PROXY STATEMENT

FOR 2009 ANNUAL MEETING OF STOCKHOLDERS

To Be Held On May 14, 2009

I. SOME QUESTIONS YOU MAY HAVE REGARDING THIS PROXY STATEMENT

Q. Why am I receiving these materials?

A. This Proxy Statement and the accompanying Notice of Annual Meeting and proxy card are first being sent to stockholders on or about April 6, 2009. The accompanying proxy is solicited on behalf of the board of directors of the Company. We are providing these proxy materials to you in connection with our 2009 Annual Meeting of Stockholders of the Company to be held on May 14, 2009, at 9:00 a.m. local time at Goodwin Procter LLP, Exchange Place, 53 State Street, Boston, Massachusetts 02109, and any postponements or adjournments thereof (the Annual Meeting). As a stockholder of the Company, you are invited to attend the Annual Meeting and are entitled and requested to vote on the proposal described in this Proxy Statement.

Q. Who may vote at the Annual Meeting?

A. You may vote all the shares of our Common Stock (the Common Stock) that you owned at the close of business on March 20, 2009 (the Record Date). On the Record Date, the Company had 34,551,417 shares of Common Stock outstanding and entitled to vote at the meeting. You may cast one vote for each share of Common Stock held by you on all matters.

Q. What constitutes a quorum at the Annual Meeting?

A. The presence, in person or by proxy, of holders of a majority of all of the shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. A broker non-vote refers to a share represented at the Annual Meeting which is held by a broker or other nominee who has not received instructions from the beneficial owner or person entitled to vote such share and with respect to which, on one or more but not all proposals, such broker or nominee does not have discretionary voting power to vote such share.

Q. What proposals will be voted on at the Annual Meeting?

- A. At the Annual Meeting, stockholders will be asked to: (1) elect two Class III directors of the Company, and (2) transact such other business as may be properly brought before the Annual Meeting.

Q. How does the board of directors recommend I vote?

- A. Please see the information included in the Proxy Statement relating to the proposals to be submitted to the vote of our stockholders. Our board of directors recommends that you vote **FOR** each of the nominees to the board of directors.

Table of Contents

Q. How do I vote?

A. Whether you hold shares directly as the stockholder of record or indirectly as the beneficial owner of shares held for you by a broker or other nominee (i.e., in street name), you may direct your vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares you hold in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this either over the Internet, by telephone or by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares you hold in street name, the voting instruction card provided by your broker or nominee.

By Internet If you have Internet access, you may authorize your proxy from any location in the world by following the By Internet instructions on the proxy card, or, if applicable, the Internet voting instructions that may be described on the voting instruction card sent to you by your broker or nominee.

By Telephone If you live in the United States or Canada, you may authorize your proxy by following the By Telephone instructions on the proxy card, or, if applicable, the telephone voting instructions that may be described on the voting instruction card sent to you by your broker or nominee.

By Mail You may authorize your proxy by signing your proxy card and mailing it in the enclosed, postage-prepaid and addressed envelope. For shares you hold in street name, you may sign the voting instruction card included by your broker or nominee and mail it in the envelope provided.

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may do this by granting a new properly executed and later dated proxy, by filing a written revocation with the Secretary of the Company at the address of the Company set forth above, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting without further action will not cause your previously granted proxy to be revoked. You may change your proxy instructions for shares you beneficially own by submitting new voting instructions to your broker or nominee.

The persons named as attorneys-in-fact in the proxy card, Douglas J. Shaw and Scott E. Landers, were selected by the board of directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted by such persons at the Annual Meeting. If a properly signed proxy is submitted but not marked, the proxy will be voted FOR the election of the two nominees for Class III director of the Company named in this Proxy Statement. It is not anticipated that any matters other than those set forth in the Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in the discretion of the proxy holders.

Q. What else is included with this Proxy Statement?

A. The Company's 2009 Annual Report to Stockholders, including financial statements for the fiscal year ended December 31, 2008, is being mailed to stockholders concurrently with this Proxy Statement. The Annual Report, however, is not part of the proxy solicitation material.

A copy of the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission (the SEC), including all exhibits to such Annual Report, may be obtained free of charge by writing to Monotype Imaging Holdings Inc., 500 Unicorn Park Drive, Woburn, Massachusetts 01801, Attention: Chief Financial Officer or by accessing the Investor Relations section of the Company's website (www.monotypeimaging.com).

Table of Contents**II. PROPOSAL****ELECTION OF DIRECTORS**

The board of directors consists of seven members. The Company's certificate of incorporation divides the board of directors into three classes. One class is elected each year for a three year term. The board of directors, upon the recommendation of the nominating and corporate governance committee, has nominated A. Bruce Johnston and Pamela F. Lenehan (each a Nominee, and collectively the Nominees) and recommended that each be elected to the board of directors as a Class III director, each to serve until the 2012 Annual Meeting of Stockholders and until their successors are duly elected and qualified or until their earlier resignation or removal. Mr. Johnston and Ms. Lenehan are currently Class III directors whose terms expire at this Annual Meeting.

The board of directors anticipates that each of the Nominees, if elected, will serve as a director. Each of the persons nominated has consented in writing to be named in this Proxy Statement and to serve as a director if elected.

This proposal relates solely to the election of two Class III directors nominated by the board of directors and does not include any other matters relating to the election of directors, including without limitation, the election of directors nominated by any stockholder of the Company.

Proxies will be voted for both of the Nominees unless contrary instructions are set forth on the enclosed proxy card. Board of Directors

The board of directors consists of seven directors. Our certificate of incorporation provides for a classified board of directors consisting of three staggered classes of directors (Class I, Class II and Class III). The members of each of class of our board of directors serve until their successors have been elected and qualified, or until the earlier of their resignation or removal. Our board of directors consists of two Class III directors (currently Mr. Johnston and Ms. Lenehan), two Class I directors (currently Messrs. Givens and Heinen), and three Class II directors (currently Messrs Shaw, Simone and Lentz), whose current terms will expire at the annual meetings of stockholders held in 2009, 2010 and 2011, respectively. A classified board of directors could have the effect of making it more difficult for a third party to acquire control of us.

The board of directors met thirteen times during 2008. In 2008, each of the directors attended at least 80% of the total number of meetings of the board of directors and meetings of the committees of the board of directors of which he or she was a member.

Executive Sessions of Independent Directors

The board of directors schedules regular executive sessions at each of its regularly scheduled meetings, in which the Company's non-employee directors meet without management participation. In 2008, an executive session of the independent directors was held at least one time following a regularly scheduled in-person meeting of the board of directors. Any such executive session included only those directors who met the independence requirements promulgated by the NASDAQ Global Select Market and Mr. Johnston was responsible for chairing such executive session.

Independence of Members of the Board of Directors

Our board of directors has considered the relationships of all directors and, where applicable, the transactions involving them described below in the section entitled "Certain Business Relationships and Transactions" and determined that none of the directors, with the exception of Messrs. Givens and Shaw, have any relationship that would interfere with the exercise of independent judgment in carrying out his

or her responsibility as a director and that each director qualifies as an independent director under the applicable rules of the NASDAQ Global Select Market and the SEC. Mr. Johnston is a Managing Director of TA Associates, Inc., and serves on our board of directors. Mr. Shaw serves as our President and Chief Executive Officer and serves on our board of directors. Mr. Givens resigned from his position as our President and Chief Executive Officer on December 31, 2006, but continues to serve as Chairman of the board of directors.

