The Board of Directors held 12 meetings during the fiscal year ended April 30, 2007. All of the directors attended at least 75% of all Board and Committee meetings. The numbers of meetings of each Committee of the Board are described below.

The Company typically schedules a Board Meeting in connection with the Annual Shareholder Meeting. The Company expects that all directors will attend, absent a valid reason, such as a schedule conflict. Last year, all members of the Board of Directors attended the Annual Meeting.

The Company has an Audit Committee, a Compensation and Plan Administrator Committee, a Mergers, Acquisitions and Dispositions Committee, and a Nominating and Governance Committee.

Audit Committee. The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the integrity of financial information provided to shareholders and others, its review of the adequacy of the system of internal controls established by the Company and its monitoring of the audit process. In performing these functions, the Audit Committee reviews the Company's financial reporting process and internal controls and reviews and appraises the audit efforts of the Company's independent registered public accounting firm and the Company's internal audit function. The Audit Committee also provides open lines of communication between the directors, the independent registered public accounting firm, the internal auditor and the financial and senior management of the Company. The Board of Directors has approved a written charter for the Audit Committee, a copy of which was included as an appendix to the 2006 proxy statement. Among other things, the Audit Committee Charter requires that members of the Committee be independent of Management, free of any relationship that would interfere with their independent judgment and have a minimum level of financial competency. During fiscal 2007, Richard P. Fox (Chair), Kathryn L. Munro, and Jan K. Ver Hagen served on the Audit Committee. The same members are expected to serve on the Audit Committee for fiscal 2008. For fiscal 2008, all of the expected members of the Committee are independent directors as defined under the NASDAQ's Marketplace Rules and each of whom are also experienced in financial matters. The members of the Audit Committee, in addition to the foregoing criteria, meet the additional criteria of SEC Rule 10A-3 that they neither (1) accept any direct compensation from the Company other than director and committee fees and pension or other deferred compensation for prior service, nor (2) are affiliated persons of the Company. The Board of Directors has determined that Richard P. Fox is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission (SEC). The Audit Committee held 24 meetings in the fiscal year ended April 30, 2007.

Compensation and Plan Administrator Committee. The primary function of the Compensation and Plan Administrator Committee is to assist the Board of Directors to ensure that all officers and key management personnel of the Company and its subsidiaries are effectively compensated in terms of salary, supplemental compensation, and benefits which are internally equitable and externally competitive. The Committee establishes and maintains a competitive, fair, and equitable compensation and benefits policy designed to retain personnel, to stimulate their useful and profitable efforts on behalf of the Company, and to attract necessary additions to the staff with appropriate qualifications. The Committee also acts as Administrator of the Company's stock incentive plans, determining the terms, amounts and recipients of stock grants. During fiscal 2007, the members of the Compensation and Plan Administrator Committee were J. Michael Ribaldo (Chair), Richard P. Fox, Kathryn L. Munro and Arlen I. Prentice (non-voting). During fiscal 2008, J. Michael Ribaldo (Chair), Jerry Calhoun, Kathryn L. Munro and Arlen I. Prentice (non-voting) will serve on the Committee. For fiscal 2007, all of the expected members of the Committee are independent directors as defined under the NASDAQ's Marketplace Rules. Arlen I. Prentice is Chief Executive Officer of Kibble & Prentice, Inc., a company that, together with its wholly-owned subsidiary, provides insurance brokerage and employee benefits, administrative and consulting services to the Company. Premium payments for insurance coverage that Kibble & Prentice, Inc. passes on to certain insurance underwriters totaled approximately \$2.1 million for the fiscal year ended April 30, 2007. These amounts included commissions of \$217,887. Mr. Prentice abstained from participating in matters where he may have had a conflict of interest. There were four meetings of the Compensation and Plan Administrator Committee during the fiscal year ended April 30, 2007.

During fiscal 2007, Jan K. Ver Hagen (chair), Lorenzo Lamadrid, Richard P. Fox, J. Michael Ribaldo and Arlen I. Prentice served on the Mergers, Acquisitions and Dispositions Committee. - (1) These columns show what the potential payout for each named executive officer was under the Annual Incentive Plan in fiscal year 2007, if the target, or maximum goals were satisfied for all performance measures. The potential payouts were performance-driven and therefore completely at risk. The payouts range from zero to two times the target bonus,

depending on the degree of target achievement. Typically these awards are paid approximately half in cash and half in stock. However, for fiscal year 2007 the awards were paid entirely in cash. The business measurements, performance goals, and salary multipliers for determining the payout are described in the Compensation Discussion and Analysis, above. A column for threshold payments under the Annual Incentive Plan has been omitted because the Annual Incentive Plan does not have a threshold payment feature.

