-

**Item 2.02      Results of Operations and Financial Conditions.**

## Edgar Filing: AMERIPRISE FINANCIAL INC - Form 8-K

On February 3, 2010, Ameriprise Financial, Inc. (the Company) issued a press release announcing its financial results for the fourth quarter of 2009. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference and furnished herewith. In addition, the Company furnishes herewith, as Exhibit 99.2, its Statistical Supplement for the quarterly period ended December 31, 2009.

We follow accounting principles generally accepted in the United States (GAAP). The press release furnished as Exhibit 99.1 and the financial information furnished as Exhibit 99.2 include information on both a GAAP and non-GAAP adjusted basis.

Certain non-GAAP measures in these exhibits exclude items that reflect certain after-tax market related impacts and our integration charges. Our non-GAAP financial measures, which our management views as important indicators of financial performance, include the following: core operating earnings; core operating earnings, after-tax; investment (gains)/losses, after-tax; restructuring and integration charges, after-tax; DAC and DSIC (benefits)/charges, after-tax; variable annuity guarantees, net of DAC and DSIC, after-tax; RiverSource 2a-7 money market funds support costs, after-tax; expenses related to unaffiliated money market funds, after-tax; debt retirement costs, after-tax; pretax segment income(loss) margin; return on allocated equity; pretax income (loss) margin; net income (loss) attributable to Ameriprise Financial margin; pretax operating earnings; and pretax operating earnings margin. Management believes that the presentation of these non-GAAP financial measures excluding these specific income statement impacts best reflects the underlying performance of our 2009 and 2008 operations and facilitates a more meaningful trend analysis. These non-GAAP measures were used for goal setting, certain compensation related to our annual incentive award program and evaluating our performance on a basis comparable to that used by securities analysts.

We also present in Exhibits 99.1 and 99.2 debt to capital ratios that exclude the effect of a consolidated nonrecourse collateralized debt obligation and consolidated non-recourse debt of certain property fund limited partnerships managed by our subsidiary, Threadneedle Asset Management Holdings Sarl. Management believes that the debt to capital ratios, excluding this non-recourse debt, better represent our capital structure. In addition, we provide debt to capital ratio information that reflects an equity credit on our junior subordinated notes issued on May 26, 2006. These junior subordinated notes receive at least a 75% equity credit by the majority of the rating agencies.

### **Item 9.01 Financial Statements and Exhibits.**

(d) Exhibits.

Exhibit No.	Description
Exhibit 99.1	Press Release dated February 3, 2010 announcing financial results for the fourth quarter of 2009
Exhibit 99.2	Statistical Supplement for the quarterly period ended December 31, 2009
