MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the Information Circular) and accompanying form of proxy (the Proxy) are furnished in connection with the solicitation of proxies by or on behalf of management of North American Energy Partners Inc. (the Corporation , NAEP , our or we) for use at the annual and special meeting (the Meeting) of holders of common shares of the Corporation (the NAEP Shareholders) to be held at the head office of the Corporation at Zone 3, Acheson Industrial Area, 2 53016 Hwy 60, Acheson, Alberta on the 19th day of September, 2012, at 4:00 p.m. (Mountain Time), and at any adjournments thereof, for the purposes set forth in the accompanying notice of meeting, dated August 24, 2012 (the Notice of Meeting).

It is expected that the solicitation will be primarily by mail. Proxies may also be solicited personally by officers of the Corporation at nominal cost. The cost of this solicitation will be borne by the Corporation. The Corporation will provide, without cost to such persons, upon request to the Secretary of the Corporation, additional copies of the foregoing documents required for this purpose.

The Notice of Meeting, Proxy and this Information Circular will be mailed to NAEP Shareholders commencing on or about August 24, 2012. In this Information Circular, except where otherwise indicated, all dollar amounts are expressed in Canadian currency.

Our forward-looking information is information that is subject to known and unknown risks and other factors that may cause future actions, conditions or events to differ materially from the anticipated actions, conditions or events expressed or implied by such forward-looking information. Forward-looking information is information that does not relate strictly to historical or current facts, and can be identified by the use of the future tense or other forward-looking words such as believe , expect , anticipate , intend , plan , estimate , should , may , target , objective , projection , forecast , continue , strategy , position or the negative of those terms or other variations of them or other terminology.

forward-looking information. See risk factors highlighted in materials filed with the securities regulatory authorities in the United States and Canada, including, but not limited to, our most recent annual and interim management's discussion and analysis.

RECORD DATE

The record date (the **Record Date**) for determining which NAEP Shareholders shall be entitled to receive notice of and to vote at the Meeting is August 10, 2012. Only NAEP Shareholders of record as of the Record Date are entitled to receive notice of and to vote at the Meeting, unless after the Record Date such shareholder of record transfers its shares and the transferee (the **Transferee**), upon establishing that the Transferee owns such shares, requests in writing at least 10 days prior to the Meeting or any adjournments thereof that the Transferee may have his, her or its name included on the list of NAEP Shareholders entitled to vote at the Meeting, in which case the Transferee is entitled to vote such shares at the Meeting. Such written request by the Transferee shall be filed with Computershare Investor Services Inc., 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, together with a copy to the Secretary of the Corporation at Zone 3, Acheson Industrial Area, 253016 Hwy 60, Acheson, Alberta, T7X 5A7.

Under normal conditions, confidentiality of voting is maintained by virtue of the fact that the Corporation's transfer agent tabulates proxies and votes. However, such confidentiality may be lost as to any proxy or ballot if a question arises as to its validity or revocation or any other like matter. Loss of confidentiality may also occur if the Board of Directors decides that disclosure is in the interest of the Corporation or its shareholders.

APPOINTMENT OF PROXYHOLDERS

The persons named in the accompanying Proxy as proxyholders are representatives of management of NAEP. **Every NAEP Shareholder has the right to appoint a person or company to represent them at the Meeting other than the persons named in the accompanying Proxy. A NAEP Shareholder desiring to appoint some other person (who need not be a shareholder of NAEP) to represent him, her or it at the Meeting, may do so either by striking out the printed names and inserting the desired person's name in the blank space provided in the Proxy or by completing another proper proxy and, in either case, delivering the completed proxy to our transfer agent Computershare Investor Services Inc., (i) by mail using the enclosed return envelope or one addressed to Computershare Investor Services Inc., Proxy Department, 135 West Beaver Creek, P.O. Box 300, Richmond Hill, Ontario, L4B 4R5, or (ii) by hand delivery to Computershare Investor Services Inc., 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1. Alternatively, you may vote electronically by telephone (1-866-732-8683) or internet (www.investorvote.com) by following the instructions on the enclosed form of proxy. Your proxy or voting instructions must be received in each case no later than 10:00 a.m. (Eastern Time), on September 17th, 2012 and if the Meeting is adjourned, no later than 48 hours (excluding Saturdays and holidays) prior to the commencement of any adjournment thereof. A Proxy must be signed by a NAEP Shareholder or its attorney duly authorized in writing or, if a NAEP Shareholder is a corporation, by a duly authorized officer, attorney or other authorized signatory of the NAEP Shareholder. If a proxy is given by joint shareholders, it must be executed by all such joint shareholders.**

VOTING OF PROXIES

If a Proxy is completed, signed and delivered to the Corporation in the manner specified above, the persons named as proxyholders therein shall vote or withhold from voting the shares in respect of which they are appointed as proxyholders at the Meeting, in accordance with the instructions of the

Table of Contents

NAEP Shareholder appointing them, on any show of hands or any ballot that may be called for and, if the NAEP Shareholder specifies a choice with respect to any matter to be acted upon at the Meeting, the persons appointed as proxyholders shall vote in accordance with the specification so made. **In the absence of such specification, or if the specification is not certain, the shares represented by such Proxy will be voted in favour of the matters to be acted upon as specified in the Notice of Meeting.**

A Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and all other matters which may properly come before the Meeting or any adjournments thereof. As of the date of this Information Circular, the Board of Directors of the Corporation knows of no such amendments, variations or other matters to come before the Meeting, other than matters referred to in the Notice of Meeting. However, if amendments, variations or other matters should properly come before the Meeting, the Proxy will be voted on such amendments, variations and other matters in accordance with the best judgment of the person or persons voting such Proxy.

REVOCABILITY OF PROXY

Any NAEP Shareholder returning an enclosed Proxy may revoke the same at any time insofar as it has not been exercised. In addition to revocation in any other manner permitted by law, a Proxy may be revoked by instrument in writing executed by the NAEP Shareholder or by his, her or its attorney authorized in writing or, if the NAEP Shareholder is a corporation, by an officer or attorney thereof duly authorized, and deposited at the registered office of the Corporation to the attention of the Secretary of the Corporation, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or with the chairperson of the Meeting, prior to the commencement of the Meeting. A NAEP Shareholder attending the Meeting has the right to vote in person and, if he, she or it does so, his, her or its proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting or any adjournment thereof.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many NAEP Shareholders, as a substantial number of NAEP Shareholders do not hold common shares of the Corporation (NAEP Common Shares) in their own name, and thus are considered non-registered shareholders. NAEP Shareholders who do not hold their NAEP Common Shares in their own name (Beneficial Shareholders) should note that only Proxies deposited by NAEP Shareholders whose names appear on the records of the Corporation as the registered holders of NAEP Common Shares can be recognized and acted upon at the Meeting. If NAEP Common Shares are listed in an account statement provided to a NAEP Shareholder by a broker, then, in almost all cases, those NAEP Common Shares will not be registered in the NAEP Shareholder's name on the records of the Corporation. Such NAEP Common Shares will more likely be registered under the name of the NAEP Shareholder's broker or an agent of that broker or another similar entity (called an Intermediary). NAEP Common Shares held by an Intermediary can only be voted by the Intermediary (for, withheld or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting NAEP Common Shares.

