1. Overview

A. Industry

(1) Industry characteristics and growth potential

- TFT-LCD technology is one of the most widely used technologies in the manufacture of flat panel displays and the demand for flat panel displays is growing rapidly. The flat panel display industry is characterized by entry barriers due to rapidly evolving technology, capital-intensive characteristics, and the significant investments required to achieve economies of scale, among other factors. There is strong competition between a limited number of players within the industry and production capacity in the industry, including ours, is being continually increased.
- The demand for LCD panels for Notebook Computers & Monitors has been closely related to the IT industry cycle. The demand for LCD panels for TVs is growing with the start of HDTV broadcasting and as LCD TVs have come to play a key role in the digital display market. There is a competition between TFT-LCD and PDP technologies in the area of large flat TV products. In addition, LCD panel markets for applications, such as mobile phones, PDAs, medical applications and automobile navigation systems, among others, are growing steadily.
- The average selling prices of our display panels have declined in general and are expected to continually decline with time irrespective of industry-wide fluctuations as a result of, among other factors, technology advances and cost reductions.

(2) Cyclicity

- The TFT-LCD business has high cyclicity as well as being a capital intensive business. In spite of the increase in demand for products, this industry has experienced periodic volatility caused by imbalances between demand and supply due to capacity expansion within the industry.
- Intense competition and expectations of demand growth may lead panel manufacturers to invest in manufacturing capacity on similar schedules, resulting in a surge in capacity when production is ramped up at new fabrication facilities.
- During such surges in capacity growth, our customers can exert and have exerted strong downward pricing pressure, resulting in sharp declines in average selling prices and significant fluctuations in our gross margins. Conversely, demand surges and fluctuations in the supply chain can lead to price increases.

(3) Competitiveness

- Our ability to compete successfully depends on factors both within and outside our control, including product pricing, performance and reliability, successful and timely investment and product development, success of our end-brand customers in marketing their brands and products, component and raw material supply costs, foreign exchange rate and general economic and industry conditions.

- Core competitiveness includes technology leadership, capability to design new products and premium products, timely investment in advanced fabs, cost leadership through application of large production lines, innovation of process and productivity, and collaborative customer relationships.

Table of Contents

- Most importantly, cost leadership and stable and long-term relationships with customers are critical to secure profit even in a buyer's market.
- A substantial portion of our sales is attributable to a limited group of end-brand customers and their designated system integrators. The loss of these end-brand customers, as a result of customers entering into strategic supplier arrangements with our competitors or otherwise, would thus result in reduced sales.
- Developing new products and technologies that can be differentiated from those of our competitors is critical to the success of our business. We take active measures to protect our intellectual property internationally by obtaining patents and undertaking monitoring activities in our major markets. It is also necessary to recruit and retain the experienced key staffs and highly skilled line operators.

(4) Sourcing material

- Materials are sourced in-house (color filters) as well as from domestic and overseas vendors.
- The shortage of raw materials may arise temporarily due to the rapid increase in demand for raw materials resulting from capacity expansion in the TFT-LCD industry.
- We have purchased, and expect to purchase, a substantial portion of our equipment from a limited number of qualified foreign and local suppliers. From time to time, increased demand for new equipment may cause lead times to extend beyond those normally required by the equipment vendors.

(5) Others

- Most TFT-LCD panel makers are located in Asia.
 - a. Korea: LG.Philips LCD, Samsung Electronics (including Joint Venture between Samsung Electronics and Sony Corporation), BOE-Hydis
 - b. Taiwan: AU Optronics, Chi Mei Optoelectronics, CPT, etc.
 - c. Japan: Sharp, IPS-Alpha, etc.
 - d. China: SVA-NEC, BOE-OT, etc.

B. Company

(1) Business overview

- Commercial production for our TFT-LCD business began in September 1995 at P1, which was then the first fabrication facility of LG Electronics. At the end of 1998, LG Electronics and LG Semicon transferred their respective TFT-LCD related businesses to LG Soft Co., Ltd (currently LG.Philips LCD Co., Ltd.). LG.Philips LCD became a J/V between LG Electronics and Philips Electronics in August 1999. In July 2004, we completed our initial public offering and listed

Edgar Filing: LG.Philips LCD Co., Ltd. - Form 6-K

our common stock on the Korea Exchange and our ADSs on the New York Stock Exchange. As of March 31, 2007, we operate seven fabrication facilities located in Gumi and Paju, Korea, and five module facilities located in Gumi and Paju, Korea, and Nanjing (3 factories), China. We started mass production at a module facility in Wroclaw, Poland in March 2007.

