Dear Stockholder:

You are cordially invited to attend a Special Meeting of Stockholders of Sonic Automotive, Inc. to be held at 10:30 a.m. on Wednesday, August 19, 2009, at Lowe's Motor Speedway, Smith Tower, 600 Room, U.S. Highway 29 North, Concord, North Carolina. We look forward to greeting personally those stockholders who are able to attend.

The accompanying formal Notice of Meeting and Proxy Statement describe the matter scheduled for a vote by stockholders at the meeting.

On May 7, 2009, we issued \$85,627,000 in aggregate principal amount of our 6.00% Senior Secured Convertible Notes due 2012 and 860,723 shares of our Class A Common Stock in a private placement to certain holders of our 5.25% Convertible Senior Subordinated Notes due 2009 in satisfaction in full of our obligations to those holders under those notes, which were due on May 7, 2009. In connection with the issuance, we agreed to seek stockholder approval for the issuance of shares of Class A Common Stock upon conversion of the 6.00% Senior Secured Convertible Notes due 2012 at a lower conversion price that is subject to further adjustment in certain circumstances. If this stockholder approval is not obtained, we will be in default under the indenture governing the 6.00% Senior Secured Convertible Notes and of our other debt, lease facilities and operating agreements, which would have a material adverse effect on our business, financial condition, liquidity and operations and raise substantial doubt about our ability to continue as a going concern. If that were to occur, we might be unable to continue our operations, be unable to avoid filing for bankruptcy protection and/or have an involuntary bankruptcy case filed against us.

Whether or not you plan to attend the meeting on August 19, 2009, it is important that your shares be represented. To ensure that your vote will be received and counted, please sign, date and mail the enclosed proxy at your earliest convenience. Your vote is important regardless of the number of shares you own.

**Please vote your shares as soon as possible. This is your special meeting, and your participation is important.**

On behalf of the Board of Directors

Sincerely,

O. BRUTON SMITH

**PROXY STATEMENT**

July 6, 2009

**GENERAL**

**Introduction**

The Special Meeting of Stockholders of Sonic Automotive, Inc. ( *Sonic* or the *Company* ) will be held on August 19, 2009 at 10:30 a.m., at Lowe's Motor Speedway, Smith Tower, 600 Room, U.S. Highway 29 North, Concord, North Carolina (the *Special Meeting* ), for the purposes set forth in the accompanying notice. Directions to attend the Special Meeting, where you may vote in person, can be found at the following weblink: [https://www.lowesmotorspeedway.com/visitors\\_guide/area\\_map/](https://www.lowesmotorspeedway.com/visitors_guide/area_map/). This Proxy Statement and form of proxy are furnished to stockholders in connection with the solicitation by the Board of Directors of proxies to be used at the Special Meeting, and at any and all adjournments thereof, and are first being sent to stockholders on or about July 15, 2009.

**What am I voting on?**

You are voting on a proposal to approve the issuance of shares of our Class A Common Stock (the *Class A Common Stock* ) upon conversion of our 6.00% Senior Secured Convertible Notes due 2012 (the *notes* ) at a lower conversion price of \$4.00 (*i.e.*, a conversion rate of 250 shares per \$1,000 principal amount of the notes), which conversion price is subject to further reduction for certain events as set forth in the indenture governing the notes and under the heading *Description of Notes Conversion Rights* set forth herein (the *Proposal* ). We refer to the lower conversion price of \$4.00 as reduced from time to time under the terms of the indenture as the *Conversion Price* . We recently issued \$85,627,000 aggregate principal amount of the notes and 860,723 shares of our Class A Common Stock in a private placement to certain holders of our 5.25% Convertible Senior Subordinated Notes due May 7, 2009 (the *5.25% Convertible Notes* ) in satisfaction in full of our obligations to those holders under the 5.25% Convertible Notes. We can redeem the notes at any time prior to May 1, 2010 at a redemption price equal to 100% of the principal amount of the notes to be redeemed, from May 1, 2010 to April 30, 2011 at a redemption price equal to 106% of the principal amount of notes redeemed, and at any time thereafter at a redemption price equal to 112% of the principal amount of the notes to be redeemed, in each case including accrued and unpaid interest.

As more fully described below under *Proposal 1 Indenture* , the Proposal is seeking stockholder approval of the issuance of all shares issuable upon conversion at the Conversion Price of the aggregate principal amount of all notes issued under the indenture, including the Series A notes issuable upon conversion of the Series B notes into Series A notes.

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

The board of directors currently knows of no other business that will be presented for consideration at the Special Meeting. In the event that any matters other than those referred to in the accompanying Notice of Meeting should properly come before and be considered at the Special Meeting, it is intended that proxies in the accompanying form will be voted thereon in accordance with the judgment of the person or persons voting such proxies.

**Does the board of directors recommend that I vote FOR the Proposal?**

Yes. The board of directors recommends voting FOR the Proposal.

**Why is stockholder approval being sought for the issuance of our Class A Common Stock upon the conversion of the notes?**

Since our Class A Common Stock is listed on the New York Stock Exchange (the NYSE), we are subject to the NYSE rules and regulations. NYSE Listed Company Manual Section 312.03(c) requires stockholder approval prior to the issuance of common stock or securities convertible into shares of common stock in any transaction or series of transactions if (i) the shares of common stock have, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of the common stock or securities convertible into common stock or (ii) the number of

shares of common stock to be issued is, or will upon issuance, equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of the common stock or securities convertible into common stock. We are seeking stockholder approval of the issuance of our Class A Common Stock upon conversion of the notes at the Conversion Price to comply with the NYSE rules and regulations and to comply with the requirement in the indenture governing the notes to seek such stockholder approval or be in default.

The issuance of the notes did not require stockholder approval under the NYSE rules and regulations. The urgency of restructuring the 5.25% Convertible Notes prior to maturity did not allow us to obtain stockholder approval prior to the issuance of the notes. In addition, the staff of the NYSE advised us that they did not believe we could avail ourselves of the exception to the stockholder approval rule provided in the NYSE Listed Company Manual. As a result, pursuant to the indenture governing the notes, the conversion price was initially set at a level that would not require stockholder approval under the NYSE rules and regulations until we had obtained stockholder approval. In connection with the issuance of the notes, we agreed to seek stockholder approval for the issuance of shares of our Class A Common Stock upon conversion of the notes at the Conversion Price. The NYSE stockholder approval requirement is applicable because after the adjustment in the conversion price, the number of shares of our Class A Common Stock issuable upon conversion of the notes would exceed 20% of the number of shares of our common stock outstanding before the issuance of the notes.

#### **What happens if stockholders do not approve the Proposal?**

If stockholders do not approve the Proposal, we will be in default under the indenture governing the notes. This default will cause the notes to be immediately due and payable. Such a default would also cause cross-defaults on our other debt, lease facilities and operating agreements, which would have a material adverse effect on our business, financial condition, liquidity and operations and raise substantial doubt about our ability to continue as a going concern. As a result, we might be unable to continue our operations, be unable to avoid filing for bankruptcy protection and/or have an involuntary bankruptcy case filed against us.

#### **Who is entitled to vote at the Special Meeting?**

Only holders of record of Sonic's Class A Common Stock and Class B Common Stock (the "Class B Common Stock" and, together with the Class A Common Stock, the "Common Stock" or "Voting Stock") at the close of business on July 10, 2009 (the "Record Date") will be entitled to notice of, and to vote at, the Special Meeting.

Sonic currently has authorized under its Amended and Restated Certificate of Incorporation 100,000,000 shares of Class A Common Stock, of which 29,567,119 shares will be outstanding as of the Record Date and are entitled to be voted at the Special Meeting, and 30,000,000 shares of Class B Common Stock, of which 12,029,375 shares will be outstanding as of the Record Date and are entitled to be voted at the Special Meeting. At the Special Meeting, holders of Class A Common Stock will have one vote per share, and holders of Class B Common Stock will have ten votes per share. All outstanding shares of Voting Stock are entitled to vote as a single class on the Proposal.

#### **How may I vote?**

Holders entitled to vote may vote their shares by proxy or in person at the Special Meeting. Proxies in the accompanying form, properly executed and duly returned and not revoked, will be voted at the Special Meeting, including adjournments. Where a specification is made by means of the ballot provided in the proxies regarding the Proposal, such proxies will be voted in accordance with the specification. If no specification is made, proxies will be voted in favor of the Proposal. Proxies will be voted in the discretion of the proxy holders on any other business as may properly come before the Special Meeting. Proxies should be sent to American Stock Transfer & Trust Company, 59 Maiden

Lane, New York, New York 10038.

**May I change my vote or revoke my proxy after I return my proxy card?**

Yes. Stockholders who execute proxies may revoke or change them at any time before they are exercised by delivering a written notice to Stephen K. Coss, the Senior Vice President, General Counsel and Secretary of Sonic, either at the Special Meeting or prior to the meeting date at Sonic's principal executive offices at 6415 Idlewild Road, Suite 109, Charlotte, North Carolina 28212, by executing and delivering a later-dated proxy, or by attending the Special Meeting and voting in person.

**What vote is required to approve the Proposal?**

A quorum being present, the Proposal will become effective if a majority of the votes cast by shares entitled to vote on the Proposal are cast in favor thereof.

Broker non-votes occur when nominees, such as brokers and banks, holding shares on behalf of street name owners do not receive voting instructions from those owners regarding a matter and do not have discretionary authority to vote on the matter under NYSE rules. Those rules allow nominees to vote in their discretion on routine matters, such as the election of directors and the ratification of the appointment of independent registered public accountants, even if they do not receive voting instructions from the street name owner. On non-routine matters, such as the Proposal, nominees cannot vote unless they receive instructions from the street name owner. The failure to receive such instructions as to a non-routine matter results in a broker non-vote. Broker non-votes and abstentions will be counted to determine a quorum, but will not be counted as votes for or against any proposal.

**Who bears the costs of the solicitation of proxies?**

Sonic will pay the cost of solicitation of proxies, including the cost of assembling and mailing this Proxy Statement and the enclosed materials. In addition to the use of the mails, proxies may be solicited personally or by telephone or email by corporate officers and employees of Sonic without additional compensation. Sonic intends to request brokers and banks holding stock in their names or in the names of nominees to solicit proxies from their customers who own our stock, where applicable, and will reimburse them for their reasonable expenses of mailing proxy materials to their customers.

**PROPOSAL 1**

**APPROVAL OF THE ISSUANCE OF SHARES OF CLASS A COMMON STOCK UPON CONVERSION OF 6.00% SENIOR SECURED CONVERTIBLE NOTES**

**Background**

On December 31, 2008, we had \$1.9 billion in total outstanding indebtedness including, but not limited to, approximately \$105.3 million in principal outstanding related to our 5.25% Convertible Notes, \$70.8 million under our 2006 revolving credit sub-facility that matures in February 2010, \$160.0 million in principal outstanding related to our 4.25% convertible senior subordinated notes due 2015 and redeemable at the holder's option on November 30, 2010 (the 4.25% Convertible Notes) and \$275.0 million in principal outstanding related to our 8.625% senior subordinated notes due August 2013.

On February 11, 2009, we announced that we hired Moelis & Company (Moelis) as financial advisor to assist us in evaluating alternatives to enhance liquidity and address our debt obligations coming due in 2009 and 2010. This comprehensive evaluation involved, among other things, restructuring the 5.25% Convertible Notes and/or the 4.25% Convertible Notes and amending or refinancing the 2006 revolving credit sub-facility to avoid potential defaults under that facility and permit the restructuring of our other outstanding debt obligations. If we did not refinance or repay the 5.25% Convertible Notes on or before May 7, 2009, we would have been in default under such debt and our other debt, lease facilities and operating agreements, which would have had a material adverse effect on our business, financial condition, liquidity and operations and raised substantial doubt about our ability to continue as a going concern. In such a case, we might not have been able to continue our operations and we may have been unable to avoid filing for bankruptcy protection and/or have had an involuntary bankruptcy case filed

against us.

After exploring and considering a number of potential financing alternatives and taking into consideration the downturn in economic conditions and the retail automotive industry and the volatility in the financial markets, our board of directors determined that the private placement of notes and Class A Common Stock to certain holders of our 5.25% Convertible Notes in satisfaction of our obligations to those holders under the 5.25% Convertible Notes was the best available transaction to address our capital needs on a timely basis and was in our and our stockholders best interests.

In early March 2009, Moelis, on our behalf, separately approached three large institutional holders (who, in the aggregate, held approximately 83% of the aggregate outstanding principal amount of the 5.25% Convertible Notes) regarding a possible exchange transaction involving the 5.25% Convertible Notes. Two of these holders (who together held

approximately 73% of the aggregate outstanding principal amount of the 5.25% Convertible Notes) indicated a willingness to negotiate a possible exchange transaction and entered into confidentiality agreements with us before discussing possible terms of a transaction. The third holder chose not to participate in the discussions until later in the negotiations.

