**Report of Independent Registered Public Accounting Firm**

To the Participants and the Plan Administrator of Constar International Inc. 401(k) Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Constar International Inc. 401(k) Retirement Savings Plan (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Constar International Inc. 401(k) Retirement Savings Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### **401(k) RETIREMENT SAVINGS PLAN**

#### **Notes to Financial Statements**

##### **NOTE 1 DESCRIPTION OF PLAN**

The following description of the Constar International Inc. 401(k) Retirement Savings Plan (the *Plan*) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Prior to its initial public offering (the *IPO*) on November 20, 2002, Constar International Inc. (the *Company* or *Constar*) had operated as a wholly owned subsidiary of Crown Cork & Seal Company, Inc. As a result of the IPO, participant accounts of Constar employees were transferred into the Plan from Crown Cork & Seal Company, Inc. 401(k) Retirement Savings Plan and Crown Cork & Seal Company, Inc. (*Crown*) Retirement Thrift Plan effective November 21, 2002.

#### *General*

The Plan is a defined contribution plan. The purpose of the Plan is to provide a convenient method by which eligible employees of the Company may save regularly through compensation deferrals, savings contributions, and through Company matching contributions. Compensation is generally defined as salary, wages, overtime payments, bonuses, commissions, vacation pay, and sick pay. Generally, full-time employees are eligible to participate in the Plan upon the first day of the month following completion of 30 days of employment. Part-time employees are generally eligible to participate as of the first day of the month following the completion of a 12 consecutive month period during which the employee is credited with 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (*ERISA*) and certain provisions of the Internal Revenue Code (the *IRC*).

#### *Contributions*

There are several components to the contribution structure of the Plan: a participant compensation deferral 401(k) component, catch-up contribution component, savings contribution component, and a Company matching contribution component. The compensation deferral 401(k) component of the Plan allows pre-tax employee contributions of 2% to 100% of annual compensation. Pre-tax contribution amounts are subject to certain limitations. The catch-up contribution component allows for catch-up contributions to be made in accordance with section 414(v) of the IRC by eligible employees who have attained age 50 before the close of the Plan year. The savings contributions component allows after-tax employee contributions of 1% to 5% of annual compensation. The Company makes matching contributions equal to 50% of the employee's compensation deferral contribution, up to the first 3% or 6% of the compensation contributed by the employee, depending on the primary place of employment, as described in the provisions of the Plan. In no event may the total of participant compensation deferral 401(k) component, catch-up contribution component, savings contribution component, and a Company matching contribution component, exceed the lesser of \$42,000 or 100% of a participant's compensation, as defined in Treasury Regulation Section 1.415-2(d), for any participant in a calendar year, subject to certain cost-of-living adjustments. Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan.

#### **Notes to Financial Statements**

##### *Participant Accounts*

Each participant's account is credited with the participant's contribution and the participant's allocation of the Company's contribution, as described above. Plan earnings, after expenses, are allocated to the participant's account based on participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of continuous service. Generally, a participant is 100 percent vested after four years of credited service.

##### *Participant Loans*

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's vested balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with a prevailing commercial rate for a secured personal loan. Interest rates on loans outstanding as of December 31, 2006 range from 5.00% to 10.50%. Principal and interest is paid ratably through payroll deductions. Generally, a participant may not have more than one outstanding loan at any one time.

##### *Payment of Benefits*

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or rollover the vested balance into a specified qualifying account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All distributions are paid in cash, with the exception of company stock which is paid in cash or company stock.

##### *Forfeited Accounts*

When certain terminations of participation in the plan occur, the non-vested portion of the participant account, as defined, represents a forfeiture. Forfeitures may be used to reduce future employer contributions. Forfeitures of \$50,793 and \$65,167 reduced employer contributions in 2006 and 2005, respectively. Forfeited non-vested amounts available for use totaled \$60 and \$190 at December 31, 2006 and 2005, respectively.

##### *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

##### *Adoption of New Accounting Guidance*

The financial statements reflect the retroactive adoption of Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"). As required by the FSP, the statements of net assets available for benefits presents investment contracts at fair value as well as a retroactive adjustment of fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis. The requirements of the FSP have been applied retroactively to the statement of net assets available for benefits as of December 31, 2005, presented for comparative purposes. The adoption of the FSP had no effect on the statement of changes in net assets available for benefits for any period presented.

## **2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common/collective trust funds are stated at fair value as determined by the issuer of the common/collective trust funds based on the fair market value of the underlying investments. Common/collective trust funds with underlying investments in investment contracts are valued at fair market value of the contracts and then adjusted by the issuer to contract value.

In 2006, the Plan invested in the Wells Fargo Stable Return Bond Fund N (the Fund), a stable value fund that is a common/collective trust fund. The fund may invest in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and a return of fully accrued contract value at maturity. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

In 2005, the Plan invested in the SunTrust Retirement Stable Asset Fund (the SunTrust Fund), a stable value fund that is a common/collective trust fund. The SunTrust Fund invested in investment contracts and synthetic investment contracts.

The Company and Crown stock funds are valued at their year-end unit closing price (comprised of year-end market price plus un-invested cash position).

Participant loans are valued at their outstanding balances, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

### *Payment of Benefits*

Benefits are recorded when paid.

**4 RELATED PARTY TRANSACTIONS**

The Plan invested in shares of mutual funds managed by affiliates of SunTrust Bank (the previous trustee) for the period January 1, 2006 through April 3, 2006 and Wells Fargo Bank, N.A. (the current trustee) for the period April 3, 2006 through December 31, 2006. The Plan also invests in shares of the Company's stock through the Constar International Stock Fund and shares of Crown stock through the Crown Cork & Seal Company, Inc. Stock Fund. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

**5 PLAN EXPENSES**

All recordkeeping expenses for the administration of the Plan are paid by the participants and certain miscellaneous fees are paid by the Company.

**6 TAX STATUS**

## Edgar Filing: CONSTAR INTERNATIONAL INC - Form 11-K

The Internal Revenue Service determined and informed the Company by letter dated April 17, 2003 that the Plan was qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

### 7 CHANGE IN TRUSTEE

Effective April 3, 2006, plan assets were transferred from SunTrust Bank to the current trustee of the plan, Wells Fargo Bank, N.A.

**Table of Contents****CONSTAR INTERNATIONAL INC.****401(k) RETIREMENT SAVINGS PLAN****Notes to Financial Statements****8 RISKS AND UNCERTAINTIES**

The Plan provides for investment options in various funds which invest in equity and debt securities and other investments. Such investments are exposed to various risks and uncertainties, such as interest rate risk, credit risk, economic changes, political unrest, regulatory changes and foreign currency risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially impact participants' account balances and the amounts reported in the financial statements. At December 31, 2006 and 2005, approximately 6% and 3%, respectively, of the Plans net assets were invested in the common stock of the Company.

**9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following are reconciliations of amounts reported in the financial statements to amounts reported on Form 5500 as of and for the years ended December 31, 2006 and 2005:

	<b>December 31,</b>	
	<b>2006</b>	<b>2005</b>
Net assets available for benefits per the financial statements	\$ 45,043,565	\$ 40,909,377
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(182,827)	(88,106)
Net assets available for benefits per Form 5500	\$ 44,860,738	\$ 40,821,271
Net increase in net assets per the financial statements	\$ 4,134,188	\$ 4,758,723
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(182,827)	(88,106)
Net income per Form 5500	\$ 3,951,361	\$ 4,670,617

**10 PLAN AMENDMENT**

In December 2006, the Administrative Committee of Constar International Inc. 401(k) Retirement Savings Plan elected to change the Plan to a safe-harbor Plan effective January 1, 2008. As such, the plan will no longer be required to conduct certain non-discrimination tests. Company matching contributions and vesting rules were amended, effective April 1, 2007 to comply with safe-harbor regulations.