Beneficial Shareholders should ensure that instructions respecting the voting of their NAEP Common Shares are communicated in a timely manner and in accordance with the instructions provided by their Intermediary. Applicable regulatory rules require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. **Every Intermediary**

Table of Contents

has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their NAEP Common Shares are voted at the Meeting.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting NAEP Common Shares registered in the name of their Intermediary, a Beneficial Shareholder may attend at the Meeting as proxyholder for the Intermediary and vote the NAEP Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their NAEP Common Shares as a proxyholder, should enter their own names in the blank space on the form of proxy provided to them by their Intermediary and timely return the same to their Intermediary in accordance with the instructions provided by their Intermediary, well in advance of the Meeting.**

NOTICE TO UNITED STATES SHAREHOLDERS

The solicitation of proxies by the Corporation is not subject to the requirements of Section 14(a) of the United States Securities Exchange Act of 1934, as amended (the US Exchange Act), by virtue of an exemption applicable to proxy solicitations by foreign private issuers as defined in Rule 3b-4 under the US Exchange Act. Accordingly, this Information Circular has been prepared in accordance with the applicable disclosure requirements in Canada. Residents of the United States should be aware that such requirements may be different than those of the United States applicable to proxy statements under the US Exchange Act.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

QUORUM

A quorum for the transaction of business at the Meeting shall consist of at least two persons holding or representing by proxy not less than twenty (20%) percent of the outstanding shares of the Corporation entitled to vote at the meeting.

If a quorum is not present at the opening of the Meeting, the NAEP Shareholders present may adjourn the meeting to a fixed time and place but may not transact any other business. If a meeting of shareholders is adjourned by one or more adjournments for an aggregate of less than 30 days it is not necessary to give notice of the adjourned meeting other than by announcement at the time of an adjournment. If a meeting of NAEP Shareholders is adjourned by one or more adjournments for an aggregate of more than 29 days and not more than 90 days, notice of the adjourned meeting shall be given as for an original meeting but the management of the Corporation shall not be required to send a form of proxy in the form prescribed by applicable law to each NAEP Shareholder who is entitled to receive notice of the meeting. The Corporation's list of NAEP Shareholders as of the Record Date has been used to deliver to NAEP Shareholders the Notice of Meeting and this Information Circular as well as to determine the NAEP Shareholders who are eligible to vote.

Corporate Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Ronald A. McIntosh is a director of Fortress Energy Inc. (Fortress). On March 2, 2011, the Court of Queen s Bench of Alberta granted an order (the Order) under the *Companies Creditors Arrangement Act* (Canada) (CCAA) staying all claims and actions against Fortress and its assets and allowing Fortress to prepare a plan of arrangement for its creditors if necessary. Fortress took such step in order to enable Fortress to challenge a reassessment issued by the Canada Revenue Agency (CRA). As a result of the reassessment, if Fortress had not taken any action, it would have been compelled to immediately remit one half of the reassessment to the CRA and Fortress did not have the necessary liquid funds to remit, although Fortress had assets in excess of its liabilities with sufficient liquid assets to pay all other liabilities and trade payables. Fortress believed that the CRA s position was not sustainable and vigorously disputed the CRA s claim. Fortress filed a Notice of Objection to the reassessment and on October 20, 2011 announced that its Notice of Objection was successful, CRA having confirmed there were no taxes payable. As the CRA claim had been vacated and no taxes or penalties were owing Fortress no longer required the protection of the Order under the CCAA and on October 28, 2011 the Order was removed. On March 3, 2011 the TSX suspended trading in the securities of Fortress due to Fortress having been granted a stay under the CCAA. In addition the securities regulatory authorities in Alberta, Ontario and Quebec issued a cease trade order with respect to Fortress for failure to file its annual financial statements for the year ended December 31, 2010 by March 31, 2011. The delay in filing was due to Fortress being granted the CCAA order on March 2, 2011 and the resulting additional time required by its auditors to deliver their audit opinion. The required financial statements and other continuous disclosure documents were filed on April 29, 2011 and the cease trade order was subsequently removed. On September 1, 2010 Fortress closed the sale of substantially all of its oil and gas assets. As a result of the sale Fortress was delisted from the TSX on March 30, 2011 as it no longer met minimum listing requirements

William C. Oehmig served as a director of Propex Inc., which voluntarily filed for protection under Chapter 11 of the U.S. Bankruptcy Code on January 18, 2008 in order to allow it to restructure its US operations. Mr. Oehmig also served as director of Panolam Industries Inc., which voluntarily filed a petition under Chapter 11 of the U.S. Bankruptcy Code on November 4, 2009 to implement a Debt Restructuring Plan.

Allen R. Sello is a director of Sterling Shoes Inc. (Sterling). On October 21, 2011 the TSX suspended trading in the securities of Sterling having been granted a stay under the *Companies Creditors Arrangement Act* (Canada). Sterling announced that it applied for the stay in order to restructure its operations. Sterling securities were delisted on November 25, 2011. On May 22, 2012 Sterling announced that it sold to Town Shoes Limited its assets in respect of the businesses carried on by Sterling at certain of its leased premises. Sterling has liquidated the product inventories at its other leased locations.

2. RE-APPOINTMENT OF INDEPENDENT AUDITORS AND AUTHORIZATION OF DIRECTORS TO FIX THEIR REMUNERATION

At the Meeting, NAEP Shareholders will be requested to vote on the re-appointment of KPMG LLP (KPMG) as the independent auditors of the Corporation to hold office until the next annual meeting of shareholders or until a successor is appointed, and to authorize the Board of Directors to fix the auditors' remuneration. 3. SPECIAL ITEM OF BUSINESS: APPROVAL OF UNALLOCATED OPTIONS UNDER THE SHARE OPTION PLAN

The Corporation's Share Option Plan is described below under the heading *2012 Financial Year Compensation - Share Option Plan*. The Share Option Plan provides that the maximum number of Common Shares issuable under the Plan is equal to 10% of the Corporation's issued and outstanding Common Shares. The rules of the Toronto Stock Exchange (the TSX) provide that all unallocated options, rights or other entitlements under a security-based compensation arrangement which do not have a fixed number of securities issuable must be re-approved every three (3) years. Accordingly, at the Meeting, NAEP Shareholders will be requested to consider, and if deemed appropriate, to approve, with or without amendment, the grant of the unallocated options under the Share Option Plan, as specified in the Resolution set forth in Schedule A.

As of August 10, 2012, the Corporation had 36,251,006 Common Shares outstanding, therefore providing for a current maximum of 3,625,100 Common Shares to be reserved for issuance under the Share Option Plan. As at August 10, 2012, the Corporation had 3,011,934 options to purchase Common Shares outstanding (or approximately 8.3% of the outstanding Common Shares), leaving unallocated options to purchase an aggregate of 613,166 Common Shares (or approximately 1.7% of the outstanding Common Shares) available for future option grants at that date. Previously allocated options will continue, unaffected, whether or not this resolution is approved by NAEP Shareholders.

Table of Contents

Unallocated options and previously granted options that are cancelled, terminated or exercised subsequent to the Meeting will not, however, be available for grants if this resolution is not approved by shareholders. Approval of the Resolution requires confirmation by a majority of the votes cast at the meeting. The persons named in the accompanying Proxy intend to vote for approval of the Resolution unless instructions to the contrary are given. The adoption of the Resolution requires the favourable vote of a majority of the votes cast thereon at the Meeting.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR the resolution set out in Schedule A of this Information Circular approving the unallocated options under the Corporation's Share Option Plan.

Unless a NAEP Shareholder otherwise directs, or directs that his or her NAEP Common Shares are to be withheld from voting in connection with approving the resolution set out in Schedule A of this Information Circular, the persons named in the enclosed form of Proxy intend to vote for the approval of the Resolution set out in Schedule A of this Information Circular approving the unallocated options under the Corporation's Share Option Plan.

4. OTHER MATTERS

Management of the Corporation know of no matters to come before the Meeting other than as set forth in the Notice of Meeting. However, if other matters which are not currently known to management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

COMPENSATION DISCUSSION AND ANALYSIS

This discussion of executive compensation focuses on the compensation of the following:

- i. our President and Chief Executive Officer during fiscal 2012, Rodney J. Ruston;
- ii. our Chief Financial Officer, David Blackley; and
- iii. our three most highly compensated executive officers as at the end of the 2012 fiscal year, other than our Chief Executive Officer and our Chief Financial Officer, those being:
 - a. Joseph C. Lambert;
 - b. Bernard T. Robert; and
 - c. Christopher R. Yellowega.