Committees of the Board of Directors

The board of directors has three standing committees: the audit committee, the compensation committee and the nominating and corporate governance committee. The composition and function of each of our committees complies with the applicable rules of the SEC and the NASDAQ Global Select Market. The board of directors has adopted a written charter for each of these committees which may be obtained free of charge by writing to Monotype Imaging Holdings Inc., 500 Unicorn Park Drive, Woburn, Massachusetts 01801, Attention: Chief Financial Officer or by accessing the Investor Relations section of the Company's website (www.monotypeimaging.com).

Audit Committee

Ms. Lenehan and Messrs. Lentz and Simone currently serve on the audit committee. Mr. Heinen served on the audit committee until August 7, 2008 when he was replaced by Mr. Lentz. Mr. Simone serves as chair of the audit committee. The audit committee met fourteen times during 2008. The audit committee's responsibilities include, but are not limited to:

reviewing and assessing the adequacy of the audit committee charter;

evaluating its own performance and reporting the results of such evaluation to our board of directors;

appointing, retaining, terminating, approving the compensation of, and evaluating the independence of our independent registered public accounting firm;

overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from the independent registered public accounting firm;

approving all audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;

reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

meeting independently with our independent registered public accounting firm;

reviewing and coordinating the oversight of our internal control over financial reporting;

establishing and overseeing the adequacy of procedures for receipt, retention and treatment of complaints and the submission by employees of concerns regarding accounting or auditing matters;

Edgar Filing: Monotype Imaging Holdings Inc. - Form DEF 14A

conducting an appropriate review and approval of all related party transactions for potential conflict of interest situations on an ongoing basis;

making regular reports to our board of directors; and

preparing the audit committee report required by SEC rules to be included in our proxy statements.

Table of Contents

Our board of directors has determined that Mr. Simone qualifies as an audit committee financial expert as defined under the Securities and Exchange Act of 1934 (the Exchange Act) and the applicable rules of the NASDAQ Global Select Market. In making its determination, our board considered the nature and scope of the experiences and responsibilities that Mr. Simone has previously had with reporting companies and, in the opinion of our board of directors, he does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. All members of the audit committee are independent for audit committee purposes under the applicable rules of the NASDAQ Global Select Market and the SEC.

Our audit committee is also responsible for our policies and procedures for the review, approval and ratification of transactions between ourselves and our directors, director nominees, executive officers, security holders that beneficially own more than 5% of any class of our voting securities, or the immediate family members of any of these persons, or related person transactions, under our written related person transaction approval policy.

A list of related persons is available to our employees and executives who are involved with or familiar with the transactions, contracts or other legal or business arrangements that we have entered into or propose to enter into from time to time. This list is updated and cross-checked periodically to ensure it does not contain parties involved in proposed or ongoing transactions, contracts or other legal or business arrangements with us and will be checked prior to entering into any new transaction, contract or other legal or business arrangement. To the extent that it is determined that we have entered into or may enter into a transaction, contract or other legal or business arrangement (including any modification or addition to an existing contract or arrangement) with a related person, our general counsel is notified.

Prior to our entering into any such transaction or arrangement, our general counsel reviews the applicable rules and determines whether the contemplated transaction or arrangement requires the approval of our board of directors, the audit committee, or both, and, if required, any such approvals will be obtained before the transaction may be consummated. No arrangement with a related person may be entered into unless our general counsel has either (i) specifically confirmed in writing that no further approvals are necessary, or (ii) specifically confirmed in writing that all requisite corporate approvals necessary for us to enter into such arrangement have been obtained.

In the event that a related party transaction requires both board of directors and audit committee approval, the audit committee will first be asked to consider and vote on the transaction. The audit committee would then make a recommendation to the full board of directors for its consideration before the transaction may be entered into. Prior to our initial public offering, we did not have a related person transactions approval policy comparable to our current policy.

Compensation Committee

Ms. Lenehan and Messrs. Johnston and Heinen, each of whom is independent as defined under the NASDAQ Global Select Market listing standards, currently serve on the compensation committee. Ms. Lenehan serves as chair of the compensation committee. The compensation committee met sixteen times during 2008. Because no authority has been granted to our president and chief executive officer to make equity grants, the compensation committee meets monthly to approve equity grants to be made to employees upon hire or promotion. The compensation committee's other responsibilities include, but are not limited to:

reviewing and assessing the adequacy of the compensation committee charter;

evaluating its own performance and reporting the results of such evaluation to our board of directors;

reviewing and discussing with management our executive compensation disclosure included in reports and registration statements filed with the SEC and producing required reports;

making regular reports to our board of directors; and

reviewing and making recommendations to our board of directors with respect to director compensation, with guidance from our nominating and corporate governance committee.

The compensation committee may establish and delegate authority to one or more subcommittees consisting of one or more of its members, when the compensation committee deems it appropriate to do so in order to carry out its responsibilities.

Heinen, Johnston and Simone, each of whom is independent as defined under the NASDAQ Global Select Market listing standards, currently serve on the nominating and corporate governance committee. Mr. Givens served as chair of the nominating and corporate governance committee until July 23, 2008 when he was replaced by Mr. Heinen. The nominating and corporate governance committee met four times in 2008. The nominating and corporate governance committee's responsibilities include, but are not limited to:

Compensation Committee Interlocks and Insider Participation

The members of the compensation committee for 2008 were Ms. Lenehan and Messers Johnston and Heinen. None of our executive officers serves as a member of the compensation committee, or other committee serving an equivalent function, or as a director of any other entity that has one or more of its executive officers serving as a member of our board of directors or compensation committee. Mr. Givens, our former President and Chief Executive Officer, served on our compensation committee until November 17, 2006, when he resigned from that committee. None of the current members of our compensation committee has ever been one of our employees.

Policies Governing Director Nominations

Our board of directors is responsible for selecting its own members, but has delegated to the nominating and corporate governance committee the responsibility of identifying suitable candidates for nomination to the board of directors (including candidates to fill any vacancies that may occur) and assessing their qualifications in light of the policies and principles set forth in our corporate governance guidelines and the charter of the nominating and corporate governance committee.

Director Qualifications

In identifying prospective director candidates, the nominating and corporate governance committee may consider all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the prospective director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the board of directors. This assessment includes consideration of the following minimum qualifications that the nominating and corporate governance committee believes must be met by all directors:

directors must be of the highest ethical character and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics;

directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;

directors must have the ability to exercise sound business judgment; and

directors must have substantial business or professional experience and be able to offer meaningful advice and guidance to the Company's management based on that experience.

Process for Identifying and Evaluating Director Nominees

Generally, the nominating and corporate governance committee identifies candidates for director nominees in consultation with other members of the board of directors and management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee and the board of directors. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the nominating and corporate governance committee deems to be helpful in the evaluation process. The

Table of Contents

nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of board of directors. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the approval by the board of directors as director nominees for election to the board of directors. The nominating and corporate governance committee may also recommend candidates to the board of directors for appointment to the committees of the board of directors.

Procedures for Recommendation of Director Nominees by Stockholders

A candidate may also be required to undergo a comprehensive private investigation background check by a qualified company of the Company's choosing; and a candidate must complete a detailed questionnaire regarding his or her experience, background and independence.

Once the nominating and corporate governance committee receives the nomination of a candidate and the candidate has complied with the minimum procedural requirements above, such candidacy will be evaluated by the nominating and corporate governance committee and a recommendation with respect to such candidate will be delivered to the board of directors.

In addition to these procedures for recommending a director nominee to the nominating and corporate governance committee, a stockholder may propose an individual for election to the board of directors in accordance with the Company's by-laws, as described in the "Stockholder Proposals for Annual Meetings" section of this Proxy Statement.

V. EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

What are our compensation philosophy and goals?

