**Item 8.01 Other Events.**

On June 12, 2012, Moody's Investors Service, Inc. announced the senior long-term, unsecured debt of Western Gas Partners, LP (the Partnership) as investment grade. The Partnership currently has an investment grade credit rating from Fitch, Inc.

With the Partnership's senior long-term, unsecured debt now being rated investment grade by two of the three major rating agencies, all conditions have been met for the release of the Partnership's guarantors from their guarantee obligations under the Partnership's \$800.0 million revolving credit facility.

As a result of the guarantee release conditions under the revolving credit facility having been met, each guarantor's guarantee was released effective today from and pursuant to the terms of the Indenture, dated as of May 18, 2011, by and among the Partnership, the subsidiary guarantors party thereto and Wells Fargo Bank, National Association, as trustee (the Trustee), relating to the Partnership's 5.375% senior notes due 2021 issued pursuant to the First Supplemental Indenture, dated as of May 18, 2011, by and among the Partnership, the subsidiary guarantors party thereto and the Trustee.

Further, upon release of the guarantors under the revolving credit facility, the Partnership is no longer required to comply with certain covenants under the facility, including the maintenance of an interest coverage ratio and adherence to covenants that limit, among other things, the Partnership's, and certain of the Partnership's subsidiaries', ability to dispose of assets and make certain investments or payments.
