(1) The exercise or conversion price assumes the completion of a reverse stock split in which the issuer's outstanding common stock is reduced to approximately 10,000,000 shares.

(2) In connection with a \$50,000 loan, the reporting person was issued a convertible note. The reporting person acquired the Series A upon converting a \$50,000 note. The warrants were issued in connection with the loan. The exercise price of the securities was contingent on the closing of a future financing. The financing closed on January 27, 2012.

(3) Each share of Series A will automatically convert into five shares of the issuer's common stock at a future event which requires shareholder approval. The Series A will expire at the time of conversion.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure.
