PROXY STATEMENT

April 2, 2007

The Board of Directors of California Coastal Communities, Inc is delivering this Proxy Statement to you in connection with the solicitation of your proxy for use at our Annual Meeting of Stockholders to be held at the Company's executive offices, 6 Executive Circle, Suite 250, Irvine, California on May 15, 2007, at 9:30 a.m., California time. This Proxy Statement and the accompanying proxy card are being mailed to our stockholders on or about April 6, 2007.

ACTIONS TO BE TAKEN UNDER THE PROXY

At the annual meeting, you will be asked to:

- (i) Elect four (4) directors for a one year term;
- (ii) Ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2007; and
- (iii) Vote on any other matter that may properly be presented at the meeting.

All proxies that are properly completed, signed and returned to us will be voted at the annual meeting in the manner you indicate or, if you do not indicate how you are voting, your proxy will be voted in favor of the matter being considered. Your proxy may be revoked if you attend the meeting and inform us that you want to vote in person. Your proxy may also be revoked prior to the meeting by delivering to us another properly completed proxy with a more recent date, or by notifying us in writing that you are revoking your earlier proxy.

Our management does not know of any matters which might be called for a vote at the meeting, other than those described in this Proxy Statement. If any other matter is presented at the meeting, our representatives will vote for you in accordance with their best judgment on that matter, unless you attend the meeting and inform us that you want to vote for yourself.

SOLICITATION AND REVOCATION OF PROXY

We are paying all of the expenses for preparing, printing and mailing this Proxy Statement and the proxies we are soliciting. In addition to using the mail, proxies may be solicited by our officers, directors and regular employees, but they will not be paid extra for their efforts. We will also ask brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to our stockholders that they represent and we will reimburse them for their reasonable costs. Shareholder Services will also help us solicit proxies and we expect to pay them a fee of approximately \$500 plus reimbursement of their out-of-pocket expenses.

RECORD DATE

Only stockholders of record on the close of business on March 30, 2007 (the Record Date) will be entitled to notice of and to vote at the meeting and any adjournment of the meeting.

SHARES OUTSTANDING AND VOTING RIGHTS

As of the record date, 10,855,963 shares of our common stock were outstanding. At the meeting, the holders of our stock will be entitled to one vote for each share they hold. A majority of the shares entitled to vote, present in person or represented by proxy, will constitute a quorum. A plurality of the votes cast is required to elect the directors. The affirmative vote of a majority of the shares present in person or by proxy is required to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2007. A stockholders list will be available for you to review at the meeting.

Your proxy may indicate that all or only a portion of your shares are being voted with respect to a particular matter. This could occur, for example, when a broker is not permitted to vote stock it holds in street name on certain matters in the absence of instructions from the beneficial owner. The street name shares not being voted on a particular matter will be considered shares not present and entitled to vote on that matter, although non-voted shares will be counted for determining the presence of a quorum.

CORPORATE GOVERNANCE

Board and Committee Meetings

Meeting Attendance. Our Board of Directors met ten times during 2006. All of our directors attended all of the meetings and committees of the Board on which they served.

Board Independence. Each year prior to the mailing of the proxy statement for our annual meeting, the Board of Directors reviews and determines the independence of its directors. During this review, the Board of Directors considers transactions and relationships between each director or any member of his immediate family and our company and its subsidiaries and affiliates. The Board of Directors measures these transactions and relationships against the independence requirements of the Securities and Exchange Commission and The Nasdaq Stock Market LLC. Our Board of Directors has unanimously determined that three of our directors, Messrs. Arens, Burnaman and Sabin, who constitute a majority of our Board of Directors, are independent directors, as that term is defined under those rules.

Executive Sessions. The Board of Directors has a policy of regularly scheduled executive sessions where our independent non-employee Directors will meet outside the presence of management. The independent Directors held four executive sessions during 2006. The presiding Director at the executive sessions is Mr. Sabin.

Committees of the Board. Our Board of Directors has four committees: the Audit Committee, the Compensation Committee, the Nominating Committee and the Strategic Planning Committee. All members of the committees are appointed by the Board. The members of the Audit, Compensation and Nominating Committees are independent non-employee directors, and the Audit and Nominating Committees have adopted a written charter. The following summary describes each of the Board's committees:

Audit Committee. The Audit Committee consists of Messrs. Arens, Burnaman, and Sabin, with Mr. Burnaman serving as Chairman. Our Board of Directors has determined that all members of the Audit Committee are independent directors under the rules of The Nasdaq Stock Market LLC and each of them is able to read and understand fundamental financial statements. In addition, the Board has determined that Mr. Burnaman has past employment experience as a chief executive officer or other senior officer with financial oversight responsibilities which results in the level of financial sophistication as set forth in the rules of The Nasdaq Stock Market LLC, and qualifies him as an audit committee financial expert as defined in the rules of the Securities and Exchange Commission. The Audit Committee met five times during 2006.