We believe that our Company's success is largely dependent on the efforts of experienced and talented executives. The goals of our compensation program are to attract and retain individuals experienced in the text imaging and software solutions industries who can contribute to our long-term success, to motivate and reward high levels of individual and Company performance, to foster a shared commitment among our executive officers to the success of our business by establishing consistent Company and individual goals and to align the interests of our executive officers and stockholders by motivating executive officers to increase stockholder value.

We seek to maintain total compensation levels that we believe will be perceived by both our executive officers and our stockholders as fair and equitable and rely on the following principles to guide our executive compensation decisions:

Provide cash compensation to our executive officers targeted at the 50th percentile for the market;

Pay cash compensation to our executive officers that is based on Company and individual executive officer performance, with respect to an executive officer's overall performance and pre-determined goals that directly or indirectly influence stockholder value, which may result in actual cash compensation that is higher or lower than the 50th percentile for the market;

Provide total compensation to our executive officers, including equity ownership to align the interests of our executive officers with the interests of our stockholders, that is targeted between the 50th and 75th percentile for the market; and

Offer a benefits package to our executives which is the same as that provided to all full-time employees.

All of our named executive officers are compensated under the same policies and we determine the appropriate allocation between current and long-term incentive compensation, with a goal of weighting the allocation towards compensation related to individual and Company performance. The goals for our Company and executive officers are established so that target attainment is not assured and payment for performance at or above target levels will require our executive officers to perform at a high level by producing significant results, achieving challenging targets and devoting their full time and attention to our business. The personal performance objectives of our executive officers are developed based on our annual Company objectives in order to ensure that success of our executive officers is appropriately linked to the strategic initiatives that drive the overall success of the Company.

We determine the allocation of an executive officer's overall compensation among each compensation component based on our analyses of market compensation data for other companies in our industry and geographic market, as appropriate, our recruiting and retention goals, our view of internal equity and consistency and other considerations we deem relevant, such as the Company's overall performance or extraordinary individual performance by an executive officer. We believe that the compensation of our executive officers should be structured so that no significant amount that may be derived from one compensation component reduces the compensation our executive officers receive from other components.

In order to align our executive officers' interests with those of our stockholders, the compensation of our executive officers includes equity awards. While our executive officers could make short term decisions that involve a high level of risk based on the impact of such decisions on our stock price, we

Table of Contents

believe that our goal of aligning the interests of our executive officers with the interests of our stockholders outweighs the concern of such increased risk. Moreover, we believe that our decision making process involving executive officers across areas of our business and, when appropriate, our board of directors, minimizes the likelihood that risks taken by executive officers will not align with our strategic initiatives.

Who is responsible for determining the compensation of our executive officers?

Our compensation committee, comprised entirely of independent, non-employee directors, oversees the development of our compensation plans and policies for executive officers and annually reviews and approves all executive officer compensation to determine whether it provides adequate and competitive incentives and motivation to our executive officers. The compensation committee also administers our 2004 Stock Option and Grant Plan (the 2004 Option Plan) and our 2007 Stock Option and Incentive Plan (the 2007 Option Plan) and approves equity awards pursuant to our written equity award grant policy. The 2004 Option Plan, 2007 Option Plan and equity award grant policy are described further below. Our compensation committee charter outlines the responsibilities of the compensation committee and is reviewed and revised periodically by the compensation committee and the board of directors.

The compensation committee assesses the performance of the Company and our executive officers in part based on achievement of pre-determined financial targets and on pre-determined personal performance objectives that are established, with respect to our president and chief executive officer, by the compensation committee and, with respect to our other executive officers, by our president and chief executive officer, together with the executive officer's supervisor, if applicable. The compensation committee may, however, use, and in the past has used, its judgment and discretion in making compensation decisions that support our compensation objectives and align with our compensation principles, as discussed in more detail below.

Our compensation committee relies on information provided by management with respect to the performance of our executive officers. Our president and chief executive officer is responsible for reviewing the performance of his direct and indirect reports with the committee and recommending base salary increases and payments under the prior year's cash incentive plans. These recommendations are based, in part, on self assessments performed by our executive officers, the executive officers' annual performance evaluation, including achievement of pre-determined personal performance objectives, information from our directors regarding the performance of any executive officer who interacts with the board of directors, and data provided to the president and chief executive officer by our human resources department regarding current pay programs and equity grant information. For each executive officer other than himself, the chief executive officer also determines applicable individual financial and non-financial performance goals for the upcoming year and recommends to the compensation committee appropriate bonus targets and equity awards.

Beginning in 2007 and continuing in 2008, the compensation committee retained DolmatConnell & Partners, an independent compensation consulting firm, to advise the compensation committee on the structure of our on-going long-term equity incentive program and to evaluate and make recommendations on the overall compensation of our executive officers, particularly in relationship to other companies in our industry and geographic market.

What information do we review when determining executive compensation?

In order to make compensation decisions with respect to our executive officers for 2007, 2008 and 2009, our compensation committee considered compensation reports prepared by the compensation committee's then current independent compensation consultant analyzing the compensation of our executive officers in relation to certain other companies.

For 2007, we benchmarked total cash compensation of our executive officers to the following peer group of private and public software companies, with revenue ranging from \$20 million to \$100 million, that were located in the region of our corporate headquarters, and which were recommended by our human resources department and approved by the compensation committee based upon data provided to us by The Survey Group, an independent compensation and benefits consulting company:

What are the components of our executive compensation program, why do we use these components and how are they determined?

Our executive compensation program consists of the following elements, as described below.

Base Salary

What: Base salary is fixed cash compensation for the executive officer's standard job duties and responsibilities.

Why: We believe that competitive base salaries allow us to attract and retain employees who can contribute to our long-term success in light of the competitive labor market in which we compete for the services of executive officers.

How determined: The compensation committee annually determines base salaries after reviewing factors such as each executive officer's responsibilities, prior experience, performance in meeting objectives, ability to create a culture of cooperation, integrity and trust and the anticipated value of his or her impact on our success. Based on the assessment of the executive officer's performance relative to these factors, an executive officer's base salary is then benchmarked against executive compensation of our peer group companies to determine if compensation is appropriate and competitive. Any mid-year adjustment or material increase in an executive officer's compensation is generally based on a promotion, a substantial increase in the officer's responsibilities or a determination that a market adjustment is required to retain a key employee and, in each case, is approved by our compensation committee.

Cash Incentive Compensation

What: Our executive officers have the ability to receive annual cash incentive payments under our Executive Compensation Plan for the year. Our 2009 Executive Compensation Plan includes target cash incentive payments that are, except in the case of our president and chief executive officer, lower than under our 2008 Executive Compensation Plan, although such lower target payments are offset by equity grants awarded in March 2009 to certain of our executive officers as described below under *What decisions did we make with respect to executive compensation for 2009?* Maintaining Mr. Shaw's incentive compensation target at the 2008 levels is aligned with our goal of achieving the 50th percentile of our peer group cash compensation for Mr. Shaw by 2010 as described below under *What were the results of the decisions made with respect to executive compensation for 2008?*

Why: We believe that a portion of our executive officer's annual cash compensation should be in the form of cash incentives to achieve our objective of holding executives accountable for Company performance and rewarding successful business results and increased stockholder value. We believe that compensating our executive officers upon the achievement of key corporate financial objectives and personal performance objectives, including product development, customer initiatives and product and process improvements and innovations, effectively links individual contributions to overall business performance.