We and the two large institutional holders continued discussions of proposed terms through March. These discussions centered on the desire of holders of 5.25% Convertible Notes to be repaid in cash as soon as possible, including provisions that would incentivize or require us to repay the notes prior to their maturity. These discussions resulted in an understanding in mid-April between the two large institutional holders and us on general principles of certain terms of a proposed exchange transaction. Following this understanding on general principles of certain terms, we and Moelis reached out to certain other holders to execute confidentiality agreements and negotiate the specific terms of a possible exchange transaction. In total, eleven holders (including certain holders on behalf of multiple funds) representing approximately 92.7% of the aggregate outstanding principal amount of the 5.25% Convertible Notes signed confidentiality agreements and received offers to negotiate the terms of a possible exchange transaction.

During April, we and our advisors and certain holders of 5.25% Convertible Notes and their advisors negotiated specific terms relating to the notes, including among other things the conversion price, redemption and repurchase provisions, the security package, intercreditor arrangements and covenants (including the use of asset sale proceeds, among others) and many other terms of the possible exchange transaction. During the negotiations, the holders negotiated for various redemption provisions and forms of consideration in addition to the notes. One form of consideration the holders sought and that we ultimately agreed to as a portion of the consideration was shares of our Class A Common Stock. The number of shares of Class A Common Stock available for the exchange transaction and the valuation of such shares in the exchange transaction was also negotiated. As a result of these negotiations, each holder electing to participate in the exchange transaction had the option to receive notes or a combination of notes and shares of our Class A Common Stock in exchange for such holder's 5.25% Convertible Notes.

All of these extensive negotiations continued among the parties until May 4, 2009 when seven holders (including certain holders of multiple funds) representing in an aggregate amount of approximately 85% of the aggregate outstanding principal of our 5.25% Convertible Notes elected to participate in the exchange transaction and executed subscription agreements for approximately \$85.6 million of notes and 860,723 shares of Class A Common Stock.

On May 7, 2009, we issued the notes and 860,723 shares of Class A Common Stock to certain holders of our 5.25% Convertible Notes in satisfaction in full of their 5.25% Convertible Notes and repaid the remaining \$15,676,000 million in aggregate principal amount of the 5.25% Convertible Notes in cash at maturity. Because of the NYSE rule described below and the limited timeframe we had to consummate the transaction, it was necessary to structure the notes with a conversion price above the threshold that would require stockholder approval until we could obtain the necessary stockholder approval to issue Class A Common Stock upon conversion of the notes at the Conversion Price. We agreed to seek such stockholder approval following the issuance of the notes.

If stockholders do not approve the Proposal, we will be in default under the indenture governing the notes. This default would cause the notes to be immediately due and payable. Such a default would cause cross-defaults on our other debt, lease facilities and operating agreements, which would have a material adverse effect on our business, financial condition, liquidity and operations and raise substantial doubt about our ability to continue as a going concern. As a result, we might be unable to continue our operations, be unable to avoid filing for bankruptcy protection and/or have an involuntary bankruptcy case filed against us.

For a more complete description of the transaction in which the notes were issued, please see our Current Reports on Form 8-K filed on May 5, 2009 and May 13, 2009.

#### **NYSE Stockholder Approval Requirement**

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

Because our Class A Common Stock is listed on the NYSE, we are subject to NYSE rules and regulations. NYSE Listed Company Manual Section 312.03(c) requires stockholder approval prior to the issuance of common stock or securities convertible into shares of common stock in any transaction or series of transactions if (i) the shares of common stock has, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of the common stock or securities convertible into common stock or (ii) the number of shares of common stock to be issued is, or will upon issuance, equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of the common stock or securities convertible into common stock.

The issuance of the notes did not require stockholder approval under the NYSE rules and regulations because, pursuant to the indenture governing the notes, the conversion price was initially set at a level that would not require stockholder approval until we obtained such stockholder approval. In connection with the issuance of the notes, we agreed to seek stockholder approval of the issuance of shares of Class A Common Stock upon conversion of the notes at the Conversion Price. The NYSE stockholder approval requirement is applicable because after the adjustment in the conversion price, the number of shares of our Class A Common Stock issuable upon conversion of the notes would exceed 20% of the number of shares of our common stock outstanding immediately prior to the issuance of the notes. As a result, we are seeking stockholder approval of the issuance of our Class A Common Stock upon conversion of the notes at the Conversion Price to comply with the NYSE rules and regulations and to comply with the indenture governing the notes.

## **Indenture**

The notes were issued under an indenture dated May 7, 2009, which is included herein as Appendix A. In connection with the issuance of the notes, in the indenture, we agreed to seek stockholder approval of the issuance of shares of Class A Common Stock upon the conversion of the notes at the Conversion Price. For a more complete description of the indenture governing the notes and the rights of the holders of the notes, please see the section titled "Description of Notes" contained herein.

As indicated in "Description of Notes", the notes were issued in two series, Series A and Series B. At the time of issuance, each series had different conversion prices. If the Proposal is approved, the Series A notes will have a lower conversion price than the Series B notes. However, the Series B notes are convertible into Series A notes at the Series B noteholders' option at any time after the registration statement for Series A notes becomes effective. We expect that Series B notes would be converted into Series A notes prior to any conversion into shares of our Class A Common Stock. For purposes of the Proposal, the notes include the aggregate principal amount of notes that were issued under the indenture. We are therefore seeking stockholder approval of the issuance of all shares issuable upon conversion of all the notes at the Conversion Price, including those Series A notes issuable upon conversion of the Series B notes into Series A notes.

## **Registration Rights**

At the time we issued the notes, we and the holders of the notes entered into a registration rights agreement relating to the notes and the shares issuable upon conversion of the notes, pursuant to which we agreed, at our cost, for the benefit of the holders of the notes, to cause the notes and the shares issuable upon conversion of the notes, to be registered under the Securities Act of 1933, as amended (the "1933 Act"). To accomplish this, we agreed to:

file a shelf registration statement pursuant to Rule 415 of the 1933 Act on or before July 6, 2009; and

use our reasonable best efforts to cause the shelf registration statement to be declared effective by the SEC on or before November 7, 2009.

If (1) we fail to meet these deadlines; (2) after the shelf registration statement is filed and declared effective until the notes and the shares issuable upon conversion of the notes covered by such shelf registration statement have been resold pursuant to such shelf registration statement, the shelf registration statement ceases to be effective or fails to be usable for its intended purpose (subject to certain exceptions) except during a blackout period; or (3) blackout periods exceed an aggregate of 45 days in any calendar year, then additional interest will accrue on the aggregate principal amount of notes (in addition to the stated interest on the notes) from and including the date on which any such registration default has occurred to but excluding the date on which all registration defaults have been cured. The additional interest will initially be 0.25% per-annum of the aggregate principal of the notes with respect to the first 45-day period during which a registration default shall have occurred and be continuing. From the 46th day and ending on the 90th day following the registration default, the additional interest will be

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

0.75% per annum and commencing on the 91st day following the registration default the additional interest will be 1.00% per annum.

We also granted registration rights for shares of Class A Common Stock issued simultaneously with the issuance of the notes.

### **Consequences if Stockholders Approve the Proposal**

The notes have certain conversion rights as set forth below in [Description of Notes Conversion Rights](#). The number of shares of our Class A Common Stock issuable upon conversion of the notes may increase as a result of the formulas for calculating any further adjustments to the conversion rate. See [Description of Notes Conversion Rights](#). If stockholders

approve the Proposal, we will be in compliance with the applicable covenant in the indenture governing the notes. In addition, we will be permitted to issue upon conversion of the notes a number of shares of our common stock that exceeds 20% of the outstanding Class A Common Stock at the time of the issuance of the notes. As a result, conversion of the notes could result in substantial dilution of the voting power and a significant decrease in the ownership percentage of our existing stockholders.

The rights and privileges associated with the shares of our Class A Common Stock issued upon conversion of the notes will be identical to the rights and privileges associated with the common stock held by existing holders of our Class A Common Stock, including voting rights. As discussed above, holders of the notes have certain registration rights with respect to (i) their notes, (ii) their shares of our Class A Common Stock issuable upon conversion of the notes and (iii) other shares of our Class A Common Stock obtained by them in the private placement, if any. Any such shares that are resold pursuant to an effective registration statement will be freely transferable without restriction under the 1933 Act. These sales may materially and adversely impact the market price of our Class A Common Stock if, for example, large quantities of our Class A Common Stock are issued upon conversion of the notes and sold into the market.

#### **Consequences if Stockholders Do Not Approve the Proposal**

If stockholders do not approve the Proposal, we will be in default under the indenture governing the notes. This default will cause the notes to be immediately due and payable. Such a default would cause cross-defaults on our other debt, lease facilities and operating agreements, which would have a material adverse effect on our business, financial condition, liquidity and operations and raise substantial doubt about our ability to continue as a going concern. As a result, we might be unable to continue our operations, be unable to avoid filing for bankruptcy protection and/or have an involuntary bankruptcy case filed against us.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 1.**

## DESCRIPTION OF NOTES

Interest on the notes will be computed on the basis of a 360-day year composed of twelve 30-day months. Interest will cease to accrue on a note upon its maturity, conversion, redemption or repurchase by us on the terms and subject to the conditions specified in the Indenture.

If any interest payment date, maturity date, redemption date or purchase date of a note falls on a day that is not a business day, the required payment of principal and interest will be made on the next succeeding business day as if made on the date that the payment was due and no interest will accrue on that payment for the period from and after that interest payment date, maturity date, redemption date or purchase date, as the case may be, to the date of that payment on the next succeeding business day.

The notes are redeemable prior to maturity at any time, as described below under Redemption of Notes at Our Option. Principal of and interest on the notes will be payable at the office of the paying agent, which initially will be an office or agency of the trustee, or an office or agency maintained for such purpose, in the Borough of Manhattan, The City of New York. If certain conditions have been satisfied, the notes may be presented for conversion at the office of the conversion agent, and for registration of transfer or exchange at the office of the registrar, each such agent initially being the trustee. No service charge will be made for any registration of transfer or exchange of notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Maturity, conversion, purchase by us at the option of a holder or redemption of a note will cause interest to cease to accrue on such note. We may not reissue a note that has matured or been converted, purchased by us at the option of a holder, redeemed or otherwise cancelled, except for registration of transfer, exchange or replacement of such note.

#### **Issuance and Methods of Receiving Payments on the Notes**

Principal of, premium, if any, and interest on the notes will be payable, and the notes will be exchangeable and transferable, at the office or agency of the Company in The City of New York maintained for such purposes (which initially will be the corporate trust office of the trustee); *provided, however*, that payment of interest may be made at the option of the Company by check mailed to the Person entitled thereto as shown on the security register. The notes will be issued only in fully registered form without coupons, in denominations of \$1,000 and any integral multiple of \$1,000 above that amount.

#### **Ranking of Notes**

The notes are general secured obligations of the Company and rank senior in right of payment to all existing and future Indebtedness of the Company that is, by its terms, expressly subordinated in right of payment to the notes and *pari passu* in right of payment with all existing and future Indebtedness of the Company that is not so subordinated. The notes are effectively senior to all unsecured Indebtedness to the extent of the value of the Collateral referred to below and effectively junior to any obligations of the Company that are either (i) secured by a Lien on the Collateral (as defined below) that is senior or prior to the Liens securing the notes, including the First Priority Liens securing obligations under the Credit Facility, and potentially any Permitted Liens, or (ii) secured by assets that are not part of the Collateral securing the notes, in each case to the extent of the value of the assets securing such obligations.

The Indenture does not treat (i) unsecured Indebtedness as subordinated or junior to secured Indebtedness merely because it is unsecured or (ii) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

#### *Security*

The notes, the Guarantees and the Indenture Obligations are secured by Second Priority Liens granted by the Company, the existing Guarantors and any future Guarantor on the same collateral that secures obligations under the Credit Facility on a first priority basis (which consists of all assets of the Company and the Guarantors (whether now owned or hereafter arising or acquired)) other than as described below (the Collateral ) and subject to certain Permitted Liens and encumbrances described in the Security Documents.