The Audit Committee is responsible for:

- the appointment, compensation and oversight of all work performed by our independent registered public accounting firm;
- the pre-approval of the audit of our financial statements and the performance of services related to the audit; reviewing the scope and results of the audit with the independent registered public accounting firm;
- reviewing our year-end operating results with management and the independent registered public accounting firm;
- considering the adequacy of our internal accounting control procedures; and
- the pre-approval of the non-audit services to be performed by our independent registered public accounting firm and considering the effect of their performance on the accounting firm's independence.

The Audit Committee operates under a written charter adopted by our Board of Directors, a current version of which is available at our website: <http://www.californiacoastalcommunities.com>. The Audit Committee works closely with our management and our independent registered public accounting firm. The Audit Committee also meets with representatives of the independent registered public accounting firm in an executive session, without the presence of our management, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to our earnings announcements. The Audit Committee also meets with our independent registered public accounting firm to approve the annual scope of the audit services to be performed.

The Audit Committee Report is on page 17.

Compensation Committee. The Compensation Committee consists of Messrs. Arens and Sabin, with Mr. Arens serving as Chairman and does not operate under a written charter. Our Board of Directors has determined that all members of the Compensation Committee are independent directors under the rules of The Nasdaq Stock Market LLC. The Compensation Committee is responsible for the review, recommendation and approval of compensation arrangements for directors and executive officers, for the approval of compensation for other senior level employees, and for the administration of our benefit and compensation plans and arrangements. The Compensation Committee met two times during 2006.

The Compensation Committee Report is on page 10.

Nominating Committee. The Nominating Committee consists of Messrs. Arens, Burnaman and Sabin, with Mr. Sabin serving as Chairman. Our Board of Directors has determined that all members of the Nominating Committee are independent directors under the rules of The Nasdaq Stock Market LLC. The Nominating Committee considers and periodically reports on matters relating to the identification, selection and qualification of the members of the Board and candidates nominated to the Board and its committees. The Nominating Committee also oversees the evaluation of the performance of our Board of Directors and management. The Nominating Committee met one time during 2006, conducting its business by unanimous consent. The Nominating Committee operates under a written charter adopted by our Board of Directors, a current version of which is available at our website: <http://www.californiacoastalcommunities.com>.

The Nominating Committee uses a variety of criteria to evaluate the qualifications and skills necessary for members of our Board of Directors. Under these criteria, members of the Board should have the highest professional and personal ethics and values, consistent with our longstanding values and standards. They should have broad experience at the policy-making level in business, real estate, finance, government, education, or public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each of our directors must represent the interests of our stockholders.

The Nominating Committee regularly assesses the appropriate size of our Board of Directors, and whether any vacancies on the Board are expected. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee would consider various potential candidates for director. Candidates may come to the attention of the Nominating Committee through current members of the Board, professional search firms, our stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating Committee, and may be considered at any point during the year. The Nominating Committee considers properly submitted stockholder recommendations for candidates for our Board of Directors. In evaluating such recommendations, the Nominating Committee uses the qualifications standards discussed above and seeks to achieve a balance of knowledge, experience and capability on the Board.

Any stockholder recommendations proposed for consideration by the Nominating Committee should include the candidate's name and qualifications for membership on our Board of Directors, and should be addressed to:

California Coastal Communities, Inc.
6 Executive Circle, Suite 250
Irvine, California 92614
Attention: Secretary

Stockholder recommendations must include the following information and should be submitted in the time frame described under the caption "Other Matters - Submission of Proposals for 2008 Annual Meeting" below:

- all information relating to the director nominee that is required to be disclosed under Regulation 14A of the Securities Exchange Act of 1934 (including the nominee's written consent to being named in the proxy statement and to serving as a director if elected);
- the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by the stockholder(s); and
- appropriate biographical information and a statement as to the qualification of the director nominee.

Strategic Planning Committee. The Strategic Planning Committee consists of Messers. Pacini and Sabin, with Mr. Sabin serving as Chairman. The Strategic Planning Committee is responsible for evaluating various business prospects and strategic alternatives. The Strategic Planning Committee met one time during 2006.