How determined: Payment of annual amounts under our 2008 Executive Compensation Plan was, and payment of annual amounts under our 2009 Executive Compensation Plan will be, based upon the satisfaction of Company financial objectives as well as the executive officer's performance, including the satisfactory completion of pre-determined individual objectives. The annual objectives of our president and chief executive officer are determined by our compensation committee. The annual objectives of our other executive officers are determined by the president and chief executive officer, together with the executive officer's supervisor, as applicable.

The satisfaction of Company financial objectives is determined by the board of directors. The individual performance of our president and chief executive officer is determined by the compensation committee. The performance of our other executive officers is determined by our

Table of Contents

president and chief executive officer, together with the executive officer's supervisor, as applicable. No discretion has been or may be exercised by the president and chief executive officer, our compensation committee or our board of directors, as applicable, in determining whether quantitative personal performance objectives have been satisfied because these goals are objective. Discretion has been and may continue to be exercised in determining the relative significance of an executive officer's non-quantitative performance objectives, as well as in determining whether any of these objectives that cannot be definitively measured have been satisfied. Our 2009 Executive Compensation Plan provides that, in the event there is a subsequent change in our audited financial statements that impacts whether financial performance targets were satisfied, an executive officer will be required to repay to us any amount that was paid based solely on the satisfaction of such target that was not, after such change, satisfied. While the compensation committee has no discretion to determine whether a repayment is required, the compensation committee does have discretion in determining the amounts to be repaid.

Equity Compensation

What: All of our employees based in the United States, United Kingdom and certain management employees located in other jurisdictions that were employed prior to our initial public offering, including any named executive officer employed prior to our initial public offering, have received stock option grants or restricted stock awards under the 2004 Option Plan. Employees located in the United States and the United Kingdom, and certain management employees located in other jurisdictions, that were hired and, in the case of management employees, promoted since our initial public offering have received an option grant under the 2007 Option Plan. In addition, management and certain other employees have received additional grants as part of our total compensation program. Generally, awards granted to our executive officers are subject to time-based vesting with 25% of the shares vesting on the first anniversary of the grant date, or in the case of a new hire, the hire date (if earlier) and the remaining shares vesting quarterly over the following three years. In February 2009, our compensation committee approved equity awards to certain of our executive officers, including certain named executive officers, subject to time-based vesting with 50% of the shares vesting on the first anniversary of the grant date and the remaining shares vesting on the second anniversary of the grant date. These shares were granted to offset the decreased target cash compensation established for our executive officers under our 2009 Executive Compensation Plan.

Why: We believe that for growing companies in the technology sector, equity awards are a significant motivator in attracting and retaining employees. Equity awards also help to align the interests of our executive officers and employees with those of our stockholders because they create an ownership culture where the value received by the recipient is based on the growth of the stock price, incentivizing them to work hard to increase our stock price and maximize stockholder value. Equity awards, which create value for the executive officers only when value is simultaneously created for our stockholders, may also offset any decrease in cash compensation paid to our executive officers. We have also designed our equity grants and awards to include time-based vesting provisions to encourage long-term performance and reward longevity with and commitment to us. We do not currently have any stock ownership guidelines for our executive officers, but the compensation committee may consider in the future whether these requirements are appropriate.

How determined: All equity award determinations are made by our board of directors or compensation committee. No discretion has been granted to our president and chief executive officer to make any equity awards. As a result, our compensation committee meets monthly to approve equity awards. We grant equity incentive awards to our employees generally upon the commencement of their employment or upon a promotion. We generally consider on an annual basis whether additional grants to employees are necessary for our employees to maintain appropriate levels of equity ownership in the Company and how much retention potential the Company has given the degree of unvested equity. Generally these additional grants are made following an analysis

Table of Contents

of levels of equity grants and the degree of equity ownership of the executive officers of our peer group, a review of internal existing equity allocations, the degree to which existing awards have become vested, the anticipated future contribution by the executive officer to the growth of the Company and any decrease in target cash compensation of an executive officer such that the executive officer's total compensation is no longer at appropriate market levels. We acknowledge that, from year to year, the total compensation of our executive officers compared to the executive officers of our peer group may vary based on the stock price volatility among our peer group and the performance of our stock compared to the stock price of our peer group.

While we have not implemented a policy for determining the appropriate allocation between cash and non-cash compensation for our employees, historically we have allocated a greater percentage of an employee's total compensation to equity compensation as he or she becomes more senior in our organization. We have historically provided our executive officers with equity incentive awards to provide appropriate market competitive compensation levels, consistent with our articulated strategy, in order to retain them and provide us with greater stability in our management.

We grant equity awards to our executive officers under our written equity award grant policy. All grants are made at fair market value and calculated based on our closing market price on the grant date. While our 2007 Option Plan permits the granting of equity awards at any time, our equity grant policy provides that we will generally only grant equity awards on a regularly scheduled basis, as follows:

Grants made in conjunction with the hiring of a new employee or the promotion of an existing employee will be made following the hire date or the promotion date on the 15th day of the month, or on the next trading day, if the 15th is not a trading day, and

Grants made to existing employees other than in connection with a promotion will be made, if at all, on an annual basis and will generally be made effective following the filing of our Annual Report on Form 10-K, unless the approval of the grant occurs after such filing, in which case it will be effective on the date the grant is approved.

Post-Employment Benefits

What: Certain of our executive officers, including all of our named executive officers, have employment agreements that provide them with severance payments and benefits in the event we terminate their employment without cause or the executive officer terminates his or her employment for good reason. See *Discussion of Compensation and Grants of Plan-Based Awards* and *Potential Payments upon Termination or Change-in-Control* for a discussion of the terms of these agreements, including the definition of cause and good reason. We also have a severance pay plan that benefits all employees, with the exception of any executive officers with specific employment agreements that include severance provisions, and provides for continuation of salary and benefits depending on the employee's length of service with us.

Why: We believe that post-employment benefits allow us to attract and retain an appropriate caliber of talented professionals in key positions by providing compensation in the event of an unexpected termination of employment, which contributes to our overall business performance. In addition, the employment agreements provide that, in the event an executive officer terminates his or her employment relationship with us without good reason, the executive officer forfeits any pro-rated portion of his or her non-equity incentive compensation, and will be prevented from competing with us for up to two years, thus aligning the individual's interests with our business objectives.

How determined: The provisions of each severance agreement are determined by the compensation committee based on market trends and practices and are set at competitive levels based on industry practice.

Table of Contents

Benefit Plans

What: Our employee benefits include a discretionary 401(k) matching program, a 401(k) profit sharing contribution, life and disability insurance, travel and accident and optional health, dental and supplemental life insurance coverage. The optional health and dental benefits require cost sharing for all employees, including executive officers, and supplemental life insurance is fully paid by any employee electing that benefit. We reimburse our employees whose responsibilities entail frequent travel, which includes all of our executive officers, for memberships in a limited number of airline programs that provide access to airport lounges and other amenities. We also offer a tuition reimbursement program, which encourages the ongoing growth and development of all employees.

Why: We believe in creating a cooperative environment in which all employees are committed to us and motivated to meet our business objectives. To that end, there are no additional benefits or perquisites that are available to our executive officers that are not also available to all of our employees. Attracting and retaining our executive officers and other employees contributes to our overall business performance.

How determined: To ensure that the benefits offered to our employees remain competitive with the market, our human resources department reviews information regarding benefit programs for technology companies and for companies in the specific geographic markets where we operate.

What were the results of the decisions made with respect to executive compensation for 2008?