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

The Collateral does not include (collectively, Excluded Property ): (A) any Franchise Agreement (as defined in the Credit Facility as of the date hereof), Framework Agreement (as defined in the Credit Facility as of the date hereof) or similar manufacturer agreement to the extent that any such Franchise Agreement (as defined in the Credit Facility as of the date hereof), Framework Agreement (as defined in the Credit Facility as of the date hereof) or similar manufacturer agreement is not assignable or capable of being encumbered as a matter of law or by the terms applicable thereto (unless any such restriction on assignment or encumbrance is ineffective under the UCC or other applicable law), without the consent of the applicable party thereto, (B) the Restricted Equity Interests (as defined in the Security Agreement (Escrowed Equity)) to the extent that applicable law or terms of the applicable Franchise Agreement (as defined in the Credit Facility as of the date hereof), Framework Agreement (as defined in the Credit Facility as of the date hereof) or similar manufacturer agreement would prohibit the pledge or encumbrance thereof (unless any such restriction on assignment or encumbrance is ineffective under the UCC or other applicable law), without the consent of the applicable party thereto, (C) any property financed by manufacturer-affiliated finance companies pursuant to an Inventory Facility permitted to be incurred under the Indenture and

that secures such obligations on a first priority basis, (D) any pledges of stock or other equity interests of a Guarantor to the extent that Rule 3-16 of Regulation S-X under the Securities Act requires or would require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, that would require) the filing with the SEC of separate financial statements of such Guarantor that are not otherwise required to be filed, but only to the extent necessary to not be subject to such requirement, (E) equity interests in Unrestricted Subsidiaries (subject to future grants under the terms of the Indenture), (F) any pledge of more than 65% of the total outstanding voting stock issued by any Subsidiary organized under the laws of a jurisdiction other than the United States, (G) any Permitted Real Estate Indebtedness Collateral (as defined on Exhibit A to the Security Agreement), (H) any other real property, or (I) any other assets excluded from, or that (for any other reason) are not included in, the Collateral securing the Credit Facility from time to time after the date hereof; provided, that (i) if any of the foregoing property described in clauses (A) through (I) ceases to be Excluded Property by its terms, such property shall no longer constitute Excluded Property and shall automatically be deemed to be Collateral under this Security Agreement and each other Note Document, as applicable, (ii) if any material property becomes Excluded Property by the operation of clause (I) above, the Company shall promptly notify the Collateral Agent of such property and (iii) if any real property ever secures the Credit Facility on a first-priority basis, such real property shall be Collateral and the relevant Grantor shall cause such real property to secure the Secured Obligations (as defined in the Security Agreement) on a second-priority basis with mortgage, real estate trust deed or similar instruments of Lien containing terms no more restrictive to the relevant Grantor than in the first-priority basis.

As soon as practicable after the acquisition thereof and as required in accordance with the Security Documents, the Company and the Guarantors, as applicable, will provide a First Priority Lien in favor of the Administrative Agent and a Second Priority Lien in favor of the Collateral Agent (and deliver certain certificates and opinions in respect thereof as required by the Indenture or the Security Documents) with respect to (1) property (other than Excluded Property) that is acquired by the Company or a Guarantor, (2) all property that is no longer Excluded Property and is not automatically subject to a perfected security interest under the Security Documents and (3) if a Restricted Subsidiary becomes a Guarantor, such new Guarantor's property (other than Excluded Property).

Certain of the obligations under our Credit Facility (including without limitation, obligations owed to lenders and their affiliates in connection with swap agreements and cash management arrangements) and the guarantees thereof by each of the Guarantors, are secured by a First Priority Lien on the Collateral. As set out in more detail below, upon an enforcement event or insolvency proceeding, proceeds from the Collateral will be applied first to satisfy such obligations under the Credit Facility in full and then to satisfy obligations on the notes. In addition, the Indenture permits the Company and the Guarantors to create additional Liens under specified circumstances, including certain additional senior Liens on the Collateral. See the definition of Permitted Liens.

The Collateral is pledged to (1) the administrative agent under the Credit Facility (together with any successor, the Administrative Agent), on a first priority basis, for the benefit of the Secured Parties (as defined in the security documents relating to the Revolving Credit Facility) and (2) U.S. Bank National Association, as collateral agent (together with any successor, the Collateral Agent), on a second priority basis, for the benefit of the trustee and the holders of the notes. The Second Priority Lien Obligations constitute claims separate and apart from (and of a different class from) the First Priority Lien Obligations and the Second Priority Liens are junior to the First Priority Liens as to the Collateral.

#### *Control Over Collateral and Enforcement of Liens*

The Intercreditor Agreement provides that, while any First Priority Lien Obligations (or any commitments or letters of credit in respect thereof) are outstanding, the holders of the First Priority Liens will control at all times all remedies and other actions related to the Collateral and the Second Priority Liens will not entitle the Collateral Agent, the trustee or the holders of any notes to take any action whatsoever (other than Second Lien Permitted Actions (as defined in the Intercreditor Agreement) limited actions to preserve and protect the Second Priority Liens that do not impair the First Priority Liens and certain other limited exceptions) with respect to the Collateral. As a result, while any First Priority Lien Obligations (or any commitments or letters of credit in respect thereof) are outstanding, none of the Collateral Agent, the trustee or the holders of the notes will be able to force a sale of the Collateral or otherwise exercise remedies normally available to secured creditors without the concurrence of the holders of the First Priority Liens or challenge any decisions in respect thereof by the holders of the First Priority Liens; provided, that once the First Lien Agent takes Enforcement Action (as defined the Intercreditor Agreement), the Second Lien Agent may take Enforcement Action.

Proceeds realized by the Administrative Agent or the Collateral Agent upon the exercise of remedies with respect to the Collateral or in an insolvency proceeding will be applied:

first, to amounts owing to the holders of the First Priority Liens in accordance with the terms of the First Priority Lien Obligations until they are paid in full;

second, ratably to amounts owing to the holders of the notes in accordance with the terms of the Indenture; and

third, to the Company and/or other persons entitled thereto.

Payments by the Company in accordance with the Indenture, including the application of Net Cash Proceeds of any Asset Sale, are not intended to be subject to this priority of payments provision.

The Collateral was not been appraised in connection with the offering of the notes. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the automotive retail industry, our ability to implement our business strategy, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers for the Collateral and similar factors. The amount to be received upon a sale of the Collateral following an Event of Default would be dependent on numerous factors, including but not limited to the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Likewise, there can be no assurance that the Collateral will be saleable, or, if saleable, that there will not be substantial delays in its liquidation. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, the proceeds from any sale or liquidation of the Collateral may not be sufficient to pay our Second Priority Lien Obligations. In addition, the fact that the lenders under the Credit Facility (and the lenders and affiliates that hold obligations under swap agreements and cash management arrangements) will receive proceeds from foreclosure on the Collateral before holders of the notes, and that other Persons may have Permitted Liens in respect of assets that are part of (or would be but for their exclusion from) the Collateral could have a material adverse effect on the amount that would be realized upon a liquidation of the Collateral. Accordingly, there can be no assurance that proceeds of any sale of the Collateral pursuant to the Indenture and the related Security Documents following an Event of Default would be sufficient to satisfy, or would not be substantially less than, all amounts due on the notes.

If the proceeds of any of the Collateral were not sufficient to repay all amounts due on the notes, the holders of the notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the Company and the Guarantors. To the extent that Liens (including Permitted Liens), rights or easements granted to third parties encumber assets located on property owned by the Company or the Guarantors, including the Collateral, such third parties may exercise rights and remedies with respect to the property subject to such Liens that could adversely affect the value of the Collateral and the ability of the Collateral Agent, the trustee or the holders of the notes to realize or foreclose on Collateral.

#### *Release of Liens*

The Security Documents and the Indenture provide that the Second Priority Liens securing the Guarantee of any Guarantor will be automatically released when such Guarantor's Guarantee is released in accordance with the terms of the Indenture. In addition, the Second Priority Liens securing the notes will be released in whole (a) upon payment in full of principal, premium, if any, interest and all other Indenture Obligations (other than contingent indemnification obligations not then due) and (b) with the consent of the holders of 75% of the outstanding notes including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, the notes. Furthermore, the Second Priority Liens will be released in part with respect to any asset constituting Collateral in connection with any disposition of such Collateral to any Person other than the Company or any of the Restricted Subsidiaries that is permitted by the Indenture.

To the extent applicable, and solely to the extent the notes are registered with the Commission, the Company will comply with Section 313(b) of the Trust Indenture Act, relating to reports, and Section 314(d) of the Trust Indenture Act, relating to the release of property and to the substitution therefor of any property to be pledged as Collateral for the notes. Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be made by an officer of the Company except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert, who shall be reasonably satisfactory to the trustee. Notwithstanding anything to the contrary herein, the Company and the Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture

Act if they determine, in good faith based on advice of counsel (which may be internal counsel), that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including no action letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no-action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of an issuer's business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. In addition, under interpretations provided by the SEC, to the extent that a release of a Lien is made without the need for consent by the holders of the notes or the trustee, the provisions of Section 314(d) may be inapplicable to the release.

#### *Intercreditor Agreement*

The Company, the Guarantors, the Collateral Agent, the trustee and the Administrative Agent under the Credit Facility (including in its capacity as collateral agent for the First Priority Liens that secure obligations under the Credit Facility) entered into the Intercreditor Agreement which established the second priority status of the Second Priority Liens. In addition to the provisions described above with respect to control of remedies, release of Collateral and amendments to the Security Documents, the Intercreditor Agreement also imposes certain other customary restrictions and agreements, including the restrictions and agreements described below.

Pursuant to the Intercreditor Agreement, the trustee and the holders of the notes agree that the Administrative Agent and the lenders under the Revolving Credit Facility have no fiduciary duties to them in respect of the maintenance or preservation of the Collateral. The Administrative Agent agrees to hold certain possessory collateral as bailee of the Collateral Agent and the trustee and the holders of the notes for purposes of perfecting the Second Priority Liens thereon. In addition, the trustee and the holders of the notes waive any claim against the Administrative Agent and the lenders under the Credit Facility in connection with any actions they may take under the Credit Facility or with respect to the Collateral. They further waive any right to assert, or request the benefit of, any marshalling or similar rights that may otherwise be available to them.

The trustee and the holders of the notes generally agree that if they receive payments from the Collateral in contravention of the application of proceeds provisions of the Intercreditor Agreement, they will turn such payments over to the First Priority Lien Obligation holders.

This summary of the Intercreditor Agreement only summarizes certain terms of the Intercreditor Agreement.

#### *No Impairment of the Security Interests*

Neither the Company nor any of the Guarantors are permitted to take any action, or knowingly or negligently omit to take any action, which action or omission is reasonably likely to or would have the result of materially impairing the security interest with respect to the Collateral for the benefit of the trustee and the holders of the notes.

The Indenture provides that any release of Collateral in accordance with the provisions of the Indenture and the Security Documents will not be deemed to impair the security under the Indenture, and that any engineer, appraiser or other expert may rely on such provision in delivering a certificate requesting release so long as all other provisions of the Indenture with respect to such release have been complied with.

#### *Subsidiary Guarantees*

Payment of the notes is guaranteed by the Guarantors (as defined below) jointly and severally, fully and unconditionally, on a senior basis. The Guarantors are comprised of all of the guarantors of the Company's ~~5/8%~~ Senior Subordinated Notes and the Credit Facility on the Issue Date. Substantially all of the Company's operations are conducted through these subsidiaries. In addition, if any Restricted Subsidiary of the Company becomes a guarantor or obligor in respect of any other Indebtedness of the Company or any of the Restricted Subsidiaries, the Company shall cause such Restricted Subsidiary to enter into a supplemental indenture pursuant to which such Restricted Subsidiary shall agree to guarantee the Company's obligations under the notes. If the Company defaults in payment of the principal of, premium, if any, or interest on the notes, each of the Guarantors will be unconditionally, jointly and severally obligated to duly and punctually pay the same.

The obligations of each Guarantor under its Guarantee are limited to the maximum amount which, after (1) giving effect to all other contingent and fixed liabilities of such Guarantor, and (2) giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under Federal or state law. Each Guarantor that makes a payment or distribution under its Guarantee shall be entitled to a contribution from any other Guarantor in a *pro rata* amount based on the net assets of each Guarantor determined in accordance with GAAP.

Notwithstanding the foregoing, in certain circumstances a Guarantee of a Guarantor may be released pursuant to the provisions of subsection (b) under *Certain Covenants Limitation on Issuances of Guarantees of and Pledges for Indebtedness*. The Company also may, at any time, cause a Restricted Subsidiary to become a Guarantor by executing and delivering a supplemental indenture providing for the guarantee of payment of the notes by such Restricted Subsidiary on the basis provided in the Indenture.