All of those above are defined by applicable regulations to be named executive officers for the purposes of compensation disclosure (collectively, the NEOs).

EXECUTIVE COMPENSATION PHILOSOPHY

The Corporation's executive compensation philosophy is designed to attract, retain and motivate qualified executives who are committed to achieving success for the Corporation and maximum value for its shareholders. The executive compensation philosophy is premised upon three core principles – competitive compensation, pay for performance and alignment with shareholder interests.

Edgar Filing: North American Energy Partners Inc. - Form 6-K

Competitive compensation It is the objective of the corporation to attract and retain talented executives who are capable of meeting the financial and other objectives of the corporation. It is important to ensure executive compensation is competitive within the market where the Corporation competes for talent, and in this light, the corporation has adopted a market-competitive total executive compensation package.

Table of Contents

Pay for performance The corporation believes that executive compensation should be strongly correlated to the financial performance of the corporation, and that the executives, as the key decision makers of the corporation, should be held accountable for that performance. To that end, the Board has adopted the annual Management Incentive Plan (the MIP also known as Short-Term Incentive Plan or STIP). The MIP rewards executives for the achievement of key financial (including EBITDA_i) and non-financial (including safety performance) objectives, all of which contribute to the long term success of the corporation.

Alignment with shareholder interests It is in the corporation s best interest to meet shareholder expectations and ensure continued access to capital on favourable terms. Accordingly the STIP and LTIP plans were designed to ensure that the activities of the corporation s executives are aligned with shareholder interests. Each of these plans is described in greater detail below.

EXECUTIVE COMPENSATION OVERVIEW

The following table sets out the various components of compensation that NEOs are eligible to receive:

Executive Compensation Components

Base Salary	Base salary is based on the executive s level of responsibility, skills and experience, and the market value of the position. Adjustments to base salary are considered annually, taking into account the executive s overall performance, experience and market conditions.
Short-Term Incentive Plan (STIP)	STIP compensation is linked to the corporation s performance in the fiscal year as measured by consolidated EBITDA and improvement in the corporation s consolidated disabling injury rate (DIR). Both measures have a pre-determined target set by the Board prior to the start of the fiscal year and funding of the STIP pool is based on the performance of the corporation against the two targets during the year. Each executive has a targeted annual bonus of 100% of base salary. Actual payout is determined by the level of achievement of predetermined financial and non-financial performance objectives. Payouts range from zero to a maximum of 200% of an executive s STIP target.
Long-Term Incentive Plan (LTIP)	LTIP compensation grants are generally made twice per calendar year through two vehicles: (1) Stock Options granted in December, and (2) Restricted Share Units granted in April. Each executive has a target annual LTIP compensation value of 40% of base salary. Of that target annual LTIP, 50% is awarded as Stock Options and 50% is awarded as Restricted Share Units. The CEO s targeted LTIP compensation value is 50% of base salary. Of that target annual LTIP, 50% is awarded as Stock Options and 50% is awarded as Restricted Share Units.

i The term EBITDA or Consolidated EBITDA , when used in this document refers to Consolidated EBITDA as defined in the Corporation s credit agreement. This is not a recognized measure under generally accepted accounting principles. For a detailed definition of Consolidated EBITDA (as used in this document) and a reconciliation to net income see our management s discussion and analysis for the year ended March 31, 2012, which is available on the Canadian Securities Administrators System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com, the Securities and Exchange Commission s website at www.sec.gov and the Corporation s web site at www.nacg.ca.

Table of Contents

Retirement Arrangements

The Corporation matches contributions of executives to registered retirement savings plans to a maximum of 5% of base salary. If or when the executive reaches his or her annual RRSP contribution limits, the remaining contributions for the calendar year are made to a non-registered saving plan. Mr. Ruston was paid a fixed annual amount in lieu of his non-participation in the group RSP plan.

Benefit Plans

Executive benefit plans, paid for by the corporation, provide extended health, dental, disability and insurance coverage.

Perquisites

Limited perquisites are provided including a vehicle allowance, and reimbursement of fuel purchases for the company vehicle, reimbursement for annual dues to a local sport or health club, an annual medical examination and a discretionary health care spending account.

DETERMINING INDIVIDUAL COMPENSATION FOR NEOs

It is the role of the Human Resources & Compensation Committee to recommend the compensation of the CEO to the board for approval and to determine, following the recommendation of the CEO, the compensation of the other NEOs. The Committee receives assistance from several sources, both internal and external, to assist it in fulfilling its duties in this respect.

NEW POLICIES IMPLEMENTED

During the most recent financial year the structure of the STIP plan for NEOs other than the CEO was modified for FY2013 to add increased focus to divisional results. The catalyst for this review was the realization that certain divisions with outstanding performance would not see appropriately differentiated STIP awards from other divisions with sub-standard performance, and that this fact was due to the present structure of the STIP. With 50% of the STIP award being based on consolidated corporate results and only 30% on divisional results, high and low performing divisions would see very similar awards, despite widely divergent results and contributions to consolidated corporate results. The Human Resources & Compensation Committee thus approved a change in structure effective for FY2013 that will see the STIP plan for NEOs structured as follows:

MANAGEMENT LEVEL	CORPORATION PERFORMANCE	DIVISIONAL PERFORMANCE	INDIVIDUAL PERFORMANCE	PROPORTION OF SALARY PAYABLE AT TARGET
President and Chief Executive Officer	70%		30%	100%
Chief Financial Officer and other Vice Presidents	30%	50%	20%	100%

COMPARATOR GROUP ANALYSIS AND MARKET DATA

In determining compensation for NEOs, our primary comparator group includes companies that meet the following criteria:

- a. compete for similar talent, primarily in Alberta;
- b. operate in a market where one or more of the corporation's divisions compete;
- c. are of comparable size, whether in terms of revenue or number of employees; and
- d. reliable benchmark compensation information is available.

Table of Contents

A number of relevant organizations, particularly in the construction category, are not included in the peer group because insufficient compensation information is available. A thorough job matching exercise has been conducted for each NEO so that a strong position match was obtained, and so relevant and meaningful benchmarking could be conducted using the peer group data. In general the job matches from the public group below are comprised of NEOs of the listed companies, while those from the construction/EPC group are members of the executive management team and from the energy group are executives one or two levels below the Executive team. These job matches were selected so that a more appropriate matching of job scope and scale would be achieved and so the compensation comparisons would be more relevant. The use of comparative market data is just one of the factors used in setting compensation for NEOs. NEO compensation could be higher or lower than the comparator data as a result of personal performance, skills or experience.

INPUT FROM THE CORPORATION'S MANAGEMENT

The President & CEO participates in the compensation process, makes recommendations to the Human Resources & Compensation Committee with respect to the other NEOs and recommends to the Compensation Committee the specific business goals to be used as performance targets for the various incentive programs. For fiscal 2012, the following divisional goals were recommended by the CEO and approved by the Committee under the STIP plan.