- (2) This column shows the number of awards granted in fiscal 2007 to the named executive officers under the Long Term Incentive Plan discussed in more detail in the Long-Term Executive Equity Incentive Plan section of the Compensation Discussion and Analysis. The named executive officers have an opportunity to receive these awards based on achievement of goals over a three-year period, ending with the end of fiscal 2009. Awards may range from zero to two times the target number of shares or options. A column for threshold payments under the Annual Incentive Plan has been omitted because the Annual Incentive Plan does not have a threshold payment feature.
- (3) This column shows the exercise price for the stock options granted, which was the closing price of Company stock on the grant date indicated.
- (4) This column shows the full grant date fair value of grants under SFAS 123R. There was no compensation expense recognized related to LTIPs for fiscal 2007 as the achievement of the performance objectives was not deemed probable. For additional information, refer to Note 13 to the Notes to Consolidated Financial Statements found in Item 8 of Part II of our fiscal 2007 Form 10-K (listed under Stock Based Compensation). These amounts reflect the Company's accounting expense, and do not correspond to the actual value that will be recognized by the named executive officers.
- (5) When these options were originally granted they were scheduled to vest, if at all, based on the achievement of certain performance objectives in fiscal 2007. These options had not vested by the time the executive retired effective July 16, 2007. Therefore, per the terms of his employment agreement dated January 7, 2007, these options expired.
- (6) Mr. Light ceased to participate in the Company's Long-Term Incentive Plan effective upon the amendment of his Employment Agreement effective February 2, 2007.
- (7) Mr. Hohman joined the Company on November 1, 2006. His participation in the Annual Incentive Plan was prorated based on his starting date. Mr. Hohman was guaranteed a minimum payout of \$37,500 under the Annual Incentive Plan. The 5,000 shares shown in the All Other Stock Awards: number of shares of stock or units (#) column vest on the anniversary of the executive's commencement date over a period of two years.
- (8) Mr. Johnson's target bonus percentage increased from 30% of base salary to 40% of base salary when he became Executive Vice President of Flow Waterjet Asia on December 8, 2006. The target and maximum award amounts are based on this higher percentage.

Outstanding Equity Awards at Fiscal Year-End

The following table provides information on the holdings of stock option and restricted stock awards to the named executive officers as of April 30, 2007. This table includes unexercised and unvested option awards and unvested shares of restricted stock. Each equity grant is shown separately for each named executive officer. The option exercise price shown below reflects the closing market price of the Company's stock on the date of the grant. The market value of the restricted stock awards is based on the closing market price on April 30, 2007. For additional information about the option awards and restricted stock awards, see the description of equity incentive compensation in the Compensation Discussion and Analysis.

Compensation Discussion and Analysis

Introduction. Our Compensation and Plan Administrator Committee (the Compensation Committee) establishes and directs the administration of all programs under which executive compensation is paid or awarded to the Company's executive officers and incentive-eligible employees. The Compensation Committee also evaluates the performance of our Chief Executive Officer (CEO) and assesses the overall effectiveness of the Company's executive compensation programs.

Compensation Program Objectives. The Compensation Committee adopted a compensation philosophy in fiscal 2005, which it used as the basis for the Company's compensation programs in fiscal 2006 and in fiscal 2007. The objective of the Company's compensation programs is to provide compensation and benefits that are competitive, equitable and consistent with our commitment to provide a work environment promoting teamwork, outstanding performance and corporate pride. The Compensation Committee is in the process of developing changes to its executive compensation program, which it expects to implement in fiscal 2008.

Elements of Executive Compensation. The elements of executive compensation during fiscal 2007 were base salary, a short term incentive program, and long term incentive programs. We describe each of these elements below. While the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company to each executive, including salary, targeted incentive compensation, retirement and other benefits. In reviewing the individual performance of the executives whose compensation is detailed elsewhere in this Form 10-K/A, the Compensation Committee works with the Company's Human Resources group and the Compensation Committee's independent compensation consultant, and takes into account the views of the CEO (other than in a review of the CEO himself).

Base Salaries. The Compensation Committee believes that base salaries should be competitive with relevant organizations with similar complexity, and internally consistent based upon each position's assigned responsibilities. Individual salary determinations are made considering qualifications, experience and

performance. Base salaries of the executive officers, other than for the CEO, were determined by the Compensation Committee using the CEO's recommendations and data provided by the Compensation Committee's independent consultant. No adjustments to executive base salaries were made for fiscal 2004 or fiscal 2005. The Compensation Committee made adjustments to individual executives' base salaries for fiscal 2006 and again for fiscal 2007 based on competitive pay data and practices in the industrial and commercial machinery industry sector, proxy analysis of a group of peer companies, and individual performance. The CEO's pay is set by contract and is discussed below.

