Item 2.02 Results of Operations and Financial Condition

On January 30, 2007, we issued a press release announcing our results of operations for the three months and year ended December 31, 2006. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Reflected in our earnings for the three months and year ended December 31, 2006 are three items that require us to revise previously reported financial results. First, we have income from discontinued operations, primarily related to the sales of our Nordic payroll processing and facilities management services businesses. Second, our French business tax and profit sharing expenses, previously reported as Selling and administrative expenses, are now reported as Cost of services as we believe this presentation is more appropriate given the nature of these costs. Third, certain Eastern European subsidiaries previously reported in our France segment, and our Russian operations previously reported in our Other Operations segment, are now reported in our EMEA segment due to a change in the management structure. Attached hereto as Exhibit 99.3 are our Results of Operations and Operating Unit Results since January 1, 2004, reflecting the restatement of our financial results to exclude the earnings of the discontinued operations and reflecting the reclassification of the business tax and profit sharing expenses and the segment results.
