PROXY STATEMENT

For the 2015 Annual Meeting of Stockholders

to be held on November 17, 2015

The information provided in the “Questions and Answers” format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read the entire proxy statement carefully.

**QUESTIONS AND ANSWERS
ABOUT THE PROXY MATERIALS AND ANNUAL MEETING**

Why am I receiving these materials?

This proxy statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our board of directors for use at the 2015 annual meeting of stockholders of Vital Therapies, Inc., a Delaware corporation, and any postponements or adjournments thereof. The annual meeting will be held on Tuesday, November 17, 2015 at 8:00 a.m., Pacific Time, at the offices of Wilson Sonsini Goodrich & Rosati, Professional Corporation located at One Market Plaza, Spear Tower, 1 Market Street, Suite 3300, San Francisco, California 94105.

Stockholders are invited to attend the annual meeting and are requested to vote on the items of business described in this proxy statement. The Notice of Internet Availability of Proxy Materials, or the Notice of Internet Availability, which contains instructions on how to access the proxy materials and our 2014 annual report, is first being sent or given on or about October 7, 2015 to all stockholders entitled to vote at the annual meeting. In addition, the proxy materials and our 2014 annual report can be accessed directly as of October 7, 2015 at the following Internet address: <http://www.astproxyportal.com/ast/18939>.

What am I voting on?

You are being asked to vote on two proposals:

the election of the three nominees for Class I director named in this proxy statement to hold office until our 2018 annual meeting of stockholders and until their respective successors are duly elected and qualified; and

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015.

What if other matters are properly brought before the annual meeting?

As of the date of this proxy statement, we are not aware of any other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the annual meeting, the persons named as proxies will be authorized to vote or otherwise act on those matters in accordance with their judgment. If for any reason a Class I director nominee is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate as may be nominated by our board of directors.

How does the board of directors recommend that I vote?

Our board of directors recommends that you vote your shares:

• **“FOR”** each of the three nominees for Class I director named in this proxy statement; and

“FOR” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015.

Who may vote at the annual meeting?

Only stockholders of record as of the close of business on September 22, 2015, the record date, are entitled to vote at the annual meeting. As of the record date, there were 24,145,680 shares of our common stock issued and outstanding, held by 81 holders of record. We do not have cumulative voting rights for the election of directors.

Stockholder of Record: Shares Registered in Your Name. If, at the close of business on the record date for the annual meeting, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the annual meeting.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank, or Other Nominee. If, at the close of business on the record date for the annual meeting, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, or other nominee, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee regarding how to vote the shares in your account by following the voting instructions your broker, bank or other nominee provides. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a valid proxy from your broker, bank or other nominee.

How can I vote my shares?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in one of the following ways:

You may vote in person. If you plan to attend the annual meeting, you may vote by delivering your completed proxy card in person or by completing and submitting a ballot, which will be provided at the annual meeting.

You may vote by mail. Complete, sign and date the proxy card that accompanies this proxy statement and return it promptly in the postage-prepaid envelope provided (if you received printed proxy materials). Your completed, signed and dated proxy card must be received prior to the annual meeting.

You may vote by telephone. To vote over the telephone, dial toll-free (800) 776-9437 if calling from the United States or (718) 921-8500 if calling from a foreign country using a touch-tone

telephone and follow the recorded instructions (have your Notice of Internet Availability or proxy card in hand when you call). You will be asked to provide the company number and control number from your Notice of Internet Availability or proxy card. Telephone voting is available 24 hours a day, 7 days a week, until 11:59 p.m., Eastern Time, on November 16, 2015.

You may vote via the Internet. To vote via the Internet, go to <http://www.astproxyportal.com/ast/18939> to complete an electronic proxy card (have your Notice of Internet Availability or proxy card in hand when you visit the website). You will be asked to provide the company number and control number from your Notice of Internet Availability or proxy card. Internet voting is available 24 hours a day, 7 days a week, until 11:59 p.m., Eastern Time, on November 16, 2015.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee

If you are a beneficial owner of shares held of record by a broker, bank or other nominee, you will receive voting instructions from your broker, bank or other nominee. You must follow the voting instructions provided by your broker, bank or other nominee in order to instruct your broker, bank or other nominee on how to vote your shares. Beneficial owners of shares should generally be able to vote by returning the voting instruction card, or by telephone or via the Internet. However, the availability of telephone or Internet voting will depend on the voting process of your broker, bank, or other nominee. **As discussed above, if you are a beneficial owner, you may *not* vote your shares in person at the annual meeting unless you obtain a legal proxy from your broker, bank or other nominee.**

Can I change my vote or revoke my proxy?

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record, you can change your vote or revoke your proxy at any time before the annual meeting by:

- entering a new vote by Internet or telephone (until the applicable deadline for each method as set forth above);
- returning a later-dated proxy card (which automatically revokes the earlier proxy);

· providing a written notice of revocation to our corporate secretary at Vital Therapies, 15010 Avenue of Science, Suite 200, San Diego, California 92128, Attn: Corporate Secretary; or

attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee. If you are the beneficial owner of your shares, you must contact the broker, bank or other nominee holding your shares and follow their instructions to change your vote or revoke your proxy.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission, or SEC, we have elected to distribute our proxy materials, including the notice of annual meeting of stockholders, this proxy statement and our 2014 annual report, primarily via the Internet. As a result, we are mailing to many of our stockholders a Notice of Internet Availability instead of a paper copy of the proxy materials. The Notice of Internet

Availability contains instructions on how to access our proxy materials on the Internet, how to vote at the annual meeting, and how to request printed copies of the proxy materials and 2014 annual report. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce our costs and the environmental impact of our annual meetings.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named in the proxy, Terence E. Winters, Ph.D., our Chief Executive Officer and Co-Chairman, and Muneer A. Satter, our Co-Chairman and Lead Director, have been designated as proxies for the annual meeting by our board of directors. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the annual meeting in accordance with the instruction of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors as described above and, if any other matters are properly brought before the annual meeting, the shares will be voted in accordance with the proxies' judgment.