### **Conversion Rights**

On or after August 25, 2011, to (and including) the close of business on the business day immediately preceding the Maturity Date, the holders of (i) Series A Holders may convert notes, in multiples of \$1,000 principal amount, into Class A common stock at a price per share of \$13.59, or a conversion rate of 73.58 shares per \$1,000 principal amount of notes, which was initially equal to the aggregate principal amount of Series A notes and Series B notes on the Issue Date divided by the maximum number of shares that may be issued upon conversion without obtaining shareholder approval under Rule 312.03 of the NYSE Listed Company Manual less (A) 857,616 shares of Class A common stock, and (B) the number of shares of Class A common stock into which the Series B notes may be converted and (ii) Series B Holders may convert notes, in multiples of \$1,000 principal amount, into Class A common stock at a price per share of \$8.00, or a conversion rate of 125 shares per \$1,000 principal amount of notes. With respect to the Series A notes only, upon receipt of (x) shareholder approval for the issuance of the full number of Class A shares issuable upon conversion of the notes at a \$4.00 per share conversion price in accordance with the requirements of Rule 312.03 of the NYSE Listed Company Manual or (y) an exemption for such issuance from the NYSE pursuant to Rule 312.05 of the NYSE Listed Company Manual (in each case (x) or (y), NYSE Approval), the conversion price shall be adjusted to be \$4.00 per share, or a conversion rate of 250 shares per \$1,000 principal amount of notes.

Any Series B note holder may elect to surrender its Series B notes upon its receipt of notice from the Company that the Registration Statement has been declared effective. Any time after receiving such notice, any Series B note holder may provide the Company and Trustee with five (5) Business Days notice of its intent to exchange its Series B notes for Series A notes, at which time the Trustee shall cancel such holder's Series B notes and issue a new Series A note in a like aggregate principal amount, which may be as part of a Global Security.

A holder of a note otherwise entitled to a fractional share will receive cash equal to the applicable portion of the then current sale price of our Class A common stock on the trading day immediately preceding the conversion date. Upon a conversion, we will have the option to deliver cash or a combination of cash and shares of our Class A common stock as described below.

To convert a note into shares of Class A common stock, a holder must:

complete and manually sign a conversion notice, a form of which is on the back of the note, and deliver the conversion notice to the conversion agent;

surrender the note to the conversion agent;

Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

if required by the conversion agent, the trustee or the Company furnish appropriate endorsements and transfer documents; and

if required, pay all transfer or similar taxes.

The date a holder complies with these requirements is the conversion date under the Indenture. The notes will be deemed to have been converted immediately prior to the close of business on the conversion date. If a holder's interest is a

beneficial interest in a global note, in order to convert a holder must comply with the last three requirements listed above and comply with the depositary's procedures for converting a beneficial interest in a global note.

Upon conversion of a note, a holder will receive a cash payment of interest representing accrued and unpaid interest, except if such conversion occurs during the period from the close of business on any regular record date next preceding any interest payment date to the opening of business of such interest payment date. Holders of notes surrendered for conversion during such period will receive the semiannual interest payable on such notes on the corresponding interest payment date notwithstanding the conversion.

The conversion rate will not be adjusted for accrued and unpaid interest. A certificate for the number of full shares of Class A common stock into which any note is converted, together with any cash payment for fractional shares, will be delivered through the conversion agent as soon as practicable following the conversion date.

In lieu of delivery of shares of our Class A common stock upon notice of conversion of any notes (for all or any portion of the notes), we may elect to pay holders surrendering notes an amount in cash per note (or a portion of a note) equal to the average sale price of our Class A common stock for the five consecutive trading days immediately following the date of our notice of our election to deliver cash multiplied by the number of shares of Class A common stock which would have been issued on conversion and in respect of which cash is being delivered in lieu of shares. We will inform the holders through the trustee no later than two business days following the receipt of a conversion notice of our election to deliver shares of our Class A common stock or to pay cash in lieu of delivery of the shares. If we elect to deliver all of such payment in shares of our Class A common stock, the shares will be delivered through the conversion agent no later than the fifth business day following the conversion date. If we elect to pay all or a portion of such payment in cash, the payment, including any delivery of our Class A common stock, will be made to holders surrendering notes no later than the tenth business day following the applicable conversion date. If an Event of Default, as described under "Events of Default; Waiver and Notice" below (other than a default in a cash payment upon conversion of the notes), has occurred and is continuing, we may not pay cash upon conversion of any notes or portion of a note (other than cash for fractional shares).

With respect to the Series A notes, so long as NYSE Approval has been obtained, if the conversion price of the Permitted Exchange Notes on the Target Date (as defined below) is below Fair Market Value (as defined below), then the per share conversion price of the Series A notes will be adjusted as follows upon issuance of the Permitted Exchange Notes:

$$CP = CP_0 \times \frac{(OS_0 + Y)}{(OS_0 + X)}$$

where

- CP = the adjusted per share conversion price of the notes;
- CP<sub>0</sub> = the per share conversion price of the notes in effect immediately prior to the Target Date;
- OS<sub>0</sub> = the sum of (i) the number of shares of Class A common stock outstanding immediately prior to the Target Date and (ii) the total number of shares of Class A common stock issuable upon conversion of the notes then outstanding based on the per share conversion price of the notes in effect immediately prior thereto;
- Y = the total number of shares of Class A common stock issuable upon conversion of the Permitted Exchange Notes based on a per share conversion price equal to the Fair Market Value; and
- X = the total number of shares of Class A common stock issuable upon conversion of the Permitted Exchange Notes based on the per share conversion price of the Permitted Exchange Notes at the Target Date.

For purposes of this adjustment:

Target Date means any date prior to the Maturity Date that is the earlier of:

(A) the date the Company initially signs legally binding documentation in respect of the exchange and issuance of the Permitted Exchange Notes (not involving a tender offer as described in clause (B) below), and

(B) the later of (x) the date the Company launches a bona fide tender offer in respect of the 4.25% Convertible Senior Subordinated Notes in connection with the exchange and issuance of the Permitted Exchange Notes, and (y) the date the Company amends the conversion price for the Permitted Exchange Notes specified in such tender offer in connection with the exchange and issuance of the Permitted Exchange Notes.

Fair Market Value shall be equal to the average closing sale price per share of the Company's Class A common stock on the principal exchange on which such shares are listed for the thirty consecutive trading days ending immediately prior to the Target Date, as the case may be.

Notwithstanding the foregoing, if the conversion price of the Permitted Exchange Notes on the Target Date is below Fair Market Value and the conversion price of the Series A notes in effect at such time, then the above adjustment will be of no force and effect and the following adjustment will be the only adjustment that will apply.

With respect to the Series A notes, so long as NYSE Approval has been obtained, if the conversion price of the Permitted Exchange Notes is below the conversion price of the Series A notes in effect at any time and from time to time prior to the Maturity Date, then the per share conversion price of the Series A notes will be adjusted as follows as of such a time:

$$CP = CP_0 \times \frac{(OS_0 + Y)}{(OS_0 + X)}$$

where

- CP = the adjusted per share conversion price of the notes;
- CP<sub>0</sub> = the per share conversion price of the notes in effect immediately prior to such occurrence;
- OS<sub>0</sub> = the sum of (i) the number of shares of Class A common stock outstanding immediately before such occurrence and (ii) the total number of shares of Class A common stock issuable upon conversion of the notes then outstanding based on the per share conversion price of the notes in effect immediately prior thereto;
- Y = the total number of shares of Class A common stock issuable upon conversion of the notes then outstanding based on the per share conversion price of the notes in effect immediately prior thereto; and
- X = the total number of shares of Class A common stock issuable upon conversion of the Permitted Exchange Notes then outstanding based on the per share conversion price of the Permitted Exchange Notes in effect at such time.

To the extent the conversion price of the Permitted Exchange Notes at any time and from time to time shall adjust pursuant to the terms of the Permitted Exchange Notes such that the conversion price thereof shall increase to an amount equal to or greater than the per share conversion price of the Series A notes in effect immediately prior to the corresponding adjustment of the notes, then the adjustment described above will cease to be effective and the per share conversion price of Series A notes will be re-adjusted as though the above adjustment did not occur.

In addition, we will adjust the conversion rate for Series A notes and Series B notes for:

- (1) dividends or distributions on our Class A common stock payable in our Class A common stock or other Capital Stock of Sonic;

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

- (2) subdivisions, combinations or certain reclassifications of our Class A common stock;
- (3) distributions to all holders of our Class A common stock of certain rights to purchase our Class A common stock for a period expiring within 60 days of issuance at less than the then current sale price; and
- (4) distributions to the holders of our Class A common stock of a portion of our assets (including shares of capital stock of a subsidiary) or debt securities issued by us or certain rights to purchase our securities (excluding cash dividends or other cash distributions from current or retained earnings unless the annualized amount thereof per share exceeds 5% of the sale price of our Class A common stock on the day preceding the date of declaration of such dividend or other distribution).

However, no adjustment to the conversion rate need be made if holders of the notes may participate in the transaction without conversion or in certain other cases.

If we pay a dividend or make a distribution on shares of our Class A common stock consisting of capital stock of, or similar equity interests in, a subsidiary or other business unit of ours, the conversion rate for Series A notes and Series B notes will be adjusted based on the market value of the securities so distributed relative to the market value of our Class A common stock, in each case based on the average sale prices of those securities for the 10 trading days commencing on and including the fifth trading day after the date on which ex-dividend trading commences for such dividend or distribution on the New York Stock Exchange or such other national or regional exchange or market on which the securities are then listed or quoted.

In addition, the Indenture provides that upon conversion of the notes, the holders of such notes will receive, in addition to the shares of Class A common stock issuable upon such conversion, the rights related to such Class A common stock pursuant to any future stockholder rights plan, whether or not such rights have separated from the Class A common stock at the time of such conversion. However, there shall not be any adjustment to the conversion privilege or conversion rate as a result of:

the issuance of the rights;

the distribution of separate certificates representing the rights;

the exercise or redemption of such rights in accordance with any rights agreement; or

the termination or invalidation of the rights.

Subject to the required purchase described in Change in Control Requires Purchase of Notes by Us at the Option of the Holder, if we are a party to a consolidation, merger or binding share exchange or a transfer of all or substantially all of our assets, the right to convert a note into Class A common stock will be changed into a right to convert it into the kind and amount of securities, cash or other assets of Sonic or another Person which the holder would have received if the holder had converted the holder's note immediately prior to the transaction.

The Indenture permits us to increase the conversion rate from time to time. Holders of the notes may, in certain circumstances, be deemed to have received a distribution subject to United States federal income tax as a dividend upon:

a taxable distribution to holders of Class A common stock which results in an adjustment of the conversion rate;

an increase in the conversion rate at our discretion; or

failure to adjust the conversion rate in some instances.

#### **Certain Covenants**

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

The Indenture contains, among others, the following covenants:

*Limitation on Indebtedness.* The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, create, issue, incur, assume, guarantee or otherwise in any manner become directly or indirectly liable for the payment of or otherwise incur, contingently or otherwise (collectively, "incur"), any Indebtedness (including any Acquired Indebtedness), unless such Indebtedness is incurred by the Company or any Securing Guarantor or constitutes Acquired Indebtedness of a Restricted Subsidiary and, in each case, the Company's Consolidated Fixed Charge Coverage Ratio for the most recent four full fiscal quarters for which financial statements are available immediately preceding the incurrence of such Indebtedness taken as one period is at least equal to or greater than 2.00:1.