Base Salaries. In 2007, the base salary for our executive officers was determined to be, on average, at the 25th to the 50th percentile of our then-current peer group of companies. Based on this information, the compensation committee determined that in order to satisfy our goal of targeting cash compensation at the 50th percentile of our peer group, base salaries needed to be adjusted over time, with a target of having all executive officers at the 50th percentile of our peer group by 2010. The committee also considered factors such as the overall performance and effectiveness of the executive officer during the prior year, the achievement of specific personal performance objectives, specific departmental achievements that were directly attributable to the executive and the executive officer's contribution to the achievement of our strategic goals, as well as information contained in the tally sheets provided by our human resources department. Thus, while the Company sought to increase base salaries by approximately 4% Company-wide for 2008, based on the analysis described above, the base salary of certain executive officers increased by a higher percentage in 2008 than in prior years.

Cash Incentive Compensation Payments. In February 2009, our board of directors preliminarily determined that, subject to receipt of audited financial statements, we had reached at least 100% of our Company financial performance target of \$49.5 million of EBITDA, as adjusted for certain add-backs and exclusions as approved by the board of directors, under our 2008 Executive Compensation Plan. The Company was able to meet its EBITDA target despite expenses related to our November 2008 restructuring undertaken to better align our workforce with our strategic initiatives. Subject to this determination by our board of directors, our compensation committee determined the annual payment amounts to be made to each executive officer under the 2008 Executive Compensation Plan based on the performance of the executive officer, including the satisfaction of pre-determined personal performance goals. In the event there is a change in our audited financial statements such that Company's financial goals were not met, the executive officers will be obligated to re-pay any excess cash bonus paid, with such excess amount to be determined by the compensation committee.

Cash bonus payments for 2008 were lower than previous years because the Company did not achieve 105% of the profit targets established by the board of directors which was a requirement for maximum cash bonus payments under our 2008 Executive Compensation Plan. In determining payment to our president and chief executive officer under our 2008 Executive

Table of Contents

Compensation Plan, the compensation committee considered the achievement of our financial targets, including revenue and profit growth year-on-year despite a challenging economic climate, and the stability and performance of the executive management team, including the successful integration of new key members of the team.

In determining payment to our named executive officers, other than the president and chief executive officer, the compensation committee considered the recommendation of the president and chief executive officer with respect to the satisfaction by the named executive officer of his or her personal performance objectives and overall performance in 2008. Mr. Landers' cash bonus payment was substantially based on his successful transition to his new position and effective leadership of the financial team. Mr. Seguin's cash bonus payment under the plan was substantially based on the achievement of our financial targets, including achievement of 100% of our profit target, and the continuing growth in sales of text solutions to emerging consumer electronics customers, including increased penetration in navigational devices and digital cameras. Ms. Dunlap's cash bonus payment was substantially based on her contributions to our management as a public company, including the organization of our internal legal processes and continuing protection of our intellectual property. Mr. Braverman's cash bonus payment was substantially based on his successful implementation of our Sarbanes Oxley compliance efforts.

Neither our board of directors or compensation committee had discretion under our 2008 Executive Compensation Plan to grant an executive officer an aggregate incentive compensation payment that exceeded 60% of the executive officer's base salary.

Equity Awards. Equity awards were made to our named executive officers in March 2008 based on their contributions to the Company's financial performance in 2007, their satisfaction of personal performance objectives in 2007, their potential to add shareholder value based on 2008 initiatives, and consideration of data based on peer group, competitive analysis and compensation consultant data which was relative to their positions. In addition, equity awards were made to new hires or made in connection with a promotion.

What decisions did we make with respect to executive compensation for 2009?

Base Salaries. In making decisions regarding the base salaries of our executive officers for 2009, the compensation committee considered data provided by DolmatConnell & Partners, with the continued goal of establishing base compensation for our executive officers at the 50th percentile of our current peer group by 2010. The committee also considered the performance of each executive officer during the prior year and such executive officer's base salary relative to our other executive officers, including executive officers recently hired by the Company. The committee determined that it was appropriate to continue to move towards this goal in order to retain our key executive officers. Thus, the 2009 salaries of Messrs. Shaw and Seguin were increased to \$325,000 and \$275,000, respectively, in part to reflect the market increases determined by the compensation committee to be appropriate for such executive officer to achieve this goal. This represents a base salary increase of 20% for Mr. Shaw and 14.3% for Mr. Seguin. For all of our named executive officers, including Messrs. Shaw and Seguin, the compensation committee also considered factors such as the overall performance and effectiveness of the executive officer during 2008, the achievement of personal performance objectives, specific departmental achievements that were directly attributable to the executive and the executive officer's contribution to the achievement of our strategic goals, as well as information contained in the tally sheets produced by our Human Resources department and reviewed by the compensation committee. In 2009, the base salary for Messrs. Landers and Braverman and Ms. Dunlap are \$260,000, \$205,000 and \$224,000, respectively. This represents a base salary increase for each such named executive officer of 4%, 0%, and 3.6% respectively. Mr. Braverman's employment with the Company terminated on April 3, 2009.

Table of Contents

Cash Incentive Compensation Targets. Our board of directors approved a Company profitability target that we believe is moderately difficult to achieve. We have never failed to satisfy at least 100% of our financial targets in prior years. Our compensation committee approved the 2009 Executive Compensation Plan which includes a target cash incentive compensation amount for all executive officers. Target cash incentive payments for our executive officers, other than our president and chief executive officer, under the 2009 Executive Compensation Plan are substantially reduced from the targets under our 2008 Executive Compensation Plan, offset by certain equity awards approved in February 2009 to certain executive officers as described below. Based on the Company's revenue and profitability expectations for 2009 and the expected continuation of the current economic conditions, the compensation committee believed that cash compensation to our executive officers should be reduced. However, the compensation committee decided to maintain a higher target cash incentive compensation amount for our president and chief executive officer because his current compensation continues to be further below the 50th percentile of our peer group than our other executive officers. Thus, any reduction to his target cash incentive compensation would negate our goal of establishing his cash compensation at the 50th percentile of our peer group by 2010.

Any payments made to an executive officer under our 2009 Executive Compensation Plan will be based on the achievement of pre-determined profit targets and the satisfaction of personal performance objectives as described further below. The amount that is payable to all executive officers under our 2009 Executive Compensation Plan is limited to \$316,250 if we achieve 90% of the financial targets established by our board at directors for 2009 and increases incrementally up to a maximum of \$1,475,000 if we achieve 110% of such targets. The compensation committee also has discretion to pay amounts not allocated under other Company incentive compensation plans to our executive officers. No amounts may be paid to any executive officer under the 2009 Executive Compensation Plan if we do not achieve at least 90% of our financial targets, however, cash payments under the 2009 Executive Compensation Plan will exceed the 50th percentile of competitive market compensation if the Company significantly exceeds expectations. The amount payable to any individual executive officer is not capped under the 2009 Executive Compensation Plan.

Personal Performance Objectives. Our compensation committee approved the 2009 personal performance objectives of our president and chief executive officer and our president and chief executive officer approved the 2009 personal performance objectives of our other executive officers, together with the executive officer's supervisor, as applicable. Personal performance objectives are tied directly to strategic initiatives for each executive's area of responsibility. For example, the 2009 personal performance objectives of our president and chief executive officer include refining our long-term strategic plan to focus on customer-driven initiatives and preserving and fostering of the core values of the Company. Mr. Seguin's personal performance objectives for 2009 include growing our customer support in Asia and continuing our expansion into emerging consumer electronics device categories. Mr. Landers' 2009 personal performance objectives include driving operational efficiencies that permit us to pursue our growth initiatives and ensuring consistent and effective new and prospective investor relations. Ms. Dunlap's 2009 personal performance objectives include efficiently managing internal and external legal resources and expanding protection of the Company's intellectual property.