How many votes do I have?

On each matter to be voted upon at the annual meeting, each stockholder will be entitled to one vote for each share of our common stock held by them on the record date.

What is the quorum requirement for the annual meeting?

A quorum is the minimum number of shares required to be present or represented at the annual meeting for the meeting to be properly held under our bylaws and Delaware law. Holders of a majority of the voting power of our outstanding common stock entitled to vote at the annual meeting must be present in person or represented by proxy to hold and transact business at the annual meeting. On the record date, there were 24,145,680 shares outstanding and entitled to vote. Thus, the holders of at least 12,072,841 must be present in person or represented by proxy at the annual meeting to have a quorum.

Abstentions, "WITHHOLD" votes, and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. If there is no quorum, the chairman of the meeting or the holders of a majority of the voting power present in person or represented by proxy at the annual meeting and entitled to vote at the annual meeting may adjourn the meeting to another date.

What are broker non-votes?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker holding the shares as to how to vote on matters deemed “non-routine” and there is at least one “routine” matter to be voted upon at the meeting. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker holding the shares. If the beneficial owner does not provide voting instructions, the broker can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. In the event that a broker votes shares on the “routine” matters, but does not vote shares on the “non-routine” matters, those shares will be treated as broker non-votes with respect to the “non-routine” proposals. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

What matters are considered “routine” and “non-routine”?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015 (Proposal No. 2) is considered routine under applicable federal securities rules. The election of Class I directors (Proposal No. 1) is considered “non-routine” under applicable federal securities rules.

What are the effects of abstentions and broker non-votes?

An abstention represents a stockholder’s affirmative choice to decline to vote on a proposal. If a stockholder indicates on its proxy card that it wishes to abstain from voting its shares, or if a broker, bank or other nominee holding its customers’ shares of record causes abstentions to be recorded for shares, these shares will be considered present and entitled to vote at the annual meeting. As a result, abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against a proposal in cases where approval of the proposal requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting (*e.g.*, Proposal No. 2). However, because the outcome of Proposal No. 1 (election of directors) will be determined by a plurality vote, abstentions will have no impact on the outcome of such proposal as long as a quorum exists.

Broker non-votes will be counted for purposes of calculating whether a quorum is present at the annual meeting but will not be counted for purposes of determining the number of votes cast. Therefore, a broker non-vote will make a quorum more readily attainable but will not otherwise affect the outcome of the vote on any proposal.

What is the voting requirement to approve each of the proposals?

Proposal No. 1: Election of Class I Directors. The election of Class I directors requires a plurality of the votes cast by the holders of shares present in person or represented by proxy at the annual meeting and entitled to vote on the election of directors. This means that the three nominees for Class I director receiving the highest number of “FOR” votes will be elected as Class I directors. You may vote (i) “FOR” each director or (ii) “WITHHOLD” for each director nominee. Because the outcome of this proposal will be determined by a plurality vote, shares voted “WITHHOLD” will have no impact on the outcome of this proposal, but will count towards the quorum requirement for the annual meeting.

Proposal No. 2: Ratification of Appointment PricewaterhouseCoopers LLP. The ratification of the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the shares present in person or represented by proxy at the annual meeting and entitled to vote thereon to be approved. You may vote “FOR,” “AGAINST,” or “ABSTAIN” on this proposal. Abstentions will count towards the quorum requirement for the annual meeting and will have the same effect as a vote against the proposal.

Who will count the votes?

A representative of our transfer agent, American Stock Transfer & Trust Company, LLC, will tabulate the votes and act as inspector of elections.

What if I do not specify how my shares are to be voted or fail to provide timely directions to my broker, bank or other nominee?

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record and you submit a proxy but you do not provide voting instructions, your shares will be voted:

“FOR” each of the three nominees for Class I director named in this proxy statement; and

“FOR” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015.

In addition, if any other matters are properly brought before the annual meeting, the persons named as proxies will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee. Brokers, banks and other nominees holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker, bank or other nominee will have discretion to vote your shares on our sole “routine” matter – Proposal No. 2 to ratify the appointment of PricewaterhouseCoopers LLP. Absent direction from you, however, your broker, bank or other nominee will not have the discretion to vote on Proposal No. 1 relating to the election of directors.

How can I contact Vital Therapies’ transfer agent?

You may contact our transfer agent by writing American Stock Transfer & Trust Company, LLC, 6201 15th Avenue, Brooklyn, New York 11219. You may also contact our transfer agent via email at info@amstock.com or by telephone at (800) 937-5449.

How can I attend the annual meeting?

Stockholder of Record: Shares Registered in Your Name. If you were a stockholder of record at the close of business on the record date, you must present valid government-issued photo identification (e.g., driver’s license or passport) for admission to the annual meeting.

Beneficial Owners: Shares Registered in the Name of a Broker, Bank or Other Nominee. If you were a beneficial owner at the close of business on the record date, you may not vote your shares in person at the annual meeting unless you obtain a “legal proxy” from your broker, bank or other nominee who is the stockholder of record with respect to your shares. You may still attend the annual meeting even if you do not have a legal proxy. For admission to the annual meeting, you must provide proof of beneficial ownership as of the record date (e.g., your most recent account statement reflecting your stock ownership as of the record date) and you must present valid government-issued photo

identification.

Please note that no cameras, recording equipment, large bags, briefcases or packages will be permitted in the annual meeting.

Directions to the annual meeting may be found in the section entitled *Other Matters – Directions to Annual Meeting* below.