Metric	Fiscal 2012 Target	Fiscal 2012 Achievement	STIP Score
Safety Performance (20% weighting)	Improve consolidated disabling injury rate (DIR) by 8.5% vs. fiscal 2011 result	The consolidated disabling injury rate (DIR) was improved by 37.4% vs. the fiscal 2011 result	100%
New Employee Voluntary Turnover (20% weighting)	Improve the new employee voluntary turnover ratio by 23.5% vs. fiscal 2011 result	The new employee voluntary turnover ratio was improved by 12% vs. fiscal 2011 result	50%
Achieve divisional financial objectives (30% weighting)	Achieve budgeted divisional net profit targets	Results varied by division	Varies by division (0% to 100%)

Other Division-Specific Metric(s) (30% weighting) See detailed information below

The corporation does not disclose specific divisional or corporate financial objectives as doing so would seriously prejudice the corporation. The corporation does not disclose an annual EBITDA target, nor does it provide earnings guidance, so disclosing divisional financial objectives would not be appropriate as doing so would conflict with this practice.

For details on application of compensation against objectives, see section on Short Term Incentive Plan and Analysis of Fiscal 2012 Compensation Decisions Regarding NEOs .

RISK MANAGEMENT

The Human Resources & Compensation Committee has considered the topic of risk as it relates to executive compensation. As part of its oversight of executive compensation and a desire to mitigate the risk associated with executive compensation, the committee has taken the following actions:

Elected to make the majority of the targeted annual compensation of each NEO at risk by making it contingent on the achievement of pre-determined objectives or based on the appreciation of the corporation's share price over the mid to long term;

Regularly benchmark base, variable and total compensation against a peer group of organizations selected by the Committee as being relevant for compensation benchmarking purposes;

Short term incentive pay is earned through a balanced, diversified mix of performance measures, both financial and non-financial, each intended to improve different elements of the corporation's business;

The Committee is planning formal adoption of a share ownership policy for NEOs which, once implemented, will require NEOs to hold a target dollar value of equity in the corporation while employed in an executive position by the corporation;

While current policies of the Corporation prohibit employees, including executive officers, from short-selling securities of the Corporation, the Committee is considering adoption of a

Table of Contents

comprehensive anti-hedging policy which will expressly prohibit NEOs from purchasing any financial instruments that would hedge their holdings in equity of the Corporation;

Restricted share units cliff-vest three years from their grant date, inherently focusing the interests and efforts of the executive on the long term performance of the corporation;

Share options vest 20% per year over a five year period, inherently focusing the interests and efforts of the executive on the long term performance of the corporation;

RSUs and share options are granted annually, thereby providing overlapping performance cycles that require sustained high levels of performance to achieve a consistent payout; and

The Human Resources & Compensation Committee and the Board provide strong oversight of the management of the corporation's compensation programs. The Committee has the ability to use discretion in assessing performance under executive compensation programs to adjust metrics or the payouts based on results, events and/or individual circumstances.

TRENDS BETWEEN NEO COMPENSATION AND TOTAL SHAREHOLDER RETURN

As described in the section Executive Compensation Philosophy, executive compensation is tied to the financial and safety performance of the Corporation as well as market competitiveness, division and individual performance and thus the compensation strategy for base salary is not inherently linked to the Corporation's share performance. There is a level of correlation between the STIP and the price of the NAEP Common Shares, as Consolidated EBITDA is a key factor in determining the annual bonus. As well, there is a level of correlation between LTIP and the performance of NAEP Common Shares as the Share Option Plan and Restricted Share Unit values are based on the price of NAEP Common Shares

SHARE-BASED AND OPTIONS-BASED AWARDS

Share-based and options-based awards are granted to NEOs under the terms of the Restricted Share Unit Plan and the Share Option Plan. The Human Resources & Compensation Committee has approved a target annual LTIP grant value of 50% of base salary for the President & CEO and 40% of base salary for each Vice President. To determine the number of units or options granted to each NEO at the time of grant a calculation is performed using the fair value of the corporation's share price as at the grant date in relation to the targeted compensation value of the grant. For share options, the corporation applies a discount to the fair value using the Black Scholes model to reflect the volatility of the corporation's common shares and the expected life of the option. The Human Resources & Compensation Committee has the discretion to award fewer share options than the formula suggested due to extremely high volatility of the share price and a deeply undervalued share price at the time of the grant.

COMPENSATION GOVERNANCE

The Human Resources & Compensation Committee of the Board of Directors is charged with the oversight and governance of the executive compensation programs of the corporation. The Board has approved a Committee Charter which outlines the accountabilities of the Human Resources & Compensation Committee. These accountabilities include:

- (a) review and recommend to the Board for approval the Company's general compensation philosophy, policies and guidelines;
- (b) review and recommend to the Board for approval on an annual basis the corporate goals and objectives relevant to the compensation of the President and Chief Executive Officer (CEO);
- (c) review and recommend to the Board for approval the compensation package for the CEO, including without limitation, base salary, annual incentive compensation, retirement, health and welfare benefits and perquisites;
- (d) review and approve the compensation package for the Executive Management of the Company, other than the CEO, including without limitation, base salaries, annual incentive compensation, retirement, health and welfare benefits and perquisites. In this Charter, Executive Management includes the CEO and all individuals reporting directly to the CEO (save and except for the CEO's Executive Assistant);
- (e) review and recommend to the Board for approval the structure, implementation, participation, amendments or termination of all long-term incentive compensation programs, including but not limited to, the Share Option Plan, Director Deferred Share Plan, Performance Share Unit Plan, and Restricted Share Unit Plan;
- (f) review and recommend to the Board for approval the compensation package for the Committee Chairs and other directors;
- (g) review and recommend to the Board for approval the recruitment, evaluation and succession plans for the CEO;

- (h) review and approve the recruitment, appointment, evaluation and succession plans for the Executive Management of the Company, other than the CEO;
- (i) retain, compensate, and terminate, as applicable, any independent compensation consultants or other consultants to be used to advise and assist the Committee with respect to its responsibilities. The Committee shall have the sole authority to approve such consultant's fees and the other terms and conditions of the consultant's retention; and
- (j) undertake any other activity that may be reasonably necessary in order for the Committee to carry out its responsibilities as set out in this Charter.

EXECUTIVE COMPENSATION RELATED FEES

The Human Resources & Compensation Committee periodically utilizes the services of specialized compensation consultants to assist it in carrying out its duties with respect to executive compensation. Such consultants may be engaged to:

- i. provide information and independent advice to assist in developing the appropriate total compensation philosophy and structure for NEOs;
- ii. assist management in the development of the various programs within our compensation framework;
- iii. perform studies of the market comparator group to evaluate the Corporation's total compensation programs; and
- iv. provide recommendations to the Human Resources & Compensation Committee.

The following table sets out the fees paid to such consultants retained by the corporation during each of the previous two fiscal years. The only professional compensation-related consulting fees the corporation incurred related to non-executive compensation was to purchase salary surveys, the costs of which are included in the figures below:

Consultant	Fees Paid in FY2011	Fees Paid in FY2012
Wynford Group	\$ 40,104	\$ 18,060
Lane Caputo Compensation	\$ 13,505	\$ 8,925
Meridian Compensation Partners	\$ 26,313	\$ 5,510
Total Fees Paid	\$ 79,922	\$ 32,495

COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Fiscal 2012 was a very difficult year for the corporation with gross margins and net profit far below budgeted levels. Although certain divisions, most notably the Piling division, had a strong year, the overall level of performance and profitability of the corporation was far below expectations. As the majority of the compensation of NEOs is in the form of at-risk pay, overall compensation levels for NEOs reflected the poor financial performance of the corporation. STIP payments were very low in fiscal 2012, reflecting the fact that the corporation failed to achieve its threshold EBITDA level.

The corporation's share price steadily declined throughout the year for a myriad of reasons including poor financial performance and overall market forces related to the European financial situation. As a result, the equity holdings of NEOs have decreased significantly in value.

With the change in leadership of the corporation, the decrease in value of NEO equity holdings and the low STIP payments generated in fiscal 2012 the Board became concerned with the stability of the Executive team over the next 12 months. As such, at its March meeting the Board approved a special retention bonus for each NEO, with the exception of the CEO, with the intent to reduce the probability of significant turnover of the Executive team. These retention bonuses are detailed below.