Our executive incentive cash compensation plans do not weight the relative importance of the personal performance objectives of our executive officers at the time such objectives are determined, but gives the compensation committee flexibility to make overall bonus determinations in a manner that aligns the executive officer's compensation with the evolving nature of our business. Generally more weight has been given to objectives that are closely tied to the primary job responsibility of the executive officer and for which the executive officer will have significant responsibility for delivering results. The committee may, however, in the future

Table of Contents

consider whether to more explicitly tie portions of the annual cash bonuses to specific personal performance objectives.

Equity Awards. In February 2009, our compensation committee approved two separate equity awards in the form of non-qualified stock options to our executive officers, each of which was issued on March 18, 2009. The first grant to certain executive officers, including Messrs. Shaw, Seguin, Landers and Ms. Dunlap, were granted to offset the reduced target cash incentive payments under our 2009 Executive Compensation Plan and to provide executives an opportunity to reach previous compensation targets, but only with an increase in our stock price. These awards are subject to time-based vesting, with 50% of the shares underlying each award vesting on the first anniversary of the grant date and the remaining shares vesting on the second anniversary of the grant date. The second grant to certain of our executive officers, including Messrs. Shaw, Seguin, Landers and Ms. Dunlap were designed to retain our executive officers and to motivate them to achieve long-term revenue growth. Both awards also align the interests of our executive officers with those of our stockholders, creating an ownership culture where the value received by the recipient is based on the growth of the Company, as reflected in an increase of the value of our Common Stock. Our goal is that the grant value of these equity awards, together with the equity awards described above, will cause the overall compensation of our executive officers to move towards the 75th percentile of the market if the Company significantly exceeds its established performance expectations.

Compensation Earned

The following table summarizes the compensation earned during Fiscal Years 2006, 2007 and 2008 by our principal executive officer, our principal financial officer, our former principal financial officer and our three other most highly compensated executive officers who were serving as executive officers as of December 31, 2008 and whose total compensation exceeded \$100,000. We refer to these individuals as our named executive officers.

These awards were made on March 31, 2008 and have an exercise price equal to the closing market price of a share of the Company's Common Stock according to the NASDAQ Global Select Market on such date. In accordance with our written equity award grant policy, Mr. Landers' award was made on July 15, 2008 (which was the fifteenth of the month following his hire date) and has an exercise price equal to the closing market price of a share of the Company's Common Stock according to the NASDAQ Global Select Market on such date.

Discussion of Compensation and Grants of Plan-Based Awards

Employment Agreements

Each of our named executive officers has an employment agreement with us. The named executive officers receive a base salary and are entitled to participate in any bonus or other performance-based plan and all medical, profit sharing, dental and life insurance plans and disability income plans, retirement arrangements and other employment benefits, including option plans, in each case available to our other senior executive officers. The employment agreements require the named executive officers to refrain from competing with us and from hiring our employees for a period of two years following the termination of their employment with us for any reason, except that such period shall only last for one year in the event that the executive terminates his or her employment for good reason or if the executive is terminated by us without cause.

Each employment agreement continues in effect unless the executive officer's employment is terminated by him or her or by the Company. If we reduce the named executive officer's salary, other than in connection with an across-the-board salary reduction similarly affecting all or substantially all management employees, he or she may terminate his or her employment and be eligible for certain termination benefits. See *Potential Payments upon Termination or Change-in-Control* for further discussion on termination, retirement and change-in-control provisions of the employment agreements.

Mr. Braverman's employment with the Company terminated effective April 3, 2009. Pursuant to his employment agreement, we will continue to pay his current base salary, in accordance with the Company's regular payroll practices, and continue to make contributions to his benefits until April 3, 2010. Mr. Braverman will also be entitled to receive a pro-rated portion of his bonus payment under our 2009 Executive Compensation Plan, if target bonuses are achieved under the 2009 Executive Compensation Plan, with such bonus payment being based on the number of days he was employed by the Company in 2009. In addition, Mr. Braverman will be required to refrain from competing with us and from hiring our employees until April 3, 2010.

Grants of Non-Equity Plan-Based Awards

Our named executive officers received non-equity compensation awards in 2008 under our 2008 Executive Compensation Plan and the amount payable under these awards was determined on February 25, 2009. A discussion of how the award amounts were determined is set forth under *What were the results of the decisions made with respect to executive compensation for 2008?* and the amounts paid to our named executive officers is set forth in note 1 to the *Grants of Plan-Based Awards 2008* table.

Table of Contents

Because non-equity incentive awards made to our named executive officers under our 2009 Executive Compensation Plan were not made by the compensation committee until January 5, 2009, these awards are not included in the Grants of Plan-Based Awards 2008 table. If each named executive officer achieves his or her target bonus under the 2009 Executive Compensation Plan, equal to the percentage of the executive officer's base salary indicated below, amounts earned under these awards in 2009 will be as follows:

Name	Target Cash Incentive Compensation (% of base salary)	Payout Under the 2009 Executive Compensation Plan at Target Bonus Amounts
Douglas J. Shaw	40%	\$ 130,000
Scott E. Landers	30%	\$ 78,000
John L. Seguin	33%	\$ 90,750
Janet M. Dunlap	27%	\$ 60,480
Alex N. Braverman (1)	27%	\$ 13,838

(1) Mr. Braverman's employment with the Company terminated effective April 3, 2009 and thus he is eligible only for a pro-rated portion of any amount payable under the 2009 Executive Compensation Plan. The payout reflected in the table above represents the pro-rated portion of his full year bonus potential, if target bonuses are achieved under the 2009 Executive Compensation Plan.

However, no amount will be payable in respect of awards under the 2009 Executive Compensation Plan unless certain Company financial goals, established by the board of directors, are met. Actual amounts paid to our executive officers under the plan will be determined based on the extent to which such Company financial goals are met or exceeded, the satisfaction of the executive officer's personal performance objectives and the overall performance of the executive officer during 2009.

Grants of Equity Plan-Based Awards

Certain of our named executive officers received equity awards in 2008 under our 2007 Option Plan. A discussion of how the award amounts were determined is set forth under *What were the results of the decisions made with respect to executive compensation for 2008?* In addition, on February 25, 2009 our compensation committee approved equity award grants to certain of our named executive officers under our 2007 Option Plan. These awards were granted on March 18, 2009 and have an exercise price of \$3.63, which was the closing market price on the NASDAQ Global Select Market of a share of our Common Stock on such date. How the following award amounts were determined is set forth under *What decisions did we make with respect to executive compensation for 2009?*

Name	Number of Non-Qualified Stock Options (A)	Number of Non-Qualified Stock Options (B)
Douglas J. Shaw	160,000	18,900

John L. Seguin	60,000	13,600
Janet M. Dunlap	27,000	8,400

(A) Under the terms of the option grant agreements, 25% of the shares vest on the first anniversary of the grant date and the remaining shares vest quarterly over the following three years.

(B) Under the terms of these agreements, 50% of the shares vest on the first anniversary of the grant date and the remaining shares vest on the second anniversary of the grant date.

Equity Compensation Plans

As of December 31, 2008, each of our named executive officers employed prior to our initial public offering held awards under our 2004 Option Plan. In 2008 each of our named executive officers received awards under our 2007 Option Plan, with the exception of Mr. Braverman who had joined the Company in November of 2007. In addition, in February 2009, the compensation committee approved awards under our 2007 Option Plan to each of our named executive officers, other than Mr. Braverman, as detailed in the Grants of Plan Based Equity section of this Proxy Statement. Treatment of awards made under the 2004 Option Plan and 2007 Option Plan in the event of a merger, sale or dissolution, or a similar sale event, are discussed below under Potential Payments upon Termination or Change-in- Control Stock Options and Restricted Stock.