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics and Business Conduct applicable to all of our directors and employees, including our Chief Executive Officer, Chief Financial Officer, and any other principal executive, senior financial or principal accounting officer. A current version of the Code of Ethics and Business Conduct is available at our website: <http://www.californiacoastalcommunities.com>. All directors are reimbursed for expenses incurred in attending Board and committee meetings. During 2006, The Chairman of the Audit Committee also was entitled to receive options for 2,500 shares of our common stock for each regular Audit Committee meeting. Amounts credited to the director's account will accrue interest based upon the average quoted rate for ten-year U.S. Treasury Notes. Deferred amounts will be paid in a lump sum or in installments commencing on the first business day of the calendar year following the year in which the director ceases to serve on the Board, or of a later calendar year specified by the director.

Amended and Restated 1993 Stock Option/Stock Issuance Plan. Our Amended and Restated 1993 Stock Option/Stock Issuance Plan contains two separate equity incentive programs in which members of the Board of Directors may be eligible to participate.

COMPENSATION DISCUSSION AND ANALYSIS

General Overview

The Compensation Committee of our Board of Directors is responsible for our overall compensation philosophy and determining the annual salary, short-term and long-term cash and stock incentive compensation, and other compensation of the executive leadership team, including the executive officers named in the Summary Compensation Table set forth below. In connection with the Compensation Committee's responsibility of determining the compensation for our chief executive officer and approving the compensation for its other executive officers and key employees, its primary objectives are to:

- attract and retain high quality executives by providing total compensation opportunities with a combination of compensation elements which are at or above competitive opportunities, and
- align stockholder interests and executive compensation by providing meaningful rewards for performance that is deemed to have increased long-term shareholder value.

In determining compensation for a specific executive, the Compensation Committee considers many factors, including the nature of the executive's job, the executive's job performance compared to goals and objectives established for the executive at the beginning of the year, the experience level of the executive in his or her current position, the compensation levels of competitive jobs, and our financial performance. For executive officers other than the Chief Executive Officer, the Compensation Committee considers the recommendations made by our Chief Executive Officer.

We seek to provide compensation opportunities that are competitive in the aggregate as well as in the mix of elements. The compensation program is designed to provide the proper balance of fixed versus variable and cash versus equity compensation in order to align both short and long-term interests with overall business objectives. Actual earned compensation may increase when performance is outstanding relative to individual and/or our goals. To the extent that performance goals are not achieved, compensation may be negatively impacted.

Total Compensation

The overall objectives of our compensation program are to retain the best possible executive talent, to motivate these executives to achieve the goals inherent in our business strategy, to maximize the link between executive and stockholder interests through an equity based plan and to recognize individual contributions as well as overall business results.

The key elements of our compensation program consist of fixed compensation in the form of base salary, and variable compensation in the forms of restricted stock grants, stock options, and annual incentive compensation. An executive officer's annual base salary represents the fixed component of their total compensation; however, variable compensation is intended to comprise a substantial portion of an executive's total compensation. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded to the individual, including any pension benefits, insurance and other benefits, as well as the programs described below.

In determining the principal components of executive compensation, the Compensation Committee considers the following factors: (1) the overall competitive environment in executive compensation needed to attract, retain and motivate talented and experienced senior management; (2) our performance, both year over year and in comparison to other companies within the real estate development and homebuilding industries; (3) comparative compensation studies; and (4) our historical compensation levels.

Allocation Among Components of Compensation

The Compensation Committee tailors each compensation package to reflect the executive's role in our performance and relative position within the company. We believe that an executive who is highly influential in our performance should be compensated primarily based on performance. Since our Chief Executive Officer's incentive compensation is primarily equity-based, his bonus is a smaller portion of his total cash compensation. Our homebuilding executives' incentive compensation is primarily tied to a formula based on the profits of our homebuilding subsidiary, and therefore their target bonus is a greater portion of their total cash compensation.

	Base Salary	Typical Bonus Target
CEO	60 %	40 %
CFO	55 %	45 %
Homebuilding Executives	25 %	75 %

The compensation philosophy adopted by the Compensation Committee also recognizes that distinctions in individual compensation levels are based on multiple factors, including (1) current level of contributions relative to peers; (2) expected future contributions to our performance; (3) past contributions to our performance; and (4) comparison to market value. The Compensation Committee also reviews the compensation levels for peer-level positions of other real estate development and homebuilding companies.

Components of Executive Compensation

Base Salaries. Base salaries for executive officers are determined by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for executive talent including, where appropriate, a comparison to base salaries for comparable positions at other companies, and to historical levels of salary paid by us and our predecessors. Salary adjustments are based on a periodic evaluation of our performance and of each executive officer, and also take into account new responsibilities as well as changes in the competitive marketplace.

