- " Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- " Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

ITEM 8.01 OTHER EVENTS.

On August 29, 2007, we announced financial results for our second quarter ended July 31, 2007. Net service revenues for the quarter were \$53.4 million an 8% increase compared to \$49.4 million in the second quarter of fiscal year 2007. Net technology revenues were \$3.1 million, which included recognition of Comcast development revenue of \$1.8 million. This was a decrease of 9%, compared with \$3.4 million in the second quarter of fiscal year 2007. The net loss for the quarter was (\$17.7) million or (\$0.18) per basic and diluted share, which included a combined inventory write-down and inventory purchase commitment charge of \$11.2 million compared to a net loss of (\$6.4) million or (\$0.07) per share, for the three months ended July 31, 2006.

As of July 31, 2007 our total subscriptions were 4.2 million. TiVo-Owned subscription gross additions were 41,000 for the quarter, compared to 74,000 in the second quarter of last fiscal year. Our monthly churn rate increased to 1.2% for the quarter ended July 31, 2007 as compared to 0.9% in the year ago period. TiVo-Owned net subscriptions decreased by 19,000 compared to an increase of 30,000 in the second quarter of last fiscal year. The installed base of DIRECTV TiVo subscriptions has declined to approximately 2.5 million.

	Three Months Ended July 31,						
TiVo-Owned Churn Rate	2007	2006					
	(In thousar	nds)					
Average TiVo-Owned subscriptions	1,719	1,559					
TiVo-Owned subscription cancellations	(60)	(44)					
TiVo-Owned Churn Rate per month	-1.2%	-0.9%					

<u>TiVo-Owned Churn Rate per Month.</u> Management reviews this metric, and believes it may be useful to investors, in order to evaluate our ability to retain existing TiVo-Owned subscriptions (including both monthly and product lifetime subscriptions) by providing services that are competitive in the market. Management believes factors such as service enhancements, service commitments, higher customer satisfaction, and improved customer support may improve this metric. Conversely, management believes factors such as increased competition, lack of competitive service features such as high definition television recording capabilities for our low cost product offerings, and increased price sensitivity may cause our TiVo-Owned Churn Rate per month to increase.

We define the TiVo-Owned Churn Rate per month as the total TiVo-Owned subscription cancellations in the period divided by the Average TiVo-Owned subscriptions for the period (including both monthly and product lifetime subscriptions), which then is divided by the number of months in the period. We calculate Average TiVo-Owned subscriptions for the period by adding the average TiVo-Owned subscriptions for each month and dividing by the number of months in the period. We calculate the average TiVo-Owned subscriptions for each month by adding the beginning and ending subscriptions for the month and dividing by two. We are not aware of any uniform standards for calculating churn and caution that our presentation may not be consistent with that of other companies.

Subscription Acquisition Costs (SAC)	\$	758	\$	245	\$	282	\$	185

Subscription Acquisition Cost or SAC. Management reviews this metric, and believes it may be useful to investors, in order to evaluate trends in the efficiency of our marketing programs and subscription acquisition strategies. We define SAC as our total acquisition costs for a given period divided by TiVo-Owned subscription gross additions for the same period. In the first fiscal quarter of 2008, we revised our definition of total acquisition costs. We now define total acquisition costs as sales and marketing, subscription acquisition costs less net hardware revenues (defined as gross hardware revenues less rebates, revenue share and market development funds paid to retailers) plus cost of hardware revenues. The sales and marketing, subscription acquisition costs line item includes advertising expenses and promotion-related expenses directly related to subscription acquisition activities, but does

not include expenses related to advertising sales. We do not include third parties subscription gross additions, such as DIRECTV gross additions with TiVo subscriptions, in our calculation of SAC because we incur limited or no acquisition costs for these new subscriptions. We are not aware of any uniform standards for calculating total acquisition costs or SAC and caution that our presentation may not be consistent with that of other companies.

Average DIRECTV revenues per month	2,184	2,732		
Average DIRECTV per month subscriptions	2,554	2,858		
DIRECTV ARPU per month				

Average Revenue Per Subscription or ARPU. Management reviews this metric, and believes it may be useful to investors, in order to evaluate the potential of our subscription base to generate revenues from a variety of sources, including subscription fees, advertising, and audience research measurement. ARPU does not include rebates, revenue share and other payments to channel that reduce our GAAP revenues. As a result, you should not use ARPU as a substitute for measures of financial performance calculated in accordance with GAAP. Management believes it is useful to consider this metric excluding the costs associated with rebates, revenue share and other payments to channel because of the discretionary and varying nature of these expenses and because management believes these expenses, which are included in hardware revenues, net, are more appropriately monitored as part of SAC. We are not aware of any uniform standards for calculating ARPU and caution that our presentation may not be consistent with that of other companies.

We calculate ARPU per month for TiVo-Owned subscriptions by subtracting DIRECTV-related service revenues (which includes DIRECTV subscription service revenues and DIRECTV-related advertising revenues) from our total reported net service revenues and dividing the result by the number of months in the period. We then divide by Average TiVo-Owned subscriptions for the period, calculated as described above for churn rate. The above table shows this calculation.

We calculate ARPU per month for DIRECTV subscriptions by first subtracting TiVo-Owned-related service revenues (which includes TiVo-Owned subscription service revenues and TiVo-Owned related advertising revenues) from our total reported service revenues. Then we divide average revenues per month for DIRECTV-related service revenues by average subscriptions for the period. The above table shows this calculation.

Beginning in February 2006, pursuant to the most recent amendment of our agreement with DIRECTV, TiVo defers a portion of the DIRECTV subscription fees equal to the fair value of the undelivered development services. Additionally, beginning in February 2007, DIRECTV began paying us a monthly fee for all DIRECTV households with DIRECTV receivers with TiVo service similar to the lower amount paid by DIRECTV for households with DIRECTV receivers with TiVo service deployed since March 15, 2002, subject to a monthly minimum payment by DIRECTV.

Forward-Looking Statements

This report contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to, among other things, TiVo s business development strategies, current and future partnerships, future churn, subscription acquisition costs, subscription growth, DIRECTV ARPU and TiVo-Owned ARPU as well as other factors that may affect future earnings or financial results. Forward-looking statements generally can be identified by the use of forward-looking terminology such as, believe, expect, may, will, intend, estimate, continue, or similar expressions or the negative of those terms or expressions. Such statements involve risks and uncertainties, which could cause actual results to vary materially from those expressed in or indicated by the forward-looking statements. Factors that may cause actual results to differ materially include delays in development, competitive service offerings and lack of market acceptance, the outcome of legal proceedings and claims, as well as the other potential factors described under Risk Factors in the Company s public reports filed with the Securities and Exchange Commission, including the Company s Annual Report on Form 10-K for the fiscal year ended January 31, 2007 and all subsequent filings. We caution you not to place undue reliance on forward-looking statements, which reflect an analysis only and speak only as of the date hereof. TiVo disclaims any obligation to update these forward-looking statements.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