Short-Term Incentive Plan. We believe it is important that those who are directly involved in contributing to the achievement of the Company's goals should have a meaningful portion of their total compensation opportunity tied to those goals. Executive officers and other key management and technical positions have a portion of their total compensation at risk, contingent upon meeting predefined short term corporate, business unit and individual goals. More senior executives, who have a greater opportunity to contribute to the Company's goals, have a greater portion of their compensation at risk.

The Short-Term Incentive Plan (also known as the Annual Incentive Plan) emphasizes the achievement of the Company's annual financial goals. For fiscal 2007 these goals were based upon the Company obtaining revenue of \$238 million, and EBITDA of \$34 million, and executive officers achieving certain individual goals. Executives' target bonus levels were set at percentages of base salary, ranging from 15-40 percent, with increasing percentages for more senior executives. Payouts could range from zero to two times the target amount, depending on achievement of goals. For executive officers 80 percent of their short-term incentive award was based on the Company's achievement of the financial goals and 20 percent was based on the achievement of individual goals for the executive officers. For divisional executives, 70 percent of their short-term incentive award was based on the achievement of the Company's financial goals at a divisional level and 30 percent on the achievement of individual goals. For the CEO, 50 percent of the CEO's short-term incentive award was based on the achievement of individual goals. For fiscal 2007 the corporate financial goals were not met, and payments of short-term incentive awards for executive officers were only based on the achievement of individual goals.

For fiscal 2006 financial goals included revenue, operating profit, return on assets, and individual and business unit goals. The Company exceeded all of its goals for fiscal 2006, and annual incentive payouts were made for the fiscal year at the maximum levels under the plan adjusted for individual performance measurements. Bonuses for fiscal 2006 were paid approximately half in stock and half in cash.

Long-Term Incentive Plan. We also believe that executive officers and other key management positions should have a meaningful portion of their total compensation linked to sustained performance and to increasing long-term shareholder value. Beginning with fiscal 2006, the Company adopted, and the shareholders approved, a Long Term Incentive Plan. The purpose of the Long-Term Incentive Plan is to provide stock incentives for executives who assist the Company in meeting the Company's long-term financial goals and to align the interests of executives with the Company's shareholders. Under the plan, executives have the opportunity to receive shares of stock based on achievement of goals over a three year period. At the beginning of each three year performance period, participating executives are assigned a target award, based on the Company's achievement of specific financial goals. The size of the target long-term incentive award is based on the executive's base salary level. Target long-term incentive awards for executive officers other than the CEO range from 5,000 shares to 20,000. At the end of the relevant three year period the executive receives a number of shares, based on the Company's achievement of the previously selected financial goals. Long-term incentive awards may range from zero to two times the target number of shares. For the first three year period, ending with the end of fiscal 2008, the goals are based on the Company achieving a return on invested assets of 59% and cumulative earnings per share of \$1.09 over the preceding three year period. For the second three year period, ending with the end of fiscal 2009, the goals are based on the Company achieving a cumulative cash flow of \$118.5 million and cumulative earnings per share of \$2.05 over the preceding three year period. If the long term incentive plan is continued, goals for future three year periods, as well as target long-term incentive awards, will be set at the

beginning of each three year period. The Compensation Committee is, however, considering alternatives to the long term incentive plan and may, for future years, adopt a different approach.

Other Benefits. Executives also receive reimbursement for fees paid for financial planning services, and a monthly car allowance. The Company provides a 401K plan as a retirement benefit and health insurance for all of its US-based employees.

Equity Compensation. The Compensation Committee has used stock, rather than stock options for executive compensation believing that executives who hold stock and share the full risk of changes in share price will better manage the Company for its shareholders. The Compensation Committee is considering using stock options as part of future incentive plans.

Change In Control. In order to provide executive the assurance that executives will serve the interests of shareholders in the event of a potential sale of the Company or other change in control, the Company provides that in the event an executive loses his or her job without cause following a sale of the Company or other change in control, that executive will receive one year of salary and target bonus. This benefit is provided to senior executives whose employment would be at risk following a change in control.

Chief Executive Officer Compensation. Mr. Light, who had been the Company's CEO since January 2003, retired effective July 16, 2006. Mr. Light had previously announced his intention to retire, and in order to ensure a smooth transition and allow the Company time to find his successor, the Company entered into an employment agreement with Mr. Light effective February 2, 2007. This agreement provided for continuation of Mr. Light's base salary until his retirement, continued participation in the Company's short-term incentive plans and continuation of other benefits. Mr. Light ceased to participate in the Company's Long-Term Incentive Plans. In addition, Mr. Light will receive a cash severance payment of \$4,475,250.