Notwithstanding the foregoing, the Company and, to the extent specifically set forth below, the Restricted Subsidiaries may incur each and all of the following (collectively, the "Permitted Indebtedness"):

- (i) Indebtedness of the Company and the Guarantors under the Revolving Credit Facility and one or more term loans in an aggregate principal amount at any one time outstanding, not to exceed \$550.0 million under the Revolving Credit Facility or in respect of letters of credit thereunder and any such term loans less the aggregate amount of all Net Cash Proceeds of Asset Sales applied to permanently reduce the commitments with respect to such Indebtedness pursuant to the covenant described above under the caption "Limitation on Sale of Assets";

- 
- (ii) Indebtedness of the Company and the Securing Guarantors under Mortgage Loans in an amount not to exceed \$200.0 million at any time outstanding;
  - (iii) Indebtedness of the Company and the Guarantors under any Inventory Facility, whether or not an Inventory Facility under the Credit Facility;
  - (iv) Indebtedness of the Company or any Restricted Subsidiary outstanding on the Issue Date, and listed on Schedule I to the Indenture to the extent constituting Indebtedness in an amount greater than \$5.0 million, and not otherwise referred to in this definition of Permitted Indebtedness ;

(b) The Company and its Restricted Subsidiaries shall apply Net Cash Proceeds of any Asset Sales as follows:

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

- (A) If (i) the EBITDA component of the Revolving Borrowing Base under the Revolving Credit Facility has not been eliminated or (ii) after giving pro forma effect to such Asset Sale (I) the outstanding amount of all Revolving Loans under the Revolving Credit Facility exceeds \$25 million or (II) the Revolving Credit Advance Limit under the Revolving Credit Facility is less than \$75 million, then 100% of such Net Cash Proceeds may be applied to repay Obligations under the Revolving Credit Facility;
- (B) If (i) the EBITDA component of the Revolving Borrowing Base under the Revolving Credit Facility has been eliminated and (ii) after giving pro forma effect to such Asset Sale (I) the outstanding amount of all Revolving Loans under the Revolving Credit Facility does not exceed \$25 million and (II) the Revolving Credit Advance Limit under the Revolving Credit Facility is not less than \$75 million, then 50% of such Net Cash Proceeds may be applied to repay Obligations under the Revolving Credit Facility and 50% of such Net Cash Proceeds shall be applied as set forth in paragraph (c) or paragraph (d) below, as the case may be; *provided* that to the extent that Net Cash Proceeds have been used to repay Obligations under the Revolving Credit Facility and there remain Net Cash Proceeds not required to be so applied, then such Net Cash Proceeds may be invested in Replacement Assets (or, if such Net Cash Proceeds are not invested in Replacement Assets within 365 days of the Asset Sale, then such Net Cash Proceeds shall be applied as set forth in paragraph (c) or paragraph (d)); and

- (C) If Indebtedness permitted pursuant to clause (i) of the definition of Permitted Indebtedness does not require prepayment (or such prepayment is waived), then 50% of such Net Cash Proceeds shall be applied as set forth in paragraph (c) or paragraph (d), as the case may be, and 50% of such Net Cash Proceeds may be invested in Replacement Assets (or, if such Net Cash Proceeds are not invested in Replacement Assets within 365 days of the Asset Sale, then such Net Cash Proceeds shall be applied as set forth in paragraph (c) or paragraph (d)).

The terms *Revolving Borrowing Base*, *Revolving Loans* and *Revolving Credit Advance Limit* shall have the meaning assigned thereto in the Credit Facility, or any comparable successor provisions thereto that are substantially similar in economic terms. The amount of Net Cash Proceeds of any Asset Sales to be applied as set forth in paragraph (c) or paragraph (d) below pursuant to clause (B) or (C) above constitutes Offer Proceeds.

(c) This paragraph (c) shall apply to all Offer Proceeds received within 365 days of the Issue Date and then for periods thereafter this paragraph (c) shall apply to all Offer Proceeds up to an aggregate amount of Offer Proceeds equal to 60% of the aggregate principal amount of notes as of the Issue Date. The Company shall redeem the notes for cash at any time it is in receipt of Offer Proceeds, in whole or in part, at a redemption price equal to 100% of the principal amount of the notes equal to such Offer Proceeds, plus any accrued and unpaid interest on the notes redeemed up to, but not including, the redemption date. If fewer than all of the notes are to be redeemed pursuant to this paragraph (c) at any given time, the trustee shall select the notes to be redeemed on a pro rata basis. If any note is to be redeemed in part only, a new note in principal amount equal to the unredeemed principal portion will be issued.

(d) This paragraph (d) shall apply when Offer Proceeds shall no longer be applied pursuant to paragraph (c). When the aggregate amount of Offer Proceeds exceeds \$5.0 million or more, the Company will make an offer to purchase (an *Offer*) to all holders of the notes in accordance with the procedures set forth in the Indenture in the maximum principal amount (expressed as a multiple of \$1,000) of notes that may be purchased out of an amount (the *Note Amount*) equal to such Offer Proceeds. The offer price for the notes will be payable in cash in an amount equal to 100% of the principal amount of the notes plus accrued and unpaid interest, if any, to the date (the *Offer Date*) such Offer is consummated (the *Offered Price*), in accordance with the procedures set forth in the Indenture. To the extent that the aggregate Offered Price of the notes tendered pursuant to the Offer is less than the Note Amount relating thereto, the Company may use any remaining Offer Proceeds for any purpose not prohibited by the Indenture. If the aggregate principal amount of notes surrendered by holders thereof exceeds the amount of Offer Proceeds, the Trustee shall select the notes to be purchased on a pro rata basis based on the aggregate principal amount of notes surrendered by each holder. Upon the completion of the purchase of all the notes tendered pursuant to an Offer, the amount of Offer Proceeds, if any, shall be reset at zero.

(e) If the Company becomes obligated to make an Offer pursuant to paragraph (d) above, the notes shall be purchased by the Company, at the option of the holders thereof, in whole or in part in integral multiples of \$1,000, on a date that is not earlier than 30 days and not later than 60 days from the date the notice of the Offer is given to holders, or such later date as may be necessary for the Company to comply with the requirements under the Exchange Act.

(f) The Indenture will provide that the Company will comply to the extent applicable with the applicable tender offer rules, including Rule 14e-1 under the Exchange Act, and any other applicable securities laws or regulations in connection with an Offer.

*Limitation on Issuances of Guarantees of and Pledges for Indebtedness.* (a) The Company will not cause or permit any Restricted Subsidiary (which is not a Guarantor), directly or indirectly, to guarantee, assume or in any other manner become liable with respect to any Indebtedness of the Company or any Restricted Subsidiary unless such Restricted Subsidiary executes and delivers a supplemental indenture to the Indenture providing for a secured Guarantee of the notes to the same extent as the notes and execute a joinder agreement to the Security Documents within 30 days on the same terms as the guarantee of such Indebtedness except that if such Indebtedness is by its terms Subordinated Indebtedness, any such assumption, guarantee or other liability of such Restricted Subsidiary with respect to such Indebtedness shall be subordinated to such Restricted Subsidiary's Guarantee of the notes at least to the same extent as such Indebtedness is subordinated to the notes.

Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

(b) The Company will provide to the trustee and the Collateral Agent, promptly following the date that any Person becomes a Restricted Subsidiary (other than any non-Securing Guarantor if the Fair Market Value of such non-Securing Guarantor, together with the Fair Market Value of all other non-Securing Guarantor, as of such date, does not exceed in the

aggregate \$100,000), a supplemental indenture to the Indenture and a joinder agreement related to the Security Documents, executed by such new Restricted Subsidiary, providing for a full and unconditional secured Guarantee to the same extent as the notes by such new Restricted Subsidiary of the Indenture Obligations and a pledge of its assets as Collateral for the notes to the same extent as that set forth in the Indenture and the Security Documents.

(c) Notwithstanding the foregoing, any Guarantee by a Restricted Subsidiary of the notes shall provide by its terms that it (and all Liens securing the same) shall be automatically and unconditionally released and discharged upon (i) any sale, exchange or transfer, to any Person not an Affiliate of the Company, of all of the Company's Capital Stock in, or all or substantially all the assets of, such Restricted Subsidiary, which transaction is in compliance with the terms of the Indenture and pursuant to which transaction such Subsidiary is released from all guarantees, if any, by it of other Indebtedness of the Company or any Restricted Subsidiaries or (ii) the release by the holders of the Indebtedness of the Company of their security interest or their guarantee by such Restricted Subsidiary (including any deemed release upon payment in full of all obligations under such Indebtedness), at such time as (A) no other Indebtedness of the Company has been secured or guaranteed by such Restricted Subsidiary, as the case may be, or (B) the holders of all such other Indebtedness which is secured or guaranteed by such Restricted Subsidiary also release their security interest in or guarantee by such Restricted Subsidiary (including any deemed release upon payment in full of all obligations under such Indebtedness).

*Limitation on Subsidiary Preferred Stock.* The Company will not permit:

- (a) any Restricted Subsidiary of the Company to issue, sell or transfer any Preferred Stock, except for (i) Preferred Stock issued or sold to, held by or transferred to the Company or a Wholly Owned Restricted Subsidiary and (ii) Preferred Stock issued by a Person prior to the time
  - (A) such Person becomes a Restricted Subsidiary,
  - (B) such Person merges with or into a Restricted Subsidiary or
  - (C) a Restricted Subsidiary merges with or into such Person;

*provided* that such Preferred Stock was not issued or incurred by such Person in anticipation of the type of transaction contemplated by subclause (A), (B) or (C) or

- (b) any Person (other than the Company or a Wholly Owned Restricted Subsidiary) to acquire Preferred Stock of any Restricted Subsidiary from the Company or any Restricted Subsidiary, except, in the case of clause (a) or (b), or upon the acquisition of all the outstanding Capital Stock of such Restricted Subsidiary in accordance with the terms of the Indenture.

*Limitation on Dividends and Other Payment Restrictions Affecting Subsidiaries.* The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to

- (i) pay dividends or make any other distribution on its Capital Stock or any other interest or participation in or measured by its profits,
- (ii) pay any Indebtedness owed to the Company or any other Restricted Subsidiary,

- (iii) make any Investment in the Company or any other Restricted Subsidiary or
- (iv) transfer any of its properties or assets to the Company or any other Restricted Subsidiary,

except for:

- a. any encumbrance or restriction pursuant to an agreement in effect on the Issue Date;
- b. any encumbrance or restriction, with respect to a Restricted Subsidiary that was not a Restricted Subsidiary of the Company on the Issue Date, in existence at the time such Person becomes a Restricted Subsidiary of the Company and not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary, *provided* that such encumbrances and restrictions are not applicable to the Company or any Restricted Subsidiary or the properties or assets of the Company or any Restricted Subsidiary other than such Subsidiary which is becoming a Restricted Subsidiary;
- c. customary provisions contained in an agreement that has been entered into for the sale or other disposition of all or substantially all of the Capital Stock or assets of a Restricted Subsidiary; *provided however* that the restrictions are applicable only to such Restricted Subsidiary or assets;

- d. any encumbrance or restriction existing under or by reason of applicable law or any requirement of any regulatory body;
- e. customary provisions restricting subletting or assignment of any lease governing any leasehold interest of any Restricted Subsidiary;
- f. covenants in franchise agreements with Manufacturers customary for franchise agreements in the automobile retailing industry;
- g. any encumbrance or restriction contained in any Purchase Money Obligations for property to the extent such restriction or encumbrance restricts the transfer of such property;
- h. any encumbrances or restrictions in security agreements securing Indebtedness (other than Subordinated Indebtedness) of a Securing Guarantor (including any Credit Facility or any Inventory Facility) (to the extent that such Liens are otherwise incurred in accordance with *Limitation on Liens* ) that restrict the transfer of property subject to such agreements, provided that any such encumbrance or restriction is released to the extent the underlying Lien is released or the related Indebtedness is repaid;
- i. covenants in Inventory Facilities customary for inventory and floor plan financing in the automobile retailing industry;
- j. any encumbrance related to assets acquired by or merged into or consolidated with the Company or any Restricted Subsidiary so long as such encumbrance was not entered into in contemplation of the acquisition, merger or consolidation transaction;
- k. customary non-assignment provisions contained in (a) any lease governing a leasehold interest or (b) any supply, license or other agreement entered into in the ordinary course of business of the Company or any of its Restricted Subsidiaries;
- l. Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption *Limitations on Liens* that limit the right of the debtor to dispose of the assets subject to such Liens;
- m. restrictions on cash or other deposits or net worth imposed by customers or vendors under contracts entered into in the ordinary course of business;
- n. restrictions contained in any other indenture or instrument governing debt or preferred securities that are not materially more restrictive, taken as a whole, than those contained in the Indenture governing the notes;
- o. any encumbrance or restriction existing under any agreement that extends, renews, refinances or replaces the agreements containing the encumbrances or restrictions in the foregoing clauses (a), (b), (j) or in this clause (o), *provided* that the terms and conditions of any such encumbrances or restrictions are no more restrictive in any material respect than those under or pursuant to the agreement evidencing the Indebtedness so extended, renewed, refinanced or replaced; and
- p. any encumbrance or restriction contained in the Security Documents.

