NOTICE OF ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON _____, 2008

TO THE STOCKHOLDERS OF FORTISSIMO ACQUISITION CORP.:

NOTICE IS HEREBY GIVEN that an annual meeting of stockholders of Fortissimo Acquisition Corp. (Fortissimo), a Delaware corporation, will be held at _____:00 a.m., eastern time, on _____, 2008, at the offices of Wilmer Cutler Pickering Hale and Dorr LLP, Fortissimo s counsel, at 399 Park Avenue, 31 Floor, New York, New York 10022. You are cordially invited to attend the meeting, which will be held for the following purposes:

(1) to consider and vote upon a proposal to adopt and approve the Agreement and Plan of Merger and Interests Purchase Agreement, dated as of January 15, 2008 and amended as of May [], 2008, among Fortissimo, FAC Acquisition Sub Corp. (Merger Sub), Psyop, Inc. (Psyop), Psyop Services, LLC (Psyop Services), the shareholders of Psyop and Justin Booth-Clibborn, as representative of the shareholders of Psyop (the merger agreement), pursuant to which (i) Merger Sub will merge into Psyop, with Psyop being the surviving corporation, and within 10 days thereafter, Psyop will merge into Fortissimo, with Fortissimo being the surviving corporation and (ii) Fortissimo will purchase all of the outstanding membership interests of Psyop Services, which operates as a business unit of Psyop under the name Blacklist and whose members are the same persons who are the shareholders of Psyop (the combination of such events is referred to in this proxy statement as the merger) (the merger proposal);

(2) to consider and vote upon a proposal to approve an amendment to Fortissimo s second amended and restated certificate of incorporation to increase the number of authorized shares of Fortissimo common stock from 21,000,000 to 50,000,000 (the capitalization amendment proposal);

(3) to consider and vote upon a proposal to approve amendments to Fortissimo s second restated and amended certificate of incorporation to (i) change Fortissimo s name from Fortissimo Acquisition Corp. to Psyop, Inc., (ii) amend Article Sixth thereof to provide that Fortissimo s corporate existence shall be perpetual, (iii) amend Article Seventh thereof to remove the preamble and sections A through D, which will no longer be applicable to Fortissimo after the consummation of the merger, and to redesignate section E of Article Seventh as Article Seventh and (iv) add Article Eleventh thereto prohibiting stockholders from acting by written consent (the charter amendment proposal);

(4) to consider and vote upon a proposal to approve the adoption of the 2008 stock incentive plan pursuant to which Fortissimo will reserve up to 865,390 shares of common stock for issuance pursuant to the 2008 stock incentive plan (the incentive compensation plan proposal);

(5) to elect seven directors to Fortissimo s board of directors, of whom two will serve until the annual meeting to be held in 2009, two will serve until the annual meeting to be held in 2010 and three will serve until the annual meeting to be held in 2011 and, in each case, until their successors are elected and qualified (the director election proposal);
and

(6) to consider and vote upon a proposal to adjourn the annual meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the annual meeting, Fortissimo is not authorized to consummate the merger (the adjournment proposal).

These items of business are described in the attached proxy statement, which we encourage you to read in its entirety before voting. Only holders of record of Fortissimo common stock at the close of business on _____, 2008 are entitled to

notice of the annual meeting and to vote and have their votes counted at the annual meeting and any adjournments or postponements of the annual meeting.

The merger proposal must be approved by the holders of a majority of the outstanding shares of Fortissimo common stock sold in its initial public offering (IPO), including holders who purchased such shares subsequent to the IPO, that are voted at the annual meeting. We refer to such shares as the Public Shares. The capitalization amendment proposal and the charter amendment proposal must each be approved by the holders of a majority of the outstanding shares of Fortissimo common stock. The incentive compensation plan proposal and the adjournment proposal must each be approved by the holders of a majority of the shares of Fortissimo common stock present in person or represented by proxy and entitled to vote thereon at the meeting. Those directors who receive a plurality of votes cast for the respective positions will be elected. The approval of the merger proposal is conditioned upon the approval of the capitalization amendment proposal and the charter amendment proposal but not the incentive compensation plan proposal, the director election proposal or the adjournment proposal. The approval of each of the other proposals, other than the adjournment proposal, is conditioned upon the approval of the merger proposal.

Your broker, bank or nominee cannot vote your shares on any proposal unless you provide instructions on how to vote in accordance with the information and procedures provided to you by your broker, bank or nominee. Abstentions will have the same effect as a vote AGAINST the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal and the adjournment proposal, but will have no effect on the merger proposal or the director election proposal. Broker non-votes, while considered present for the purposes of establishing a quorum, will have the same effect as a vote AGAINST the capitalization amendment proposal and the charter amendment proposal, but will have no effect on the merger proposal, the incen

tive compensation plan proposal, the director election proposal or the adjournment proposal.

Each Fortissimo stockholder who holds Public Shares has the right to vote against the merger proposal and at the same time demand that Fortissimo convert such stockholder's shares into cash equal to a pro rata portion of the funds held in the trust account into which a substantial portion of the net proceeds of Fortissimo's IPO was deposited. Please see *Annual Meeting of Fortissimo Stockholders Conversion Rights* for the procedures to be followed if you wish to convert your shares into cash. Please note that you cannot seek conversion of your shares unless you affirmatively vote against the merger proposal. The conversion price will be the amount equal to the funds in the trust account, inclusive of any interest thereon, calculated as of two business days prior to the consummation of the merger, divided by the number of Public Shares on such date. No fees or expenses of any nature will be deducted from or charged to the trust account prior to the consummation of the merger. Fortissimo's board of directors will review and confirm the calculation. On , 2008, the record date for the meeting of stockholders, the conversion price (calculated in such manner) would have been \$ in cash for each Public Share. Public Shares owned by Fortissimo stockholders who validly exercise their conversion rights will be converted into cash only if the merger is consummated. If, however, the holders of 20% or more of the Public Shares vote against the merger proposal and demand conversion of their shares, Fortissimo will not consummate the merger. Prior to exercising conversion rights, Fortissimo stockholders should verify the market price of Fortissimo's common stock as they may receive higher proceeds from the sale of their common stock in the public market than from exercising their conversion rights. Shares of Fortissimo's common stock are quoted on the OTC Bulletin Board under the symbol FSMO. On , 2008, the record date, the last sale price of Fortissimo common stock was \$. Application has been made to list Fortissimo's common stock on the NASDAQ Capital Market.

Fortissimo's initial stockholders, who purchased their shares of common stock prior to its IPO and presently own an aggregate of approximately 22.7% of the outstanding shares of Fortissimo common stock, have agreed to vote all of the shares they purchased prior to the IPO on the merger proposal in accordance with the vote of the majority of the votes cast by the holders of Public Shares. As a consequence, the voting of such shares will not have any effect on the

outcome of the vote on the merger proposal. The initial stockholders have also indicated that they will vote such shares FOR the approval of the capitalization amendment proposal, the charter amendment proposal and the incentive compensation plan proposal and, if presented, an adjournment proposal and in favor of the director nominees and will vote any Public Shares they acquired after the IPO for all of the proposals and the director nominees.

After careful consideration, Fortissimo's board of directors has determined that the merger proposal, the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal, the director election proposal and the adjournment proposal are fair to and in the best interests of Fortissimo and its stockholders.

Fortissimo's board of directors unanimously recommends that you vote or give instruction to vote FOR the approval of the merger proposal, the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal, the director election proposal and, if necessary, the adjournment proposal.

All Fortissimo stockholders are cordially invited to attend the annual meeting in person. To ensure your representation at the annual meeting, however, you are urged to complete, sign, date and return the enclosed proxy card as soon as possible. If you are a stockholder of record of Fortissimo common stock, you may also cast your vote in person at the annual meeting. If your shares are held in an account at a brokerage firm or bank, you must instruct your broker or bank on how to vote your shares or, if you wish to attend the meeting and vote in person, obtain a proxy from your broker or bank. If you do not vote or do not instruct your broker or bank how to vote, it will have the same effect as voting against the capitalization amendment proposal and the charter amendment proposal.

A complete list of Fortissimo stockholders of record entitled to vote at the annual meeting will be available for 10 days before the annual meeting at the principal executive offices of Fortissimo for inspection by stockholders during ordinary business hours for any purpose germane to the annual meeting.

Your vote is important regardless of the number of shares you own. Whether you plan to attend the annual meeting or not, please sign, date and return the enclosed proxy card as soon as possible in the envelope provided.

Thank you for your participation. We look forward to your continued support.

SUMMARY OF THE MATERIAL TERMS OF THE MERGER

This Summary of the Material Terms of the Merger, together with the section entitled Questions and Answers About the Proposals, summarizes certain material information contained in this proxy statement. You should carefully read this entire proxy statement for a more complete understanding of the matters to be considered at the annual meeting of stockholders.

Parties

The parties to the merger are Fortissimo Acquisition Corp. (Fortissimo), FAC Acquisition Sub Corp. (Merger Sub), Psyop, Inc. (Psyop), Psyop Services, LLC (Psyop Services), which operates as a business unit of Psyop under the name Blacklist, the shareholders of Psyop and Justin Booth-Clibborn, as representative of the shareholders of Psyop. Fortissimo is a blank check company formed on December 27, 2005 to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business that has operations or facilities located in Israel or that is a company operating outside of Israel which Fortissimo management believes would benefit from establishing operations or facilities in Israel. If Fortissimo does not complete the merger or another business combination by October 11, 2008, its corporate existence will cease and it will promptly dissolve and distribute to its public stockholders the amount in its trust account plus any remaining non-trust account funds after payment of its liabilities.

Headquartered in New York City, Psyop is an award-winning provider of design based 3D animation, innovative visual effects and digital content for the advertising market. Psyop produces creative advertisements on behalf of premier brands in a variety of industries, including food and beverage, sports, automotive, retail and financial services. In addition to its creative production for television advertising, Psyop has recently expanded into producing content for other, growing forms of electronic marketing including short themed branded films, ads shown in movie theaters, in-store and site specific presentations and the internet.

Merger Structure

Pursuant to the merger agreement, Merger Sub will merge into Psyop, with Psyop being the surviving corporation and becoming a wholly owned subsidiary of Fortissimo. The merger agreement also provides that Fortissimo will purchase all of the outstanding membership interests of Blacklist, whose members are the same persons who are the shareholders of Psyop. As a result of such purchase, Blacklist will become a wholly owned subsidiary of Fortissimo. Within 10 days thereafter, Psyop will merge into Fortissimo, which will change its name to Psyop, Inc. The combination of these events is referred to as the merger in this proxy statement. Please see *The Merger Proposal Structure of the Merger*.

Merger Consideration

At the closing, Fortissimo will pay Psyop's shareholders merger consideration (including payment for the Blacklist membership interests) of 3,337,941 shares of Fortissimo's common stock and \$4,140,079 cash.

The Psyop shareholders will also receive \$3,000,000 in cash for each of the years 2008 and 2009 in which Psyop achieves at least 100% of specified EBITDA milestones for such year. If Psyop achieves 90% or more but less than 100% of a specified EBITDA milestone for a year, then the Psyop shareholders will receive an amount equal to the product of \$3,000,000 and the actual EBITDA achieved for such year divided by the EBITDA milestone for such year. If Psyop achieves more than 50% but less than 100% of the specified EBITDA milestone for 2008, then a catch-up bonus payment will be made following the determination of Psyop's 2009 year-end financial results if Psyop achieves in excess of 100% of the specified EBITDA milestone for 2009, as more fully described in *The Merger Proposal Merger Consideration*.

The Psyop shareholders will also receive a minimum of \$1,800,000 if Psyop achieves at least 90% of the specified revenue milestone for 2008; such payment will increase proportionally if Psyop achieves greater than 90% and up to 125% of such milestone and will be a maximum of \$2,500,000

1

TABLE OF CONTENTS

if Psyop achieves 125% of such milestone. The Psyop shareholders will also receive a minimum of \$1,700,000 and \$1,275,000 for each of the years 2009 and 2010, respectively, in which Psyop achieves at least 85% of specified revenue milestone for each such year; such payments will increase proportionally if Psyop achieves greater than 85% and up to 125% of such milestones and will be maximums of \$2,500,000 and \$1,875,000, respectively, if Psyop achieves 125% of such milestones. Such payments and those described in the following paragraph will be payable two-thirds in shares of Fortissimo common stock and one-third in cash, with the stock valued at the average of the closing prices of the Fortissimo common stock for the 30 trading days preceding the date that is two days prior to the closing date of the merger.

The Psyop shareholders will also receive a minimum of \$1,700,000, \$1,700,000 and \$1,275,000 for each of the years 2008, 2009 and 2010, respectively, in which Psyop achieves at least 85% of specified EBITDA (as defined in the merger agreement) milestones for each such year; such payments will increase proportionally if Psyop achieves greater than 85% and up to 125% of such milestones and will be maximums of \$2,500,000, \$2,500,000 and \$1,875,000, respectively, if Psyop achieves 125% of such milestones.

The Psyop shareholders will also receive a minimum additional payment of \$4,000,001 if at least a majority of the warrants issued in Fortissimo's IPO are exercised prior to their expiration, which will be increased proportionally to \$8,000,000 if all of the warrants are exercised. Such minimum and maximum payments will increase to \$5,000,001 and \$10,000,000, respectively, if there is a call by Fortissimo to redeem its warrants. Such payments will be payable two-thirds in shares Fortissimo common stock and one-third in cash, with the stock valued at the closing price of the Fortissimo common stock on the date the warrants are redeemed or expire, as applicable.

The maximum total merger consideration, representing the sum of the closing consideration and the maximum contingent consideration, is equal to \$[_____], based on the closing price of Fortissimo's common stock of \$[___] on [____], 2008 and assuming that (i) with respect to the cash bonus consideration, Psyop achieves 100% of the specified EBITDA milestones as described above for each of 2008 and 2009, (ii) with respect to the contingent consideration, Psyop achieves 125% of the specified revenue and EBITDA milestones as described above for each of 2008, 2009 and 2010, and (iii) Fortissimo redeems all outstanding warrants as described above.

Please see *The Merger Proposal - Merger Consideration*.

Conditions to Closing

Fortissimo and Psyop plan to complete the merger promptly after the Fortissimo annual meeting, provided that:

Fortissimo's stockholders have approved the merger proposal, the capitalization amendment proposal and the charter amendment proposal;

holders of fewer than 20% of the Public Shares have voted against the merger proposal and demanded conversion of their shares into cash; and

the other conditions specified in the merger agreement have been satisfied or waived.

Please see *The Merger Agreement - Conditions to Closing of the Merger*.

Termination, Amendment and Waiver

The merger agreement may be terminated at any time, but not later than the closing, as follows:

By mutual written consent of Fortissimo and Psyop;

By either Fortissimo or Psyop if the merger is not consummated on or before October 11, 2008, provided that such termination is not available to a party whose failure to fulfill an obligation under the merger agreement has been a cause of or resulted in the failure of the merger to be consummated before such date;

2

TABLE OF CONTENTS

By either Fortissimo or Psyop if a governmental entity shall have issued an order, decree, judgment or ruling or taken any other action, in any case having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, which order, decree, judgment, ruling or other action is final and nonappealable;

By either Fortissimo or Psyop or its shareholders if the other party has breached any of its covenants or representations and warranties and has not cured its breach within twenty days of the notice of an intent to terminate, provided that the terminating party is itself not in breach; and

By either Fortissimo or Psyop if, at the Fortissimo stockholder meeting, the merger agreement shall fail to be approved by the affirmative vote of the holders of a majority of the Public Shares present in person or represented by proxy and entitled to vote at the annual meeting or the holders of 20% or more of the Public Shares exercise conversion rights.

If the merger agreement is terminated by a party because of the other party's breach, the terminating party will be entitled to a payment of \$2,000,000 from the breaching party within one business day after such termination, as liquidated damages and not as a penalty and in lieu of any other right or remedy that the terminating party may have against the other parties to the merger agreement for such breach.

Restricted Stock Agreements

The maximum number of shares of Fortissimo common stock that the Psyop shareholders would be entitled to receive upon achievement of the revenue and EBITDA milestones will be issued to them at the closing of the merger pursuant to the provisions of Restricted Stock Agreements and placed in escrow pursuant to an Escrow Agreement that will also provide for the escrow of shares to secure Fortissimo's rights to indemnification, as described below. The Restricted Stock Agreements will provide that, upon partial attainment of the revenue and EBITDA milestones, all of such shares above those to which the Psyop shareholders will be entitled to retain as a result of such partial achievement will be returned to Fortissimo and canceled. If a Psyop shareholder's employment with Fortissimo after the merger is terminated for cause or by the shareholder without good reason (as such terms are defined in the shareholder's employment agreement), milestone shares issued with respect to all periods ending on or after the date of termination will be forfeited as to the terminated Psyop shareholder and reallocated among the other eligible Psyop shareholders. Please see *The Merger Proposal - Restricted Stock Agreements*.

Indemnification and Escrow Arrangements

To provide a fund for payment to Fortissimo with respect to its post-closing rights to indemnification under the merger agreement for breaches of representations and warranties and covenants by Psyop, there will be placed in escrow (with an independent escrow agent) 10% of the Fortissimo stock and cash (333,794 shares and \$414,008 cash) payable to the Psyop shareholders at closing (*Indemnity Escrow Fund*). Claims for indemnification may be asserted against the Indemnity Escrow Fund by Fortissimo once its damages exceed \$250,000 and will be reimbursable in full (from the first dollar) if damages exceed such amount, except that claims made with respect to certain representations and warranties will not be subject to such threshold. Fortissimo is also obligated to indemnify Psyop and its stockholders for breaches of its representations and warranties and covenants, subject to similar limitations, but no escrow fund has been established with respect to such obligation. Indemnification claims may be made until one year after the closing date. Please see *The Merger Proposal - Escrow Arrangements; Indemnification*.

Lock-Up and Trading Restriction Arrangements; Registration

The shareholders of Psyop have agreed not to sell any of the shares of Fortissimo common stock that they receive upon closing of the merger for twelve months after the closing and to sell no more than 1/3 of such shares in the following twelve months, after which they will be free to sell any or all of their shares. Fortissimo has agreed to use its best efforts to register the shares to be issued to the Psyop shareholders for resale to the public within 11 months after the closing of the merger. All sales will be subject to aggregate volume restrictions during the two year period commencing twelve months after the closing date. Please see *The Merger Proposal - Lock-Up; Trading Restrictions; Registration of Shares*.

3

TABLE OF CONTENTS

Management After the Merger

Upon completion of the merger, certain officers of Psyop will become officers of Fortissimo holding positions similar to the positions such officers held with Psyop. These officers are Justin Booth-Clibborn, who will become Chief Executive Officer of Fortissimo and Thomas Boyle, who will become Chief Financial Officer of Fortissimo. Messrs. Booth-Clibborn and Boyle have each entered into an employment agreement with Psyop, effective upon the completion of merger, at which time Psyop's obligations under the agreements will become the obligations of Fortissimo. Each of Eben Mears, Hejung Marie Hyon, Marco Spier, Kylie Matulick, Todd Mueller, Christopher Staves, Samuel Selinger and Justin Lane, all of whom are Psyop shareholders, have also entered into an employment agreement with Psyop, effective upon the completion of the merger. Such shareholders, except for Samuel Selinger,

who will be Vice President of Operations and Finance, and Justin Lane, who will be an Executive Producer, will be a Creative Director of Fortissimo effective upon the completion of the merger. Please see *Directors and Executive Officers of Fortissimo Following the Merger – Employment Agreements*.

Post-Merger Ownership of Fortissimo

As a result of the merger, assuming that no stockholders of Fortissimo elect to convert shares of Fortissimo common stock (Public Shares) issued in Fortissimo s initial public offering (IPO) into cash as permitted by Fortissimo s second amended and restated certificate of incorporation, the Psyop shareholders will own approximately 36.3% of the shares of Fortissimo common stock to be outstanding after the merger and the other Fortissimo stockholders will own approximately 63.7% of Fortissimo s outstanding shares of common stock, including 14.5% that will be owned by Fortissimo Capital Fund GP, LP (FCF) Yair Seroussi and Michael Chill, to whom we collectively refer to as the Fortissimo Insider Stockholders. If 19.99% of the Public Shares are converted into cash, such percentages will be approximately 40.2%, 59.8% and 16.1%, respectively. The foregoing percentages do not take into account shares that would be issued to Psyop s shareholders upon full or partial achievement of the revenue and EBITDA milestones or the exercise of Fortissimo warrants or shares that would be issued under the stock incentive plan to be adopted in connection with the merger. However, if 19.99% of the Public Shares are converted and thereafter the full contingent milestone consideration is earned, the current Fortissimo shareholders would own only 50.6% of the total outstanding stock, including 13.6% that would be owned by the Fortissimo Insider Stockholders and the Psyop shareholders would own 49.4%, assuming that no other shares are issued.

Post-Merger Board of Directors of Fortissimo

After the merger, Fortissimo s board of directors will consist of seven directors, of whom three will be selected by Psyop, at least one of whom will be an independent director under applicable SEC and exchange rules; two will be selected by Fortissimo, at least one of whom will be an independent director under applicable SEC and exchange rules; and two will be jointly selected by Psyop and Fortissimo, each of whom will be an independent director under applicable SEC and exchange rules. Please see *The Director Election Proposal and Directors and Executive Officers of Fortissimo Following the Merger*.

Other Proposals to be Acted Upon at the Annual Meeting

In addition to voting on the merger, the stockholders of Fortissimo will vote on proposals to change its name to Psyop, Inc., to amend its charter to increase the number of authorized shares of its capital stock, make its corporate existence perpetual and delete certain provisions that will no longer be applicable after the merger and prohibit stockholders from acting by written consent, to approve the 2008 stock incentive plan, to elect seven directors to Fortissimo s board of directors and, if necessary, to approve an adjournment of the meeting. Please see *The Capitalization Amendment Proposal, The Charter Amendment Proposal, The Incentive Compensation Plan Proposal, The Director Election Proposal and The Adjournment Proposal*.

QUESTIONS AND ANSWERS ABOUT THE PROPOSALS

Q. Why am I receiving this proxy statement?

A. Fortissimo and Psyop have agreed to a business combination under the terms of the Agreement and Plan of Merger and Interests Purchase Agreement dated as of January 15, 2008, which was amended on May 12, 2008, that is

described in this proxy statement. This agreement is referred to as the merger agreement. A copy of the merger agreement, as amended and restated, is attached to this proxy statement as Annex A, which we encourage you to read carefully.

You are being asked to consider and vote upon a proposal to approve the merger agreement, which, among other things, provides for the merger of a wholly owned subsidiary of Fortissimo into Psyop, with Psyop being the surviving corporation and becoming a wholly owned subsidiary of Fortissimo, and for Psyop, within 10 days thereafter, to merge into Fortissimo. The merger agreement also provides for Fortissimo to purchase all of the membership interests of the Psyop business unit doing business under the name of

Blacklist, which are owned by Psyop's shareholders. You are also being requested to vote to approve (i) an amendment to Fortissimo's second amended and restated certificate of incorporation to increase the number of authorized shares of its common stock to 50,000,000, (ii) amendments to Fortissimo's second amended and restated certificate of incorporation to change the name of Fortissimo from Fortissimo Acquisition Corp. to Psyop, Inc., to make certain modifications to make its corporate existence perpetual, to modify or delete provisions that will no longer be applicable after the merger and to prohibit stockholders from acting by written consent, (iii) the 2008 stock incentive plan and (iv) a proposal to adjourn the annual meeting to a later date or dates, if necessary. In addition, you are being asked to elect seven directors to Fortissimo's board of directors.

A form of Fortissimo's certificate of amendment to second amended and restated certificate of incorporation is attached to this proxy statement as Annex B. A form of Fortissimo's third amended and restated certificate of incorporation, as it will appear if the charter amendment proposal is approved, is attached to this proxy statement as Annex C. A form of the 2008 stock incentive plan is attached to this proxy statement as Annex D.

The approval of the merger proposal is conditioned upon the approval of the capitalization amendment proposal and the charter amendment proposal but not the incentive compensation plan proposal, the director election proposal or the adjournment proposal. The approval of each of the other proposals, other than the adjournment proposal, is conditioned upon the approval of the merger proposal.

Fortissimo will hold an annual meeting of its stockholders to consider and vote upon these proposals. This proxy statement contains important information about the proposed acquisition and the other matters to be acted upon at the annual meeting. You should read it carefully.

Your vote is important. We encourage you to submit a proxy and vote as soon as possible after carefully reviewing this proxy statement.

A. Fortissimo was organized to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business that has operations or facilities located in Israel or that is a company operating outside of Israel which Fortissimo management believes would benefit from establishing operations or facilities in Israel. Under its second amended and restated certificate of incorporation, Fortissimo is required to complete a business combination no later than October 11, 2008.

Q. Why is Fortissimo proposing the merger?

Psyop is an award-winning provider of 3D animation, innovative visual effects and digital content for the advertising market. Its proven creative ability has been utilized by premier brands in a variety of industries for various forms of media advertising. Although profitable for the fiscal year ended December 31, 2007, Psyop had a net loss of \$47,072 for the fiscal year ended December 31, 2005 and a net loss of \$307,785 for the fiscal year ended December 31, 2006. In addition, Psyop had total indebtedness of \$1.3 million as of December 31, 2007, which will not be retired prior to the closing of the merger. Based on its due diligence investigations of Psyop, Fortissimo believes that a capital infusion that Fortissimo would make at closing will enable Psyop to expand its scope of operations and enhance its leadership position in the market. As a result, Fortissimo believes that a business combination with Psyop will provide Fortissimo stockholders with an opportunity to participate in a company with significant growth potential. Please see *The Merger Proposal Factors Considered by Fortissimo's Board of Directors*.

Q. Do I have conversion rights?

A. If you are a holder of Public Shares, you have the right to vote against the merger proposal and demand that Fortissimo convert such shares into a pro rata portion of the trust account in which a substantial portion of the net proceeds of Fortissimo's IPO are held. We sometimes refer to these rights to vote against the merger and demand conversion of Public Shares into a pro rata portion of the trust account as conversion rights.

Q. How do I exercise my conversion rights?

A. If you wish to exercise your conversion rights, you must (i) vote against the merger proposal, (ii) demand that Fortissimo convert your shares into cash, (iii) continue to hold your shares through the closing of the merger and (iv) then deliver your certificate to our transfer agent within the period specified in a notice you will receive from Fortissimo within 10 days after the closing of the merger, which period will be not less than 20 days from the date of such notice. In lieu of delivering your stock certificate, you may deliver your shares to the transfer agent electronically using Depository Trust Company's DWAC (Deposit Withdrawal at Custodian) System.

Any action that does not include an affirmative vote against the merger will prevent you from exercising your conversion rights. Your vote on any proposal other than the merger proposal will have no impact on your right to seek conversion.

You may exercise your conversion rights by voting in person against the merger proposal at the annual meeting and demanding that Fortissimo convert your shares into cash, checking the box on the proxy card or by submitting your request in writing to Marc S. Lesnick, Vice President of Fortissimo, at the address listed at the end of this section. If you (i) initially vote for the merger proposal but then wish to vote against it and exercise your conversion rights or (ii) initially vote against the merger proposal and wish to exercise your conversion rights but do not check the box on the proxy card providing for the exercise of your conversion rights or do not send a written request to Fortissimo to exercise your conversion rights, or (iii) initially vote against the merger proposal but later wish to vote for it, or (iv) otherwise wish to correct or change your proxy card, you may request Fortissimo to send you another proxy card on which you may indicate your intended vote and, if that vote is against the merger proposal, exercise your conversion rights by checking the box provided for such purpose on the proxy card. You may make such request

by contacting Fortissimo at the phone number or address listed at the end of this section.

TABLE OF CONTENTS

Any corrected or changed proxy card or written demand of conversion rights must be received by Fortissimo prior to the annual meeting. No demand for conversion will be honored unless the holder's stock certificate has been delivered (either physically or electronically) to the transfer agent within the period specified in the notice that will be provided by Fortissimo, as described above.

If, notwithstanding your negative vote, the merger is completed, then, if you have also properly exercised your conversion rights, you will be entitled to receive a pro rata portion of the trust account, inclusive of any interest thereon, calculated as of two business days prior to the date of the consummation of the merger. As of the record date, there was approximately \$ in trust, which would amount to approximately \$ per Public Share upon conversion. If you exercise your conversion rights, then you will be exchanging your shares of Fortissimo common stock for cash and will no longer own these shares. Please see *Annual Meeting of Fortissimo Stockholders Conversion Rights* for the procedures to be followed if you wish to convert your shares into cash.

Exercise of your conversion rights does not result in either the conversion or a loss of any Fortissimo warrants that you may hold. Your warrants will continue to be outstanding and exercisable following a conversion of your common stock unless we do not consummate the merger. A registration statement must be in effect to allow you to exercise any warrants you may hold or to allow Fortissimo to call the warrants for redemption if the redemption conditions are satisfied.

Q. Do I have appraisal rights if I object to the proposed merger?

A. No. Fortissimo stockholders do not have appraisal rights in connection with the merger under the Delaware General Corporation Law.

Q. What happens to the funds deposited in the trust account after consummation of the merger?

A. After consummation of the merger, Fortissimo stockholders who properly exercise their conversion rights will receive their pro rata portion of the funds in the trust account promptly responding to the notice that will be sent by Fortissimo after the annual meeting. The balance of the funds in the trust account will be released to Fortissimo and used by Fortissimo to pay the merger consideration to Psyop's shareholders and the expenses Fortissimo incurred in pursuing its business combination, including costs associated with the merger, including professional and printing fees, with any remaining balance to be available for working capital and other corporate purposes.

Q. What happens if the merger is not consummated?

A. If Fortissimo does not complete a merger by October 11, 2008, it will be dissolved pursuant to the Delaware General Corporation Law. In connection with such dissolution, the expected procedures of which are set forth in the section entitled *Other Information Related to Fortissimo Liquidation if No Business Combination*, Fortissimo will liquidate and distribute to the holders of the Public Shares, in proportion to their ownership of Public Shares, an aggregate sum equal to the amount in the trust account, inclusive of any interest earned thereon, less claims requiring payment from the trust account

by creditors who have not waived their rights, if any, against the trust account, plus its remaining assets. Holders of Fortissimo common stock issued prior to the IPO, including all of Fortissimo's officers and directors, have waived any right to any liquidation distribution with respect to those shares.

Q. When do you expect the merger to be completed?

A. It is currently anticipated that the merger of Merger Sub into Psyop and the purchase of the Blacklist membership interests will be consummated promptly following the Fortissimo annual meeting on _____, 2008 and that the merger of Psyop into Fortissimo will take place within 10 days thereafter. For a description of the conditions for the completion of the merger, please see *The Merger Agreement - Conditions to the Closing of the Merger*.

Q. How do I vote?

A. If you are a holder of record of Fortissimo common stock, you may vote in person at the annual meeting or by submitting a proxy for the annual meeting. You may submit your proxy by completing, signing, dating and returning the enclosed proxy card in the accompanying pre-addressed postage paid envelope. If you hold your shares in street name, which means your shares are held of record by a broker, bank or nominee, you must provide the record holder of your shares with instructions on how to vote your shares or, if you wish to attend the meeting and vote in person, obtain a proxy from your broker, bank or nominee.

Q. If my shares are held in street name, will my broker, bank or nominee automatically vote my shares for me?

Q. May I change my vote after I have mailed my signed proxy card?

A. Yes. Send a later-dated, signed proxy card to Fortissimo's Vice President at the address set forth below prior to the date of the annual meeting or attend the annual meeting in person and vote. You also may revoke your proxy by sending a notice of revocation to Fortissimo's Vice President, whose address is listed below. Such notice must be received by Fortissimo's Vice President prior to the annual meeting.

Q. What should I do with my stock certificates?

A. Fortissimo stockholders who do not elect to have their shares converted into the pro rata share of the trust account should not submit their stock certificates now or after the merger, because their shares will not be converted or exchanged in the merger. Fortissimo stockholders who vote against the merger and exercise their conversion rights must deliver their certificates to Fortissimo's transfer agent (either physically or electronically) after the meeting within the period specified in a notice that you will receive from Fortissimo, as described above.

Q. What should I do if I receive more than one set of voting materials?

A. You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage

account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a holder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive in order to cast a vote with respect to all of your Fortissimo shares.

Represents net income (loss) before deductions for interest, income taxes, depreciation and amortization. Psyop believes that EBITDA is useful measure to stockholders of comparative operating performance, as it is less susceptible to variances in net income resulting from depreciation and amortization and more reflective of changes in our revenue and cost drivers and other factors that affect operating performance. We also present EBITDA (1) because we believe it is useful to stockholders as a way to evaluate our ability to incur and service debt, make capital expenditures and meet working capital requirements. EBITDA is not intended as a measure of our operating performance, as an alternative to net income (loss) or as an alternative to any other performance measure in conformity with U.S. generally accepted accounting principles or as an alternative to cash flow provided by operating activities as a measure of liquidity. The following is a reconciliation of net income to EBITDA:

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The following unaudited pro forma condensed consolidated balance sheet is derived from and combines the historical balance sheets of Fortissimo and Psyop as of December 31, 2007, giving effect to the transactions described in the merger agreement, which are being accounted for as a reverse merger (Psyop will be the accounting acquiror), as if they had occurred on the last day of the period.

The following unaudited pro forma condensed consolidated statement of operations is derived from and combines the historical audited statements of income of Fortissimo and Psyop for the fiscal year ended December 31, 2007, giving effect to the transactions described in the merger agreement with purchase accounting applied to the acquired Psyop assets as if they had occurred on January 1, 2007.

The historical financial information has been adjusted to give pro forma effect to events that are directly attributable to the transaction, are factually supportable and, in the case of the pro forma income statements, have a recurring impact.

The acquisition will be accounted for under the purchase method of accounting, as a reverse merger in which Psyop is the accounting acquiror (a capital transaction in substance). In accordance with paragraph 17 of Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, Fortissimo believes that Psyop is the acquiror for accounting purposes, for the following reasons: (i) Psyop will control the management of Fortissimo, (ii) Psyop will control the board of directors of Fortissimo and (iii) Psyop shareholders are the largest group of shareholders and are likely to vote together although there is no formal voting agreement among them. The assets and liabilities of Fortissimo will be recorded at their historical cost, which is considered to be the equivalent of fair value, with no goodwill recorded and no increment in combined stockholders equity.

The unaudited pro forma condensed consolidated balance sheet at December 31, 2007 and unaudited pro forma condensed consolidated statement of operations for the fiscal year ended December 31, 2007 have been prepared using two different levels of approval of the transaction by the Fortissimo stockholders, as follows:

Assuming No Conversions: This presentation assumes that none of the holders of Public Shares exercise their conversion rights; and

Assuming Maximum Conversions: This presentation assumes that 19.99% of the holders of Public Shares exercise their conversion rights.

Fortissimo is providing this information to aid you in your analysis of the financial aspects of the transaction. The unaudited pro forma condensed consolidated financial statements are not necessarily indicative of the financial position or results of operations that may have actually occurred had the transaction taken place on the dates noted, or the future financial position or operating results of the combined company.

TABLE OF CONTENTS

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Additional Consideration & Contingent Consideration

In addition to the purchase price, Psyop shareholders will be entitled to receive (A) additional cash consideration upon the achievement of certain milestones, specifically achieving at least 90% of EBITDA and revenue targets for each of 2008 and 2009, in an aggregate amount of up to \$6.0 million and (B) additional shares and cash consideration upon the achievement of certain milestones, which include achieving EBITDA and revenue targets for each of 2008, 2009 and 2010, in an aggregate amount of up to \$13.75 million. Since this consideration is contingent, these pro forma financial statements do not include any adjustments to reflect the payment of such contingent consideration. This contingent consideration will be recorded as compensation ratably over the expected periods that the milestones will be achieved if Fortissimo determines it is probable the milestones will be achieved.

In addition, if a majority of the warrants issued in Fortissimo's initial public offering are exercised prior to their expiration, Psyop's shareholders will be entitled to receive additional payment of shares and cash. Such payments are not reflected in these pro forma financial statements. Should Psyop's shareholders receive these payments, they will be accounted for as dividends.

2. Adjustments to the Unaudited Pro Forma Condensed Consolidated Balance Sheet

- (a) Release of the funds currently held in trust by Fortissimo to operating cash account upon consummation of the merger.
 - (b) Eliminate the common stock (b1) and retained earnings (b2) of Fortissimo since Fortissimo is the accounting acquiree under the purchase method of accounting.
- (c) To reflect an estimated \$700,000 in transaction costs to be incurred by Psyop (c1) and \$800,000 to be incurred by Fortissimo (c2).
- (d) To reflect the cash portion of the merger consideration payable to the shareholders of Psyop upon consummation of the merger.
 - To reflect the elimination of former common stock of Psyop (e1, e2) and the issuance of Fortissimo common stock (e3), in exchange for all outstanding shares of Psyop. For accounting purposes Psyop is the accounting acquiror and therefore all share capital of Fortissimo is to be eliminated. The adjustment includes eliminating the par value of the Fortissimo shares, including shares issued to Psyop shareholders.
- (e) Release of common stock subject to conversion (f1). Assuming no conversion, interest income earned on the funds (f) held in trust would not have been deferred and is recorded as additional paid in capital (f2). Assuming maximum conversion, interest income earned on the funds held in trust would not have been earned.
- (g) To reflect the payment of the deferred underwriting fees, upon the consummation of the business combination.
- (h) Repayment of all loans and capital leases.

2. Adjustments to the Unaudited Pro Forma Condensed Consolidated Balance Sheet (continued)

- (i) Elimination of transaction related costs. Eliminated transaction related costs, totaling \$409,779 by Psyop and \$595,761 by Fortissimo, are comprised as follows:

Cost	Psyop	Fortissimo
Legal Fees	\$ 172,960	\$ 374,574
Accounting Fees	\$ 208,421	\$
Consulting	\$ 28,398	\$ 73,773
Due Diligence Investigations	\$	\$ 83,328
Traveling Expenses	\$	\$ 64,086
Total	\$ 409,779	\$ 595,761

These costs have been eliminated because the pro forma financial statements were prepared under the assumption that the transaction occurred at an earlier time, and therefore, these eliminated costs were incurred at an earlier reporting period and are not expected to have a continuing impact on operations.

- Adjustment of interest income elimination of Psyop's interest expenses (j1) and to reflect the interest income that would have been earned, had the consummation of the merger occurred at the beginning of reporting period (j2).
- (j) Upon the consummation of the merger, the cash held in trust would have been used to pay the cash portion of the purchase price to Psyop's shareholders, to pay transaction-related costs and to repay all of Psyop's credit facilities. To reflect the agreed upon increase in wages pursuant to the terms of the employment agreements, entered into with key employees, to become effective upon consummation of the merger. Pursuant to the terms of the
- (k) employment agreements with Psyop's key employees, most of the executive's salaries were raised to \$200,000 and these salary increases are reflected in the pro forma financials accordingly.
- To reflect the expected tax rates of the merged company. One of the acquired entities was previously an LLC whose tax treatment was different than that of the merged company, the merged company is not able to utilize Psyop's tax loss carry-forwards, and Fortissimo was not previously subject to New York State and New York City taxes. The surviving entity after the merger will be Fortissimo Acquisition Corp., which will conduct business in New York City, New York State and will therefore be required to subject to the following taxes: (1) Federal taxation at the rate of 34%; (2) New York State taxation at the rate of 9.9875%; and (3) New York City tax, computed as 8.85% of the higher of (a) taxable income; and (b) 30% of managers compensation (net of \$40,000 statutory exemption). The adjustment is calculated to reflect these tax rates.

3. Pro Forma Income Per Share

Pro forma income per share was calculated by dividing pro forma net income by the weighted average number of shares as follows, assuming Fortissimo's initial public offering occurred on January 1, 2007.

	Assuming No Exercise of Conversion Rights	Assuming Maximum Exercise of Conversion Rights
Fortissimo	5,868,334	4,961,788
Psyop	3,337,941	3,337,941

Pro forma weighted average shares diluted	10,372,012	9,248,390

TABLE OF CONTENTS

RISK FACTORS

You should carefully consider the following risk factors, together with all of the other information included in this proxy statement, before you decide whether to vote or instruct your vote to be cast to approve the merger proposal and the other proposals to be presented for consideration at the annual meeting. If any of these factors actually occur, the business, financial condition or results of operations of Fortissimo could be materially and adversely affected, the value of our common stock could decline and stockholders could lose all or part of their investment.

Risks Related to the Merger

Our working capital will be reduced if Fortissimo stockholders exercise their right to convert their shares into cash.

Pursuant to our second amended and restated certificate of incorporation, holders of Public Shares may vote against the merger proposal and demand that we convert their shares, calculated as of two business days prior to the consummation of the merger, into a pro rata share of the trust account where a substantial portion of the net proceeds of the IPO are held. We and Psyop will not consummate the merger if holders of 20% or more Public Shares exercise these conversion rights. To the extent the merger is consummated and holders of less than 20% of the Public Shares have demanded to so convert their shares, there will be a corresponding reduction in the amount of funds available to us.

Our outstanding warrants may be exercised in the future, which would increase the number of shares eligible for future resale in the public market and result in dilution to our stockholders.

Outstanding redeemable warrants to purchase an aggregate of 9,070,000 shares of common stock issued in the IPO and warrants to purchase an aggregate of 666,668 shares of common stock issued to one of the initial stockholders in a private placement concurrently with the IPO will become exercisable after the consummation of the merger. These will be exercised only if the \$5.00 per share exercise price is below the market price of our common stock. To the extent such warrants or options are exercised, additional shares of our common stock will be issued, which will result in dilution to our stockholders and increase the number of shares eligible for resale in the public market. In addition, Fortissimo sold to the underwriters in the IPO an option to purchase 400,000 units at \$7.50 per unit. The exercise of this option, and the exercise of the warrants included in the units issuable upon exercise of this option, would lead to further dilution and a potential increase in the number of shares eligible for resale in the public market. Sales of substantial numbers of any such shares in the public market could adversely affect the market price of such shares.

We may choose to redeem our outstanding warrants at a time that is disadvantageous to our warrant holders.

We may redeem the warrants issued as a part of our units at any time after the warrants become exercisable in whole and not in part, at a price of \$0.01 per warrant, upon a minimum of 30 days prior written notice of redemption, if and only if, the last sales price of our common stock equals or exceeds \$8.50 per share for any 20 trading days within a 30-trading day period ending three business days before we send the notice of redemption. Redemption of the warrants could force the warrant holders (1) to exercise the warrants and pay the exercise price therefor at a time when it may be disadvantageous for the holders to do so, (2) to sell the warrants at the then current market price when they might otherwise wish to hold the warrants or (3) to accept the nominal redemption price which, at the time the warrants are called for redemption, is likely to be substantially less than the market value of the warrants.

The issuance of shares of our common stock to Psyop shareholders upon the achievement of the maximum contingent milestones and the exercise or redemption of warrants issued in the IPO will result in dilution to our stockholders.

If Psyop achieves the maximum revenue and EBITDA milestones in 2008, 2009 and 2010, and we redeem all outstanding warrants issued in the IPO prior to their expiration, we will be issuing up to approximately [_____] additional shares of our common stock based on the closing price of our common stock on [____], or approximately [__]% of the total number of shares currently outstanding as of _____, 2008, the record date. As a result, these issuances will be dilutive to our existing stockholders.

TABLE OF CONTENTS

If Fortissimo stockholders fail to vote or abstain from voting on the merger proposal, or fail to deliver their shares to our transfer agent, they may not exercise their conversion rights to convert their shares of common stock of Fortissimo into a pro rata portion of the trust account.

Fortissimo stockholders holding Public Shares who affirmatively vote against the merger proposal may, at the same time, demand that we convert their shares into a pro rata portion of the trust account, inclusive of any interest thereon, calculated as of two business days prior to the consummation of the merger. Fortissimo stockholders who seek to exercise this conversion right must affirmatively vote against the merger and deliver their stock certificates to our transfer agent after the annual meeting. Any Fortissimo stockholder who fails to vote, who abstains from voting on the merger proposal or who fails to deliver his stock certificate may not exercise his conversion rights and will not receive a pro rata portion of the trust account for conversion of such stockholder's shares. Please see *Annual Meeting of Fortissimo Stockholders Conversion Rights* for the procedures to be followed if you wish to convert your shares to cash.

Our ability to request indemnification from Psyop for damages arising out of the merger is limited to those claims where damages exceed \$250,000 in the aggregate.

At the closing of the merger, 333,794 shares of our common stock and \$414,008 cash of the merger consideration we will pay to Psyop's shareholders will be deposited in escrow to provide a fund for payment to Fortissimo with respect to its post-closing rights to indemnification under the merger agreement for breaches of representations and warranties and covenants by Psyop. Claims for indemnification may only be asserted by Fortissimo once the damages exceed \$250,000 and, upon that amount being exceeded, are indemnifiable for the full amount of damages (from the first dollar). Except with respect to certain tax matters, recoveries are limited to the shares and cash placed in escrow.

Accordingly, Fortissimo will not be entitled to indemnification even if Psyop is found to have breached its representations and warranties and covenants contained in the merger agreement if such breach would only result in damages to Fortissimo of less than \$250,000.

We may not be able satisfy our indemnification obligations.

The merger agreement provides that we will indemnify Psyop and its shareholders against all damages sustained by them for breaches by us of our representations and warranties and covenants. No escrow will be provided to secure such indemnification obligations, which will be subject to the same provisions and the same claim period requirements as pertain to our right to be indemnified by Psyop and its shareholders (except that our representations relating to capitalization, employee benefit plans, taxes and environmental matters will not be subject to such threshold). However, we may not be able to fulfill our indemnification obligations, should any significant payment be required, we may not have sufficient funds and may not be able to obtain the funds to satisfy our potential indemnification obligations to Psyop and its shareholders.

Our current directors and executive officers own shares of common stock and warrants that will be worthless if the merger is not approved. Such interests may have influenced their decision to approve the business combination with Psyop.

Certain of our officers and directors and/or their affiliates beneficially own an aggregate of 1,233,334 shares of Fortissimo common stock that they purchased prior to our IPO. Additionally, one of our initial stockholders, of which all of the equity interests are owned by our directors, purchased 333,334 units containing 333,334 shares of our common stock and 666,668 warrants in a private placement that occurred simultaneously with our IPO. The holders of these securities are not entitled to receive any of the cash proceeds that may be distributed upon our liquidation with respect to the shares they acquired prior to our IPO or in the units. Therefore, if the merger is not approved and we are forced to liquidate, such shares held by such persons will be worthless, as will the warrants.

In addition, if Fortissimo liquidates prior to the consummation of a business combination, our directors will be personally liable under certain circumstances (for example, if a vendor does not waive any rights or claims to the trust account) to ensure that the proceeds in the trust account are not reduced by the claims of certain prospective target businesses and vendors or other entities that are owed money by us for services rendered or products sold to us. As of December 31, 2007, Fortissimo had accounts payable and accrued

21

TABLE OF CONTENTS

liabilities of approximately \$369,000, excluding deferred trust interest income and deferred underwriting compensation. It estimates that it will incur additional expenses of approximately \$500,000 that would be required to be paid if the merger is not consummated. Of such total of \$500,000, vendors and service providers to whom approximately \$100,000 is or would be owed have waived their rights to make claims for payment from amounts in the trust account. The directors would be obligated to indemnify Fortissimo for the balance of approximately \$400,000 that would be owed to vendors and service providers that have not given such waivers to the extent that they successfully claim against the trust account funds. None of the directors has any reason to believe that he will not be able to fulfill his indemnity obligations to Fortissimo.

These personal and financial interests of our directors and officers may have influenced their decision to approve our business combination with Psyop. In considering the recommendations of our board of directors to vote for the merger proposal and other proposals, you should consider these interests.

Unless we complete the merger, our officers and directors will not receive reimbursement for any out-of-pocket expenses they incur if such expenses exceed the amount not in the trust account. Therefore, they may have a conflict of interest in determining whether the consummation of the merger is appropriate and in the public stockholders best interest.

Our officers and directors will not receive reimbursement for any out-of-pocket expenses incurred by them to the extent that such expenses exceed the amount not in the trust account unless the merger is consummated. To the extent such out-of-pocket expenses exceed the available proceeds not deposited in the trust account, such out-of-pocket expenses would not be reimbursed by us unless we consummate a business combination. Consequently, our officers and directors may have an incentive to approve and complete a business combination for reasons other than that it is in the best interest of our stockholders.

The price of our common stock after the merger might be less than what you originally paid for your shares of common stock prior to the merger.