Conclusion. The Compensation Committee believes that the executive compensation policies and practices it has adopted will serve the interests of the shareholders and the Company effectively. The Compensation Committee also believes that the Company's compensation programs provide motivation for executive officers to contribute to the Company's future success and balance both the short and long term interests of our shareholders. The Compensation Committee will continue to monitor the effectiveness of the Company's total compensation program to meet the ongoing needs of the Company.

Compensation Committee Report

The Compensation and Plan Administrator Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended that the Compensation Discussion and Analysis be included in this Annual Report on Form 10-K.

COMPENSATION AND PLAN

ADMINISTRATOR COMMITTEE

J. Michael Ribaudo Chairman

Richard P. Fox

Kathryn L. Munro

Arlen I. Prentice (nonvoting)

Compensation Committee Interlocks and Insider Participation

Other than Mr. Prentice, who is a nonvoting member of the Committee, the Compensation Committee is comprised entirely of independent directors. During fiscal 2007, none of the Company's executive officers served as a member of a compensation committee or board of directors of any other entity which had an executive officer serving as a member of the Company's Board of Directors.

Compensation of Directors

The Compensation and Plan Administrator Committee is charged with ensuring that the Company will be able to continue to attract and retain directors having the qualifications necessary to serve the interests of the Company's shareholders. To achieve this goal and, based on a thorough review of director compensation at a peer group of 16 companies conducted by a nationally recognized independent compensation consulting firm, the Compensation Committee has adopted the following compensation program for Directors. This program was adopted in fiscal 2004 and, except as noted below, remained unchanged for fiscal 2007.

Directors who are not employees of the Company will receive an annual retainer of \$20,000, payable quarterly, \$1,500 per meeting for attendance at Board meetings and \$1,000 per meeting for attendance at Committee meetings. The Company also reimburses directors for travel and other expenses in connection with their service.

In addition, Committee Chairs are paid an additional annual retainer of \$5,000 with the exception of the Audit Committee Chair who is paid an additional annual retainer of \$10,000, and the non-executive Chairman of the Board who is paid an additional annual retainer of \$15,000.

Non-employee Directors also receive annual grants of shares of Common Stock that are vested at the time of grant. The annual grants of shares of Company stock have a value equal to \$40,000 (raised from \$30,000 during the 2006 fiscal year). The grants will be made at each Annual Meeting of Shareholders, and the shares will be valued based on the average closing price over the twenty (20) trading days preceding the Annual Meeting.

STOCK OWNERSHIP OF MANAGEMENT AND OF PRINCIPAL SHAREHOLDERS

The following table sets forth information as of August 24, 2007, with respect to each shareholder known by the Company to be the beneficial owner of more than five percent (5%) of any class of voting securities of the Company, each director, those executive officers listed in the Summary Compensation Table above and all directors and executive officers of the Company as a group. Currently, the Company's sole class of voting securities outstanding is Common Stock. Except as noted below, each person has sole voting and investment powers with respect to the shares shown. Beneficial ownership is determined in accordance with SEC rules. The number of shares beneficially owned and the percentage of ownership of each person or entity includes shares of Common Stock subject to options, warrants or other convertible securities held by that person or entity that are exercisable within 60 days of August 24, 2007. Those shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Percentage of beneficial ownership is based on 37,324,661 shares of Common Stock outstanding as of August 24, 2007. Certain information in the Other Beneficial Ownership table was obtained from filings made with the SEC pursuant to Section 13(g) of the Exchange Act.

Arlen I. Prentice is Chief Executive Officer of Kibble & Prentice, Inc., a company that, together with its wholly-owned subsidiary, provides insurance brokerage and employee benefits, administrative and consulting services to the Company. These amounts included commissions of \$217,887 paid by the underwriters to Kibble & Prentice. Mr. Prentice abstained from participating in matters where he may have had a conflict of interest.

Director Independence

The Board of Directors consists of a majority of independent directors as such term is defined under Rule 4200(a)(15) of the NASDAQ Stock Market Inc.'s Marketplace Rules. For fiscal year 2007, the Board of Directors determined that Messrs. Ver Hagen, Fox, Ribaud, Ms. Munro,

Mr. Calhoun and Mr. Lamadrid are independent directors. For fiscal year 2008, the Board has determined that the same individuals are independent directors.

The Nominating and Governance Committee of the Board of Directors has included in its written charter a provision making it responsible for reviewing actual or potential conflicts of interest involving the Company's directors and executive officers. The Company's Guide to Ethical Conduct also requires that employees report conflicts of interest to the Company's General Counsel or Corporate Compliance Officer.

*Item 14. Principal Accountant Fees and Services.***Fees to Independent Registered Public Accounting Firms**
