Item 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY NOTICE REGARDING FORWARD-LOOKING STATEMENTS

Statements contained in this report which are not historical fact are forward-looking statements that involve various important assumptions, risks, uncertainties and other factors that could cause our actual results to differ materially from those expressed in such forward-looking statements. These important factors include, without limitation, competitive factors and pricing pressures, changes in legal and regulatory requirements, technological change or difficulties, product development risks, commercialization and trade difficulties and general economic conditions, as well as other risks previously disclosed in our securities filings and press releases.

These forward-looking statements often can be identified by the use of predictive, future-tense or forward-looking terminology, such as believes, anticipates, expects, estimates, plans, may, or similar terms.

Plan of Operation

We were a wood products company that had been in business since 1980. Our business fluctuated over the years. We were almost wholly dependent on sales to The Home Depot, Inc. As discussed below in Discontinued Operations, on September 2, 2003, we discontinued our wood products business.

At present, we are seeking other business opportunities, but there can be no assurance that such opportunities will be identified, engaged in, or result in any profits. Unless and until we find a business opportunity, we believe that we can satisfy our cash requirements over the next 12 months. As of July 31, 2005, we had cash and cash equivalents of \$495,342 and working capital of \$480,103. We currently have no employees. Mr. Shefts, one of our three officers, devotes a small portion of his time to us. Since the sale of our real estate, we have no principal executive office. We utilize a mailing address in Tuxedo Park, New York and we utilize a telephone number at Mr. Shefts' Office.

Quarter ended July 31, 2005 compared to the quarter ended July 31, 2004

Since we discontinued our wood products business, there were no sales from continuing operations during the quarter ended July 31, 2005 or 2004.

Selling, general and administrative expenses were \$4,722 for the quarter ended July 31, 2005, a decrease of \$7,226 over selling, general and administrative expenses of \$11,948 for the quarter ended July 31, 2004. The decrease in selling, general and administrative expenses is a result

Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

of a decrease in expenses (insurance and real estate taxes) related to real property that we sold in April 2005. As we had no revenues other than de minimis interest income and no other expenses, our net loss decreased from \$11,646 for the quarter ended July 31, 2004 to \$4,405 for the quarter ended July 31, 2005.

Discontinued Operations

On September 2, 2003, we informed Home Depot that we would no longer do business with that company due to increased difficulties in transacting business with Home Depot on a profitable basis. We stated to Home Depot that these difficulties included Home Depot's prohibition against price increases despite increases in our costs of production, a diminution in the Home Depot territories we were allowed to sell product to, and Home Depot's demands regarding returns of ordered products that we were unwilling to accede to for economic reasons. As a result, on September 2, 2003, we discontinued our wood products business.

Liquidity and capital resources

In periods prior to those discussed above, our working capital requirements were met primarily from sales generated by our discontinued wood products business. At July 31, 2005, we had working capital of approximately \$480,103.

As at July 31, 2005, we had cash and cash equivalents of approximately \$495,342, which represented 85.6% of total assets. We believe we have adequate working capital to fund our operations for at least the next 12 months unless and until we find a business opportunity.

Off-Balance Sheet Transactions

We do not have any transactions, agreements or other contractual arrangements that constitute off-balance sheet arrangements.

Application Of Critical Accounting Policies

Our financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. These estimates and assumptions are affected by management's application of accounting policies. Critical accounting policies for use of estimates, accounting for stock-based compensation and environmental remediation costs.