The market price of Fortissimo's common stock may decline as a result of the merger if:

Our current directors and executive officers own shares of common stock and warrants that will be worthless if the m

the market for common shares of companies in our industry is volatile;
Fortissimo does not perform as expected;
there are mergers, consolidation and strategic alliances in the animated and mixed media advertising production industry;
market conditions in the animated and mixed media advertising production industry fluctuate;
Fortissimo does not achieve the perceived benefits of the merger as rapidly as, or to the extent anticipated by, financial or industry analysts;
the effect of the merger on Fortissimo's financial results is not consistent with the expectations of financial or industry analysts; or
there is a change in the general state of the capital markets.

If we are forced to liquidate before a business combination and distribute the trust account, our public stockholders will receive less than \$6.00 per share and our warrants will expire worthless.

If we are unable to complete a business combination by October 11, 2008 and are forced to liquidate our assets, the per-share liquidation distribution is likely to be less than \$6.00 because of the expenses of our initial public offering, our general and administrative expenses and the anticipated costs of seeking a business combination. Furthermore, there will be no distribution with respect to our outstanding warrants, which will expire worthless if we liquidate before the completion of a business combination.

TABLE OF CONTENTS

The exercise of our directors and officers' discretion in agreeing to changes or waivers in the terms of the business combination may result in a conflict of interest when determining whether such changes to the terms of the business combination or waivers of conditions are appropriate and in our stockholders' best interest.

In the period leading up to the closing of the merger, events may occur that, pursuant to the merger agreement, would require Fortissimo to agree to amendments to the merger agreement, to consent to certain actions taken by Psyop or to waive rights that Fortissimo is entitled to under the merger agreement. Such events could arise because of changes in the course of Psyop's business, a request by Psyop to undertake actions that would otherwise be prohibited by the terms of the merger agreement or the occurrence of other events that would have a material adverse effect on Psyop's business and would entitle Fortissimo to terminate the merger agreement. In any of such circumstances, it would be discretionary on Fortissimo, acting through its board of directors, to grant its consent or waive its rights. The existence of the financial and personal interests of the directors described in the preceding risk factor may result in a conflict of interest on the part of one or more of the directors between what he may believe is best for Fortissimo and what he may believe is best for himself in determining whether or not to take the requested action.

If we are unable to complete the merger with Psyop or another party and are forced to dissolve and liquidate, third parties may bring claims against us and, as a result, the proceeds held in trust could be reduced and the per-share liquidation price received by stockholders could be less than \$5.79 per share. In addition, under certain circumstances, we may have to pay Psyop a termination payment which would also reduce the funds we would be able to

return to our stockholders.

If we are unable to complete the business combination with Psyop or another party by October 11, 2008 and are forced to dissolve and liquidate, third parties may bring claims against us. Although we have obtained waiver agreements from certain vendors and service providers we have engaged and owe money to, and the prospective target businesses we have negotiated with, whereby such parties have waived any right, title, interest or claim of any kind they may have in or to any monies held in the trust account, there is no guarantee that they or other vendors who did not execute such waivers will not seek recourse against the trust account notwithstanding such agreements. Furthermore, there is no guarantee that a court will uphold the validity of such agreements. Accordingly, the proceeds held in trust could be subject to claims which could take priority over those of our public stockholders. Additionally, if we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy or other claims deplete the trust account, we cannot assure you we will be able to return to our public stockholders at least \$6.00 per share.

If the merger agreement is terminated by Psyop prior to closing of the merger because of a breach by us, we will be required to pay Psyop \$2.0 million within one business day after such termination, as liquidated damages. If we are required to make such a payment, that would also reduce the funds we would be able to return to our stockholders upon liquidation.

We may have insufficient time or funds to complete an alternate business combination if the merger proposal is not approved by our stockholders or the merger is otherwise not completed.

We must liquidate and dissolve if we do not complete a business combination with a fair market value of at least 80% of our net assets held in trust by October 11, 2008. If the merger is not approved by our stockholders, we will not complete the merger and may not be able to consummate an alternate business combination within the required time frame, either due to insufficient time or insufficient operating funds.

The pro forma financial statements are not an indicator of Fortissimo's financial condition or results of operations following the merger.

The pro forma financial statements contained in this proxy statement are not an indicator of Fortissimo's financial condition or results of operations following the merger. The pro forma financial statements have been derived from the historical financial statements of Psyop and Fortissimo and many adjustments and assumptions have been made regarding Psyop after giving effect to the merger. The information upon which these

TABLE OF CONTENTS

adjustments and assumptions have been made is preliminary, and these kinds of adjustments and assumptions are difficult to make with complete accuracy. As a result, the actual financial condition and results of operations of Fortissimo following the merger may not be consistent with, or evident from, these pro forma financial statements.

Fortissimo does not have any operations and Psyop has never operated as a public company. Fulfilling Psyop's obligations as a public company after the merger will be expensive and time consuming.

Psyop, as a private company, has not been required to prepare or file periodic and other reports with the SEC under applicable federal securities laws or to comply with the requirements of the federal securities laws applicable to public companies, to document and assess the effectiveness of its internal control procedures in order to satisfy the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. Although Fortissimo has maintained disclosure controls and procedures and internal control over financial reporting as required under the federal securities laws with respect to its activities, Fortissimo has not been required to establish and maintain such disclosure controls and procedures and internal controls over financial reporting as will be required with respect to a public company with substantial operations. Under the Sarbanes-Oxley Act of 2002 and the related rules and regulations of the SEC, we will be required to implement additional corporate governance practices and adhere to a variety of reporting requirements and accounting rules. Compliance with these obligations will require significant time and resources from our management and our finance and accounting staff and will significantly increase our legal, insurance and financial compliance costs. As a result of the increased costs associated with being a public company after the merger, our operating income as a percentage of revenue will likely be lower.

We must comply with Section 404 of the Sarbanes-Oxley Act of 2002 in a relatively short timeframe, and we can be subject to sanctions (or investigations by the SEC or other regulatory authorities) to the extent we fail to comply with Section 404.

Under current SEC regulations, Section 404 of the Sarbanes-Oxley Act of 2002 requires us to document and test the effectiveness of our internal controls over financial reporting in accordance with an established control framework and to report on our management's conclusion as to the effectiveness of these internal controls over financial reporting beginning with the fiscal year ending December 31, 2007. Also under current SEC regulations, we will also be required to have an independent registered public accounting firm test the internal controls over financial reporting and report on the effectiveness of such controls for the fiscal year ending December 31, 2009 and subsequent years, periods in which our operations will be essentially those of Psyop. Any delays or difficulty in satisfying these requirements could adversely affect future results of operations and our stock price.

We may incur significant costs to comply with these requirements. We may in the future discover areas of internal controls over financial reporting that need improvement, particularly with respect to any businesses acquired in the future. There can be no assurance that remedial measures will result in adequate internal controls over financial reporting in the future. Any failure to implement the required new or improved controls, or difficulties encountered in their implementation, could materially adversely affect our results of operations or could cause us to fail to meet our reporting obligations. If we are unable to conclude that we have effective internal controls over financial reporting, or if our auditors are unable to provide an unqualified report regarding the effectiveness of internal controls over financial reporting as required by Section 404, investors may lose confidence in the reliability of our financial statements, which could result in a decrease in the value of our securities. In addition, failure to comply with Section 404 could potentially subject us to sanctions or investigation by the SEC or other regulatory authorities.

We will dissolve and liquidate if we do not consummate a business combination and our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them.

Our second amended and restated certificate of incorporation provides that we will continue in existence only until October 11, 2008. If we have not completed a business combination by such date and amended this provision in connection therewith, pursuant to the Delaware General Corporation Law (DGCL), our corporate existence will cease except for the purposes of winding up our affairs and liquidating. Under Sections 280 through 282 of the Delaware General Corporation Law, stockholders may be held liable for claims by third

24

TABLE OF CONTENTS

parties against a corporation to the extent of distributions received by them in a dissolution. If the corporation complies with certain procedures set forth in Section 280 of the Delaware General Corporation Law intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. However, it is our intention to make liquidating distributions to our stockholders as soon as reasonably possible after dissolution and, therefore, we do not intend to comply with those procedures. Because we will not be complying with those procedures, we are required, pursuant to Section 281 of the Delaware General Corporation Law, to adopt a plan that will provide for our payment, based on facts known to us at such time, of (i) all existing claims, (ii) all pending claims and (iii) all claims that may be potentially brought against us within the subsequent 10 years. Accordingly, we would be required to provide for any creditors known to us at that time or those that we believe could be potentially brought against us within the subsequent 10 years prior to distributing the funds held in the trust to stockholders. We cannot assure you that we will properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them and any liability of our stockholders may extend well beyond the third anniversary of such date. Accordingly, we cannot assure you that third parties will not seek to recover from our stockholders amounts owed to them by us.

In certain circumstances, our board of directors may be viewed as having breached its fiduciary duties to our creditors, thereby exposing itself and our company to claims for punitive damages.

If we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us that is not dismissed, any distributions received by stockholders in our dissolution might be viewed under applicable debtor/creditor and/or bankruptcy laws as either a preferential transfer or a fraudulent conveyance. As a result, a bankruptcy court could seek to recover all amounts received by our stockholders in our dissolution. Furthermore, because we intend to distribute the proceeds held in the trust account to our public stockholders as soon as possible after October 11, 2008, this may be viewed or interpreted as giving preference to our public stockholders over any potential creditors with respect to access to or distributions from our assets. Our board of directors may also be viewed as having breached its fiduciary duties to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors and/or complying with certain provisions of the DGCL with respect to our dissolution and liquidation. We cannot assure you that claims will not be brought against us for these reasons.

Fortissimo and Psyop expect to incur significant costs associated with the merger, whether or not the merger is completed, which will reduce the amount of cash otherwise available for other corporate purposes.

We will dissolve and liquidate if we do not consummate a business combination and our stockholders may be held li

Fortissimo and Psyop expect to incur significant costs associated with the merger, whether or not the merger is completed. These costs will reduce the amount of cash otherwise available for other corporate purposes. There is no assurance that the actual costs may not exceed our estimates. Fortissimo and/or Psyop may incur additional material charges reflecting additional costs associated with the merger in fiscal quarters subsequent to the quarter in which the merger was consummated. There is no assurance that the significant costs associated with the merger will prove to be justified in light of the benefit ultimately realized.

Risks Related to Psyop's Business and Industry

The animated and mixed media advertising production industry is highly competitive and Psyop may not be able to compete successfully.

The animated and mixed media advertising production industry is highly competitive. There are many special effects and animation companies competing to provide special effects and animation products and services, certain of which are companies that have greater financial, creative and managerial resources than

25

TABLE OF CONTENTS

Psyop does. Psyop may not be able to compete successfully against either current or future competitors. Increased competition could result in reduced revenues, lower margins and/or loss of market share, any of which could significantly harm Psyop's business.

Psyop's operating results may fluctuate significantly over time.

Psyop's operating results may fluctuate as a result of a number of factors, many of which are outside of Psyop's control. For these reasons, comparing Psyop's operating results on a period-to-period basis may not be meaningful, and you should not rely on Psyop's past results as an indication of Psyop's future performance. While Psyop's operating income improved from an operating loss in 2006 to operating income in 2007, there cannot be any assurance that this will continue. Furthermore, Psyop has incurred net losses in two of the last five fiscal years. Also, there has been great variation in operating results within each year, which management believes will be likely to continue.

Each of the risk factors described in this Risks Related to Psyop's Business and Industry section, and the following factors, may affect Psyop's operating results both from year-to-year and within periods of a given year:

Psyop's inability to anticipate or project future projects due to the shortness in nature and response to current client demand of Psyop's engagements and sell cycle (projects typically last eight to twelve weeks including selling time). This happens occasionally and Psyop expects it will continue to occur.

Psyop's ability to continue to attract clients for Psyop's services and products. Companies in all industries fall in and out of favor in their industries, particularly industries such as advertising that are somewhat trendy and faddish in behavior. While Psyop's standing in its field has continued to grow, there can be no assurance that this will continue as new trends or creative approaches come along.

The amount and timing of operating costs and capital expenditures related to the maintenance and expansion of Psyop's businesses, operations and infrastructure. Psyop expects that its capital expenditures and other expenses related to the growth of its business will increase in the next year over historical amounts because of the new offices it is building in Los Angeles and Europe and the research and development facility it will build in Israel.

Psyop's focus on long-term goals over short-term results. This philosophy is important to Psyop and it may be expected that short-term opportunities will be foregone if they conflict with plans for long-term growth.

General economic conditions and those economic conditions specific to Psyop's business lines. While Psyop's existence has not extended through a full business cycle, it may be expected that a general business downturn will have a negative affect on its business as advertising expenditures are likely to diminish.

Geopolitical events such as war, threat of war or terrorist actions. Psyop's business is not one that could be expected to benefit from such events. Its location in downtown New York City may increase its vulnerability.

Psyop depends on key personnel and may not be able to operate and grow its business effectively if Psyop loses the services of any of its key personnel or is unable to attract qualified personnel in the future.

Psyop is dependent upon the efforts of its key personnel and its ability to retain them and hire other qualified employees. In particular, Psyop is dependent upon the management and leadership of Justin Booth-Clibborn, Psyop's chief executive officer, as well as the creative abilities of its five founding members, Eben Mears, Todd Mueller, Marie Hyon, Kylie Matulick and Marco Spier. The loss of any of them or other key personnel could affect Psyop's ability to run its business effectively.

Competition for senior management personnel is intense and Psyop may not be able to retain its personnel even though Psyop has entered into employment agreements with certain of them. The loss of any key personnel requires the remaining key personnel to divert immediate and substantial attention to seeking a

26

TABLE OF CONTENTS

replacement. The loss of any such key personnel, particularly with little or no notice, could cause delays on certain projects and may also have an adverse impact on Psyop's relationship with certain clients. An inability to find a suitable replacement for any departing executive officer on a timely basis could adversely affect Psyop's ability to operate and grow its business.

Psyop's success depends to a significant extent on its ability to identify, attract, hire, train and retain qualified creative, technical and managerial personnel. Competition for the caliber of talent required to make Psyop's products and provide its services, particularly for creative and technical personnel, will continue to intensify as demand for Psyop products grows. Psyop may not be successful in identifying, attracting, hiring, training and retaining such qualified personnel in the future and its failure to do so could have an adverse effect on its business.

Psyop may not be able to implement its strategies of successfully competing in the animated and mixed media advertising production business.

Psyop's successful production, completion and distribution of special effects-driven and animated advertisements are subject to a number of risks and uncertainties, including:

the production and marketing of special effects-driven and animated advertisements is capital-intensive and Psyop's capacity to generate cash from its advertisements may be insufficient to meet its anticipated capital requirements; delays and increased expenditures due to creative problems, technical difficulties, talent availability, accidents, natural disasters or other events beyond the control of the Psyop;

the entrance of additional companies into the special effects-driven and animated advertising market, which may result in increased competition for special effects-driven and animated advertisements and for talented computer graphics animators and technical staff;

the cost of producing special effects-driven and animated advertisements have steadily increased and may increase in the future; and

Psyop's operating results may fluctuate significantly over time.

34

revenue for special effects-driven and animated advertisements may diminish if markets conclude that the return on investment (ROI) is more significant in other outlets.

Psyop intends to undertake acquisitions to expand its business, which may pose risks to its business.

A key component of Psyop's business strategy includes strengthening its competitive position through internal development and growth. However, Psyop intends to selectively pursue strategic acquisitions of companies in its industry and contiguous industries. To finance any acquisition, it may be necessary for Psyop to raise funds through public or private financings. Funds may not be available on terms that are favorable to Psyop. Psyop may not be able to consummate any acquisitions, or if any such acquisitions are consummated, Psyop may not be able to successfully integrate the operations and management of future acquired companies. If Psyop is unable to attract and consummate acquisitions, its growth could be adversely impacted. Furthermore, any acquisition that is consummated presents several financial and operational risks that could have adverse effects on Psyop's operating results. These risks include:

costs associated with integrating the acquired businesses;

potential liabilities of the acquired business;

possible adverse tax and accounting effects of the acquisition;

diversion of Psyop management's attention from the day-to-day operation of its business to the integration of the acquired businesses;

key employees of the acquired businesses leaving after the acquisition; and

the acquired businesses not performing at the level Psyop projected when it determined the purchase price.

As Psyop does not have any current plans with respect to any specific acquisition, it is presently unable to estimate the amounts of capital expenditures and other expenses it would incur in connection with its

27

TABLE OF CONTENTS

expansion through acquisitions, which would depend, in part, on the acquisition structures and capital that may be available through the acquired companies. Please see *Management's Discussion and Analysis of Financial Condition and Results of Operations*, *Psyop's Liquidity and Capital Resources* for information regarding costs associated with the development of Psyop's offices in Los Angeles and Europe, and its research and development facility in Israel.

Psyop depends on advanced technology and computer systems and Psyop cannot predict the effect that rapid technological change or alternative forms of entertainment may have on Psyop or its industry.

The animated and mixed media advertising production industry continues to undergo significant changes, primarily due to technological developments. The rapid growth of technology and shifting consumer tastes prevent Psyop from being able to accurately predict the overall effect that technological growth or the availability of alternative forms of advertising may have on the potential revenue from and profitability of Psyop's services and products. Furthermore, because Psyop is required to provide advanced digital imagery products to continue to win business, Psyop must ensure that its production environment integrates the latest tools and techniques developed in the industry. This requires Psyop to develop these capabilities by purchasing third-party licenses, which can result in significant expenditures. In the event Psyop seeks to obtain third-party licenses, it cannot guarantee that they will be available or, once obtained, will continue to be available on commercially reasonable terms, or at all. Furthermore, any error or defect in Psyop's software, a failure of its hardware or a failure of its backup facilities may result in a delay in delivery of products and services that could result in significantly increased production costs and may affect Psyop's ability to complete the work in a timely fashion. Such delays could have an adverse effect on Psyop's brand name and its

relationship with its clients, which, given Psyop's reliance on its core strategic client relationships, could result in a decrease in Psyop's revenues and otherwise adversely affect its business and operating results.

Psyop's revenue may be adversely affected if Psyop fails to protect its intellectual property and proprietary information.

Psyop generally enters into confidentiality agreements with its employees, freelancers and vendors, to control access to and distribution of its intellectual property and proprietary information. Despite these precautions, it may be possible for a third party to copy or otherwise obtain and use Psyop's intellectual property and proprietary information without authorization. Policing unauthorized use of Psyop's products is difficult. While such occurrences have been rare to date, Psyop has had former employees and freelancers attempt to use ideas and characters developed by Psyop for projects that weren't completed and has had to resort to the threat of litigation to get cessation of such use. In addition, effective copyright and trade secret protection may be unavailable or limited in certain foreign countries. The steps Psyop takes may not prevent misappropriation of its intellectual property and proprietary information, and its confidentiality agreements may not be enforceable.

In addition, Psyop may be required to litigate in the future to enforce its intellectual property rights, to determine the validity and scope of the proprietary rights of others or to defend against claims of infringement or invalidity. Any such litigation could result in substantial costs and diversion of resources and could have an adverse effect on Psyop's business and/or our operating results.

Others may assert intellectual property infringement claims against Psyop.

Companies in the animated and mixed media advertising production industry are subject to the possibility of claims that their products, services or techniques misappropriate or infringe the intellectual property rights of third parties. Infringement or misappropriation claims (or claims for indemnification resulting from such claims) may be asserted or prosecuted against Psyop, and any such assertions or prosecutions may adversely affect Psyop's business and/or its operating results. Psyop has experienced one claim for infringement that resulted from misinformation provided by the client to the third-party claimant. Upon correction of the information that established the characters in question were not infringed by Psyop, the claim was withdrawn. Because of the competitive advantages that derive from identifiable characters, Psyop must carefully define its own characters, both to protect them from infringement and to avoid claims of others. Irrespective of the validity or the successful assertion of such claims, Psyop would incur significant costs and diversion of resources with respect to the defense thereof, which could have an adverse effect on Psyop's business and/or its operating results.

28

TABLE OF CONTENTS

If Psyop fails to develop or maintain an effective system of internal controls, Psyop may not be able to accurately report its financial results or prevent fraud.

Effective internal controls are necessary for Psyop to provide reliable financial reports and effectively prevent fraud and to operate successfully as a public company. If Psyop cannot provide reliable financial reports or prevent fraud, Psyop's operating results could be misstated and Psyop's reputation may be harmed.

The inability to successfully manage the growth of Psyop's business may have an adverse effect on Psyop's operating results.

Psyop expects to experience growth in the number of employees and the scope of its operations. If Psyop's management is unable to successfully manage expenses in a manner that allows Psyop to both improve operations and at the same time pursue potential market opportunities, the growth of its business could be adversely impacted, which may, in turn, negatively affect Psyop's operating results or financial condition.

Psyop's proposed new research and development facility in Israel may not be successful.

Psyop intends to establish a research and development facility located in Israel so that it can produce proprietary tools that will increase efficiencies and provide a competitive advantage to Psyop. The success of such a research and development facility is subject to various contingencies, many of which are beyond Psyop's control. These contingencies include, among others, Psyop's ability to secure a suitable site on satisfactory terms, its ability to hire, train and retain qualified personnel, the availability of adequate capital resources, the successful integration of the research and development facility into existing operations, and local regulatory matters and customs.

Risks Relating to our Securities

Our securities are quoted on the OTC Bulletin Board, which may limit the liquidity and price of our securities more than if our securities were quoted or listed on The NASDAQ Stock Market or a national exchange.

Our securities are quoted on the OTC Bulletin Board, a Financial Industry Regulatory Authority-sponsored and operated inter-dealer automated quotation system for equity securities not included on The NASDAQ Stock Market. Quotation of our securities on the OTC Bulletin Board may limit the liquidity and price of our securities more than if our securities were quoted or listed on The NASDAQ Stock Market or a national exchange. Although we have applied to the NASDAQ Capital Market to list our securities for trading, there can be no assurance that our application will be accepted.

An effective registration statement may not be in place when an investor desires to exercise warrants, thus precluding such investor from being able to exercise his, her or its warrants and causing such warrants to be practically worthless.

No warrant will be exercisable and we will not be obligated to issue shares of common stock unless, at the time a holder seeks to exercise such warrant, a prospectus relating to the common stock issuable upon exercise of the warrant is current and the common stock has been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the warrants. Under the terms of the warrant agreement, we have agreed to use our best efforts to meet these conditions and to maintain a current prospectus relating to the common stock issuable upon exercise of the warrants until the expiration of the warrants. However, we cannot assure you that we will be able to do so, and if we do not maintain a current prospectus related to the common stock issuable upon exercise of the warrants, holders will be unable to exercise their warrants and we will not be required to settle any such warrant exercise whether by net cash settlement or otherwise. If the prospectus relating to the common stock issuable upon the exercise of the warrants is not current or if the common stock is not qualified or exempt from qualification in the jurisdictions in which the holders of the warrants reside, the warrants may have no value, the market for the warrants

may be limited and the warrants may expire worthless.

29

TABLE OF CONTENTS

The warrants included in the Insider Units may be exercisable at times when the warrants held by an investor may not be exercisable.

An effective registration statement may not be in place when an investor desires to exercise his warrants, thus precluding such investor from being able to exercise his, her or its warrants. Even if the registration statement relating to the common stock issuable upon exercise of the warrants is not effective, the warrants underlying the Insider Units issued to FCF may be exercisable for unregistered shares of common stock. Accordingly, FCF may receive shares of common stock upon exercise of such warrants and such warrants will not expire worthless when public warrant holders would be unable to receive anything and their warrants would expire worthless.

Fortissimo will issue shares of its capital stock to complete the merger with Psyop, which will dilute the equity interest of its stockholders.

Without taking into account the approval of the amendment to our second amended and restated certificate of incorporation as discussed in the capitalization amendment proposal, the second amended and restated certificate of incorporation authorizes the issuance of up to 21,000,000 shares of common stock, par value \$.0001 per share, and 1,000,000 shares of preferred stock, par value \$.0001 per share. After the IPO, there were 4,194,998 authorized but unissued shares of our common stock available for issuance (after appropriate reservation for the issuance of shares upon full exercise of our outstanding warrants and exercise of the unit purchase option granted to our underwriters to purchase 400,000 units) and all of the 1,000,000 shares of preferred stock available for issuance. The issuance of additional shares of our common stock:

will significantly reduce the percentage of ownership of our current stockholders;
is likely to be done at a price per share less than the quoted price per share at the time of the vote; and
may adversely affect prevailing market prices for our common stock.

Failure to complete the merger could negatively impact the market price of Fortissimo's common stock and may make it more difficult for Fortissimo to attract another merger candidate, resulting, ultimately, in the disbursement of the trust proceeds, causing investors to experience a loss on their investment.

If the merger is not completed for any reason, Fortissimo may be subject to a number of material risks, including:

the market price of Fortissimo's common stock may decline to the extent that the current market price of its common stock reflects a market assumption that the merger will be consummated;
costs related to the merger, such as legal accounting fees and costs of the fairness opinion, must be paid even if the merger is not completed; and
charges will be made against earnings for transaction-related expenses, which could be higher than expected.
Such decreased market price and added costs and charges of the failed merger, together with the history of failure in consummating a merger, may make it more difficult for Fortissimo to attract another target business, resulting, ultimately, in the disbursement of the trust proceeds, causing investors to experience a loss on their investment.

An effective registration statement may not be in place when an investor desires to exercise warrants, thus precluding

TABLE OF CONTENTS

Risks if the Adjournment Proposal is not Approved

If the adjournment proposal is not approved, and an insufficient number of votes have been obtained to authorize the consummation of the merger, Fortissimo's board of directors will not have the ability to adjourn the annual meeting to a later date in order to solicit further votes, and, therefore, the merger will not be approved and Fortissimo will be required to liquidate.

Fortissimo's board of directors is seeking approval to adjourn the annual meeting to a later date or dates if, at the annual meeting, based upon the tabulated votes, there are insufficient votes to approve the consummation of the merger. If the adjournment proposal is not approved, Fortissimo's board will not have the ability to adjourn the annual meeting to a later date and, therefore, will not have more time to solicit votes to approve the consummation of the merger. In such event, the merger would not be completed and, unless Fortissimo were able to consummate a business combination with another party no later than October 11, 2008, it would be required to liquidate.

ANNUAL MEETING OF FORTISSIMO STOCKHOLDERS

We are furnishing this proxy statement to Fortissimo stockholders as part of the solicitation of proxies by our board of directors for use at the annual meeting of Fortissimo stockholders to be held on _____, 2008, and at any adjournment or postponement thereof. This document provides you with information you need to know to be able to vote or instruct your vote to be cast at the annual meeting.

Date, Time and Place

the adjournment proposal a proposal to adjourn the annual meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated votes at the time of the annual meeting, Fortissimo is not authorized to consummate the merger.

TABLE OF CONTENTS

Recommendation of Fortissimo Board of Directors

Our board of directors:

has unanimously determined that each of the merger proposal, the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal, the director election proposal and the adjournment proposal is fair to and in the best interests of us and our stockholders;

has unanimously approved the merger proposal, the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal, the director election proposal and the adjournment proposal;

unanimously recommends that our common stockholders vote FOR the merger proposal;

unanimously recommends that our common stockholders vote FOR the capitalization amendment proposal;

unanimously recommends that our common stockholders vote FOR the charter amendment proposal;

unanimously recommends that our common stockholders vote FOR the incentive compensation plan proposal;

unanimously recommends that our common stockholders vote FOR the persons nominated by our board of directors for election as directors; and

unanimously recommends that our stockholders vote FOR an adjournment proposal if one is presented to the meeting.

Record Date; Who is Entitled to Vote

Fortissimo's board of directors has fixed the close of business on _____, 2008 as the record date for the determination of stockholders entitled to notice of and to attend and vote at the annual meeting and any adjournment or postponement thereof. On this record date, there were _____ shares of common stock outstanding and entitled to vote at the annual meeting. Each share of common stock is entitled to one vote per share on each proposal on which such shares are entitled to vote at the annual meeting. Holders of warrants are not entitled to vote at the annual meeting.

Pursuant to agreements with us, the 1,333,334 shares of our common stock held by the Fortissimo Insider Stockholders will be voted on the merger proposal in accordance with the majority of the votes cast at the annual meeting on such proposal by the holders of the Public Shares. The vote of such shares will not affect the outcome of the vote on the proposal.

Quorum

The presence, in person or by proxy, of a majority of all the issued and outstanding shares of common stock entitled to vote constitutes a quorum at the annual meeting.

Abstentions and Broker Non-Votes

Proxies that are marked `abstain` and proxies relating to `street name` shares that are returned to us but marked by brokers as `not voted` will be treated as shares present for purposes of determining the presence of a quorum on all matters. The latter will not be treated as shares entitled to vote on the matter as to which authority to vote is withheld from the broker. If you do not give the broker voting instructions, under applicable self-regulatory organization rules, your broker may not vote your shares on the merger proposal, the capitalization amendment, the charter amendment proposal and the incentive compensation plan proposal. Since a stockholder must affirmatively vote against the merger proposal to have conversion rights, individuals who fail to vote or who abstain from voting may not exercise their conversion rights. Beneficial holders of shares held in `street name` that are voted against the acquisition may exercise their conversion rights, provided that, within the period specified in a notice they will receive from Fortissimo within 10 days after the closing of the merger, which period will be not less than 20 days from the date of such notice, they either

34

TABLE OF CONTENTS

have their shares certificated and deliver the certificates to Fortissimo's transfer agent or deliver their shares to the transfer agent electronically using Depository Trust Company's DWAC (Deposit Withdrawal at Custodian) System. Please see the information set forth in *Annual Meeting of Fortissimo Stockholders - Conversion Rights*.

Vote of Our Stockholders Required

The approval of the merger proposal will require the affirmative vote of the holders of a majority of the Public Shares voting on the proposal at the meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will have no effect on the merger proposal. You cannot seek conversion unless you affirmatively vote against the merger proposal.

The capitalization amendment proposal and the charter amendment proposal will require the affirmative vote of the holders of a majority of outstanding shares of Fortissimo common stock on the record date. Because each of these proposals to amend our charter requires the affirmative vote of a majority of the outstanding shares of common stock, abstentions and broker non-votes will have the same effect as a vote against these proposals.

The approval of the incentive compensation plan proposal and an adjournment proposal, if presented, will require the affirmative vote of the holders of a majority of the shares our common stock present in person or represented by proxy and entitled to vote thereon at the meeting. Abstentions are deemed entitled to vote on such proposals. Therefore, they have the same effect as a vote against either proposal. Broker non-votes are not deemed entitled to vote on such proposals and, therefore, they will have no effect on the vote on such proposals.

Directors are elected by a plurality. `Plurality` means that the individuals who receive the largest number of votes cast `FOR` are elected as directors. Consequently, any shares not voted `FOR` a particular nominee (whether as a result of abstentions, a direction to withhold authority or a broker non-vote) will not be counted in the nominee's favor.

Voting Your Shares

Each share of Fortissimo common stock that you own in your name entitles you to one vote for each proposal on which such shares are entitled to vote at the annual meeting. Your proxy card shows the number of shares of our common stock that you own.

There are two ways to vote your shares of Fortissimo common stock at the annual meeting:

You can vote by signing and returning the enclosed proxy card. If you vote by proxy card, your proxy, whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by our board FOR the merger proposal, the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal, the persons nominated by Fortissimo's board of directors for election as directors and, if necessary, an adjournment proposal. Votes received after a matter has been voted upon at the annual meeting will not be counted.

You can attend the annual meeting and vote in person. We will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or another nominee, you must get a proxy from the broker, bank or other nominee. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares.

Revoking Your Proxy

If you give a proxy, you may revoke it at any time before it is exercised by doing any one of the following:

you may send another proxy card with a later date;
you may notify Marc S. Lesnick, our vice president, in writing before the annual meeting that you have revoked your proxy; or

35

TABLE OF CONTENTS

you may attend the annual meeting, revoke your proxy, and vote in person, as indicated above.

Who Can Answer Your Questions About Voting Your Shares

If you have any questions about how to vote or direct a vote in respect of your shares of our common stock, you may call _____, our proxy solicitor, at _____, or Marc S. Lesnick, our vice president at (011) 972-3-915-7400.

No Additional Matters May Be Presented at the Annual Meeting

This annual meeting has been called only to consider the approval of the merger proposal, the capitalization amendment proposal, the charter amendment proposal, the incentive compensation plan proposal, the election of directors and the adjournment proposal. Under our by-laws, other than procedural matters incident to the conduct of the meeting, no other matters may be considered at the annual meeting if they are not included in the notice of the meeting.

Conversion Rights

Any of our stockholders holding Public Shares as of the record date who affirmatively vote their Public Shares against the merger proposal may also demand that we convert such shares into a pro rata portion of the trust account, inclusive of any interest thereon, calculated as of two business days prior to the consummation of the merger. If demand is properly made and the merger is consummated, we will convert these shares into a pro rata portion of funds deposited in the trust account, inclusive of any interest thereon, calculated as of such date. Fortissimo stockholders who seek to exercise this conversion right (converting stockholders) must affirmatively vote against the merger proposal.

Abstentions and broker non-votes do not satisfy this requirement.

Additionally, holders demanding conversion must continue to hold their Public Shares through the closing of the meeting and then deliver their stock certificates (either physically or electronically using Depository Trust Company's DWAC (Deposit Withdrawal at Custodian) System) to our transfer agent within the time period specified in a notice they will receive from Fortissimo within 10 days after the closing of the merger, which period will be not less than 20 days from the date of such notice. If you exercise your conversion rights, you will be exchanging your Public Shares for cash and will no longer own those shares.

If you hold the shares in street name, you will have to coordinate with your broker to have your shares certificated or delivered electronically. Certificates that have not been tendered (either physically or electronically) in accordance with these procedures will not be converted into cash.

The closing price of our common stock on [redacted], 2008, the record date for the annual meeting, was \$ [redacted] and the per-share, pro-rata cash held in the trust account on the record date was approximately \$ [redacted]. Prior to exercising conversion rights, stockholders should verify the market price of our common stock as they may receive higher proceeds from the sale of their common stock in the public market than from exercising their conversion rights if the market price per share is higher than the conversion price. We cannot assure our stockholders that they will be able to sell their shares of Fortissimo common stock in the open market, even if the market price per share is higher than the conversion price stated above, as there may not be sufficient liquidity in our securities when our stockholders wish to sell their shares.

If the holders of 907,000 or more Public Shares (an amount equal to 20% or more of the Public Shares) vote against the merger proposal and properly demand conversion of their shares, we will not be able to consummate the merger. In such case, or in any other circumstances in which the merger is not completed, Public Shares held by holders who demand conversion will not be converted into cash. However, in such circumstances, Fortissimo will be forced to liquidate and the holders of Public Shares will receive an amount equal to the amount of funds in the trust account at the time of a liquidation distribution divided by the number of Public Shares. Although both the per share liquidation price and the per share conversion price are equal to the amount of trust funds in the trust account divided by the number of Public Shares, the amount a holder of Public Shares would receive in liquidation may be greater or less than the amount such a holder would have received had it sought conversion of his shares and Fortissimo consummates the acquisition because (i) there will be greater earned interest in the trust account at the time of a liquidation distribution since it would occur at a later date than a conversion and (ii) Fortissimo may incur expenses it otherwise

would not incur if Fortissimo consummates the acquisition, including, potentially, claims requiring payment from the trust account by creditors who have not waived their rights against the trust account. Our directors (Yuval Cohen, Eli Blatt, Marc Lesnick, Shmoulik Barashi and Yochai Hacohen) will be personally liable under certain circumstances (for example, if a vendor successfully makes a claim against funds in the trust account) to ensure that the proceeds in the trust account are not reduced by the claims of prospective target businesses and vendors or other entities that are owed money by us for services rendered or products sold to us. While Fortissimo has no reason to believe that Messrs. Cohen, Blatt, Lesnick, Barashi and Hacohen will not be able to satisfy those obligations, there cannot be any assurance to that effect. Please see *Other Information Related to Fortissimo Liquidation If No Business Combination* for additional information.

Appraisal Rights

Stockholders of Fortissimo do not have appraisal rights in connection the merger under the DGCL.

THE MERGER PROPOSAL

The discussion in this document of the merger and the principal terms of the merger agreement by and among Fortissimo, Psyop and the shareholders of Psyop is subject to, and is qualified in its entirety by reference to, the merger agreement. A copy of the merger agreement, as amended and restated, is attached as Annex A to this proxy statement.

Structure of the Merger

On January 15, 2008, Fortissimo entered into the merger agreement with Merger Sub, Psyop, Blacklist, Psyop's shareholders and Justin Booth-Clibborn, as representative of Psyop's shareholders, which was amended on May 12, 2008. Pursuant to the merger agreement, as amended, Merger Sub will merge into Psyop, with Psyop being the surviving corporation and becoming a wholly owned subsidiary of Fortissimo. Within 10 days thereafter, Psyop will merge into Fortissimo, which will change its name to Psyop, Inc. The merger agreement also provides that Fortissimo will purchase all of the outstanding membership interests of Blacklist. As a result of such purchase, Blacklist will become a wholly owned subsidiary of Fortissimo. The combination of these events is referred to as the merger in this proxy statement.

The merger is expected to be consummated in the summer of 2008, after the required approval by the stockholders of Fortissimo and the fulfillment of certain other conditions, as described in this proxy statement.

Merger Consideration

Closing Merger Consideration. At the closing, Fortissimo will pay Psyop's shareholders merger consideration (including payment for the Blacklist membership interests) of 3,337,941 shares of Fortissimo's common stock and \$4,140,079 in cash.

Cash Bonus Consideration. The Psyop shareholders will also receive \$3,000,000 in cash for each of the years 2008 and 2009 in which Psyop achieves at least 100% of specified EBITDA milestones for such year, as set forth in the table below. If Psyop achieves 90% or more but less than 100% of a specified EBITDA milestone for a year, then the Psyop shareholders will receive an amount equal to the product of \$3,000,000 and the actual EBITDA achieved for such year divided by the EBITDA milestone for such year.

If Psyop achieves more than 50% but less than 100% of the specified EBITDA milestone for 2008, and if Psyop achieves in excess of 100% of the specified EBITDA milestone for 2009, then the Psyop shareholders will receive a catch-up bonus payment for 2008, calculated as described below.

The catch-up pro rata percentage shall be equal to a fraction, the numerator of which is the dollar amount by which Psyop's 2009 actual EBITDA exceeds the specified EBITDA milestone for 2009 and the denominator of which shall be the dollar amount by which Psyop's 2008 actual EBITDA falls short of the specified EBITDA milestone for 2008, provided, however, that under no circumstances shall the catch-up pro rata percentage exceed 100%.

If Psyop achieves more than 50%, but less than 75%, of the specified EBITDA milestone for 2008, and if Psyop achieves in excess of 100% of the specified EBITDA milestone for 2009, then the Psyop shareholders will receive, following the determination of Psyop's 2009 year-end financial results, a cash bonus payment in an amount equal to the product of (A) the catch-up pro rata percentage and (B) \$3,000,000, up to a maximum of \$2,250,000; and

If Psyop achieves 75% or more, but less than 100%, of the specified EBITDA milestone for 2008, and if Psyop achieves in excess of 100% of the specified EBITDA milestone for 2009, then the Psyop shareholders will receive, following the determination of Psyop's 2009 year-end financial results, a cash bonus payment in an amount equal to the product of (A) the catch-up pro rata percentage and (B) \$3,000,000, up to a maximum of \$3,000,000;

provided, however, that under no circumstances will the aggregate amount of the 2008 EBITDA cash bonus consideration (aggregating both amounts paid following the determination of Psyop's 2008 year-end financial results and amounts paid following the determination of Psyop's 2009 year-end financial results) exceed \$3,000,000.

Contingent Consideration. The Psyop shareholders will also be entitled to receive additional payments of shares of Fortissimo common stock and cash based on Psyop's achievement of specified revenue and EBITDA milestones in the years 2008, 2009 and 2010. Such payments are referred to in the merger agreement as contingent payments. Contingent payments will be payable two-thirds in shares Fortissimo common stock and one-third in cash, with the stock valued at the average of the closing prices of the Fortissimo common stock for the 30 trading days preceding the date that is two days prior to the closing date of the merger. The following table sets forth the milestones and the contingent payment to which the Psyop shareholders will be entitled if 100% of the milestones are achieved:

Year	Revenue Milestone	Revenue Earnout Payment (100% of Milestone)	EBITDA Milestone	EBITDA Earnout Payment (100% of Milestone)
2008	\$ 31,000,000	\$ 2,000,000	\$ 4,700,000	\$ 2,000,000
2009	\$ 48,000,000	\$ 2,000,000	\$ 7,000,000	\$ 2,000,000
2010	\$ 59,000,000	\$ 1,500,000	\$ 10,000,000	\$ 1,500,000
Totals		\$ 5,500,000		\$ 5,500,000

The Psyop shareholders will be entitled to contingent payments in 2008 if 90% of the revenue milestone is reached, in which event the contingent payment will be 90% of the amount set forth in the above table, or if 85% of the EBITDA milestone is achieved, in which event the contingent payment will be 85% of the amount set forth in the above table.

They will also be entitled to contingent payments in 2009 and 2010 if 85% of the respective revenue or EBITDA milestones are reached, in which event the respective contingent payments will be 85% of the amount set forth in the above table. The contingent payment they will be entitled to will increase proportionally up to 125% of the contingent payment amount set forth in the table if 125% of the milestone amount is achieved. The maximum contingent payment that the Psyop shareholders may receive with respect to any milestone is 125% of the contingent payment amount set forth in the above table; no greater contingent payment will be made even if the achievement is greater than 125% of the milestone. The foregoing contingent payments will be payable two-thirds in shares of Fortissimo

common stock and one-third in cash, with the stock valued at the average of the closing prices of the Fortissimo common stock for the 30 trading days preceding the date that is two days prior to the closing date of the merger. The following table sets forth the minimum contingent payment (if the applicable minimum percentage of a milestone is achieved) and maximum contingent payment (if at least 125% of a milestone is achieved) that the Psyop shareholders may receive for each of the milestones:

Year	Minimum Revenue Payment (90% of Milestone for 2008 and 85% of Milestone for 2009 and 2010)	Maximum Revenue Payment (125% of Milestone)	Minimum EBITDA Payment (85% of Milestone)	Maximum EBITDA Payment (125% of Milestone)
2008	\$ 1,800,000	\$ 2,500,000	\$ 1,700,000	\$ 2,500,000
2009	\$ 1,700,000	\$ 2,500,000	\$ 1,700,000	\$ 2,500,000
2010	\$ 1,275,000	\$ 1,875,000	\$ 1,275,000	\$ 1,875,000
Totals	\$ 4,775,000	\$ 6,875,000	\$ 4,675,000	\$ 6,875,000

For purposes of these contingent payments, EBITDA is defined in the merger agreement to mean Psyop's earnings before interest, taxes, depreciation and amortization, except that in 2008, EBITDA shall be adjusted to exclude the following items from expenses: (i) up to an aggregate of \$750,000 in costs incurred by Psyop in connection with (A) the closing of the business combination and (B) those legal, accounting and other similar costs incurred by Psyop solely as a result of its operation as a public company; (ii) up to an aggregate of \$375,000 of general and administrative costs incurred in connection with the establishment of a new office in Los Angeles, CA; (iii) up to an aggregate of \$330,000 in costs associated with market research and investments in new business initiatives; and (iv) the Black-Scholes valuation of any stock-based awards granted during 2008 under the equity incentive plan that will be implemented, subject to stockholder approval, at the time of the consummation of the merger; and provided further that with respect to the calculation of Actual EBITDA for the Annual Contingent Consideration Periods ending December 31, 2009 and December 31,

39

TABLE OF CONTENTS

2010, EBITDA shall be adjusted to exclude from expenses the Black-Scholes valuation of any stock-based awards granted during 2008, 2009 or 2010, as applicable, under the equity incentive plan that will be implemented, subject to stockholder approval, at the time of the consummation of the merger. Any contingent consideration or additional consideration payment made pursuant to the merger agreement will not be deducted from earnings for that year for the purpose of calculating the amount of the EBITDA earnout payment. Please see *The Merger Proposal Restricted Stock Agreements*.

Additional Consideration. The Psyop shareholders will also receive a minimum additional payment of \$4,000,001 if at least a majority of the warrants issued in Fortissimo's IPO are exercised prior to their expiration, which will be increased proportionally to \$8,000,000 if all of the warrants are exercised. Such minimum and maximum payments will increase to \$5,000,001 and \$10,000,000, respectively, and intermediate payments will increase proportionally, if there is a call by Fortissimo to redeem its warrants. Such payments will be payable two-thirds in shares Fortissimo common stock and one-third in cash, with the stock valued at the closing price of the Fortissimo common stock on the date the warrants are redeemed or expire, as applicable.

In order to further align the interests of Psyop shareholders/management with the interest of the stockholders of Fortissimo, we provided Psyop shareholders/management with the bonus described above in the event that the warrants are exercised. Fortissimo may redeem the warrants in the event that the price of the Common Stock equals or exceeds \$8.50 per share. Upon achievement of that milestone, the shareholders of Psyop will receive as a bonus for

their having succeeded in enhancing shareholder value, up to \$10 million of the approximately \$48 million that will be infused into Fortissimo upon exercise of the warrants. Such payments to Psyop shareholders, if any, will be paid on a pro rata basis.

The maximum total merger consideration, representing the sum of the closing consideration and the maximum contingent consideration, is equal to \$[_____], based on the closing price of Fortissimo's common stock of \$[___] on [____], 2008 and assuming that (i) with respect to the cash bonus consideration, Psyop achieves 100% of the specified EBITDA milestones as described above for each of 2008 and 2009, (ii) with respect to the contingent consideration, Psyop achieves 125% of the specified revenue and EBITDA milestones as described above for each of 2008, 2009 and 2010, and (iii) Fortissimo redeems all outstanding warrants as described above.

Restricted Stock Agreements

The maximum number of shares of Fortissimo common stock that the Psyop shareholders would be entitled to receive upon achievement of the revenue and EBITDA milestones will be issued to them at the closing of the merger pursuant to the provisions of Restricted Stock Agreements and placed in escrow pursuant to the Escrow Agreement that will also provide for the escrow of shares to secure Fortissimo's rights to indemnification, as described below. The Restricted Stock Agreements will provide that, upon partial attainment of the revenue and EBITDA milestones, all of such shares above those to which the Psyop shareholders will be entitled to retain as a result of such partial achievement will be returned to Fortissimo and canceled. If a Psyop shareholder's employment with Fortissimo after the merger is terminated for cause or by the shareholder without good reason (as such terms are defined in the shareholder's employment agreement), milestone shares issued with respect to all periods ending on or after the date of termination will be reallocated among the other eligible Psyop shareholders. A copy of the form of Restricted Stock Agreement is annexed to this proxy statement as Annex E. We encourage you to read it in its entirety.

Escrow Arrangements; Indemnification of Fortissimo

To provide a fund for payment to Fortissimo with respect to its post-closing rights to indemnification under the merger agreement for breaches of representations and warranties and covenants by Psyop and its subsidiaries and shareholders, there will be placed in escrow 333,794 of the shares and \$414,008 of the cash payable to the Psyop shareholders at closing (Indemnity Escrow Fund). Other than as described below, the escrow will be the sole remedy for Fortissimo for its rights to indemnification under the merger agreement. Claims for indemnification may be asserted against the Indemnity Escrow Fund by Fortissimo once its damages exceed a \$250,000 threshold and will be reimbursable to the full extent of the damages, except that claims made with respect to representations and warranties relating to capitalization, employee matters, environmental matters, taxes, and title to the Psyop shares will not be subject to such deductible. Indemnification

40

TABLE OF CONTENTS

claims may be made until one year after the closing date, or, in the case of certain representations of Psyop and its shareholders, until the expiration of the applicable statute of limitations. Notwithstanding such escrow, the stockholders shall be responsible to pay Fortissimo, from their own funds, for established indemnification claims resulting from specified breaches by Psyop related to taxation matters and made prior to the expiration of the sixtieth day after the respective statutes of limitations applicable to such matters. At the closing, the parties will enter into an Escrow Agreement, pursuant to which American Stock Transfer & Trust Company will act as escrow agent, to provide for such escrow arrangements. A copy of the form of Escrow Agreement is annexed to this proxy statement as Annex I. We encourage you to read it in its entirety.

Indemnification of Psyop

The merger agreement also provides that Fortissimo will indemnify Psyop and its shareholders against all damages sustained by them for breaches by Fortissimo of its representations and warranties and covenants. No escrow will be provided to secure such indemnification obligations, which will be subject to the same threshold provisions and the same claim period requirements as pertain to Fortissimo's right to be indemnified by Psyop and its shareholders (except that Fortissimo's representations relating to capitalization, employee benefit plans, taxes and environmental matters will not be subject to such threshold).