*Limitation on Unrestricted Subsidiaries.* The Company may designate after the Issue Date any Subsidiary as an *Unrestricted Subsidiary* under the Indenture (a *Designation* ) only if:

- (a) no Default shall have occurred and be continuing at the time of or after giving effect to such Designation;

Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

- (b) the Company would be permitted to make an Investment (other than a Permitted Investment) at the time of Designation (assuming the effectiveness of such Designation) pursuant to the first paragraph of *Limitation on Restricted Payments* above in an amount (the Designation Amount ) equal to the greater of (1) the net book value of the Company's interest in such Subsidiary calculated in accordance with GAAP or (2) the Fair Market Value of the Company's interest in such Subsidiary as determined in good faith by the Company's board of directors;
- (c) the Company would be permitted under the Indenture to incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the covenant described under *Limitation on Indebtedness* at the time of such Designation (assuming the effectiveness of such Designation);
- (d) such Unrestricted Subsidiary does not own any Capital Stock in any Restricted Subsidiary of the Company which is not simultaneously being designated an Unrestricted Subsidiary;

- (e) such Unrestricted Subsidiary is not liable, directly or indirectly, with respect to any Indebtedness other than Unrestricted Subsidiary Indebtedness, *provided* that an Unrestricted Subsidiary may provide a Guarantee for the notes; and
- (f) such Unrestricted Subsidiary is not a party to any agreement, contract, arrangement or understanding at such time with the Company or any Restricted Subsidiary unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to the Company or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of the Company or, in the event such condition is not satisfied, the value of such agreement, contract, arrangement or understanding to such Unrestricted Subsidiary shall be deemed a Restricted Payment.

In the event of any such Designation, the Company shall be deemed to have made an Investment constituting a Restricted Payment pursuant to the covenant *Limitation on Restricted Payments* for all purposes of the Indenture in the Designation Amount.

The Indenture also provides that the Company shall not and shall not cause or permit any Restricted Subsidiary to at any time (x) provide credit support for, or subject any of its property or assets, other than the Capital Stock of any Unrestricted Subsidiary, to the satisfaction of, any Indebtedness of any Unrestricted Subsidiary, including any undertaking, agreement or instrument evidencing such Indebtedness, (other than Permitted Investments in Unrestricted Subsidiaries) or (y) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary. For purposes of the foregoing, the Designation of a Subsidiary of the Company as an Unrestricted Subsidiary shall be deemed to be the Designation of all of the Subsidiaries of such Subsidiary.

The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a *Revocation* ) if:

- (a) no Default shall have occurred and be continuing at the time of and after giving effect to such Revocation;
- (b) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if incurred at such time, have been permitted to be incurred for all purposes of the Indenture; and
- (c) unless such redesignated Subsidiary shall not have any Indebtedness outstanding (other than Indebtedness that would be Permitted Indebtedness), immediately after giving effect to such proposed Revocation, and after giving pro forma effect to the incurrence of any such Indebtedness of such redesignated Subsidiary as if such Indebtedness was incurred on the date of the Revocation, the Company could incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the covenant described under *Limitation on Indebtedness*.

All Designations and Revocations must be evidenced by a resolution of the board of directors of the Company delivered to the Trustee certifying compliance with the foregoing provisions.

If a Restricted Subsidiary becomes an Unrestricted Subsidiary, its guarantee will be automatically released and all collateral which it has pledged will be automatically released.

*Permitted Exchange Note Modifications to the Indenture.* (i) With respect to any covenant in the Permitted Exchange Notes that the Company reasonably believes is more stringent in any material respect than the notes, without the consent of any holder of notes, the Company may amend the Indenture to make the covenant corresponding to such Exchange Note covenant at least as stringent as the Permitted Exchange Note covenant or incorporate such additional Permitted Exchange Note covenant into the Indenture, provided that the holders of a majority of the notes may, at their option, refuse such amendment or incorporation by notifying the Company and the Trustee of such refusal, and (ii) the

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

holders of a majority of the notes may, at their option by notice to the Company and the Trustee, amend the Indenture to make any covenant corresponding to a Permitted Exchange Note covenant at least as stringent as the Permitted Exchange Note covenant or incorporate such additional Permitted Exchange Note covenant into the Indenture; *provided* that, notwithstanding the foregoing, neither the Company nor the holders of the notes may make any such amendment that would result in the trustee or the holders of the notes being in violation of the Intercreditor Agreement. If the Company issues the Permitted Exchange Notes, the holders of the notes hereby agree that the Trustee shall and without consent of the holders of the notes, upon request of the Company, enter into an amendment to the Intercreditor Agreement to provide for the priority status of the Liens under the Permitted Exchange Notes on customary terms for Liens securing Indebtedness by a junior priority Lien to a second priority Lien.

*Provision of Financial Statements.* Whether or not the Company is subject to Section 13(a) or 15(d) of the Exchange Act, the Company and each Guarantor (to the extent such Guarantor would be required if subject to Section 13(a) or 15(d) of the Exchange Act) will, to the extent permitted under the Exchange Act, file with the Commission the annual reports, quarterly reports and other documents which the Company and such Guarantor would have been required to file with the Commission pursuant to Sections 13(a) or 15(d) if the Company or such Guarantor were so subject. The documents are to be filed with the Commission on or prior to the date (the Required Filing Date) by which the Company and such Guarantor would have been required so to file such documents if the Company and such Guarantor were so subject. The Company will also in any event within 15 days of each Required Filing Date

- (i) transmit by mail to all holders, as their names and addresses appear in the security register, without cost to such holders; and
- (ii) file with the Trustee

copies of the annual reports, quarterly reports and other documents which the Company and such Guarantor would have been required to file with the Commission pursuant to Sections 13(a) or 15(d) of the Exchange Act if the Company and such Guarantor were subject to either of such Sections.

*Statement by Officers as to Default.* (a) The Company will deliver to the Trustee, on or before a date not more than 120 days after the end of each fiscal year of the Company ending after the date hereof, and 60 days after the end of each fiscal quarter ending after the date hereof, a written statement signed by two executive officers of the Company and the Guarantors, one of whom shall be the principal executive officer, principal financial officer or principal accounting officer of the Company and the Guarantors, as to compliance herewith, including whether or not, after a review of the activities of the Company during such year and of the Company's and each Guarantor's performance under the Indenture, to the best knowledge, based on such review, of the signers thereof, the Company and each Guarantor have fulfilled all of their respective obligations and are in compliance with all conditions and covenants under this Indenture throughout such year and, if there has been a Default specifying each Default and the nature and status thereof and any actions being taken by the Company with respect thereto.

(b) When any Default or Event of Default has occurred and is continuing, or if the Trustee or any holder or the trustee for or the holder of any other evidence of Indebtedness of the Company or any Subsidiary gives any notice or takes any other action with respect to a claimed default, the Company shall deliver to the Trustee by registered or certified mail or facsimile transmission, followed by an originally executed copy, an officers' certificate specifying such Default, Event of Default, notice or other action, the status thereof and what actions the Company is taking or proposes to take with respect thereto, within five business days after the Company becomes aware of the occurrence of such Default or Event of Default.

*Waiver of Certain Covenants.* The Company may omit in any particular instance to comply with any covenant or condition set forth in under Certain Covenants, if, before or after the time for such compliance, the holders of not less than a majority in aggregate principal amount of the notes at the time outstanding shall, by act of such holders, waive such compliance in such instance with such covenant or provision, but no such waiver shall extend to or affect such covenant or condition except to the extent so expressly waived, and, until such waiver shall become effective, the obligations of the Company and the duties of the Trustee in respect of any such covenant or condition shall remain in full force and effect; *provided* that any waiver that would adversely affect the Series B notes in any material respect without similarly adversely affecting the Series A notes shall require the consent of the holders of at least a majority in aggregate principal amount of the outstanding Series B notes.

*Additional Covenants.* The Indenture also contains covenants with respect to the following matters:

- i. payment of principal, premium and interest;

Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

- ii. maintenance of an office or agency in The City of New York;
- iii. arrangements regarding the handling of money held in trust;
- iv. maintenance of corporate existence;
- v. payment of taxes and other claims;
- vi. maintenance of properties;
- vii. maintenance of Collateral; and
- viii. maintenance of insurance.

### Redemption of Notes at Our Option

We may redeem the notes in whole or from time to time in part, on at least 30 days , and no more than 60 days , notice at the following redemption prices expressed as percentages of the principal amount of the notes to be redeemed:

PERIOD	REDEMPTION PRICE
Beginning on the Issue Date and ending on April 30, 2010	100.00%
Beginning on May 1, 2010 and ending on April 30, 2011	106.00%
Beginning on May 1, 2011 and thereafter	112.00%

In each case, we will pay accrued and unpaid interest to, but excluding, the redemption date. If the redemption date is an interest payment date, interest will be paid to the record holder on the relevant record date. If fewer than all of the notes are to be redeemed, the trustee will select the notes to be redeemed by lot, or in its discretion, on a pro rata basis. If any note is to be redeemed in part only, a new note in principal amount equal to the unredeemed principal portion will be issued. If a portion of your notes is selected for partial redemption and you convert a portion of your notes, the converted portion will be deemed to be of the portion selected for redemption. For the avoidance of doubt, the redemption prices set forth in the above chart shall not apply to any payment of the principal of any note at its maturity or upon acceleration, conversion, mandatory redemption or required repurchase pursuant to Conversion Rights, Repurchase of Notes by Us at Option of Holder, Change in Control Requires Purchase of Notes by Us at the Option of the Holder or otherwise.

### Repurchase of Notes by Us at Option of Holder

If the Company is not able to consummate a transaction with holders of at least 85% of the aggregate principal amount of 4.25% Convertible Senior Subordinated Notes outstanding as of the Issue Date pursuant to amendment, waiver, extension, substitution, repurchase, redemption, defeasance, retirement, refinancing, acquisition for value or otherwise prior to August 25, 2010 to extend or waive such holders' right to require the Company to purchase such notes on November 30, 2010 to a date that is at least 91 days after Maturity and the Company has not withdrawn the notice required below, on August 25, 2010 (the repurchase date ), the Company agrees to make an offer to repurchase all outstanding notes for cash that a holder has properly delivered and not withdrawn a written repurchase notice. The repurchase price will equal 100% of the principal amount of the notes to be repurchased plus accrued and unpaid interest to, but not including, the repurchase date. If the repurchase date is on a date that is after a record date and on or prior to the corresponding interest payment date, we will pay such interest to the holder of record on the corresponding record date, which may or may not be the same person to whom we will pay the purchase price.

In connection with any offer to repurchase the notes, we will notify the holders of notes, such notice to be received by the holders not less than 20 business days prior to the repurchase date, of their repurchase right, the repurchase price, the repurchase date and the repurchase procedures. We shall have the right to withdraw the notice (without the consent of any holder) if the Company is able to secure such extension or waiver for at least 85% of the 4.25% Convertible Senior Subordinated Notes after such notice is sent, whether or not before August 25, 2010, at which time our obligations to repurchase the notes under this provision shall cease.

If a repurchase right exists, a holder may submit a repurchase notice to the paying agent (which will initially be the trustee) at any time from the opening of business on the date that is 20 business days prior to the repurchase date until the close of business on the repurchase date. Such notice will be deemed null and void if the Company is permitted to withdraw the notice pursuant to the prior paragraph. Any repurchase notice given by a holder electing to require us to repurchase notes must state:

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

if certificated notes have been issued, the certificate numbers of the holders' notes to be delivered for repurchase (or, if the notes are not issued in certificated form, the notice of repurchase must comply with appropriate DTC procedures);

the portion of the principal amount of notes to be repurchased, which must be \$1,000 or an integral multiple of \$1,000; and

that the notes are to be repurchased by us pursuant to the applicable provisions of the notes and the Indenture.

A holder may withdraw its repurchase notice by delivering a written notice of withdrawal to the paying agent prior to the close of business on the repurchase date. The notice of withdrawal shall state:

the principal amount of notes being withdrawn;

if certificated notes have been issued, the certificate numbers of the notes being withdrawn (or, if the notes are not issued in definitive form, the notice of withdrawal must comply with appropriate DTC procedures); and

the principal amount of the notes, if any, that remain subject to the repurchase notice.

In connection with any repurchase, we will, to the extent applicable:

comply with the provisions of Rule 13e-4, Rule 14e-1 and any other tender offer rules under the Exchange Act, which may then be applicable; and

file Schedule TO or any other required schedule under the Exchange Act.

Our obligation to pay the repurchase price for notes for which a repurchase notice has been delivered and not validly withdrawn is conditioned upon the holder effecting book-entry transfer of the notes or delivering certificated notes, together with necessary endorsements, to the paying agent at any time after delivery of the repurchase notice. We will cause the repurchase price for the notes to be paid promptly following the later of the business day following the repurchase date and the time of book-entry transfer or delivery of certificated notes, together with such endorsements.

If the paying agent holds money sufficient to pay the repurchase price of the notes for which a repurchase notice has been delivered and not validly withdrawn in accordance with the terms of the Indenture, then, immediately after the repurchase date, the notes will cease to be outstanding and interest on the notes will cease to accrue, whether or not the notes are transferred by book entry or delivered to the paying agent. Thereafter, all of the holder's other rights shall terminate, other than the right to receive the repurchase price upon book-entry transfer of the notes or delivery of the notes.

