Statements that include the words expect, intend, plan, believe, project, anticipate, will, may, similar statements of a future or forward-looking nature may be used to identify forward-looking statements. All forward-looking statements address matters that involve risks and uncertainties, many of which are beyond our control. Accordingly, there are or will be important factors that could cause actual results to differ materially from those indicated in such statements and, therefore, you should not place undue reliance on any such statements. We believe that these factors include, but are not limited to, the following:

STANDARD OPERATING FACTORS

Our ability to remain profitable in a very competitive marketplace is dependent upon our ability to attract and retain clients while maintaining our margins, to differentiate our products and services from others in the marketplace, and to develop and cross sell new products and services to our existing clients;

Our failure to anticipate and appropriately adapt to changes in the rapidly changing health care industry;

Changes in applicable laws or regulations, or their interpretation or enforcement, or the enactment of new laws or regulations, which apply to our business practices (past, present or future) or require us to spend significant resources in order to comply;

Changes to the healthcare industry designed to manage healthcare costs or alter healthcare financing practices;

Changes relating to our participation in Medicare Part D, the loss of Medicare Part D eligible members, or our failure to otherwise execute on our strategies related to Medicare Part D;

A failure in the security or stability of our technology infrastructure, or the infrastructure of one or more of our key vendors, or a significant failure or disruption in service within our operations or the operations of such vendors;

Our failure to effectively execute on strategic transactions, or to integrate or achieve anticipated benefits from any acquired businesses;

The termination, or an unfavorable modification, of our relationship with one or more key pharmacy providers, or significant changes within the pharmacy provider marketplace;

The termination, or an unfavorable modification, of our relationship with one or more key pharmaceutical manufacturers, or the significant reduction in payments made or discounts provided by pharmaceutical manufacturers;

Changes in industry pricing benchmarks;

Results in pending and future litigation or other proceedings which would subject us to significant monetary damages or penalties and/or require us to change our business practices, or the costs incurred in connection with such proceedings;

Our failure to execute on, or other issues arising under, certain key client contracts;

The impact of our debt service obligations on the availability of funds for other business purposes, and the terms and our required compliance with covenants relating to our indebtedness; our failure to attract and retain talented employees, or to manage succession and retention for our Chief Executive Officer or other key executives;

TRANSACTION-RELATED FACTORS

Uncertainty as to whether Express Scripts, Inc. (Express Scripts) will be able to consummate the mergers with Medco Health Solutions, Inc. (Medco) on the terms set forth in the merger agreement;

The ability to obtain governmental approvals of the mergers;

Edgar Filing: MEDCO HEALTH SOLUTIONS INC - Form 425

Uncertainty as to the market value of Express Scripts merger consideration to be paid and the stock component of the Medco merger consideration;

Failure to realize the anticipated benefits of the mergers, including as a result of a delay in completing the mergers or a delay or difficulty in integrating the businesses of Express Scripts and Medco;

Uncertainty as to the long-term value of Express Scripts Holding Company (currently known as Aristotle Holding, Inc.) common shares;

Limitation on the ability of Express Scripts and Express Scripts Holding Company to incur new debt in connection with the transaction;

The expected amount and timing of cost savings and operating synergies; and

Failure to receive the approval of the stockholders of either Express Scripts or Medco for the mergers.

The foregoing review of important factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included herein and elsewhere, including the risk factors included in Express Scripts' most recent reports on Form 10-K and Form 10-Q and the risk factors included in Medco's most recent reports on Form 10-K and Form 10-Q and other documents of
