Report of Independent Registered Public Accounting Firm

The Plan Administrative Committee
Ingles Markets, Incorporated Investment/Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Ingles Markets, Incorporated Investment/Profit Sharing Plan as of December 31, 2004 and 2003 and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2004 and 2003, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with U.S. generally

Edgar Filing: INGLES MARKETS INC - Form 11-K

accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Ingles Markets, Incorporated Investment/Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Ingles Markets, Incorporated Investment/Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Plan Administrative Committee.

General

The Plan is a defined contribution plan covering all employees of Ingles Markets, Incorporated (the "Company" and "Plan Sponsor") and its wholly-owned subsidiary Milkco, Inc. who have completed one year of eligibility service as defined in the Plan document and are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan provides for three types of contributions: (i) employer profit sharing plan contributions to the Ingles Stock Fund (Class B) made by the Company - discretionary in nature; (ii) employee 401(k) contributions by participating employees from 1% to 50% of their pre-tax annual compensation as defined in the Plan (in increments of 1%), and (iii) employer 401(k) matching contributions, discretionary in nature and determined by the Company for each payroll period, limited to a maximum of 5% of an employee's compensation as defined in the Plan.

In 2004, the Company made discretionary 401(k) matching contributions, but did not make any discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and with allocations of plan earnings and any Company matching and profit-sharing contributions. Allocations are based on participant account balances, participant compensation as defined in the Plan, or participant contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Upon enrollment in the Plan, participants may direct employee and employer matching contributions in 1% increments to any of the Plan's fund options. No participant 401(k) contributions can be made to the Ingles Stock Fund. Participants may change their investment options daily.

Ingles Markets, Incorporated Investment/Profit Sharing Plan

Notes to Financial Statements (continued)

Vesting

Contributions by employees plus actual earnings thereon are immediately 100% vested and nonforfeitable. Participants become vested in the Company's matching and profit sharing contributions on a graduated basis with 100% vesting occurring after the completion of six years of service. Forfeited balances are utilized as follows:

Edgar Filing: INGLES MARKETS INC - Form 11-K

- a. First, to restore the nonvested portion of the employer contribution accounts of certain terminated participants who subsequently participate in the Plan as a rehire as described in the Plan document.
- b. Second, at the discretion of the Plan Sponsor, to pay Plan expenses.
- c. Third, to reduce Plan Sponsor contributions as described in the Plan document.

Unallocated forfeitures at December 31, 2004 and 2003 were \$1,280,744 and \$1,377,114, respectively.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 to a maximum equal to the lesser of \$50,000 or 50% of their vested balances with the term of the loan not exceeding five years except for loans to purchase the borrower's principal residence whose term shall not exceed ten years. The loans are secured by the balance in the participant's account. The interest rate used will be comparable to rates charged by local lending institutions for similar loans. Principal and interest are paid ratably through employee payroll deductions.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant, or their beneficiary in the case of death, may receive a lump-sum amount equal to the vested value of his or her account.

Administrative Expenses

Certain legal and accounting fees and certain administrative expenses relating to the Plan are paid by the Company and will not be reimbursed by the Plan. Other allowable expenses such as investment advisory fees are paid by the Plan.

5

Ingles Markets, Incorporated Investment/Profit Sharing Plan

Notes to Financial Statements (continued)

Credit Risk

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and schedule of the Plan. Because the Ingles Stock Fund is not diversified, it may experience wider variation in value than the other Plan funds.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Accounting Policies

Edgar Filing: INGLES MARKETS INC - Form 11-K

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices of the Ingles Markets, Incorporated Class A Common Stock are used to value the Ingles Markets, Incorporated Class B Common Stock. The fair value of the participation units owned by the Plan in common and collective trust funds held by the trustee are based on quoted redemption values on the last business day of the Plan year. Securities traded on a national securities exchange are valued at the closing price on the last business day of the Plan year. The loans to participants are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The Plan has received a determination letter from the Internal Revenue Service dated September 25, 2003 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirement of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

7. Voluntary Correction Program

During the 2001 plan year, the Plan Sponsor discovered various errors in the administration of the Plan. The errors consisted of failure to obtain the proper Qualified Joint and Survivor Annuity waivers, failure to use forfeitures,

Edgar Filing: INGLES MARKETS INC - Form 11-K

failure to restore forfeited employer contributions for rehires and failure to make payments to terminated participants with small account balances. The Plan filed the "Request for Consideration Under the Employee Plans Voluntary Correction Program" with the Internal Revenue Service in 2002. In March of 2004, the Plan Sponsor received a Compliance Statement from the Internal Revenue Service. The Internal Revenue Service accepted the Plan's proposed corrections to the errors noted above. The Plan made all corrections in accordance with the Compliance Statement by August 2004, the deadline required by the IRS. All costs were borne by the Plan Sponsor and there was no effect on the Plan's financial statements. The Plan administrator believes that the Plan has taken appropriate action to prevent these matters from reoccurring.

9

Ingles Markets, Incorporated Investment/Profit Sharing Plan

Notes to Financial Statements (continued)

8. Subsequent Event

On March 31, 2005, the Plan Sponsor advanced the Plan \$1,241,000 for the purpose of making distributions of participants' holdings in the Ingles Stock Fund. Due to restrictions on the trading periods of the Ingles stock, a temporary loan was made to alleviate these cash flow needs. This loan is interest free and will be repaid through the dividends received on the Ingles Class B stock and, if necessary, the conversion of the Ingles Class B stock to Class A stock and subsequent market sale of the Class A shares.