2004 Stock Option and Grant Plan

Our 2004 Option Plan was adopted by our board of directors and approved by our stockholders in November 2004. Our board of directors has determined not to grant any further awards under our 2004 Option Plan, but as of December 31, 2008, there were 2,100,224 shares subject to awards outstanding under the 2004 Option Plan.

Our 2004 Option Plan is administered by the compensation committee. Our board of directors has delegated full power and authority to the compensation committee to accelerate the exercisability or vesting of any award and to provide substitute awards, subject to the provisions of the 2004 Option Plan. Awards granted to our named executive officers under the 2004 Option Plan are subject to four year vesting, with 25% of such grant vesting on the first anniversary of the grant or date of hire, as applicable, and vesting quarterly thereafter. All awards under the 2004 Option Plan have a maximum term of ten years from the date of grant and incentive stock options have an exercise price of no less than the fair market value of our Common Stock on the date of grant.

2007 Stock Option and Incentive Plan

Our 2007 Option Plan was adopted by our board of directors in March 2007 and approved by our stockholders in May 2007, effective upon our initial public offering. We reserved 4,383,560 shares of our Common Stock for the issuance of awards under the 2007 Option Plan, which may be granted in the form of incentive stock options, non-qualified stock options, stock appreciation rights, deferred stock awards, restricted stock awards, unrestricted stock awards or dividend equivalent rights. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization and generally shares that are forfeited or canceled from awards under the 2007 Option Plan or the 2004 Option Plan also will be available for future awards.

The 2007 Option Plan is administered by our compensation committee which has full power and authority to select the participants to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the 2007 Option Plan. For example, the exercise price of stock options awarded under the 2007 Option Plan may not be less than the fair market value of our Common Stock on the date of the option grant and the term of each option may not exceed ten years from the date of grant. Awards are also made in compliance with the terms of our written equity award grant policy. Generally, awards granted to our named executive officers under our 2007 Option Plan are subject to four year vesting, with 25% of such award vesting on the first anniversary of the date of grant and quarterly thereafter. In February 2009, the compensation committee approved awards to certain of our executive officers, including certain named executive officers, that are subject to a two year vesting period, with 50% of the shares underlying the award vesting on the first anniversary of the grant date and the remaining shares vesting on the second anniversary the grant date.

Table of Contents

No awards may be granted under the 2007 Option Plan after the tenth anniversary of its effectiveness. In addition, our board of directors may amend or discontinue the 2007 Option Plan at any time and the administrator may amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose. No such amendment may adversely affect the rights under any outstanding award without the holder's consent. Other than in the event of a necessary adjustment in connection with a change in our stock or a merger or similar transaction, the administrator may not reprice or otherwise reduce the exercise price of outstanding stock options or stock appreciation rights. Further, amendments to the 2007 Option Plan will be subject to approval by our stockholders if the amendment: (i) increases the number of shares available for issuance under the 2007 Option Plan, (ii) expands the types of awards available under, the eligibility to participate in, or the duration of, the plan, (iii) materially changes the method of determining fair market value for purposes of the 2007 Option Plan, (iv) is required by the NASDAQ Global Select Market rules, or (v) is required by the Internal Revenue Code of 1986, as amended (the "Code"), to ensure that incentive options are tax-qualified.

Mr. Seguin and Ms. Arthur also exercised options in 2008 that were issued under our 2004 Option Plan.

Potential Payments upon Termination or Change-in-Control**Employment Agreements**

The employment agreements with our named executive officers provide certain benefits upon the termination of employment. If a named executive officer is terminated based on disability as defined in such executive's employment agreement, he or she shall continue to receive his or her respective full base

Table of Contents

salary, less any disability pay or sick pay benefits to which he or she may be entitled under our other benefit policies, employee benefits for a period of up to 12 months and any bonus the executive would have been entitled to receive under the 2009 Executive Compensation Plan, prorated based on the number of days the executive was employed with the Company prior to his or her termination.

Generally, if a named executive officer terminates his or her employment for good reason or we terminate his or her employment without cause, he or she is entitled to receive payment of any bonus or non-equity incentive plan award that he or she would have been entitled to receive had his or her employment not been terminated, pro rata for the number of days he or she was employed by us during the relevant period. If the named executive officer terminates his or her employment for good reason or we terminate his or her employment without cause, the named executive officer will receive 100% salary continuation for a period of 12 months from the date of termination.

Cause is defined in the employment agreements as: (i) any act of fraud, gross misconduct or harassment that materially and adversely affects us, (ii) any act of dishonesty, deceit or illegality, in any such case, materially and adversely affecting us, (iii) conviction or indictment (if the indictment has a material adverse effect on us) of a felony, or any misdemeanor involving moral turpitude, (iv) the commission of an act involving a violation of material procedures or policies of ours, (v) a material and sustained failure to perform the duties and responsibilities assigned or delegated under their respective employment agreement which failure continues for 30 days after written notice, (vi) gross negligence or willful misconduct that materially and adversely affects us, or (vii) a material breach by the executive of any of the executive officers' confidentiality or non-compete obligations.

Good reason is defined in the employment agreements as: (i) a substantial adverse change in the nature or scope of responsibilities, authorities, powers, functions or duties under the respective employment agreement, (ii) a reduction in annual base salary, except for an across-the-board salary reduction similarly affecting all or substantially all management employees, (iii) a requirement by us that he or she be based anywhere other than a specified distance from Woburn, Massachusetts, or (iv) the breach by us of any of our material obligations under the respective employment agreement, after notice and failure to cure such breach within thirty days.

Stock Options and Restricted Stock

Stock option grants and restricted stock awards currently held by a named executive officer and which have been granted under our 2004 Option Plan or 2007 Option Plan do not accelerate upon termination of such named executive officers' employment by us unless there has been a change-in-control.

2004 Option Plan. In the event of a merger, sale or dissolution, or a similar sale event, unless assumed or substituted by the successor entity, all stock options granted to our named executive officers under the 2004 Option Plan will terminate upon the effective time of such sale event following an exercise period. Restricted stock shall be treated as provided in the relevant award agreement. If an award is so assumed or continued or substituted and the named executive officer's employment or service relationship with us terminates (i) within 12 months after such sale event, and (ii) such termination is by us or a successor entity without cause or by the grantee for good reason, 50% of the unvested portion of the award shall automatically become vested.

2007 Option Plan. In the event of a merger, sale or dissolution, or a similar sale event, unless assumed or substituted by the successor entity, all stock options granted to a named executive officer under the 2007 Option Plan will automatically become fully exercisable, all other awards granted under the 2007 Option Plan will become fully vested and non-forfeitable and awards with conditions and restrictions relating to the attainment of performance goals may become vested and non-forfeitable in connection with a sale event in the administrator's discretion. In addition, upon the effective time of

Table of Contents

any such sale event, after an exercise period, the 2007 Option Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or assumptions of outstanding awards. Any award so assumed or continued or substituted shall be deemed vested and exercisable in full upon the date on which the named executive officer's employment or service relationship with us terminates if such termination occurs (i) within 18 months after such sale event, and (ii) such termination is by us or a successor entity without cause or by the grantee for good reason.

