**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 7, 2006**

GENERAL INFORMATION ABOUT VOTING

General

The enclosed proxy is solicited on behalf of the board of directors of Stamps.com Inc., for use at the Annual Meeting of Stockholders to be held on June 7, 2006. The Annual Meeting will begin at 10:00 a.m. Pacific Daylight Savings Time at the The Westin Los Angeles Airport, 5400 West Century Boulevard, Los Angeles, CA 90045.

Voting

On February 28, 2006, 23,643,274 shares of our common stock were issued and outstanding. As of that date we had no outstanding preferred stock. Each share of common stock is entitled to one vote at the Annual Meeting.

The nominees for election to our board of directors who receive the greatest number of votes cast for the election of directors by the shares present at the Annual Meeting, in person or by proxy, will be elected directors. You may not cumulate votes in the election of directors. The adoption of the proposal to ratify the appointment of our independent auditors requires the affirmative vote of a majority of shares present at the Annual Meeting, in person or by proxy.

A majority of the outstanding shares of our common stock present in person or represented by proxy constitutes a quorum for the transaction of business at the Annual Meeting. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved. In the election of the director, an abstention or broker non-vote will have no effect on the outcome.

Proxies

If you properly sign and return the enclosed form of proxy, your shares represented will be voted at the Annual Meeting in accordance with your specified instructions. If you do not specify how your shares are to be voted, your shares will be voted FOR the election of the directors proposed by the board unless the authority to vote for the election of a director is withheld and, if no contrary instructions are given, the proxy will be voted FOR the ratification of our independent accountants. You may revoke or change your proxy at any time before the Annual Meeting by filing with our Secretary at 12959 Coral Tree Place, Los Angeles, CA 90066-7020, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and

voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to our stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for costs incurred in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for soliciting. Except as described above, we do not presently intend to solicit proxies other than by mail.

Deadline for Receipt of Stockholder Proposals

Proposals of stockholders that are intended to be presented by such stockholders at our 2007 annual meeting must be received no later than January 12, 2007, in order that they may be included in the proxy statement and form of proxy relating to that meeting. In addition, the proxy solicited by our board of directors for the 2007 annual meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting, unless our Company receives notice of the proposal not later than March 9, 2007.

**Option/SAR Grants in Last Fiscal Year
(Individual Grants)**

The following table sets forth information regarding option grants to each of our named executive officers during the fiscal year ended December 31, 2005. All the grants were made under our 1999 Stock Incentive Plan. During the fiscal year ended December 31, 2005, we did not grant options to our named executive officers. All options for new employees were granted at an exercise price equal to or greater than the fair market value of our common stock as determined by our board of directors on the date of grant that is based on the closing price on The Nasdaq National Market of our common stock. The following table indicates information regarding options to purchase our common stock granted to our named executive officers. No stock appreciation rights were granted to the named executive officers during the fiscal year ended December 31, 2005.

(1)

Option grants for new employees will become exercisable for 25% of the shares upon the optionee's completion of one year of service measured from the grant date and will become exercisable for the balance of the shares in 36 successive equal monthly installments. These options will become exercisable on an accelerated basis upon the optionee's involuntary termination within 18 months following a change in control. Certain other option grants are immediately exercisable in full, but we can buy back any shares purchased under those options, at the exercise price paid per share, to the extent the shares are not vested when the optionee leaves our employment. In general, this

repurchase right lapses as to 25% of the shares after one year of service and as to the remaining shares in equal monthly installments over an additional three-year period. The repurchase right also will lapse on an accelerated basis upon the optionee's involuntary termination within 18 months following a change in control.

(2)

Potential realizable values are net of exercise price, but before the payment of taxes associated with exercise. Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the SEC and do not represent our estimate or projection of our future common stock prices. There can be no assurance provided to any executive officer or other holder of our Company's securities that the actual stock price appreciation over the ten-year option term will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of our common stock appreciates over the option term, no value will be realized from those option grants that were made with an exercise price equal to the fair market value of the option shares on the grant date.

