SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

WellPoint and its representatives may from time to time make written and oral forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (PSLRA), including statements in this report, in presentations, press releases, filings with the Securities and Exchange Commission, or SEC, and reports to shareholders and in meetings with analysts and investors. The projections referenced in this report are forward-looking and they are intended to be covered by the safe harbor for forward-looking statements provided by PSLRA. Words such as expect(s), feel(s), believe(s), will, may, anticipate(s), intend, estimate, project and similar expressions are used to identify forward-looking statements, which generally are not historical in nature. These statements include, but are not limited to, financial projections and estimates and their underlying assumptions; statements regarding plans, objectives and expectations with respect to future operations, products and services; and statements regarding future performance. Such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include: those discussed and identified in our public filings with the SEC; increased government participation in or regulation of health benefits, managed care and pharmacy benefit management operations; trends in health care costs and utilization rates; our ability to secure sufficient premium rate increases; our ability to contract with providers consistent with past practice; competitor pricing below market trends of increasing costs; reduced enrollment, as well as a negative change in our health care product mix; risks and uncertainties regarding the Medicare Part C and Part D Prescription Drug benefits programs, including those related to CMS sanctions, potential uncollectability of receivables resulting from processing and/or verifying enrollment (including facilitated enrollment), inadequacy of underwriting assumptions, inability to receive and process correct information, uncollectability of premium from members, increased medical or pharmaceutical costs, and the underlying seasonality of the business; a downgrade in our financial strength ratings; litigation and investigations targeted at health benefits companies and our ability to resolve litigation and investigations within estimates; our ability to meet expectations regarding repurchases of shares of our common stock; decreased revenues following the Express Scripts transaction; increased operating costs, customer loss and business disruption, including, without limitation, difficulties in maintaining relationships with employees, customers, clients or suppliers, that may be greater than expected following the Express Scripts transaction; our ability to consummate or realize the ultimate expected value of the Express Scripts transaction; the failure to receive regulatory approvals required for the Express Scripts transaction on the terms expected or on the anticipated schedule; our ability to meet expectations regarding the accounting and tax treatments of the Express Scripts transaction and the value of the Express Scripts transaction consideration; funding risks with respect to revenue received from participation in Medicare and Medicaid programs; non-compliance with the complex regulations imposed on Medicare and Medicaid programs; events that result in negative publicity for us or the health benefits industry; failure to effectively maintain and modernize our information systems and e-business organization and to maintain good relationships with third party vendors for information system resources; events that may negatively affect our license with the Blue Cross and Blue Shield Association; possible impairment of the value of our intangible assets if future results do not adequately support goodwill and other intangible assets; intense competition to attract and retain employees; unauthorized disclosure of member sensitive or confidential information; changes in the economic and

market conditions, as well as regulations that may negatively affect our investment portfolios and liquidity needs; possible restrictions in the payment of dividends by our subsidiaries and increases in required minimum levels of capital and the potential negative affect from our substantial amount of outstanding indebtedness; general risks associated with mergers and acquisitions; various laws and our governing documents may prevent or discourage takeovers and business combinations; future bio-terrorist activity or other potential public health epidemics; and general economic downturns. Readers are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof. Except to the extent otherwise required by federal securities law, we do not undertake any obligation to republish revised forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Readers are also urged to carefully review and consider the various disclosures in our SEC reports.