Table of Contents

- We became the first LCD maker in the world to commence commercial production at a 4th generation fab (P3) in July 2000 and at a 5th generation fab (P4) in March 2002, and we started mass production at our 6th generation fab (P6) in August 2004, which allows us to produce LCD panels for large TVs and monitors. Following mass production at our 7th generation fab (P7) in January 2006, we became a panel maker who operates both 6th and 7th generation lines, which we believe will strengthen our position as a leader in the LCD TV market.
 - Sales in the 1st quarter of 2007 decreased by 12% to KRW 2,606 billion compared to 4th quarter of 2006 sales of KRW 2,967 billion and increased by 8% compared to the 1st quarter 2006 sales of KRW 2,418 billion (Sales under consolidated Korean GAAP in the 1st quarter of 2007 decreased by 11% to KRW 2,722 billion from sales of KRW 3,065 billion in the 4th quarter of 2006 and increased 10% compared to KRW 2,471 billion in the first quarter of 2006).
 - Operating loss in the 1st quarter of 2007 was KRW 237 billion whereas in the 4th quarter of 2006 we had an operating loss of KRW 151 billion. Our net loss in the 1st quarter of 2007 was KRW 169 billion which is an improvement of 3% over the 4th quarter 2006's net loss of KRW 174 billion (Operating loss under consolidated Korean GAAP in the 1st quarter of 2007 was KRW 208 billion compared to an operating loss of KRW 177 billion in the 4th quarter of 2006, and an operating profit of KRW 52 billion in the 1st quarter of 2006).
 - We reinforced our position as a leader in LCD technology with the world's first 100-inch TFT-LCD panel and the development of a super-slim panel for mobile phones.
 - Moreover, LPL made strategic alliances or long-term sales contracts with major global firms such as Kodak and Syntax-Brilliant of the United States and Japan's Toshiba among others to secure customers and expand partnerships for technology development.
 - Business area of the company for disclosure is limited to the LCD business.
- (2) Market shares
- Our world wide market share for large-size TFT-LCD panels (≥10") based on revenue

	2006	2005	2004
Panel for Notebook Computer	26.2%	22.5%	19.6%
Panel for Monitor	15.6%	22.5%	22.6%

(3) Market characteristics

- Due to the recent high growth in the display appliance market for the flat display format, the scale of the LCD market is growing at a rapid rate, resulting in expansion of the market centered mainly in America, Japan, Europe and China.

(4) New business

- P7 in our Paju display cluster is expected to reach a production capacity of 110,000 input sheets of glass substrate per month in the third quarter of 2007. We are currently reviewing an investment for the next generation of fabrication facilities in anticipation of growth in the TFT-LCD market.
- In September 2005, we entered into an agreement to build a back-end module production plant in Wroclaw, Poland, becoming the first global LCD industry player to commence such a production facility in Europe. We broke ground on the plant in June 2006 and started mass production in March 2007.
- In October 2006, we formed a strategic alliance with Toshiba Corporation whereby Toshiba would take a 19.9% equity participation in our subsidiary, LG.Philips LCD Poland Sp. z o.o., and LG.Philips LCD Poland Sp. z o.o. would supply Toshiba with a quantity of LCD TV panels produced at the plant in Poland.
- In May 2006, we entered into an investment agreement with the Guangzhou Development District Administrative Committee to construct a module production plant in Guangzhou, China, and in June 2006, we established LG.Philips LCD Guangzhou Co., Ltd.

Report of Independent Accountants

To the Board of Directors and Shareholders of

LG.Philips LCD Co., Ltd.