**EMPLOYMENT AGREEMENTS, TERMINATION OF EMPLOYMENT
AND CHANGE-IN-CONTROL ARRANGEMENTS**

During 2001, we adopted a bonus plan for a number of our officers, including Mr. McBride. These officers were not eligible for the continuous service bonus plan we adopted in connection with our reductions in force. The plan provided the option to elect to receive cash payments or stock options at fair market value upon completion of certain milestones or stock options valued at fair market value. Benefits under this plan would accrue if certain transactions were completed and we sold assets of the postage business in a transaction that avoided a time consuming wind-down process. A different level of benefits would also be payable under this plan in the event that management was unable to complete a transaction and other alternatives were pursued while we engaged in a time consuming wind-down process. The maximum cash payment to Mr. McBride under this plan would be \$100,000.

All of our named executive officers have executed and delivered a copy of our confidential information and invention assignment agreement in connection with their employment. Messrs. McBride, Huebner, Bortnak and Weisberg have entered into separation agreements with our Company such that in the event of a termination without cause or a termination following a change of control, these officers shall receive six months' salary and benefits. Mr. Leon has entered into a separation agreement with our Company such that in the event of a termination without cause or a termination following a change of control, he shall receive three months' salary and benefits. Mr. Ogg, our former Vice President of R&D, received six months' salary and benefits upon his departure from Stamps.com in January 2005. Mr. Ogg also received an additional payment of \$25,000 on July 31, 2005, for support in transitional and other matters. Mr. Stables, our former Vice President of IT, received six months' salary and benefits upon his departure from Stamps.com in September 2005.

In April 1999, we amended our 1998 Stock Plan to implement a change in control provision. As a result of this provision, should any optionee have his or her service involuntarily terminated within 18 months following a change in control in which his or her options are assumed by the successor corporation and do not otherwise accelerate at that time, then those options will accelerate and become fully exercisable for all of the option shares as fully-vested shares of common stock upon an involuntary termination. A change in control under the 1998 Stock Plan is defined as a merger or consolidation in which securities possessing more than 50% of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held those securities immediately prior to the transaction, or the sale, transfer or other disposition of all or substantially all of our assets in complete liquidation or dissolution. Involuntary Termination is defined under the 1998 Stock Plan as the optionee's involuntary dismissal or discharge by us for reasons other than misconduct, or the optionee's voluntary resignation following:

i)
a change in his or her position with us which materially reduces his or her responsibilities;

ii)
a reduction in his or her level of compensation by more than 15%; or

iii)
a relocation of the optionee's place of employment by more than 50 miles, and this change, reduction or relocation is effected by us without the optionee's consent.

Our 1999 Stock Incentive Plan is a successor plan to our 1998 Stock Plan, and includes change in control provisions which may result in the accelerated vesting of outstanding option grants and stock issuances.

BENEFICIAL OWNERSHIP OF SECURITIES

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The information contained in this section shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

Compensation Committee Report

It is the duty of the Compensation Committee to review and determine the salaries and bonuses of executive officers of the Company, including the Chief Executive Officer, and to establish the general compensation policies for such individuals. The Compensation Committee also has the sole and exclusive authority to make discretionary option grants to the Company's executive officers under the Company's 1999 Stock Incentive Plan.

Compensation Philosophy and Objectives

The Compensation Committee believes that the compensation programs for the Company's executive officers should reflect the Company's performance and the value created for the Company's stockholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the Company and should reward individual contribution to the Company's success. The Company is engaged in a competitive industry, and the Company's success depends upon its ability to attract and retain qualified executives through the competitive compensation packages it offers to such individuals.

Compensation Components and Process

General Compensation Policy. The Compensation Committee's policy is to provide the Company's executive officers with compensation opportunities which are based upon their personal performance, the financial performance of the Company and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised of three elements: (i) base salary that is competitive with the market and reflects individual performance, (ii) annual variable performance awards payable in cash and tied to the Company's achievement of annual financial and other performance goals and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and the Company's stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will generally be dependent upon the Company's financial performance and stock price appreciation rather than base salary.