#### **Change in Control Requires Purchase of Notes by Us at the Option of the Holder**

In the event of a Change in Control, each holder will have the right, at the holder's option, subject to the terms and conditions of the Indenture, to require us to purchase for cash all or any portion of the holder's notes. However, the principal amount at maturity submitted for purchase by a holder must be \$1,000 or an integral multiple of \$1,000.

We will be required to purchase the notes as of a date no later than 30 business days after the occurrence of such Change in Control at a cash price equal to 100% of the principal amount of the notes to be purchased plus accrued and unpaid cash interest, if any, on such note to, but excluding, such date of purchase.

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

Within 30 days after the occurrence of a Change in Control, we are obligated to mail to the trustee and to all holders of notes at their addresses shown in the register of the registrar and to beneficial owners as required by applicable law a notice regarding the Change in Control, which notice shall state, among other things:

the events causing a Change in Control;

the date of such Change in Control;

the last date on which the purchase right may be exercised;

the Change in Control purchase price;

the Change in Control purchase date;

the name and address of the paying agent and the conversion agent;

the conversion rate and any adjustments to the conversion rate resulting from such Change in Control;

that notes with respect to which a Change in Control purchase notice is given by the holder may be converted only if the Change in Control purchase notice has been withdrawn in accordance with the terms of the Indenture; and

the procedures that holders must follow to exercise these rights.

To exercise this right, the holder must deliver a written notice to the paying agent prior to the close of business on the business day prior to the Change in Control purchase date. The required purchase notice upon a Change in Control shall state:

if certificated notes have been issued, the certificate numbers of the notes to be delivered by the holder;

the portion of the principal amount at maturity of notes to be purchased, which portion must be \$1,000 or an integral multiple of \$1,000; and

that we are to purchase such notes pursuant to the applicable provisions of the notes.

Any such Change in Control purchase notice may be withdrawn by the holder by a written notice of withdrawal delivered to the paying agent prior to the close of business on the business day prior to the Change in Control purchase date.

The notice of withdrawal shall state:

the name of the holder;

if certificated notes have been issued, the certificate number of the note in respect of which such notice of withdrawal is being submitted;

the principal amount of the note (which shall be \$1,000 or an integral multiple of \$1,000) delivered for purchase by the holder as to which such notice of withdrawal is being submitted;

a statement that such holder is withdrawing his election to have such principal amount of such note purchased; and

the principal amount, if any, of such note (which shall be \$1,000 or an integral multiple of \$1,000) that remains subject to the original Change in Control purchase notice and that has been or will be delivered for purchase by us.

Payment of the Change in Control purchase price for a note for which a Change in Control purchase notice has been delivered and not validly withdrawn is conditioned upon delivery of the note (or book-entry transfer), together with necessary endorsements, to the paying agent at any time prior to or on the Change in Control purchase date. Payment of this Change in Control purchase price for such note will be made promptly following the later of the Change in Control purchase date or the satisfaction of such conditions.

If the paying agent holds money sufficient to pay the Change in Control purchase price of the note on the business day following the Change in Control purchase date in accordance with the terms of the Indenture, then immediately after the Change in Control purchase date, interest on the note will cease to accrue, whether or not the note is delivered to the paying agent. Thereafter, all other rights of the holder shall terminate, other than the right to receive the Change in Control purchase price upon delivery of the note.

The Indenture does not permit our board of directors to waive our obligation to purchase notes at the option of holders in the event of a Change in Control.

In connection with any purchase offer in the event of a Change in Control, we will:

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

comply with the provisions of Rule 13e-4, Rule 14e-1 and any other tender offer rules under the Exchange Act which may then be applicable; and

file Schedule TO or any other required schedule under the Exchange Act.

The Change in Control purchase feature of the notes may, in certain circumstances, make more difficult or discourage a takeover of Sonic. The Change in Control purchase feature, however, is not the result of our knowledge of any specific effort:

to accumulate shares of our Class A common stock;

to obtain control of us by means of a merger, tender offer, solicitation or otherwise; or

part of a plan by management to adopt a series of anti-takeover provisions.

Instead, the Change in Control purchase feature is a standard term contained in other offerings of securities similar to the notes.

### *Stipulations*

In the event of a Change in Control, there can be no assurance that we will have available funds sufficient or be able to obtain financing to pay the Change in Control purchase price for all or any of the notes that might be delivered by holders of the notes seeking to accept the Change in Control offer. See *Ranking of Notes*. The failure of the Company to make or consummate the Change in Control offer or pay the Change in Control purchase price when due will give the trustee and the holders of the notes the rights described under *Events of Default; Waiver and Notice*.

In addition to the obligations of the Company under the Indenture with respect to the notes in the event of a Change in Control, all of the Company's Indebtedness under our Revolving Credit Facility, Floor Plan Credit Facilities, Outstanding Notes and certain Mortgage Loans also contain an event of default upon a Change in Control as defined therein which obligates the Company to repay amounts outstanding under such indebtedness upon an acceleration of the Indebtedness issued thereunder. In addition, a Change in Control could result in a termination or nonrenewal of one or more of the Company's franchise agreements or its agreements with the Manufacturers.

The term "all or substantially all" as used in the definition of "Change in Control" has not been interpreted under New York law, the governing law of the Indenture, to represent a specific quantitative test. As a consequence, in the event the holders of the notes elected to exercise their rights under the Indenture and the Company elected to contest such election, there could be no assurance as to how a court interpreting New York law would interpret the phrase.

The provisions of the Indenture do not afford holders of the notes the right to require the Company to repurchase the notes in the event of a highly leveraged transaction or certain transactions with the Company's management or its Affiliates, including a reorganization, restructuring, merger or similar transaction (including, in certain circumstances, an acquisition of the Company by management or its Affiliates) involving the Company that may adversely affect holders of the notes, unless such transaction is a transaction defined as a Change in Control. A transaction involving the Company's management or its Affiliates, or a transaction involving a recapitalization of the Company, will result in a Change in Control only if it is the type of transaction specified by such definition.

We could, in the future, enter into certain transactions, including certain recapitalizations, that would not constitute a Change in Control with respect to the Change in Control purchase feature of the notes but that would increase the amount of our (or our subsidiaries') outstanding indebtedness.

### **Consolidation, Merger, Sale or Conveyance**

#### *The Company*

The Company will not, in a single transaction or through a series of related transactions, (1) consolidate with or merge with or into any other Person; (2) sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets to any Person or group of Persons; or (3) permit any of its Restricted Subsidiaries to enter into any such transaction or series of related transactions if such transaction or series of related transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a Consolidated basis to any other Person or group of Persons, unless at the time and after giving effect thereto:

- (i) either (a) the Company will be the continuing corporation (in the case of a consolidation or merger involving the Company) or (b) the Person (if other than the Company) formed by such consolidation or into which the Company is merged or the Person which acquires by sale, assignment, conveyance, transfer, lease or disposition all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a Consolidated basis (the "Surviving Entity") will be a corporation, partnership, limited liability company, trust or other entity duly organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and such Person expressly assumes, by a supplemental indenture, in a form reasonably satisfactory to the trustee, all the obligations of the Company under the notes, the Indenture and the Registration Rights Agreement, as the case may be, and the notes, the Indenture and the Registration Rights Agreement (to the extent any obligations remain under the Registration Rights Agreement) will remain in full force and effect as so supplemented;

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

- (ii) immediately before and immediately after giving effect to such transaction on a *pro forma* basis (and treating any Indebtedness not previously an obligation of the Company or any of its Restricted Subsidiaries which becomes the obligation of the Company or any of its Restricted Subsidiaries as a result of such transaction as having been incurred at the time of such transaction), no Default or Event of Default will have occurred and be continuing;
  
- (iii) immediately before and immediately after giving effect to such transaction on a pro forma basis (on the assumption that the transaction occurred on the first day of the four-quarter period for which financial statements are available ending immediately prior to the consummation of such transaction with the appropriate adjustments with respect to the transaction being included in such pro forma calculation), the Company (or the

Surviving Entity if the Company is not the continuing obligor under the Indenture) could incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) under the provisions of *Certain Covenants Limitation on Indebtedness*;

- (iv) at the time of the transaction, each Guarantor, if any, unless it is the other party to the transactions described above, will have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Indenture and under the notes;
- (v) at the time of the transaction if any of the property or assets of the Company or any of its Restricted Subsidiaries would thereupon become subject to any Lien, the provisions of *Certain Covenants Limitation on Liens* are complied with; and
- (vi) at the time of the transaction the Company or the Surviving Entity will have delivered, or caused to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers' certificate and an opinion of counsel, each to the effect that such consolidation, merger, transfer, sale, assignment, conveyance, transfer, lease or other transaction and the supplemental indenture in respect thereof comply with the Indenture and that all conditions precedent therein provided for relating to such transaction have been complied with.

#### *The Guarantors*

Each Guarantor will not, and the Company will not permit a Guarantor to, in a single transaction or through a series of related transactions, (1) consolidate with or merge with or into any other Person (other than the Company or any Guarantor); (2) sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets on a Consolidated basis to any Person or group of Persons (other than the Company or any Guarantor); or (3) permit any of its Restricted Subsidiaries to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Guarantor and its Restricted Subsidiaries on a Consolidated basis to any other Person or group of Persons (other than the Company or any Guarantor), unless at the time and after giving effect thereto:

- (i) either (a) the Guarantor will be the continuing entity, in the case of a consolidation or merger involving the Guarantor or (b) the Person (if other than the Guarantor) formed by such consolidation or into which such Guarantor is merged or the Person which acquires by sale, assignment, conveyance, transfer, lease or disposition all or substantially all of the properties and assets of the Guarantor and its Restricted Subsidiaries on a Consolidated basis (the *Surviving Guarantor Entity*) is duly organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and such Person expressly assumes, by a supplemental indenture, in a form reasonably satisfactory to the Trustee, all the obligations of such Guarantor under its Guarantee of the notes, the Indenture and the Registration Rights Agreement and such Guarantee, Indenture and Registration Rights Agreement (to the extent any obligations remain under the Registration Rights Agreement) will remain in full force and effect;
- (ii) immediately before and immediately after giving effect to such transaction on a pro forma basis, no Default or Event of Default will have occurred and be continuing; and
- (iii) at the time of the transaction such Guarantor or the Surviving Guarantor Entity will have delivered, or caused to be delivered, to the trustee, in form and substance reasonably satisfactory to the trustee, an officers' certificate and an opinion of counsel, each to the effect that such consolidation, merger, sale, assignment, conveyance, transfer, lease or other transaction and the supplemental indenture in respect thereof comply with the Indenture and that all conditions precedent therein provided for relating to such transaction have been complied with.

However, the foregoing limitations do not apply to any Guarantor whose Guarantee of the notes is unconditionally released and discharged in accordance with paragraph (b) under the provisions of *Certain Covenants Limitation on Issuances of Guarantees of and Pledges for Indebtedness*.

In the event of any transaction (other than a transfer by lease or a sale of substantially all of the assets of the Company or a Guarantor that results in the sale, assignment, conveyance, transfer or other disposition of assets constituting or accounting for less than 95% of the consolidated assets, revenues or Consolidated Net Income (Loss) of the Company or such Guarantor, as the case may be) described in and complying with the conditions listed in the two immediately preceding subsections in which the Company or any Guarantor, as the case may be, is not the continuing corporation, the successor Person formed or remaining or to which such transfer is made shall succeed to, and be substituted for, and may exercise

every right and power of, the Company or such Guarantor, as the case may be, under the Indenture, the notes and/or the related Guarantees, as the case may be, and the Company or any Guarantor, as the case may be, shall be discharged from all obligations and covenants under the Indenture and the notes or its Guarantee, as the case may be.

Nothing in this covenant shall prohibit a merger or consolidation of the Company or any of the Guarantors into an Affiliate organized in the United States solely for the purpose of changing the entity's jurisdiction of organization.

#### **Events of Default; Waiver and Notice**

An Event of Default will occur under the Indenture if:

(1) there shall be a default in the payment of any interest on any note when it becomes due and payable, and such default shall continue for a period of 30 days;

(2) there shall be a default in the payment of the principal of (or premium, if any, on) any note at its maturity (upon acceleration, conversion, optional or mandatory redemption if any, required repurchase or otherwise);

(3)(a) there shall be a default in the performance, or breach, of any other covenant or agreement of the Company or any Guarantor under the Indenture or any Guarantee (other than a default in the performance, or breach, of a covenant or agreement which is specifically dealt with in clause (1), (2) or in clause (b), (c), (d) or (e) of this clause (3)) and such default or breach shall continue for a period of 60 days after written notice has been given, by certified mail, (x) to the Company by the trustee or (y) to the Company and the trustee by the holders of at least 25% in aggregate principal amount of the outstanding notes;

(b) there shall be a default by the Company to deliver the settlement amount upon conversion of the notes, in accordance with the provisions described in Conversion Rights;

(c) there shall be a default in the performance or breach of the provisions described in Consolidation, Merger, Sale or Conveyance;

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

(4) one or more defaults, individually or in the aggregate, shall have occurred under any of the agreements, indentures or instruments under which the Company or any Restricted Subsidiary then has outstanding Indebtedness in excess of \$35.0 million in principal amount, individually or in the aggregate, and either (a) such default results from the failure to pay such Indebtedness at its stated final maturity or (b) such default or defaults resulted in the acceleration of the maturity of such Indebtedness;

(5) any Guarantee by a Significant Subsidiary or all Guarantees by a Significant Group of Subsidiaries shall for any reason cease to be, or shall for any reason be asserted in writing by such Significant Subsidiary, Significant Group of Subsidiaries or the Company not to be, in full force and effect and enforceable in accordance with its terms, except to the extent contemplated by the Indenture and any such Guarantee;

(6) one or more final judgments, orders or decrees (not subject to appeal) of any court or regulatory or administrative agency for the payment of money in excess of \$35.0 million, either individually or in the aggregate (exclusive of any portion of any such payment covered by insurance, if and to the extent the insurer has acknowledged in writing its liability therefor), shall be rendered against the Company, any Guarantor or any Restricted Subsidiary or any of their respective properties and shall not be discharged or fully bonded and there shall have been a period of 60 consecutive days during which a stay of enforcement of such judgment or order, by reason of an appeal or otherwise, shall not be in effect;

(7) any holder or holders of at least \$35.0 million in aggregate principal amount of Indebtedness of the Company or any of its Subsidiaries after a default under such Indebtedness shall notify the trustee of the intended sale or disposition of any assets of the Company or any Subsidiary that have been pledged to or for the benefit of such holder or holders to secure such Indebtedness or shall commence proceedings, or take any action, including by way of set-off, to retain in satisfaction of such Indebtedness or to collect on, seize, dispose of or apply in satisfaction of Indebtedness, assets of the Company or any of its

Subsidiaries, including funds on deposit or held pursuant to lock-box and other similar arrangements, unless such default is cured, rescinded or waived within 10 days after written notice to us from the trustee or the holders of at least 25% in principal amount of the then outstanding notes has been received by the company, and which default (a) results from the failure to pay such Indebtedness at its stated final maturity or (b) resulted in the acceleration of the maturity of such Indebtedness;

(8) there shall have been the entry by a court of competent jurisdiction of (a) a decree or order for relief in respect of the Company, any Significant Subsidiary or Significant Group of Subsidiaries in an involuntary case or proceeding under any applicable Bankruptcy Law or (b) a decree or order:

- (i) adjudging the Company, any Significant Subsidiary or each Guarantor of such Significant Group of Subsidiaries bankrupt or insolvent;

- (iii) appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Company or any Significant Subsidiary or of any substantial part of their respective properties or each Guarantor in such Significant Group of Subsidiaries or of any substantial part of the properties of such Significant Group of Subsidiaries; or

Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

(iii) admits in writing its inability to pay its debts generally as they become due; or

(e) the Company, any Significant Subsidiary or a Significant Group of Subsidiaries takes any corporate action in furtherance of any such actions in this paragraph (9); or

(10) the Company fails to obtain shareholder approval for the issuance of the full number of Class A shares issuable upon conversion of the Series A notes pursuant to the provisions set forth under Conversion Rights at a \$4.00 per share conversion price in accordance with the requirements of Rule 312.03 of the NYSE Listed Company Manual by the 90th day after the Issue Date; *provided, however*, that if the Commission has notified the Company that it is reviewing the preliminary proxy statement filed with the Commission in connection with such shareholder approval and such notice, if in writing, has been provided to the trustee, no Event of Default shall be deemed to have occurred so long as the Company is using its reasonable best efforts to cooperate with the Commission and obtain shareholder approval as promptly as reasonably practicable, which may be after such 90th day (copies of all correspondence with the Commission in connection with the Commission's review of the preliminary proxy statement shall be provided to the trustee); *provided*, further that if the

Company is enjoined or otherwise prevented pursuant to a judgment, order, writ or decree of any court from holding a meeting of the stockholders to obtain shareholder approval, and such judgment, order, writ or decree has been provided to the trustee, no Event of Default shall be deemed to have occurred so long as the Company is using its reasonable best efforts to vacate such judgment, order, writ or decree and obtain shareholder approval as promptly as reasonably practicable, which may be after such 90th day.

*Result of Events of Default*

If an Event of Default (other than as specified in clauses (8), (9) and (10) of the prior paragraph) shall occur and be continuing with respect to the Indenture, the trustee or the holders of not less than 25% in aggregate principal amount of the notes then outstanding may, and the trustee at the request of such holders shall, declare all unpaid principal of, premium, if any, and accrued interest on all notes to be due and payable immediately, by a notice in writing to the Company (and to the trustee if given by the holders of the notes). Upon any such declaration, such principal, premium, if any, and interest shall become due and payable immediately. If an Event of Default specified in clause (8), (9) or (10) of the prior paragraph occurs and is continuing, then all the notes shall *ipso facto* become and be due and payable immediately in an amount equal to the principal amount of the notes, together with accrued and unpaid interest, if any, to the date the notes become due and payable, without any declaration or other act on the part of the trustee or any holder. Thereupon, the trustee may, at its discretion, proceed to protect and enforce the rights of the holders of notes by appropriate judicial proceedings.

After a declaration of acceleration, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in aggregate principal amount of notes outstanding by written notice to the Company and the trustee, may rescind and annul such declaration and its consequences if:

- (a) the Company has paid or deposited with the trustee a sum sufficient to pay
  - (i) all sums paid or advanced by the trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel;
  - (ii) all overdue interest on all notes then outstanding;
  - (iii) the principal of and premium, if any, on any notes then outstanding which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the notes; and
  - (iv) to the extent that payment of such interest is lawful, interest upon overdue interest at the rate borne by the notes;
- (b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and
- (c) all Events of Default, other than the non-payment of principal of, premium, if any, and interest on the notes which have become due solely by such declaration of acceleration, have been cured or waived as provided in the Indenture. No such rescission shall affect any subsequent default or impair any right consequent thereon.

*Waiver of Default by Holders*

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

The holders of not less than a majority in aggregate principal amount of the notes outstanding may on behalf of the holders of all outstanding notes waive any existing or past default under the Indenture and its consequences, except a default (i) in the payment of the principal of, premium, if any, or interest on any note, which may only be waived with the consent of each holder of notes affected or (ii) in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each note affected by such modification or amendment; *provided* that any waiver that would adversely affect the Series B notes in any material respect without similarly adversely affecting the Series A notes shall require the consent of the holders of at least a majority in aggregate principal amount of the outstanding Series B notes.

### *Legal Rights of Holders*

No holder of any of the notes has any right to institute any proceedings with respect to the notes, the Indenture or any remedy thereunder, unless:

- (1) such holder has previously given written notice to the trustee of a continuing event of default;
- (2) the holders of at least 25% in aggregate principal amount of the outstanding notes have made written request, and offered reasonable indemnity, to the trustee to institute such proceeding as trustee under the notes and the Indenture;

- (3) the trustee has failed to institute such proceeding within 15 days after receipt of such notice; and
  
- (4) the trustee, within such 15-day period, has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding notes.

Such limitations do not, however, apply to a suit instituted by a holder of a note for the enforcement of the payment of the principal of, premium, if any, or interest on such note on or after the respective due dates expressed in such note.

#### *Notice to and Action of Trustees*

The Company is required to notify the trustee within five business days of the occurrence of any Default. The Company is required to deliver to the trustee, on or before a date not more than 60 days after the end of each fiscal quarter and not more than 120 days after the end of each fiscal year, a written statement as to compliance with the Indenture, including whether or not any Default has occurred. The trustee is under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the holders of the notes unless such holders offer to the trustee security or indemnity satisfactory to the trustee against the costs, expenses and liabilities which might be incurred thereby.

The Trust Indenture Act contains limitations on the rights of the trustee, should it become a creditor of the Company or any Guarantor, if any, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions, *provided* that if it acquires any conflicting interest it must eliminate such conflict upon the occurrence of an Event of Default or else resign.

#### **Modification of the Indenture**

The trustee, the Company and each Guarantor, if any, may modify or amend the Indenture, the Security Documents or the notes with the consent of the holders of not less than a majority in aggregate principal amount at maturity of the notes then outstanding; *provided* that any amendment of any provision of the Indenture or the modification of the rights and obligations of the Company and/or Guarantors that would adversely affect the Series B notes in any material respect without similarly adversely affecting the Series A notes shall require the consent of the holders of at least a majority in aggregate principal amount of the outstanding Series B notes. However, the consent of the holder of each outstanding note affected thereby or 75% of the holders of the notes affected thereby in the case of the last bullet point below would be required to:

alter the manner of calculation or rate of accrual of interest on any note or change the time of payment;

make any note payable in money or securities other than that stated in the note;

change the stated maturity of any note;

reduce the principal amount, redemption price or Change in Control purchase price with respect to any note;

Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

make any change that adversely affects the rights of a holder to convert any note;

increase the conversion price, except as allowed under the Indenture;

make any change that adversely affects the right to require us to purchase a note;

impair the right to institute suit for the enforcement of any payment with respect to the notes or with respect to conversion of the notes;

change the provisions in the Indenture that relate to modifying or amending the Indenture; and

release in whole the Second Priority Liens with respect to the notes and the Guarantees, with the consent of at least 75% of the outstanding notes, including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, the notes.

Without the consent of any holder of notes, the trustee, the Company and each Guarantor, if any, may enter into supplemental Indentures or amend, supplement or otherwise modify any Security Document for any of the following purposes:

to cure any ambiguity, omission, defect or inconsistency;

to comply with the provisions under Consolidation, Merger, Sale or Conveyance or a related provision of the Indenture;

as required or permitted under Certain Covenants *Permitted Exchange Note Modifications to the Indenture*;

to mortgage, pledge, hypothecate or grant a security interest in favor of the trustee for the benefit of the holders of the notes as additional security for the payment and performance of our obligations under the Indenture, in any property or assets, including any of which are required to be mortgaged, pledged or hypothecated, or in which a security interest is required to be granted to the trustee pursuant to the Indenture or otherwise;

to release Collateral as required or permitted by the Indenture, the Security Documents or the Intercreditor Agreement;

to release any Guarantor from its obligations under its Guarantee and the Indenture in accordance with the Indenture;

any required modifications to provide for the release or addition of Collateral to comply with the provisions of the Intercreditor Agreement; provided that no action shall be taken without the consent of the holders of the notes to the extent such action is not expressly permitted or provided for by the terms of the Intercreditor Agreement;

to add to the covenants of Sonic or any other obligor upon the notes for the benefit of the holders, or to surrender any right or power conferred upon us or any other obligor upon the notes, as applicable, herein, or in the notes;

to make any change to comply with the Trust Indenture Act, or any amendment thereto, or to comply with any requirement of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act;

to make any change that does not adversely affect the rights of any holders (it being understood that any amendment to cure any ambiguity, omission, defect or inconsistency made solely to conform the Indenture to this Description of Notes provided to investors in connection with the initial offering of the notes will be deemed not to adversely affect the rights or interests of holders);

to evidence the succession of another Person to Sonic, any Guarantor or any other obligor upon the notes, and the assumption by any such successor of the covenants of Sonic, any Guarantor or obligor herein and in the notes in accordance with the provisions of the Indenture under Consolidation, Merger, Sale or Conveyance;

to evidence and provide the acceptance of the appointment of a successor Trustee under the Indenture;

to decrease the conversion price in accordance with the provisions under Conversion Rights;

to make any change to make the notes able to be held in global form, which change does not materially adversely affect the rights of any holder under the Indenture; or

to make any change to make the Series B notes exchangeable for Series A notes, which such change does not adversely affect the rights of any Holder hereunder in any material respect.

The holders of a majority in principal amount of the notes then outstanding may, on behalf of all the holders of all notes:

waive compliance by us with restrictive provisions of the Indenture, as detailed in the Indenture; and

## Edgar Filing: SONIC AUTOMOTIVE INC - Form DEF 14A

waive any past default under the Indenture and its consequences, except a default in the payment of the principal amount at maturity, accrued and unpaid interest, redemption price or Change in Control purchase price or obligation to deliver Class A common stock or cash, in lieu thereof, upon conversion with respect to any note or in respect of any provision which under the Indenture cannot be modified or amended without the consent of the holder of each outstanding note affected.