We have reviewed the accompanying non-consolidated balance sheet of LG.Philips LCD Co., Ltd. (the Company) as of March 31, 2007 and the related non-consolidated statements of operations, cash flows for the three-month periods ended March 31, 2007 and 2006, and non-consolidated statements of changes in shareholders' equity for the three-month period ended March 31, 2007, expressed in Korean won. These interim financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these interim financial statements based on our reviews.

We conducted our reviews in accordance with the quarterly and semi-annual review standards established by the Securities and Futures Commission of the Republic of Korea. These standards require that we plan and perform our review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the non-consolidated interim financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea.

We have audited the non-consolidated balance sheet of LG.Philips LCD Co., Ltd. as of December 31, 2006 and the related non-consolidated statements of operations, appropriations of retained earnings and cash flows for the year then ended, in accordance with auditing standards generally accepted in the Republic of Korea. We expressed an unqualified opinion on those financial statements in our audit report dated February 13, 2007. These financial statements are not included in this review report. The non-consolidated balance sheet as of December 31, 2006, presented herein for comparative purposes, is consistent, in all material respects, with the above audited balance sheet as of December 31, 2006.

Samil Pricewaterhouse Cooper is the Korean member firm of PricewaterhouseCoopers. PricewaterhouseCoopers refers to the network of member firms of PricewaterhouseCoopers International Limited, each of which is a separate and independent legal entity.

1. The Company

LG.Philips LCD Co., Ltd. (the Company) was incorporated in 1985 under its original name of LG Soft, Ltd., under the Commercial Code of the Republic of Korea and commenced the manufacturing and sale of Thin Film Transistor Liquid Crystal Display (TFT LCD) from 1999. On July 26, 1999, LG Electronics Inc., Koninklijke Philips Electronics N.V. (Philips) and the Company entered into a joint venture agreement. Pursuant to the agreement, the Company changed its name from LG LCD Co., Ltd. to LG.Philips LCD Co., Ltd. effective August 27, 1999 and on August 31, 1999, the Company issued new shares of common stock to Philips for proceeds of (Won)725,000 million and Philips acquired a 50% interest in LG LCD Co., Ltd.

The Company listed its shares with the Korea Stock Exchange and with US Securities and Exchange Commission in July, 2004.

As of March 31, 2007, the Company has outstanding capital stock amounting to (Won)1,789,079 million.

2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Company in the preparation of its interim non-consolidated financial statements are same as those followed by the company in its preparation of annual non-consolidated financial statements and are summarized below:

Basis of Financial Statement Presentation

The Company maintains its accounting records in Korean won and prepares statutory financial statements in the Korean language (Hangul) in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been condensed, restructured and translated into English from the Korean language non-consolidated financial statements. Certain information attached to the Korean language financial statements, but not required for a fair presentation of the Company's financial position, results of operations, or cash flows, is not presented in the accompanying non-consolidated financial statements.

Accounting Estimates

The preparation of the financial statements requires management to make certain estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

8. Stock Appreciation Plan

On April 7, 2005, the Company granted 450,000 shares of stock appreciation rights (SARs) for certain executives. Under the terms of this plan, executives, upon exercising their SARs, are entitled to receive cash equal to the excess of the market price of the Company's common stock over the exercise price of (Won) 44,050 per share. The exercise price decreased from (Won) 44,260 to (Won) 44,050 due to the additional issuance of common stock in 2005. These SARs are exercisable starting April 8, 2008, through April 7, 2012. Additionally, when the increase rate of the Company's share price is the same or less than the increase rate of the Korea Composite Stock Price Index (KOSPI) over the three-year period following the grant date, only 50% of the initially granted shares can be exercised.

The options activity under the SARs as of March 31, 2007 and December 31, 2006, consist of the following :

	2007		2006	
	Number of shares under SARs	Weighted average exercise price	Number of shares under SARs	Weighted average exercise price

Notes to Non-Consolidated Financial Statements

March 31, 2007 and 2006, and December 31, 2006

(Unaudited)

The Company's management does not expect that the outcome in any of these legal proceedings and claims, individually or collectively, will have any material adverse effect on the Company's financial condition, results of operations or cash flows.