Will the annual meeting be webcast?

We do not expect to webcast the annual meeting.

How are proxies solicited for the annual meeting and who is paying for such solicitation?

Our board of directors is soliciting proxies for use at the annual meeting by means of the proxy materials. We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing,

mailing and distribution of the proxy materials. Copies of solicitation materials will also be made available upon request to brokers, banks and other nominees to forward to the beneficial owners of the shares held of record by such brokers, banks or other nominees. The original solicitation of proxies may be supplemented by solicitation by telephone, electronic communication, or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services, although we may reimburse such individuals for their reasonable out-of-pocket expenses in connection with such solicitation. We do not plan to retain a proxy solicitor to assist in the solicitation of proxies.

If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur.

Where can I find the voting results of the annual meeting?

We will announce preliminary voting results at the annual meeting. We will also disclose voting results on a Current Report on Form 8-K filed with the SEC within four business days after the annual meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the annual meeting, we will file a Current Report on Form 8-K to publish preliminary results and, within four business days after final results are known, file an additional Current Report on Form 8-K to publish the final results.

What does it mean if I receive more than one Notice of Internet Availability or more than one set of printed materials?

If you receive more than one Notice of Internet Availability or more than one set of printed materials, your shares may be registered in more than one name and/or are registered in different accounts. Please follow the voting instructions on each Notice of Internet Availability or each set of printed materials, as applicable, to ensure that all of your shares are voted.

I share an address with another stockholder, and we received only one printed copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted an SEC-approved procedure called “householding,” under which we can deliver a single copy of the proxy materials and annual report to multiple stockholders who share the same address unless we receive contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs.

Edgar Filing: VITAL THERAPIES INC - Form DEF 14A

Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will undertake to deliver promptly a separate copy of the proxy materials and annual report to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that we only send a single copy of next year's proxy materials and annual report, you may contact us as follows:

Is there a list of stockholders entitled to vote at the annual meeting?

The names of stockholders of record entitled to vote at the annual meeting will be available at the annual meeting and from our corporate secretary for ten days prior to the meeting for any purpose germane to the meeting, between the hours of 9:00 a.m. and 4:30 p.m., Pacific Time, at our corporate headquarters located at 15010 Avenue of Science, Suite 200, San Diego, California 92128.

When are stockholder proposals due for next year's annual meeting?

Please see the section entitled *Other Matters - Deadlines to Propose Actions for Consideration at the 2016 Annual Meeting* in this proxy statement for more information regarding the deadlines for the submission of stockholder proposals for our 2016 annual meeting.

What are the implications of being an “emerging growth company”?

We are an “emerging growth company” under applicable federal securities laws and therefore permitted to take advantage of certain reduced public company reporting requirements. As an emerging growth company, we provide in this proxy statement the scaled disclosure permitted under the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, including certain executive compensation disclosures required of a “smaller reporting company,” as that term is defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act. In addition, as an emerging growth company, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our named executive officers or the frequency with which such votes must be conducted. We will remain an emerging growth company until the earliest to occur of: (a) January 1, 2020; (b) the last day of the fiscal year in which we have more than \$1.0 billion in annual revenue; (c) the end of the fiscal year in which the market value of our common stock that is held by non-affiliates exceeds \$700.0 million as of the end of the second quarter of that fiscal year; or (d) the issuance, in any three-year period, by us of more than \$1.0 billion in non-convertible debt securities.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE**Composition of the Board**

Our board of directors is currently composed of ten members. Nine of the ten directors that comprise our board of directors are “independent directors” within the meaning of such term as set forth in the listing standards of the NASDAQ Stock Market, LLC, or NASDAQ. Our board of directors is divided into three staggered classes of directors. At each annual meeting of stockholders, a class of directors will be elected for a term of three years to succeed the class of directors whose terms are then expiring.

Director Independence

As a company listed on The NASDAQ Global Market we are required under the listing rules of NASDAQ, or the NASDAQ listing rules, to maintain a board comprised of a majority of independent directors as determined affirmatively by our board. In addition, the NASDAQ listing rules require that, subject to specified exceptions, each member of our audit, compensation and nominating and governance committees must be independent. Audit committee members and compensation committee members must also satisfy the independence criteria set forth in Rule 10A-3 and Rule 10C-1, respectively, under the Exchange Act. Under the NASDAQ listing rules, a director will only qualify as an “independent director” if, in the opinion of our board of directors, the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our board of directors has undertaken a review of the independence of our directors and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors has determined that none of Drs. Millis and Steer, Ms. Cohen and Messrs. Satter, Bienaimé, Croxford, Godshall, Halperin and Sears, representing nine of our ten directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as that term is defined under the NASDAQ listing rules. Dr. Winters is not considered an independent director because of his position as our chief executive officer.

In making these determinations, our board of directors considered the relationships that each non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence, including consulting relationships, family relationships and the beneficial ownership of our capital stock by each non-employee director.

Board Leadership Structure and Lead Director

Our board of directors is currently co-chaired by our Chief Executive Officer, Dr. Winters, and our Lead Director, Mr. Satter. Our Fourth Amended and Restated Investors' Rights Agreement, dated as of August 28, 2013, as amended, or Senior Preferred IRA, provides that for so long as Mr. Satter and Dr. Winters both serve as members of our board of directors, each shall serve as Co-Chairman of our board of directors and Mr. Satter shall serve as our Lead Director. In the event that Mr. Satter serves as a member of our board of directors at a time when Dr. Winters does not, Mr. Satter will serve as our Chairman of the board and Lead Director. Dr. Winters will serve as Co-Chairman only so long as he is both a director and our Chief Executive Officer.