Annual Incentive Compensation Awards. The variable compensation payable annually to the Chief Financial Officer and the Senior Vice President, Land Development is intended to consist principally of annual incentive compensation awards, based on various individual performance objectives established by the Chief Executive Officer and the Compensation Committee. The annual incentive compensation paid to the President and Senior Vice President, Finance of our homebuilding subsidiary, Hearthside Homes, Inc., are based on 10% and 6%, respectively, of the after tax profits of this subsidiary.

Other Incentive Compensation. Grants of restricted stock and stock options are designed to align the interests of the executive with those of the stockholders and provide each individual with a significant incentive to manage from the perspective of an owner with an equity stake in the business. The number of shares subject to each option grant is based upon the executive's tenure, level of responsibility and relative position. The Compensation Committee has established certain general guidelines in making option grants to the executives in an attempt to target a fixed number of option shares based upon the individual's position and their existing holdings of options. However, we do not adhere strictly to these guidelines and will vary the size of the option grant made to each executive officer as circumstances warrant.

Discretionary Bonuses. The Compensation Committee evaluates whether to grant a discretionary bonus to our Chief Executive Officer based on the performance of both the Company and our Chief Executive Officer, while considering the objective of tying most of our Chief Executive Officer's variable compensation to our stock performance through the granting of restricted stock and options described below. The Compensation Committee decided to grant our Chief Executive Officer a discretionary bonus of \$250,000 for 2006 based on his overall performance and his significant role in completing our \$225 million financing with a syndicate of banks in September 2006. For 2006, the Compensation Committee also decided to grant discretionary bonuses to the President and Senior Vice President, Finance of our homebuilding subsidiary based on their contributions towards the development of our Brightwater project.

Retirement Plans. The Company has a noncontributory defined benefit retirement plan which covered substantially all of our employees prior to September 30, 1993 who had completed one year of continuous employment. The benefit accrual for all participants was terminated on December 31, 1993. Due to the age of this plan, only one of our current executives is covered by the plan.

We also provide a 401(k) plan to all employees pursuant to which participants may contribute a portion of their compensation to their respective retirement accounts, in an amount not to exceed the maximum allowed under Section 401(k) of the Internal Revenue Code. We match a portion of contributions made by non-highly compensated employees. Our executives participate in the 401(k) plan on the same terms as other employees.

Severance and Change of Control Benefits. If the employment of any of our executive officers is terminated without cause, they are entitled to a severance payment equal to their annual base salary for the remainder of the term of their employment agreement plus medical insurance for 12 months after such termination. In addition, Ms. Scitutto and Messrs. Rafferty, Marshall, and Mountford are entitled to payment of applicable target bonuses.

Based upon a hypothetical termination date of December 31, 2006, the severance benefits for each of the executive officers listed in the Summary Compensation Table on page 14 would have been as follows:

Name of Executive Officer	Base Salary \$	Bonus / Incentive Compensation \$	Other Benefits \$(1)	Total \$
Raymond J. Pacini	116,533	- 0 -	10,291	126,824
Sandra G. Sciutto	68,867	30,000	10,291	109,158
Michael J. Rafferty	- 0 -	2,100,000	10,291	2,110,291
John W. Marshall	- 0 -	1,100,000	10,291	1,110,291
Ed Mountford	63,867	2,150,000	10,291	2,224,158

(1) Medical insurance for 12 months after termination.

The estimated incentive compensation for Messrs. Rafferty, Marshall and Mountford reflect formula bonuses under their respective employment agreements for the SouthShore project in Oxnard, California. After we receive a 15% preferred return on the capital we have invested in the Oxnard joint venture, Messrs. Rafferty and Mountford are each entitled to 6% of the first \$5.5 million of cash flow received by the Company from the Oxnard joint venture plus 8% of the amount received in excess of \$5.5 million. After we receive a 15% preferred return, Mr. Marshall is entitled to 3% of the first \$5.5 million of cash flow received by us from the Oxnard joint venture plus 4% of the amount received in excess of \$5.5 million. The estimates above assumed (i) that entitlements for the SouthShore project in Oxnard were completed as of December 31, 2006, (ii) that the 168 acres controlled by our Oxnard joint venture were purchased by the venture under the existing option agreements upon completion of the entitlements, (iii) that the 168 acres were immediately sold to a third party for approximately \$750,000 per acre (which includes a discount to reflect current market conditions), and (iv) that we receive net cash flow after preferred returns to our venture partner, but prior to payment of incentive compensation, of approximately \$28 million. There can be no assurances that the Oxnard joint venture will be able to obtain the entitlements, that the land can be sold at the estimated price, or that we will realize the estimated net cash flow. Mr. Mountford's incentive compensation also includes a \$50,000 incentive bonus payable upon recording final maps for our Brightwater project.