The Company utilizes information and benchmarks from an independent compensation firm to advise the Committee as to how the Company's executive compensation levels compare to those of companies within and outside of the industry.

Factors. The principal factors that were taken into account in establishing each executive officer's compensation package for the fiscal year ended December 31, 2005 are described below. However, the Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary. In setting base salaries, the Compensation Committee reviewed published compensation survey data for companies of similar revenue, geographic location, status as a U.S. public company, and other factors. The base salary for each officer reflects the salary levels for comparable positions in the published surveys and the comparative group of companies, as well as the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual in the sole discretion of the Compensation Committee. Each executive officer's base salary is adjusted each year on the basis of (i) the Compensation Committee's evaluation of the

officer's personal performance for the year and (ii) the competitive marketplace for persons in comparable positions. The Company's performance and profitability may also be a factor in determining the base salaries of executive officers.

Annual Incentives. Annual incentive bonuses for executive officers will be based upon management incentive plans. The bonuses will be based substantially on the Company's financial performance, including achievement of

revenue and profitability goals or other business objectives. Additional consideration may be given for individual performance.

Long Term Incentives. Generally, stock option grants will be considered annually, or when appropriate, by the Compensation Committee for each of the Company's executive officers, as appropriate. Each grant made is designed to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a series of installments over a one to four-year period, contingent upon the officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if he or she remains employed by the Company during the vesting period, and then only if the market price of the shares appreciates over the option term.

The size of the option grant to each executive officer, including the Chief Executive Officer, is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of vested and unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual. The Compensation Committee has established certain guidelines with respect to the option grants made to the executive officers, but has the flexibility to make adjustments to those guidelines at its discretion.

CEO Compensation. In setting the total compensation payable to the Company's Chief Executive Officer, the Compensation Committee sought to make that compensation competitive with the compensation paid to the chief executive officers of companies of similar revenue, geographic location, status as a U.S. public company, or other factors, while at the same time assuring that a significant percentage of compensation was tied to Company performance and stock price appreciation.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be performance-based. Non-performance based compensation paid to the Company's executive officers for the fiscal year ended December 31, 2005 did not exceed the \$1 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the Company's executive officers for fiscal 2006 will exceed that limit. The Company's 1999 Stock Incentive Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Because it is unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1 million level.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Mr. Ananda

Under our initial agreements with Mr. Ananda, we own all of the intellectual property developed by Mr. Ananda during the course of his employment and all of the intellectual property he developed for us before his formal employment began. Mr. Ananda resigned as Chief Executive Officer on January 1, 1999. In May 1999, we entered into a separation agreement and a license agreement with Mr. Ananda to formalize his resignation and to redefine his intellectual property rights. The new license agreement reaffirmed our ownership of the intellectual property invented by Mr. Ananda prior to and during his employment. In addition, the license agreement clarified and narrowed Mr. Ananda's field of use restrictions to limit his license to a few narrowly defined electronic commerce applications that do not compete with our Internet postage service.

Indemnification of Directors and Officers

In addition to the indemnification provisions contained in our certificate of incorporation and bylaws, we entered into separate indemnification agreements with certain of our directors and officers. These agreements require us, among other things, to indemnify our directors and officers against expenses (including attorneys' fees), judgments, fines and settlements paid by those individuals in connection with any action, suit or proceeding arising out of their status or service as our director or officer (other than liabilities arising from willful misconduct or conduct that is knowingly fraudulent or deliberately dishonest) and to advance expenses incurred in connection with any proceeding against them with respect to which they may be entitled to indemnification by us.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of our board of directors, our executive officers and persons who hold more than ten percent of our outstanding common stock are subject to the reporting requirements of Section 16(a) of the Exchange Act which require them to file reports with respect to their ownership of our common stock and their transactions in our common stock. Based upon the copies of Section 16(a) reports which we received for fiscal year 2005 transactions in our common stock and their common stock holdings, we believe that all reporting requirements under Section 16(a) for that fiscal year were met in a timely manner by our directors, executive officers and greater than ten percent beneficial owners.