As Lead Director, Mr. Satter, among other responsibilities, coordinates the scheduling of, and prepares the agenda for, meetings of our board of directors, stockholders and independent directors, presides (or designates another director to preside) over such meetings, and defines the scope, quality, quantity and timeliness of the flow of information between management and our board of directors that is necessary for our board of directors to effectively and responsibly perform its duties. While we have offered Mr. Satter the same compensation for his service as a member of our board of directors and as Lead Director as we pay to each other non-employee member of our board of directors, Mr. Satter has declined to receive (and has not received) any compensation for his service on our board of directors or as Lead Director.

Our board of directors believes that the Company and its stockholders are currently best served by having Dr. Winters and Mr. Satter serve as Co-Chairmen of the Board and Mr. Satter serve as Lead Director. As Co-Chairmen, Dr. Winters and Mr. Satter promote unified leadership and direction for our board and management and provide the critical leadership necessary for carrying out the Company's strategic initiatives. As Lead Director, Mr. Satter, together with our board's strong committee system and substantial majority of independent directors, allow our board to maintain effective oversight of our business operations, including independent oversight of our financial statements, executive compensation, selection of director candidates, and corporate governance programs. We believe our current board leadership structure enhances the board's ability to effectively carry out its roles and responsibilities on behalf of our stockholders.

Role of Board in Risk Oversight Process

Our board has an active role, as a whole and also at the committee level, in overseeing the management of our risks. Our board is responsible for general oversight of risks and regular review of information regarding our risks, including financial, strategic, and operational risks. The compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements, and whether our compensation policies and programs have the potential to encourage excessive risk taking. The audit committee is responsible for overseeing the management of risks relating to accounting matters and financial reporting. The nominating and governance

committee is responsible for overseeing our corporate governance practices and the management of risks associated with the independence of the board and potential conflicts of interest. Although each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board is regularly informed through discussions from committee members about such risks. The board believes its leadership structure is consistent with and supports the administration of its risk oversight function.

Board Meetings and Committees

During our fiscal year ended December 31, 2014, our board of directors held five meetings (including regularly scheduled and special meetings), and each director attended at least 75% of the aggregate of (i) the total number of meetings of our board of directors held during the period for which he has been a director and

(ii) the total number of meetings held by all committees of our board of directors on which he served during the periods that he served.

Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage, but do not require, our directors to attend. We have scheduled our 2015 annual stockholder meeting on the same day as a regularly scheduled board meeting in order to facilitate attendance by our board members.

During 2014, the members of our compensation committee were, and currently are, Messrs. Satter, Sears and Bienaimé, and Dr. Steer. None of the members of our compensation committee is or has been an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) or director of any entity that has one or more executive officers serving on our compensation committee or our board of directors.

Considerations in Evaluating Director Nominees

In its evaluation of director candidates, including the members of the board of directors eligible for reelection, our nominating and governance committee considers the following:

- The current size and composition of our board of directors and the needs of the board and its respective committees;

Factors such as character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments, and the like. Our nominating and governance committee evaluates these factors, among others, and does not assign any particular weighting or priority to any of these factors; and

- Other factors that our nominating and governance committee may consider appropriate.

The nominating and governance committee also focuses on issues of diversity, such as diversity in experience, international perspective, background, expertise, skills, age, gender, and ethnicity. The nominating and governance committee does not have a formal policy with respect to diversity; however, our board of directors and the nominating and governance committee believe that it is essential that members of our board of directors represent diverse viewpoints. Any nominee for a position on the board must satisfy the following minimum qualifications:

- The highest personal and professional ethics and integrity;
 - Proven achievement and competence in the nominee's field and the ability to exercise sound business judgment;
 - Skills that are complementary to those of the existing board;
 - The ability to assist and support management and make significant contributions to the company's success; and
- An understanding of the fiduciary responsibilities required of a member of the board and the commitment of time and energy necessary to diligently carry out those responsibilities.

If our nominating and governance committee determines that an additional or replacement director is required, the committee may take such measures as it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, board, or management.

After completing its review and evaluation of director candidates, our nominating and governance committee recommends to our full board of directors the director nominees for selection. Our nominating and governance committee has discretion to decide which individuals to recommend for nomination as directors and our board of directors has the final authority in determining the selection of director candidates for nomination to our board.

On March 18, 2015, upon the recommendation of our compensation committee, our board adopted the new outside director compensation policy. Under this outside director compensation policy, all non-employee directors are entitled to receive the following cash compensation for their services:

We also reimburse our directors for their reasonable expenses incurred in connection with attending board and committee meetings.

In addition to cash compensation, our non-employee directors are also entitled to equity awards under our outside director compensation policy. Each non-employee director who first joins us will be automatically granted an initial award of a nonstatutory stock option with a Black-Scholes value of approximately \$220,000 on the date of grant. In addition, on the date of each annual meeting of stockholders

**PROPOSAL NUMBER 1
ELECTION OF CLASS I DIRECTORS**

Our board of directors is currently composed of ten directors and is divided into three staggered classes of directors. At the annual meeting, three Class I directors will be elected to our board of directors by the holders of our common stock to succeed the same class whose term is then expiring. Each director's term continues until the election and qualification of his or her successor, or such director's earlier death, resignation or removal.

Certain of our stockholders affiliated with Mr. Satter, referred to as the Satter Investors, retain, contractual rights to nominate up to 30% of our directors, as provided in the Senior Preferred IRA. To date, the Satter Investors have not exercised their rights to designate any candidates for nomination but have reserved the right to do so in the future. As the Satter Investors' ownership percentage decreases, their right to nominate directors similarly decreases.