Lock-Up; Trading Restrictions; Registration of Shares

Pursuant to the merger agreement, at the closing, each Psyop shareholder will enter into a Lock-up and Trading Restriction Agreement with Fortissimo that will provide that, except with Fortissimo's consent, which may be withheld for any reason, no shares of Fortissimo common stock received by him or her in the merger may be sold for a period of one year following the closing and that no more than one-third of such shares may be sold during the second year following the closing, after which any or all of such shares may be sold. The certificates representing such shares will be legended to such effect.

The Lock-up and Trading Restriction Agreement also provides that sales of the shares of Fortissimo common stock received by the Psyop shareholders in the merger, in the aggregate on any trading day, may not exceed 10% of the average daily trading volume over the 20 trading days before such day, and that sales, in the aggregate in any week, cannot exceed 30% of the average daily trading volume over the 20 trading days before such week, subject to oversight by a trading restriction administrator. These trading restrictions will remain in effect for the three years following the closing of the merger.

A copy of the Lock-up and Trading Restriction Agreement is attached to this proxy statement as Annex H. You are encouraged to read it in its entirety.

Within 11 months following the closing of the merger, Fortissimo will use its best efforts to file a registration statement under the Securities Act of 1933 to effect the registration of the shares of Fortissimo common stock issued in the transaction for public resale by the holders thereof. Notwithstanding such registration, the sale restriction and the trading restrictions shall remain in effect for the balance of their respective restriction periods.

Employment Agreements

Each of the Psyop shareholders has entered into an employment agreement with Psyop to be effective upon the closing of the merger, after which Fortissimo will be responsible for Psyop's obligations. Please see *The Director Election Proposal - Employment Agreements* for the information regarding these agreements, a form of which is attached to this proxy statement as Annex J. We encourage you to read it in its entirety.

Background of the Merger

The terms of the merger agreement are the result of arm's-length negotiations between Fortissimo and Psyop and their representatives. The following is a brief description of the background of these negotiations, the merger agreement and related transactions.

Fortissimo was formed on December 27, 2005 to effect a merger, capital stock exchange, asset acquisition or similar business combination with an operating business that has operations or facilities located in Israel, or that is a company operating outside Israel which management believes would benefit from establishing operations or facilities in Israel.

4,000,000 units with each unit consisting of one share of its common stock and two warrants, each to purchase one share of its common stock at an exercise price of \$5.00 per share. On October 25, 2006, it consummated the closing of an additional 535,000 units that were subject to the over-allotment option. The units from the initial public offering (including the over-allotment option) were sold at an offering price of \$6.00 per unit, generating total gross proceeds of \$27,210,000. After deducting the underwriting discounts and commissions payable at the closing of the initial public offering and the offering expenses, the total net proceeds to Fortissimo from the offering (including the over-allotment option) were approximately \$26,633,686, of which \$26,257,650 was deposited into the trust account and the remaining proceeds plus the underwriter's deferred compensation, for a total of \$728,386 became available to be used to provide for business, legal and accounting due diligence on prospective business combinations and continuing general and administrative expenses. Concurrently with the closing of the initial public offering, Fortissimo also sold 333,334 similar units to one of its initial stockholders for total proceeds of \$2,000,004, all of which was also placed in the trust account. Through December 31, 2007, Fortissimo has used almost all of the net proceeds that were not deposited into the trust account to pay general and administrative expenses. Amounts in the trust account remain on deposit in the trust account earning interest. As of , 2008, there was approximately \$ held in the trust account. The underwriter deferred a portion of its compensation and agreed to receive \$352,350 upon the consummation of a business combination, which funds shall be paid from the cash held in the trust account upon the closing of the merger.

As disclosed in the prospectus for the IPO, at no time prior to the consummation of the IPO did Fortissimo, or any of its officers, directors, advisors, consultants or affiliates, contact, or engage in any discussions regarding a business combination with, any potential target on behalf of Fortissimo. Following the consummation of the IPO, Fortissimo's executive officers commenced an active search for a prospective acquisition candidate. Fortissimo conducted exploratory discussions with respect to effecting a business combination with approximately 60 potential targets. With respect to a number of these business combination opportunities, discussions included financial disclosures, reviews of potential transaction structures, estimates of transaction values and discussions of management objectives, business plans and projections. None of the discussions with the potential target companies, other than Psyop, resulted in a definitive agreement regarding a potential business combination. Some of these targets were located in Israel, while others were located in the United States and Eastern Europe. Fortissimo did not agree to substantive terms or enter into a term sheet or letter of intent for a business combination with any of these companies.

In evaluating each prospective acquisition candidate, Fortissimo's executive officers considered the following factors, in addition to others:

- the quality, experience and skill of management and the availability of additional personnel;
- the financial condition and results of operations of the target;
- the target's growth potential;
- the target's capital requirements;
- the competitive position of the target;
- the degree of current or potential market acceptance of the products, processes or services of the target;
- the proprietary features and degree of intellectual property or other protection of the products, processes or services of the target;
- the costs and specific deal structure associated with effecting the business combination; and
- with respect to potential targets that were located outside of Israel, the advantage of establishing research and development facilities or other operations in Israel.

Fortissimo evaluated several prospective acquisition candidates. Fortissimo felt that many of these companies were not mature enough to function as a public company. Several of the prospective target companies sought valuations that Fortissimo felt were not justified. Fortissimo did not believe that other prospective

42

TABLE OF CONTENTS

target companies had excellent growth potential and/or did not have a good use of the proceeds of the transaction. When Fortissimo evaluated Psyop, it recognized the following characteristics:

- a leader in its field, having created award winning commercials for Fortune 100 brands;
- a company that can utilize additional cash to expand its business geographically;
- a company that can use its equity to attract and retain top talent;
- a company with the ability to acquire complementary businesses to enhance its growth;
- a company that operates in an attractive market enables brands to direct message to target market in an entertaining and captivating manner; and
- a company with the potential to expand from primarily television advertising market to cinema, internet, cell phone and other forms of digital content media.

Based on the aforementioned characteristics, Fortissimo believes that Psyop has tremendous potential to expand the scope of its activities and by merging with Fortissimo to be in a better position to significantly enhance its growth.

In April 2007, Mr. Yuval Cohen, the Chairman of Fortissimo, was approached by Allon Bloch, an individual with whom he had worked at Jerusalem Venture Partners (JVP), an Israeli based venture capital fund, from May 2000 to February 2002. Mr. Bloch left JVP in February 2007, and Mr. Cohen engaged Mr. Bloch in April 2007 as a consultant to Fortissimo to assist with sourcing and evaluating potential acquisition candidates. Mr. Bloch was engaged by Fortissimo prior to meeting with Mr. Selinger and discussing with him the opportunity of a business combination with Fortissimo. Mr. Bloch was unaware of the specifics of a SPAC and did not seek to identify any SPAC candidates prior to being engaged by Fortissimo. Mr. Bloch assisted Fortissimo with Fortissimo's evaluation of at least nine other special purpose acquisition company, or SPAC, candidates, including Psyop, and presented four other SPAC candidates for Fortissimo's review. Mr. Bloch was a childhood friend of Samuel Selinger, an executive at Psyop responsible for finance and operations. On a trip to the United States in April 2007, Mr. Bloch met with Mr. Selinger in order to learn about Psyop's activities and to evaluate whether or not it would be a suitable candidate for a proposed business combination with Fortissimo. Prior to April 2007, there was no communication between Mr. Bloch and Mr. Cohen or any other officer of Fortissimo with respect to Psyop, or any other potential acquisition candidate, nor was there any discussion between Mr. Bloch and Mr. Selinger regarding a potential business combination with Fortissimo or any other SPAC.

In May 2007, Yochai Hacohen, an officer of Fortissimo, was in New York on other business and met with Mr. Selinger at Psyop's headquarters. Marc Lesnick, another officer of Fortissimo, joined the meeting by phone from Israel. After that meeting, due diligence activities were initiated to better understand Psyop's activities, market, competition, operations and growth potential. Shortly after this meeting, Mr. Selinger traveled to Israel to meet with other members of Fortissimo's management team and to present more information about Psyop to the Fortissimo board of directors. During that trip to Israel, Mr. Selinger also met with two Israeli companies with which Psyop was considering entering into a strategic relationship.

After preliminary diligence was conducted and the executive officers of Fortissimo evaluated the opportunity, Mr. Bloch and Mr. Lesnick met with the senior executives and major shareholders of Psyop at Psyop's headquarters in New York on June 11, 2007. During those meetings, an initial discussion ensued regarding the proposed terms of a business combination. It was also understood by the parties at that time that it would be advantageous for Psyop to establish research and development facilities in Israel so that it could create proprietary tools that would increase

efficiencies and provide a competitive advantage to the company. Prior to Fortissimo's meetings with Psyop, Psyop had considered developing its own proprietary tools, but no final decision was made. Psyop had in the past met with two companies in Israel that are in a similar field and considered acquiring tools from them, but decided that it would be better to develop such tools in-house rather than acquire an off the shelf product. During Fortissimo's discussions and due diligence evaluation of Psyop, Fortissimo realized that in Israel it could locate the talent and expertise required to efficiently develop Psyop's required tools. After meeting with a software consultant and reviewing his evaluation, Psyop's management

43

TABLE OF CONTENTS

was convinced that it would be advantageous for them to open an R&D center in Israel to develop proprietary tools and management workflow software that can address their specific requirements.

In June 2007, there were several meetings of the board of directors of Fortissimo at which the Board evaluated the terms of business combinations with several targets and determined to pursue a transaction with Psyop. On June 20, 2007, the board approved the terms of a proposed business combination with Psyop. On June 21, 2007, a non-binding term sheet was signed by Fortissimo and Psyop. In the term sheet signed by the parties on June 21, 2007, the valuation of the Company was similar to the valuation in the Merger Agreement as ultimately executed by the parties, but the milestones and contingent payments upon the achievement of such milestones differed somewhat. Specifically, in the term sheet the revenue targets for 2009 and 2010 were \$45 million and \$63 million, respectively. In the Merger Agreement, the revenue targets for 2009 and 2010 are \$48 million and \$59 million, respectively. In addition, the EBITDA targets were changed from \$5.8 million, \$8.6 million and \$12 million, for the years 2008, 2009, and 2010, respectively, to \$4.7 million, \$7.0 million and \$10.0 million during the same periods, respectively. Those changes were made upon completion of our due diligence based upon what management of Psyop and Fortissimo believed would be realistic targets.

In addition, in the term sheet the contingent payments were structured differently, so that a payment of \$4.5 million would be made in 2008 and an additional \$1.5 million would be payable upon the achievement of milestones in 2008, 2009 and 2010. It was later agreed that rather than pay a majority of the contingent consideration in 2008, such payments should be more evenly distributed throughout the three year period and it was determined to pay \$4.0 million in each of 2008 and 2009 and \$3.0 million in 2010.

Fortissimo's Board evaluated comparable companies and other valuation measures, such as discounted cash flow, to arrive as what it believed was a fair valuation for Psyop.

Shortly thereafter, Rothstein, Kass & Company, P.C., was engaged by Psyop to audit its financial statements. The law firm of Wilmer Cutler Pickering Hale and Dorr LLP was engaged by Fortissimo to conduct legal due diligence and to prepare the definitive agreements. On July 11, 2007, Houlihan Smith was engaged to provide a fairness opinion regarding the proposed terms of the transaction.

During the period from July 2007 to January 2008, following the signing of the term sheet with Psyop, our attorneys prepared a draft of the merger agreement and drafts of the other transaction documentation. There were many meetings and discussions between executive officers of Fortissimo and Psyop regarding the transaction documentation, a number of which included their respective counsel, to negotiate further details of the proposed business combination and to evaluate the various growth opportunities for Psyop. Drafts were submitted to Psyop and its shareholders, their attorneys and representatives and were revised several times through the course of the negotiations, which took place in person and by email and teleconference. We held several teleconferences with our directors to update them on the progress of the negotiations. Fortissimo and its counsel also conducted extensive due diligence of Psyop during this period.

In September 2007, Eran Witkon, an independent consultant in Israel, was hired by Psyop to evaluate its information technology and to design a plan to develop tools and software technologies in a research and development facility to be located in Israel. Mr. Witkon is an experienced software designer and architect and has developed a blueprint of Psyop's information technology needs and his ability to develop them. Members of Fortissimo's management had met Mr. Witkon while he served as an R&D manager of Radview Software Ltd. (RadView), a portfolio company of Fortissimo Capital Fund LP, a private equity fund managed by the managers of Fortissimo. Psyop engaged Mr. Witkon as a consultant after his employment at RadView was terminated.

On September 11, 2007, Fortissimo held a formal meeting of its board of directors to further discuss the proposed business combination with Psyop. Also participating via teleconference were Andrew Smith, Karl D Cunha, David Weiss and Brian Weber of Houlihan Smith. Prior to the meeting, copies of the most recent drafts of the significant transaction documents were delivered to the directors in connection with their consideration of the proposed business combination, including the merger agreement, the form of lock-up agreement and the form of employment agreement for senior executives. Representatives of Houlihan Smith made a presentation regarding the fairness of the consideration to be paid in the merger. Representatives of

Houlihan Smith advised the board that it was the opinion of Houlihan Smith that the consideration to be paid in the merger was fair to Fortissimo shareholders from a financial point of view and that the fair market value of Psyop was at least 80% of Fortissimo's net assets at the time of the acquisition. Representatives of Houlihan Smith detailed for Fortissimo's board the analysis performed by Houlihan Smith and made a presentation concerning how Houlihan Smith arrived at its opinion. Representatives of Houlihan Smith discussed at length with Fortissimo's board the different analyses used to determine whether or not the merger consideration to be paid by Fortissimo was fair from a financial point of view to its stockholders, as well as to determine the fair market value of Psyop. After considerable review and discussion, the merger agreement and related documents were unanimously approved, subject to any final negotiations and modifications and the board recommended the approval of the merger agreement.

During the negotiations between the parties, management of Psyop wanted to increase the non-contingent portion of the purchase price of the Company from \$30.0 million to \$34.0 million, due to management's feeling that the performance of the Company warranted an increase in the proposed purchase price. In the board meeting on September 11, 2007, Fortissimo's board agreed to such an adjustment. Later, during further negotiations of the merger agreement, Psyop's management agreed to return to the original understanding and agreed to a valuation of \$29.4 million (which was calculated as \$30.0 million less \$600,000 that was reserved for the issuance of shares of common stock to the non-management employees of the Company). Psyop's management agreed to this reduction after understanding that investors would be seeking an attractive deal, irrespective of the positive performance of the Company, and further understanding that if Psyop achieved the Revenue and EBITDA targets, the stockholders of Psyop would receive the contingent consideration payments. The milestone targets and contingent consideration was finalized during this period as well.

The ultimate consideration paid to Psyop was determined based upon what Fortissimo's board of directors believed to be fair consideration after evaluating several valuation mechanisms, including comparable companies and discounted cash flow analysis. To ensure that the interests of Psyop shareholders and Fortissimo's stockholders are aligned, Fortissimo's board wanted a majority of the consideration to be payable in stock and was able to structure the transaction so that approximately 2/3 of the consideration is payable in equity. Based on the proposed cash needs of Psyop, the board determined that the existing nine shareholders of Psyop could receive up to an aggregate of approximately \$10 million in cash.

The revenue and EBITDA targets were derived from projections that were prepared together with Psyop. These projections take into account organic growth of the Psyop business that will be possible after the business combination, in particular due to the opening of new offices and increased staffing.

Psyop shareholders may be granted additional shares and cash payments upon the achievement of certain milestones. The amount of such bonus payments were derived based upon what the board felt was adequate consideration to compensate Psyop shareholders/management for their hard work and future success of Fortissimo.

An additional board meeting was held on December 20, 2007, at which time the board reviewed revised drafts of the transaction documents and an updated opinion from Houlihan Smith and unanimously approved the proposed merger, subject to any final negotiations and modifications.

Between December 20, 2007 and January 15, 2008, the parties finalized all of the remaining issues relating to the merger. The merger agreement was signed on January 15, 2008. On the same date, Fortissimo issued a press release and filed a Current Report of Form 8-K announcing the execution of the merger agreement and discussing the terms of the merger agreement.

During the period from April 8, 2008 to April 30, 2008, there were discussions between the executive officers of Fortissimo and Psyop regarding the re-negotiation of the terms of consideration to be paid in the merger in order to maintain the attractiveness of the merger and related transactions to Fortissimo's investors and stockholders. The parties reached agreement on changes to the amount of consideration to be paid in the merger and other related issues. The total consideration remains \$30 million, although only \$24 million will be paid at closing and the remainder will be paid in 2008 and 2009 upon the achievement of 100% of the EBITDA targets for those years. Changes were also made to the minimum percentage thresholds for revenues and EBITDA for the achievement of the contingent consideration payments for 2008, 2009 and 2010.

The amendment to the merger agreement was signed on May 12, 2008. On May 13, 2008, Fortissimo filed a Current Report on Form 8-K announcing the execution of the amendment to the merger agreement and discussing the terms of the amendment to the merger agreement.

Experience of Fortissimo's Board of Directors

Our executive officers and members of our board of directors are very experienced in business and financial matters and we believe that they are capable of applying sophisticated judgment to financial projections and other financial information, as well as to management capabilities and other business factors. Biographical information about our directors, who have extensive experience in the media and advertising arena as well as finance, operations and investment experience, is included in *Directors and Executive Officers of Fortissimo Following the Merger*. Our executive officers and directors thus provide the extensive financial analysis, technical and due diligence investigation skills of the types necessary to evaluate Psyop's business and the industry in which it operates.

Factors Considered by Fortissimo's Board of Directors

Our board of directors has concluded that it is advisable and in the best interests of Fortissimo's stockholders to acquire Psyop. On an overall basis, the following factors were critical to our decisions at our board of directors meetings held on September 11, 2007 and December 20, 2007 that were called to consider and act upon the approval of the merger

agreement and the transactions contemplated thereby:

Psyop is a leader in its market and has created several award winning commercials for Fortune 100 companies. As the number of advertisements increase, brands are seeking to differentiate their message and make it more captivating and entertaining. The board anticipates that demand for Psyop's services will increase as the market for their offering grows. In addition, Psyop is able to expand its activities to other media which utilize digital content, such as internet, cinema and mobile phones.

Psyop has recently been awarded large contracts overseas and would benefit from expanding its operations geographically. The board also believes that as a public company it will be better able to retain and recruit top talent, especially since it operates in a fragmented market without any other direct competitors that are publicly traded.

The quality of management and premier clients. During the course of the negotiations and investigations by Fortissimo, our board met with key members of Psyop's management team and reviewed their prior employment histories. The senior management of Psyop has extensive experience and expertise in creating and producing 3D animation, visual effects and digital content for the advertising industry. In addition, they have strong relationship with leading advertising agencies and corporate brands on behalf of whom they have successfully created and produced projects and campaigns.

The effect on Fortissimo's stock price. Fortissimo's directors believe that attention to stock price is fundamental to governance of the company. Based on the factors discussed above, including Psyop's projected revenue and return on invested capital and a comparison of Psyop's financial metrics and purchase price for Psyop to the financial metrics and stock price of public companies deemed comparable at the time of the board meeting and Fortissimo management's confidence in Psyop's management's ability to achieve its projections, it concluded that, if the Psyop business plan continued to be executed in the manner presented by Psyop (which they believed at the time of the board meeting was reasonable to expect), Fortissimo's board believes that the value being received is favorable.

Some of the challenges that Psyop will face, and that were potential negative factors for Fortissimo's board, include retaining its employees and incurring significant additional costs as it expands. With respect to the first challenge, as a public company Fortissimo's board believes that by providing employees with stock options it will be able to better retain and recruit top talent. In addition, in the past Psyop has been able to retain its employees by providing them with challenging work on cutting edge projects. With respect to the increased costs, the board determined that growth generally costs money and it is prepared to increase capital expenditures in the short term in order to implement a solid long term sustainable growth plan.

The Fortissimo board of directors also considered the matters addressed in *Risk Factors*.

46

TABLE OF CONTENTS

Fortissimo's board of directors also considered the overall consideration payable to Psyop shareholders/management, including all contingent and additional consideration and believes that if Psyop performs as anticipated and achieves the milestones set forth in the merger agreement, payment of the contingent and additional consideration are justified.

Based on the foregoing, our board of directors concluded that the merger agreement with Psyop is in the best interests of Fortissimo's stockholders. As discussed, it also obtained a fairness opinion that came to the same conclusion prior to approving the merger agreement. In light of the complexity of the various factors, the board did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors. It should also be noted that individual members of the Fortissimo board may have given different weight to different factors.

Satisfaction of 80% Test

It is a requirement under Fortissimo's certificate of incorporation that any business acquired by Fortissimo have a fair market value equal to at least 80% of Fortissimo's net assets at the time of acquisition, including funds in the trust account. Based on the financial analysis of Houlihan Smith used to approve the transaction, the Fortissimo board of directors determined that this requirement was met. The factors reviewed by Fortissimo's board of directors in determining that the fair market value of Psyop's business exceeded 80% of Fortissimo's net assets included the following:

The application of financial analyses commonly used in the investing community, including a discounted cash flow analysis based on Psyop's historical and projected results, and public equity trading multiples of comparable publicly-traded companies.

Using comparable company analysis, the Fortissimo board of directors evaluated Psyop in light of its experience with market capitalizations of comparable publicly-traded companies.

Using precedent merger and acquisition transaction analysis, the Fortissimo board of directors analyzed certain relevant transactions in the industry during the past several years.

Psyop's business progress to date, including recent bookings for new client engagements.

Psyop's current competitive position, including the size of current and potential markets it is targeting, the creative strength of its products as compared to competitive products, the market acceptance achieved to date by Psyop compared to its competitors, and the barriers to further competitive entry established by the intellectual property and market positions held by Psyop relative to its competitors.

Fortissimo estimates that its net assets at the closing of the merger will be approximately \$26.0 million, after deduction of the costs of the merger and assuming that no Fortissimo stockholders vote against the merger and seek conversion of their Fortissimo shares into cash, of which 80% is \$20.8 million. On the basis of its review of the foregoing factors, the Fortissimo board of directors believed that it was reasonable to conclude that the acquisition of Psyop satisfies the 80% test, as all the analyses it used indicated a value of Psyop in excess of \$30 million. In support of its conclusion, the board of directors of Fortissimo also relied on the opinion of Houlihan Smith. Houlihan Smith used three independent methods in concluding that the value of Psyop meets the 80% requirement. These included a discounted cash flow analysis, a comparable company analysis and a comparable transaction analysis, all of which are discussed in detail below under the section [Fairness Opinion](#).

The Fortissimo board of directors believes that all of the valuation methods it used, and those used by Houlihan Smith, were reasonable and customary. Fortissimo stockholders are cautioned to consider the assumptions used the various valuation methodologies, including the financial projections for Psyop. See [Risk Factors](#) for a discussion of the risks and uncertainties involved in the various methodologies used to value Psyop.

Interests of Fortissimo's Directors and Officers in the Merger

When you consider the recommendation of Fortissimo's board of directors in favor of approval of the merger proposal, you should keep in mind that Fortissimo's executive officers and members of Fortissimo's

47

TABLE OF CONTENTS

board have interests in the merger transaction that are different from, or in addition to, your interests as a stockholder. These interests include, among other things:

If the merger is not approved, Fortissimo will liquidate. In such event, the 1,333,334 shares of common stock held by

the Fortissimo Insider Stockholders, including Fortissimo's officers and directors and their affiliates and other persons, that were acquired prior to or concurrently with the IPO will be worthless because the Fortissimo Insider Stockholders are not entitled to receive any liquidation proceeds with respect to such shares. Such shares had an aggregate market value of \$ based on the last sale price of \$ on the OTC Bulletin Board on , 2008, the record date. The Fortissimo Insider Stockholders paid \$25,000 for 1,000,000 shares (the Original Shares) and \$2,000,004 for the 333,334 units of Fortissimo securities (the Insider Units) that include the 333,334 shares included in the Insider Units (the Insider Unit Shares).

In addition, the 666,668 warrants included in the Insider Units will become worthless if the merger is not consummated. These warrants had an aggregate market value of \$ based upon the last sale price of \$ on the OTC Bulletin Board on , 2008, the record date.

If we are unable to complete a business combination and are forced to liquidate, our directors (Yuval Cohen, Eli Blatt, Marc Lesnick, Shmoulik Barashi and Yochai Hacoheh) will be jointly and severally liable under certain circumstances (for example, if a vendor does not waive any rights or claims to the trust account) to ensure that the proceeds in the trust account are not reduced by the claims of certain prospective target businesses and vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us. However, we cannot assure you that they will be able to satisfy those obligations if they are required to do so.

Vote of Fortissimo Insider Stockholders

As of , 2008, the Fortissimo Insider Stockholders beneficially owned and are entitled to vote the Original Shares, which were issued to them prior to Fortissimo's IPO. In addition, FCF owns the Insider Units that it acquired concurrently with the consummation of the IPO, each Insider Unit consisting of one share of common stock and two warrants, each entitling the holder to purchase one share of common stock. The total of the Original Shares and the Insider Unit Shares constitutes approximately 22.7% of the outstanding shares of our common stock. In connection with Fortissimo's IPO, the holders of Original Shares and the Insider Units entered into agreements with EarlyBirdCapital, Inc. (EarlyBirdCapital), the underwriter of the IPO, pursuant to which each Fortissimo Insider Stockholder agreed to vote his or its Original Shares and Insider Unit Shares on the merger proposal in accordance with the majority of the votes cast by the holders of Public Shares. The Fortissimo Insider Stockholders have also indicated that they intend to vote their Original Shares and Insider Unit Shares in favor of all other proposals being presented at the meeting. The Original Shares and the Insider Unit Shares have no liquidation rights and will be worthless if no business combination is effected by Fortissimo. In connection with the IPO, the Fortissimo Insider Stockholders entered into lock-up agreements with EarlyBirdCapital restricting the sale of their Original Shares until the earlier of October 11, 2009 or the consummation of a liquidation, merger, stock exchange or other similar transaction which results in all of Fortissimo's stockholders having the right to exchange their shares of common stock for cash, securities or other property subsequent to Fortissimo consummating a business combination. FCF has also agreed not sell the Insider Units or the underlying securities until after Fortissimo has completed a business combination.

No Fortissimo Insider Stockholder has purchased any shares of Fortissimo common stock in the open market and, to the knowledge of Fortissimo's management, none of them has any present intention to do so.

At any time prior to the annual meeting, during a period when they are not then aware of any material nonpublic information regarding Fortissimo or its securities, the Fortissimo Insider Stockholders, and/or their affiliates, may enter into a written plan to purchase Fortissimo securities pursuant to Rule 10b5-1 of the Securities Exchange Act of 1934, and may engage in other public market purchases, as well as private purchases, of securities at any time prior to the annual meeting of stockholders.

At any time prior to the annual meeting, during a period when they are not then aware of any material nonpublic information regarding Fortissimo or its securities, Fortissimo, the Fortissimo Insider Stockholders,

TABLE OF CONTENTS

Psyop or Psyop's stockholders and/or their respective affiliates may purchase shares from institutional and other investors, or execute agreements to purchase such shares from them in the future, or enter into transactions with such persons and others to provide them with incentives to acquire shares of Fortissimo's common stock or vote their shares in favor of the merger proposal. Certain of these transactions could be structured in a manner that would provide for settlement subsequent to the consummation of the merger using proceeds from the trust account or shares issued to the Psyop stockholders in the merger. While the exact nature of any such incentives has not been determined as of the date of this proxy statement, they might include, without limitation, arrangements to protect such investors or holders against potential loss in value of their shares, including the granting of put options, the transfer to such investors or holders of shares or warrants owned by the Fortissimo Insider Stockholders for nominal value and the grant to such investors and holders of rights to nominate directors of Fortissimo.

Entering into any such arrangements may have a depressive effect on the price of Fortissimo's common stock. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he owns, either prior to or immediately after the special meeting.

If such transactions are effected, the consequence could be to cause the merger to be approved in circumstances where such approval could not otherwise be obtained. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the merger proposal and other proposals and would likely increase the chances that such proposals would be approved. Moreover, any such purchases may make it less likely that the holders of 20% or more of the Public Shares will vote against the acquisition proposal and exercise their conversion shares.

As of the date of this proxy statement, there have been no such discussions and no agreements to such effect have been entered into with any such investor or holder. Fortissimo will file a Current Report on Form 8-K to disclose arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the merger and charter amendment proposals or the conversion threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

Establishment of Earn-Out Targets

In July 2007, Fortissimo and Psyop prepared certain projections of Psyop's future performance based on several factors, including past performance, organic growth through hiring additional employees and opening additional offices, and the overall growth of the market and demand for Psyop's services. Based on these projections, Fortissimo established the milestones upon the achievement of which the Psyop shareholders would receive a performance bonus. Psyop's management believes that the earn-out targets are realistically achievable and upon attaining such revenue and EBITDA targets the value of the combined company will be increased and accordingly they will be awarded a stock and cash based bonus as more fully described in this Proxy Statement in the section entitled *The Merger Proposal - Merger Consideration*.

While these earn-out figures were prepared in good faith by Fortissimo's and Psyop's management, no assurance can be given regarding future events. Therefore, such financial projections cannot be considered a reliable predictor of future operating results, and this information should not be relied on as such. In light of the foregoing, and considering that the Fortissimo stockholder meeting will be held approximately six months after the date the earn-out figures were prepared, as well as the uncertainties inherent in any financial projections, stockholders are cautioned to keep these facts in mind and to understand that the information contained in this proxy statement under the heading *Forward-Looking Statements* apply particularly to these figures.

The estimates and assumptions underlying the earn-out targets involve judgments with respect to, among other things, future economic, competitive, regulatory and financial market conditions and the ability of Fortissimo to achieve the projected incremental revenue and operational improvements after the merger. In any event, these estimates and assumptions may not be realized and are inherently subject to significant business, economic, competitive and regulatory uncertainties, all of which are difficult to predict and many of which are beyond the control of Fortissimo after the merger. Accordingly, there can be no assurance that the projected results would be realized or that actual results would not differ materially from those presented as earn-out

49

targets. The inclusion of these figures should not be interpreted as an indication that Fortissimo (or Psyop) considers this information to be a reliable prediction of future results, and this information should not be relied on for that purpose.

Fairness Opinion

Houlihan Smith delivered a presentation to our board of directors on September 11, 2007 and subsequently delivered its written opinion to our board of directors, which stated that, as of December 10, 2007, and based upon and subject to the assumptions made, matters considered, and limitations on its review as set forth in the opinion, (i) the purchase price is fair, from a financial point of view, to our stockholders, and (ii) the fair market value of Psyop is at least equal to 80% of Fortissimo's net assets at the time of the merger. The amount of the purchase price was determined pursuant to negotiations between us and Psyop and not pursuant to recommendations of Houlihan Smith. The full text of the written opinion of Houlihan Smith is attached as Annex F and is incorporated by reference into this proxy statement. Houlihan Smith delivered a bring down letter to Fortissimo on December 20, 2007, reaffirming as of December 20, 2007, all of the statements made in its written opinion. The bring down letter is attached as Annex G-1 and is incorporated by reference into this proxy statement.

As noted above, the non-contingent portion of the purchase price of Psyop was \$34.0 million at the time Houlihan Smith delivered their presentation to our board of directors and fairness opinion on September 11, 2007 and was subsequently reduced to \$29.4 million at the time Houlihan Smith delivered their presentation to our board of directors and bring-down fairness opinion on December 10, 2007. In addition, there were changes made between September 11, 2007 and December 10, 2007 to the revenue and EBITDA thresholds, as well as to the contingent consideration dollar amounts for 2008, 2009 and 2010. With the exception of these changes to the amount of the non-contingent portion of the purchase price and these changes to the contingent consideration payments, the other parameters of the transaction were identical on September 11, 2007 and on December 10, 2007 and thus did not affect Houlihan Smith's fairness opinion.

Houlihan Smith delivered a second bring-down letter to Fortissimo on April 25, 2008, reaffirming as of that date all of the statements made in its written opinion. The second bring-down letter is attached as Annex G-2 and is incorporated by reference into this proxy statement. As noted above, the non-contingent portion of the purchase price of Psyop was reduced following the initial filing of this proxy statement from \$29.4 million to \$23.4 million. In addition, an additional \$6.0 million was added to the contingent consideration and the minimum percentages required in order for the revenue and EBITDA contingent payments to be made were modified. With the exception of these changes and the elimination of the proposed year-end 2007 dividend payment to the Psyop stockholders, the other parameters of the transaction were identical on September 11, 2007 and on April 25, 2008 and thus did not affect Houlihan Smith's fairness opinion.

You are urged to read the Houlihan Smith opinion and bring-down letters carefully and in their entirety for a description of the assumptions made, matters considered, procedures followed and limitations on the review undertaken by Houlihan Smith in rendering its opinion. Houlihan Smith has consented to the incorporation by reference of its opinion and the bring-down letters in this proxy statement. The summary of the Houlihan Smith opinion and bring-down letters set forth in this proxy statement is qualified in its entirety by reference to the full text of the opinion and the bring-down letters. Houlihan Smith has no responsibility for updating or revising its opinion based on circumstances or events occurring after the date of the rendering of the bring-down letter.

In accordance with its engagement agreements, Houlihan Smith's opinions are addressed solely to our board for its use in connection with its review and evaluation of the acquisition. It is, therefore, Houlihan Smith's view that its duties in connection with its fairness opinions extend solely to Fortissimo's board of directors and that it has no legal responsibilities in respect thereof to any other person or entity (including a Fortissimo stockholder) under the law of the State of Illinois, the laws which have been selected by Houlihan Smith and Fortissimo as governing the engagement letters. Houlihan Smith has consistently taken this view with respect to all of its fairness opinions, which Fortissimo believes is a generally accepted practice of issuers of such opinions. Fortissimo acceded to Houlihan Smith's position because it was made a condition to its engagement of Houlihan Smith. Houlihan Smith would likely assert the substance of this view and the disclaimer described above as a defense to claims and allegations, if any, that might hypothetically be brought

50

TABLE OF CONTENTS

or asserted against it by any persons or entities other than Fortissimo's board of directors with respect to the aforementioned opinion and the financial analyses thereunder. However, because no court has definitely ruled to date on the availability of this defense to a financial advisor who furnished to its client for its exclusive use of a fairness opinion, this issue necessarily would have to be judicially resolved on the merits in a final and non-appealable judgment of a court of competent jurisdiction. Furthermore, there can be no assurances that such a court would apply the laws of the State of Illinois to the analyses and ultimate resolution of this issue if it were to be properly briefed by the relevant litigants and presented to the court. In all cases, the hypothetical assertion or availability of such a defense would have absolutely no effect on Houlihan Smith's rights and responsibilities under U.S. federal securities laws, or the rights and responsibilities of Fortissimo's board of directors under applicable state law or under U.S. federal securities laws.

The Houlihan Smith opinion is for the use and benefit of our board of directors in connection with its consideration of the transaction and is not intended to be and does not constitute a recommendation to you as to how you should vote or proceed with respect to the transaction. Houlihan Smith was not requested to opine as to, and its opinion does not in any manner address, the relative merits of the transaction as compared to any alternative business strategy that might exist for us, our underlying business decision to proceed with or effect the transaction, and other alternatives to the transaction that might exist for us. Houlihan Smith does not express any opinion as to the future performance of us or Psyop or the price at which either our securities might trade at any time in the future. Fortissimo did not provide any specific instructions or limitations to Houlihan Smith regarding the fairness opinion.

In arriving at its opinion, Houlihan Smith took into account an assessment of general economic, market and financial conditions, as well as its experience in connection with similar transactions and securities valuations generally. In so doing, among other things, Houlihan Smith:

- reviewed the financial terms and conditions of the Merger Agreement;
- analyzed certain unaudited financial statements and historical business information relating to Psyop;
- reviewed publicly available financial information and other data with respect to Fortissimo, including the Annual Report on Form 10-KSB for the year ended December 31, 2006, the Quarterly Reports on Form 10-QSB for the three

months ended March 31, 2007, the six months ended June 30, 2007, the nine months ended September 30, 2007, and the Form 8-K filed March 21, 2007;

reviewed certain internal financial information and other data relating to the business and financial prospects of Psyop, including financial forecasts and estimates prepared by the management of Psyop;

conducted an on-site visit and held discussions with the senior management of Psyop regarding, among other items, the historic and current situation of Psyop, the future prospects of Psyop, and a potential Employee Stock Ownership Plan;

held discussions with the senior management of Fortissimo regarding, among other items, the process by which the Company conducted its search for a target acquisition, the number of targets contacted by the Company, the Company's decision to form a business combination with Psyop, and the management of the Company's outlook for the future prospects of Psyop;

reviewed financial and operating information with respect to certain publicly-traded companies in the digital animation, graphic arts, advertising, and technology consulting industries, which we believe to be generally comparable to the business of the Company;

reviewed the financial terms of certain recent business combinations in the digital animation, graphic arts, advertising, and technology consulting industries specifically and in other industries generally; and

performed other financial studies, analyses and investigations, and considered such other information, as we deemed necessary or appropriate.

In arriving at its opinion, Houlihan Smith relied upon and assumed the accuracy and completeness of all of the financial and other information that was used without assuming any responsibility for any independent

51

TABLE OF CONTENTS

verification of any such information. Further, Houlihan Smith relied upon the assurances of both our management and Psyop management that they were not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial information and projections utilized, Houlihan Smith assumed that such information has been reasonably prepared on a basis reflecting the best currently available estimates and judgments, and that such information provides a reasonable basis upon which it could make an analysis and form an opinion. The projections were solely used in connection with the rendering of Houlihan Smith's fairness opinion. Investors should not place undue reliance upon such projections, as they are not necessarily an indication of what our revenues and profit margins will be in the future. The projections were prepared by Psyop management and are not to be interpreted as projections of future performance (or guidance) by our management. Houlihan Smith did not evaluate the solvency or fair value of Psyop under any foreign, state or federal laws relating to bankruptcy, insolvency or similar matters. Houlihan Smith did not make a physical inspection of the properties and facilities of Psyop and did not make or obtain any evaluations or appraisals of Psyop's assets and liabilities (contingent or otherwise). In addition, Houlihan Smith did not attempt to confirm whether Psyop had good title to its assets.

Houlihan Smith assumed that the transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable foreign, federal and state statutes, rules and regulations. Houlihan Smith assumed that the transaction will be consummated substantially in accordance with the terms set forth in the stock merger agreement, without any further amendments thereto, and that any amendments, revisions or waivers thereto will not be detrimental to our stockholders.

Houlihan Smith's analysis and opinion are necessarily based upon market, economic and other conditions, as they existed on, and could be evaluated as of, December 10, 2007. Accordingly, although subsequent developments may affect its opinion, Houlihan Smith has not assumed any obligation to update, review or reaffirm its opinion.

In connection with rendering its opinion, Houlihan Smith performed certain financial, comparative and other analyses as summarized below. Each of the analyses conducted by Houlihan Smith was carried out to provide a different perspective on the transaction, and to enhance the total mix of information available. Houlihan Smith did not form a conclusion as to whether any individual analysis, considered in isolation, supported or failed to support an opinion as to the fairness, from a financial point of view, of the purchase price to our stockholders. Further, the summary of Houlihan Smith's analyses described below is not a complete description of the analyses underlying Houlihan Smith's opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Houlihan Smith made qualitative judgments as to the relevance of each analysis and factors that it considered. In addition, Houlihan Smith may have given various analyses more or less weight than other analyses, and may have deemed various assumptions more or less probable than other assumptions, so that the range of valuations resulting from any particular analysis described above should not be taken to be Houlihan Smith's view of the value of Psyop's assets. The estimates contained in Houlihan Smith's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. In addition, analyses relating to the value of businesses or assets neither purports to be appraisals nor do they necessarily reflect the prices at which businesses or assets may actually be sold. Accordingly, Houlihan Smith's analyses and estimates are inherently subject to substantial uncertainty. Houlihan Smith believes that its analyses must be considered as a whole and that selecting portions of its analyses or the factors it considered, without considering all analyses and factors collectively, could create an incomplete and misleading view of the process underlying the analyses performed by Houlihan Smith in connection with the preparation of its opinion.

The analyses performed were prepared solely as part of Houlihan Smith's analysis of the fairness, from a financial point of view, of the purchase price to our stockholders, and were provided to our board of directors in connection with the delivery of Houlihan Smith's opinion. The opinion of Houlihan Smith was just one of the many factors taken into account by our board of directors in making its determination to approve the transaction, including those described elsewhere in this proxy statement.

52

TABLE OF CONTENTS

As described in more detail below, Houlihan Smith conducted three different types of financial analyses commonly used in the investing community: a guideline public company analysis; a comparable transaction analysis; and a discounted cash flow analysis.

Houlihan Smith determined that the valuations derived from EBITDA and Revenue multiples of the guideline companies would provide the most meaningful indications of value. However, given Psyop's unique operating structure and target niche market, there was a lack of reasonable and justifiable similarity, and therefore Houlihan Smith placed less weight on this approach when performing its analysis. The range of enterprise values using the guideline public company analysis was \$41.0 million to \$54.7 million.

Houlihan Smith found seven comparable transactions within the graphic design, digital animation, marketing, and technology consulting industries that had limited comparability. However, given Psyop's unique operating structure and target niche market, there was a lack of reasonable and justifiable similarity, and therefore Houlihan Smith placed less weight on this approach when performing its analysis. The range of enterprise values using the comparable transaction analysis was \$33.3 million to \$39.9 million.

Houlihan Smith was provided with financial projections prepared by Psyop's management which it used in its discounted cash flow analysis. Houlihan Smith performed a discounted cash flow analysis and concluded a discounted

cash flow method range of enterprise values of \$36.3 million to \$49.9 million.

Houlihan Smith analyzed the value of the merger consideration as part of its review of the transaction and its analysis of the fairness of the transaction. Specifically, Houlihan Smith did consider the payments made upon achievement of revenue and EBITDA milestones and the exercise or redemption of warrants. Houlihan Smith determined that the estimated value of the total merger consideration will be within the range of approximately \$30.0 million to \$53.8 million.

Discounted Cash Flow Method

A discounted cash flow analysis estimates value based upon a company's projected future free cash flow discounted at a rate reflecting risks inherent in its business and capital structure. Unlevered free cash flow represents the amount of cash generated and available for principal, interest and dividend payments after providing for ongoing business operations.

Houlihan Smith was provided with financial projections prepared by Psyop's management which it used in its discounted cash flow analysis. Houlihan Smith used the financial projections to determine the enterprise net cash flows of Psyop over the projected eight-year period. Houlihan Smith used the enterprise net cash flows to calculate a fair market enterprise value applying the discounted cash flow method.

For purposes of Houlihan Smith's analyses, EBITDA means earnings before interest, taxes, depreciation and amortization, as adjusted for add-backs for owner's compensation, management fees and one-time charges.

Guideline Public Company Method

The Guideline Public Company Method applies the trading multiples of publicly traded companies to the subject company to derive an indication of value. The analyst searches for guideline companies in industries similar to the subject company with operating structures and target customers as similar to the subject company as possible.

Houlihan Smith searched the universe of publicly traded companies on public exchanges and found ten companies that met its criteria for guideline companies. These companies are in industries similar to Psyop with operating structures and target customers as similar to those of Psyop as possible. The ten companies included in Houlihan Smith's guideline public company analysis were: Asatsu-DK Inc.; Color Chips Animation Ltd.; Colorland Animation Ltd.; CRA International Inc.; Crest Animation Studios Ltd.; DreamWorks Animation SKG Inc.; Fortress International Group, Inc.; Interpublic Group of Companies Inc.; Stantec Inc.; and Willdan Group, Inc.

Houlihan Smith performed a size, growth, leverage, profitability, turnover ratio and liquidity (SGLPTL) analysis to compare the guideline companies to Psyop. Houlihan Smith determined that Psyop

53

TABLE OF CONTENTS

was smaller in size, had more growth over the latest twelve-month period than, was similarly levered as, was more profitable in terms of EBITDA margin than, and was slightly more liquid than the median of the guideline companies.

Comparable Transaction Method

The comparable transactions method is a market approach which analyzes transactions involving target companies operating in industries similar to Psyop. While it is known that no two companies are exactly alike, nor are any two

transactions structured exactly the same, consideration is given to the similarity in capital structure, operations, size and profitability, as well as other operating characteristics of the target companies.

The comparable transactions used in this analysis are those involving acquisitions of Devon Group Inc. in 1998; Alloy, Inc. in 2000; Cunningham Graphics International, Inc. in 2000; Young & Rubicam, Inc. in 2000; AmeriCAM in 2004; Pixar in 2006; and Mainframe Entertainment, Inc. in 2006. Houlihan Smith selected these seven transactions within the graphic design, digital animation, marketing, and technology consulting industries. However, these transactions had limited comparability to the Psyop transaction. Differences between Psyop and the companies were assessed on the basis of operations, capital structure, size and profitability, as well as other operating characteristics.

Houlihan Smith applied the median Enterprise Value to EBITDA and revenue multiples of the comparable transactions to Psyop's EBITDA and revenue over the latest twelve-month period ended June 30, 2007 to conclude an enterprise value based upon the comparable transactions method.

80% Test

Our initial business combination must be with a target business whose fair market value is at least equal to 80% of Fortissimo's net assets at the time of such acquisition. Houlihan Smith reviewed the balance in our trust account as of September 30, 2007 and compared that to Psyop's indicated range of enterprise value. Houlihan Smith noted that the fair market value of Psyop exceeds 80% of Fortissimo's net assets.

Based on the information and analyses set forth above, Houlihan Smith delivered its written opinion to our board of directors, which stated that, as of December 10, 2007, based upon and subject to the assumptions made, matters considered, and limitations on its review as set forth in the opinion, (i) the purchase price is fair, from a financial point of view, to our stockholders, and (ii) the fair market value of Psyop is at least equal to 80% of Fortissimo's net assets at the time of the merger.

Engagement of Houlihan Smith

Houlihan Smith is an investment banking firm that, as part of its investment banking business, regularly is engaged in the evaluation of businesses and their securities in connection with mergers, acquisitions, corporate restructurings, private placements, and for other purposes. We determined to use the services of Houlihan Smith because it is a recognized investment banking firm that has substantial experience in similar matters. Houlihan Smith has received a fee in connection with the preparation and issuance of its opinion and will be reimbursed for its reasonable out-of-pocket expenses, including attorneys' fees. In addition, we have agreed to indemnify Houlihan Smith for certain liabilities that may arise out of the rendering of its opinion. Houlihan Smith does not beneficially own any interest in either us or Psyop and has not provided either company with any other services. Fortissimo paid \$50,000 to Houlihan Smith for their preparation of a fairness opinion and agreed to reimburse out-of-pocket expenses up to \$6,500.

The foregoing discussion of the information and factors considered by the Fortissimo board of directors is not meant to be exhaustive, but includes the material information and factors considered by the Fortissimo board of directors.

Material United States Federal Income Tax Consequences of the Merger

The following section is a general summary of material United States federal income tax consequences of the merger to holders of Fortissimo common stock. This discussion addresses only those Fortissimo stockholders that hold their shares as a capital asset within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the Code), and does not address all the United States federal income tax consequences that may be relevant to particular holders in light of their individual circumstances or to holders that are subject to special rules, such as:

financial institutions;
 investors in pass-through entities;
 tax-exempt organizations;
 dealers in securities or currencies;
 traders in securities that elect to use a mark to market method of accounting; and
 persons that hold Fortissimo common stock as part of a straddle, hedge, constructive sale or conversion transaction.

In addition, this summary applies only to U.S. holders of Fortissimo common stock. As used in this summary, the term U.S. holder includes (i) an individual who is a citizen of the United States or who is a resident of the United States for U.S. federal income tax purposes, (ii) a corporation or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States, any state thereof or the District of Columbia, (iii) a trust if either (a) it is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) it has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person, and (iv) an estate that is subject to U.S. federal income tax on its income regardless of the source of such income.

This summary does not address the tax treatment of persons that hold Fortissimo common stock through a partnership or other pass-through entity. If a partnership or other pass-through entity holds Fortissimo common stock, the tax treatment of a partner in such partnership (or member in such pass-through entity) generally will depend on the status of the partner or member and the activities of the partnership or other pass-through entity. A partner in a partnership (or member in pass-through entity) holding Fortissimo common stock should consult its tax advisor regarding the tax consequences of the merger.

No ruling has been, or will be, sought from the Internal Revenue Service as to the tax consequences of the merger.

General

The Merger will not be a taxable event for Fortissimo or the Fortissimo stockholders for United States federal income tax purposes. Thus, no gain or loss will be recognized in the merger by the U.S. holders of Fortissimo common stock if their conversion rights are not exercised.

A U.S. holder of Fortissimo common stock who exercises conversion rights and effects a termination of the stockholder's interest in Fortissimo (a converting holder) generally will be required to recognize gain or loss upon the

exchange of that converting holder's shares of common stock of Fortissimo for cash. Such gain or loss will be measured by the difference between the amount of cash received and the tax basis of the converting holder's shares of Fortissimo common stock. This gain or loss will be capital gain or loss if such shares were held as a capital asset on the date of the merger and will be a long-term capital gain or loss if the holding period for the share of Fortissimo common stock is more than one year.

Backup Withholding; Information Reporting

Under U.S. federal income tax laws, Fortissimo may be required to report to a converting holder and to the Internal Revenue Service any reportable payments made to such converting holder and backup withholding may apply to such payment unless such holder provides proof of an applicable exemption or a correct taxpayer identification number, and otherwise complies with the applicable requirements of the backup withholding rules. The amounts withheld under the backup withholding rules are not an additional tax and may be refunded, or credited against the holder's U.S. federal income tax liability, provided the required information is furnished.

This discussion is intended to provide only a general summary of the material United States federal income tax consequences of the merger. It does not address tax consequences that may vary with, or are contingent on, your individual circumstances. In addition, the discussion does not address any non-income tax or any foreign, state or local tax consequences of the merger. Accordingly, you are strongly urged to consult with your own tax advisor to determine the particular United States federal, state, local or foreign income or other tax consequences to you of the merger.

Anticipated Accounting Treatment

The merger will be accounted for under the purchase method of accounting as a reverse acquisition in accordance with U.S. generally accepted accounting principles (a capital transaction in substance). Under this method of accounting, Fortissimo will be treated as the acquired company for financial reporting purposes. This determination was primarily based on Psyop comprising the ongoing operations of the combined entity and senior management of the combined company. In accordance with guidance applicable to these circumstances, the merger will be considered to be a capital transaction in substance. Accordingly, for accounting purposes, the merger will be treated as the equivalent of Psyop issuing stock for the net assets of Fortissimo, accompanied by a recapitalization. The net assets of Fortissimo will be stated at fair value, which is considered to approximate historical cost, with no goodwill or other intangible assets recorded. Operations prior to the merger will be those of Psyop.

Regulatory Matters

The merger and the transactions contemplated by the merger agreement are not subject to any federal or state regulatory requirement or approval, including the Hart-Scott-Rodino Antitrust Improvement Act of 1976 (the HSR Act), except for filings with the States of New York and Delaware necessary to effectuate the transactions contemplated by the merger agreement. A Certificate of Merger will be filed with the Department of State of the State of New York as soon as practicable on or after the closing of the merger of Merger Sub into Psyop, and a Certificate of Merger will be filed with the Secretary of State of the State of Delaware and the Department of State of the State of New York as soon as practicable on or after the closing of the merger of Psyop into Fortissimo.

Required Vote

The approval of the merger proposal will require the affirmative vote of the holders of a majority of the Public Shares voted on the proposal at the annual meeting. If the holders of 20% or more of the Public Shares vote against the merger proposal and demand to convert their shares into a pro rata portion of our trust account, or if the capitalization amendment proposal or the charter amendment proposal are not approved by the Fortissimo stockholders, the other proposals will not be presented for approval at the annual meeting.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE APPROVAL OF THE MERGER PROPOSAL.

Conditions to Closing of the Merger

General Conditions

Consummation of the merger and the related transactions is conditioned on the Fortissimo stockholders, at a meeting called for these purposes, approving the merger proposal and also approving the capitalization amendment proposal and the charter amendment proposal. The Fortissimo stockholders will also be asked to (i) approve the incentive compensation plan proposal, (ii) approve the election of directors proposal and (iii) if necessary, approve the adjournment proposal, but the consummation of the merger is not conditioned on the approval of any of such proposals.

In addition, the consummation of the transactions contemplated by the merger agreement is conditioned upon normal closing conditions in a transaction of this nature, including:

approval of the merger proposal by the requisite vote of the holders of Fortissimo's Public Shares; holders of fewer than twenty percent (20%) of the Public Shares outstanding immediately before the consummation of the merger properly exercising their rights to convert their shares into a pro rata share of the trust account in accordance with Fortissimo's second amended and restated certificate of incorporation;

the execution by and delivery to each party of each of the various transaction documents;

the delivery by each party to the other party of a certificate to the effect that the representations and warranties of the delivering party are true and correct in all material respects as of the closing and all covenants contained in the merger agreement have been materially complied with by the delivering party;

the receipt of necessary consents and approvals by third parties and the completion of necessary proceedings. No third-party consents are required for Fortissimo to consummate the merger. The only consent required for Psyop to consummate the merger is that of its New York City landlord, which has been obtained; and

no order, writ, injunction or decree being issued by any governmental authority preventing, restraining or prohibiting, in whole or in part, the consummation of the merger and the other transactions contemplated by the merger agreement.

Fortissimo's Conditions to Closing

The obligations of Fortissimo to consummate the transactions contemplated by the merger agreement, in addition to the conditions described above in the second paragraph of this section, are conditioned upon each of the following, among other things:

there being no material adverse change affecting Psyop that has occurred since the signing of the merger agreement; the employment agreements and other agreements with the Psyop shareholders shall be executed and delivered by Psyop and them;

the Lock-up and Trading Restriction Agreements, the Restricted Stock Agreement and the Escrow Agreement shall have been executed and delivered by the parties thereto; and

receipt by Fortissimo of an opinion of Psyop's counsel in agreed form.

Psyop's counsel will opine as to (i) the due organization, valid existence and good standing of Psyop and Blacklist, (ii) the power and authority of Psyop and Blacklist to conduct its business, execute and deliver the merger agreement and to consummate the transactions contemplated thereunder, (iii) the capitalization of

60

Psyop and Blacklist, (iv) the due authorization and enforceability of the execution and delivery of the merger agreement and consummation of the transactions contemplated thereunder by Psyop and Blacklist, (v) no conflicts as to the execution and delivery of the merger agreement and the consummation of the transactions contemplated thereunder by Psyop and Blacklist, (vi) no threatened or pending litigation and (vii) no required approval or consent of any United States federal or New York state court, board or governmental agency, instrumentality or authority for the consummation of the transactions contemplated by the merger agreement.

Psyop's Conditions to Closing

The obligations of Psyop to consummate the transactions contemplated by the merger agreement also are conditioned upon, among other things:

there being no material adverse change affecting Fortissimo that has occurred since the signing of the merger agreement;

Fortissimo shall have caused funds remaining in the trust account to be dispersed to Fortissimo; and receipt by Psyop of an opinion of Fortissimo's counsel in agreed form.

Fortissimo's counsel will opine as to (i) the due organization, valid existence and good standing of Fortissimo and Merger Sub, (ii) the power and authority of Fortissimo and Merger Sub to conduct its business, execute and deliver the merger agreement and to consummate the transactions contemplated thereunder, (iii) the capitalization of Fortissimo, (iv) the due authorization and enforceability of the execution and delivery of the merger agreement and the consummation of the transactions contemplated thereunder by Fortissimo and Merger Sub, (v) no conflicts as to the execution and delivery of the merger agreement and the consummation of the transactions contemplated thereunder by Fortissimo and Merger Sub and (vi) no required approval or consent of any United States federal or New York state court, board or governmental agency, instrumentality or authority for the consummation of the transactions contemplated by the merger agreement.

If permitted under applicable law, either Psyop or Fortissimo may waive any inaccuracies in the representations and warranties made to such party contained in the merger agreement and waive compliance with any agreements or conditions for the benefit of itself or such party contained in the merger agreement. The condition requiring that the holders of fewer than 20% of the Public Shares affirmatively vote against the merger proposal and demand conversion of their shares into cash may not be waived. We cannot assure you that all of the conditions will be satisfied or waived.

Termination

The merger agreement may be terminated at any time, but not later than the closing as follows:

By mutual written consent of Fortissimo and Psyop;

By either Fortissimo or Psyop if the merger is not consummated on or before October 11, 2008, provided that such termination is not available to a party whose failure to act has been a cause of or resulted in the failure of the merger to be consummated before such date;

By either Fortissimo or Psyop if a governmental entity shall have issued an order, decree or ruling or taken any other action, in any case having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, which order, decree, judgment, ruling or other action is final and nonappealable; and

By either Fortissimo or by Psyop or the Psyop shareholders if the other party has breached any of its covenants or representations and warranties and has not cured its breach within twenty days of the notice of an intent to terminate, provided that the terminating party is itself not in breach; and

By either Fortissimo or Psyop if, at the Fortissimo stockholder meeting, the merger agreement shall fail to be approved by the affirmative vote of the holders of a majority of the Public Shares voted at the annual meeting or the holders of 20% or more of the Public Shares exercise conversion rights.

61

TABLE OF CONTENTS

Effect of Termination

In the event of proper termination by either Fortissimo or Psyop, the merger agreement will become void and have no effect, without any liability or obligation on the part of Fortissimo or Psyop, except that if the merger agreement is terminated by a party because of a breach by the other party, the terminating party will be entitled to a payment of \$2,000,000 from the breaching party within one business day after such termination, as liquidated damages and not as a penalty and in lieu of any other right or remedy that the terminating party may have against the other parties to the merger agreement.

Fees and Expenses

Except as described above with respect to the payment of liquidated damages, all fees and expenses incurred in connection with the merger agreement and the transactions contemplated thereby will be paid by the party incurring such expenses; provided, however, if the merger is consummated, Fortissimo will pay the expenses incurred by Psyop.

As of December 31, 2007, Fortissimo had accounts payable and accrued liabilities of approximately \$369,000, excluding deferred trust interest income and deferred underwriting compensation. It estimates that it will incur additional expenses of approximately \$500,000 that would be required to be paid if the merger is not consummated. Of such total of approximately \$500,000, vendors and service providers to whom \$100,000 is or would be owed have waived their rights to make claims for payment from amounts in the trust account. Any of Fortissimo's accounts payable and accrued liabilities that are outstanding upon the consummation of the merger will be paid by the combined company following the merger.

Confidentiality; Access to Information

Fortissimo and Psyop will afford to the other party and its financial advisors, accountants, counsel and other representatives prior to the completion of the merger reasonable access during normal business hours, upon reasonable notice, to all of their respective properties, books, records and personnel to obtain all information concerning the business, including the status of product development efforts, properties, results of operations and personnel, as each party may reasonably request. Fortissimo and Psyop will maintain in confidence any non-public information received from the other party, and use such non-public information only for purposes of consummating the transactions contemplated by the merger agreement.

Amendments

The merger agreement may be amended by the parties thereto at any time by execution of an instrument in writing signed on behalf of each of the parties.

Extension; Waiver

At any time prior to the closing, any party to the merger agreement may, in writing, to the extent legally allowed:

extend the time for the performance of any of the obligations or other acts of the other parties to the agreement; waive any inaccuracies in the representations and warranties made to such party contained in the merger agreement or in any document delivered pursuant to the merger agreement; and waive compliance with any of the agreements or conditions for the benefit of such party contained in the merger agreement, except that the condition requiring that the holders of fewer than 20% of the Public Shares affirmatively vote against the merger proposal and demand conversion of their shares into cash may not be waived.

THE CAPITALIZATION AMENDMENT PROPOSAL

Assuming the merger proposal is approved by Fortissimo's stockholders, we are proposing to amend Article Fourth of our second amended and restated certificate of incorporation to (i) increase the number of authorized shares of our capital stock from 22,000,000 to 51,000,000 and (ii) increase the number of authorized shares of our common stock from 21,000,000 to 50,000,000, effective upon consummation of the merger. As a result of the issuance of shares of common stock in the merger as described below and the adoption of the 2008 stock incentive plan, as described in the incentive plan proposal, we will require additional shares of common stock to be reserved in our certificate of incorporation. Accordingly, this proposal to amend our second amended and restated certificate of incorporation is conditioned upon and subject to the approval of the merger proposal.

In the judgment of our board of directors, the increase in our capitalization is desirable and in our stockholders' best interests. As of January 31, 2008, there are 5,868,334 shares of our common stock outstanding and we will be issuing an additional 3,337,941 (based on a price of \$5.77 per share) shares of common stock upon consummation of the merger as well as up to 1,588,677 shares of common stock as contingent consideration (based on a price of \$5.77 per share) and up to 1,733,102 shares of common stock as additional consideration (based on a price of \$5.77 per share) pursuant to the merger agreement. We have also reserved 10,936,668 shares of common stock issuable upon exercise of warrants and a unit purchase option issued in our IPO. We will also need to reserve 865,390 shares of common stock in connection with our incentive compensation plan proposal discussed below. We will need to use a portion of the newly available authorized shares of common stock in order to issue such shares pursuant to the merger and to reserve such shares in connection with the incentive compensation plan. The authorization of additional shares of common stock will also enable us to have the flexibility to authorize the issuance of shares of common stock in the future for financing our business, for acquiring other businesses, for forming strategic partnerships and alliances and for stock dividends and stock splits. We currently have no such plans, proposals, or arrangements, written or otherwise, to issue any of the additional authorized shares of common stock for such purposes.

Effect of the Authorized Share Proposal on Existing Stockholders

Advantages. Prior to voting, each stockholder should consider the fact that the capitalization amendment proposal is a prerequisite to the issuance of shares of common stock which will be used to complete the merger of Psyop described in the merger proposal. Each stockholder should consider the fact that if we do not complete the merger and related share issuances, Fortissimo will continue as a blank check company until the trust is liquidated and Fortissimo ceases to operate as a public blank check company.

Disadvantages. The capitalization amendment proposal, in conjunction with the merger proposal, will result in a dilutive effect on our current stockholders. Our current stockholders' aggregate percentage ownership will decline as a result of the issuance of our common stock in the merger. The number of shares issued in connection with the merger will increase the number of shares of common stock currently outstanding. This means that our current stockholders will own a smaller interest in us as a result of the additional share issuances.

All shares of common stock issued in connection with the merger will be entitled to registration rights. Consequently, if these shares are registered, the shares may be freely transferable without restriction under the Securities Act, absent other securities law restrictions. Such free transferability could materially and adversely affect the market price of our common stock if a sufficient number of such shares are sold in the market.

Required Vote

The approval of the capitalization amendment proposal will require the affirmative vote of the holders of a majority of the outstanding shares of Fortissimo common stock on the record date.

Recommendation of Fortissimo's Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE APPROVAL OF THE CAPITALIZATION AMENDMENT PROPOSAL.

THE CHARTER AMENDMENT PROPOSAL

Assuming the merger proposal is approved by Fortissimo's stockholders, we are proposing to (i) change our corporate name from Fortissimo Acquisition Corp. to Psyop, Inc., (ii) amend Article Sixth of our second amended and restated certificate of incorporation to change the term of our corporate existence to perpetual from one that now is scheduled to end on October 11, 2008, (iii) remove the preamble and sections A through D, inclusive, of Article Seventh of our second amended and restated certificate of incorporation and redesignate section E of Article Seventh as Article Seventh and (iv) add Article Eleventh to our second amended and restated certificate of incorporation to prohibit stockholders from acting by written consent, all effective upon consummation of the merger. This proposal to amend our second amended and restated certificate of incorporation is conditioned upon and subject to the approval of the merger proposal.

In the judgment of our board of directors, the charter amendment proposal is desirable as it will be necessary to extend the term of our corporate existence to allow us to continue in business as a valid corporation after October 11, 2008.

Making such existence perpetual will conform to the standard used by the overwhelming proportion of other corporations. Also, sections A through D of Article Seventh relate to the operation of Fortissimo as a blank check company prior to the consummation of a business combination and will not be applicable upon consummation of the merger. Article Eleventh is being added to bring our third amended and restated certificate of incorporation following

the closing of the merger in line with a similar provision in the charters of most other publicly-traded companies.

In the judgment of our board of directors, the change of our corporate name is desirable to reflect our merger with Psyop. The Psyop name is a recognized name in the animation and mixed media advertising production industry.

Stockholders will not be required to exchange outstanding stock certificates for new stock certificates if the amendment is adopted.

Required Vote

The approval of the charter amendment proposal will require the affirmative vote of the holders of a majority of the outstanding shares of Fortissimo common stock on the record date.

THE INCENTIVE COMPENSATION PLAN PROPOSAL

On , 2008, Fortissimo's board of directors adopted, subject to stockholder approval, the 2008 stock incentive plan. If the plan is approved by the stockholders, up to 865,390 shares of common stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the 2008 stock incentive plan.

Fortissimo's board of directors believes that the future success of Fortissimo depends, in large part, upon the ability of Fortissimo to maintain a competitive position in attracting, retaining and motivating key personnel.

Description of the 2008 Stock Incentive Plan

The following is a brief summary of the 2008 stock incentive plan, a copy of which is attached to this proxy statement as Annex D.

Types of Awards

The 2008 stock incentive plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Code, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units and other stock-based awards as described below (collectively, awards).

Incentive Stock Options and Non-statutory Stock Options. Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options must be granted at an exercise price that is at least equal to the fair market value of the common stock on the date of grant. Under present law, incentive stock options and options intended to qualify as performance-based compensation under Section 162(m) of the Code may not be granted at an exercise price less than 100% of the fair market value of the common stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the voting

power of Fortissimo). Options may not be granted for a term in excess of ten years. The 2008 stock incentive plan permits the following forms of payment of the exercise price of options: (i) payment by cash, check or in connection with a cashless exercise through a broker, (ii) subject to certain conditions, delivery to Fortissimo of shares of common stock, (iii) subject to certain conditions, delivery to Fortissimo of a promissory note, (iv) any other lawful means, or (v) any combination of these forms of payment.

Stock Appreciation Rights. A Stock Appreciation Right, or SAR, is an award entitling the holder, upon exercise, to receive an amount in common stock or cash or a combination thereof determined by reference to appreciation, from and after the date of grant, in the fair market value of a share of common stock. SARs may be granted independently or in tandem with an option.

Restricted Stock Awards. Restricted stock awards entitle recipients to acquire shares of common stock, subject to the right of Fortissimo to repurchase all or part of such shares from the recipient in the event that the conditions specified in the applicable award are not satisfied prior to the end of the applicable restriction period established for such award.

Restricted Stock Unit Awards. Restricted stock unit awards entitle the recipient to receive shares of common stock to be delivered at the time such shares vest pursuant to the terms and conditions established by Fortissimo's board of directors.

Other Stock-Based Awards. Under the 2008 stock incentive plan, Fortissimo's board of directors has the right to grant other awards based upon the common stock having such terms and conditions as Fortissimo's board of directors may determine, including the grant of shares based upon certain conditions, the grant of awards that are valued in whole or in part by reference to, or otherwise based on, shares of common stock, and the grant of awards entitling recipients to receive shares of common stock to be delivered in the future.

Performance Conditions. Fortissimo's board of directors may determine, at the time of grant, that a restricted stock award, restricted stock unit award or other stock-based award granted to a recipient will vest solely upon the achievement of specified performance criteria. With respect to awards that are intended to qualify as performance based compensation under Section 162(m) of the Code, the performance criteria for

65

TABLE OF CONTENTS

each such award will be based on one or more of the following measures: net income, earnings before or after discontinued operations, interest, taxes, depreciation and/or amortization, operating profit before or after discontinued operations and/or taxes, sales, sales growth, earnings growth, cash flow or cash position, gross margins, stock price, market share, return on sales, assets, equity or investment, improvement of financial ratings, achievement of balance sheet or income statement objectives or total stockholder return. These performance measures may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated. Such performance goals may be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the writedown of any asset, and (v) charges for restructuring and rationalization programs. Such performance goals: (i) may vary by recipient and may be different for different awards; (ii) may be particular to a recipient or the department, branch, line of business, subsidiary or other unit in which the recipient works and may cover such period as may be specified by Fortissimo's board of directors; and (iii) will be set by Fortissimo's board of directors within the time period prescribed by, and will otherwise comply with the requirements of, Section 162(m). Awards that are intended to qualify as performance-based compensation under Section 162(m) may be based on these or other performance criteria.

Fortissimo believes that disclosure of any further details concerning the performance measures for any particular year may be confidential commercial or business information, the disclosure of which would adversely affect Fortissimo.

Transferability of Awards

Except as Fortissimo's board of directors may otherwise determine or provide in an award agreement, awards may not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an incentive stock option, pursuant to a qualified domestic relations order. During the life of the recipient, awards are exercisable only by the recipient.

Eligibility to Receive Awards

Employees, officers, directors, consultants and advisors of Fortissimo and its subsidiaries are eligible to be granted awards under the 2008 stock incentive plan. Under present law, however, incentive stock options may only be granted to employees of Fortissimo and its subsidiaries. As of _____, 2008, all of Psyop's employees (approximately ____ persons), as well as the seven persons who will serve as directors after the merger (including Allon Bloch, who has served as an advisor to Fortissimo), will be eligible to receive awards under the plan. Other than Mr. Bloch, no one presently serves as an advisor or consultant to either Fortissimo or Psyop but people who serve in such capacities in the future will be eligible for awards under the plan. In addition to future awards under the plan, upon consummation of the merger, all employees of Psyop who were employed on January 15, 2008, the date of the public announcement of the signing of the merger agreement, and who continue to be employed on the date of the closing of the merger, will be awarded options to purchase an aggregate of _____ shares of common stock under the plan.

The maximum number of shares with respect to which awards may be granted to any participant under the 2008 stock incentive plan is _____ shares per calendar year. For purposes of this limit, the combination of an option in tandem with a SAR is treated as a single award. The maximum number of shares with respect to which awards other than options and SARs may be granted is _____ % of the total number of authorized shares under the plan. In addition, the maximum number of shares with respect to which awards may be granted to directors who are not employees of Fortissimo at the time of grant is _____ % of the total number of authorized shares under the plan.

Plan Benefits

The granting of awards under the 2008 stock incentive plan is discretionary, and Fortissimo cannot now determine the number or type of awards to be granted in the future to any particular person or group.

On _____, 2008, the last reported sale price of Fortissimo common stock on the OTC Bulletin Board was \$ _____.

Administration

The 2008 stock incentive plan is administered by Fortissimo's board of directors. Fortissimo's board of directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2008 stock incentive plan and to interpret the provisions of the 2008 stock incentive plan and any award agreements entered into under the plan. Pursuant to the terms of the 2008 stock incentive plan, Fortissimo's board of directors may delegate

authority under the 2008 stock incentive plan to one or more committees or subcommittees of our board of directors.

Fortissimo's board of directors will form a compensation committee shortly after the merger and authorize it to administer certain aspects of the 2008 stock incentive plan, including the granting of options to executive officers, and has authorized certain officers of Fortissimo to grant options to employees or officers, but in no case executive officers, subject to limitations set by the board of directors and/or compensation committee.

Subject to any applicable limitations contained in the 2008 stock incentive plan, Fortissimo's board of directors or any committee to whom our board of directors delegates authority, as the case may be, selects the recipients of awards and determines (i) the number of shares of common stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options, (iii) the duration of options (which may not exceed 10 years), and (iv) the number of shares of common stock subject to any SAR, restricted stock award, restricted stock unit award or other stock-based awards and the terms and conditions of such awards, including conditions for repurchase, issue price and repurchase price.

Fortissimo's board of directors is required to make appropriate adjustments in connection with the 2008 stock incentive plan and any outstanding awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The 2008 stock incentive plan also contains provisions addressing the consequences of any reorganization event, which is defined as (i) any merger or consolidation of Fortissimo with or into another entity as a result of which all of the common stock of Fortissimo is converted into or exchanged for the right to receive cash, securities or other property, or is cancelled or (b) any exchange of all of the common stock of Fortissimo for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of Fortissimo. In connection with a reorganization event, Fortissimo's board of directors may take any one or more of the following actions as to all or any outstanding awards (other than restricted stock and restricted stock unit awards): (i) provide that awards will be assumed, or substantially equivalent awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice, provide that all unexercised options or other unexercised awards will become exercisable in full and will terminate immediately prior to the consummation of such reorganization event unless exercised within a specified period following the date of such notice, (iii) provide that outstanding awards will become exercisable, realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part prior to or upon such reorganization event, (iv) in the event of a reorganization event under the terms of which holders of common stock will receive upon consummation thereof a cash payment for each share surrendered in the reorganization event (the acquisition price), make or provide for a cash payment to an award holder equal to (A) the acquisition price times the number of shares of common stock subject to the holder's awards (to the extent the exercise price does not exceed the acquisition price) minus (B) the aggregate exercise price of all the holder's outstanding awards, in exchange for the termination of such awards, (v) provide that, in connection with a liquidation or dissolution of Fortissimo, awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof) and (vi) any combination of the foregoing.

Upon a reorganization event other than a liquidation or dissolution of Fortissimo, Fortissimo's repurchase and other rights with respect to restricted stock awards will inure to the benefit of Fortissimo's successor. Upon a liquidation or dissolution of Fortissimo, except to the extent provided to the contrary in an award agreement or other agreement between Fortissimo and the recipient, all restrictions and conditions on all restricted stock awards then outstanding will automatically be deemed terminated or satisfied.

Fortissimo's board of directors may at any time provide that any award will become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

If any award expires or is terminated, surrendered, canceled or forfeited, the unused shares of common stock covered by such award will again be available for grant under the 2008 stock incentive plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

Substitute Options

In connection with a merger or consolidation of an entity with Fortissimo or the acquisition by Fortissimo of property or stock of an entity, Fortissimo's board of directors may grant options in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute options may be granted on such terms as Fortissimo's board of directors deems appropriate in the circumstances, notwithstanding any limitations on options contained in the 2008 stock incentive plan. Substitute options will not count against the 2008 stock incentive plan's overall share limit, except as may be required by the Code.

Provisions for Foreign Participants

Fortissimo's board of directors may modify awards granted to participants who are foreign nationals or employed outside the United States or establish subplans or procedures under the 2008 stock incentive plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

Amendment or Termination

No award may be made under the 2008 stock incentive plan after _____, 2018 but awards previously granted may extend beyond that date. Fortissimo's board of directors may at any time amend, suspend or terminate the 2008 stock incentive plan; provided that, to the extent determined by Fortissimo's board of directors, no amendment requiring stockholder approval under any applicable legal, regulatory or listing requirement will become effective until such stockholder approval is obtained. No award will be made that is conditioned upon stockholder approval of any amendment to the 2008 stock incentive plan.

If stockholders do not approve the adoption of the 2008 stock incentive plan, the 2008 stock incentive plan will not go into effect, and Fortissimo will not grant any awards under the 2008 stock incentive plan. In such event, Fortissimo's board of directors will consider whether to adopt alternative arrangements based on its assessment of the needs of Fortissimo.

U.S. Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to awards granted under the 2008 stock incentive plan. This summary is based on the federal tax laws in effect as of the date of this proxy statement. In addition, this summary assumes that all awards are exempt from, or comply with, the rules under Section 409A of the Code regarding nonqualified deferred compensation. The plan provides that no award will provide for deferral of compensation that does not comply with Section 409A of the Code, unless Fortissimo's board of directors, at the time of grant, specifically provides that the award is not intended to comply with Section 409A. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by

Fortissimo or its corporate parent or 50%-or- more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under Non-statutory Stock Options. The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be long-term capital gain. If a participant

68

TABLE OF CONTENTS

sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (meaning sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Non-statutory Stock Options

A participant will not have income upon the grant of a non-statutory stock option. A participant will have compensation income upon the exercise of a non-statutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Stock Appreciation Rights

A participant will not have income upon the grant of a stock appreciation right. A participant generally will recognize compensation income upon the exercise of an SAR equal to the amount of the cash and the fair market value of any stock received. Upon the sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the SAR was exercised. This capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Restricted Stock Awards

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price, if any. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make an 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Restricted Stock Units

A participant will not have income upon the grant of a restricted stock unit. A participant is not permitted to make a Section 83(b) election with respect to a restricted stock unit award. When the restricted stock unit vests, the participant will have income on the vesting date in an amount equal to the fair market value of the stock on the vesting date less the purchase price, if any. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Other Stock-Based Awards

The tax consequences associated with any other stock-based award granted under the 2008 stock incentive plan will vary depending on the specific terms of such award. Among the relevant factors are whether or not the award has a readily ascertainable fair market value, whether or not the award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the award and the participant's holding period and tax basis for the award or underlying common stock.

Tax Consequences to Fortissimo

There will be no tax consequences to Fortissimo except that Fortissimo will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

THE DIRECTOR ELECTION PROPOSAL

Election of Directors

Fortissimo's board of directors is divided into three classes, each of which serves for a term of three years, with only one class of directors being elected in each year. Assuming the merger proposal is approved by Fortissimo's

stockholders, Fortissimo stockholders will be asked to elect the following persons who have been nominated to serve as a director of Fortissimo:

Class A to stand for reelection in 2009: and ;

Class B to stand for reelection in 2010: and ; and

Class C to stand for reelection in 2011: , and .

For information regarding these persons, please see *Directors and Executive Officers of Fortissimo Following the Merger*. If the merger proposal is not approved, the director election proposal will not be submitted to the stockholders for a vote and Fortissimo's current directors will continue in office until Fortissimo is liquidated.

Required Vote

The election of directors requires a plurality vote of the shares of common stock present in person or represented by proxy and entitled to vote thereon at the annual meeting. Plurality means that the individuals who receive the largest number of votes cast FOR are elected as directors. Consequently, any shares not voted FOR a particular nominee (whether as a result of abstentions, a direction to withhold authority or a broker non-vote) will not be counted in the nominee's favor.

Unless authority is withheld, the proxies solicited by the board of directors will be voted FOR the election of these nominees. In case any of the nominees becomes unavailable for election to the board of directors, an event that is not anticipated, the persons named as proxies, or their substitutes, will have full discretion and authority to vote or refrain from voting for any other candidate in accordance with their judgment.

Recommendation of Fortissimo's Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE DIRECTOR NOMINEES AS SET FORTH IN THE DIRECTOR ELECTION PROPOSAL.

71

TABLE OF CONTENTS

THE ADJOURNMENT PROPOSAL

An adjournment proposal, if presented by Fortissimo's board of directors, would allow the annual meeting to be adjourned to a later date or dates, if necessary, to permit further solicitation of proxies in the event, based on the tabulated votes, there are not sufficient votes at the time of the annual meeting to approve the consummation of the merger. In no event will Fortissimo solicit proxies to adjourn the annual meeting or consummate the merger beyond the date by which it may properly do so under its second amended and restated certificate of incorporation and Delaware law.

In addition to an adjournment of the annual meeting upon approval of an adjournment proposal, the board of directors of Fortissimo is empowered under Delaware law to adjourn or otherwise reschedule the meeting at any time prior the meeting being called to order. In such event, Fortissimo will issue a press release and take such other steps as it believes are necessary and practical in the circumstances to inform its stockholders of the adjournment or rescheduling.

Consequences if Adjournment Proposal is not Approved

If an adjournment proposal is presented to the meeting and is not approved by the stockholders, Fortissimo's board of directors may not be able to adjourn the annual meeting to a later date in the event, based on the tabulated votes, there are not sufficient votes at the time of the annual meeting to approve the consummation of the merger. In such event, the merger would not be completed and, unless Fortissimo were able to consummate a business combination with another party no later than October 11, 2008, it would be required to liquidate.

Required Vote

The approval of the adjournment proposal requires the affirmative vote of a majority of the shares of Fortissimo's common stock represented in person or by proxy at the meeting. Approval of the adjournment proposal is not conditioned upon the approval of any of the other proposals.

Recommendation of Fortissimo's Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE APPROVAL OF AN ADJOURNMENT PROPOSAL, IF PRESENTED.

OTHER INFORMATION RELATED TO FORTISSIMO

Business of Fortissimo

Fortissimo was formed on December 27, 2005, to serve as a vehicle for a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business that has operations or facilities located in Israel, or that is a company operating outside Israel which management believes would benefit from establishing operations or facilities in Israel. Prior to executing the merger agreement with Psyop, Fortissimo's efforts were limited to organizational activities, completion of its IPO and the evaluation of possible business combinations.

Offering Proceeds Held in Trust

On October 17, 2006, Fortissimo closed its initial public offering of 4,000,000 units with each unit consisting of one share of its common stock and two warrants, each to purchase one share of its common stock at an exercise price of \$5.00 per share. On October 25, 2006, it consummated the closing of an additional 535,000 units that were subject to the over-allotment option. The units from the initial public offering (including the over-allotment option) were sold at an offering price of \$6.00 per unit, generating total gross proceeds of \$27,210,000. After deducting the underwriting discounts and commissions payable at the closing of the initial public offering and the offering expenses, the total net proceeds to Fortissimo from the offering (including the over-allotment option) were approximately \$26,633,686, of which \$26,257,650 was deposited into the trust account and the remaining proceeds plus the underwriter's deferred compensation, for a total of \$728,386 became available to be used to provide for business, legal and accounting due diligence on prospective business combinations and continuing general and administrative expenses. Concurrently with the closing of the initial public offering, Fortissimo also sold 333,334 similar units to one of its initial stockholders for total proceeds of \$2,000,004, all of which was also placed in the trust account. Through December

31, 2007, Fortissimo has used all of the net proceeds that were not deposited into the trust account to pay general and administrative expenses. The net proceeds deposited into the trust account remain on deposit in the trust account earning interest. The trust account will not be released until the earlier of the consummation of a business combination or the liquidation of Fortissimo. As of , 2008, the record date, there was approximately \$ held in the trust account. If the merger with Psyop is consummated, the trust account will be released to Fortissimo for use by Psyop, less the amounts paid to holders of Public Shares who vote against the merger and elect to convert their shares of common stock into their pro-rata share of the trust account and expenses of Fortissimo not paid from non-trust account funds.

The holders of Public Shares will be entitled to receive funds from the trust account only in the event of Fortissimo's liquidation or if the stockholders seek to convert their respective shares into cash and the merger is actually completed. In no other circumstances shall a stockholder have any right or interest of any kind to or in the trust account.

73

TABLE OF CONTENTS

Use of Net Proceeds Not Held in Trust

Fortissimo has incurred the following expenses through December 31, 2007, as compared to estimates of such expenses contained in the use of proceeds disclosure in the registration statement for its IPO on Form S-1:

Type of Expense	Actual Through December 31, 2007	Per S-1
Payment of administrative fee to Fortissimo Capital Management, Ltd. (\$7,500 per month)	\$ 110,026	\$180,000
Due diligence of prospective target businesses by officers, directors and existing stockholders	\$ 69,219	\$100,000
Legal, accounting and other third-party expenses attendant to the due diligence investigations, structuring and negotiation of a business combination	\$ 531,676	\$200,000
Legal and accounting fees relating to SEC reporting obligations	\$ 67,645	\$100,000
Working capital to cover miscellaneous expenses, D&O insurance, taxes, general corporate purposes, dissolution obligations and reserves	\$ 134,734	\$200,004
Total	\$ 913,299	\$780,004

Actual cash paid through December 31, 2007 totaled \$718,000. FCF has agreed to provide a loan to Fortissimo to fund any cash deficiency through the closing of the proposed business combination.

Fair Market Value of Target Business

Pursuant to the underwriting agreement for Fortissimo's IPO, the initial target business that Fortissimo acquires must have a fair market value equal to at least 80% of Fortissimo's net assets at the time of such acquisition. Fortissimo's board of directors determined that this test was met in connection with its acquisition of Psyop. Further, Fortissimo has received an opinion from Houlihan Smith that this test has been met.

Stockholder Approval of Business Combination

Fortissimo will proceed with the merger of Psyop only if the holders of a majority of the Public Shares voted on the merger proposal at the annual meeting vote in favor of the merger proposal. The Fortissimo Insider Stockholders have agreed to vote their common stock issued prior to the IPO on the merger proposal in accordance with the vote of holders of a majority of the Public Shares present in person or represented by proxy and entitled to vote at the annual meeting. If the holders of 20% or more of the Public Shares vote against the merger proposal and properly demand that Fortissimo convert their Public Shares into their pro rata share of the trust account, then Fortissimo will not consummate the merger. In this case, Fortissimo will be forced to liquidate unless it is able to consummate a business combination with another party no later than October 11, 2008.

Liquidation If No Business Combination

Fortissimo's second amended and restated certificate of incorporation provides for mandatory liquidation of Fortissimo if Fortissimo does not consummate a business combination by October 11, 2008. If we have not completed a business combination by such date, our corporate existence will cease except for the purposes of winding up our affairs liquidating, pursuant to Section 278 of the Delaware General Corporation Law. This has the same effect as if our board of directors and stockholders had formally voted to approve our dissolution pursuant to Section 275 of the Delaware General Corporation Law. Accordingly, limiting our corporate existence to a specified date as permitted by Section 102(b)(5) of the Delaware General Corporation Law removes the necessity to comply with the formal procedures set forth in Section 275 (which would have required our board of directors and stockholders to formally vote to approve our dissolution and liquidation and to have filed a certificate of dissolution with the Delaware Secretary of State).

We anticipate notifying the trustee of the trust account to begin liquidating such assets promptly after such date and anticipate it will take no more than 10 business days to effectuate such distribution.

TABLE OF CONTENTS

In connection with its liquidation, Fortissimo will distribute to the holders of its Public Shares, in proportion to their respective amounts of Public Shares, an aggregate sum equal to the amount in the trust account, inclusive of any interest thereon, plus remaining net assets (subject to our obligations under Delaware law to provide for claims of creditors as described below). Fortissimo's stockholders who obtained their Fortissimo stock prior to Fortissimo's IPO have waived their rights to participate in any liquidation distribution with respect to shares of common stock owned by them immediately prior to the IPO. FCF, as holder of the Insider Units, has also waived such rights with respect to the Insider Unit Shares included in the Insider Units. As a consequence of the provisions of Fortissimo's second amended and restated certificate of incorporation and such waivers, a liquidating distribution will be made only with respect to the Public Shares and no liquidating distribution will be made with respect to any other shares of Fortissimo capital stock. There will be no distribution from the trust account with respect to Fortissimo's warrants, which will expire worthless.

Fortissimo expects to have expended all of the net proceeds of the IPO, other than the proceeds deposited in the trust account, in pursuit of its business combination transaction. Accordingly, the per-share liquidation price for the Public Shares as of , 2008, the record date, is approximately \$, or \$ less than the per-unit offering price of \$6.00 in Fortissimo's IPO. The proceeds deposited in the trust account could, however, become subject to the claims of Fortissimo's creditors (which could be prior to the claims of the holders of the Public Shares and could include vendors and service providers Fortissimo has engaged to assist it in connection with its search for a target business and that are

owed money by it, as well as target businesses themselves) and there is no assurance that the actual per-share liquidation price will not be less than \$, due to those claims. If Fortissimo liquidates prior to the consummation of a business combination, our directors have agreed to be personally liable to pay debts and obligations to vendors and other entities that are owed money by Fortissimo for services rendered or products sold to Fortissimo, or to any target business, to the extent such creditors bring claims that would otherwise require payment from moneys in the trust account. There is no assurance, however, that they would be able to satisfy those obligations. Also, as there will be no funds remaining to pay the costs associated with the implementation and completion of our liquidation and distribution, FCF, one of our initial stockholders, has agreed to advance us the funds necessary to pay such costs and complete such liquidation (currently anticipated to be no more than approximately \$50,000) and not to seek repayment for such expenses. However, if FCF is unable to satisfy this obligation, this would reduce the amount held in the trust account. Accordingly, we cannot assure you that the per-share distribution from the trust account, if we liquidate, will not be less than \$, plus interest, due to claims of creditors.

Our public stockholders will be entitled to receive funds from the trust account only in the event of our liquidation or if the stockholders seek to convert their respective shares into cash upon a business combination which the stockholder voted against and which is completed by us. In no other circumstances will a stockholder have any right or interest of any kind to or in the trust account.

Under the Delaware General Corporation Law, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. If the corporation complies with certain procedures set forth in Section 280 of the Delaware General Corporation Law intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. However, as stated above, it is our intention to make liquidating distributions to our stockholders as soon as reasonably possible after October 11, 2008 and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280, Section 281(b) of the Delaware General Corporation Law requires us to adopt a plan that will provide for our payment, based on facts known to us at such time, of (i) all existing claims, (ii) all pending claims and (iii) all claims that may be potentially brought against us within the subsequent 10 years. Accordingly, we would be required to provide for any claims of creditors

75

TABLE OF CONTENTS

known to us at that time or those that we believe could be potentially brought against us within the subsequent 10 years prior to our distributing the funds in the trust account to our public stockholders. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from potential target businesses, from all of whom we've received agreements waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account, or our vendors (such as accountants, lawyers, investment bankers, etc.). As a result, the claims that could be made against us are significantly limited and the likelihood that any claim that would result in any liability extending to the trust is remote. Nevertheless, such agreements may not be enforceable. Accordingly, we cannot assure you that third parties will not seek to recover from our stockholders amounts owed to them by us.

Additionally, if we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. Also, in any such case, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a preferential transfer or a fraudulent conveyance. As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. Furthermore, because we intend to distribute the proceeds held in the trust account to our public stockholders promptly after October 11, 2008, this may be viewed or interpreted as giving preference to our public stockholders over any potential creditors with respect to access to or distributions from our assets. In addition, our board may be viewed as having breached their fiduciary duties to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors and/or complying with certain provisions of the Delaware General Corporation Law with respect to our liquidation. We cannot assure you that claims will not be brought against us for these reasons. To the extent any bankruptcy or other claims deplete the trust account, we cannot assure you we will be able to return to our public stockholders at least \$ per share.

Facilities

Fortissimo Capital Management Ltd (FCM) makes available to us a small amount of office space and certain office and secretarial services, as we may require from time to time. We have agreed to pay FCM \$7,500 per month for these services. Through December 31, 2007, an aggregate of approximately \$110,000 has been incurred for such services. FCM is controlled by Yuval Cohen, our Chairman and Chief Executive Officer. FCM provides management services to and is affiliated with FCF. This arrangement is solely for our benefit and is not intended to provide FCF or Mr. Cohen compensation in lieu of salary. We believe, based on rents and fees for similar services in Israel, that the fee charged by FCM is at least as favorable as we could have obtained from an unaffiliated person. However, as our directors may not be deemed independent, we did not have the benefit of disinterested directors approving this transaction. This arrangement began on October 11, 2006 and will continue until we complete our merger with Psyop or another business combination.

Employees

Fortissimo presently has five executive officers, all of whom are members of its board of directors. These individuals are not obligated to contribute any specific number of hours per week and devote only as much time as they deem necessary to our affairs. Fortissimo does not intend to have any full time employees prior to the consummation of the merger.

Periodic Reporting and Audited Financial Statements

Fortissimo has registered its securities under the Securities Exchange Act of 1934, as amended (the Exchange Act), and has reporting obligations, including the requirement to file annual and quarterly reports with the SEC. In accordance with the requirements of the Exchange Act, Fortissimo s annual reports contain financial statements audited and reported on by Fortissimo s independent accountants. Fortissimo has filed with the SEC its Annual Report on Form 10-KSB covering the fiscal years ended December 31, 2006 and December 31, 2007 and its Quarterly Reports on Form 10-QSB covering the quarters ended March 31, 2007, June 30, 2007 and September 30, 2007.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS FORTISSIMO

The following discussion should be read in conjunction with Fortissimo's financial statements and related notes thereto included elsewhere in this proxy statement. This discussion includes forward looking statements that involve risks, uncertainties and assumptions. Fortissimo's actual results and the timing of events could differ materially from those anticipated in the forward looking statements as a result of many factors, including those discussed under Risk Factors and elsewhere in this proxy statement. See Forward-Looking Statements.

We were incorporated on December 27, 2005 as a blank check company whose objective is to acquire an operating business that has manufacturing operations or research and development facilities located in Israel, or that is a company operating outside Israel which management believes would benefit from establishing operations or facilities in Israel. We intend to utilize cash derived from the proceeds of our recently completed public offering, our capital stock, debt or a combination of cash, capital stock and debt, in effecting a business combination.

We consummated our initial public offering on October 17, 2006. All activity from December 27, 2005 through October 17, 2006 related to our formation and our initial public offering. Since October 17, 2006, we have been searching for prospective target businesses to acquire.

Net income of \$89,329 for the fiscal year ended December 31, 2006 consisted of net financial income of \$223,775 offset by \$89,973 of general and administrative expenses and a tax provision of \$44,473.

Net income of \$65,032 for the fiscal year ended December 31, 2007 consisted of net financial income of \$840,884 offset by \$576,282 of professional fees, and \$244,044 of general and administrative expenses, and a tax benefit of \$44,474.

\$26,257,650 of the net proceeds of our initial public offering (\$27,575,303 including interest) are in trust, with the remaining net proceeds of \$728,386 to pay for business, legal and accounting due diligence on prospective acquisitions and continuing general and administrative expenses. We will use substantially all of the net proceeds of our initial public offering not held in trust to identify and evaluate prospective acquisition candidates, select the target business, and structure, negotiate and consummate the business combination. We intend to utilize our cash, including the funds held in the trust fund, capital stock, debt or a combination of the foregoing to effect a business combination. To the extent that our capital stock or debt securities are used in whole or in part as consideration to effect a business combination, the proceeds held in the trust fund as well as any other available cash will be used to finance the operations of the target business. At December 31, 2007, we had cash outside of the trust fund of \$35,239 and total current liabilities of \$632,580 (not including \$352,350 deferred underwriting fees), leaving us with negative working capital of \$412,905. In the event that we do not have sufficient funds outside the trust fund to operate through October 11, 2008, FCF has agreed to provide us with the requisite funding, assuming that a business combination is not consummated during that time. However, we may need to raise additional funds through a private offering of debt or equity securities if such funds are required to consummate a business combination that is presented to us. We would only consummate such a financing simultaneously with the consummation of a business combination.

Commencing on October 11, 2006 and ending upon the acquisition of a target business, we began incurring a fee from Fortissimo Capital Management Ltd (FCM), an affiliate of FCF, of \$7,500 per month for providing us with office space and certain general and administrative services. In addition, in December 2005 and in January 2006, FCF advanced an aggregate of \$115,000 to us for payment on our behalf of offering expenses. These loans were repaid following our initial public offering from the proceeds of the offering.

In connection with our initial public offering, we issued an option, for \$100, to EarlyBirdCapital to purchase 400,000 units at an exercise price of \$7.50 per unit, with each unit consisting of one share of common stock and two warrants.

The warrants underlying such units are exercisable at \$6.25 per share. We accounted for the fair value of the Underwriter's option, inclusive of the receipt of the \$100 cash payment, as an expense of the public offering resulting in a charge directly to stockholders' equity. The Company estimates that the fair value of the Underwriter's Option is approximately \$1,485,882 (\$3.71 per Unit) using a Black-Scholes option-pricing model. The fair value of the Underwriter's Option is estimated as of the date of grant

77

TABLE OF CONTENTS

using the following assumptions: (1) expected volatility of 77.9%, (2) risk-free interest rate of 4.77% and (3) expected life of 5 years. The expected volatility in the preceding sentence was calculated as an average of the volatilities of publicly-traded companies in the United States, with a market capitalization between \$20 million and \$200 million, which are Israeli or Israeli-related. In calculating volatility for the representative companies, we used daily historical volatilities for the period of time equal to the term of the option (5 years). The Underwriter's Option may be exercised for cash or on a cashless basis, at the holder's option, such that the holder may use the appreciated value of the option (the difference between the exercise prices of the option and the underlying Warrants and the market price of the Units and underlying securities) to exercise the option without the payment of any cash. The Warrants underlying such Units will be exercisable at \$5.00 per share. The Company will have no obligation to net cash settle the exercise of the Underwriter's Option or the Warrants underlying the Underwriter's Option. The holder of the Underwriter's Option will not be entitled to exercise the Underwriter's Option or the Warrants underlying the Underwriter's Option unless a registration statement covering the securities underlying the Underwriter's Option is effective or an exemption from registration is available. If the holder is unable to exercise the Underwriter's Option or underlying Warrants, the Underwriter's Option or Warrants, as applicable, will expire worthless.

In January 2008, we entered into a Merger Agreement with Psyop, a producer of digital content for advertising, specializing in animation and special effects, including combined animation and live action imagery. The merger is expected to be consummated in the summer of 2008, after the required approval by our stockholders and the fulfillment of certain other conditions, set forth in the Merger Agreement. See The Merger Proposal and The Merger Agreement.

We have complied with Section 404 of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley") for the fiscal year ended December 31, 2007. We anticipate an annual cost of approximately \$700,000 to comply with the Sarbanes-Oxley requirements.

Fortissimo has agreed to cover the legal and accounting and related transactional costs of both parties upon the consummation of the merger. We anticipate one-time legal and accounting and related transactional costs of the business combination of approximately \$1 million, of which approximately \$500,000 are anticipated to be transaction costs incurred by Psyop.

Off-Balance Sheet Arrangements

Warrants issued in conjunction with our initial public offering are equity linked derivatives and accordingly represent off-balance sheet arrangements. The warrants meet the scope exception in paragraph 11(a) of Financial Accounting Standards (FAS) 133 and are accordingly not accounted for as derivatives for purposes of FAS 133, but instead are accounted for as equity. See Note 6 to the financial statements for more information.

Subsequent Event

As more fully described under The Merger Proposal and The Merger Agreement, Fortissimo has entered into a merger agreement, which was amended on May [], 2008, pursuant to which its wholly owned subsidiary, Merger Sub, will merge into Psyop, with Psyop being the surviving corporation and becoming a wholly owned subsidiary of Fortissimo. The merger agreement also provides that Fortissimo will purchase all of the outstanding membership interests of Blacklist, whose members are the same persons who are the shareholders of Psyop. As a result of such purchase, Blacklist will become a wholly owned subsidiary of Fortissimo. Within 10 days thereafter, Psyop will merge into Fortissimo, which will change its name to Psyop, Inc. At the closing of the merger, the Psyop shareholders will receive merger consideration of 3,337,941 shares of Fortissimo's common stock and \$4,140,079 in cash. The Psyop shareholders will also be entitled to receive additional payments of shares of Fortissimo common stock and cash based on Psyop's achievement of specified revenue and EBITDA milestones in the years 2008, 2009 and 2010 as further described in The Merger Proposal Merger Consideration and elsewhere in this proxy statement.

Fortissimo's expected cash balance after the merger is expected to be approximately \$20.0 million, assuming no conversion of the Public Shares, and more than \$14.5 million, assuming 19.99% of the Public Shares are converted. These expected balances are after the repayment of all the merged company's liabilities (except current payables and current liabilities to suppliers, totaling approximately \$3.0 million). We expect

78

TABLE OF CONTENTS

that the surviving company in the merger will have cash available to pay the both the \$6.0 million contingent cash payment and the \$13.75 million (two-thirds in stock and one-third in cash) upon the achievement of the maximum earnout, and that such payments will have little to no impact on the company's liquidity. In addition, upon exercise of warrants, only a fraction of the cash infused into the company will be paid as a bonus to Psyop shareholders and accordingly those payments will have little to no impact on the company's liquidity.

However, such individuals and entities will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due

diligence on suitable business combinations. There is no limit on the amount of these out-of-pocket expenses and there will be no review of the reasonableness of the expenses by anyone other than our board of directors, which includes persons who may seek reimbursement, or a court of competent jurisdiction if such reimbursement is challenged. Because our directors may not be deemed independent, we generally do not have the benefit of independent directors examining the propriety of expenses incurred on our behalf and subject to reimbursement.

Employment Agreements

Psyop has entered into employment agreements with each of its shareholders that will become effective upon the closing of the merger, at which time Psyop's obligations under the agreements will become the

TABLE OF CONTENTS

obligations of Fortissimo. Each Psyop shareholder will be employed pursuant to his or her agreement in the same executive capacity as he or she held prior to the merger Mr. Booth-Clibborn as Chief Executive Officer, Mr. Selinger as Vice President of Operations and Finance, Mr. Lane as Executive Producer and the other executives as Creative Directors. Each agreement will be for an employment term of three years, subject to earlier termination in certain circumstances. After the three-year term is concluded, employment will continue on an at will basis and may be terminated by either Fortissimo or the executive at any time. Psyop has also entered into an employment agreement with Thomas Boyle, who has been its Chief Financial Officer since April 24, 2008.

Summary of Terms for Each Executive Officer Other Than Mr. Boyle

Each agreement will provide for compensation consisting of a specified base annual salary, a discretionary annual bonus of up to \$75,000 that will be determined based on milestones that the compensation committee of Fortissimo's board of directors will establish for each fiscal year, 15 paid vacation days per year (or a greater number of days as provided by Fortissimo's vacation policy in effect from time to time), health and dental insurance, participation in Fortissimo's 401(k) and profit sharing plans and short and long term disability insurance. Salaries will be subject to cost-of-living increases for the second and third years of the employment term. The base annual salaries will be \$275,000 for Mr. Booth-Clibborn, \$200,000 for Mr. Selinger and \$225,000 for the other executives (other than Mr. Lane, whose base annual salary has not yet been established).

The employment agreements are subject to termination upon the executive's death or disability (which is defined to be the inability of the executive to perform his or her duties for a period of more than 3 consecutive months or for periods aggregating more than 120 days in any 360 day period as a result of physical or mental illness or disability).

The agreements are also terminable by Fortissimo for cause, which is defined as a good faith finding by Fortissimo's board of directors that the executive (a) failed to perform (other than by reason of physical or mental illness or disability for a period of less than three (3) consecutive months or in aggregate less than 120 days during any 360-day period) his or her assigned duties diligently or effectively or was negligent in the performance of these duties, provided that the executive was given prior written notice of such deficiencies and was granted thirty (30) days to correct any such deficiencies; (b) materially breached the employment agreement in a manner other than as set forth in the previous clause (a), which breach is materially adverse to Fortissimo and has not been cured within thirty (30) days after written notice of such breach has been given to the executive by Fortissimo; (c) breached his or her Proprietary Rights, Non-Disclosure, Developments, Non-Competition, and Non-Solicitation Agreement; (d) committed fraud, theft or embezzlement; (e) committed willful misconduct relating to Fortissimo; (f) engaged in any conduct that is materially harmful to the business, interests or reputation of Fortissimo; or (g) was convicted of, or pleading guilty or nolo contendere to, any felony.

The executive may terminate the agreement for good reason, which is defined as (a) a material breach by Fortissimo of the terms of the employment agreement; (b) a liquidation, bankruptcy or receivership of Fortissimo; (c) the relocation of the executive's place of work such that the distance from the executive's primary residence to his or her place of work is increased by more than fifty (50) miles; (d) any material diminution of the executive's duties and responsibilities. For purposes hereof, an isolated or inadvertent action by Fortissimo that is not taken in bad faith and that is remedied by Fortissimo as soon as practicable after notice thereof is given by the executive shall not be deemed a material diminution of the executive's duties and responsibilities; or (e) the failure of Fortissimo to have a successor assume the obligations under the employment agreement in the event of a Change of Control. Change of Control means (i) any person or entity other than Fortissimo who acquires securities of Fortissimo other than from the executive or his or her affiliates (in one or more transactions) and has 50% or more of the total voting power of all Fortissimo's securities then outstanding; (ii) a sale of all or substantially all of the assets of Fortissimo; or (iii) if Fortissimo's business is substantially operated through its subsidiaries, a sale of all or substantially all of the assets of all of its subsidiaries (taken as a whole). Termination by the executive for good reason can only occur if (i) the executive has given Fortissimo a written notice indicating the existence of a condition giving rise to good reason and Fortissimo has not cured the condition giving rise to good reason within

84

TABLE OF CONTENTS

thirty (30) days after receipt of such notice, and (ii) such notice is given within sixty (60) days after the initial occurrence of the condition giving rise to good reason.

Upon termination by Fortissimo without cause or by the executive for good reason, Fortissimo will be obligated to pay the executive all accrued salary, vacation pay, expense reimbursements and any other sums due to the executive through the date of termination. In addition, the executive shall be entitled to receive the following severance benefits, subject to the executive signing and not revoking a severance and release agreement drafted by and satisfactory to Fortissimo: (i) for a period of six months (three months with respect to Messrs. Lane, Selinger and Staves) following the executive's date of termination, in accordance with Fortissimo's regularly established payroll procedure, Fortissimo will continue to pay to the executive his or her base salary; and (ii) should the executive be eligible for and elect to continue receiving group medical and dental insurance pursuant to the federal COBRA law, 29 U.S.C. §1161 et seq., Fortissimo will, for 12 months (3 months with respect to Messrs. Lane, Selinger and Staves) following the executive's date of termination, pay all premium costs for such continued coverage. Also, the Restrictive Period (as defined in the executive's Proprietary Rights, Non-Disclosure, Developments, Non-Competition and Non-Solicitation Agreement) will be deemed modified such that it is reduced to a six month period (three month period with respect to Messrs. Lane, Selinger and Staves).

Except for a termination by Fortissimo without cause or by the executive for good reason, upon the termination of the executive's employment for any reason before or after the expiration of the three-year employment term, the obligations of Fortissimo to pay the executive's compensation shall immediately cease, and the executive shall be entitled to only the base salary, vacation pay, expense reimbursements and any other sums due to the executive through his or her last day of employment.

Summary of Terms for Mr. Boyle

Psyop is also a party to an employment agreement with Thomas J. Boyle, who became Psyop's chief financial officer on April 24, 2008. Upon conclusion of the merger, Fortissimo will assume this employment agreement and become the employing entity. Mr. Boyle's agreement provides for at will employment and is terminable by either party on 30 days prior written notice.

Mr. Boyle's agreement provides for an annual salary of \$250,000, payable in equal bi-weekly installments. It also provides for an annual bonus targeted at \$75,000, on similar terms to the bonus arrangements with the other executives. Upon completion of the merger, he will also be eligible to receive a one-time \$50,000 cash bonus, which must be repaid if he initiates termination of his employment prior to April 23, 2009. Also, he will be entitled to receive a one-time cash bonus of \$150,000 if at least a majority of Fortissimo's public warrants are exercised prior to their expiration or if Fortissimo redeems the warrants. Mr. Boyle will also be eligible to receive restricted shares pursuant to Fortissimo's incentive compensation plan (if approved by its stockholders at the annual meeting) in an amount equal to 1% of Fortissimo's outstanding shares of common stock that are outstanding immediately after the closing of the merger (which award is anticipated to be for [92,063] shares). One-third of such shares will vest on the first anniversary of the commencement of his employment and the balance will vest in equal monthly shares over the following two years. Mr. Boyle is also entitled to vacation, insurance, 401k plan and other fringe benefits similar to those to which the other executives will be entitled.

If termination of employment is initiated by the employer for any reason or if Mr. Boyle initiates termination for good reason (defined in the same manner as defined in the employment agreements for the other executives), Mr. Boyle will be entitled to severance benefits similar to those that would be provided to the other executives if they were terminated without cause, including continuation of salary for six months (but with COBRA payments continuing for six months rather than twelve). If Mr. Boyle terminates his employment for other than good reason, he will not be entitled to such severance benefits.

Employment Terms Applicable to All Executive Officers

Pursuant to Proprietary Rights, Non-Disclosure, Developments, Non-Competition, and Non-Solicitation Agreements between Fortissimo and each executive that will be in effect following the merger, the executive is obligated to keep confidential all of Fortissimo's proprietary information (as defined in the agreement) and to disclose and assign to Fortissimo all inventions, creations, improvements and other developments relating to

85

TABLE OF CONTENTS

Fortissimo's business that are created by the executive. These agreements also provide that, for twelve months following the termination of an executive's employment for any reason (which period is reduced to six months or three months under the employment agreements if such termination is by Fortissimo without cause or by the executive for good reason), the executive may not work for or have more than a 1% interest in any company that competes with Fortissimo, solicit for employment anyone who was an employee or independent contractor of Fortissimo within the prior six months or solicit clients, customers, accounts or prospective clients, customers or accounts of Fortissimo that were contacted, solicited or served by the executive while the executive was employed by Fortissimo.

Description of Auditor's Services and Fees

Auditor's Services

As previously disclosed in our 8-K filing on January 30, 2008, certain of the partners of Goldstein Golub Kessler (GGK) became partners of McGladrey & Pullen, LLP (M&P). As a result, GGK resigned as auditors of the company effective January 28, 2008 and M&P was appointed as our independent registered public accounting firm in connection with our annual financial statements for the fiscal year ended December 31, 2007.

GGK had a continuing relationship with RSM McGladrey, Inc. (RSM), from which it leased auditing staff who were full-time, permanent employees of RSM and through which its partners provided non-audit services. GGK had no full-time employees, and, therefore, none of the audit services performed were provided by permanent full-time employees of GGK. GGK manages and supervises the audit and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

Audit Fees

The aggregate fees paid to GGK in 2007 primarily for the review of financial statements included in our quarterly reports on Form 10-QSB were approximately \$21,993.

The aggregate fees for professional services rendered by GGK, which includes fees relating to the initial public offering and related audits (including the December 31, 2006 audit), review of financial statements included in our quarterly reports on Form 10-QSB were approximately \$69,450.

McGladrey & Pullen's fees for the audit of our December 31, 2007 financial statements were \$23,000.

Audit-Related Fees

Audit related fees are for assurance and related services including, among others, consultation concerning financial accounting and reporting standards. There were no aggregate fees billed for audit related services rendered by GGK or

M&P.

Tax Fees

Fees paid to RSM for tax compliance, tax planning and tax advice for the fiscal year ended December 31,2006 were \$2,546.

There were no fees paid to M&P in 2007 for tax compliance.

Pre-Approval Policies and Procedures

We currently do not have an audit committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Fortissimo's officers and directors and persons who beneficially own more than 10% of Fortissimo's common stock to file initial reports of ownership of such securities and reports of changes in ownership of such securities with the SEC. Based solely on its review of the copies of such reports furnished to Fortissimo, or representations from certain reporting persons that no other reports were required, Fortissimo believes that the reporting persons complied with all Section 16(a) filing requirements.

(Trademarks shown in this report are the property of the owners thereof.)

Company History

Psyop was founded in April 2000 by five creative individuals who, as a group, were able to provide all of the disciplines needed to create and execute animation projects from start to finish. The initial founders worked as

creative directors, designers, and graphic artists at Viacom (MTV, Nickelodeon), USA Networks, Sci-Fi Channel and Lee Hunt. Their collective areas of expertise include conception, design, direction, 3-D and 2-D animation and all of the associated technologies. All of Psyop's founders are currently fulltime employees of the company.

Since its founding, Psyop has grown organically and, as of December 31, 2007, employed 74 people on its staff at its headquarters in New York City. It also engages a range of freelance personnel as required on a project by project basis. As a result of its growth, Psyop's revenues have increased from approximately \$2 million in 2000 to \$25.3 million in the year ended December 31, 2007.

Over the years, Psyop has won numerous awards and accolades for its creative output. These include:

Psyop was nominated for an Emmy in 2007 for the Coca Cola Happiness Factory spot and was also included in the 2007 Smithsonian Institution's Cooper Hewitt Design Museum's Triennial Review of design at the center of contemporary American culture based on the company's overall work.

Psyop's principal executive offices are located at 124 Rivington Street, New York, New York 10002. Its phone number is 212-533-9055. Psyop maintains a website at www.psyop.tv; however, information in, or that can be accessed through, its website is not to be considered part of this proxy statement.

Psyop's Current Business

Psyop's principal clients are advertising agencies, who engage Psyop to create content, on a project by project basis, on behalf of their own clients. At present, only a small portion of Psyop's business is received directly from the corporate brands. Typically, Psyop executes a contract with an advertising agency or corporate brand that requires payment of half of the fees up front and the remainder upon completion of certain milestones. A typical project will range in size from a few hundred thousand dollars to over a million dollars and would take between two to three months to complete.

Psyop's business is presently run through three business units—Psyop, Mass Market and Blacklist. Below is a brief description of each business unit.

Psyop The Psyop business unit is a design-led, full service production unit for advertising agencies, marketers and content creators. Psyop offers creative development and innovative visual effects combining the expertise of directors, designers and visual effects artists utilizing a collaborative and multidisciplinary approach to deliver the desired result

for its clients. Psyop charges fixed fees for its services.

Mass Market Mass Market specializes in the production of visual effects. Mass Market often works together with Psyop on mixed media projects that include both animation and live action imagery. In addition, Mass Market works as an independent entity with third party agencies, production companies and other content creators. Mass Market charges fixed fees for its services.

Blacklist Blacklist is a representation arm for design-led commercial and content creators through which Psyop outsources projects and receives a percentage of the project cost for lead generation, branding, mentoring and project management.

Psyop's Strengths

Psyop believes that its strengths include:

Solid Reputation: Over the years, Psyop has earned an excellent reputation for its creative ability, innovation, execution and on-time delivery of complex and challenging animation and visual effects projects. Its track record creates demand for its services and has enabled it to leverage its abilities by outsourcing and overseeing certain projects via its Blacklist division.

Talented Team: The unique corporate culture at Psyop breeds a collaborative effort and multidisciplinary approach among its directors, designers and visual effects artists that enables Psyop to deliver superb quality work in a timely manner. Its innovative and creative work facilitates its ability to recruit and retain top talent in the industry.

Strong Relationships with Advertising Agencies: Psyop produces highly successful and creative ad campaigns for renowned global brands and through its work has developed strong relationships with leading advertising agencies and advertisers.

End to End Solution: Psyop developed in-house production processes that enable it to serve as a one-stop-shop, providing a full suite of solutions to the advertising industry. It is able to conduct a project from concept through design and all stages of production.

Psyop believes that the many awards it has won, which include an Emmy nomination for its Happiness Factory spot for Coca Cola, provide objective evidence of its various strengths. The AICP award, which recognizes excellence in 23 categories of commercial film production, with a focus on artistry and technical expertise, has been won by Psyop in the fields of graphics, visual effects and animation. It has twice won the best of year award for its works in the prestigious D&AD Annual and has won the D&AD Yellow Pencil award for creative excellence once. It has also won gold and bronze Andy awards, which honor creativity in advertising and those who create the work. Other awards received by Psyop are listed above.

Psyop's status has also been recognized in the trade magazines in the advertising field. *Creativity* magazine, in its December 17, 2007 issue, stated "Last, but most certainly not least, the year in commercials would not have been as dazzling, or as uplifting without the work of Psyop, whose continued creations for Coca-Cola helped to bring feel-good back to the brand, and frankly, advertising in general." *boards* magazine, in an article entitled "Psyop, Nobody does it Better" in its July 2006 issue, stated that "... the Lower Eastside collective has found a way to branch out in the worlds of motion graphic and animation while still retaining their supremacy. And ... it doesn't look like they're going

to cede the title any time soon. Similarly, the Cooper-Hewitt National Design Museum, part of the Smithsonian Institution, when including work by Psyop in its 2006 National Design Triennial, noted that Surprising results, however, emerge when design takes the lead in an ad campaign or an animated spot, as evidenced by the painterly work of Psyop.

Psyop's Market

Psyop provides animation and visual effects primarily to the television advertising industry. Psyop's core strength in creating highly entertaining, compelling, narrative based advertising is becoming critical as leading marketers are seeking to differentiate their messages and their brands in today's cluttered advertising world. In addition, as advertising skipping technologies such as Tivo become more popular and audiences become more fragmented, the stand-alone 30 second television commercial is becoming less effective in reaching consumers. Advertisers understand that they need to reach out and engage their consumers and that messages need to be more focused and better targeted. Television advertising will be one tool, with its own strengths and weaknesses, with which to reach target audiences. Other media, such as online video, cinema, branded

89

TABLE OF CONTENTS

entertainment and podcasts, are becoming increasingly important and, used effectively with good content, provide a huge opportunity to reach consumers in more effective ways.

Psyop is working closely with advertising agencies and leading brands to facilitate message creation in this evolving market. It is increasingly being called upon earlier in the marketing process as agencies and marketers experiment with and formulate effective branding and communication strategies. For example, following the worldwide success of the Happiness Factory commercial for Coke (which was released in August of 2006), Psyop created a 6 minute branded content piece for the New World of Coke Visitor Center in Atlanta, a 3-1/2 minute short movie for on-line distribution and assets (characters, animations, environments and the like) for a Happiness Factory website and interactive game. The campaign that Psyop created for Fanta is also being rolled out worldwide, not only using the commercials Psyop produced, but also using the assets (characters, designs, environments, etc.) for new spots, on-line sites, point of sale material and other merchandising material.

Although Psyop is pioneering new advertising mediums, management believes that in the near future a majority of its revenues will continue to be derived from television related advertising. Television advertising may be growing at a slower pace than internet advertising, yet it is still a large market and a critical tool through which advertisers seek to relay their message. Television advertising expenditure is expected to continue growing in absolute terms, but its portion of the overall advertising market is expected to decrease, as wider use of other platforms (i.e., the internet) becomes the norm. The amount spent on television advertising in the United States, as mentioned above, is estimated to reach \$60 billion in 2009.

Television advertising expenditures in many markets outside of the United States are expected to increase at even faster rates. These include such emerging markets as Eastern Europe, Russia and Pacific-Asia. Approximately half of Psyop's business in recent periods has been from non-US based advertising agencies, predominately Europe but significantly in China, as well. Psyop intends to invest in growing its non-US business and plans to establish a London operation in late 2008.

Psyop believes its outstanding creative ability will enable it to continue to be a preferred vendor for advertisers as they evolve their consumer initiatives and that Psyop's proven strength in helping to strategize and develop engaging brand messages will enhance the value of Psyop's services in the new advertising landscape.

Clients and Projects

Psyop's direct clients are predominantly advertising agencies. During the years 2006 and 2007, almost all of Psyop's revenues came from this group. Wieden+Kennedy (Amsterdam and Portland) was Psyop's largest client during 2007, providing approximately \$4.3 million of revenues, or 17.1% of Psyop's revenues in that year, and \$2.8 million or 17.9% of revenues in 2006. Major projects for Wieden+Kennedy included multiple projects for Coca-Cola and projects for the National Basketball Association (NBA), Electronic Arts (EA Games) and Partnership for Drug Free America (PDFA).

Psyop's second largest client during the year ending December 31, 2007 was BBDO (New York, Paris and Dublin), which provided revenues of approximately \$4.0 million or 15.9% of total revenues during 2007 and \$2.9 million or 18.6% of revenues during 2006. 2007 projects for this firm were done for Guinness, Bank of America, Aquafina, Mountain Dew, Ebay, General Electric, Pepsi, Sierra Mist, Target, Mercedes-Benz and Campbell's.

JWT (NY, China and Brazil) was Psyop's third largest client during 2007, providing approximately \$3.9 million of revenue or 15.5% of Psyop's revenue. During 2006 Psyop was awarded \$1.1 million of work from JWT which represents about 7.1% of 2006 revenue. In 2007 projects for JWT included HSBC, Caress, L.L.Bean, and Adidas.

Psyop's fourth largest client in 2007 was DDB Worldwide representing \$2.8 million or 11.2% of total revenues. During 2006, Psyop produced \$1.3 million of projects for DDB which represents about 8.8% of 2006 revenue. Most of the revenue from DDB in 2007 was generated from a project produced for Safeway.

90

Other notable clients in 2007 included:

Ogilvy, primarily projects for Fanta
TBWA, projects for Infiniti, Martel and Starburst
Y&R, projects for Miller, United Negro College Fund and Bacardi

Strategy and Growth

Management believes that Psyop has developed a distinct brand in the video commercial animation/live action market that could be leveraged in several ways. Key elements of Psyop's growth strategy include:

Enhance Growth of Existing Business: Due to breakthroughs in technology, and the need to differentiate marketing messages, animation and visual effects are becoming more widely used and are replacing live action footage in advertising media. Psyop intends to leverage this trend and to continue to build its core business.

Geographic Expansion: Psyop has been increasingly working on worldwide projects for European and Asian customers. In order to facilitate its global reach, Psyop plans to open two new offices: one in Los Angeles and another in London. The Los Angeles core team has already been hired, and will become fully operational during the first quarter of 2008. The London office is expected to open during the second half of 2008 and will focus primarily on European customers.

Acquiring talent through Blacklist: The Blacklist partner program has allowed Psyop to leverage its brand and project management skills and work with talented teams in a global manner. Most of the Blacklist projects have been executed by small teams in Sweden, Spain and Brazil. Psyop believes that Blacklist is a useful way of assessing

talented individuals and teams that could be hired to join Psyop. It intends to accelerate this program and recruit creative talent globally as opposed to paying a buyout premium when purchasing large companies.

Extend Animation and Visual Effects Expertise into Branded Content: Psyop believes that it can generate new revenue opportunities by utilizing its expertise in animation and video effects to create branded content that will be aired on the internet in the form of a standalone video or as part of virtual worlds or video games.

Expand Development of Technology: To maintain a leading edge over the competition, and to increase production efficiencies and collaboration among the creative team, Psyop intends to increase its investment in developing proprietary tools such as asset management, project management and workflow software solutions. It anticipates opening a research and development facility in Israel where it can develop its proprietary solutions in a creative, efficient and cost-effective manner.

Psyop's Creative Process

Psyop's success depends upon bringing a continued high level of creativity and uniqueness to the production of animated and mixed media (combining live action, 3D and/or 2D techniques) content for television and other advertising platforms. The creative process required to maintain the highest and freshest quality of work is delicate and involves close collaboration among the various participants—the clients, the directors, the designers and the technical personnel involved with the project. There is often an element of experimentation to see what works—both creatively and technically and experience with the tools and techniques from previous projects is a very important factor in developing the work. Below is a detailed description of each phase of the process that is involved in a typical television advertisement project that portrays the breadth of Psyop's service offering.

The Pitch

The process begins with a pitch—an analysis of the client's requests and the development of the director's vision or concept for the project. Based upon initial conversations with the client (most usually an advertising agency but sometimes the end-user), possible creative directions, styles, mood and tone, and techniques such as 3D, 2D, stop frame animation, and/or live action might be discussed and proposed. Based on the initial input, Psyop's team develops a written narrative proposal for the project (commonly referred to

91

TABLE OF CONTENTS

as the treatment). This will cover the overall vision, the story (usually an interpretation of the client or agency's initial idea, and sometimes expressed with pencil drawn storyboards), the style, the look and feel and the techniques proposed.

Hand in hand with the treatment, Psyop will usually develop visual style-frames—snapshots of the intended final look, or looks, of the piece, which are often described as the posters of the film. At this stage, it is not unusual for a range of styles and looks to be explored and presented to the client. Based on the feedback received, the favorite style frames are chosen and often adjusted. These serve as the visual anchor for communication with clients later in production if the job is awarded. At this stage, technical directors are consulted to provide assurance that the director's vision is capable of being produced in an efficient and timely manner. This stage of the process culminates in a presentation to the client, who in turn communicates with the end-user customer. Advertising agencies will generally recommend which company they want to work with and the clients normally go along with that recommendation. Sometimes, Psyop pitches and pulls out before the decision is made if it determines that it is not a good fit creatively, if the schedule cannot be worked out to fit with other commitments, or if the budget does not match the creative approach

proposed.

Pre-Production

Upon the award of a project, Psyop commences its pre-production stage. For most projects, this begins with the creation of, or if they formed part of the pitch, the further development of, storyboards individual panels that portray the story, the action and possible shot compositions and camera angles. These panels are then edited together in sequence to form a boardamatic, which starts to inform the team mainly about the timing, pacing and rhythm of the piece. The boardamatic is revised and reviewed by the project director and the clients until the desired result is achieved. At the same time as developing storyboards and boardamatics, Psyop usually also continues to develop the designs or style frames for the project, refining and improving what was presented for the pitch, further defining the color palette, environments, textures, look and feel. These, too, are presented to the clients and, together with the storyboards and boardamatics, should form a clear picture of what the final piece will look and feel like.

Where a live action component is involved, a freelance production team is hired and a production office is established, generally on the Psyop premises. Based upon the nature of the film and the production budget, the producer will hire a production crew, which might be as many as 50 people for a major campaign or only a skeleton crew of eight or nine for low-budget projects.

Production/Post Production

Psyop uses many different techniques to realize the vision laid out in the treatment, style frames and storyboards. The exact techniques used vary from project to project depending on the creative approach developed and agreed upon by all parties, but usually involve some or all of the following: 3D computer graphic and animation work, 2D computer graphic and animation work, live action shooting on video or film of people, sets and/or specific elements, hand drawing or painting of graphic elements and textures, and 2D compositing of many layers of images, textures and elements to create the final image.

Whatever the initial image creation technique used, the results are always brought together in the digital realm. Computer animation, for example, is the art of creating moving images through the use of computers as opposed to using hand drawn frames as was done in traditional animation. To create the illusion of movement, an image is displayed on the computer screen that is quickly replaced by a new image that is similar to the previous one but is shifted slightly. Even hand drawn or painted elements are scanned into the computer and manipulated and applied digitally. As the technology has improved, become more powerful and less costly, access to it has become much more widespread, and the differentiating factor between companies has become talent and creative vision.

A typical Psyop production has several phases that may or may not overlap depending on the project and its schedule: 3D previsualization; 3D modeling and rigging; animation; shading and lighting; rendering; and compositing. If live action shooting is involved, that usually occurs once the 3D previsualization is complete and approved by all parties.

3D previsualization: Building on the approximate timings in the boardamatics (see above), artists place digital models of all the main elements into each scene and position digital cameras at the angles from which

92

TABLE OF CONTENTS

the three-dimensional shot is to be seen. This allows the directors to investigate the camera angles and moves that make the piece flow, tell the story and portray the product as desired. The pre-viz is done in 3-D with very rough models but, together with the designs, it gives a very clear picture of how a final piece will look and feel, and thus its

approval by all parties is a critical part of Psyop's process.

Live action shooting: If required, the live action shoot will happen once the previsualization is completed and approved. The shoot will usually involve filming actors and other moving elements, either in sets or against green screen, so their images can be isolated and added in to the 3D digital world being created.

3D modeling and rigging: Digital models of all three dimensional elements in each set and of all characters are created by defining their three-dimensional shapes and adding the rigging (the sets of animation controls that allow the model to be moved or animated).

Animation: The digital models are made to move in three dimensions by changing the animation controls over time to create a motion sequence. Artists will use various techniques to create the motion. Motion capture is sometimes used for human characters, with the actors filmed with 3D sensors attached to their bodies so their exact motion can be captured in 3D space by a computer. This data is then processed and applied to the 3D models created in the previous phase to create a base layer of movement based on real human motion, which is then further refined and finessed by the artist, according to the style required for the project. The other main technique used to create animation is simply referencing real world motion by eye or by using video references, in which, similar to an artist painting a scene from a photograph, there is a lot of room for creative interpretation.

Shading and lighting: The surface characteristics, or shading, are attached to each model to define the pattern, texture, finish and color of all the objects in each scene, and digital lighting is added into each scene. It is in this stage that the style frames and designs developed earlier are used as a guide for the artists to create all the elements needed to achieve the look laid out in those still images.

Rendering: The renderer takes the data for the models, layout, animation, shading and lights and, for each frame in the sequence, computes a two-dimensional image of how the scene looks at each point in time from the point of view of the camera. Usually all the 3D elements are rendered out as separate passes to allow maximum control in the compositing stage.

Compositing: All the elements created in 3D, and shot in live action, are layered and blended together and are sometimes color corrected. Additional elements and effects are added at this stage to achieve, as close as possible, the look laid out in the style frames and designs developed at the start of the project.

Sound: Sound effects and music are usually developed while production is underway and, at the end of the production process, they are integrated, mixed, and laid back to the final completed picture.

Depending on the final output media of the project, the final product will be put on to digital files (such as Quicktime), film, digital tape or other media.

Although the general process of a typical project is outlined above, actual work required for each job often varies due to the unique nature of each project. Psyop's expertise in the various disciplines required, enable us to provide a high quality finished product in a timely manner.

Competition

Competition in the animated and mixed media advertising production industry is highly fragmented among a number of firms, no single one or group of which has a significant share of the market. Psyop's competitors vary according to the type of project. There are many companies that utilize some of the same techniques that Psyop uses, but Psyop believes, based, in part, on the third-party recognition evidenced by its many awards and favorable notices in the trade press, that there are very few that master as many, have the same creative range, and are as renowned for outputting

consistently fresh and high quality work, as Psyop. It is this range of expertise, creativity and production quality that differentiates Psyop from other companies and drives the demand for Psyop's services.

There are several companies that Psyop would consider competitors and against whom Psyop pitches regularly: Nexus Productions (London), Motion Theory (LA), Imaginary Forces (New York and LA), Stardust

93

TABLE OF CONTENTS

(New York & LA), Pleix (Paris) and Logan (LA). Recently, Psyop has been competing against A-list commercial directors from traditional live action production companies. This market space is also very fragmented and competitive but there are a few names who are very sought after Daniel Klienman (Rattling Stick, London), Frank Budgen (Gorgeous, London), Dante Ariola, Rupert Sanders (MJZ productions), David Lachappelle (HSI productions), amongst others.

The competition for Psyop and Blacklist mainly comes from privately owned creative companies with revenues of below \$10 million, and sometimes from larger production companies with revenues of \$10 million and above. The visual effects market in which Mass Market competes is somewhat less fragmented, with a few larger players and several smaller companies all specializing in post-production operations, finishing and effects. Mass Market competes regularly against The Mill (London, New York and LA), Framestore (London and LA), Method (LA), and Asylum (LA). Such firms generally have revenues in the range of \$10 million to \$60 million per year and may be financed by institutional investors and other large entities.

Research & Development

In order to maintain a leading edge in the industry, upon completion of the proposed business combination, Psyop intends to develop a research and development facility in Israel, where a team of software engineers will work directly with Psyop in developing proprietary tools for specific applications. Psyop has already commissioned a report that outlines the initial plans for its research and development center and the initial projects upon which it will focus. Psyop believes that it can develop the requisite software in Israel more quickly and efficiently due to the availability and reduced cost of such expertise in that country.

Employees

At December 31, 2007, Psyop employed 74 persons, of whom 57 (including 8 executive officers) perform creative, technical and production functions; 2 perform managerial and administrative functions; and 15 perform staff and other functions. Psyop also engages creative, technical and production personnel on a freelance, independent contractor basis from a pool of over 200 such persons. Psyop considers its relations with its employees and freelance staff to be quite satisfactory.

Psyop aims to seek out and hire the most highly qualified persons in the fields in which it operates. Many of its creative, technical and production personnel are hired upon graduation from the colleges and universities that maintain programs in the fields for which Psyop requires talent. Most of these institutions are located in the United States and Psyop seeks to hire students who are at or near the tops of their classes in academic and professional achievement. However, in recent years a large number of such students have not been United States citizens or legal residents prior to the commencement of their attendance in the programs and were required to obtain student visas in order to attend the programs. For Psyop to hire them, it must obtain J1, H1-B, O1 or E3 visas. The H1-B visas in particular are limited in number and thus difficult to obtain; however, Psyop has been successful for the most part in being able to

hire the people it needs who have the talent it requires. Competition for such persons is intense and the continuation of such trends may impair Psyop's ability to continue to hire sufficient numbers of people having the necessary talents and achievements. It believes, though, that the opening of its planned offices in Europe and Israel will alleviate, at least in part, potential hiring difficulties. Employees of the European and Israel offices, after one year of employment, will be eligible for employment with Psyop within the United States under an E-2 visa, which has less onerous requirements than the other types of visas.

Intellectual Property

Psyop believes that the names Psyop, Blacklist and *Mass Market* are important to its business and is in the process of registering those names with the United States Patent and Trademark Office as registered trademarks.

94

Rights to characters and other creative elements created by Psyop for completed client projects become the property of the respective clients. Often, the contracts with the clients provide for separate payment for characters in addition to payments for the production of the project. Creative elements, including characters, design and music, created by Psyop for projects that are not completed remain the property of Psyop for further development and use as it may determine. To date, Psyop has not registered copyrights for its owned intellectual properties that are copyrightable.

Psyop also has not yet developed any proprietary software, techniques or processes. However, one of the major purposes for its Israeli operations is to develop such proprietary products for its internal use and license or sale to others.

Facilities

Psyop leases 15,700 square feet of space in 3 connected buildings in the Lower East Side of Manhattan. The primary location of 10,700 square feet is located at 124 Rivington Street, New York, N.Y. and is under a lease that continues until 2017. The leased space is used for its executive offices and production facilities. Psyop believes that such facilities will be adequate for a staff of up to 115 employees. It has no reason to believe that it would not be able to find additional space at commercially reasonable rates should it require additional space in New York City.

Psyop leases a 10,000 square feet of space at 523 Victoria Avenue, Venice, California under a lease that continues through 2017. The leased space is used for production facility and can hold up to 80 employees.

Legal Proceedings

Psyop is not a party to any pending litigation and is not aware of any threatened legal proceedings that could have a material adverse effect on its business, financial condition and/or results of operations.

Government Regulation

Psyop is not currently subject to direct federal, state or local regulation other than regulations applicable to business generally.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS PSYOP

The following discussion should be read in conjunction with Psyop's consolidated and combined financial statements and related notes and Psyop's unaudited condensed consolidated financial statements and related notes included elsewhere in this proxy statement. This discussion contains forward-looking statements that involve risks and uncertainties. Psyop's actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including those discussed below and elsewhere in this proxy statement, particularly under the headings Forward-Looking Statements and Risk Factors.

Overview

Headquartered in New York City, Psyop, Inc., its wholly-owned subsidiary Psyop UK, LLC (Psyop UK) and an affiliate through common ownership, Psyop Services, LLC (Psyop Services) and, together with Psyop, Inc. and Psyop UK, Psyop) together form an award-winning provider of design-based 3D animation, innovative visual effects and digital content for the advertising market. Psyop produces creative advertisements on behalf of premier brands in a variety of industries, including food and beverage, sports, automotive, retail and financial services. In addition to its creative production for television advertising, Psyop has recently expanded into producing content for other, growing forms of electronic marketing including short, themed, branded films, ads shown in movie theaters, in-store and site specific presentations and the internet.

Psyop creates state-of-the-art digital motion imagery for the advertising industry in its many outlets, including television, cinema, interactive and others. Psyop intends to continue building its existing digital imagery business, which will focus opportunistically on advertising campaigns primarily utilizing animated and visual effects.

Psyop is regularly approached by leading advertising companies to help conceptualize and develop new and unique ideas for visual effects-driven and animated commercial campaigns. Psyop intends to and may invest capital and production work in major studio feature film projects that meet management's budgetary, development and return on investment criteria in accord with its growth strategy. Within this strategy, Psyop intends to expand further into entertainment properties that provide opportunity through the convergence of films and video games. Psyop expects that the implementation of its business strategy will involve the investment of capital in expanding its services in existing and related market segments and by setting up opportunities to new geographic locations.

Psyop operates in three related and linked production areas that share leads, management and resources: (1) commercials production, (2) production services and (3) production management. The commercials production area has historically been the dominant part of Psyop's operations and is expected to continue to command a significant portion of its operations. This area takes on full projects, where Psyop designs, directs and produces the whole project. The production services area collaborates with outside production companies and directors by creating sub-portions of a project. In 2006, Psyop launched its production management area with a goal of developing a roster of outsourced facilities that complement and expand the reach on its commercial production branch. For its services, the production management area receives a commission based on the total budget it secures for its production companies. All areas collaborate and cross-market with each other on a per-project agreed upon fee structure.

Industry Trends

Visual effects and more recently animation have become an integral part of the commercial production and entertainment industry. The techniques and tools used in visual effects and animation continue to evolve rapidly in response to continuous and increased demand from motion pictures, television commercials and several other forms of marketing and entertainment outlets.

96

TABLE OF CONTENTS

Commercials and entertainment avenues have become increasingly reliant on digitally created content as the result of a confluence of cultural and industry trends, including:

consumers' expectations and the constant demand for new, compelling looks and techniques to make content stand out above the clutter in all mediums;

box-office success of animated movies, especially those using 3D animation, as well as visual effects-rich feature films the top 20 grossing films in worldwide box office history are either computer animated or otherwise heavily reliant on visual effects;

the cross referencing of looks and techniques between film, advertising, video games, music videos, etc.;

decrease in cost of tools and equipment, such as powerful computers, coupled with an increased sophistication of the software running on these computers;

technological advancement in delivery of visual content including broadband internet, HD television, satellite, and broadband wireless technologies; and

talent being attracted to the industry which has many good training programs in higher education institutions who have created degrees in subjects such as digital media, animation and graphic design.

Critical Accounting Policies and Estimates

Psyop's discussion and analysis of its financial condition and results of operations is based upon its consolidated and combined financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States, or U.S. GAAP. The preparation of these financial statements requires estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities in Psyop's consolidated and combined financial statements and accompanying notes. Psyop bases

its estimates on historical experience and on other assumptions that it believes to be reasonable under the circumstances. However, estimates inherently relate to matters that are uncertain at the time the estimates are made, and are based upon information then presently available. Actual results may differ significantly from these estimates under different assumptions or conditions.

Revenue Recognition

Psyop has historically derived substantially all of its revenues from contracts to provide digital imagery and elements to third parties.

Psyop recognizes revenues using the percentage-of-completion method of accounting in accordance with Statement of Position 81-1 Accounting for Performance of Construction-Type and Certain Production-Type Contracts and in conjunction with SEC Staff Accounting Bulletin No. 104, Revision of Topic 13: Revenue Recognition in Financial Statements (SAB 104), which provides for the recognition of revenue when (1) pervasive evidence of an arrangement exists, (2) delivery has occurred or services have been rendered, (3) the selling price is fixed or determinable, and (4) collectability is reasonably assured. Accordingly, earnings are recognized on a contract-by-contract basis in the ratio

of actual costs incurred compared to total estimated costs that will be incurred under each contract, as determined by management. Adjustments to cost estimates are made periodically, based upon the specific circumstances affecting each contract in progress. Losses expected to be incurred on contracts in progress are charged to operations in the period such losses are determined.

The aggregate of costs incurred and earnings recognized on uncompleted contracts in excess of related billings is shown as a current asset, and the aggregate of billings on uncompleted contracts in excess of related costs incurred and earnings recognized is shown as a current liability.

Psyop Services recognizes revenues as services are provided and when all other criteria for revenue recognition in accordance with SAB 104 have been met.

97

TABLE OF CONTENTS

Cost Recognition

Contract costs include all labor, subcontractors and other direct costs related to contract performance such as supplies and tool costs. Changes in job performance, job conditions, and estimated profitability, including final contract settlements, may result in revisions to costs and income and are recognized in the period in which the revenues or costs are determined. All costs incurred in connection with pitches made to obtain a contract are expensed as incurred. If a contract is awarded, the costs associated with the pitch are included as part of the cost of the related project. If the contract is not awarded, the costs are classified as selling and administrative expenses.

Accounts Receivable

Psyop carries its accounts receivable at cost less an allowance for doubtful accounts. On a periodic basis, management evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions. Psyop's write-offs of accounts receivable during 2007 and 2006 have been insignificant. Based on management evaluation of the collectability of accounts receivable, an allowance for doubtful accounts was not considered necessary at December 31, 2007 and 2006.

Impairment of Long-Lived Assets

Psyop adheres to SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* and periodically assesses the recoverability of the carrying amounts of long-lived assets. A loss is recognized when expected undiscounted future cash flows are less than the carrying amount of the asset. The impairment loss is the difference by which the carrying amount of the asset exceeds its fair value.

Income Taxes

Psyop, the parent company, is a United States corporation and files corporate income tax returns in the United States. Psyop Services is a United States limited liability company and is subject to the New York City Unincorporated Business Tax (UBT). Psyop UK is incorporated in England and Wales and, as such, files its own corporate income tax returns in the United Kingdom. Psyop complies with SFAS No. 109 *Accounting for Income Taxes*, which requires an asset and liability approach to financial reporting of income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future, based on exacted tax laws and rates applicable to the periods in which the

differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

Internal Control over Financial Reporting

Management periodically reviews the design and effectiveness of its disclosure controls and procedures. Management makes modifications to improve the design and effectiveness of its disclosure controls and procedures and may take corrective action if its reviews identify a need for such modifications or actions.

Psyop's management believes that it will be able to develop an effective system of internal controls compliant with applicable statutory requirements prior to December 31, 2009, when it must have such controls in place to meet such statutory requirements. However, Psyop's management, including the Chief Executive Officer and Chief Financial Officer, does not expect that its disclosure controls and procedures or its internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within Psyop have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of a simple error or mistake.

Additionally, controls can be circumvented by the individual acts of some persons or by collusion of two or more people. The design of any system of controls also is based in part upon certain assumptions about the

98

TABLE OF CONTENTS

likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Results of Operations

Overview

The following describes certain line items set forth in Psyop's consolidated and combined results of operations. Psyop's consolidated and combined financial statements include the accounts of Psyop, Psyop Services and Psyop UK. All material intercompany accounts and transactions have been eliminated in the consolidated and combined financial statements. Although the financial data have been combined, they do not represent those of a single legal entity.

Revenues. Psyop derives its revenues from a broad number of customers and projects. Most commonly, Psyop's customers are advertising agencies that are the contracting agency on behalf of marketers. Psyop might service a number of different marketers through a single customer, nonetheless, no single customer will typically generate more than 20% of Psyop's revenues in any given year, and its largest clients tend to change year-over-year. Projects usually extend over three or four months but can be as short as a few weeks and no project to date has been longer than eight months. When Psyop enters into contracts, it can reasonably project the timing of its revenues, costs and cash flows.

Psyop controls the timing and mix of individual projects as they are in production; however, Psyop does not have extended visibility into future projects as clients' campaigns and needs change dramatically due to market conditions and marketing strategies. This dynamic leads to management's limited ability to accurately project revenues and expenses from future projects.

Virtually all of Psyop's revenues are derived from fixed-price contracts, which are recognized using the percentage-of-completion method of accounting. Under the percentage-of-completion method, revenue is recognized based on the percentage of the total costs incurred compared to the total estimated costs to be incurred, as determined by management. Delays in production due to customer-imposed factors or changes in scope of the project, as well as unforeseen accelerations in the customer's timing of the project, will affect when actual services are provided and costs are incurred and accordingly may result in revenue being recorded in a period other than as originally anticipated. Since some of Psyop's costs are of a fixed nature, incremental changes in revenues can have an effect on its reported operating margins and net income or loss.

Psyop's backlog for awarded projects at December 31, 2007 and December 31, 2006 was approximately \$4.0 million and \$5.6 million, respectively. All backlog is expected to be completed in the subsequent fiscal year due to the short term nature of its projects. The decrease in backlog from December 31, 2006 to December 31, 2007 is the direct result of two very large projects awarded to Psyop in the fourth quarter of 2006, whereby the project work commenced in 2007.

Cost of revenues. Cost of revenues includes direct compensation, travel, lodging, and employee benefits for project-related personnel, payments to third-party contractors, and other direct project-related expenses. Also included in cost of revenues are occupancy costs, depreciation and amortization expenses. Psyop reviews and allocates these costs periodically so as to align them with actual costs incurred on projects.

Selling, general and administrative expenses. Selling, general and administrative expenses include administration employees, software engineers and other technical support personnel, expendable computer software and equipment, facilities expenses, costs incurred for pitching contracts not awarded and other operating expenses not directly related and/or allocable to projects. Additionally, Psyop utilizes external sales personnel that are paid commissions based on projects they secure.

Beginning in 2008, Psyop expects to incur additional professional fees and other expenses as a result of being a public company, including costs to comply with the Sarbanes-Oxley Act of 2002 and other rules and regulations applicable to public companies. Psyop estimates such costs to range between \$300,000 and \$500,000 for a full fiscal year and such amounts will adversely impact Psyop's results of operations and cash

TABLE OF CONTENTS

flows. In addition, Psyop expects to increase its research and development staff as its operations grow and as it integrates potential future acquisitions. Psyop intends to invest appropriate resources to properly manage and control its business, and this investment will likely result in future increases in general and administrative expenses.

Psyop has decided to develop new software solutions for the management of creative assets and the alignment of multiple production locations, which will require additional investments in personnel and equipment, and will result in additional charges to operations before revenues are generated from those projects.

Interest income (expense). Psyop's interest income consists of interest earned on its cash and cash equivalents. Interest expense consists of interest incurred on capital leases as well as interest incurred on the outstanding balance under its line of credit. Psyop does not anticipate additional borrowings under the line of credit in the foreseeable future

following the consummation of the business combination.

The following table sets forth certain information regarding Psyop's consolidated and combined results of operations for the periods indicated:

Comparison of Year Ended December 31, 2007 and Year Ended December 31, 2006

Net sales. Total net sales increased \$9.6 million or 60.8% from \$15.8 million for the year ended December 31, 2006 to \$25.4 million for the year ended December 31, 2007. The \$9.6 million increase is primarily attributable to \$6.5 million of net sales from new clients, of which approximately \$4.2 million of this was business generated outside of the United States. In addition, the establishment of Psyop Services, LLC in February 2006, accounted for \$1.8 million of the increase in 2007 and grew to \$2.5 million in net sales during the year ended December 31, 2007, from \$700,000 in net sales for the year ended December 31, 2006. The remaining increase was due to net new business generated from existing clients.

Cost of sales. Total cost of sales increased 67.5% from \$12.3 million for the year ended December 31, 2006 to \$20.6 million for the year ended December 31, 2007. The \$8.3 million increase was principally attributable to the increase in net sales. Gross margin decreased to 18.8% in 2007 from 22.1% in 2006 primarily as a result of the entry into new geographic locations and services performed on much larger projects than historically awarded to Psyop which required competitive bidding to win the work. The majority of the work on such larger projects was performed in the quarter ended December 31, 2007, and as a result gross margin in the quarter ended December 31, 2007 was approximately 11.0%. In addition, included in 2006 cost of sales was a \$1.1 million special payment paid to shareholder-employees. The payment was made in part pursuant to bonus provisions in employment agreements for the shareholder-employees and in part as a result of management's belief that the base salaries of the shareholder-employees were below levels they could command in the competitive marketplace. This expense negatively impacted 2006 gross margins by approximately 7.0%.

Selling, general and administrative expenses. Selling, general and administrative expenses increased 1.7% from \$3.8 million for the year ended December 31, 2006 to \$3.9 million for the year ended December 31, 2007. Selling, general and administrative expenses for the year ended December 31, 2007 had a decrease in selling expenditures of approximately \$700,000 due to a change in representation in Europe and accepting projects from geographic locations where no sales commission was paid. The reduced selling costs were offset by an increase in general corporate expenses of approximately \$800,000 primarily related to salaries and benefits, as well as increased professional fees of approximately \$400,000 associated with the pending merger with Fortissimo Acquisition Corp.

Interest income (expense). Interest income (expense) declined 47.2% from \$(76,584) for the year ended December 31, 2006 to \$(40,420) for the year ended December 31, 2007. The \$36,164 decrease was principally attributable to limited utilization of a line of credit facility during the period ending December 31, 2007.

Income tax benefit (expense). Income tax benefit (expense) increased from a benefit of \$77,782 for the year ended December 31, 2006 to an expense of \$(315,245) for the year ended December 31, 2007. The \$393,027 increase in income tax expense was attributed to an increase in net profit before tax during the year ended December 31, 2007 as compared to a net loss before income taxes in the year ended December 31, 2006.

Net income (loss). Net income increased to \$532,370 for the year ended December 31, 2007 from a net loss of \$(307,785) for the year ended December 31, 2006. The increase of \$840,155 in net income is due to the factors discussed above.

Liquidity and Capital Resources

Psyop's principal sources of liquidity at December 31, 2007 consisted of cash and cash equivalents of \$391,000 and accounts receivable of \$2.3 million.

Psyop has historically funded its operations without significant reliance on borrowings. Psyop's cash flow from operations allows Psyop to operate its business with minimal amounts of borrowings. As discussed above, Psyop derives a substantial amount of its revenues from a diverse and changing group of advertising agencies who engage Psyop on a project-by-project basis. Advance payments on these commercial projects help fund Psyop's operations, but may fluctuate significantly from quarter-to-quarter depending on production schedules and project volume. Thus, Psyop has limited visibility into its future cash flows beyond contracts that have been signed and are in process. Psyop has little control over the timing and mix of individual projects, which limits Psyop's ability to predict its future operations and related cash flows.

Historically, Psyop's primary cash expenditures have been dedicated to the payment of salaries and wages to its employees and to its freelancers. Other areas that command significant portions of Psyop's expenditures are commissions paid to the sales representatives, expenditures on technological equipment and lease obligations.

Psyop financed its operations for the year ended December 31, 2007 primarily through cash from operations. Net cash provided by operating activities was \$1.2 million for the year ended December 31, 2007 and consisted of net income, non-cash expenses related to depreciation and amortization, an increase in accounts payable and other current liabilities and a decrease in costs and estimated earnings in excess of billings on uncompleted contracts, partially offset by increases in accounts receivable and a decrease in billings on uncompleted contracts in excess of costs and estimated earnings.

Net cash provided by operating activities was \$1.3 million in the year ended December 31, 2006 and consisted of a net loss plus non-cash expenses related to depreciation and amortization less deferred income tax benefits, an increase in accounts payable and other current liabilities, an increase in billings on uncompleted contracts in excess of costs and estimated earnings, partially offset by increases in costs and estimated earnings in excess of billings on uncompleted

contracts and accounts receivable.

Net cash used in investing activities was \$1.4 million in the year ended December 31, 2007 and was due primarily to capital expenditures resulting from management's decision to significantly expand production capabilities and to update a portion of its existing production infrastructure.

101

TABLE OF CONTENTS

Net cash used in investing activities was \$387,000 in the year ended December 31, 2006 and was due primarily to capital expenditures relating to Psyop's corporate headquarters.

Management expects to continue to make significant investments in property and equipment over the next three years as Psyop expands and streamlines its production capabilities in California and Europe as well as the proposed establishment of a research and development facility in Israel. The estimated capital expenditures for expansion into California and Europe are estimated to be between \$2.0 million to \$3.0 million for each facility. The capital expenditure for the establishment of an Israeli research and development facility is estimated to range from \$700,000 to \$1.0 million.

Net cash provided by financing activities was \$392,000 in the year ended December 31, 2007 and was attributable to borrowings of \$1.0 million under the line of credit partially offset by payments under its capital lease obligations and note payable.

Net cash used in financing activities was \$1.0 million in the year ended December 31, 2006 and was primarily attributable payments under its line of credit, capital lease obligations and note payable.

In 2005, Psyop financed some property investment through a three year term note with a principal balance of \$360,750. As of December 31, 2007, the balance due on this note was \$116,054. The note calls for monthly payments of \$10,915 for principal and interest at a fixed rate of 5.64%, per annum. In case of default, the lender can demand the outstanding balance of the account and it shall become immediately due and payable. After default, an interest rate of 18% is imposed until the account is paid in full. The lender has the right of offset in event of default. There are no imposed covenants or ratios, except for Psyop's representing and warranting that it is a corporation organized under the laws of, and authorized to conduct business in, the State of New York. Psyop is currently in compliance with all the terms and conditions of the note.

Psyop maintains a variable rate, revolving line-of-credit providing for borrowings of up to \$1.6 million, due on demand, with an outstanding balance of \$1.0 million at December 31, 2007. There are no financial covenants imposed or ratios imposed in connection with this line of credit except for the requirement for annual review of company and shareholders financial statements and tax returns as well as company accounts receivable aging. In the event of default, the lender may cease disbursements and the outstanding balance will be due and payable by the borrower and guarantor. Lender has right of offset in event of default. Psyop is currently in compliance with all the terms and conditions of the line-of-credit. The terms of the line-of-credit will be binding on successors.

If the merger described in this proxy statement is consummated, management anticipates using the cash released from the trust fund to repay its outstanding note payable and line of credit as well as for the continued acquisitions of property and equipment. Management believes that its cash flow from operations will be sufficient to fund its projected operating requirements for at least the next twelve months. However, Psyop may need to raise additional capital or incur additional indebtedness to continue to fund its operations if the completion of the transaction described in this proxy statement is significantly delayed for any reason. Psyop is already establishing additional relationships to cover short-term sources of capital if a need arises.

Psyop's future capital requirements will depend on many factors, including its rate of sales growth. Although Psyop currently is not a party to any agreement or letter of intent with respect to potential material investments in, or acquisitions of, complementary businesses, services or technologies, Psyop may enter into these type of arrangements in the future, which could also require Psyop to seek additional equity or debt financing. Such additional funds may not be available on terms favorable to Psyop or at all.

Recently Issued Accounting Pronouncements

In June 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* an Interpretation of FASB Statement No. 109 (FIN No. 48). FIN No. 48 clarifies what criteria must be met prior to recognition of the financial statement benefit of a position taken in a tax return. FIN No. 48 will require companies to include additional qualitative and quantitative disclosures within their financial statements. The disclosures will include potential tax benefits from positions taken for tax return purposes that have not been recognized for financial reporting purposes and a tabular presentation of significant changes during each period. The disclosures will also include a discussion of the nature of uncertainties, factors which could cause a change, and an estimated range of reasonably possible changes in tax uncertainties. FIN No. 48 will also require a company to recognize a financial statement benefit for a position taken for tax return purposes when it will be more-likely-than-not that the position will be sustained. FIN No. 48 will be effective for fiscal years beginning after December 15, 2007. The adoption of FIN No. 48 is not expected to have a material impact on Psyop's financial statements.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*. This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, expands disclosures about fair value measurements, and applies under other accounting pronouncements that require or permit fair value measurements. SFAS No. 157 does not require any new fair value measurements. However, the FASB anticipates that for some entities, the application of SFAS No. 157 will change current practice. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, which for Psyop would be its fiscal year beginning January 1, 2008. Psyop is currently evaluating the impact of SFAS No. 157 on its financial condition and results of operations.

In September 2006, the Staff of the SEC issued Staff Accounting Bulletin No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements* (SAB 108). SAB 108 requires registrants to use a combination of two approaches to evaluate the materiality of identified unadjusted errors, the *rollover* approach, which quantifies an error based on the amount of the error originating in the current year income statement, and the *iron curtain* approach, which quantifies an error based on the effects of correcting the misstatement existing in the balance sheet at the end of the current year. SAB 108 permits companies to adjust for the cumulative effect of immaterial errors relating to prior years in the carrying amount of assets and liabilities as of the beginning of the current fiscal year, with an offsetting adjustment to the opening balance of retained earnings in the year of adoption. Psyop adopted SAB 108 in fiscal 2007. Psyop's adoption of SAB 108 did not impact its consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial*

Liabilities . This Statement permits entities to choose to measure many financial instruments at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. Psyop is currently assessing the impact of SFAS No. 159 on its financial condition and results of operations.

In December 2007, the FASB issued SFAS No. 141R, Business Combinations (SFAS 141R). SFAS 141R replaces SFAS 141 and establishes principles and requirements for how an acquiror recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, any noncontrolling interest in the acquiree and the goodwill acquired. SFAS 141R also establishes disclosure requirements which will enable users to evaluate the nature and financial effects of the business combination. Acquisition costs associated with the business combination will generally be expensed as incurred. SFAS 141R is effective for business combinations occurring in the fiscal years beginning after December 15, 2008, which will require Psyop to adopt these provisions for business combinations occurring in fiscal 2009 and thereafter.

In December 2007, the Financial Accounting Standards Board issued SFAS No. 160, Non-controlling Interests in Consolidated Financial Statements, an amendment of ARB 51, which changes the accounting and reporting for minority interests. Minority interests will be recharacterized as non-controlling interests and will be reported as a component of equity separate from the parent s equity, and purchases or sales of equity

103

TABLE OF CONTENTS

interests that do not result in a change in control will be accounted for as equity transactions. In addition, net income attributable to the non-controlling interest will be included in consolidated net income on the face of the income statement and, upon a loss of control, the interest sold, as well as any interest retained, will be recorded at fair value with any gain or loss recognized in earnings. SFAS No. 160 is effective for financial statements issued for fiscal years beginning after December 15, 2008 and will apply prospectively, except for the presentation and disclosure requirements, which will apply retroactively. The adoption of SFAS No. 160 will not have a significant impact on Psyop s financial position, results of operations or cash flows.

TABLE OF CONTENTS

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding the beneficial ownership of our common stock as of May 12, 2008 by:

each person known by us to be the beneficial owner of more than 5% of our outstanding shares of common stock;
each of our executive officers;
each of our directors and director nominees;
each person who will become a director upon consummation of the merger; and
all our executive officers and directors as a group; and

Beneficial ownership is determined in accordance with the rules of the SEC. Except as indicated, to our knowledge, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. As of May 12, 2008, 5,868,334 shares of Fortissimo common stock were issued

and outstanding. The percentage of beneficial ownership after the merger set forth below gives effect to the issuance of 3,337,941 shares of Fortissimo common stock in the merger and is based on 9,206,275 shares of our common stock estimated to be outstanding immediately following completion of the merger and no exercise of outstanding Fortissimo warrants.

As of _____, 2008, the Fortissimo Insider Stockholders beneficially owned and are entitled to vote the Original Shares, which were issued to them prior to Fortissimo's IPO. In addition, FCF owns the Insider Units that it acquired concurrently with the consummation of the IPO, each Insider Unit consisting of one share of common stock and two warrants, each entitling the holder to purchase one share of common stock. The total of the Original Shares and the Insider Unit Shares constitutes approximately 22.7% of the outstanding shares of our common stock. In connection with Fortissimo's IPO, the holders of Original Shares and the Insider Units entered into agreements with EarlyBirdCapital, Inc. (EarlyBirdCapital), the underwriter of the IPO, pursuant to which each Fortissimo Insider Stockholder agreed to vote his or its Original Shares and Insider Unit Shares on the merger proposal in accordance with the majority of the votes cast by the holders of Public Shares. The Fortissimo Insider Stockholders have also indicated that they intend to vote their Original Shares and Insider Unit Shares in favor of all other proposals being presented at the meeting.

At any time prior to the annual meeting, during a period when they are not then aware of any material nonpublic information regarding Fortissimo or its securities, the Fortissimo Insider Stockholders, and/or their affiliates, may enter into a written plan to purchase Fortissimo securities pursuant to Rule 10b5-1 of the Securities Exchange Act of 1934, and may engage in other public market purchases, as well as private purchases, of securities at any time prior to the annual meeting of stockholders. The ownership percentages listed below do not include any such shares which may be purchased after May 12, 2008.

At any time prior to the annual meeting, during a period when they are not then aware of any material nonpublic information regarding Fortissimo or its securities, Fortissimo, the Fortissimo Insider Stockholders, Psyop or Psyop's stockholders and/or their respective affiliates may purchase shares from institutional and other investors, or execute agreements to purchase such shares from them in the future, or enter into transactions with such persons and others to provide them with incentives to acquire shares of Fortissimo's common stock or vote their shares in favor of the merger proposal. Certain of these transactions could be structured in a manner that would provide for settlement subsequent to the consummation of the merger using proceeds from the trust account or shares issued to the Psyop stockholders in the merger. While the exact nature of any such incentives has not been determined as of the date of this proxy statement, they might include, without limitation, arrangements to protect such investors or holders against potential loss in value of their shares, including the granting of put options, the transfer to such investors or holders of shares or warrants owned by the Fortissimo Insider Stockholders for nominal value and the grant to such investors and holders of rights to nominate directors of Fortissimo.

Entering into any such arrangements may have a depressive effect on the price of Fortissimo's common stock. For example, as a result of these arrangements, an investor or holder may have the ability to effectively

105

TABLE OF CONTENTS

purchase shares at a price lower than market and may therefore be more likely to sell the shares he owns, either prior to or immediately after the special meeting.

If such transactions are effected, the consequence could be to cause the merger to be approved in circumstances where such approval could not otherwise be obtained. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the merger proposal and other proposals and would likely increase the chances that such proposals would be approved. Moreover, any such purchases may make it less likely that the

holders of 20% or more of the Public Shares will vote against the acquisition proposal and exercise their conversion shares.

As of the date of this proxy statement, there have been no such discussions and no agreements to such effect have been entered into with any such investor or holder. Fortissimo will file a Current Report on Form 8-K to disclose arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the merger and charter amendment proposals or the conversion threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The table assumes that no holder of Public Shares converts such Public Shares into cash.

Prior Issuances

In December 2005, we issued an aggregate of 1,000,000 shares of our common stock at a purchase price of \$0.025 per share, for an aggregate of \$25,000 in cash. These shares were issued as follows: 950,000 to FCF and 50,000 shares to Michael Chill, one of our Special Advisors. In January 2006, FCF transferred 50,000 of its shares to Yair Seroussi, one of our Special Advisors. The Special Advisors assisted us with deal flow and evaluation of potential acquisition targets. After the consummation of the merger, these individuals will cease to be Special Advisors.

The ownership of our common stock prior to the completion of our initial public offering is as set forth in the following table:

Name	Number of Shares	Relationship to Us
Fortissimo Capital Fund GP, L.P. ⁽¹⁾	900,000	Initial Stockholder
Yair Seroussi	50,000	Special Advisor
Michael Chill	50,000	Special Advisor

(1) Each of our officers and directors is a partner of FCF and as such indirectly are beneficial holders of our common stock held by FCF. Such officers and directors disclaim beneficial ownership of the shares held by FCF, except to the extent of their pecuniary interest therein. FCF holds its shares on behalf of Fortissimo, the three parallel partnerships in which it serves as the General Partner. Fortissimo Capital Fund LP, a Cayman Island limited partnership, Fortissimo Capital Fund (Israel) LP, an Israeli limited partnership and Fortissimo Capital Fund (Israel-DP), LP, an Israeli limited partnership, are three parallel partnerships that invest together and whose general

partner is FCF. The three parallel partnerships are referred to collectively as Fortissimo Capital Fund. FCM is an Israeli company that serves as the management company of FCF.

Insider Unit Purchase

In connection with the closing of our offering, we sold 333,334 units of our securities to FCF for a payment of \$2,000,004. Each unit consists of one share of our common stock and two warrants, each entitling the holder to purchase one share of common stock at an exercise price of \$5.00. The Insider Units are identical to the units offered to the public. However, FCF has waived the right to receive distributions upon our liquidation prior to a business combination with respect to the securities underlying these units. FCF has also contractually agreed that the units and underlying securities will not be sold or transferred by it until after we have completed a business combination.

Registration Rights

The holders of our shares issued prior to our IPO, as well as the Insider Units (and underlying securities), are entitled to certain registration rights. The holders of the majority of these securities are entitled to make up to two demands (in the aggregate) that we register these shares. With respect to the shares issued prior to the IPO, the holders of the majority of these shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. With respect to the Insider Units (as well as the securities underlying the insider units and insider warrants), the holders of the majority of these securities can elect to exercise these registration rights at any time commencing after the consummation of a business combination by us. In addition, these stockholders have certain piggy-back registration rights with respect to registration statements filed subsequent to our consummation of a business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Other Transactions

We have agreed to pay FCM approximately \$7,500 per month for office space and administrative support services. FCM is controlled by Yuval Cohen, our Chairman and Chief Executive Officer. FCM provides management services to and is affiliated with FCF. This arrangement is solely for our benefit and is not intended

109

TABLE OF CONTENTS

to provide FCF or Mr. Cohen compensation in lieu of salary. We believe, based on rents and fees for similar services in Israel, that the fee charged by FCM is at least as favorable as we could have obtained from an unaffiliated person.

However, as our directors may not be deemed independent, we did not have the benefit of disinterested directors approving this transaction.

We will reimburse our officers and directors for any out-of-pocket business expenses incurred by them in connection with certain activities on our behalf such as identifying and investigating possible target businesses and business combinations. There is no limit on the amount of accountable out-of-pocket expenses reimbursable by us, which will be reviewed only by our board or a court of competent jurisdiction if such reimbursement is challenged, provided that no proceeds held in the trust account will be used to reimburse out-of-pocket expenses prior to a business combination.

Other than pursuant to our administrative services agreement with FCM and the reimbursable out-of-pocket expenses payable to our officers and directors, no compensation of any kind, including finder's and consulting fees, will be paid to any of our existing stockholders, officers or directors who owned our common stock prior to our IPO or any of their respective affiliates, for services rendered prior to or in connection with a business combination.

Review, Approval or Ratification of Transactions with Related Persons

Our Code of Ethics requires us to avoid, wherever possible, all related person transactions that could result in actual or potential conflicts of interest, except under guidelines approved by the board of directors (or the appropriate committee of the board of directors). We intend to require that all ongoing and future transactions between us and any of our officers and directors or their respective affiliates, including loans by our officers and directors, will be on terms believed by us to be no less favorable than are available from unaffiliated third parties and such transactions or loans, including any forgiveness of loans, will require prior written approval in each instance by a majority of our non-interested independent directors (to the extent we have any) or the members of our board who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. The related person transactions disclosed above have not been approved by any disinterested directors, since all of our directors are employees of FCM and as such may be deemed to be considered interested parties.

DESCRIPTION OF SECURITIES

General

The second amended and restated certificate of incorporation of Fortissimo authorizes the issuance of 21,000,000 shares of common stock, par value \$.0001 per share, and 1,000,000 shares of preferred stock, par value \$.0001 per share. As of the date of record date, shares of common stock were outstanding. No shares of preferred stock are currently outstanding.

Units

Each unit consists of one share of common stock and two warrants. Each warrant entitles the holder to purchase one share of common stock. The common stock and warrants started separately trading on November 21, 2006.

Common Stock

The holders of common stock are entitled to one vote for each share held of record on all matters to be voted on by stockholders. In connection with the vote required for any business combination, all of the initial stockholders, including all officers and directors of Fortissimo, have agreed to vote their respective shares of common stock owned by them immediately prior to the IPO in accordance with the vote of the holders of a majority of the Public Shares voted at the annual meeting. This voting arrangement does not apply to shares included in the Insider Units purchased privately concurrently with the closing of the IPO, or shares purchased in the IPO or purchased following the IPO in the open market by any of Fortissimo's initial stockholders, officers and directors. Fortissimo's initial stockholders, officers and directors may vote their shares in any manner they determine, in their sole discretion, with respect to any other items that come before a vote of our stockholders.

Pursuant to the provisions of Fortissimo's second amended and restated certificate of incorporation, which cannot by its terms be amended prior to the consummation of a business combination, we will proceed with the business combination only if a majority of the Public Shares voted at the annual meeting are voted in favor of the business

combination and holders of less than 20% of the Public Shares both exercise their conversion rights discussed below and vote against the business combination.

Our board of directors is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors standing for election in each class.

Pursuant to Fortissimo's second amended and restated certificate of incorporation, if Fortissimo does not consummate a business combination by October 11, 2008, its corporate existence will cease except for the purposes of winding up its affairs and liquidating. If Fortissimo is forced to liquidate prior to a business combination, the holders of the Public Shares will be entitled to share ratably in the trust account, inclusive of any interest, and any net assets remaining available for distribution to them after payment of liabilities. Holders of common stock issued prior to Fortissimo's IPO and the holders of shares included in the Insider Units have agreed to waive their rights to share in any distribution with respect to common stock owned by them prior to the IPO or included in the Insider Units if Fortissimo is forced to liquidate.

Holders of Fortissimo common stock do not have any conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the common stock, except that the holders of the Public Shares have the right to have their Public Shares converted to cash equal to their pro rata share of the trust account if they vote against the merger proposal, properly demand conversion and the merger is approved and completed. Holders of Public Shares who convert their Public Shares into their shares of the trust account still have the right to exercise the warrants that they received as part of the units.

TABLE OF CONTENTS

Preferred Stock

Fortissimo's second amended and restated certificate of incorporation authorizes the issuance of 1,000,000 shares of blank check preferred stock with such designations, rights and preferences as may be determined from time to time by Fortissimo's board of directors. Accordingly, Fortissimo's board of directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights which could adversely affect the voting power or other rights of the holders of common stock, although Fortissimo has entered into an underwriting agreement which prohibits Fortissimo, prior to a business combination, from issuing preferred stock which participates in any manner in the proceeds of the trust account, or which votes as a class with the common stock on a business combination. Fortissimo may issue some or all of the preferred stock to effect a business combination.

In addition, the preferred stock could be utilized as a method of discouraging, delaying or preventing a change in control of Fortissimo. There are no shares of preferred stock outstanding and Fortissimo does not currently intend to issue any preferred stock.

Warrants

Fortissimo currently has outstanding 9,736,668 redeemable common stock purchase warrants, including 666,668 warrants included in the Insider Units. Each warrant entitles the registered holder to purchase one share of our common stock at a price of \$5.00 per share, subject to adjustment as discussed below, at any time commencing on the later of the completion of a business combination and October 11, 2007. The warrants expire on October 10, 2010 at 5:00 p.m., New York City time.

With respect to any warrants underlying the Insider Units, so long as such warrants are held by FCF or its affiliates, the holder of such warrants may pay the exercise price by surrendering its warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the fair market value by (y) the fair market value. The fair market value shall mean the average reported last sale price of the common stock for the five trading days ending on the trading day prior to the date on which the warrants are exercised.

Fortissimo may call the warrants for redemption (including those within the Insider Units and those issuable exercise of the purchase option described below), only (x) if a registration statement relating to the common stock issuable upon exercise of the warrants is effective and current and (y) with the prior consent of EarlyBirdCapital:

in whole and not in part;

at a price of \$0.01 per warrant at any time after the warrants become exercisable;

upon not less than 30 days prior written notice of redemption to each warrant holder; and

if, and only if, the reported last sale price of the common stock equals or exceeds \$8.50 per share for any 20 trading days within a 30 trading day period ending on the third business day prior to the notice of redemption to warrant holders.

In the event Fortissimo calls the warrants for redemption, Fortissimo shall have the ability to determine whether holders of those warrants shall be required to pay the exercise price in cash or whether they shall be required to exercise the warrants on a cashless basis. If Fortissimo requires holders of the warrants to exercise the warrants on a cashless basis, the holder of such warrants (including those warrants underlying the Insider Units) shall pay the exercise price by surrendering such warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the redemption fair market value (defined below) by (y) the redemption fair market value. The redemption fair market value shall mean the average reported last sale price of the common stock for the ten trading days ending on the third trading day prior to the date on which the notice of redemption is sent to holders of the warrants.

Since Fortissimo may redeem the warrants only with the prior written consent of EarlyBirdCapital and EarlyBirdCapital may hold warrants subject to redemption, it may have a conflict of interest in determining whether or not to consent to such redemption. We cannot assure you that EarlyBirdCapital will consent to such redemption if it is not in its best interest even if it is in our best interest.

TABLE OF CONTENTS

The exercise price and number of shares of common stock issuable on exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, or Fortissimo's recapitalization, reorganization, acquisition or consolidation. However, the warrants will not be adjusted for issuances of common stock at a price below the exercise price.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price, by certified check payable to Fortissimo, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No warrants will be exercisable unless at the time of exercise a prospectus relating to common stock issuable upon exercise of the warrants is current and the common stock has been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the warrants. Under the terms of a warrant agreement, Fortissimo has agreed to use its best efforts to maintain a current prospectus relating to common stock issuable upon exercise of the warrants until the expiration of the warrants. However, there is no assurance that Fortissimo will be able to do so. If the prospectus relating to the common stock issuable upon exercise of the warrants is not current, holders will be unable to exercise their warrants and Fortissimo will not be required to net cash settle or cash settle the warrant exercise. Accordingly, the warrants may be deprived of any value and the market for the warrants may be limited if the prospectus relating to the common stock issuable upon the exercise of the warrants is not current or if the common stock is not qualified or exempt from qualification in the jurisdictions in which the holders of the warrants reside.

No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, Fortissimo will, upon exercise, round up to the nearest whole number the number of shares of common stock to be issued to the warrant holder.

Unit Purchase Option

In connection with its IPO, Fortissimo agreed to sell to its underwriters in its IPO, for \$100, an option to purchase up to a total of 400,000 units at \$7.50 per unit. The units issuable upon exercise of this option are identical to those offered in Fortissimo's IPO.

Insider Units

FCF, on behalf of Fortissimo, purchased 333,334 units at \$6.00 per unit (for an aggregate purchase price of \$2,000,004) from Fortissimo simultaneously with the consummation of the IPO. All of the proceeds Fortissimo received from the sale of the Insider Units were placed in the trust fund. The Insider Units are identical to the units offered in Fortissimo's IPO. However, FCF has waived the right to receive distributions upon Fortissimo's liquidation prior to a business combination with respect to the securities underlying these units. FCF has also contractually agreed that the units and underlying securities will not be sold or transferred by it until after Fortissimo has completed a business combination.

Transfer Agent and Warrant Agent

The transfer agent for Fortissimo's securities and warrant agent for Fortissimo's warrants is American Stock Transfer and Trust Company, 59 Maiden Lane, New York, NY 10038.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fortissimo Acquisition Corp. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that Fortissimo Acquisition Corp. will continue as a going concern. As discussed in Note 1 to the financial statements, Fortissimo Acquisition Corp. will face a mandatory liquidation by October 11, 2008 if a business combination is not consummated, which raises substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO FINANCIAL STATEMENTS

Note 1 General

The Company was incorporated on December 27, 2005 as a blank check company whose objective is to acquire an operating business that has manufacturing operations or research and development facilities located in Israel, or that is a company operating outside Israel which management believes would benefit from establishing operations or facilities in Israel.

The Company will face a mandatory liquidation by October 11, 2008 if a business combination is not consummated, which raises substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management intends to obtain loans from Insiders in order to be able to complete the proposed business combination.

The Company's ability to commence operations was contingent upon obtaining adequate financial resources through a proposed public offering (Offering) which was consummated on October 17, 2006. On October 17, 2006, we consummated our initial public offering of 4,000,000 Units, with each unit consisting of one share of our common stock and two warrants, each to purchase one share of our common stock at an exercise price of \$5.00 per share. On October 25, 2006, we consummated the closing of an additional 535,000 units that were subject to the over-allotment option. The units were sold at an offering price of \$6.00 per unit, generating total gross proceeds of \$27,210,000 (not including \$2,000,004 from the sale of Units to one of our initial stockholders as more fully described below).

The Company's management has broad discretion with respect to the specific application of the net proceeds of the Offering, although substantially all of the net proceeds of the Offering are intended to be generally applied toward consummating a business combination with an operating business that has manufacturing operations or research and development facilities located in Israel (Business Combination). Furthermore, there is no assurance that the Company will be able to successfully effect a Business Combination. An aggregate of \$26,257,650, before any interest earned, has been deposited in an interest-bearing trust account (Trust Account) until the earlier of (i) the consummation of a Business Combination or (ii) liquidation of the Company. Under the agreement governing the Trust Account, funds will only be invested in United States government securities within the meaning of Section 2(a)(16) of the Investment Company Act of 1940 having a maturity of 180 days or less. The placing of funds in the Trust Account may not protect those funds from third party claims against the Company. Although the Company will seek to have all vendors, prospective target businesses or other entities it engages, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account, there is no guarantee that they will execute such agreements. The Company's directors have agreed that they will be jointly and severally liable under certain circumstances to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or vendors or other entities that are owed money by the Company for services rendered or contracted for or products sold to the Company. However, there can be no assurance that the directors will be able to satisfy those obligations. The remaining net proceeds (not held in the Trust Account) of \$728,386 may be used to pay for business, legal and accounting due diligence on prospective acquisitions and continuing general and administrative expenses.

Fortissimo Capital Fund GP, L.P., (FCF), one of the Company's initial stockholders, has purchased an aggregate of 333,334 units (the Insider Units) at \$6.00 per unit (for an aggregate purchase price of \$2,000,004) from the Company. This purchase took place on a private placement basis simultaneously with the consummation of the Offering. All of the proceeds received from the sale of the Insider Units were placed in the Trust Account. The Insider Units are identical to the units sold in the Offering to the public; however, FCF has waived the right to receive distributions upon a liquidation of the Company prior to a Business Combination with respect to the securities underlying the Insider Units. The Insider Units were registered for resale along with the Units in the Offering, but FCF has agreed that the Insider Units and underlying securities will not be sold or transferred by it until after the completion of a Business Combination.

NOTES TO FINANCIAL STATEMENTS

Note 1 General (continued)

The Company, after signing a definitive agreement for the acquisition of a target business, will submit such transaction for stockholder approval. Pursuant to the provisions of the Company's Amended and Restated Certificate of Incorporation, which cannot by its terms be amended prior to the consummation of a Business Combination, in the event that stockholders owning 20% or more of the shares sold in the Offering vote against the Business Combination and exercise their conversion rights described below, the Business Combination will not be consummated. All of the

Company's stockholders prior to the Offering, including all of the officers and directors of the Company (Initial Stockholders), have agreed to vote their 1,000,000 founding shares of common stock in accordance with the vote of the majority in interest of all other stockholders of the Company (Public Stockholders) with respect to any Business Combination. After consummation of a Business Combination, these voting safeguards will no longer be applicable.

With respect to a Business Combination which is approved and consummated, any Public Stockholder who voted against the Business Combination may demand that the Company convert his or her shares. The per share conversion price will equal the amount in the Trust Account, calculated as of two business days prior to the consummation of the proposed Business Combination divided by the number of shares of common stock held by Public Stockholders at the consummation of the Offering. Accordingly, Public Stockholders holding 19.99% of the aggregate number of shares owned by all Public Stockholders may seek conversion of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive their per share interest in the Trust Account computed without regard to the shares held by the Initial Stockholders.

The Company's Amended and Restated Certificate of Incorporation provides that the Company will continue in existence only until 24 months from the effective date of the Offering (until October 11, 2008). If the Company has not completed a Business Combination by such date, its corporate existence will cease and it will dissolve and liquidate for the purposes of winding up its affairs. In the event of liquidation, it is likely that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the initial public offering price per share in the Offering due to costs related to the Offering and since no value would be attributed to the Warrants contained in the Units sold.

Note 2 Significant Accounting Policies

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

a. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

b. Net Income (Loss) Per Common Stock:

Net income (loss) per share is computed based on the weighted average number of shares of common stock outstanding.

c. Concentrations of Credit Risk:

Financial instruments that potentially subject the Company to a significant concentration of credit risk consist primarily of cash and investments held in trust. The Company may maintain deposits in federally insured financial institutions in excess of federally insured limits. However, management believes the Company is not exposed to significant credit risk due to the financial position of the depository institutions in which those deposits are held.

d. Fair Value of Financial Instruments:

The fair values of the Company's assets and liabilities that qualify as financial instruments under SFAS No. 107 Disclosures about Fair Value of Financial Instrument, approximate their carrying amounts presented in the balance sheet at December 31, 2007 and 2006.

e. Deferred Interest Income:

Deferred interest consists of 19.99% of the interest earned on the investments held in trust, as it represents interest attributable to the common stock subject to possible conversion (See Note 1).

f. Recently Issued Accounting Pronouncements:

In December 2007, the FASB issued SFAS No. 141 (revised 2007), *Business Combinations*. This statement requires an acquiror to recognize the assets acquired, the liabilities assumed, and any non controlling interest in the acquiree at the acquisition date, measured at their fair values as of that date, with limited exceptions specified in the statement. That replaces Statement 141 cost-allocation process, which required the cost of an acquisition to be allocated to the individual assets acquired and liabilities assumed based on their estimated fair values. This statement applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. An entity may not apply it before that date. The Company is currently assessing the impact, if any, this pronouncement may have on its financial statements.

In September 2006, the FASB issued FASB No. 157, *Fair Value Measurements* (*FAS 157*). *FAS 157* does not require any new fair value measurements, but rather, it provides enhanced guidance to other pronouncements that require or permit assets or liabilities to be measured at fair value. However, the application of this statement may change how fair value is determined. The statement is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. As of December 1, 2007 the FASB has proposed a one-year deferral for the implementation of the statement for non-financial assets and non-financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Company is currently assessing the impact, if any, this pronouncement may have on its financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* . This statement provides all entities with an option to report selected financial assets and liabilities at fair value. The statement is effective as of the beginning of the entity's first fiscal year beginning after November 15, 2007, with early adoption available in certain circumstances. The Company is currently assessing the impact, if any, this pronouncement may have on its financial statements.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements* , an amendment of Accounting Research Bulletin (*ARB*) No. 51. This statement amends ARB 51 to establish accounting and reporting standards for the non-controlling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a non-controlling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. This statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008 (that is January 1, 2009, for entities with calendar year-ends). Earlier adoption is prohibited. The Company is currently assessing the impact, if any, this pronouncement may have on its financial state.

TABLE OF CONTENTS

FORTISSIMO ACQUISITION CORP. (A Development Stage Corporation)

NOTES TO FINANCIAL STATEMENTS

Note 3 Investments Held in Trust

Investments held in trust at December 31, 2007 consist of tax-free investments, which include accrued interest of \$69,876.

Investments held in trust at December 31, 2006 consist of a zero coupon United States Treasury Bills, which includes interest of \$279,684 and trust cash of \$632.

Note 4 Income Taxes

Deferred income tax assets and liabilities are computed for differences between the financial statement and tax basis of assets and liabilities that will result in future taxable or deductible amounts and are based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred income tax assets to the amount expected to be realized.

The components of the provision (benefits) for income taxes are as follows:

	Year Ended December 31, 2007	Year Ended December 31, 2006
Current:		
Federal taxes	\$ 78,798	\$ 86,338
Deferred:		
Federal taxes	(123,272)	(41,865)
Total provision for (benefit from) income taxes	\$ (44,474)	\$ 44,473

The tax effect of temporary differences that give rise to the deferred tax asset is as follows:

	December 31, 2007	December 31, 2006
Interest income deferred for reporting purposes	\$ 41,677	\$ 19,009
Expenses deferred for income tax purposes	263,633	22,856
Less: valuation allowance	(140,172)	
Total deferred tax asset	\$ 165,136	\$ 41,865

The total provision for income taxes differs from that amount which would be computed by applying the U.S. Federal income tax rate to income before provision for income taxes as follow:

	Year Ended December 31, 2007	Year Ended December 31, 2006
Statutory federal income tax rate	34.0 %	34.0 %
Non taxable income	(932.2)%	%
Increase (decrease) in valuation allowance	681.9 %	(0.8)%
Effective income tax rate	(216.3)%	33.2 %

The company has recorded a valuation allowance on a portion of the state deferred tax asset because management believes it is more likely than not that this asset will not be realized based on current operations.

Note 5 Commitments

The Company presently occupies office space provided by an affiliate of an Initial Stockholder. Such affiliate has agreed that, until the acquisition of a target business by the Company, it will make such office space, as well as certain office and secretarial services, available to the Company, as may be required by the

Company from time to time. The Company has agreed to pay such affiliate \$7,500 per month for such services commencing on October 11, 2006 and ending upon the consummation of a Business Combination. The statement of operations for the years ended December 31, 2007 and 2006 include \$90,000 and \$19,839 relating to this agreement, respectively. As of December 31, 2007 accrued expenses included \$16,843 payable to the Initial Stockholder relating to this agreement.

The Initial Stockholders have waived their right to receive distributions with respect to their founding shares and shares included within the Insider Units upon the Company's liquidation.

The Initial Stockholders and holders of the Insider Units (or underlying securities) are entitled to registration rights with respect to their founding shares and Insider Units (or underlying securities). The holders of the majority of founding shares are entitled to demand that the Company register these shares at any time commencing three months prior to October 11, 2009. The holders of a majority of the Insider Units (or underlying securities) are entitled to demand that the Company register such securities at any time after the Company consummates a Business Combination. In addition, the Initial Stockholders and holders of the Insider Units (or underlying securities) have certain piggy-back registration rights on registration statements filed subsequent to a Business Combination. The Underwriter's Option is subject to similar registration rights.

Note 6 Stockholders Equity

a. The Offering:

The Company sold 4,535,000 units (Units) in the Offering, which included 535,000 Units that were sold upon the exercise of the underwriters' over-allotment option. Each Unit consists of one share of the Company's common stock, \$.0001 par value, and two Redeemable Common Stock Purchase Warrants (Warrants). Each Warrant entitles the holder to purchase from the Company one share of common stock at an exercise price of \$5.00 commencing on the later of the completion of a Business Combination with a target business or October 11, 2007 and expiring on October 10, 2010. The Warrants will be redeemable at a price of \$.01 per Warrant upon 30 days notice after the Warrants

become exercisable, only in the event that the last sale price of the common stock is at least \$8.50 per share for any 20 trading days within a 30 trading day period ending on the third day prior to the date on which notice of redemption is given. In connection with this Offering, the Company issued an option, for \$100, to the representative of the underwriters to purchase 400,000 Units at an exercise price of \$7.50 per Unit (see Common Stock Commitments below).

The Company accounted for the fair value of the option, inclusive of the receipt of the \$100 cash payment, as an expense of the Offering resulting in a charge directly to stockholders' equity. The Company estimated that the fair value of this option was approximately \$1,485,882 (\$3.71 per Unit) using a Black-Scholes option-pricing model. The fair value of the Underwriter's Option is estimated as of the date of grant using the following assumptions: (1) expected volatility of 77.9%, (2) risk-free interest rate of 4.77% and (3) expected life of 5 years. The option may be exercised for cash or on a cashless basis, at the holder's option, such that the holder may use the appreciated value of the option (the difference between the exercise prices of the option and the underlying Warrants and the market price of the Units and underlying securities) to exercise the option without the payment of any cash. The warrants underlying such Units are exercisable at \$5.00 per share, but otherwise have the same terms and conditions as the Warrants. Separate trading of the Common Stock and Warrants underlying the Company's Units commenced in October 2006.

b. Preferred Stock:

The Company is authorized to issue up to 1,000,000 shares of Preferred Stock with such designations, voting, and other rights and preferences as may be determined from time to time by the Board of Directors.

Prior to the consummation of a Business Combination, the Company may not issue Preferred Stock which participates in the proceeds of the Trust Account, or which votes as a class with the Common Stock on a Business Combination.

Note 6 Stockholders' Equity (continued)

c. Common Stock Commitments:

The Company has 10,936,668 shares of common stock commitments in the form of Warrants and the underwriters' option, which are currently not exercisable.

d. Common Stock Subject to Conversion

Public Stockholders holding 19.99% of the aggregate number of shares owned by all Public Stockholders may seek conversion of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive

their per share interest in the Trust Account computed without regard to the shares held by Initial Stockholders.

Accordingly, a portion of the net proceeds from the Offering (19.99% of the amount held in the Trust Account) has been classified as common stock subject to possible conversion in the accompanying balance sheets and 19.99% of the related interest earned has been recorded as deferred interest.

Note 7 Earnings Per Share

Basic earnings per share is computed by dividing net income by the weighted-average number of shares of common stock outstanding during the period. Diluted earnings per share reflect the additional dilution for all potentially dilutive securities such as stock warrants and options. The effect of the 9,736,668 outstanding warrants, issued in connection with the initial public offering described in Note 1 has not been considered in the diluted net earnings per share since the warrants are contingently exercisable. The effect of the 400,000 units included in the underwriters purchase option, as described in Note 6, along with the warrants underlying such units (1,200,000 of stock and stock equivalents), has not been considered in the diluted earnings per share calculation since the market price of the unit was less than the exercise price during the period.

Note 8 Subsequent Event

On January 15, 2008, the Company entered into an Agreement and Plan of Merger and Interests Purchase Agreement (Merger Agreement) with Psyop, Inc. (Psyop), Psyop s shareholders, and Psyop Services, LLC, which is owned by the Psyop shareholders and does business under the name of Blacklist, and FAC Acquisition Sub Corp., our wholly owned subsidiary (Merger Sub). Pursuant to the Merger Agreement, Merger Sub will be merged into Psyop, with Psyop being the surviving corporation and becoming our wholly owned subsidiary. Within 10 days thereafter, Psyop will be merged into the Company and we will change our name to Psyop, Inc. The Merger Agreement also provides that we will purchase all of the outstanding membership interests of Blacklist. As a result of such purchase, Blacklist will become a wholly owned subsidiary of the Company as well. The combination of these events is referred to herein as the merger .

Psyop is a producer of digital content for advertising, specializing in animation and special effects, including combined animation and live action imagery.

Merger Consideration

Closing Merger Consideration. At the closing, we will pay Psyop s shareholders merger consideration (including payment for the Blacklist membership interests) of 3,337,941 shares of the Company s common stock and \$10,140,079 in cash. Such stock had a value of approximately \$19,260,000, based on the average closing price of the Company s common stock over the thirty trading days preceding January 11, 2008, which was two trading days prior to the date the Merger Agreement was signed.

Contingent Consideration. The Psyop shareholders will also be entitled to receive additional payments of shares of the Company s common stock and cash based on the achievement of specified revenue and EBITDA milestones in the years 2008, 2009 and 2010. Such payments are referred to in the Merger Agreement as contingent payments. The maximum contingent payment that could be payable to Psyop shareholders over a three year period is an aggregate of \$13.75 million.

**FORTISSIMO ACQUISITION CORP.
(A Development Stage Corporation)**

NOTES TO FINANCIAL STATEMENTS

Note 8 Subsequent Event (continued)

Additional Consideration. The Psyop shareholders will also receive a minimum additional payment of \$4,000,001 if at least a majority of the warrants issued in the Company's IPO are exercised prior to their expiration, which will be increased proportionally to \$8,000,000 if all of the warrants are exercised. Such minimum and maximum payments will increase to \$5,000,001 and \$10,000,000, respectively, and intermediate payments will increase proportionally, if there is a call by the Company to redeem the warrants. Such payments will be payable two-thirds in shares of the Company's common stock and one-third in cash, with the stock valued at the closing price of the Company's common stock on the date the warrants are redeemed or expire, as applicable.

It is anticipated that the transaction will be consummated in the summer of 2008, after the required approval by the Company's stockholders. However, unless otherwise indicated, these financial statements assume that the foregoing transaction is not consummated and that the Company must seek a different business combination. If the company does not consummate a business combination by October 11, 2008, the Company will face mandatory liquidation.

**REPORT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

To the Board of Directors and Stockholders of
Psyop, Inc.

We have audited the accompanying consolidated and combined balance sheets of Psyop, Inc. and Affiliates (collectively, the Company) as of December 31, 2007 and 2006, and the related consolidated and combined statements of operations, changes in stockholders' equity and comprehensive income (loss), and cash flows for each of the years in the two-year period ended December 31, 2007. These consolidated and combined financial statements are the

responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated and combined financial statements referred to above present fairly, in all material respects, the financial position of Psyop, Inc. and Affiliates as of December 31, 2007 and 2006, and the results of their operations and cash flows for each of the years in the two-year period ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED AND COMBINED

FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies

Nature of Operations

Psyop, Inc. (Psyop) and Psyop UK, LLC (Psyop UK), a United Kingdom limited liability company that is a wholly owned subsidiary of Psyop, are designers and producers of video content for national and international advertising and other interests. Psyop and Psyop UK conduct business principally with advertising agencies, which engage them to provide design and production services for their respective clients. Psyop Services, LLC (Psyop Services), an affiliate of Psyop under common ownership, provides representation of design-led commercial and content creators. Psyop Services negotiates and signs contracts on behalf of client companies that outsource the work in return for a percentage commission of the project cost for lead generation, branding, mentoring and project management.

Principles of consolidation and combination

The accompanying consolidated and combined financial statements include the accounts of Psyop, Psyop Services, and Psyop UK (collectively, Psyop, Inc. and Affiliates or the Company). Psyop Services and Psyop UK were formed during 2005 and commenced operations in 2006. All material intercompany accounts and transactions have been eliminated in the consolidated and combined financial statements. Although the financial statements have been combined, they do not represent those of a single legal entity.

Revenue Recognition

Psyop recognizes revenues using the percentage-of-completion method of accounting in accordance with Statement of Position 81-1 Accounting for Performance of Construction-Type and Certain Production-Type Contracts and in conjunction with Staff Accounting Position No. 104, Revision of Topic 13: Revenue Recognition in Financial Statements, which provides for the recognition of revenue when (1) persuasive evidence of a final agreement exists, (2) delivery has occurred or services have been rendered, (3) the selling price is fixed or determinable, and (4) collectibility is reasonably assured. Accordingly, earnings are recognized on a contract-by-contract basis in the ratio that actual costs incurred bear to total estimated costs, as determined by management. Adjustments to cost estimates are made periodically, based upon the specific circumstances affecting each contract in progress. Losses expected to be incurred on contracts in progress are charged to operations in the period such losses are determined.

The aggregate of costs incurred and earnings recognized on uncompleted contracts in excess of related billings is shown as a current asset, and the aggregate of billings on uncompleted contracts in excess of related costs incurred and earnings recognized is shown as a current liability.

Psyop Services recognizes revenues as services are provided.

Cost Recognition

Contract costs include all labor, subcontractors and those indirect costs related to contract performance such as indirect labor, supplies, and other production costs. Changes in job performance, job conditions, and estimated profitability, including those arising from contract penalty provisions, and final contract settlements may result in revisions to costs and income and are recognized in the period in which the revenues or costs are determined. All costs incurred in connection with pitches made to obtain a contract are expenses as incurred. If a contract is awarded, the

costs associated with the pitch are included as part of the cost of the related project. If a contract is not awarded, the costs are classified as selling, general and administrative expenses.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under Statement of Financial Accounting Standards (SFAS) No. 107, Disclosures About Fair Value of Financial Instruments, approximate the carrying amounts presented in the consolidated balance sheets.

Cash

The Company considers all investment instruments with maturities of three months or less to be cash equivalents. At various times during the years, balances of cash at financial institutions exceeded the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash and cash equivalents.

Accounts Receivable

The Company carries its accounts receivable at cost less an allowance for doubtful accounts. On a periodic basis, management evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions. Accounts are written off once management has determined the balances will not be collected. An allowance for doubtful accounts was deemed unnecessary at December 31, 2007 and 2006.

Property and Equipment

Property and equipment are recorded at cost less accumulated depreciation and amortization. Costs of additions and substantial improvements to property and equipment are also capitalized. Maintenance and repairs are charged to operations as incurred. Asset and related accumulated depreciation amounts are relieved from the accounts for retirements or dispositions.

Depreciation on property and equipment is computed using the straight-line method over the estimated useful lives of the assets ranging from three to five years, while leasehold improvements are amortized, using the straight line

method, over the shorter of either their economic useful lives or the term of the respective leases.

Impairment of Long-Lived Assets

The Company adheres to SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and periodically assesses the recoverability of the carrying amounts of long-lived assets. A loss is recognized when expected undiscounted future cash flows are less than the carrying amount of the asset. The impairment loss is the difference by which the carrying amount of the asset exceeds its fair value.

Income Taxes

Psyop, the parent company, is a United States corporation and files corporate income tax returns in the United States. Psyop Services is a United States limited liability company and is subject to New York City Unincorporated Business Tax (UBT). Psyop UK is incorporated in England and Wales and, as such, files its own corporate income tax returns in the United Kingdom. The Company complies with SFAS No. 109 Accounting for Income Taxes, which requires an asset and liability approach to financial reporting of income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

Earnings Per Share

The Company complies with SFAS No. 128, Earnings Per Share. SFAS No. 128 requires dual presentation of basic and diluted income per common share for all periods presented. Basic income per common share excludes dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted income per common share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then share in the income of the Company. During the years ended December 31, 2007 and 2006, the Company had no securities or other contracts that could be converted to common stock. Accordingly, the basic and diluted weighted average common shares were the same.

Use of Estimates

The preparation of consolidated and combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated and combined financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Foreign Currency Translation

The Company complies with SFAS No. 52, *Foreign Currency Translation*, which states that for foreign subsidiaries whose functional currency is the local foreign currency, assets and liabilities are translated using the published exchange rate in effect at the balance sheet date. Results of operations are translated using an approximated weighted average exchange rate for the year. Resulting translation adjustments are recorded as a component of accumulated other comprehensive income (loss). Due to the immateriality of the translation adjustment, foreign currency translations have been recorded to operations for the year ended December 31, 2006.

Comprehensive Income (Loss)

The Company complies with SFAS No. 130, *Reporting Comprehensive Income*. SFAS No. 130 establishes rules for the reporting and display of comprehensive income (loss) and its components. SFAS No. 130 requires the Company's change in the foreign currency translation adjustments to be included in other comprehensive income (loss).

Recently Issued Accounting Pronouncements

In June 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* an Interpretation of FASB Statement No. 109 (FIN No. 48). FIN No. 48 clarifies what criteria must be met prior to recognition of the financial statement benefit of a position taken in a tax return. FIN No. 48 will require companies to include additional qualitative and quantitative disclosures within their financial statements. The disclosures will include potential tax benefits from positions taken for tax return purposes that have not been recognized for financial reporting purposes and a tabular presentation of significant changes during each period. The disclosures will also include a discussion of the nature of uncertainties, factors which could cause a change, and an estimated range of reasonably possible changes in tax uncertainties.

FIN No. 48 will also require a company to recognize a financial statement benefit for a position taken for tax return purposes when it will be more-likely-than-not that the position will be sustained. FIN No. 48 will be effective for fiscal years beginning after December 15, 2007. The adoption of FIN No. 48 is not expected to have a material impact on the Company's financial statements.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*. This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles,

FS-22

Recently Issued Accounting Pronouncements (continued)

expands disclosures about fair value measurements, and applies under other accounting pronouncements that require or permit fair value measurements. SFAS No. 157 does not require any new fair value measurements. However, the FASB anticipates that for some entities, the application of SFAS No. 157 will change current practice. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, which for the Company would be its fiscal year beginning January 1, 2008. The Company is currently evaluating the impact of SFAS No. 157 on its financial condition and results of operations.

In September 2006, the Staff of the SEC issued Staff Accounting Bulletin No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements* (SAB 108). SAB 108 requires registrants to use a combination of two approaches to evaluate the materiality of identified unadjusted errors, the rollover approach, which quantifies an error based on the amount of the error originating in the current year income statement, and the iron curtain approach, which quantifies an error based on the effects of correcting the misstatement existing in the balance sheet at the end of the current year. SAB 108 permits companies to adjust for the cumulative effect of immaterial errors relating to prior years in the carrying amount of assets and liabilities as of the beginning of the current fiscal year, with an offsetting adjustment to the opening balance of retained earnings in the year of adoption. We have adopted SAB 108 in fiscal 2007. Our adoption of SAB 108 did not impact our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities*. This Statement permits entities to choose to measure many financial instruments at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The Company is currently assessing the impact of SFAS No. 159 on its financial condition and results of operations.

In December 2007, the FASB issued SFAS No. 141R, *Business Combinations* (SFAS 141R). SFAS 141R replaces SFAS 141 and establishes principles and requirements for how an acquiror recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, any noncontrolling interest in the acquiree and the goodwill acquired. SFAS 141R also establishes disclosure requirements which will enable users to evaluate the nature and financial effects of the business combination. Acquisition costs associated with the business combination will generally be expensed as incurred. SFAS 141R is effective for business combinations occurring in the fiscal years beginning after December 15, 2008, which will require the Company to adopt these provisions for business combinations occurring in fiscal 2009 and thereafter.

In December 2007, the Financial Accounting Standards Board issued SFAS No. 160, *Non-controlling Interests in Consolidated Financial Statements, an amendment of ARB 51*, which changes the accounting and reporting for minority interests. Minority interests will be recharacterized as noncontrolling interests and will be reported as a

component of equity separate from the parent's equity, and purchases or sales of equity interests that do not result in a change in control will be accounted for as equity transactions. In addition, net income attributable to the noncontrolling interest will be included in consolidated net income on the face of the income statement and, upon a loss of control, the interest sold, as well as any interest retained, will be recorded at fair value with any gain or loss recognized in earnings. SFAS No. 160 is effective for financial statements issued for fiscal years beginning after December 15, 2008 and will apply prospectively, except for the presentation and disclosure requirements, which will apply retroactively. The adoption of SFAS No. 160 will not have a significant impact on the Company's financial position, results of operations or cash flows.

8. Income taxes (continued)

The components of income tax (benefit) expense for the years ended December 31 are as follows:

	2007	2006
Current		
Federal	\$ 134,485	\$ 46,921
State	51,092	13,944
Local	49,669	54,353
	235,246	115,218
Deferred		
Federal	45,000	(114,000)
State	18,000	(40,000)
Local	17,000	(39,000)
	80,000	(193,000)
	\$ 315,245	\$ (77,782)

A reconciliation of the statutory federal income tax rate and the effective tax rate for the years ended December 31, 2007 and 2006 are as follows:

	2007	2006
	%	%
Federal statutory rate	34.0	34.0
State & local taxes, net of Federal benefit	11.8	11.8
Effect of Psyop Services taxed as an LLC	(8.6)	(25.1)
Effective tax rate	37.2	20.7

As Psyop Services is a limited liability company, it is not subject to federal or state income taxes. It is subject to the New York City UBT, which has a tax rate of about half of the New York City corporate tax rate. Accordingly any income or losses generated by Psyop Services are going to reduce the effective tax rate of the combined entities. For the year ended December 31, 2007, Psyop Services generated taxable income, which was offset in part by the tax losses it generated during the year ended December 31, 2006, resulting in a New York City UBT of approximately \$1,000 for the year ended December 31, 2007. The \$1,000 New York City UBT and the reversal (in 2007) of an approximate \$7,000 valuation allowance established against the tax loss generated during 2006, are reflected in the reconciling effect of Psyop Services taxed as an LLC to the 2007 effective tax rate.

9. Retirement plan

The Company has a defined contribution retirement plan (the Plan) under the provisions of Section 401(k) of the Internal Revenue Code (IRC) that covers all eligible employees as defined in the Plan. Participants may elect to contribute up to 100% of pre-tax annual compensation, as defined by the Plan, up to a maximum prescribed by the IRC. The Company may make a discretionary matching contribution equal to the contributions elected by the participants. The Company, at its discretion, may make additional contributions subject to limitations. For the years ended December 31, 2007 and 2006, the Company contributed or accrued 401(k) Plan contributions of approximately \$144,000 and \$544,000, respectively.

10. Common stock

The Company has two classes of common stock: Common Stock and Class B Common Stock. Holders of capital stock are entitled to one vote for each share held. Holders of Class B Common Stock have all the rights of holders of

Common Stock except that holders of Common Stock receive a preference distribution of \$2,415,042 in any liquidation, sale, winding up, or any other transaction where the assets of the Company are distributed or transferred to another party. The Class B Shares are convertible to Common Shares in 2014 if the shareholder remains employed by the Company on a full time basis until that date.

11. Loan receivable, stockholder

Loan receivable, stockholder arose from the sale of 600 shares of the Company's Class A common stock, at a price of \$46.67 per share, to an officer of the Company during the year ended December 31, 2004. The shares were issued concurrent with a promissory note from the officer in the amount of \$28,000, payable in five annual installments, with interest accruing at 5.00% per annum. The note is secured by a pledge of the shares purchased by the officer.

12. Commitments

Facilities

The Company leases production and corporate headquarters facilities pursuant to various non-cancellable operating leases expiring through December 31, 2017. The leases provide for the Company to pay various executory costs such as real estate taxes, insurance and repairs. In January 2008, the Company entered into a lease for additional production facilities. In connection with this lease, the Company has issued the landlord an irrevocable, unconditionable, and transferable letter of credit for the sum of \$1,000,000 as a security deposit. Under the terms of the lease, the letter of credit will be reduced by \$100,000 annually through December 31, 2017.

Future minimum annual rental payments required as follows:

2008	\$935,000
2009	849,000
2010	864,000
2011	879,000
2012	642,000
Thereafter	2,340,000

\$6,509,000

Rent expense amounted to \$558,978 and \$372,780 for the years ended December 31, 2007 and 2006, respectively.

Other

The Company has an agreement with an individual that provides business referrals to the Company for commissions. The agreement can be terminated by either party upon 60 days written notification; accordingly, the Company is obligated to pay such commissions on certain North American contracts that are entered into, via the individual's business reference efforts. Commission expense amounted to \$881,633 and \$1,223,766 for the years ended December 31, 2007 and 2006, respectively.

13. Concentrations

Four (4) and two (2) advertising agencies accounted for 58% and 34% of gross revenues for the years ended December 31, 2007 and 2006, respectively. The loss of any one of these advertising agencies would not have a material effect on the operations of the Company. Total accounts receivable outstanding from these advertising agencies at December 31, 2007 and 2006 were approximately \$982,000 and \$672,000, respectively.

14. Subsequent Event

On January 15, 2008, the Company entered into an Agreement and Plan of Merger and Interests Purchase Agreement (' Merger Agreement') with Fortissimo Acquisition Corp. (Fortissimo) and FAC Acquisition Sub Corp., a wholly-owned subsidiary of Fortissimo (Merger Sub). Pursuant to the Merger Agreement, Merger Sub will be merged into Psyop, with Psyop being the surviving corporation and becoming a wholly-owned subsidiary of Fortissimo. Within 10 days thereafter, Psyop will be merged into Fortissimo, which will

change its name to Psyop, Inc. The Merger Agreement also provides that Fortissimo will purchase all of the outstanding membership interests of Psyop Services. As a result of such purchase, Psyop Services will become a wholly-owned subsidiary of Fortissimo.

At the closing, Fortissimo will pay Psyop's shareholders merger consideration (including payment for the Psyop Services membership interests) of 3,337,941 shares of Fortissimo's common stock and \$10,140,079 in cash. The Psyop shareholders will also be entitled to receive additional payments of shares of Fortissimo common stock and cash based on Psyop's achievement of specified revenue and EBITDA milestones in the years 2008, 2009 and 2010.

and not as a penalty amount, and in lieu of any other right or remedy that Parent may have against the other parties to this Agreement for such breach.

Section 6.05. *Further Action; Consents; Filings.*

(a) Upon the terms and subject to the conditions hereof, each of the parties hereto shall use commercially reasonable efforts to (i) take, or cause to be taken, all appropriate action, and do, or cause to be done, all things necessary, proper or advisable under applicable Law or otherwise to consummate and make effective the transactions contemplated hereby, (ii) obtain from Governmental Entities any consents, licenses, permits, waivers, approvals, authorizations or orders required to be obtained or made by Parent or the Company in connection with the authorization, execution and delivery of this Agreement and the consummation of the transactions contemplated hereby and (iii) make all necessary filings, and thereafter make any other required or appropriate submissions, with respect to this Agreement and the transactions contemplated hereby required under any applicable Laws. The parties hereto shall cooperate and consult with each other in connection with the making of all such filings.

(b) Each of the Company and Parent will give any notices to third Persons, and use commercially reasonable efforts to obtain any consents from third Persons necessary, proper or advisable (as determined in good

faith by Parent with respect to such notices or consents to be delivered or obtained by the Company) to consummate the transactions contemplated by this Agreement.

Section 6.06. *Certain Tax Matters.*

(a) *Transfer Taxes.* All transfer, documentary, sales, use, stamp, registration and other such Taxes and fees (including any penalties and interest) incurred in connection with this Agreement, shall be paid by the Stockholders when due, and the Stockholders will, at their own expense, file all necessary Tax Returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other Taxes and fees, and, if required by applicable law, Parent will, and will cause its Affiliates to, join in the execution of any such Tax Returns and other documentation.

(b) *Tax Returns.* The following provisions shall govern the allocation of responsibility as between Parent and the Stockholders for certain Tax matters following the Closing Date:

- The Parent shall prepare and timely file or shall cause to be prepared and timely filed all Tax Returns of the Company, Blacklist and the Company Subsidiary, provided, however, that the Stockholders Representative shall be responsible for any partnership Tax Returns of Blacklist for taxable periods ending on or before the Closing Date. The Parent shall permit the Stockholders Representative, at its expense, an opportunity to review and make reasonable comment on any such Tax Returns prior to filing if the payment of the Tax shown as due and payable on such Tax Return would give rise to an indemnification obligation by the Stockholders pursuant to Article IX. The Parent agrees to consider reasonable comments provided by the Stockholders Representative to Parent within seven (7) days after receipt of such draft or pro forma Tax Return. The Parent shall not be required to delay, or cause to be delayed, the filing of such Tax Return pending resolution of any dispute arising with respect such Tax Return. Within five (5) days after receiving a written request from the Parent, the Stockholders shall pay to the Parent an amount equal to any Taxes shown on such Tax Returns that relate to the operations of the Company, Blacklist or the Company Subsidiary for any period ending (or deemed pursuant to Section 6.06(b)(iii) to end) on or before the Closing Date.
- (i)

The Parent and the Stockholders agree that if the Company, Blacklist or the Company Subsidiary is permitted but (ii) not required under applicable foreign, state or local Tax laws to treat the Closing Date as the last day of a taxable period, the Parent and the Stockholders shall treat such day as the last day of a taxable period.

The portion of any Taxes for a taxable period beginning before and ending after the Closing allocable to the portion of such period ending on the Closing Date shall be deemed to equal (A) in the case of Taxes that (x) are based upon or related to income or receipts or (y) imposed in connection with any sale or other transfer or assignment of property, other than Taxes described in Section 6.06(a), the amount which would be payable if the (iii) taxable year ended with the Closing Date, and (B) in the case of other Taxes imposed on a periodic basis (including property Taxes), the amount of such Taxes for the entire period multiplied by a fraction the numerator of which is the number of calendar days in the period ending with the Closing Date and the denominator of which is the number of calendar days in the entire period. For purposes of Section 6.06(b)(iii)(A) any exemption, deduction, credit or other item that is calculated on an annual basis shall be allocated pro rata per day between the period ending on the Closing Date and the period beginning the day after the Closing Date.

Parent and the Stockholders further agree, upon request, to use their reasonable efforts to obtain any certificate or (iv) other document from any governmental authority or any other Person as may be necessary to mitigate, reduce or eliminate any Tax that could be imposed (including, but not limited to, with respect to the transactions contemplated hereby).

(c) *Cooperation on Tax Matters.* Parent, the Company and the Stockholders shall cooperate fully, as and to the extent reasonably requested by the other party, in connection with the filing of Tax Returns pursuant to this Section and any audit, litigation or other proceeding with respect to Taxes. Such cooperation shall include

A-41

the retention and (upon the other party's request) the provision of records and information which are reasonably relevant to any such audit, litigation or other proceeding and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. The Parent and the Stockholders agree (A) to retain all books and records with respect to Tax matters pertinent to the Company, the Company Subsidiary and Blacklist relating to any taxable period beginning before the Closing Date until the expiration of the statute of limitations (and, to the extent notified by Parent or the Stockholders, any extensions thereof) of the respective taxable periods, and to abide by all record retention agreements entered into with any taxing authority, and (B) to give the other party reasonable written notice prior to transferring, destroying or discarding any such books and records and, if the other party so requests, the Parent or the Stockholders, as the case may be, shall allow the other party to take possession of such books and records.

(d) *Tax Audits.* Parent shall have the sole right to represent the interests of the Company, Blacklist and the Company Subsidiary in all Tax audits or administrative or court proceedings, provided, however, that Parent shall have no obligation to represent the interests of Blacklist with respect to any partnership proceeding for taxable periods ending on or before the Closing Date. If any taxing authority asserts a claim, makes an assessment or otherwise disputes or affects any Tax for which the Stockholders are responsible hereunder Parent shall, promptly upon receipt by Parent or the Company of written notice thereof, inform the Stockholders' Representative thereof. The failure of Parent or the Company or their Affiliates timely to forward such notification in accordance with the immediately preceding sentence shall not relieve the Stockholders of their obligation to pay such liability for Taxes except and to the extent that the failure timely to forward such notification actually prejudices the ability of the Stockholders to contest such liability for Taxes or increases the amount of such Taxes. The Stockholders' Representative shall have the right to participate, at the Stockholders' expense, in any Tax audit or administrative or court proceeding relating to taxable periods of the Company which end on or before the Closing Date if the results of such Tax audit or proceeding could reasonably be expected to give rise to an indemnification obligation by the Stockholders hereunder for Taxes; provided, that the Stockholders' Representative must provide written notice to the Parent of its participation within thirty (30) days of receiving notice from the Parent of such proceeding; and provided, further, the Parent shall not

settle or compromise such Tax audit or administrative or court proceeding without the written consent of the Stockholders Representative, which consent shall not be unreasonably withheld or delayed.

(e) *Withholding.* Notwithstanding any other provision in this Agreement, the Parent and the Company shall have the right to deduct and withhold Taxes from any payments to be made hereunder if such withholding is required by law and to collect any necessary Tax forms, including Form W-9 or the appropriate series of Form W-8, as applicable, or any similar information, from the Stockholders and any other recipients of payments hereunder. To the extent that amounts are so withheld, such withheld amounts shall be treated for all purposes of this Agreement as having been delivered and paid to the Stockholders or other recipient of payments in respect of which such deduction and withholding was made.

(f) *Plan of Reorganization.* The parties hereto intend that the Subsidiary Merger and the Upstream Merger, considered together as a single integrated transaction for United States federal income tax purposes, shall constitute a reorganization within the meaning of Section 368(a)(1)(A) of the Code. The parties hereto adopt this Agreement as a plan of reorganization within the meaning of Sections 1.368-2(g) and 1.368-3(a) of the U.S. Income Tax Regulations. The parties are not aware of any facts or circumstances that would preclude the Subsidiary Merger and the Upstream Merger, considered together as a single integrated transaction for United States federal income tax purposes, from qualifying for treatment as a reorganization for U.S. federal income tax purposes and have not and will not take any actions inconsistent with such treatment.

(g) *Tax Treatment of Indemnity Payments.* The Stockholders and Parent agree to treat any indemnity payment made pursuant to Article IX as an adjustment to the purchase price for federal, state, local and foreign income tax purposes.

(h) *Tax Sharing Agreements.* All tax sharing agreements or similar agreements with respect to or involving the Company, Blacklist or the Company Subsidiary shall be terminated as of the Closing Date and, after the Closing Date, none of the Company, Blacklist or the Company Subsidiary shall be bound thereby or have any liability thereunder.

(i) *Tax Treatment of Blacklist Interests Purchase; Allocation of Blacklist Interests Amount.* Each of Parent, the Company and the Members agree to treat the sale by the Members of Blacklist of all of the equity interests in Blacklist to Parent as a taxable sale of the assets of Blacklist (the ***Blacklist Assets***) to Parent for federal income tax purposes.

Each of the Members will include any income, gain, loss or deduction resulting from the taxable transfer of the Blacklist Assets on such Member's Tax Return to the extent required by applicable Law and the Members shall pay or cause to be paid any Taxes imposed as a result of such asset transfer. Attached hereto as *Schedule 6.06(i)* is a schedule allocating the Blacklist Interests Amount, any assumed liabilities of Blacklist and other relevant items among the Blacklist Assets pursuant to Section 1060 of the Code and the regulations thereunder and comparable provisions of state and local law (the ***Allocation Schedule***). Tax and financial accounting purposes, the parties shall file all Tax Returns in a manner consistent with such Allocation Schedule and no party shall take any position that is inconsistent with the Allocation Schedule in any audit, examination or other proceeding relating to Taxes.

Section 6.07. *Public Announcements.* Until the earlier of termination of this Agreement or the Closing Date, the Parent, on the one hand, and the Company and the Stockholders, on the other hand, will consult with each other before issuing any press release or otherwise making any public statements with respect to the Agreement or the transactions contemplated hereby and shall not issue any such press release or make any such public statement that is not approved by the other party, which approval shall not be unreasonably withheld. Notwithstanding the foregoing, nothing contained in this Section shall impair either Party's compliance with any Law applicable to it, or any requirements of the SEC or the national securities exchange or other stock market on which such Party's securities are traded; and,

provided further, that Parent may issue external media and investor communications related to the transactions contemplated by this Agreement if such external media or investor communications are in accordance with Parent's past practice for disclosures related to similar transactions.

(a) As promptly as practicable after the execution of this Agreement, Parent will prepare and file the Proxy Statement with the SEC. The Proxy Statement will include the information required under applicable Law for the purpose of soliciting proxies of the stockholders of Parent to vote in favor of (i) the approval of this Agreement, the Mergers and the Interests Purchase; (ii) the change of the name of Parent to Psyop, Inc. ; (iii) an amendment to Parent's Certificate of Incorporation to increase the number of authorized shares of Parent Common Stock to 40,000,000; (iv) an amendment to Parent's Certificate of Incorporation to make Parent's corporate existence perpetual and to delete therefrom provisions that will no longer be applicable upon consummation of the Subsidiary Merger; (v) the election of directors; (vi) the approval of an equity incentive plan for the benefit of the employees of and consultants to the Surviving Corporation as well as for the benefit of employees, consultants and directors of Parent, in an amount not to exceed 9.4% of the outstanding share capital of Parent immediately following the Closing; and (vii) an adjournment proposal to permit further solicitation and the vote of proxies if, based upon the tabulated vote at the time of the meeting with respect to which the Proxy Statement is delivered to Parent's stockholders, Parent is not authorized to consummate the Mergers and the Interests Purchase. In connection therewith, the Company will provide to Parent as soon as practicable after the date hereof audited financial statements in accordance with applicable SEC rules and regulations. The Company and its counsel shall be given the opportunity to review and comment on the preliminary Proxy Statement and all amendments thereto prior to their being filed with the SEC. Parent will respond to any comments of the SEC, and Parent will use its commercially reasonable efforts to mail the Proxy Statement to its stockholders at the earliest practicable time. Such proxy materials shall be in the form of a proxy statement to be used for the purpose of soliciting such proxies from holders of Parent Common Stock.

This Section 9.01 shall not limit any covenants or agreements of the

parties hereto that by its terms contemplated performance after the Closing Date.

Section 9.02. *Tax Indemnity.*

(a) The Stockholders jointly and severally agree to and will indemnify, defend and hold harmless Parent, the Company, Blacklist and the Company Subsidiary, and their respective officers, directors, advisors, Affiliates, agents, employees and each Person, if any, who controls or may control Parent within the meaning of the Securities Act (the ***Parent Indemnified Group***) from and against any and all Taxes incurred by, imposed upon or attributable to the Company, Blacklist or the Company Subsidiary or the assets thereof:

- (i) with respect to all taxable periods ending on or prior to the Closing Date;
- (ii) with respect to the portion of any taxable period treated as ending on the Closing Date pursuant to Section 6.06(b)(iii);
- (iii) described in Section 6.06(a);
- (iv) arising by reason of any breach or inaccuracy of any representation contained in Section 3.14 hereof or of any covenant or agreement of the Stockholders or the Company contained in Section 6.06 hereof;
- (v) by reason of being a successor in interest or transferee of another entity; and
- (vi) by reason of the liability of the Company pursuant to Treasury Regulation Section 1.1502 6(a) or any analogous or similar state, local or foreign law or regulation for any and all Taxes of any member of a consolidated, combined or unitary group of which the Company, Blacklist or the Company Subsidiary (or any predecessor) is or was a member prior to the Closing Date.

The Stockholders shall also pay and shall indemnify and hold harmless the members of the Parent Indemnified Group from and against any losses, damages, liabilities, obligations, deficiencies, costs and expenses (including, without limitation, reasonable expenses and fees for attorneys and accountants) (***Related Costs***) incurred in connection with the Taxes for which the Stockholders are responsible to indemnify the members of the Parent Indemnified Group pursuant to this Section 9.02(a) (or any asserted deficiency, claim, demand, action, suit, proceeding, judgment or assessment, including the defense or settlement thereof, relating to such Taxes) or the enforcement of this Section 9.02.

(b) For purposes of this Section 9.02, any interest, penalty or additional charge included in Taxes shall be deemed to be a Tax for the period to which the item or event giving rise to such interest, penalty or additional charge is attributable, and not a Tax for the period during which such interest, penalty or additional charge accrues.

(c) The indemnity provided for in this Section 9.02 shall be independent of any other indemnity provision hereof and, anything in this Agreement to the contrary notwithstanding, shall survive until sixty (60) days after the expiration of the applicable statutes of limitation, including any extensions thereof, for the Taxes referred to herein. Section 9.03. *General Indemnity.*

(a) Subject to the terms and conditions of this Article IX, the Stockholders agree to and will, jointly and severally, indemnify, defend and hold the Parent Indemnified Group harmless from and against all demands or claims, actions or causes of action, assessments, losses, damages, liabilities, costs and expenses, including, without limitation, interest, penalties and reasonable attorneys' fees and expenses (hereinafter collectively called **Damages**), asserted against, resulting to, imposed upon or incurred by the Company, the Company Subsidiary or Parent, by reason of, resulting from or arising out of:

a breach of any representation or warranty of the Company, the Company Subsidiary, Blacklist or any Stockholder contained in or made pursuant to this Agreement, or any facts or circumstances constituting such a breach, except (i) as and to the extent that Section 9.02 above shall be applicable thereto, in which case the provisions of said Section 9.02 shall govern; and

(ii) any breach of any covenant or agreement of the Company, the Company Subsidiary or any Stockholder contained in or made pursuant to this Agreement or the Escrow Agreement.

(b) Subject to the terms and conditions of this Article IX, Parent agrees to and will indemnify, defend and hold the Company (prior to the Closing Date) and the Stockholders (following the Closing Date) harmless from and against all Damages asserted against, resulting to, imposed upon or incurred by them by reason of or resulting from or arising out of (i) a breach of any representation or warranty of Parent contained in or made pursuant to this Agreement, or any facts or circumstances constituting such a breach, or (ii) any breach of any covenant or agreement of Parent contained in or made pursuant to this Agreement.

Section 9.04. *Conditions of Indemnification.* The respective obligations and liabilities of the Stockholders, on the one hand, and Parent, on the other hand (herein sometimes called the **indemnifying party**), to the other (herein sometimes called the **party to be indemnified** or the **indemnified party**) with respect to claims resulting from the assertion of liability by third parties shall be subject to the following terms and conditions:

(a) within 30 days after receipt of notice of commencement of any action or the assertion of any claim by a third party, the party to be indemnified shall give the indemnifying party written notice thereof together with a copy of such claim, process or other legal pleading (provided that failure so to notify the indemnifying party of the assertion of a claim within such period shall not affect its indemnity obligation hereunder except as and to the extent that such failure shall adversely affect the defense of such claim), and the indemnifying party shall have the right to undertake the defense thereof by representatives of its own choosing;

(b) in the event that the indemnifying party, by the 30th day after receipt of notice of any such claim (or, if earlier, by the tenth day preceding the day on which an answer or other pleading must be served in order to prevent judgment by default in favor of the Person asserting such claim), does not elect to defend against such claim, the party to be indemnified will (upon further notice to the indemnifying party) have the right to undertake the defense, compromise or settlement of such claim on behalf of and for the account and risk of the indemnifying party, subject to the right of the indemnifying party to assume the defense of such claim at any time prior to settlement, compromise or final determination thereof;

(c) anything in this Section 9.04 to the contrary notwithstanding, (i) if there is a reasonable probability that a claim may materially and adversely affect the indemnified party other than as a result of money damages or other money payments, the indemnified party shall have the right, at its own cost and expense, to compromise or settle such claim, but (ii) the indemnified party shall not, without the prior written consent of the indemnifying party, settle or compromise any claim or consent to the entry of any judgment which does not include as an unconditional term thereof the giving by the claimant or the plaintiff to the indemnifying party a release from all liability in respect of such claim; and

(d) in connection with any such indemnification, the indemnified party will cooperate in all reasonable requests of the indemnifying party.

TABLE OF CONTENTS

In the event that the indemnifying party or the party to be indemnified as described in this Section 9.04 is the Stockholders as a group, then any notices required to be given to or by, and all other actions or decisions required to be taken or made by, such indemnifying party or the party to be indemnified as provided in this Section 9.04, may be given to or by, or may be taken or made by, the Stockholders Representative.

Section 9.05. *Threshold for Damages.* Except in the case of Damages in respect of fraud, the representations set forth in Section 3.03 (*Capitalization*), Section 3.09 (*Employee and Labor Matters*), Section 3.12 (*Environmental Matters*), Section 3.14 (*Taxes*), Section 4.03 (*Title to Shares/Membership Interests*), Section 5.02 (*Capitalization*), Section 5.13 (*Employee Benefit Plans*), Section 5.17 (*Taxes*) and Section 5.18 (*Environmental Matters*), an Indemnified Person may not make a claim for Damages until the aggregate amount of claims by Indemnified Persons exceeds \$250,000; provided, however, that once the aggregate amount of Damages of Indemnified Persons exceed such threshold amount, then the Indemnified Persons shall have the right to recover the full amounts due without regard to the threshold. In determining the amount of any Damage attributable to a breach, any materiality standard contained in a representation, warranty or covenant of the Stockholders or the Company shall be disregarded.

Section 9.06. *Escrow Funds.* On the Closing Date, Parent shall deliver the Cash Escrow Amount, the Stock Escrow Amount and the Stock Contingent Consideration to the Escrow Agent. The Cash Escrow Amount and the Stock Escrow Amount shall be held by the Escrow Agent in separate accounts under the Escrow Agreement pursuant to the terms set forth therein and shall be available to compensate the Parent Indemnified Group pursuant to the indemnification obligations of the Stockholders. Notwithstanding anything to the contrary in this Agreement, except in the case of fraud, criminal activity, intentional misrepresentation or intentional misconduct, the Cash Escrow Amount and the Stock Escrow Amount shall be the sole remedy and source of recovery by the Parent Indemnified Group in connection with any breach of any representation, warranty, covenant or agreement made by the Company or the Stockholders under this Agreement. The Cash Escrow Amount and the Stock Escrow Amount shall not be subject to any lien, attachment, trustee process or any other judicial process of any creditor of any party, and shall be held and disbursed solely for the purposes and in accordance with the terms of the Escrow Agreement.

Section 9.07. *Exclusive Remedy.* Except in the case of fraud, criminal activity, intentional misrepresentation or intentional misconduct, the sole and exclusive monetary remedy for any breach or alleged breach of any representation, warranty, covenant or agreement in this Agreement or any Transaction Document shall be indemnification in accordance with this Article IX. Except as set forth above, and in furtherance of the foregoing, each party hereby waives, to the fullest extent permitted by applicable Law, any and all other rights, claims and causes of action (including rights of contribution, if any) known or unknown, foreseen or unforeseen, which exist or may arise in the future, that it may have against the Company, the Stockholders or Parent, as the case may be, arising under or based upon any federal, state or local Law.

Section 11.05. *Other Remedies; Specific Performance*. Except as otherwise provided herein, any and all remedies herein expressly conferred upon a party will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such party, and the exercise by a party of any one remedy will not preclude the exercise of any other remedy. The parties hereto agree that irreparable damage would occur in the event that any

It is accordingly agreed that the parties shall be entitled to seek an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of the United States or any state having jurisdiction, this being in addition to any other remedy to which they are entitled at law or in equity.

Section 11.06. *Governing Law; Submission to Jurisdiction.* This Agreement shall be governed by, and construed and enforced in accordance with, the law of the State of New York other than conflicts of law principles thereof directing the application of any law other than that of New York. New York, County of New York or the United States District Court for the Southern District of New York will have jurisdiction over all disputes between the parties hereto arising out of or relating to this Agreement and the agreements, instruments and documents contemplated hereby. The parties hereby consent to and agree to submit to the jurisdiction of such courts. Each of the parties hereto waives, and agrees not to assert in any such dispute, to the fullest extent permitted by applicable law, any claim that (i) such party is not personally subject to the jurisdiction of such courts, (ii) such party and such party's property is immune from any legal process issued by such courts or (iii) any litigation commenced in such courts is brought in an inconvenient forum.

Section 11.07. *Waiver of Jury Trial.* Each party hereto hereby irrevocably waives all right to trial by jury in any proceeding (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or any transaction or agreement contemplated hereby or the actions of any party hereto in the negotiation, administration, performance or enforcement hereof.

Section 11.08. *Headings; Interpretation.* The descriptive headings contained in this Agreement are included for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement. The parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Agreement.

Section 11.09. *Counterparts.* This Agreement may be executed and delivered (including delivery by facsimile or e-mail transmission) in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed and delivered shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

Section 11.10. *Entire Agreement.* This Agreement (including the Exhibits and the Company Disclosure Schedule), the Transaction Documents and the Confidentiality Agreement constitute the entire agreement among the parties with respect to the subject matter hereof and supersede all prior agreements and understandings among the parties with respect thereto. If any term or other provision of this Agreement is invalid, illegal, or incapable of being enforced by any law or public policy, all other terms or provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal, or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

A. Prior to the consummation of any Business Combination, the Corporation shall submit such Business Combination to its stockholders for approval regardless of whether the Business Combination is of a type which normally would require such stockholder approval under the DGCL. In the event that a majority of the IPO Shares (defined below) cast at the meeting to approve the Business Combination are voted for the approval of such Business Combination, the Corporation shall be authorized to consummate the Business Combination; provided that the Corporation shall not consummate any Business Combination if the holders of 20% or more of the IPO Shares exercise their conversion rights described in paragraph B below.

B. In the event that a Business Combination is approved in accordance with the above paragraph (A) and is consummated by the Corporation, any stockholder of the Corporation holding shares of Common Stock (IPO Shares) issued in the IPO who voted against the Business Combination may, contemporaneous with such vote, demand that the Corporation convert his IPO Shares into cash. If so demanded, the Corporation shall, promptly after consummation of the Business Combination, convert such shares into cash at a per share conversion price equal to the quotient determined by dividing (i) the amount in the Trust Fund (as defined below), inclusive of any interest thereon, calculated as of two business days prior to the consummation of the Business Combination, by (ii) the total number of IPO Shares. Trust Fund shall mean the trust account established by the Corporation at the consummation of its IPO and into which a certain amount of the net proceeds of the IPO are deposited.

TABLE OF CONTENTS

C. In the event that the Corporation does not consummate a Business Combination by the Termination Date, only the holders of IPO Shares shall be entitled to receive liquidating distributions and the Corporation shall pay no liquidating distributions with respect to any other shares of capital stock of the Corporation.

D. A holder of IPO Shares shall be entitled only to receive distributions from the Trust Fund in the event (i) he demands conversion of his shares in accordance with paragraph B above, or (ii) that the Corporation has not consummated a Business Combination by the Termination Date in accordance with paragraph C above. In no other circumstances shall a holder of IPO Shares have any right or interest of any kind in or to the Trust Fund.

E. The Board of Directors shall be divided into three classes: Class A, Class B and Class C. The number of directors in each class shall be as nearly equal as possible. At the first election of directors by the incorporator, the incorporator shall elect a Class C director for a term expiring at the Corporation's third Annual Meeting of Stockholders. The Class C director shall then appoint additional Class A, Class B and Class C directors, as necessary. The directors in Class A shall be elected for a term expiring at the first Annual Meeting of Stockholders, the directors in Class B shall be elected for a term expiring at the second Annual Meeting of Stockholders and the directors in Class C shall be elected for a term expiring at the third Annual Meeting of Stockholders. Commencing at the first Annual Meeting of Stockholders, and at each annual meeting thereafter, directors elected to succeed those directors whose terms expire shall be elected for a term of office to expire at the third succeeding annual meeting of stockholders after their election. Except as the DGCL may otherwise require, in the interim between annual meetings of stockholders or special meetings of stockholders called for the election of directors and/or the removal of one or more directors and the filling of any vacancy in that connection, newly created directorships and any vacancies in the Board of Directors, including unfilled vacancies resulting from the removal of directors for cause, may be filled by the vote of a majority of the remaining directors then in office, although less than a quorum (as defined in the Corporation's Bylaws), or by the sole remaining director. All directors shall hold office until the expiration of their respective terms of office and until their successors shall have been elected and qualified. A director elected to fill a vacancy resulting from the death, resignation or removal of a director shall serve for the remainder of the full term of the director whose death, resignation or removal shall have created such vacancy and until his successor shall have been elected and qualified.

EIGHTH: The following provisions are inserted for the management of the business and for the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

A. Election of directors need not be by ballot unless the by-laws of the Corporation so provide.

B. The Board of Directors shall have the power, without the assent or vote of the stockholders, to make, alter, amend, change, add to or repeal the by-laws of the Corporation as provided in the by-laws of the Corporation.

C. The directors in their discretion may submit any contract or act for approval or ratification at any annual meeting of the stockholders or at any meeting of the stockholders called for the purpose of considering any such act or contract, and any contract or act that shall be approved or be ratified by the vote of the holders of a majority of the stock of the Corporation which is represented in person or by proxy at such meeting and entitled to vote thereat (provided that a lawful quorum of stockholders be there represented in person or by proxy) shall be as valid and binding upon the Corporation and upon all the stockholders as though it had been approved or ratified by every stockholder of the Corporation, whether or not the contract or act would otherwise be open to legal attack because of directors' interests, or for any other reason.

D. In addition to the powers and authorities hereinbefore or by statute expressly conferred upon them, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation; subject, nevertheless, to the provisions of the statutes of Delaware, of this Certificate of Incorporation, and to any by-laws from time to time made by the stockholders; provided, however, that no by-law so made shall invalidate any prior act of the directors which would have been valid if such by-law had not been made.

NINTH: A. A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. Any repeal or modification of this paragraph A by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation with respect to events occurring prior to the time of such repeal or modification.

B. The Corporation, to the full extent permitted by Section 145 of the DGCL, as amended from time to time, shall indemnify all persons whom it may indemnify pursuant thereto. Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative, or investigative action, suit or proceeding for which such officer or director may be entitled to indemnification hereunder shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation as authorized hereby.

TENTH: Whenever a compromise or arrangement is proposed between this Corporation and its creditors or any class of them and/or between this Corporation and its stockholders or any class of them, any court of equitable jurisdiction within the State of Delaware may, on the application in a summary way of this Corporation or of any creditor or stockholder thereof or on the application of any receiver or receivers appointed for this Corporation under Section 291 of Title 8 of the Delaware Code or on the application of trustees in dissolution or of any receiver or receivers appointed for this Corporation under Section 279 of Title 8 of the Delaware Code order a meeting of the creditors or class of creditors, and/or of the stockholders or class of stockholders of this Corporation, as the case may be, to be summoned in such manner as the said court directs. If a majority in number representing three fourths in value of the creditors or class of creditors, and/or of the stockholders or class of stockholders of this Corporation, as the case may be, agree to any compromise or arrangement and to any reorganization of this Corporation as a consequence of such compromise or arrangement, the said compromise or arrangement and the said reorganization shall, if sanctioned by the court to which the said application has been made, be binding on all the creditors or class of creditors, and/or on all the stockholders or class of stockholders, of this Corporation, as the case may be, and also on this Corporation.

ELEVENTH: Stockholders of the Corporation may not take any action by written consent in lieu of a meeting.

Except where the context otherwise requires, the term *Company* shall include any of the *Company*'s present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the *Code*) and any other business venture (including, without limitation, joint venture or limited liability company) in which the *Company* has a controlling interest, as determined by the Board of Directors of the *Company* (the *Board*).

2. Eligibility

All of the *Company*'s employees, officers, directors, consultants and advisors are eligible to be granted options, stock appreciation rights (*SARs*), restricted stock, restricted stock units (*RSUs*) and other stock-based awards (each, an *Award*) under the *Plan*. Each person who receives an *Award* under the *Plan* is deemed a *Recipient*.

3. Administration and Delegation

(a) *Administration by Board of Directors.* The *Plan* will be administered by the *Board*. The *Board* shall have authority to grant *Awards* and to adopt, amend and repeal such administrative rules, guidelines and practices relating to the *Plan* as it shall deem advisable. The *Board* may construe and interpret the terms of the *Plan* and any *Award* agreements entered into under the *Plan*. The *Board* may correct any defect, supply any omission or reconcile any inconsistency in the *Plan* or any *Award* in the manner and to the extent it shall deem expedient to carry the *Plan* into effect and it shall be the sole and final judge of such expediency. All decisions by the *Board* shall be made in the *Board*'s sole discretion and shall be final and binding on all persons having or claiming any interest in the *Plan* or in any *Award*. No director or person acting pursuant to the authority delegated by the *Board* shall be liable for any action or determination relating to or under the *Plan* made in good faith.

(b) *Appointment of Committees.* To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a *Committee*). All references in the Plan to the *Board* shall mean the Board or a Committee of the Board or the officers referred to in Section 3(c) to the extent that the Board's powers or authority under the Plan have been delegated to such Committee or officers.

(c) *Delegation to Officers.* To the extent permitted by applicable law, the Board may delegate to one or more officers of the Company the power to grant Awards (subject to any limitations under the Plan) to employees or officers of the Company or any of its present or future subsidiary corporations and to exercise such other powers under the Plan as the Board may determine, provided that the Board shall fix the terms of the Awards to be granted by such officers (including the exercise price of such Awards, which may include a formula by which the exercise price will be determined) and the maximum number of shares subject to Awards that the officers may grant; provided further, however, that no officer shall be authorized to grant Awards to any executive officer of the Company (as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended (the *Exchange Act*)) or to any officer of the Company (as defined by Rule 16a-1 under the Exchange Act).

(d) *Awards to Non-Employee Directors.* Discretionary Awards to non-employee directors will only be granted and administered by a Committee, all of the members of which are independent as defined by Section 4200(a)(15) of the Nasdaq Marketplace Rules.

TABLE OF CONTENTS

4. Stock Available for Awards

(a) Number of Shares; Share Counting.

(1) *Authorized Number of Shares.* Subject to adjustment under Section 9, Awards may be made under the Plan for up to 865,390 shares of common stock, par value \$0.0001 per share, of the Company (the *Common Stock*). Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(2) *Share Counting.* For purposes of counting the number of shares available for the grant of Awards under the Plan and under the sublimits contained in Sections 4(b)(2) and 4(b)(3), (i) all shares of Common Stock covered by independent SARs shall be counted against the number of shares available for the grant of Awards; provided, however, that independent SARs that may be settled in cash only shall not be so counted; (ii) if any Award (A) expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right) or (B) results in any Common Stock not being issued (including as a result of an independent SAR that was settleable either in cash or in stock actually being settled in cash), the unused Common Stock covered by such Award shall again be available for the grant of Awards; provided, however, in the case of Incentive Stock Options (as hereinafter defined), the foregoing shall be subject to any limitations under the Code; and provided further, in the case of independent SARs, that the full number of shares subject to any stock-settled SAR shall be counted against the shares available under the Plan and against the sublimits listed in the first clause of this Section regardless of the number of shares actually used to settle such SAR upon exercise; (iii) shares of Common Stock tendered to the Company by a Recipient to (A) purchase shares of Common Stock upon the exercise of an Award or (B) satisfy tax withholding obligations (including shares retained from the Award creating the tax obligation) shall not be added back to the number of shares available for the future grant of Awards; and (iv) shares of Common Stock repurchased by the Company on the open market using the proceeds from the exercise of an Award shall not increase the number of shares available for future grant of Awards.

(b) *Sub-limits.* Subject to adjustment under Section 9, the following sub-limits on the number of shares subject to Awards shall apply:

(1) *Section 162(m) Per-Recipient Limit.* The maximum number of shares of Common Stock with respect to which Awards may be granted to any Recipient under the Plan is shares per calendar year. For purposes of the foregoing limit, the combination of an Option in tandem with a SAR (as each is hereafter defined) shall be treated as a single Award. The per-Recipient limit described in this Section 4(b)(1) shall be construed and applied consistently with Section 162(m) of the Code or any successor provision thereto, and the regulations thereunder (Section 162(m)).

(2) *Limit on Awards other than Options and SARs.* The maximum number of shares with respect to which Awards other than Options and SARs may be granted is % of the total number of authorized shares set forth in Section 4(a)(1).

(3) *Limit on Awards to Directors.* The maximum number of shares with respect to which Awards may be granted to directors who are not employees of the Company at the time of grant is % of the total number of authorized shares set forth in Section 4(a)(1).

(c) *Substitute Awards.* In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Awards contained in the Plan. Substitute Awards shall not count against the overall share limit set forth in Section 4(a)(1) or any sublimits contained in the Plan, except as may be required by reason of Section 422 and related provisions of the Code.

TABLE OF CONTENTS

5. Stock Options

(a) *General.* The Board may grant options to purchase Common Stock (each, an Option) and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable. An Option that is not intended to be an Incentive Stock Option (as hereinafter defined) shall be designated a Nonstatutory Stock Option.

(b) *Incentive Stock Options.* An Option that the Board intends to be an incentive stock option as defined in Section 422 of the Code (an Incentive Stock Option) shall only be granted to employees of Fortissimo Acquisition Corp., any of Fortissimo Acquisition Corp.'s present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Code, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code, and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code.

The Company shall have no liability to a Recipient, or any other party, if an Option (or any part thereof) that is intended to be an Incentive Stock Option is not an Incentive Stock Option or for any action taken by the Board, including without limitation the conversion of an Incentive Stock Option to a Nonstatutory Stock Option.

(c) *Fair Market Value.* Fair Market Value of a share of Common Stock for purposes of the Plan will be determined as follows:

(1) if the Common Stock trades on a national securities exchange, the closing sale price (for the primary trading session) on the date of grant; or

(2) if the Common Stock does not trade on any such exchange, the average of the closing bid and asked prices as reported by an authorized OTCBB market data vendor as listed on the OTCBB website (otcbb.com) on the date of grant; or

(3) if the Common Stock is not publicly traded, the Board will determine the Fair Market Value for purposes of the Plan using any measure of value it determines to be appropriate (including, as it considers appropriate, relying on appraisals) in a manner consistent with the valuation principles under Code Section 409A, except as the Board may expressly determine otherwise.

For any date that is not a trading day, the Fair Market Value of a share of Common Stock for such date will be determined by using the closing sale price or average of the bid and asked prices, as appropriate, for the immediately preceding trading day and with the timing in the formulas above adjusted accordingly. The Board can substitute a particular time of day or other measure of closing sale price or bid and asked prices if appropriate because of exchange or market procedures or can, in its sole discretion, use weighted averages either on a daily basis or such longer period as complies with Code Section 409A.

The Board has sole discretion to determine the Fair Market Value for purposes of the Plan, and all Awards are conditioned on the Recipients' agreement that the Board's determination is conclusive and binding even though others might make a different determination.

(d) *Exercise Price.* The Board shall establish the exercise price of each Option and specify the exercise price in the applicable option agreement. The exercise price shall be not less than 100% of the Fair Market Value on the date the Option is granted; provided that if the Board approves the grant of an Option with an exercise price to be determined on a future date, the exercise price shall be not less than 100% of the Fair Market Value on such future date.

(e) *Duration of Options.* Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement; provided, however, that no Option will be granted with a term in excess of 10 years.

(f) *Exercise of Option.* Options may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by

D-3

the Board, together with payment in full as specified in Section 5(f) for the number of shares for which the Option is exercised. Shares of Common Stock subject to the Option will be delivered by the Company as soon as practicable following exercise.

(g) *Payment Upon Exercise.* Common Stock purchased upon the exercise of an Option granted under the Plan shall be paid for as follows:

(1) in cash or by check, payable to the order of the Company;

(2) except as may otherwise be provided in the applicable option agreement, by (i) delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price and any required tax withholding or (ii) delivery by the Recipient to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;

(3) to the extent provided for in the applicable option agreement or approved by the Board, in its sole discretion, by delivery (either by actual delivery or attestation) of shares of Common Stock owned by the Recipient valued at their Fair Market Value provided (i) such method of payment is then permitted under applicable law, (ii) such Common Stock, if acquired directly from the Company, was owned by the Recipient for such minimum period of time, if any, as may be established by the Board in its discretion and (iii) such Common Stock is not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements;

(4) to the extent permitted by applicable law and provided for in the applicable option agreement or approved by the Board, in its sole discretion, by (i) delivery of a promissory note of the Recipient to the Company on terms determined by the Board, or (ii) payment of such other lawful consideration as the Board may determine; or

(5) by any combination of the above permitted forms of payment.

(h) *Limitation on Repricing.* Unless such action is approved by the Company's stockholders: (1) no outstanding Option granted under the Plan may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding Option (other than adjustments pursuant to Section 9) and (2) the Board may not cancel any outstanding option (whether or not granted under the Plan) and grant in substitution therefor new Awards under the Plan covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then-current exercise price per share of the cancelled option.

6. *Stock Appreciation Rights.*

(a) *General.* The Board may grant Awards consisting of SARs entitling the holder, upon exercise, to receive an amount of Common Stock or cash or a combination thereof (such form to be determined by the Board) determined in whole or in part by reference to appreciation, from and after the date of grant, in the fair market value of a share of Common Stock over the exercise price established pursuant to Section 6(c). The date as of which such appreciation is determined shall be the exercise date.

(b) *Grants.* SARs may be granted in tandem with, or independently of, Options granted under the Plan.

(1) *Tandem Awards.* When SARs are expressly granted in tandem with Options, (i) the SAR will be exercisable only at such time or times, and to the extent, that the related Option is exercisable (except to the extent designated by the Board in connection with a Reorganization Event or a Change in Control Event) and will be exercisable in accordance with the procedure required for exercise of the related Option; (ii) the SAR will terminate and no longer be exercisable upon the termination or exercise of the related Option, except to the extent designated by the Board in connection with a Reorganization Event or a Change in Control Event and except that a SAR granted with respect to less than the full number of shares covered by an Option will not be reduced until the number of shares as to which the related Option has been exercised or has terminated exceeds the number of shares not covered by the SAR; (iii)

D-4

TABLE OF CONTENTS

the Option will terminate and no longer be exercisable upon the exercise of the related SAR; and (iv) the SAR will be transferable only with the related Option.

(2) *Independent SARs.* A SAR not expressly granted in tandem with an Option will become exercisable at such time or times, and on such conditions, as the Board may specify in the SAR Award.

(c) *Exercise Price.* The Board shall establish the exercise price of each SAR and specify it in the applicable SAR agreement. The exercise price shall not be less than 100% of the Fair Market Value on the date the SAR is granted;

provided that if the Board approves the grant of a SAR with an exercise price to be determined on a future date, the exercise price shall be not less than 100% of the Fair Market Value on such future date.

(d) *Duration of SARs.* Each SAR shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable SAR agreement; provided, however, that no SAR will be granted with a term in excess of 10 years.

(e) *Exercise of SARs.* SARs may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board, together with any other documents required by the Board.

(f) *Limitation on Repricing.* Unless such action is approved by the Company's stockholders: (1) no outstanding SAR granted under the Plan may be amended to provide a exercise price per share that is lower than the then-current exercise price per share of such outstanding SAR (other than adjustments pursuant to Section 9) and (2) the Board may not cancel any outstanding SAR (whether or not granted under the Plan) and grant in substitution therefor new Awards under the Plan covering the same or a different number of shares of Common Stock and having a exercise price per share lower than the then-current exercise price per share of the cancelled SAR.

7. Restricted Stock; Restricted Stock Units.

(a) *General.* The Board may grant Awards entitling recipients to acquire shares of Common Stock (Restricted Stock), subject to the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price (or to require forfeiture of such shares if issued at no cost) from the recipient in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award. Instead of granting Awards for Restricted Stock, the Board may grant Awards entitling the recipient to receive shares of Common Stock or cash to be delivered at the time such Award vests (Restricted Stock Units) (Restricted Stock and Restricted Stock Units are each referred to herein as a Restricted Stock Award).

(b) *Terms and Conditions for All Restricted Stock Awards.* The Board shall determine the terms and conditions of a Restricted Stock Award, including the conditions for vesting and repurchase (or forfeiture) and the issue price, if any.

(c) Additional Provisions Relating to Restricted Stock.

(1) *Dividends.* Recipients holding shares of Restricted Stock will be entitled to all ordinary cash dividends paid with respect to such shares, unless otherwise provided by the Board. Unless otherwise provided by the Board, if any dividends or distributions are paid in shares, or consist of a dividend or distribution to holders of Common Stock other than an ordinary cash dividend, the shares, cash or other property will be subject to the same restrictions on transferability and forfeitability as the shares of Restricted Stock with respect to which they were paid. Each dividend payment will be made no later than the end of the calendar year in which the dividends are paid to shareholders of that class of stock or, if later, the 15th day of the third month following the date the dividends are paid to shareholders of that class of stock.

(2) *Stock Certificates.* The Company may require that any stock certificates issued in respect of shares of Restricted Stock shall be deposited in escrow by the Recipient, together with a stock power endorsed in blank, with the Company (or its designee). At the expiration of the applicable restriction

periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Recipient or if the Recipient has died, to the beneficiary designated, in a manner determined by the Board, by a Recipient to receive amounts due or exercise rights of the Recipient in the event of the Recipient's death (the Designated Beneficiary). In the absence of an effective designation by a Recipient, Designated Beneficiary shall mean the Recipient's estate.

(d) *Additional Provisions Relating to Restricted Stock Units.*

(1) *Settlement.* Upon the vesting of and/or lapsing of any other restrictions (i.e., settlement) with respect to each Restricted Stock Unit, the Recipient shall be entitled to receive from the Company one share of Common Stock or an amount of cash equal to the Fair Market Value of one share of Common Stock, as provided in the applicable Award agreement. The Board may, in its discretion, provide that settlement of Restricted Stock Units shall be deferred, on a mandatory basis or at the election of the Recipient.

(2) *Voting Rights.* A Recipient shall have no voting rights with respect to any Restricted Stock Units.

(3) *Dividend Equivalents.* To the extent provided by the Board, in its sole discretion, a grant of Restricted Stock Units may provide Recipients with the right to receive an amount equal to any dividends or other distributions declared and paid on an equal number of outstanding shares of Common Stock (Dividend Equivalents). Dividend Equivalents may be paid currently or credited to an account for the Recipients, may be settled in cash and/or shares of Common Stock and may be subject to the same restrictions on transfer and forfeitability as the Restricted Stock Units with respect to which paid, as determined by the Board in its sole discretion, subject in each case to such terms and conditions as the Board shall establish, in each case to be set forth in the applicable Award agreement.

8. *Other Stock-Based Awards.*

(a) *General.* Other Awards of shares of Common Stock, and other Awards that are valued in whole or in part by reference to, or are otherwise based on, shares of Common Stock or other property, may be granted hereunder to Recipients (Other Stock-Based-Awards), including without limitation Awards entitling recipients to receive shares of Common Stock to be delivered in the future. Such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan or as payment in lieu of compensation to which a Recipient is otherwise entitled. Other Stock-Based Awards may be paid in shares of Common Stock or cash, as the Board shall determine.

(b) *Terms and Conditions.* Subject to the provisions of the Plan, the Board shall determine the terms and conditions of each Other Stock-Based Award, including any purchase price applicable thereto.

9. *Adjustments for Changes in Common Stock and Certain Other Events.*

(a) *Changes in Capitalization.* In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of Common Stock other than an ordinary cash dividend, (i) the number and class of securities available under this Plan, (ii) the sub-limits and share counting rules set forth in Sections 4(a) and 4(b), (iii) the number and class of securities and exercise price per share of each outstanding Option, (iv) the share- and per-share provisions and the exercise price of each SAR, (v) the number of shares subject to and the repurchase price per share subject to each outstanding Restricted Stock Award and (vi) the share- and per-share-related provisions and the purchase price, if any, of each outstanding Other Stock-Based Award, shall be equitably adjusted by the Company (or substituted Awards may be made, if applicable) in the manner determined by the Board. Without limiting the generality of the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to an outstanding Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who

exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(b) Reorganization Events.

(1) *Definition.* A Reorganization Event shall mean: (a) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (b) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of the Company.

(2) *Consequences of a Reorganization Event on Awards Other than Restricted Stock Awards.* In connection with a Reorganization Event, the Board may take any one or more of the following actions as to all or any (or any portion of) outstanding Awards other than Restricted Stock Awards on such terms as the Board determines: (i) provide that Awards shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice to a Recipient, provide that the Recipient's unexercised Awards will terminate immediately prior to the consummation of such Reorganization Event unless exercised by the Recipient within a specified period following the date of such notice, (iii) provide that outstanding Awards shall become exercisable, realizable, or deliverable, or restrictions applicable to an Award shall lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the Acquisition Price), make or provide for a cash payment to a Recipient equal to the excess, if any, of (A) the Acquisition Price times the number of shares of Common Stock subject to the Recipient's Awards (to the extent the exercise price does not exceed the Acquisition Price) over (B) the aggregate exercise price of all such outstanding Awards and any applicable tax withholdings, in exchange for the termination of such Awards, (v) provide that, in connection with a liquidation or dissolution of the Company, Awards shall convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof and any applicable tax withholdings) and (vi) any combination of the foregoing. In taking any of the actions permitted under this Section 9(b), the Board shall not be obligated by the Plan to treat all Awards, all Awards held by a Recipient, or all Awards of the same type, identically.

For purposes of clause (i) above, an Option shall be considered assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in value (as determined by the Board) to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

(3) *Consequences of a Reorganization Event on Restricted Stock Awards.* Upon the occurrence of a Reorganization Event other than a liquidation or dissolution of the Company, the repurchase and other rights of the Company under

each outstanding Restricted Stock Award shall inure to the benefit of the Company's successor and shall, unless the Board determines otherwise, apply to the cash, securities or other property which the Common Stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to the Common Stock subject to such Restricted Stock Award. Upon the occurrence of a Reorganization Event involving the liquidation or dissolution of the Company, except to the extent specifically provided to the contrary in the instrument evidencing any Restricted Stock Award or any other agreement between a Recipient and the Company, all restrictions and conditions on all Restricted Stock Awards then outstanding shall automatically be deemed terminated or satisfied.

10. *General Provisions Applicable to Awards*

- (a) *Transferability of Awards.* Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an Incentive Stock Option, pursuant to a qualified domestic relations order, and, during the life of the Recipient, shall be exercisable only by the Recipient; provided, however, that the Board may permit or provide in an Award for the gratuitous transfer of the Award by the Recipient to or for the benefit of any immediate family member, family trust or other entity established for the benefit of the Recipient and/or an immediate family member thereof if, with respect to such proposed transferee, the Company would be eligible to use a Form S-8 for the registration of the sale of the Common Stock subject to such Award under the Securities Act of 1933, as amended; provided, further, that the Company shall not be required to recognize any such transfer until such time as the Recipient and such permitted transferee shall, as a condition to such transfer, deliver to the Company a written instrument in form and substance satisfactory to the Company confirming that such transferee shall be bound by all of the terms and conditions of the Award. References to a Recipient, to the extent relevant in the context, shall include references to authorized transferees.
- (b) *Documentation.* Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.
- (c) *Board Discretion.* Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Recipients uniformly.
- (d) *Termination of Status.* The Board shall determine the effect on an Award of the disability, death, termination or other cessation of employment, authorized leave of absence or other change in the employment or other status of a Recipient and the extent to which, and the period during which, the Recipient, or the Recipient's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award.
- (e) *Withholding.* The Recipient must satisfy all applicable federal, state, and local or other income and employment tax withholding obligations before the Company will deliver stock certificates or otherwise recognize ownership of Common Stock under an Award. The Company may decide to satisfy the withholding obligations through additional withholding on salary or wages. If the Company elects not to or cannot withhold from other compensation, the Recipient must pay the Company the full amount, if any, required for withholding or have a broker tender to the Company cash equal to the withholding obligations. Payment of withholding obligations is due before the Company will issue any shares on exercise or release from forfeiture of an Award or, if the Company so requires, at the same time as is payment of the exercise price unless the Company determines otherwise. If provided for in an Award or approved by the Board in its sole discretion, a Recipient may satisfy such tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at

their Fair Market Value; provided, however, except as otherwise provided by the Board, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). Shares surrendered to satisfy tax withholding requirements cannot be subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

(f) *Amendment of Award.* The Board may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option. The Recipient's consent to such action shall be required unless (i) the Board determines that the action, taking into account any related action, would not materially and adversely affect the Recipient's rights under the Plan or (ii) the change is permitted under Section 9 hereof.

(g) *Conditions on Delivery of Stock.* The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until

D-8

TABLE OF CONTENTS

(i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Recipient has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(h) *Acceleration.* The Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

(i) Performance Awards.

(1) *Grants.* Restricted Stock Awards and Other Stock-Based Awards under the Plan may be made subject to the achievement of performance goals pursuant to this Section 10(i) (Performance Awards), subject to the limit in Section 4(b)(1) on shares covered by such grants. Subject to Section 10(i)(4), no Performance Awards shall vest prior to the first anniversary of the date of grant. Performance Awards can also provide for cash payments of up to \$ per calendar year per individual.

(2) *Committee.* Grants of Performance Awards to any Covered Employee intended to qualify as performance-based compensation under Section 162(m) (Performance-Based Compensation) shall be made only by a Committee (or subcommittee of a Committee) comprised solely of two or more directors eligible to serve on a committee making Awards qualifying as performance-based compensation under Section 162(m). In the case of such Awards granted to Covered Employees, references to the Board or to a Committee shall be deemed to be references to such Committee or subcommittee. Covered Employee shall mean any person who is, or whom the Committee, in its discretion, determines may be, a covered employee under Section 162(m)(3) of the Code.

(3) *Performance Measures.* For any Award that is intended to qualify as Performance-Based Compensation, the Committee shall specify that the degree of granting, vesting and/or payout shall be subject to the achievement of one or more objective performance measures established by the Committee, which shall be based on the relative or absolute attainment of specified levels of one or any combination of the following: net income, earnings before or after discontinued operations, interest, taxes, depreciation and/or amortization, operating profit before or after discontinued operations and/or taxes, sales, sales growth, earnings growth, cash flow or cash position, gross margins,

stock price, market share, return on sales, assets, equity or investment, improvement of financial ratings, achievement of balance sheet or income statement objectives or total shareholder return, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated. The Committee may specify that such performance measures shall be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the writedown of any asset, and (v) charges for restructuring and rationalization programs. Such performance measures: (i) may vary by Recipient and may be different for different Awards; (ii) may be particular to a Recipient or the department, branch, line of business, subsidiary or other unit in which the Recipient works and may cover such period as may be specified by the Committee; and (iii) shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m). Awards that are not intended to qualify as Performance-Based Compensation may be based on these or such other performance measures as the Board may determine.

(4) *Adjustments.* Notwithstanding any provision of the Plan, with respect to any Performance Award that is intended to qualify as Performance-Based Compensation, the Committee may adjust downwards, but not upwards, the cash or number of Shares payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance measures except in the case of the death or disability of the Recipient or a change in control of the Company.

D-9

TABLE OF CONTENTS

(5) *Other.* The Committee shall have the power to impose such other restrictions on Performance Awards as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for Performance-Based Compensation.

11. *Miscellaneous*

(a) *No Right To Employment or Other Status.* No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Recipient the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Recipient free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) *No Rights As Stockholder.* Subject to the provisions of the applicable Award, no Recipient or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares.

(c) *Effective Date and Term of Plan.* The Plan shall become effective on the date the Plan is approved by the Company's stockholders (the Effective Date). No Awards shall be granted under the Plan after the expiration of 10 years from the Effective Date, but Awards previously granted may extend beyond that date.

(d) *Amendment of Plan.* The Board may amend, suspend or terminate the Plan or any portion thereof at any time provided that (i) to the extent required by Section 162(m), no Award granted to a Recipient that is intended to comply with Section 162(m) after the date of such amendment shall become exercisable, realizable or vested, as applicable to such Award, unless and until such amendment shall have been approved by the Company's stockholders if required by Section 162(m) (including the vote required under Section 162(m)); (ii) no amendment that would require stockholder approval under the rules of the NASDAQ Stock Market (NASDAQ) may be made effective unless and until such amendment shall have been approved by the Company's stockholders; and (iii) if NASDAQ amends its corporate governance rules so that such rules no longer require stockholder approval of NASDAQ material amendments to

equity compensation plans, then, from and after the effective date of such amendment to the NASDAQ rules, no amendment to the Plan (A) materially increasing the number of shares authorized under the Plan (other than pursuant to Section 4(c) or 10), (B) expanding the types of Awards that may be granted under the Plan, or (C) materially expanding the class of participants eligible to participate in the Plan shall be effective unless stockholder approval is obtained. In addition, if at any time the approval of the Company's stockholders is required as to any other modification or amendment under Section 422 of the Code or any successor provision with respect to Incentive Stock Options, the Board may not effect such modification or amendment without such approval. Unless otherwise specified in the amendment, any amendment to the Plan adopted in accordance with this Section 11(d) shall apply to, and be binding on the holders of, all Awards outstanding under the Plan at the time the amendment is adopted, provided the Board determines that such amendment does not materially and adversely affect the rights of Recipients under the Plan. No Award shall be made that is conditioned upon stockholder approval of any amendment to the Plan.

(e) *Provisions for Foreign Recipients.* The Board may modify Awards granted to Recipients who are foreign nationals or employed outside the United States or establish subplans or procedures under the Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

(f) *Compliance with Code Section 409A.* No Award shall provide for deferral of compensation that does not comply with Section 409A of the Code, unless the Board, at the time of grant, specifically provides that the Award is not intended to comply with Section 409A of the Code. The Company shall have no liability to a Recipient, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A is not so exempt or compliant or for any action taken by the Board.

(g) *Governing Law.* The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, excluding choice-of-law principles of the law of such state that would require the application of the laws of a jurisdiction other than such state.

Re: Fairness Opinion Opinion of the Board of Director s Financial Advisor

Dear Board of Directors:

We understand that Fortissimo Acquisition Corporation (Fortissimo or the Company) has entered into an Agreement and Plan of Merger and Interests Purchase Agreement dated December 7, 2007 with FAC Acquisition Sub Corporation, a wholly-owned subsidiary of Fortissimo (Merger Sub), Psyop, Inc., (Psyop), Psyop Services, LLC, doing business as Blacklist (Blacklist), the stockholders of Psyop, and the holders of the membership units of Blacklist (the Merger Agreement). Pursuant to the Merger Agreement, Merger Sub will be merged with and into Psyop (the Merger) with Psyop being the surviving corporation of the Merger. The stockholders of Psyop and the holders of the membership units of Blacklist immediately before the Merger will receive in exchange for their securities: (i) \$30 million of consideration comprised of approximately \$20.0 million of Fortissimo common stock and approximately \$10.0 million of cash consideration (together, the Base Merger Consideration), (ii) \$13.75 million of contingent consideration comprised of approximately \$9.17 million of Fortissimo common stock and approximately \$4.58 million of cash which will be held in escrow and subject to forfeiture upon failure to meet certain targets as defined in the Merger Agreement (the Contingent Consideration), and (iii) an additional consideration of \$10 million which will consist of approximately \$6.7 million of Fortissimo common stock and approximately \$3.3 million cash payable if, after the closing date of the Merger, Fortissimo calls all of its outstanding warrants for redemption or \$8.0 million which will consist of approximately \$5.3 million of Fortissimo common stock and \$2.7 million cash payable if stockholders of Fortissimo exercise at least a majority of the outstanding warrants at or prior to their expiration (the Additional Consideration).

Hereinafter, the Base Merger Consideration, the Contingent Consideration, and the Additional Consideration will be collectively referred to as the Merger Consideration .

In addition to the Merger Consideration, we understand that the owners of Psyop will remain as employees of Psyop after the date of the Merger and will be entitled to salaries, options plans, and Board of Directors positions.

Houlihan Smith & Company, Inc. We have further relied upon the assurances from senior management of both the Company and Psyop that they are unaware of any facts that would make the information provided to us to be incomplete or misleading for the purposes of our Opinion. We have not assumed responsibility for any independent verification of this information nor have we assumed any obligation to verify this information.

Further, our Opinion is necessarily based upon information made available to us, as well as the economic, monetary, market, financial, and other conditions as they exist as of the date of this letter. We disclaim any obligation to advise the Board of Directors of Fortissimo or any person of any change in any fact or matter affecting our Opinion, which may come or be brought to our attention after the date of this Opinion.

Each of the analyses conducted by Houlihan was carried out to provide a particular perspective of the Merger. Houlihan did not form a conclusion as to whether any individual analysis, when considered in isolation, supported or failed to support our Opinion as to the fairness of the Merger Consideration to the shareholders of the Company.

Houlihan does not place any specific reliance or weight on any individual analysis, but instead, concludes that its analyses taken as a whole, supports its conclusion and Opinion. Accordingly, Houlihan believes that its analyses must be considered in its entirety and that selecting portions

of its analyses or the factors it considered, without considering all analyses and factors collectively, could create an incomplete view of the processes underlying the analyses performed by Houlihan in connection with the preparation of the Opinion.

Our Opinion does not constitute a recommendation to proceed with the Merger. This Opinion relates solely to the question of the fairness of the Merger Consideration to the shareholders of Fortissimo, from a financial point of view. We are expressing no opinion as to the income tax consequences of the Merger to the shareholders of Fortissimo.

Houlihan, a Financial Industry Regulatory Authority (FINRA) member, as part of its investment banking services, is regularly engaged in the valuation of businesses and securities in connection with mergers and acquisitions, underwritings, private placements, bankruptcy, capital restructuring, solvency analyses, stock buybacks, and valuations for corporate and other purposes. Houlihan has no prior investment banking relationships with Fortissimo or Psyop. Houlihan has received a non-contingent fee from Fortissimo relating to its services in providing the Opinion. In an engagement letter dated July 11, 2007, Fortissimo has agreed to indemnify Houlihan with respect to Houlihan's services relating to the Opinion.

Based on and subject to the foregoing, it is our opinion that, as of the date hereof, (i) the Merger Consideration to be paid by Fortissimo to Psyop is fair from a financial point of view to the shareholders of the Company, and (ii) the fair market value of Psyop is at least equal to 80% of the net assets of Fortissimo at the time of the Merger.

Very truly yours,

Houlihan Smith & Company, Inc.

Section 2. *Trading Restrictions*.

(a) Subject to Section 2(b) below, for a period of two (2) years following the Initial Release Date, each Stockholder agrees that the Stockholders may not, as a group, directly or indirectly, sell, offer to sell, grant any option for the sale of, assign, transfer, pledge, hypothecate, or otherwise encumber or dispose of (**Transfer**) to any Third Party any legal or beneficial interest in shares of Parent Common Stock (the **Shares**) (whether pursuant to a registration statement or otherwise), on any given day, constituting more than 10% of the average daily trading volume of Parent Common Stock over the 20 trading days before such day, nor can the Stockholders, as a group, Transfer, in any given week, more than 30% of the average daily trading volume of Parent Common Stock over the 20 trading days before such week. If the Stockholders, as a group, request to Transfer more than the foregoing amounts, then all such requesting Stockholders shall be restricted from the Transfer of Shares, on a pro rata basis, so as not to exceed the foregoing amounts, in accordance with the provisions of Section 3. **Third Party** , for purposes of this Agreement, means any Person other than: (i) a Stockholder; (ii) the spouse, parent, sibling or descendants of a Stockholder; (iii) any trusts for the benefit of a Stockholder, or (iv) all Persons Affiliated with, principally owned by and/or organized or operating for the benefit of any of the foregoing, in each case, so long as such Person agrees to be bound by this Agreement, including the restrictions set forth in this Section 2, by the execution and delivery of an Addendum in the form of *Schedule B*. For purposes of this Agreement, **Affiliate** means, with respect to any Person, any other Person that controls, is controlled by or is under common control with the first Person.

(b) Notwithstanding Section 2(a) above or any other provision of this Agreement to the contrary, any Stockholder may Transfer any or all of its Shares to any Third Party if such Transfer (i) is executed as a private sale not executed upon any exchange or through any public securities market and (ii) such Third Party agrees to be bound by this Agreement, including the restrictions set forth in this Section 2, by the execution and delivery of an Addendum in the form of *Schedule B*.

(c) Whenever a Stockholder desires to Transfer any Shares, the Stockholder shall make a request in writing to the Trading Restriction Administrator, in accordance with the instructions contained in Schedule A attached hereto, not later than Noon, Eastern time, on the Business Day before the proposed date for such Transfer, specifying the number of the Shares requested to be Transferred and the proposed date for such Transfer.

(d) Upon any request by a Stockholder pursuant to Section 2(c), the Trading Restriction Administrator, in its sole discretion exercised in good faith, shall determine whether such Transfer is permissible pursuant to Section 2(a), taking into account the request for such Transfer and all other requests by the other Stockholders for such proposed date.

(e) If the proposed Transfer would not exceed the limits imposed by Section 2(a), as determined by the Trading Restriction Administrator in accordance with Section 2(d), the Trading Restriction Administrator shall promptly notify Parent and the Stockholder, not later than 4:00 P.M., Eastern time, on the

Business Day before the proposed date for such Transfer, that such Transfer is permissible under Section 2, and Parent shall take such appropriate steps as are necessary to facilitate such Transfer on the stock records of Parent.

(f) If the proposed Transfer would exceed the limits imposed by Section 2(a), as determined by the Trading Restriction Administrator in accordance with Section 2(d), the Trading Restriction Administrator shall calculate the number of Shares that may be Transferred by each requesting Stockholder in accordance with the restrictions set forth in Section 2(a) (the **Adjusted Amount**), which, in each case, shall be equal to the maximum number of Shares that could be Transferred on such date by all Stockholders, multiplied by a fraction, the numerator of which is the number of Shares requested to be Transferred by such requesting Stockholder on such date and the denominator of which is the number of Shares requested to be Transferred by all Stockholders who have requested a Transfer on such date. The

Trading Restriction Administrator shall promptly notify Parent and the Stockholder, not later than 4:00 P.M., Eastern time, on the Business Day before the proposed date for such Transfer, that such Transfer is only permissible if adjusted pursuant to this Section 2(f), specifying the Adjusted Amount. Unless the Stockholder delivers a notice to Parent and the Trading Restriction Administrator (which must be received by Parent and the Trading Restriction Administrator by 5:00 P.M., Eastern time, on the Business Day before the proposed date for such Transfer (the **Final Rejection Time**)), that such Stockholder no longer desires to sell the Adjusted Amount of Shares, Parent shall take such appropriate steps as are necessary to facilitate such Transfer of the Adjusted Amount on the stock records of Parent.

(g) Any Transfer permitted to be made pursuant to this Agreement shall be brokered by the Trading Restriction Administrator or any of its affiliates, except for the exempt transactions described in Section 3.

(h) The Parties understand that the Shares covered by this Agreement are not subject to an effective registration statement at the time of this Agreement, and neither Parent nor the Trading Restriction Administrator are responsible for fluctuations in the market in connection with any Transfer of the Shares.

(i) Each Stockholder agrees in connection with any registered underwritten public offering of the Parent Common Stock occurring during the 3-year period following the Initial Release Date that, upon request of the Parent or the underwriters managing an underwritten public offering, for a period of 90 days (or such shorter period of time as may be requested by the Parent or the underwriters), not to sell, make any short sale of, loan, grant any option for the purchase of or otherwise dispose of any Parent Common Stock (other than those, if any, that are included in the public offering) without the prior written consent of the Parent or such underwriters, as the case may be, *provided* that all of the officers and directors of the Parent shall also enter into an agreement imposing substantially equivalent restrictions on such persons for the same period of time as such restrictions are imposed on the Stockholders, and, provided, further, that the Parent may not invoke this right more than twice in any twelve (12) month period.

Section 3. *Exempt Transactions.* Notwithstanding the restrictions set forth in Sections 1 and 2 above, the Stockholder may sell, assign or transfer all or any portion of the Stockholder Shares: (i) to his or her spouse (or former spouse in connection with any marital separation, asset allocation agreement or qualified domestic relations order) or parents, siblings or children (by blood, marriage or adoption) (**Qualified Relatives**), to a trust established for the benefit of the Stockholder or his or her Qualified Relatives, to an entity owned, directly or indirectly, by such a trust or to a beneficiary of his or her will through a disposition under such will; (ii) if the Stockholder is a partnership, to its partners; (iii) to an Affiliate of the Stockholder or his or her Qualified Relatives; or (iv) to the beneficiaries of any trust to which the Stockholder has transferred Stockholder Shares in compliance with subsection (i); *provided that*, in each case, the transferee agrees in writing to be subject to the terms of this Agreement to the same extent as if such transferee were a holder of Stockholder Shares hereunder.

NOW, THEREFORE, the parties hereto hereby agree as follows:

1. *Agreement of Company Stockholders.* The Stockholders have, by virtue of their execution of the Merger Agreement, agreed to: (a) the establishment of the Indemnification Escrow and the Restricted Stock Escrow, (b) the appointment of the Stockholders Representative as their representative for purposes of this Agreement and as attorney-in-fact and agent for and on behalf of each Stockholder, and the taking by the Stockholders Representative of any and all actions and the making of any decisions required or permitted to be taken or made by it under this Agreement and (c) all of the other terms, conditions and limitations in this Agreement.

2. *Escrow.*

The Escrow Agent agrees to hold the Indemnification Escrow Fund in the Indemnification Escrow Account, subject to the terms and conditions of this Agreement.

TABLE OF CONTENTS

(c) *Restricted Stock Escrow.* On the Closing Date, and simultaneously with the execution of this Agreement, Parent has deposited with the Escrow Agent, on behalf of the Stockholders, one or more certificates representing the Maximum Revenue Contingent Stock and the Maximum EBITDA Contingent Stock, issued in the name of a nominee appointed by the Stockholders Representative. The Escrow Agent hereby acknowledges receipt of such stock certificate or certificates. The shares deposited with the Escrow Agent pursuant to the first sentence of this Section 2(c) are referred to herein as the **Restricted Escrow Shares**, and together with the Indemnification Escrow Shares, the **Escrow Shares**. The Escrow Agent agrees to hold the Restricted Escrow Shares in an escrow account (the **Restricted Escrow Account**), subject to the terms and conditions of this Agreement and of the Restricted Stock Agreements.

Such securities shall be considered Escrow Shares for purposes hereof. Any cash dividends or property (other than securities) distributed in respect of the Escrow Shares shall promptly be distributed by Parent to the Stockholders.

(e) *Voting of Shares.* The Escrow Agent shall not vote any of the Escrow Shares. The Stockholders Representative shall vote the Escrow Shares on behalf of the Stockholders, in accordance with instructions provided by the Stockholders to the Stockholders Representative.

(f) *Transferability.* The respective interests of the Stockholders in the Escrow Shares shall not be assignable or transferable, other than by operation of law. Notice of any such assignment or transfer by operation of law shall be given to the Escrow Agent and Parent, and no such assignment or transfer shall be valid until such notice is given.

3. Distribution of Indemnification Escrow Shares and Indemnification Escrow Fund.

(a) If Parent or any member of the Parent Indemnified Group claims that he, she or it is entitled to all or any portion of the Indemnification Escrow Shares or Indemnification Escrow Fund resulting from any liabilities or amounts owed to Parent pursuant to Article IX of the Merger Agreement, Parent shall, prior to 5:00 p.m. (New York time) on the business day before the Indemnification Escrow Shares Termination Date (defined below) or an Indemnification Escrow Fund Distribution (defined below), give written notice of such claim (a **Claim Notice**) to the Stockholders Representative with a copy to the Escrow Agent. Each Claim Notice shall state the amount claimed to be owed to Parent or Damages claimed (the **Claimed Amount**) and the basis for such liability or claim. For purposes of this Agreement, Parent shall represent the appropriate member of the Parent Indemnified Group, to the extent applicable. The Claim Notice shall also specify the number of Indemnification Escrow Shares that Parent has calculated having a value equal to the full Claimed Amount (as computed pursuant to Section 3(m) below).

(b) Within thirty (30) days of receipt by the Stockholders Representative of a Claim Notice, the Stockholders Representative shall provide to the party providing the Claim Notice (with a copy to the Escrow Agent) a written response (the **Response Notice**) in which the Stockholders Representative shall either: (i) agree that (1) the number of Indemnification Escrow Shares stated by Parent in the Claim Notice as having a value equal to the full Claimed Amount or (2) a portion of the Indemnification Escrow Fund equal to the full Claimed Amount, as applicable, may be released from escrow to Parent, (ii) agree that (1) the number of Indemnification Escrow Shares stated by Parent in the Claim Notice as having a value equal to part, but not all, of the Claimed Amount, or (2) a portion of the Indemnification Escrow Fund equal to part, but not all, of the Claimed Amount, may be released from escrow to Parent, or (iii) contest that any or all of the Indemnification Escrow Shares or Indemnification Escrow Fund, as

applicable, may be released from the escrow to Parent. The Escrow Agent must receive the Response Notice by 5:00 p.m. (New York time) on the thirtieth (30th) day after the Claim Notice had been received. The Escrow Agent shall not honor the notice after such time. If no Response Notice is delivered to, and received by the Escrow Agent within such thirty (30) day period, the Stockholders

I-2

TABLE OF CONTENTS

Representative shall be deemed to have agreed that (x) the Indemnification Escrow Shares having a value equal to all of the Claimed Amount, and/or (y) the portion of the Indemnification Escrow Fund equal to all of the Claimed Amount, may be released to Parent from escrow. Notwithstanding any terms of this Agreement to the contrary, no Claim Notice or Response Notice shall be deemed to have been delivered to the Escrow Agent until it is actually received by the Escrow Agent at the address set forth in Section 11(e) hereof.

(c) If the Stockholders Representative agrees (or is deemed to have agreed) that (i) the number of Indemnification Escrow Shares stated by Parent in the Claim Notice as having a value equal to all of the Claimed Amount or (ii) a portion of the Indemnification Escrow Fund equal to all of the Claimed Amount, as applicable, may be released from escrow to Parent, the Escrow Agent shall promptly thereafter distribute to Parent such number of Indemnification Escrow Shares having a value equal to the Claimed Amount (or such lesser number of Indemnification Escrow Shares as are then held in escrow) or the portion of the Indemnification Escrow Fund having a value equal to the Claimed Amount (or such lesser amount of the Indemnification Escrow Fund then held in escrow), in each case as applicable. Escrow Agent shall not be responsible for calculating any such amounts and shall be entitled to rely on written instructions by Parent, a copy of which shall be provided to the Stockholders Representative.

(d) If the Stockholders Representative agrees that (i) the number of Indemnification Escrow Shares stated by Parent in the Claim Notice as having a value equal to part, but not all, of the Claimed Amount or (ii) a portion of the Indemnification Escrow Fund equal to part, but not all, of the Claimed Amount, as applicable (the **Partial Agreed Amounts**) may be released from the escrow to Parent, the Escrow Agent promptly shall distribute to Parent such number of Indemnification Escrow Shares (or such lesser number of Indemnification Escrow Shares as is then held in escrow) or the portion of the Indemnification Escrow Fund having a value equal to the sum of all Partial Agreed Amounts (or such lesser amount of the Indemnification Escrow Fund then held in escrow), as applicable, per a written instruction signed by Parent pursuant to Section 3(e), with a copy delivered to the Stockholders Representative.

(e) If the Stockholders Representative contests the release of (i) the Indemnification Escrow Shares having a value equal to all or part of the Claimed Amount or (ii) the portion of the Indemnification Escrow Fund equal to all or part of the Claimed Amount (the **Contested Amount**), the Stockholders Representative and Parent shall attempt promptly and in good faith to agree upon the rights of the parties with respect to the Contested Amount. If the parties should so agree, a memorandum setting forth such agreement shall be prepared and signed by both parties and delivered to the Escrow Agent and, if such agreement provides that all or a portion of the Contested Amount is to be paid to a member of the Parent Indemnified Group, the Escrow Agent shall promptly distribute to Parent from the escrow (i) an amount of Indemnification Escrow Shares having a value equal to the amount so agreed or (ii) a portion of the Indemnification Escrow Fund equal to the amount so agreed. If no such agreement can be reached within 15 days, the matter shall be settled by binding arbitration in New York City, New York. Notwithstanding the foregoing, the parties may defer arbitration to a mutually agreeable later date. All claims shall be settled by a single arbitrator mutually agreeable to Parent and the Stockholders Representative, or if they cannot agree on a single arbitrator in 20 days, by three arbitrators, in accordance with the Commercial Arbitration Rules then in effect of the American Arbitration Association. One of such arbitrators shall be chosen by Parent, one shall be chosen by the Stockholders Representative and the third shall be chosen by the first two arbitrators selected pursuant to this sentence. The Party against whom an award is entered shall pay the costs of arbitration and the other Party's reasonable out of pocket costs and expenses, including without limitation, reasonable attorney's fees. The arbitrator's decision shall relate solely to whether Parent is

entitled to receive the Contested Amount (or a portion thereof) pursuant to the applicable terms of the Merger Agreement and this Agreement. The final decision of the arbitrator, or a majority of the arbitrators in the case of three arbitrators, shall be furnished to the Stockholders Representative and Parent in writing and shall constitute a conclusive determination of the issue in question, binding upon the Stockholders, the Parent and the Parent Indemnified Group, and shall not be contested by any of them. Such decision may be used in a court of law only for the purpose of seeking enforcement of the arbitrator's award. Either the Stockholders Representative or the Parent may deliver a memorandum to the Escrow Agent setting forth such arbitrator's decision in accordance with the second

I-3

TABLE OF CONTENTS

sentence of this paragraph. The parties hereto agree that all arbitration proceedings conducted pursuant to this Agreement shall be held confidential. In no event shall the Escrow Agent be a party to any arbitration proceeding.

(f) After delivery of a Response Notice that a portion of the Claimed Amount is contested by the Stockholders Representative, the Escrow Agent shall continue to hold in escrow either (x) an amount of Indemnification Escrow Shares having a value sufficient to cover the Contested Amount (up to the amount of Indemnification Escrow Shares then available in escrow) or (y) a portion of the Indemnification Escrow Fund equal to the Contested Amount (up to the amount of Indemnification Escrow Fund then available in escrow) notwithstanding the occurrence of the Indemnification Escrow Shares Termination Date or an Indemnification Escrow Fund Distribution, until (i) delivery of a copy of a settlement agreement executed by a Parent and the Stockholders Representative setting forth instructions to the Escrow Agent as to the release of Indemnification Escrow Shares or portion of the Indemnification Escrow Fund, as applicable, that shall be made with respect to the Contested Amount or (ii) delivery of a copy of the final award of the arbitrator, or a majority of the arbitrators in the case of three arbitrators, and the memo referenced in the last sentence of the preceding paragraph setting forth instructions to the Escrow Agent as to the release of the Indemnification Escrow Shares or portion of the Indemnification Escrow Fund, as applicable, that shall be made with respect to the Contested Amount. The Escrow Agent shall thereupon release the Indemnification Escrow Shares or portion of the Indemnification Escrow Fund from escrow (up to the amount of Indemnification Escrow Shares or Indemnification Escrow Fund then available in escrow) in accordance with such agreement or instructions.

(g) Notwithstanding the foregoing, if on the Indemnification Escrow Shares Termination Date or an Indemnification Escrow Fund Distribution, Parent has previously given any Claim Notices that have not then been resolved, the Escrow Agent shall retain in escrow either (i) an amount of Indemnification Escrow Shares having a value equal to the aggregate Claimed Amount covered by all such Claim Notices that have not then been resolved and/or (ii) a portion of the Indemnification Escrow Fund equal to the aggregate Claimed Amount covered by all such Claim Notices that have not then been resolved, as applicable. Any Indemnification Escrow Shares or portion of the Indemnification Escrow Fund retained in escrow pursuant to this Section 3(g) shall be disbursed to the relevant Stockholders in accordance with the terms of the resolution of any claims relating to any of the Indemnification Escrow Shares or portion of the Indemnification Escrow Fund retained hereunder.

(h) Escrow Agent shall also be allowed to disburse Indemnification Escrow Funds or Indemnification Escrow Shares upon any joint written instructions signed by the Stockholders Representative and Parent.

6.4. *Termination After the Term of Employment.* Beginning on the three-year anniversary of the Commencement Date, provided the Executive's employment has not previously terminated, the Executive's employment shall be on an at-will basis, and may be terminated at any time at the Executive's option or the option of the Company, as the case may be, on the terms and subject to the conditions set forth in this Agreement.

7. Effect of Termination.

7.1. *Termination By Company Without Cause or by Executive for Good Reason.* In the event the Executive's employment is terminated by the Company without Cause as defined in Section 6.2 or in the event the Executive terminates his/her employment for Good Reason as defined in Section 6.3, the Company shall be obligated to pay the Executive all accrued salary, vacation pay, expense reimbursements and any other sums due to the Executive through the date of termination. In addition, the Executive shall be entitled to receive the following severance benefits provided the Executive executes and does not revoke a severance and release agreement drafted by and reasonably satisfactory to the Company: (i) for a period of six (6) months⁽³⁾ following the Executive's date of termination, the Company will continue to pay to the Executive, in accordance with the Company's regularly established payroll procedure, his/her Base Salary; (ii) should the Executive be eligible for and elect to continue receiving group medical and dental insurance pursuant to the federal COBRA law, 29 U.S.C. § 1161 et seq., the Company will, for twelve (12) months⁽⁴⁾ following the Executive's date of termination, pay all premium costs for such continued coverage; and (iii) the Restrictive Period (as defined in the Executive's Restrictive Covenant Agreement) will be deemed modified such that it is reduced to a six (6) month period⁽⁵⁾. Notwithstanding any other provision set forth in this Employment Agreement, in the event the Executive's employment is terminated by the Company without Cause or the Executive terminates his/her employment for Good Reason prior to the expiration of the Term of Employment, the Executive shall receive, pursuant to the terms and conditions set forth herein, only the severance benefits set forth in this Section 7.1, and shall not be eligible (nor shall the Company be liable) for any additional payments, benefits, compensation, or consideration whatsoever (including any bonus not yet paid), that the Executive may have received had his/her employment not terminated other than any contingent payments as more fully described in Exhibit A to the Merger Agreement or the Additional Consideration provided for in section 2.14 of the Merger Agreement.

7.2. *Other Terminations.* Except for a termination by the Company without Cause or by the Executive for Good Reason, upon the termination of the Executive's employment for any reason before or after the expiration of the Term of Employment (including termination of the Executive's employment for Cause as defined in Section 6.2, by the Executive without Good Reason as defined in Section 6.3, or upon the Executive's death or disability as defined in Section 6.1), the obligations of the Company to pay the Executive's Compensation shall immediately cease, and the Executive shall be entitled to only the base salary, vacation pay, expense reimbursements and any other sums due to

the Executive through his/her last day of employment. The Executive shall not be entitled to any other compensation or consideration, including any bonus not yet paid and/or any contingent payments as more fully described in Exhibit A to the Merger Agreement, that the Executive may have received had his/her employment not terminated.

7.3. *Distributions.* The following rules shall apply with respect to distribution of the payments and benefits, if any, to be provided to the Executive under this Section 7:

(i) It is intended that each installment of the payments and benefits provided under Section 7 shall be treated as a separate payment for purposes of Section 409A of the U.S. Internal Revenue Code of 1986, as amended, and the guidance issued thereunder (Section 409A). Neither the Company nor the Executive shall have the right to accelerate or defer the delivery of any such payments or benefits except to the extent specifically permitted or required by Section 409A;

(ii) If, as of the date of the separation from service of the Executive from the Company, the Executive is not a specified employee (each within the meaning of Section 409A), then each installment of the payments and benefits shall be made on the dates and terms set forth in Section 7; and

(iii) If, as of the date of the separation from service of the Executive from the Company, the Executive is a specified employee (each, for purposes of this Agreement, within the meaning of Section 409A), then:

(A) Each installment of the payments and benefits due under Section 7 that, in accordance with the dates and terms set forth herein, will in all circumstances, regardless of when the separation from service occurs, be paid within the Short-Term Deferral Period (as hereinafter defined) shall be treated as a short-term deferral within the meaning of Treasury Regulation Section 1.409A-1(b)(4) to the maximum extent permissible under Section 409A. For purposes of this Agreement, the Short-Term Deferral Period means the period ending on the later of the 15th day of the third month following the end of the Executive's tax year in which the Executive's separation from service occurs and the 15th day of the third month following the end of the Company's tax year in which the Executive's separation from service occurs; and

(B) Each installment of the payments and benefits due under Section 7 that is not paid within the Short-Term Deferral Period and that would, absent this subsection, be paid within the six-month period following the separation from service of the Executive of the Company shall not be paid until the date that is six months and one day after such separation from service (or, if earlier, the death of the Executive), with any such installments that are required to be delayed being accumulated during the six-month period and paid in a lump sum on the date that is six months and one day following the Executive's separation from service and any subsequent installments, if any, being paid in accordance with the dates and terms set forth herein; provided, however, that the preceding provisions of this sentence shall not apply to any installment of payments and benefits if and to the maximum extent that that such installment is deemed to be paid under a separation pay plan that does not provide for a deferral of compensation by reason of the application of Treasury Regulation 1.409A-1(b)(9)(iii) (relating to separation pay upon an involuntary separation from service) or Treasury Regulation 1.409A-1(b)(9)(iv) (relating to reimbursements and certain other separation payments). Such payments shall bear interest at an annual rate equal to the prime rate as set forth in the Eastern

edition of the Wall Street Journal on the Date of Termination, from the Date of Termination to the date of payment. Any installments that qualify for the exception under Treasury Regulation Section 1.409A-1(b)(9)(iii) must be paid no later than the last day of the second taxable year of the Executive following the taxable year of the Executive in which the separation from service occurs.

8. *Absence of Restrictions.* The Executive represents and warrants that he is not bound by any employment contracts, restrictive covenants or other restrictions that prevent him from entering into employment with, or carrying out his/her responsibilities for, the Company, or which are in any way inconsistent with any of the terms of this Employment Agreement.

9. *Amendments.* Any amendment to this Employment Agreement shall be made in writing and signed by the parties hereto.

any claim for discrimination under any local, state or federal employment discrimination law, except as specifically excluded herein, shall be settled by arbitration in New York, New York administered by the American Arbitration Association under its National Rules for the Resolution of Employment Disputes. Any claim or controversy not submitted to arbitration in accordance with this Paragraph 12 shall be waived, and thereafter, no arbitration panel or tribunal or court shall have the power to rule or make any award on any such claim or controversy. 15. *Acknowledgment.* The Executive states and represents that he has had an opportunity to fully discuss and review the terms of this Employment Agreement with an attorney. The Executive further states and represents that he has carefully read this Employment Agreement, understands the contents herein, freely and voluntarily assents to all of the terms and conditions hereof, and signs his/her name of his/her own free act.

16. *Waiver.* No delay or omission by the Company in exercising any right under this Employment Agreement shall operate as a waiver of that or any other right. No waiver of any provision of this Employment Agreement shall be effective unless in writing and signed by the party waiving its rights, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which it was given.

17. *Captions.* The captions of the sections of this Employment Agreement are for convenience of reference only and in no way define, limit or affect the scope or substance of any section of this Employment Agreement.

18. *Severability.* If any provision of this Employment Agreement shall be invalid, illegal or otherwise unenforceable, such provision shall be ineffective to the extent of such invalidity, illegality or unenforceability without invalidating the remainder of such provision or the remaining provisions of this Employment Agreement.

19. *Section 409A of the Code.* This Agreement is intended to comply with the provisions of Section 409A and the Agreement shall, to the extent practicable, be construed in accordance therewith.