Following is a summary of the various compensation programs applicable to NEOs and the payments generated under each during the 2012 fiscal year.

Table of Contents**Base Salary**

Base salaries for the NEOs are reviewed and approved each year by the Human Resources & Compensation Committee with adjustments effective July 1. The Committee may make adjustments to an executive's salary as a result of any change in the executive's duties and responsibilities and based on the performance and contribution of the executive, both on an individual basis and on the performance of the executive's business unit or division during the previous fiscal year. In reviewing the base salaries of the Corporation's executives, the Committee also considers comparator group compensation, internal pay relationships, total direct compensation at target and total employee cost. The base salary pay adjustments noted below took into consideration the pay position of each executive in the market and percentage adjustments ensured base compensation levels remained commensurate with the market.

The following table sets out the base salaries as at March 31, 2012, March 31, 2011 and the percentage increase from the prior year for each NEO:

NEO	2012 Base Salary (\$)	2011 Base Salary (\$)	% change from 2011
Rodney J. Ruston	594,100	594,100	0.0%
David Blackley	291,519	281,661	3.5%
Joseph C. Lambert	288,900	270,000	7.0%
Bernard T. Robert	263,925	255,000	3.5%
Christopher R. Yellowega	293,164	283,250	3.5%

Short-Term Incentive Plan (STIP)

Our STIP for executive management (also known as our Management Incentive Plan or MIP) is described above in *Executive Compensation Components*. It is the primary vehicle the corporation uses to reward executives for their contributions to strong financial and operational performance in a particular year. The purpose of the STIP is to motivate executives to enable the corporation to achieve its financial goals and to reward them to the extent that goals are achieved. All senior managers, including the NEOs, participate in the STIP.

Consolidated EBITDA is the primary metric within the STIP for NEOs because it measures the current profitability of the business and, as such, is a good indicator of overall corporate performance. Certain prescribed adjustments to Consolidated EBITDA to eliminate factors not considered relevant to the true financial performance of the Corporation are recommended by the Human Resources & Compensation Committee and approved by the Board of Directors. The secondary metric within the STIP plan is the disabling injury rate (DIR), which measures the rate at which employees are injured on the job and unable to complete their normal work tasks. DIR is selected given its critical impact on the corporation's ability to secure work and the extremely high degree of focus placed on health and safety within the corporate culture. Together EBITDA and DIR comprise the funding mechanism for the STIP plan, with EBITDA generating 80% of the potential funding of the pool at target, and DIR generating the other 20% of the pool.

The Board of Directors approves both the EBITDA and DIR targets under the STIP each year. Both targets are designed to be challenging. The Board of Directors set a consolidated EBITDA target for the 2012 fiscal year taking into account the results of the 2011 fiscal year and considering the budget and business plans prepared, presented to and approved by the Board. The consolidated EBITDA results for the 2012 fiscal year fell far short of the hurdle threshold set by the Board of Directors, resulting in the STIP pool for FY2012 being funded solely by the strong safety results, thereby generating 20% of target into the funding pool.

Table of Contents

Incentive opportunities for STIP participants at different levels within our organization are set as a percentage of each individual's base salary. The target incentive opportunity for each of the NEOs is 100% of base salary. The payouts for the NEOs range from zero to a maximum of 200% of target bonus depending on the Corporation's performance relative to the Consolidated EBITDA target, the DIR target and achievement by each NEO against divisional and individual performance objectives, as applicable.

The Human Resources & Compensation Committee recommends the STIP award for the CEO on the basis of the corporation's EBITDA and DIR performance and on the achievement of the CEO's individual targets. The Board of Directors approves the CEO's STIP award. The Committee approves the STIP awards for other NEOs, on the recommendation of the CEO, based on the same criteria. The following table sets forth the STIP target, maximum STIP award and 2011 STIP award for each NEO.

NEO	STIP Target as Percentage of Base Salary (%)	STIP Target (\$) ⁽¹⁾	Maximum STIP Award (\$) ⁽²⁾	FY2012 STIP Award (\$) ⁽²⁾
Rodney J. Ruston	100	594,100	1,188,200	118,820
David Blackley	100	289,055	578,109	52,838
Joseph C. Lambert	100	284,175	568,350	49,402
Bernard T. Robert	100	261,694	523,388	40,578
Christopher R. Yellowega	100	290,686	581,371	Nil

⁽¹⁾ STIP Target is calculated as follows: 100% (Base Salary Effective April 1, 2011 to June 30, 2011 * 0.25) + (Base Salary Effective July 1, 2011 to March 31, 2012 * 0.75). This calculation takes into consideration base salary changes made part way through the fiscal year. Further pro-rations of the STIP calculation would occur if off-cycle adjustments were made throughout the fiscal year.

⁽²⁾ Consolidated EBITDA did not meet target for the fiscal year and as a result the normal course STIP payment was based solely on improvement in the corporation's DIR.

Long-Term Incentive Plan (LTIP)

The purpose of the corporation's equity-based LTIP is to motivate executives to achieve sustained long-term performance which will increase the value of the Corporation over the long term and in turn, generate sustained returns for shareholders. Under the LTIP, long-term incentives are awarded to executives in the form of share options and restricted share units (RSUs), the value of which is directly linked to the creation of shareholder value.

The annual target LTIP value is 50% of base salary for the President & CEO and 40% of base salary for other NEOs. Each year, 50% of the annual target LTIP value is granted in the form of share options, with the balance of the annual target LTIP granted in the form of Restricted Share Units (RSUs).

NEO	Annual LTIP Value at Target (% of base salary)	% as Share Options	% as RSUs
Rodney J. Ruston	50	50	50
David Blackley	40	50	50
Joseph C. Lambert	40	50	50

Share Option Plan

The Share Option Plan was approved by the Corporation's shareholders on November 3, 2006 and became effective on November 28, 2006. The Share Option Plan is administered by the Human Resources & Compensation Committee. Option grants under the Share Option Plan may be made to the Corporation's directors, officers, employees and consultants selected by the Committee. The Share Option Plan provides for the discretionary grant of options to purchase the Corporation's common shares. Options granted under the Share Option Plan are evidenced by an agreement, specifying the vesting, exercise price and expiration of such options, which terms are determined for each optionee by the Committee.

Options to be granted under the Share Option Plan will have an exercise price of not less than the previous 5 day volume weighted average trading price of the Corporation's Common Shares on the Toronto Stock Exchange or the New York Stock Exchange, converted to Canadian dollars.

The Share Option Plan provides that up to 10% of the Corporation's issued and outstanding NAEP Common Shares from time to time may be reserved for issuance or issued from treasury and also provides that the maximum number of NAEP Common Shares issuable to insiders under the Share Option Plan (and any other security based compensation arrangements of the Corporation) is 10% of the Corporation's issued and outstanding NAEP Common Shares. The maximum number of NAEP Common Shares issuable to insiders, at any time, pursuant to the Share Option Plan and any other security based compensation arrangements of the Corporation is 10% of the outstanding NAEP Common Shares on a non-diluted basis immediately prior to the proposed option to purchase. The maximum number of NAEP Common Shares issuable to insiders, within any one year period, pursuant to the Share Option Plan and any other security based compensation arrangements of the Corporation is 10% of the outstanding shares on a non-diluted basis immediately prior to the proposed option to purchase.

As of August 10, 2012, the Corporation had 36,251,006 Common Shares outstanding, therefore providing for a current maximum of 3,625,100 Common Shares reserved for issuance under the Share Option Plan. As at August 10, 2012, the Corporation had 3,011,934 options to purchase Common Shares outstanding (or approximately 8.3% of the outstanding Common Shares), leaving unallocated options to purchase an aggregate of 613,166 Common Shares (or approximately 1.7% of the outstanding Common Shares) available for future option grants at that date. Currently, there are 3,603,847 Common Shares reserved for issuance under the Share Option Plan, which was approved by the Board and by the shareholders of the Corporation as of September 24, 2009.