Nominees for Director

Our nominating and governance committee recommended for nomination, and our board of directors nominated, Terence E. Winters, Ph.D., Philip M. Croxford, and Randolph C. Steer, M.D., Ph.D., each a current Class I director, as nominees for reelection as Class I directors at the annual meeting. If elected, each of Drs. Winters and Steer and Mr. Croxford will serve as a Class I director until the 2018 annual meeting and until his respective successor is duly elected and qualified. For more information concerning the nominees, please see the section entitled "Board of Directors and Corporate Governance."

Drs. Winters and Steer and Mr. Croxford have agreed to serve if elected, and management has no reason to believe that they will be unavailable to serve. In the event a nominee is unable or declines to serve as a director at the time of the annual meeting, proxies will be voted for any nominee who may be proposed by the nominating and governance committee and designated by the present board of directors to fill the vacancy.

Required Vote

The Class I directors elected to the board of directors will be elected by a plurality of the votes cast by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. In other words, the three nominees receiving the highest number of "FOR" votes will be elected as Class I directors. Shares represented by executed proxies will be voted, if authority to do so is not expressly withheld, for the election of Terence E. Winters,

Ph.D., Philip M. Croxford, and Randolph C. Steer, M.D., Ph.D. Broker non-votes will have no effect on this proposal.

Board Recommendation

Our board of directors recommends a vote “FOR” the election to the board of directors of Terence E. Winters, Ph.D., Philip M. Croxford, and Randolph C. Steer, M.D., Ph.D. as Class I directors.

Our audit committee is submitting the appointment of PricewaterhouseCoopers LLP to our stockholders because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. If the appointment is not ratified by our stockholders, our audit committee may reconsider whether it should appoint another independent registered public accounting firm. Our audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. These services may include audit services, audit-related services, tax services and other services. Our audit committee generally pre-approves particular services or categories of services on a case-by-case basis. All of the services of PricewaterhouseCoopers LLP for 2014 and 2013 described above were pre-approved by our audit committee.

Required Vote

Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015 requires the affirmative "FOR" vote of a majority of the shares present in person or represented by proxy at the annual meeting and entitled to vote on the proposal. You may vote "FOR," "AGAINST," or "ABSTAIN" on this proposal. Abstentions have the same effect as a vote against the proposal. EXECUTIVE COMPENSATION

Processes and Procedures for Executive and Director Compensation

Our compensation committee assists the board in discharging the board's responsibilities relating to oversight of the compensation of our chief executive officer and our other executive officers, including reviewing and making recommendations to the board with respect to the compensation, plans, policies and programs for our chief executive officer and our other executive officers and administering our equity compensation plans for our executive officers and employees.

Our compensation committee annually reviews the compensation, plans, policies and programs for our chief executive officer and our other executive officers. In connection therewith, our compensation committee considers, among other things, each executive officer's performance in light of established individual and corporate goals and objectives and the recommendations of our chief executive officer. In particular, our compensation committee considers the recommendations of our chief executive officer when reviewing base salary and incentive performance compensation levels of our executive officers and when setting specific individual and corporate performance targets under our annual incentive bonus plan for our executive officers. Our chief executive officer has no input and is not present during voting or deliberations about his compensation. Our compensation committee may delegate its authority to a subcommittee, but it may not delegate any power or authority required by agreement, law, regulation or listing standard to be exercised by the compensation committee as a whole.

Our nominating and governance committee has authority to review and recommend to the board compensation programs for our outside directors. Management generally does not have a role in the setting of director compensation. Our nominating and governance committee may delegate its authority to a subcommittee, but it may not delegate any power or authority required by agreement, law, regulation or listing standard to be exercised by the nominating and governance committee as a whole.

In December 2014, our compensation committee engaged Aon Hewitt, an independent compensation consultant, to assist the compensation committee in determining a peer group of companies based on our company's current stage of development for the comparison of executive and director compensation, to provide comparative data on executive and director compensation practices in our industry and to generally advise us on our executive and director compensation programs. The compensation committee had the sole authority to approve the terms of the engagement of Aon Hewitt. Although our board of directors and compensation committee consider the advice and recommendations of our independent compensation consultants as to our executive and director compensation programs, our board of directors and compensation committee ultimately make their own decisions about these matters.

Aon Hewitt did not provide any services to us or our compensation committee other than as described above. Our compensation committee periodically, and at least annually, considers and assesses Aon Hewitt's independence, including whether Aon Hewitt has any potential conflicts of interest with our company or members of the compensation committee, as set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act. The most recent review was conducted in March 2015. Based on that review, our compensation committee concluded that it is not aware of any conflict of interest that has been raised by work performed by Aon Hewitt or the individual consultants employed by Aon Hewitt that perform services for the compensation committee.

Summary Compensation Table

The following table provides information regarding the compensation of our chief executive officer, and each of the next two most highly compensated executive officers during 2014, together referred to as our “named executive officers,” for 2014 and 2013, as applicable.

Name and Principal Position	Year	Salary (\$)	Option Awards (\$)⁽¹⁾	Non-Equity Incentive Plan Compensation (\$)⁽²⁾	All Other Compensation (\$)⁽³⁾	Total (\$)

The amounts in the “Option Awards” column reflect the aggregate grant date fair value of stock options granted during the calendar year computed in accordance with the provisions of Accounting Standards Codification (ASC) 718, Compensation — Stock Compensation. The assumptions that we used to calculate these amounts are discussed (1) in Note 9 to our financial statements appearing at the end of our Annual Report on Form 10-K for the year ended December 31, 2014. These amounts do not reflect the actual economic value that will be realized by the named executive officer upon the vesting of the stock options, the exercise of the stock options, or the sale of the common stock underlying such stock options.

(2) Amounts approved by our board of directors on February 2, 2015 under our Executive Incentive Compensation Plan (as described below).

(3) Includes company-paid reimbursement for Medicare and prescription drug coverage.

