plan, only in compliance with all applicable federal and state laws and regulations, including, without limitation, state and federal securities laws, and the rules of all stock exchanges on which the Company's stock is listed at any time. An Option is exercisable only if either (a) a registration statement pertaining to the Shares to be issued upon exercise of the Option has been filed with and declared effective by the Securities and Exchange Commission and remains effective on the date of exercise, or (b) an exemption from the registration requirements of applicable securities laws is available. This Plan does not require the Company, however, to file such a registration statement or to assure the availability of such exemptions. Any certificate issued to evidence Shares issued under the Plan may bear such legends and statements, and shall be subject to such transfer restrictions as the Committee deems advisable to assure compliance with federal and state laws and regulations and with the requirements of this Section. Each Option may not be exercised, and Shares may not be issued under this Plan, until the Company has obtained the consent or approval of every regulatory body, federal or state, having jurisdiction over such matters as the Committee deems advisable.

Each person who acquires the right to exercise an Option that is not an Incentive Stock Option, by bequest or inheritance, may be required by the Committee to furnish reasonable evidence of ownership of the Option as a condition to his exercise of the Option. In addition the Committee may require such consents and releases of taxing authorities the Committee deems advisable.

SECTION 13. *Assignability.* An Option granted under this Plan is not transferable except by will or the laws of descent and distribution. During the lifetime of an Optionee, his Options are exercisable only by him.

SECTION 14. *Adjustment upon Change in Capitalization.* If a reorganization, merger, consolidation, reclassification, recapitalization, combination or exchange of shares, stock split, stock dividend, rights offering, or other expansion or contraction of the Common Stock of the Company occurs, the number and class of Shares for which Options are authorized to be granted under this Plan, the number and class of Shares subject to Options previously granted under this Plan, and the price per Share payable upon exercise of each Option outstanding under this Plan shall be equitably adjusted by the Committee to reflect such changes. To the extent deemed equitable and appropriate by the Board, subject to any required action by stockholders, in any merger, consolidation, reorganization, liquidation or dissolution, any Option granted under the Plan shall pertain to the securities and other property to which a holder of the number of Shares of stock covered by the Option would have been entitled to receive in connection with such event.

(a) *Cash, Stock or Other Property for Stock.* Except as provided in subsection (b) below, upon a merger (other than a merger of the Company in which the holders of Common Stock immediately prior to the merger have the same proportionate ownership of Common Stock in the surviving corporation immediately after the merger), consolidation, acquisition of property or stock, separation, reorganization (other than a mere reincorporation or the creation of a holding company) or liquidation of the Company, as a result of which the shareholders of the Company receive cash, stock or other consideration in connection with their shares of Common Stock, any option granted hereunder shall terminate, but the Optionee shall have the right immediately prior to any such merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to exercise such in whole or in part whether or not the vesting requirements set forth in the option agreement have been satisfied.

(b) *Conversion of Options on Stock for Stock Exchange.* If the shareholders of the Company receive capital stock of another corporation (Exchange Stock) in exchange for their shares of Common Stock in any transaction involving a merger (other than a merger of the Company in which the holders of Common Stock immediately prior to the merger have the same proportionate ownership of Common Stock in the surviving corporation immediately after the merger), consolidation, acquisition of property or stock, separation, reorganization (other than a mere reincorporation or the creation of a holding company), all Options granted hereunder shall be converted into Options to purchase shares of Exchange Stock unless the Company and the corporation issuing the Exchange Stock, in their sole discretion, determine that any or all such Options granted hereunder shall not be converted into Options to purchase shares of Exchange Stock but instead shall terminate in accordance with the provision of subsection (a) above. The amount and price of converted Options shall be determined by adjusting the amount and price of the Options granted hereunder in the same proportion as used for determining the number of shares of Exchange Stock the holders of the Common Stock receive in such merger, consolidation, acquisition of property or stock, separation or reorganization. Unless accelerated by the Board, the vesting schedule set forth in the option agreement shall continue to apply for the Exchange Stock.

SECTION 15. *Liability of the Company.* The Company, its parent and any Subsidiary that is in existence or hereafter comes into existence shall not be liable to any person for any tax consequences expected but not realized by an Optionee or other person due to the exercise of an Option or grant of Restricted Stock.

SECTION 16. *Amendment and Termination of Plan.* The Board may alter, amend or terminate this Plan from time to time without approval of the shareholders. However, without the approval of the shareholders, no amendment will be effective that:

- (a) materially increases the benefits accruing to participants under the Plan;
- (b) increases the aggregate number of Shares that may be delivered upon the exercise of Options granted under the Plan;
- (c) materially modifies the eligibility requirements for participation in the Plan; or
- (d) amends the requirements of subparagraphs (a) - (c) of this paragraph.

Any amendment, whether with or without the approval of shareholders, that alters the terms or provisions of an Option granted before the amendment (unless the alteration is expressly permitted under this Plan) will be effective only with the consent of the Optionee to whom the Option was granted or the holder currently entitled to exercise it.

SECTION 17. *Expenses of Plan.* The Company or its Subsidiaries shall bear the expenses of administering the Plan.

SECTION 18. *Duration of Plan.* Options may be granted under this Plan only during the 10 years immediately following the effective date of this Plan, unless sooner terminated by the Board.

SECTION 19. *Applicable Law.* The validity, interpretation, and enforcement of this Plan are governed in all respects by the laws of Oregon and the United States of America.

SECTION 20. *Effective Date.* The effective date of this Plan shall be the earlier of (i) the date on which the Board adopts the Plan or (ii) the date on which the Shareholders approve the Plan.