Perquisites and Other Benefits. The primary perquisite available to executives is a nominal auto allowance. Our executives also participate in the Company's other benefit plans on the same terms as other employees. These plans include medical and dental insurance, life insurance, and short- and long-term disability insurance.

Determining the Amount of each Element of Compensation

The Compensation Committee reviews the performance of each executive officer, including the Chief Executive Officer, on an annual basis. In regards to the Chief Executive Officer, the Compensation Committee is responsible for reviewing the achievement of individual goals and objectives, evaluating the Chief Executive Officer's performance, and setting the Chief Executive Officer's compensation based on this evaluation. The Compensation Committee assesses the performance of the executive officers in addition to the financial results we have achieved against annual objectives. Among other things, in particular with respect to the Chief Executive Officer, the Compensation Committee evaluates strategic vision and leadership, our business and operational results, and the ability to make long-term decisions that create competitive advantage and position us for the future.

Internal Revenue Code Section 162(m)

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code adopted under the Federal Revenue Reconciliation Act of 1993. This section precludes a

public corporation from taking a tax deduction for individual compensation in excess of \$1 million for its chief executive officer or any of its four other highest-paid officers. This section also provides for certain exemptions to this limitation, specifically compensation that is performance based within the meaning of Section 162(m). It is our policy to qualify, to the extent reasonable, compensation paid to executives for deductibility under Section 162(m). However, the Compensation Committee may from time to time approve compensation that is not deductible under this Section.

Grant Dates for Stock Option Awards

Our policy is that stock option grants will only be made on dates when the market has been provided with sufficient time to absorb any material non-public information that may have been disclosed prior to the option grant date. This practice applies to executives, as well as to employees in general. The exercise price for our stock options is the closing price at the end of the trading day on which the option is granted.

We do not plan to time, and have not timed, our release of material non-public information for the purpose of affecting the value of executive compensation. We do not have any programs, plans or practices of awarding stock options and setting the exercise price based on the stock price on a date other than the actual grant date.

Our management will routinely inform the Audit Committee as to the extent of services being provided by our independent registered public accounting firm and the fees incurred for those services.

Report of the Audit Committee

The following Audit Committee report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934 nor incorporated by reference into any document so filed.

The purpose of the Audit Committee is to assist the Board in its oversight of management's conduct of the Company's financial reporting process, and is more fully described in its charter which the Audit Committee has adopted. The Audit Committee reviews its charter on an annual basis. The Audit Committee annually reviews The Nasdaq Stock Market LLC's standard of independence for audit committees and at its most recent review determined that its members meet that standard. During fiscal 2006, the Audit Committee performed all of its duties and responsibilities under the applicable Audit Committee Charter.

The Audit Committee reviews the Company's accounting and financial reporting process on behalf of the Board of Directors. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent registered public accounting firm, Deloitte & Touche LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon, and issuing a report on management's assessment of the effectiveness of the Company's internal control over financial reporting and whether the Company maintained effective internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. It should be noted that the Committee members are not professionally engaged in the practice of accounting or auditing. In fulfilling its oversight responsibilities, the Audit Committee discussed with management and the independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of the examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee reviewed and discussed with management of the Company and Deloitte & Touche LLP the audited financial statements of the Company contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 and management's assessment of the effectiveness of the Company's internal controls over financial reporting as of December 31, 2006. During the course of fiscal 2006, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and Deloitte & Touche LLP at each Audit Committee meeting. At the conclusion of the process, the Audit Committee reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, filed with the Securities and Exchange Commission, as well as Deloitte & Touche LLP's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of: (i) the consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal 2007.

The Audit Committee discussed with Deloitte & Touche LLP the matters required by Codification of Statements on Auditing Standards No. 61, as amended, Communication with Audit Committees. The Audit Committee also received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees, currently in effect and discussed with that firm its independence from the Company and its management. The Audit Committee discussed with management of the Company and Deloitte & Touche LLP such other matters and received such assurances as the Audit Committee deemed appropriate, including consideration of whether certain non-audit services provided by Deloitte Tax LLP to the Company in 2006 were compatible with maintaining Deloitte & Touche LLP's independence. The Audit Committee has determined that provision of those services is compatible with maintaining the independence of Deloitte & Touche LLP as the Company's independent registered public accounting firm.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements referred to above in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, which was filed with the Securities and Exchange Commission on March 9, 2007.

Householding

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to our secretary at the address above or by calling (949) 250-7700.