Mr. Dunn became a full-time employee in November 2014. In connection with his appointment as an executive (4) officer, our board of directors granted to Mr. Dunn an option to purchase 50,000 shares of our common stock on November 17, 2014 at an exercise price of \$19.03 per share.

(5) Dr. Nash was not a named executive officer in 2013.

Option Awards

In connection with the commencement of Mr. Dunn's employment with us and his appointment as one of our executive officers in November 2014, on November 17, 2014, our board of directors granted to Mr. Dunn an option to purchase 50,000 shares of our common stock at an exercise price of \$19.03 per share. The shares subject to the option vest monthly over four years, subject to Mr. Dunn's continued service on each such date, and are otherwise subject to the terms of our 2014 Equity Incentive Plan, or 2014 Plan, and form of option agreement for our 2014 Plan. In connection with the option grant, Mr. Dunn entered into a standard form of option agreement under our 2014 Plan.

Non-Equity Incentive Plan Compensation

Executive Incentive Compensation Plan

Our Executive Incentive Compensation Plan, or Incentive Plan, was adopted by our board of directors on July 8, 2013. Our Incentive Plan is administered by our compensation committee; provided, however, that our board of directors must approve any award or any amendment to any award made thereunder. Our compensation committee determines the performance goals applicable to any award, which goals may

include, without limitation, the attainment of research and development milestones, sales bookings, business divestitures and acquisitions, cash flow, cash position, earnings (which may include earnings before interest and taxes, earnings before taxes and net earnings) per share, net income, net profit, net sales, operating cash flow, operating expenses, operating income, operating margin, overhead or other expense reduction, product defect measures, product release timelines, productivity, profit, return on assets, return on capital, return on equity, return on investment, return on sales, revenue, revenue growth, sales results, sales growth, stock price, time to market, total shareholder return, working capital, and individual objectives such as peer reviews or other subjective or objective criteria. Performance goals that include the company's financial results may be determined in accordance with United States generally accepted accounting principles, or GAAP, or such financial results may consist of non-GAAP financial measures. The performance goals may be on an individual, divisional, business unit, functional or company-wide basis. The performance goals may differ from participant to participant and from award to award.

Pursuant to the employment letter agreements entered into between us and our named executive officers, our named executive officers are each eligible to receive annual bonuses as a percentage of their annual base salary based upon achievement of the performance goals determined by our compensation committee. For additional information regarding the terms of these employment letter agreements, see below under "Agreements With Our Named Executive Officers."

Notwithstanding the eligibility for bonus awards, our board of directors may, in its sole discretion and at any time, increase, reduce or eliminate a participant's actual award, or increase, reduce or eliminate the amount allocated to the bonus pool for a particular performance period. The actual award may be below, at or above a participant's target award, in the discretion of our board. Our board may determine the amount of any reduction on the basis of such factors as it deems relevant, and it is not required to establish any allocation or weighting with respect to the factors it considers.

Actual awards are paid in cash only after they are earned, which usually requires continued employment through the date of payment of the award. Payment of bonuses occurs as soon as administratively practicable after they are earned, but no later than the dates set forth in the Incentive Plan.

Our board of directors has the authority to amend, alter, suspend or terminate the Incentive Plan provided such action does not impair the existing rights of any participant with respect to any earned bonus.

For the fiscal year ended December 31, 2014, bonus awards for our executive officers (other than Mr. Dunn) were based on the achievement of corporate performance goals, which carried a 50% weighting, and individual performance, which carried a 50% weighting, except with respect to Dr. Winters for whom a bonus award was based solely on the achievement of corporate performance goals. Our compensation committee established the categories of corporate performance goals as relating to the attainment of research and development milestones and financings. Our

compensation committee determined, and the independent members of our board approved, that the performance goals of our named executive officers (other than Mr. Dunn) were each met at approximately 95% of target and payments were approved at that payout percentage by our board on February 2, 2015. Mr. Dunn became a full-time employee in November 2014 and was not eligible for a bonus under the Executive Incentive Compensation Plan for fiscal 2014.

Under Dr. Winters' employment letter agreement, Dr. Winters' annual base salary was \$450,000 and he was eligible for an annual bonus equal to 40% of his base salary for 2014. Effective as of March 13, 2015, Dr. Winters' current base salary is \$475,000 and he is eligible to receive an annual bonus equal to 50% of his base salary.

Duane Nash

We entered into an employment letter agreement, dated October 30, 2013, with Dr. Nash, our current Executive Vice President, Chief Business Officer, which sets forth the terms and conditions of his employment with us. The employment letter agreement has no specific term and provides for at-will employment. This agreement supersedes all then-existing agreements he may have with us concerning his employment relationship. Under Dr. Nash's employment letter agreement, Dr. Nash's annual base salary was \$350,000 and he was eligible for an annual bonus equal to 30% of his annual base salary for 2014. Effective as of March 13, 2015, Dr. Nash's current base salary is \$360,000 and he is eligible to receive an annual bonus equal to 35% of his base salary.

John M. Dunn

We entered into an employment letter agreement, dated March 5, 2015, with Mr. Dunn, our current General Counsel and Secretary, which sets forth the terms and conditions of his employment with us. The employment letter agreement has no specific term and provides for at-will employment. Under Mr. Dunn's employment letter agreement, Mr. Dunn's annual base salary was \$285,000. Mr. Dunn was not eligible for an annual bonus in 2014. In addition, Mr. Dunn received an option grant to purchase 50,000 shares of our common stock on November 17, 2014 at an exercise price per share of \$19.03 that vests over a period of four years from his employment start date in equal monthly installments, subject to Mr. Dunn continuing to provide services to us. Effective as of March 13, 2015, Mr. Dunn's current base salary is \$320,000 and he is eligible to receive an annual bonus equal to 30% of his base salary.