The Company is currently under investigation by the fair trade or antitrust authorities in Korea, Japan, US and other markets with respect to possible anti-competitive activities in the LCD industry. As of March 31, 2007, the Company, along with a number of other companies in the LCD industry, has been named as defendant in a number of federal class actions in the United States alleging that the defendants violated the antitrust laws in connection with the sale of LCD panels.

In February 2007, the Company and its certain officers and directors have been named as defendants in a federal class action in the United States by the shareholders of the Company alleging violations of the U.S. Securities Exchange Act of 1934, as amended, in connection with possible anti-competitive activities in the LCD industry. The Company and the officers and directors intend to defend themselves vigorously in this matter.

Each of these matters remains in the very early stages and the Company is not in a position to predict their outcome. However, the Company intends to defend itself vigorously in these matters.

13. Earnings Per Share

Earnings (loss) per share is computed by dividing net income by the weighted-average number of common shares outstanding during the period. Ordinary income (loss) per share is computed by dividing ordinary income (loss) allocated to common stock, which is net income (loss) allocated to common stock as adjusted by extraordinary gains or losses, net of related income taxes, by the weighted-average number of common shares outstanding during the period.

Earnings (loss) per share for the three-month periods ended March 31, 2007 and 2006, are as follows:

<i>(in millions, except per share amounts)</i>	2007	2006
Net income (loss) as reported on the statements of operations	(Won) (168,599)	(Won) 47,518
Weighted-average number of common shares outstanding	358	358
Earnings (loss) per share	(Won) (471)	(Won) 133

The Company has issued no diluted securities until the Company issued convertible bonds on April 19, 2005. Diluted earnings per share is identical to basic earnings per share as convertibles bonds have no dilutive effect for the three-month periods ended March 31, 2007 and 2006.

Additionally, loss per share for the year ended December 31, 2006, was as follows:

	Year ended
	December 31, 2006

2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Company and its consolidated subsidiaries in the preparation of its interim consolidated financial statements are same as those followed by the Company in its preparation of annual consolidated financial statements and are summarized below.

Basis of Consolidated Financial Statement Presentation

The Company maintains its accounting records in Korean won and prepares statutory financial statements in the Korean language (Hangul) in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these consolidated financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying consolidated financial statements have been condensed, restructured and translated into English from the Korean language consolidated financial statements. Certain information attached to the Korean language financial statements, but not required for a fair presentation of the Company's financial position and results of operations, is not presented in the accompanying consolidated financial statements.

Accounting Estimates

The preparation of the financial statements requires management to make certain estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

Application of the Statements of Korean Financial Accounting Standards

The Korean Accounting Standards Board has published a series of Statements of Korean Financial Accounting Standards (SKFAS), which will gradually replace the existing financial accounting standards established by the Korean Financial Supervisory Commission. As SKFAS Nos. 18 through 20 became applicable to the Company on January 1, 2006, the Company adopted these Standards in its financial statements covering periods beginning January 1, 2006.

And as SKFAS No. 21 through 23, including No.11 and 25, became effective for the Company on January 1, 2007, the Company adopted these Standards in its financial statements as of and for the three-month period ended March 31, 2007. However, the consolidated statement of changes in shareholders' equity presented for comparative purposes is not stated in accordance with the addendum of SKFAS No. 21.

8. Stock Appreciation Plan

On April 7, 2005, the Company granted 450,000 shares of stock appreciations rights (SARs) for certain executives. Under the terms of this plan, executives, upon exercising their SARs, are entitled to receive cash equal to the excess of the market price of the Company's common stock over the exercise price of (Won) 44,050 per share. The exercise price decreased from (Won) 44,260 to (Won) 44,050 due to the additional issuance of common stock in 2005. These SARs are exercisable starting April 8, 2008, through April 7, 2012. Additionally, when the increase rate of the Company's share price is the same or less than the increase rate of the Korea Composite Stock Price Index (KOSPI) over the three-year period following the grant date, only 50% of the initially granted shares can be exercised.