Options may not be exercised prior to the first anniversary of the date of the grant. The vesting of options is otherwise determined on the grant of the option. Generally, options vest over a five-year period at a rate of 20% per year and expire at the end of 10 years. Each option has a term of no less than five and not more than 10 years.

The Share Option Plan provides that, in the event of the termination (with or without cause) of an optionee, the options held by an optionee cease to be exercisable 30 days after the termination, subject to adjustment by the Human Resources & Compensation Committee. For qualified retirees (age 55 or over and as approved by the Human Resources & Compensation Committee), vested options continue to be exercisable for the balance of the exercise period applicable to the option.

The Corporation does not provide financial assistance to participants under the Share Option Plan to facilitate the purchase of securities under the Share Option Plan. Options granted under the Share Option Plan are not transferable by an optionee, except by an optionee's will or by the laws of descent and distribution. During the lifetime of an optionee, the options are exercisable by only him or her (or, in the case of the optionee's disability, by his or her legal representative(s), if applicable). If an optionee

Table of Contents

dies, the options held by such optionee may be exercised by the legal representative of the deceased optionee. Such options cease to be exercisable on such date that is the earlier of: (a) 365 days after the optionee's death, and (b) the expiry date set out in the deceased optionee's option agreement. Notwithstanding the foregoing, the Share Option Plan allows the expiry date to be extended by determination of the Human Resources & Compensation Committee or as permitted under the option agreement. If the expiry date falls within or immediately after a blackout period or a lock-up period, the expiry date would be automatically extended for five business days after the blackout period or lock-up period.

The Share Option Plan provides that subject to receipt of shareholder and regulatory approval, the Board of Directors may make certain specified amendments to the Share Option Plan, including (i) any amendment to the number of securities issuable under the Share Option Plan, (ii) any changes in the participants in the plan that have the potential of broadening or increasing insider participation, (iii) the introduction of, or amendments to, any form of financial assistance and (iv) any other amendments that may lead to significant or unreasonable dilution in the Corporation's outstanding securities or may provide additional benefits to eligible participants, especially to participants who are insiders. The Share Option Plan authorizes the Board of Directors to make other amendments to the plan, subject only to regulatory approval (i.e. without shareholder approval, unless specifically required by applicable law), including (i) amendments of a housekeeping nature (i.e. amendments for the purpose of curing any ambiguity, error or omission in the Share Option Plan, or to comply with applicable law or the requirements of any stock exchange on which the NAEP Common Shares are listed), (ii) any changes to the vesting provisions, (iii) any changes in the termination provisions of an option or of the Share Option Plan which does not entail an extension beyond the original expiry date, (iv) a discontinuance of the Share Option Plan and (v) the addition of provisions relating to phantom share units, such as restricted share units and deferred share units, which result in participants receiving cash payments, and the terms governing such features.

In November 2011, as part of the 50% grant under the LTIP program, Share Options were granted to the NEOs. For the 2011 share option grant, each NEO received share options at the targeted compensation value in accordance with the Corporation's LTIP. The Board of Directors granted an aggregate amount of 104,700 Share Options to the NEOs and approved an exercise price of \$6.56.

Restricted Share Unit Plan (RSU Plan)

The Board of Directors has approved the RSU Plan. The RSU Plan is part of the Corporation's Long-Term Incentive Plan. Under the RSU Plan the corporation credits a Restricted Share Unit (a RSU), being a right granted to a participant to receive a cash payment equivalent to the fair market value of a Common Share of the Corporation, or at the discretion of the Corporation, in a number of Common Shares purchased on the open market, as of the maturity date. RSUs cliff-vest three years from their grant date. If any dividends are paid on the Corporation's Common Shares, additional RSUs will be credited to the participant to reflect such dividends. The RSU plan provides that, in the event of termination of a participant (with or without cause), all RSUs that are not earned RSUs are immediately forfeited. In the event of retirement or disability of a participant, all earned RSUs will be redeemed within 30 days of the maturity date. Any RSUs which have not completed their prescribed term (credited RSUs) shall continue to be eligible to become earned RSUs as if the participant was still employed by the corporation. On the death of a participant, all credited RSUs will vest and will be redeemed within 90 days of the date of the participant's death. Rights respecting RSUs are not transferable or assignable other than by will or the laws of descent and distribution.

In June 2010 the Board of Directors approved amendments to the RSU plan in the event of a Change of Control in order to provide a retention vehicle at a time of employment uncertainty. The amendments provide that 100% of the outstanding RSUs that are not earned RSUs held in the participant's RSU

Table of Contents

Account on the date the Change of Control transaction is completed shall be deemed to be earned RSUs. The value of the Earned RSUs will be fixed at the date of the Change in Control and final payment deferred until the end of the maximum term (3 years) of the RSU. Termination provisions in the amendments provide that within 24 months following the Change of Control, if the participant's employment is terminated for any reason other than death, disability, qualified retirement or good reason as defined in the plan, all earned RSUs shall be immediately forfeited. In the case of a termination without cause within 36 months following a Change of Control, all earned RSUs shall be paid out.

The Human Resources & Compensation Committee, on recommendation to and approval of the Board of Directors, may amend, suspend or terminate the RSU Plan or any portion thereof at any time. However, no amendment, suspension or termination may materially adversely affect any RSUs, or any rights pursuant thereto, granted previously to any participant without the consent of that participant.

On April 1, 2012, as part of the remaining 50% of grants under the LTIP program, a total of 86,944 RSUs were granted to the NEOs. The following table outlines the total LTIP awards for the NEOs for fiscal 2012:

NEO	LTIP Target as Percentage of Base Salary (%) ⁽¹⁾	Share Options Granted November 30, 2011	RSUs Granted April 1, 2012
Rodney J. Ruston	50	37,400	30,311
David Blackley	40	14,700	11,899
Joseph C. Lambert	40	14,600	11,792
Bernard T. Robert	40	13,300	10,772
Christopher R. Yellowega	40	14,800	11,966

⁽¹⁾ LTIP awards are delivered through two vehicles 50% of the award is delivered as Share Options and 50% of the award as RSUs
Retirement Arrangements

The Corporation does not have a pension plan. For the fiscal year ended March 31, 2012, the total amount the Corporation set aside for pension, retirement and similar benefits for the NEOs was \$73,884, consisting of employer matching contributions to the executive officers' Registered & Non Registered Retirement Savings Plans.

Benefit Plans

The Corporation provides the NEOs with health, dental, disability and insurance coverage through benefit plans paid for by the Corporation.

Perquisites

NEOs receive a limited number of perquisites that are consistent with market practice for individuals at this level. These include a vehicle allowance, reimbursement for annual dues at a local health or sports club, an annual medical examination and a discretionary health care spending account.