Under both the 2004 Option Plan and 2007 Option Plan, cause means the commission of any act by a grantee constituting financial dishonesty against us (which act would be chargeable as a crime under applicable law), any other act of dishonesty, fraud, intentional misrepresentation, moral turpitude, illegality or harassment which, as determined in good faith by our board of directors, would adversely affect us, the repeated failure to follow the directives of our chief executive officer or our board of directors or any material misconduct, violation of our policies or willful and deliberate non-performance of duty. Under the 2004 Option Plan and the 2007 Option Plan, good reason means a substantial adverse change in the nature or scope of the employee's responsibilities, authorities, powers, functions or duties, a reduction in the employee's annual base salary except for across-the-board salary reductions similarly affecting all or substantially all management employees or the relocation of our offices at which the employee is principally employed to a location more than 75 miles from such offices. These definitions are, however, modified by any definition of cause or good reason contained in an executive officer's employment agreement.

Payments upon a Triggering Event

The following table sets forth information regarding the amounts payable under employment agreements and the plans described above to the named executive officers by us if a termination by us without cause or termination by the named executive officers for good reason occurred on December 31, 2008. These payments are the same regardless of whether the termination is by us without cause or by the executive for good reason, each as defined in the 2004 Option Plan or the 2007 Option Plan. Mr. Braverman's employment with the Company terminated on April 3, 2009. Amounts actually paid to Mr. Braverman in connection with his termination of employment in 2009 are discussed above under Discussion of Compensation and Grants of Plan-Based Awards Employment Agreements.

- (3) Assumes the Company met or exceeded 105% of our financial targets for 2008 for the Company performance component and that the named executive officer earned their target amount for the personal component under the 2008 Executive Compensation Plan. All amounts payable under the 2008 Executive Compensation Plan are payable in accordance with the regularly scheduled payments of the plan.

- (A) For shares issued under the 2004 Option Plan, this number represents only the vesting of 50% of shares or options to purchase our Common Stock that were unvested as of December 31, 2008. For shares issued under the 2007 Option Plan, this number represents 100% vesting of shares or options to purchase our Common Stock that were unvested as of December 31, 2008.
- (B) For purposes of this table, the value of shares or options not vested has been calculated by taking the difference of the option exercise price set forth in the table entitled Outstanding Equity Awards at Fiscal Year-End 2008, and the closing price of a share of our Common Stock on the NASDAQ Global Select Market on December 31, 2008, or \$5.80, multiplied by the number of shares or options to purchase our Common Stock vesting upon the change-in-control.

Payment of all amounts following the termination of a named executive officer and continuation of any health care benefits, is subject to continuing obligations of the named executive officer to cooperate with us to enforce our intellectual property rights, comply with a one-year non-competition agreement, comply with a one-year non-solicitation and non-hire agreement and execute a general release in a form reasonably satisfactory to us. We have the right to cancel the termination benefits if the named executive officer fails to materially comply with any of these provisions or if he or she fails to materially comply with the confidentiality provisions of his or her employment agreement.

Finally, upon the death of a named executive officer, he or she will be entitled to any benefits that may be due under any life insurance policy of ours maintained similarly for all employees.

Tax and Accounting Considerations

The Code limits the federal income tax deductibility of compensation paid to the Company's chief executive officer as well as the four highest compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. The Company may deduct compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1.0 million or meets certain other conditions (such as stockholder approval). Considering the Company's current compensation plans and policy, the Company and the Compensation Committee believe that, for the near future, there is little risk that the Company will lose any significant tax deduction relating to executive compensation. We reserve the right, however, to use our judgment to modify the Company's compensation plans and policies to maximize deductibility, and to authorize compensation payments that do not comply with the exemptions in Section 162(m) of the Code when we believe that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

Table of Contents**Director Compensation**

Our directors are compensated with a combination of cash and restricted shares of our Common Stock or options to purchase our Common Stock. Each non-employee director receives cash compensation of \$35,000 per year, with an additional amount paid to the members of the audit, compensation and nominating and corporate governance committees of \$10,000, \$7,500, and \$5,000, respectively. The chairperson of each of the audit, compensation and nominating and corporate governance committees will receive additional cash compensation of \$7,500, \$5,000, and \$3,000, respectively. The chairman of the board shall receive, in addition to the same cash compensation as the other non-employee directors, additional cash compensation of \$25,000. All amounts are paid in equal quarterly installments. In addition to this cash compensation, any new director will receive, upon election to the board of directors, a grant of restricted stock with an aggregate value equal to \$120,000 based upon the closing price of our Common Stock on the grant date. The grant will vest quarterly in equal installments over a four year period. Finally, each year, in connection with our annual meeting of stockholders, each director will receive a grant of shares of restricted stock with a value equal to \$60,000 based upon the closing price of our Common Stock on the grant date. The annual grants will vest on the earlier of the first anniversary of the grant date and our next annual meeting of stockholders.

In addition, any person who is a director of the Company and who has served as a director for at least three years shall be required to beneficially own a number of shares of our Common Stock with a value at least equal to \$120,000. This measurement will be made periodically by our compensation committee on such terms as the compensation committee shall determine, provided that the board of directors has specified that no unexercised options held by a director will be included in any such measurement of value. Directors affiliated with TA Associates, Inc., have historically declined to receive board and committee meeting compensation, including equity compensation. Mr. Meeks did not stand for re-election to the board of directors in 2008. It is anticipated that no board or committee fees will be paid, or equity awarded to Mr. Johnston, our non-employee director affiliated with TA Associates Inc., through 2009.

The following table sets forth a summary of the compensation we paid to our non-employee directors in 2008.

Table of Contents**VII. AUDIT COMMITTEE REPORT**

In fulfilling its oversight responsibilities, the audit committee has reviewed and discussed with management the Company's consolidated financial statements for the fiscal year ended December 31, 2008. The audit committee also reviewed with Ernst & Young LLP, the Company's independent registered public accounting firm, the results of their audit and discussed matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which provides that certain matters related to the conduct of the audit of the Company's financial statements are to be communicated to the audit committee. In addition, the audit committee has received from Ernst & Young LLP the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, has discussed with Ernst & Young LLP their independence from management and the Company and has considered and discussed the compatibility of non-audit services provided by Ernst & Young LLP for the Company with that firm's independence.

Based on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors has approved, that the audited financial statements be included in the Company's Annual Report on SEC Form 10-K, for the year ended December 31, 2008, for filing with the SEC.

The audit committee has considered and determined that the provision of the non-audit services described is compatible with maintaining the independence of our registered public accounting firm.

Information Regarding Approval of Non-Audit Services

The audit committee oversees the Company's accounting and financial reporting processes on behalf of the board of directors, and operates under a written charter adopted by the board of directors, a copy of which can be found on the Company's web site located at www.monotypeimaging.com. The audit committee pre-approves all auditing services and the terms of non-audit services provided by the Company's independent registered public accounting firm, but only to the extent that the non-audit services are not prohibited under applicable law and the committee determines that the non-audit services do not impair the independence of the independent registered public accounting firm. In situations where it is impractical to wait until the next regularly scheduled quarterly meeting, the chairman of the audit committee has been delegated authority to approve audit and non-audit services to be provided by our independent registered public accounting firm. Fees payable to our independent registered public accounting firm for any specific, individual service approved by the chairman pursuant to the above-described delegation of authority may not exceed \$25,000, plus reasonable and customary out-of-pocket expenses, and the chairman is required to report any such approvals to the full committee at its next scheduled meeting.

The pre-approval requirement is waived with respect to the provision of non-audit services by the independent registered public accounting firm if: (1) the aggregate amount of all such non-audit services provided to us constitutes not more than five percent of the total fees paid by us to our independent registered public accounting firm during the fiscal year in which such non-audit services were provided, (2) such services were not recognized at the time of the engagement to be non-audit services, and (3) such services are promptly brought to the attention of the audit committee and approved by the audit committee or by one or more of its members to whom authority to grant such approvals has been delegated by the committee prior to the completion of the independent registered public accounting firm's audit.