The options activity under the SARs as of March 31, 2007 and December 31, 2006, consist of the following:

	2007		2006	
	Number of shares under SARs	Weighted average exercise price	Number of shares under SARs	Weighted average exercise price

The accompanying unaudited interim consolidated financial statements and related notes should be read in conjunction with the Consolidated Financial Statements of LG.Philips LCD Co., Ltd. (LPL), and its consolidated subsidiaries (hereinafter collectively referred to as the Company) and related notes thereto for the year ended December 31, 2006. The accompanying unaudited interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and reflect all adjustments of a normal, recurring nature that are, in the opinion of management, necessary for a fair statement of results for these interim periods. The results of operations for the three months ended March 31, 2007 are not necessarily indicative of the results that may be expected for the year ending December 31, 2007.

2. United States dollar amounts

The Company operates primarily in Korea and its financial accounting records are maintained in Korean Won. These translations should not be construed as a representation that the Korean Won amounts shown could be converted, realized or settled in US dollars at this or any other rate. The US dollar amounts are provided herein as supplemental information solely for the convenience of the reader. Korean Won amounts are expressed in US dollars at the rate of (Won)941.10: US \$1, the US Federal Reserve Bank of New York noon buying exchange rate in effect on March 31, 2007. The US dollar amounts are unaudited and are not presented in accordance with generally accepted accounting principles in either Korea or the United States of America.

5. Stockholders equity

On May 21, 2004, employees of the Company formed an employee stock ownership association, (ESOA), which has the right to purchase on behalf of its membership up to 20% (1,728,000 shares) of shares offered publicly in Korea, pursuant to the Korean Securities and Exchange Act. Employees purchased the shares through the ESOA with loans provided by the Company at the initial public offering price ((Won)34,500) and put under each individual employee s account. 20% of the 20% of shares (345,600 shares) purchased by employees with loans from the Company is accounted for as a restricted stock award which vests over four years. Unearned compensation, shown as a deduction of Capital Surplus, will be amortized over the 4 year vesting period. During the three month period ended March 31, 2007 and 2006, the Company recorded compensation expense of (Won)476 million and (Won)1,049 million, respectively.

Table of Contents**LG.Philips LCD Co., Ltd. and Subsidiaries****Notes to Consolidated Financial Statements****March 31, 2007 and 2006, and December 31, 2006****(Unaudited)****6. Stock Appreciation Plan**

Effective January 1, 2005, the company adopted the provisions of Statement of Financial Accounting Standards (SFAS) No. 123(R), Share-Based Payment (SFAS 123(R)). SFAS 123(R) establishes accounting for stock-based awards exchanged for employee services. SFAS No. 123(R) requires that an award that is classified as a liability to be initially measured at its grant date fair value and remeasured at fair value at the end of each reporting period until the award is settled or expires. The measurement is based on the current stock price and other relevant factors. The difference between the fair value amounts is recognized as compensation expense during the requisite service period, based on the percentage of the requisite service that the employee has rendered as of that date. In accordance with SFAS No. 123(R), compensation expense is remeasured at each reporting date, based on the fair value of the award, and is recognized as expense over the employee requisite service period.

On April 7, 2005, the Company granted 450,000 shares of stock appreciations rights (SARs) for selected management employees. Under the terms of this plan, management, on exercise, receive cash equal to the amount that the market price of the Company's common stock exceeds the strike price ((Won)44,050) of the SARs. The vesting period is two years starting from the grant date, and exercisable period is April 08, 2008 through April 07, 2012.

The following table shows total stock-based compensation expense included in the consolidated statement of operations:

	March 31, 2007	March 31, 2006
<i>(in millions of Korean won)</i>		
Cost of goods sold	(Won) 429	(Won) 429
Selling general and administrative	1,134	587
Income tax benefits	(312)	(269)
Total stock-based compensation expense	(Won) 822	(Won) 747

There were no capitalized stock-based compensation costs at March 31, 2007 and 2006.

Table of Contents**LG.Philips LCD Co., Ltd.****Notes to Consolidated Financial Statements (Unaudited)****March 31, 2006 and 2007**

The following tables summarize option activity under the SARs for the three month period ended March 31, 2007:

	Weighted-average exercise price	Number of shares under option	Weighted average remaining contractual life (in years)
<i>(in Korean won)</i>			
Balance at December 31, 2006	(Won) 44,050	260,000	5
Options granted			
Options exercised			
Options canceled/expired			
Balance at March 31, 2007	(Won) 44,050	260,000	5
Exercisable at March 31, 2007	(Won)		

In connection with the adoption of SFAS 123(R), the company assessed its valuation technique and related assumptions. The company estimates the fair value of stock options using a Black-Scholes valuation model, consistent with the provisions of SFAS 123(R) and Securities and Exchange Commission (SEC) Staff Accounting Bulletin No. 107. Key input assumptions used to estimate the fair value of stock options include the grant price of the award, the expected option term, volatility of the company's stock, the risk-free rate and the company's dividend yield. Estimates of fair value are not intended to predict actual future events or the value ultimately realized by selected managements who receive SARs, and subsequent events are not indicative of the reasonableness of the original estimates of fair value made by the company under SFAS 123(R).

The fair value of SARs was estimated using a Black-Scholes valuation model with the following assumptions:

	March 31, 2007
Option term (years) ¹	5
Volatility ²	48.13%
Risk-free interest rate (Korean government bond)	4.80
Dividend yield	0%
Weighted average fair value per option granted	(Won) 12,978

¹ The option term is the number of years that the company estimates that options will be outstanding prior to settlement.

² Measured using historical weekly price changes of the Company's stock over the respective term of the option.

7. Commitments and Contingencies

The Company is involved in several legal proceedings and claims arising in the ordinary course of business. In August 29, 2002, the Company filed a complaint against Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America, alleging patent infringement relating to liquid crystal displays and the manufacturing process of TFT-LCDs. On June 21, 2004, Chunghwa Picture Tubes filed a counter-claim against the Company in the United States District Court under the Central District of California for alleged ownership for certain patents and violation of U.S. antitrust laws. In October 2006, the court of the Central District of California dismissed the counter-claim for alleged ownership for certain patents. On November 21, 2006, the Jury in California issued a verdict that Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America had willfully infringed a patent owned by the Company, and awarded the Company US\$53.5 million in damages.

On May 27, 2004, the Company filed a complaint in the United States District Court for the District of Delaware against Tatung Co., the parent company of Chunghwa Picture Tubes and ViewSonic Corp., and others claiming patent infringement of rear mountable liquid crystal display devices.

On January 10, 2005, Chunghwa Picture Tubes filed a complaint for patent infringement against LG Electronics Inc.(LGE) and the Company in the United States District Court for the Central District of California. However, Chungwha Picture Tubes and the Company have proposed to stay the case until June 2007. Chungwha Picture Tubes later withdrew the case against LGE. On March 20, 2007, Chunghwa Picture Tubes and the Company stipulated to the dismissal of Chunghwa Picture Tubes infringement claim filed on January 10, 2005, as well as the dismissal of all pending claims and counter claims against each other without prejudice. On March 29, 2007, the United States District Court for the Central District of California dismissed the case without prejudice.

On May 13, 2005, the Company also filed a complaint against Chunghwa Picture Tubes, Tatung Company and ViewSonic Corporation, alleging patent infringement related to liquid crystal display and the manufacturing process of TFT-LCDs in the United States District of Delaware. On July 27, 2006, the Jury in Delaware issued a verdict that Chunghwa Picture Tubes had willfully infringed a patent owned by the Company, and awarded the Company \$52.4 million in damages.

On January 9, 2006, New Medium Technology LLC, AV Technologies LLC, IP Innovation LLC, and Technology Licensing Corporation filed a complaint for patent infringement against the Company in the United States District Court for the Northern District of Illinois.

On December 1, 2006, the Company filed a complaint against Chi Mei Optoelectronics Corp., AU Optronics Corp., Tatung Company, ViewSonic Corp. and others alleging patent infringement related to liquid crystal display and manufacturing process for TFT-LCDs in the United States District Court for the District of Delaware. On March 8, 2007, AU Optronics Corp., filed counter-claim against the Company in the United States District Court for the Western District of Wisconsin.

Notes to Consolidated Financial Statements (Unaudited)

March 31, 2007 and 2006

On April 14, 2006, Positive Technologies, Inc. filed a complaint in the United States District Court for the Eastern District of Texas against, among others, several of our customers, including BenQ America Corp., Hitachi America Ltd., Panasonic Corp. of North America, Philips Electronics North America Corp. and Toshiba America, Inc., for alleged infringement of two of its patents relating to LCD displays. Positive Technologies, Inc. is seeking, among other things, damages for past infringement. On March 7, 2007, the United States District Court for the Eastern District of Texas granted our motion to intervene in the patent infringement case brought by Positive Technologies, Inc.

On February 2, 2007, Anvik Corporation filed a patent infringement case against the Company, along with other LCD manufacturing companies, in connection with the usage of photo-masking equipments manufactured by Nikon Corporation.

The Company's management does not expect that the outcome in any of these legal proceedings and claims, individually or collectively, will have any material adverse effect on the Company's financial condition, results of operations or cash flows.

The Company is currently under investigation by the fair trade or antitrust authorities in Korea, Japan, US and other markets with respect to possible anti-competitive activities in the LCD industry. As of March 31, 2007, the Company, along with a number of other companies in the LCD industry, have been named as defendants in a number of purported federal class actions in the United States alleging that the defendants violated the antitrust laws in connection with the sale of LCD panels.

In February 2007, the Company and certain of its officers and directors have been named as defendants in a federal class action in the United States by the shareholders of the Company alleging violations of the U.S. Securities Exchange Act of 1934, as amended, by the Company and certain of its officers and directors in connection with possible anti-competitive activities in the LCD industry. The Company and the officers and directors intend to defend themselves vigorously in this matter.

Each of these matters remains in the very early stages and the Company is not in a position to predict their outcome. However, the Company intends to defend itself vigorously in these matters.

The Company sells a significant portion of products based on non-binding long-term supply agreements to LGE and Philips, who are currently the largest shareholders of the Company. These agreements are for three-year terms and had expired in 2004. The Company has reentered into a formal master agreement with both LGE and Philips in 2006.

As of December 31, 2004, the Company has a trademark license agreement with LG Corporation and Philips Electronics. Under this agreement, the Company has to pay some portion of revenue as a license fee. This agreement is for three-year terms and shall expire at the end of year 2007.

March 31, 2007 and 2006

The Company has entered into bank overdraft agreements with various banks amounting to (Won)59,000 million and has entered into a Revolving Credit Facility Agreements with Shinhan Bank and others amounting to (Won)200,000 million and US\$100 million at March 31, 2007. The Company has a zero balance with respect to these facilities at March 31, 2007.

LG. Philips LCD America Co., Ltd. has entered into a line of credit agreement, up to US\$7 million with Comerica Bank. LG. Philips LCD Japan Co., Ltd. and LG.Philips LCD Taiwan Co., Ltd. are provided with repayment guarantees from Mitsubishi UFJ Bank and ABN AMRO Bank amounting to JP¥1,300 million and US\$4 million, respectively, relating to their local tax payments.

As of December 31, 2004, in relation to its TFT-LCD business, the Company has technical license agreements with Semiconductor Energy Laboratory Co., Ltd. and others. The licensing agreements generally require royalty payments based on a specific percentage of sales. Costs are accrued by the Company as the sales of the specified products are made. Royalty expenses charged to cost of sales under these licensing agreements totaled (Won)6,858 million and (Won)7,939 million for the three month periods ended March 31, 2006 and 2007 respectively.

8. Income Tax

The Company adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48), on January 1, 2007. FIN 48 prescribes a recognition threshold that tax position is required to meet before being recognized in the financial statements and provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition issues. The Company does not have any unrecognized tax positions as of March 31, 2007. The Company files its tax returns as prescribed by the tax laws of the jurisdictions in which it operates. The Company's 2003 ~ 2006 tax years are still subject to examination. Subsidiaries in foreign jurisdiction tax years remain open to examination as well, though the Company believes any additional assessment will be immaterial to its consolidated financial statements. The Company provides a valuation allowance against deferred tax assets when it is more likely than not that some portion, or all of its deferred tax assets, will not be realized. The Company's deferred tax asset valuation allowance increased approximately (Won)15.3 billion during the three months ended March 31, 2007 to (Won)174.8 billion as of March 31, 2007.
