The following is an update to the disclosure on rate requests in Management's Discussion and Analysis of Financial Condition and Results of Operations Electric utility under Most recent rate proceedings, which are incorporated herein by reference to pages 52-54 of HEI's and HECO's Form 10-Q for the quarterly period ended March 31, 2012.

HECO 2011 Test Year Rate Case

On June 29, 2012, the Public Utilities Commission of the State of Hawaii (PUC) issued a final decision and order (D&O) in the HECO 2011 test year proceeding, which finalized approval of the previous interim increases already in effect. It also approved a second stipulated supplement to the settlement agreement entered into on June 27, 2012 by HECO, the Consumer Advocate and the Department of Defense (parties in the proceeding) to reflect an additional reduction in the test year rate increase of \$755,000 to remove parent company non-incentive executive compensation and administrative costs.

The tariffs reflecting the final rates will be submitted to the PUC for review and will become effective two business days after submission. Since the final rate increase as a result of the second stipulated supplement to the settlement agreement is lower than the interim increase currently in effect, HECO will be refunding to customers approximately \$800,000, which includes interest accrued since July 26, 2011. A summary of the interim D&Os in effect and final D&O is as follows:

	Interim D&Os in effect	Final D&O 6/29/2012
Revenue increase	\$ 58.8 million (3.4% increase)	\$ 58.1 million (3.4% increase)
Return on average common equity (%)	10.00%*	10.00%*
Common equity capitalization (%)	56.29%	56.29%
Return on average rate base (%)	8.11%	8.11%
Average rate base amount	\$ 1.386 billion	\$ 1.386 billion

* Reflects decoupling and other cost-recovery mechanisms.