Executive Change of Control and Severance Agreements

We have entered into a change of control and severance agreement, with each of our executive officers, which require us to make payments if the executive officer's employment with us is terminated in certain circumstances.

If prior to the two-month period before or after the twelve-month period following a change of control (such period, the Change of Control Period), an executive officer's employment is terminated without "cause" or an executive officer resigns for "good reason" (as such terms are defined in the change of control and severance agreement), such officer will be eligible to receive the following benefits if such officer timely signs and does not revoke a release of claims:

- continued payment of base salary for a period of six months (12 months in the case of Dr. Winters); and

reimbursement by us for up to six months (12 months in the case of Dr. Winters) of COBRA premiums to continue health insurance coverage for such officer and such officer's eligible dependents, or taxable monthly payments for the equivalent period in the event payment for COBRA premiums would violate applicable law.

If, within the Change of Control Period, such officer's employment is terminated without cause or such officer resigns for good reason, such officer will be entitled to the following benefits if such officer timely signs a release of claims:

a lump sum payment equal to (x) 12 months (18 months in the case of Dr. Winters) his annual base salary (for the year of the change of control or such officer's termination, whichever is greater), plus (y) 1x (1.5x in the case of Dr. Winters) the greater of: (A) such officer's target annual bonus (for the year of the change of control or such officer's termination, whichever is greater) or (B) such officer's actual bonus for performance relating to the calendar year immediately prior to the calendar year of such officer's termination;

reimbursement by us for up to 12 months (18 months in the case of Dr. Winters) of COBRA premiums to continue health insurance coverage for such officer and such officer's eligible dependents, or taxable monthly payments for the equivalent period in the event payment for COBRA premiums would violate applicable law; and

100% accelerated vesting of all outstanding equity awards.

In addition, in the event any of the amounts provided for under these agreements or otherwise payable to our executive officers would constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code and could be subject to the related excise tax, the executive officer would be entitled to receive either full payment of benefits under this agreement or such lesser amount which would result in no portion of the benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to the executive officer. The agreements do not require us to provide any tax gross-up payments.

Drs. Winters and Nash may become eligible for accelerated vesting of their option awards in connection with a change in control under our 2012 Stock Option Plan, or 2012 Plan, and option agreements under the 2012 Plan, as described below. The option grant to Mr. Dunn was made pursuant to our 2014 Plan, which provides for accelerated vesting in connection with a change in control in limited circumstances, as described below.

2014 Equity Incentive Plan

Our 2014 Plan provides that in the event of a merger or change in control, as defined in the 2014 Plan, each outstanding award will be treated as the administrator determines, including, without limitation, that awards may be assumed or substituted for by the acquiring or succeeding corporation, awards may be terminated immediately prior to the consummation of the merger or change in control, awards may vest in whole or in part prior to or upon consummation of the merger or change in control and, to the extent the administrator determines, terminate on or immediately prior to the effectiveness of the merger or change in control, or awards may be terminated in exchange for cash or property or replaced with other rights or property. If a successor corporation does not assume or substitute

an equivalent award for any outstanding award, then such award will fully vest, all restrictions on such award will lapse and all performance goals or other vesting criteria applicable to such award will be deemed achieved at one hundred percent (100%) of target levels. Additionally, if a successor corporation does not assume or substitute an option or stock appreciation right, the administrator will notify the participant in writing or electronically that such award will be exercisable for a specified period of time determined by the administrator prior to the transaction, and such award will then terminate upon the expiration of such period.

In addition, pursuant to their stock option agreements, certain optionees, including our named executive officers who have awards under the 2014 Plan, are eligible for full vesting acceleration of their

outstanding options in the event their service is terminated other than for cause within twelve months following a change in control.

2012 Stock Option Plan and Option Agreements

Our 2012 Plan provides that in the event of a change in control, as defined in the 2012 Plan, the surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof may assume or substitute an equivalent award for each outstanding option under the 2012 Plan. If there is no assumption or substitution of outstanding options, such options will terminate upon the expiration of a stated notice period.

In addition, pursuant to their stock option agreements, certain optionees, including our named executive officers who have awards under our 2012 Plan, are eligible for full vesting acceleration of their outstanding options in the event their service is terminated other than for cause or they resign from their service for good reason, in either case, within twelve months following a change in control.

Perquisites, Health, Welfare and Retirement Benefits

Our named executive officers are eligible to participate in our employee benefit plans, including our medical, dental, vision, group life, disability and accidental death and dismemberment insurance plans, in each case on the same basis as all of our other employees. We provide a 401(k) savings plan to our employees, including our current named executive officers, as discussed in the section below entitled “*401(k) Savings Plan.*”

We generally do not provide perquisites or personal benefits to our named executive officers, except in limited circumstances and as noted in the Summary Compensation Table above. Our board of directors may elect to adopt qualified or non-qualified benefit plans in the future if it determines that doing so is in our best interests.

401(k) Savings Plan

We maintain a tax-qualified retirement plan that provides eligible employees, including named executive officers, with an opportunity to save for retirement on a tax advantaged basis. All participants’ interests in their deferrals are 100% vested when contributed. Pre-tax and after-tax contributions are allocated to each participant’s individual account and are then invested in selected investment alternatives according to the participant’s directions. Currently, we do not make matching contributions into the plan. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code. As a tax-qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan, and all contributions, if any, are deductible by us when made.

The Senior Preferred Purchase Agreement provided to certain of the Investors (including the Satter Investors) certain rights relating to the delivery of certain financial statements and other information. In addition, the Senior Preferred Purchase Agreement restricted the issuance of stock options or any comparable equity or equity-based incentives to any person who was a director, officer or other member of senior management as of September 25, 2012 unless such person shall have received a material promotion and commensurate increase in duties and responsibilities. Upon the closing of our initial public offering, all of the

foregoing rights and covenants in the Senior Preferred Purchase Agreement terminated automatically and were of no further force or effect.