2010)

- (a) Reflects the grant date fair value of the RSUs (rounded to nearest dollar) granted on June 1, 2011 and April 1, 2012 (LTIP). The 2011 figures represent the fair market value of the RSUs granted on April 1, 2011 (regular grant) as well as those granted on June 2, 2011 as a special retention bonus. 2010 figures represent the fair market value of PSUs granted during that fiscal year based on the closing share price on the TSX on March 31, 2010. The 2010 figure for Mr. Ruston includes 150,000 NAEP Common Shares granted to him in his employment agreement extension, using the grant date share price of \$7.00.
- (b) Calculated as the number of option based awards granted multiplied by the fair value of each award as at the grant date. The fair value of each award represents the intended compensation value of the award using a Black-Scholes valuation model. The Black-Scholes option pricing model assumptions used by NAEP were (i) dividend yield of nil%; (ii) expected volatility of 75.22% (November 11, 2011) or 78.67% (September 22, 2010) or 78.57% (December 13, 2010); (iii) risk-free rate of 1.32% (November 11, 2011) or 2.23% (September 22, 2010) or 2.78% (December 13, 2010); and (iv) expected life of 6.3 years (November 11, 2011) or 6.1 years (September 22, 2010 and December 13, 2010).
- (c) Reflects the STIP payment made to each executive for the applicable fiscal year. For fiscal 2011, no STIP payments were made, however a special retention bonus was granted in the form of RSUs, the value of which is reflected under the column Share Based Awards .
- (d) Mr. Ruston did not participate in the Corporation's matching RRSP program in fiscal 2010, 2011 or 2012. However, in accordance with the terms of his employment agreement Mr. Ruston did receive lump sum payments of \$20,000, \$15,698 and \$20,000 in fiscal 2010, 2011 and 2012, respectively, in lieu of participation in the RRSP program. In addition to the payment of \$15,698 for fiscal 2011, Mr. Ruston also expensed perquisites in the amount of \$4,302, bringing his total benefit in lieu of participation in the RRSP program to \$20,000 for the fiscal year. Mr. Blackley did not participate in the Corporation's matching RRSP program in fiscal 2010; however he did participate in the program in fiscal 2011 and 2012.

ANALYSIS OF FISCAL 2012 COMPENSATION DECISIONS REGARDING NEOs

The following outlines the rationale behind the compensation decisions for each of the NEOs for Fiscal 2012.

Rodney J. Ruston

The Board did not approve an increase in base salary for Mr. Ruston for fiscal 2013. Under the STIP, Mr. Ruston's bonus award is based 70% on the corporate results, as measured by Consolidated EBITDA and DIR, and 30% on achievement of individual objectives set at the start of the year by the Board. As outlined above, the threshold EBITDA target was not achieved for fiscal 2012 but the corporate DIR target was achieved. This resulted in the normal course STIP being funded at a level of 20% of target. Mr. Ruston's individual objective for FY2012 as President and CEO was to improve the overall fiscal and operational performance of the corporation so as to meet the FY2012 budget approved by the Board. The Board determined that Mr. Ruston did not achieve that objective and, accordingly, no bonus award was paid to Mr. Ruston with respect to it.

LTIP Award

LTIP Component	# Units	Grant Date Value*
Share Options	37,400	245,344
RSUs	30,311	148,524
Total Value	67,711	393,868

* The value at the grant date is determined using the volume weighted average trading price of the Company's common shares for the five trading days immediately preceding the grant date. The grant dates of the share options and RSUs were November 11, 2011 and April 1, 2012, respectively.

In accordance with Mr. Ruston's employment agreement extension dated September 24, 2009, Mr. Ruston was awarded the following tranches of common shares. These awards were previously reported in the fiscal 2010 management information circular:

50,000 shares on June 13, 2011 (at \$7.27 per share); and

50,000 shares on November 8, 2011 (at \$7.52 per share).

David Blackley

Mr. Blackley received a base salary increase of 3.5% in fiscal 2012, increasing his base salary to \$291,519. This increase matched the general salary increase budget approved for all managerial, professional and administrative staff for FY2012.

As outlined above, the threshold EBITDA target was not achieved for fiscal 2012 but the corporate DIR target was achieved. This resulted in the normal course STIP being funded at a level of 20% of target.

Mr. Blackley's divisional objectives included metrics on profitability, new hire turnover, and safety performance, as well as three objectives targeted to achieving operational efficiencies such as; improvements in revenue recognition processes, monitoring of performance indicators in the service center and strengthening financial staff support to operations. BOARD OF DIRECTORS COMPENSATION

During the 2012 financial year, the Board of Directors was composed of 9 non-employee Directors and Rodney J. Ruston, the Company's then President and Chief Executive Officer.

Mandate of the Board of Directors

The Board of Directors supervises the management of the Corporation's business as provided by Canadian law and complies with the listing requirements of the New York Stock Exchange applicable to U.S. domestic listed companies, which require that the Board of Directors be composed of a majority of independent directors. The Corporation has adopted a Corporate Governance Policy which sets the framework for how the Board of Directors approaches its mandate and addresses such things as (i) the responsibility of the Board of Directors to monitor the operation of the business, provide oversight of risk management, internal control and corporate communications, and approve the strategic and ethical directions of the Corporation, (ii) committees of the Board of Directors (which include an Audit Committee, Human Resources & Compensation Committee, Governance Committee and a Health, Safety, Environment and Business Risk Committee), (iii) qualifications, responsibilities, orientation and education of the directors, and (iv) succession planning. The Corporate Governance Policy for the Corporation can be found on the Corporation's website at www.nacg.ca.

Table of Contents**Compensation Philosophy and Approach**

The compensation of non-employee directors is intended to attract highly qualified individuals with the capability to meet the demanding responsibilities of Board members and to align the interests of directors with those of the company's shareholders. Non-employee director compensation is not incentive-based. Non-employee Directors are compensated based on a combination of an annual retainer, Committee Chair retainer (if applicable) and meeting attendance fees. Rodney J. Ruston does not receive additional compensation for his role on the Board.

Compensation Structure

The Corporation's directors, other than Messrs. McIntosh and Ruston, each receive an annual retainer and a fee for attendance at each meeting of the Board of Directors or any committee of the Board that they attend, and are reimbursed for reasonable out-of-pocket expenses incurred in connection with their services pursuant to the Corporation's policies. The table below outlines the compensation paid to non-employee directors during fiscal year 2012.

Type of Fee	Amount (\$)
<u>Annual Fees</u>	
Board retainer	110,000
Audit committee chair	12,000
HRCC committee chair	9,000
Risk committee chair	5,000
Governance committee chair	5,000
<u>Attendance Fees</u>	
Board or committee meeting	1,500

The Human Resources & Compensation Committee assesses the adequacy and form of compensation paid to directors in order to ensure that their compensation is competitive and reflects their responsibilities as directors. Periodically, the Human Resources & Compensation Committee benchmarks directors' compensation against compensation paid by major Canadian public companies similar in size to the Corporation and will engage the services of a compensation consultant to report on relevant benchmark data and recommend appropriate compensation for directors. Director compensation was updated in January 2008 based upon analysis and recommendation by Hewitt Associates (now Meridian Compensation Partners LLC).

Share Ownership Guidelines

One way that Board members demonstrate their commitment to the long term success of the corporation is through share ownership. The Board has established share ownership guidelines for non-employee directors which must be met within five years of being elected as a director. The Share Ownership Guidelines require the Chair of the Board of Directors to own \$660,000 of equity in the Corporation and the remaining directors to own \$330,000 of equity in the Corporation, in each case represented by NAEP Common Shares and/or Directors' Deferred Share Units (DSUs). Such ownership level must be achieved within five years of the initial appointment or election as a director. The achievement of the share ownership threshold is facilitated by the requirement for the directors to receive 50% of their annual fixed remuneration in the form of DSUs. Once the share ownership threshold is achieved, the number of NAEP Common Shares and DSUs representing the compliance level must be held for at least 30 days to qualify. Thereafter that number of NAEP Common Shares or DSUs must be maintained in order to remain compliant, regardless of a subsequent decrease in NAEP Common Share price. All current directors comply with these Share Ownership Guidelines.

CORPORATE GOVERNANCE**Board of Directors**

The National Policy 58-201 Corporate Governance Guidelines of the Canadian Securities Administrators recommends that boards of directors of reporting issuers be composed of a majority of independent directors. With eight of the nine directors proposed to be nominated considered independent, the Board of Directors is composed of a majority of independent directors. The Chairman of the Board, Mr. McIntosh, is an independent director. Martin R. Ferron is considered to have a material relation with the Corporation by virtue of his executive officer position with the Corporation and is therefore not independent. Although Messrs Oehmig and Giesler have relationships with shareholders of the Corporation, and in Mr. Oehmig's case such shareholder provides consulting services to the Corporation, the shareholders do not receive any payments in relation to such consulting services but have an interest in providing such services since they have an investment in the Corporation. Messrs Oehmig and Giesler do not in their individual capacities provide any consulting services to the Corporation, for a fee or otherwise. In addition, in the facts and circumstances applicable to these individuals, none of them are affiliated entities of the Corporation. The Board of Directors has determined that each of the directors, other than Martin R. Ferron, is an independent director within the meaning of the rules of the New York Stock Exchange applicable to U.S. domestic listed companies and applicable Canadian securities laws.

Table of Contents

In order to facilitate open and candid discussion among the Corporation's independent directors, the Board holds in-camera sessions which exclude the non-independent directors. In-camera meetings are held whenever necessary as part of the regularly scheduled board meetings. In the 2012 fiscal year, the number of board meetings included such in-camera sessions, and except for the in-camera sessions, there were no separate meetings of independent board members that took place (update).

The following table outlines the independence, as defined in the standards established by the CSA, of director nominees, as at the date of the Circular.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

None of the directors or officers of the Corporation had any outstanding indebtedness to the Corporation or any of its subsidiaries during the 2012 fiscal year or as at the date of this Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No director or executive officer of the Corporation at any time since the beginning of the Corporation's last completed fiscal year, no proposed nominee for election as a director nor any associate or any affiliate of any such director, officer or nominee, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the meeting. Furthermore, no informed person (as such term is defined under applicable securities laws), proposed nominee for election as a director of the Corporation or any associate or affiliate of any informed person or proposed nominee has or had a material interest, direct or indirect, in any transaction since the beginning of the Corporation's last fiscal year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries or affiliates, except as disclosed below.

Orientation and Continuing Education

The Governance Committee, in conjunction with the Board Chair and the Chief Executive Officer of the Corporation, is responsible for ensuring that new Directors are provided with an orientation and education about the business of the Corporation. New directors are provided with written information about the duties and obligations of directors, the structure and role of the Board and its Committees, the Board's mandate, Committee Charters, compliance requirements for directors, corporate policies as well as agendas and minutes for recent Board and Committee meetings and opportunities for meetings and discussion with senior management and other directors. The goal is to ensure that new directors fully understand the nature and operation of the Corporation's business.

Management encourages the directors to attend relevant education and development opportunities to improve their skills and abilities to carry out the role as a director at the Corporation. Expenses associated with attendance at seminars, conferences and education sessions and/or membership to the Institute of Corporate Directors are reimbursed by the corporation.

Management has provided two sources of training and industry seminars which have been placed on the director extranet site and are updated regularly:

1. Industry Conferences Management updates this list as conferences are scheduled.
2. Access to the Institute of Corporate Directors website This website offers current information for directors and a variety of development opportunities.

Code of Conduct and Ethics Policy

In order to ensure that directors exercise independent judgment and to encourage and promote ethical standards and behaviour, the Board of Directors has a written Code of Conduct and Ethics Policy (the Code) setting out general statements of conduct and ethical standards to be followed by all of the Corporation's personnel. A copy of the Code may be obtained at the Corporation's website at www.nacg.ca.

In order to ensure compliance with the Code, the Board of Directors and the Corporation have implemented an ethics reporting policy (the Reporting Policy), a copy of which may be obtained at the Corporation's website at www.nacg.ca. The objectives of the Reporting Policy are to (i) provide a means of reporting non-compliance with the Code and (ii) to comply with the *Sarbanes Oxley Act* and

Table of Contents

securities regulations. Under the Reporting Policy, the Corporation's personnel are required to report any conduct which they believe, in good faith, to be a violation or apparent violation of the Code. The Corporation keeps the identity of the person making the report for every reported violation confidential, except as otherwise required by law, and a copy of all reported violations are confidential until action is taken to correct the violation, at which time the violation may become known (but not the identity of the individual filing the report). The Policy further provides that there is not to be any retaliation against the reporter.

The Corporation has the option to report violations of the Code either internally or externally in the following ways:

- a. internal reporting is through a supervisor, the Corporation's executive or its Board of Directors and its Committees;
- b. effective anonymous reporting is through an independent ethics reporting firm; or
- c. directly to the Chairman of the Board or Audit Committee Chair.

In all cases there are two reviewers for each reported violation, which ensures an effective independent review and a control over segregation of reviewing responsibility to ensure that reported violations are investigated appropriately and thoroughly. For serious violations of the Code, the Audit Committee Chair or the Board Chair will be advised immediately of the reported violation. All reported violations are summarized and provided to the Audit Committee at least quarterly. The Audit Committee Chair and the Board Chair will have access, at all times, to the status and content of Reported Violations.

The Code provides additional safeguards to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest by requiring that all personnel avoid any activity which creates or gives the appearance of a conflict of interest between an individual's personal interests and the Corporation's interests. Specifically, the Code provides that, unless a waiver is granted, no personnel shall (i) seek or accept any personal loan or guarantee of any obligation or services from any outside business, (ii) act as a consultant or employee of or otherwise operate an outside business if the demands of the outside business would interfere with the employee's responsibilities to the Corporation, (iii) conduct business on behalf of the Corporation with a close personal friend or immediate family member, or (iv) take for themselves opportunities that arise through the use of the Corporation's property or information or through their position within the Corporation.

Assessment of Board Effectiveness

The Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution through a two-step process. Firstly, the Governance Committee makes such assessment on a semi-annual basis based upon the observations of the members of the Governance Committee. The Governance Committee then determines whether any corrective actions, such as changes to committee membership, additional board recruitment or special education or training, are advisable and presents its recommendations to the Board. Secondly, the members of the Board undergo a formal peer review process at least every two years. The Governance Committee has developed, and periodically revises, a form of questionnaire that is completed by board members anonymously. The questionnaire addresses matters of board, committee and individual efficiency, structure, workload, competency, skills, leadership, communication, diligence and other such matters. The Governance Committee receives the results of the questionnaire and determines whether the results indicate that corrective action is advisable. It then makes recommendations to the Board in that regard.

With the settlement of the CNRL dispute and with Mr. Brussa no longer being on the Board, this Committee was no longer necessary and the Board dissolved it by resolution on August 9, 2012.

SPECIAL (CEO SEARCH COMMITTEE)

During the 2012 financial year, the board established a special committee consisting of George R. Brokaw, John A. Brussa, Ronald A. McIntosh, William C. Oehmig and Peter W. Tomsett. The purpose of this committee was to:

- (a) oversee the search for candidates for the position of President and Chief Executive Officer;
- (b) retain such search firms and other professional advisors as the CEO Search Committee may deem advisable from time to time;
- (c) oversee negotiations with respect to such employment agreements, indemnity agreements or other agreements as may be necessary or desirable as between the Corporation and any chosen candidate;
- (d) report to the Board, provide recommendations to the Board regarding candidates and generally provide such further advice as the Board may request from time to time
- (e) consider such further matters and take such other actions as the CEO Search Committee shall consider necessary or desirable in order to carry out its mandate; and
- (f) consider and provide recommendations to the full Board regarding any actions or potential actions by outside parties that would result in disruption to or modifications in the search process.

The nature of this committee's work did not lend itself to keeping formal meeting attendance records or compensating the members based on attendance. Rather, compensation was to be set at the conclusion of the search process. To date, no final compensation for committee members has been set by the board.

The Board may also establish other committees.