Senior Preferred Investors' Rights Agreement

We and certain of our directors, executive officers and stockholders, including the Satter Investors, are parties to the Senior Preferred IRA. The Senior Preferred IRA contains customary preemptive rights in favor of our stockholders party thereto, as well as customary registration rights and related provisions, including customary market standoff provisions. All preemptive rights in favor of our stockholders under the Senior Preferred IRA terminated upon the closing of our initial public offering.

The Senior Preferred IRA also provides that, for so long as the Satter Investors hold at least 30% of our outstanding common stock, the Satter Investors have the right to nominate 40% of our directors (rounded up to the nearest whole number). If the Satter Investors hold less than 30% (but at least 20%) of our outstanding common stock, they have the right to nominate 30% of our directors (rounded up to the nearest whole number). If the Satter Investors hold less than 20% (but at least 10%) of our outstanding common stock, they have the right to nominate 20% of our directors (rounded up to the nearest whole number). For so long as the Satter Investors hold less than 2% of our outstanding common stock, they do not have the contractual right to nominate any representatives to our board of directors. To date the Satter Investors have not exercised their rights to nominate any directors, but they have reserved the right to do so in the future.

The Senior Preferred IRA provides that for so long as Mr. Satter and Dr. Winters both serve as members of our board of directors, each shall serve as co-chairman of our board of directors and Mr. Satter shall serve as our Lead Director. In the event that Mr. Satter serves as a member of our board of directors at a time when Dr. Winters does not, Mr. Satter will serve as our chairman of the board and Lead Director. Dr. Winters will serve as Co-Chairman only so long as he is both a director and our Chief Executive Officer.

Series D Investors' Rights Agreement

We and certain of our directors, executive officers and stockholders, including the Satter Investors, are or were parties to an investors' rights agreement, dated June 7, 2011, or the Series D IRA. The Series D IRA contains restrictions on transfer (for compliance with applicable securities laws) and customary registration rights. Upon the closing of our initial public offering in April 2014, all covenants in this agreement, except for the rights relating to the registration of shares under the Securities Act, terminated. The rights of any of our directors, officers or stockholders under the

Series D IRA, who became parties to the Senior Preferred IRA, were superseded by the Senior Preferred IRA.

Indemnification of Officers and Directors

We have also entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our amended and restated certificate of incorporation and amended and restated bylaws require us to indemnify our directors, executive officers and certain controlling persons to the fullest extent permitted by Delaware law.

Related-Person Transactions Policy

We adopted a written Related Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration, approval and oversight of “related person transactions.”

For purposes of our policy only, a “related-person transaction” is a past, present or future transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. Various transactions are not covered by this policy, including transactions involving compensation for services provided to us as an employee, director, consultant or similar capacity by a related person, equity and debt financing transactions with a related person that are approved by the Board, and other transactions not otherwise required to be disclosed under Item 404 of Regulation S-K. A “related person,” as determined since the beginning of our last fiscal year, is any executive officer, director or nominee to become director, a holder of more than 5% of our common stock, including any immediate family members of such persons. Any related-person transaction may only be consummated if approved or ratified by the affirmative vote of seventy-five percent (75%) of our dis-interested directors then in office in accordance with the policy guidelines set forth below.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our audit committee for review and recommendation for approval to our board of directors. In considering related-person transactions, our audit committee and board of directors take into account the relevant available facts and circumstances including, but not limited to whether the terms of such transaction are no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person’s interest in the transaction. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval process.

SECURITY OWNERSHIP

The following table sets forth the beneficial ownership of our common stock as of September 22, 2015 by:

· each person, or group of affiliated persons, who we know to beneficially own more than 5% of our common stock;

· each of our named executive officers;

· each of our directors; and

· all of our executive officers and directors as a group.

The percentage ownership information shown in the table is based on an aggregate of 24,145,680 shares of our common stock outstanding as of September 22, 2015.

We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options and warrants that are either immediately exercisable or exercisable on or before November 21, 2015, which is 60 days after September 22, 2015. These shares are deemed to be outstanding and beneficially owned by the person holding those options and warrants for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

Unless otherwise noted below, the address of each of the individuals and entities named in the table below is c/o Vital Therapies, Inc., 15010 Avenue of Science, Suite 200, San Diego, California 92128. Beneficial ownership representing less than 1% is denoted with an asterisk (*).

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes of ownership on Forms 3, 4 and 5 with the SEC. Based solely on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that all of our officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during 2014.

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders, but do not intend for the proposal to be included in our proxy statement and for stockholders to nominate directors for election at an annual meeting of stockholders. In order to be properly brought before our 2016 annual meeting of stockholders, the stockholder must have given timely notice of such proposal or nomination, in proper written form. To be timely for our 2016 annual meeting of stockholders, a stockholder's notice of a matter that the stockholder wishes to present, or the person or persons the stockholder wishes to nominate as a director, must be delivered to the corporate secretary of Vital Therapies at Vital Therapies' principal executive offices not less than 90 days and not more than 120 days prior to the first anniversary of the date of the preceding year's annual meeting of stockholders. As a result, any written notice given by a stockholder pursuant to these provisions of our bylaws must be received by our corporate secretary at our principal executive offices:

not earlier than July 20, 2016, and

not later than August 19, 2016.

In the event that we hold our 2016 annual meeting of stockholders more than 30 days before or more than 30 days after the one-year anniversary date of the 2015 annual meeting, then such written notice must be received no later than the close of business on the later of the following two dates:

the 10th day following the day on which public announcement of the date of such meeting is first made.

To be in proper written form, a stockholder's notice must include the specified information concerning the proposal or nominee as described in our bylaws. Notices should be addressed to:
