VOTING AND THE MEETING

Purpose of the Meeting

This is the annual meeting of the shareholders of Sonic Corp. (Sonic or the Company). At the meeting, we will be voting upon:

the election of four directors for terms expiring in 2017;

the ratification of our Audit Committee s choice of independent registered public accounting firm for fiscal year 2014;

the approval, by a non-binding advisory vote, of our executive officers compensation;
the approval of the Sonic Corp. 2006 Long-Term Incentive Plan, as amended; and

any other business that may properly come before the meeting.

Our Board of Directors strongly encourages you to exercise your right to vote on these matters. Your vote is important. Voting early through the internet, by telephone or by a proxy or voting instruction card helps ensure that we receive a quorum of shares necessary to hold the meeting.

Recommended Vote

The Board of Directors unanimously recommends that you vote:

PROPOSAL 1: FOR the election of Tony D. Bartel, Lauren R. Hobart, Jeffrey H. Schutz and Kathryn L. Taylor as directors of the Company for terms expiring in 2017.

PROPOSAL 2: FOR the ratification of the Audit Committee s selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2014.

PROPOSAL 3: FOR the approval of our executive officers compensation.

PROPOSAL 4: FOR the approval of the Sonic Corp. 2006 Long-Term Incentive Plan, as amended.

Voting by Proxy and Eligibility to Vote

Our Board of Directors is asking for your proxy, which is a legal designation of another person to vote the shares you own. We have designated two officers of the Company to vote your shares at the meeting in the way you instruct. You may vote if your shares are recorded directly in your name in our stock register (shareholder of record) at the close of business on November 18, 2013. Shareholders who hold shares in street name, that is, through an account with a bank, broker or other holder of record, as of such date may direct the holder of

record how to vote their shares at the meeting by following the instructions for this purpose that the street name holders will receive from the holder of record.

A list of shareholders entitled to vote at the meeting will be available for examination at our corporate offices located at 300 Johnny Bench Drive, Oklahoma City, Oklahoma 73104, for a period of at least 10 days prior to the meeting and during the meeting.

VOTING AND THE MEETING

How to Cast Your Vote

You may vote by any of the following methods:

Internet. Go to www.proxyvote.com 24 hours a day, seven days a week, and follow the instructions. You will need the 12-digit control number that is included in the Notice of Internet Availability of Proxy Materials, proxy card or voting instructions form that is sent to you. The internet voting system allows you to confirm that the system has properly recorded your votes. This method of voting will be available until 10:59 p.m., Central Time, on January 15, 2014.

Telephone. Call toll-free 1-800-690-6903 24 hours a day, seven days a week, and follow the instructions. You will need the 12-digit control number that is included in the Notice of Internet Availability of Proxy Materials, proxy card or voting instructions form that is sent to you. As with internet voting, you will be able to confirm that the system has properly recorded your votes. This method of voting will be available until 10:59 p.m., Central Time, on January 15, 2014.

Mail. If you are a shareholder of record and you elect to receive your proxy materials by mail, you can vote by marking, dating and signing your proxy card exactly as

your name appears on the card and returning it by mail in the postage-paid envelope that will be provided to you. If you hold your shares in street name and you elect to receive your proxy materials by mail, you can vote by completing and mailing the voting instructions form that will be provided by your bank, broker or other holder of record. You should mail the proxy card or voting instruction form in plenty of time to allow delivery prior to the meeting. Do not mail the proxy card or voting instruction form if you are voting over the internet or by telephone.

At the annual meeting. Whether you are a shareholder of record or a street name holder, you may vote your shares at the annual meeting if you attend in person. Even if you plan to attend the annual meeting, we encourage you to vote over the internet or by telephone prior to the meeting. It is fast and convenient, and it saves us significant postage and processing costs. In addition, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted.

Notice and Access

On or about December 2, 2013, we will mail a Notice of Internet Availability of Proxy Materials (the *Notice*) to our shareholders who have not previously requested the receipt of paper proxy materials advising them that they can access this proxy statement, the 2013 annual report and voting instructions over the internet at www.proxyvote.com or they may request that a printed set of the proxy materials be sent to them by following the instructions in the Notice.

The Notice also provides instructions on how to inform us to send future proxy materials to you electronically by e-mail or in the printed form by mail. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials or a link to a special website to access our proxy materials. Your election to receive proxy materials

by e-mail or printed form by mail will remain in effect until you change your election.

If you receive more than one Notice, it means that your shares are registered differently and are held in more than one account. To ensure that all shares are voted, please either vote each account over the internet or by telephone, or sign and return by mail all proxy cards or voting instruction forms. If you are a holder of record, we encourage you to register all of your shares in the same name and address by contacting the Shareholder Services Department at our transfer agent, Computershare, 250 Royall Street, Canton, Massachusetts 02021 or by phone at 1-800-884-4225. If you hold your shares in street name, you should contact your bank or broker and request consolidation.

VOTING AND THE MEETING

Revocation of Proxy

You may revoke your proxy before it is voted at the meeting by:

Submitting a later vote by internet or telephone;

Submitting a new proxy card or voting instruction form with a later date;

Notifying the Company before the meeting by writing to the Corporate Secretary, Sonic Corp., 300 Johnny Bench Drive, Oklahoma City, Oklahoma 73104; or

Voting in person at the meeting.

Attendance at the meeting will not revoke a proxy unless the shareholder actually votes in person at the meeting.

Annual Meeting Admission

Only Sonic Corp. shareholders may attend the annual meeting. Proof of ownership of Sonic Corp. common stock, along with valid picture identification (such as a driver's license or passport), must be presented in order to be admitted to the annual meeting. If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the annual meeting in

person, you must bring a brokerage statement, the proxy card mailed to you by your bank or broker or other proof of ownership to be admitted to the annual meeting. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the annual meeting.

Shareholder Proposals

In order for the Company to include a shareholder proposal in the proxy materials for the next annual meeting of shareholders, a shareholder must deliver the proposal to the Corporate Secretary of the Company no later than

August 4, 2014.

For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph), but is instead sought to be presented directly at the next annual meeting, the Company's Bylaws require shareholders to give advance notice of such proposals. The required notice, which must include the information and documents set forth in the Bylaws, must be given no more than 120 days and no less than 90 days prior to the first

anniversary of the preceding year's annual meeting. If the date of the annual meeting is more than 30 days earlier or more than 60 days later than such anniversary date, notice must be received not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Accordingly, with respect to our next annual meeting, our Bylaws require notice to be provided to the Corporate Secretary of the Company no earlier than September 19, 2014 and no later than October 19, 2014.

Costs of Proxy and Proxy Solicitation

We are paying the cost related to the preparation, printing and distribution of all the proxy materials. We also may use the services of our directors, officers and employees to solicit proxies by mail, email, facsimile, personally or by telephone. We will reimburse any bank,

broker-dealer, or other custodian, nominee or fiduciary for its reasonable expenses incurred in completing the mailing of shareholder requested proxy materials to the beneficial owners of our voting common stock.

SONIC CORP. - 2014 Proxy Statement 3

Table of Contents

VOTING AND THE MEETING

Householding

We are permitted to send a single set of proxy materials to shareholders who share the same last name and address. This procedure is called "householding" and is designed to reduce our printing and postage costs. If you would like to receive a separate copy of a proxy statement

or annual report, either now or in the future, please contact the Corporate Secretary at Sonic Corp., 300 Johnny Bench Drive, Oklahoma City, Oklahoma 73104. Such requests by street name holders should be made through their bank, broker or other holder of record.

Quorum and Voting Requirements

As of the close of business on the record date, November 18, 2013, the Company had 56,319,301 shares of common stock issued and outstanding. Each share has one vote. All shares of common stock may vote on all matters coming before the annual meeting, and a majority of all of the outstanding shares of common stock of the Company entitled to vote at the meeting, represented in person or by proxy, will constitute a quorum for the meeting. If you submit a proxy, your shares will be counted to determine whether we have a quorum even if you withhold authority to vote, abstain or fail to provide voting instructions on any of the proposals listed on the proxy card. If your shares are held in street name, these shares also will be counted for purposes of determining the presence or absence of a quorum for the transaction of business to the extent such nominee exercises its discretion to vote your uninstructed shares on certain matters at the annual meeting.

The Company will treat all abstentions and "broker non-votes," as hereafter defined, as present or represented at the meeting for the purposes of determining whether a quorum exists for the meeting. Banks, brokers and other such holders who do not receive voting instructions from their clients have the discretion to vote uninstructed shares on certain matters ("discretionary matters"), but they do not have discretion to vote uninstructed shares as to certain other matters ("non-discretionary matters"). A broker may return a proxy card on behalf of a beneficial owner from whom the broker has not received voting instructions that casts a vote with regard to discretionary matters but expressly states that the broker is not voting as to non-discretionary matters. The broker's inability to vote with respect to the non-discretionary matters for which the broker has not received voting instructions from the beneficial owner is referred to as a "broker non-vote."

The voting requirements that apply to the proposals discussed in this proxy statement are as follows:

Proposal	Vote Required	Discretionary Voting Allowed?
1. Election of Directors	Plurality	No
2. Ratification of Independent Registered Public Accounting Firm	Majority	Yes
3. Advisory Vote on Executive Officers' Compensation	Majority	No
4. Amendment to the 2006 Long-Term Incentive Plan	Majority	No

A **plurality** means, with regard to the election of directors, that the four nominees for director receiving the greatest number of for votes from our shares entitled to vote will be elected. Abstentions and broker non-votes (discussed below) will not affect the outcome of the election because only a plurality of the votes actually cast is needed to elect directors.

A **majority** means that a proposal receives a number of for votes that is a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the meeting. Therefore, abstentions will have the effect of a vote against approval. Broker non-votes will not affect the outcome of the vote.

Voting Results

We will announce preliminary results at the meeting and publish final results in a current report on Form 8-K within four business days after the meeting.

Table of Contents

CORPORATE GOVERNANCE

Board of Directors

The Board is currently composed of ten independent directors and Clifford Hudson, the Chairman of the Board, Chief Executive Officer and President. The Board recognizes the necessity of effective corporate governance to enable the Board to adequately oversee, advise and monitor the management of the Company.

The Board of Directors of the Company held a total of five meetings (four regular quarterly meetings and one telephonic special meeting) during the Company's last fiscal year. The independent directors met in executive session at each quarterly meeting. Each director attended at least 75% of the meetings of the Board and the Board committees on which he or she served, except Mr. Nichols who attended 71% of the meetings of the Board and the Board committees on which he served. The Company encourages its Board members to attend the annual meeting of shareholders and schedules Board and committee meetings to coincide with the shareholder meeting to facilitate the directors' attendance. All directors, except Mr. Maples, attended the annual meeting of shareholders held in January 2013.

Sonic's policies and practices reflect corporate governance initiatives that are compliant with the listing standards of NASDAQ and the corporate governance regulations of the Sarbanes-Oxley Act of 2002. The Board of Directors has documented its corporate governance practices and adopted Corporate Governance Guidelines, which are designed to formalize these practices and enhance governance efficiency and

effectiveness. The Corporate Governance Guidelines may be found on Sonic's website, www.sonicdrivein.com, by going to the investor section under the corporate section of the website. Among other things, these guidelines address the following:

The Nominating and Corporate Governance Committee is required to review with the Board annually the composition of the Board as a whole, including the directors' independence, skills, experience, age, diversity and availability of service to the Company.

The Board is required to conduct periodic self-evaluation through the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee is required to review and report to the Board at least annually on succession planning for the Chief Executive Officer (CEO), and the CEO is required at all times to make available to the Board his or her recommendations of potential successors.

The independent directors are required to meet in conjunction with each regularly scheduled quarterly Board meeting and at other appropriate times.

The Board and all committees are authorized to hire their own advisors.

Directors who change job responsibilities are required to notify the Board and give the Board the opportunity to review whether they should continue to serve as Board members.

Board Leadership Structure

Chairman. The Board reserves the right to determine from time to time how to configure the leadership of the Board and the Company in the way that best serves the Company and its shareholders. The Board specifically reserves the right to vest the responsibilities of Chairman of the Board and CEO in the same individual. The Board believes that the most effective leadership model for the Company at this time is to have the roles of Chairman and CEO combined. The Board believes this structure promotes the execution of the strategic responsibilities of the Board and management because the CEO is the director most familiar with the Company's business and

industry and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Mr. Hudson currently serves as Chairman of the Board, CEO and President.

The Board believes that the appointment of a lead independent director and the use of regular executive sessions of the non-management directors, along with the Board's independent committee system and substantial majority of independent directors, allow it to maintain effective oversight of management. The Board recognizes that depending on the circumstances, other leadership

Table of Contents

CORPORATE GOVERNANCE

models, such as a separate Chairman of the Board, might be appropriate. Accordingly, the Board regularly reviews and reassesses its leadership structure.

Lead Independent Director. The Company's ten non-management directors, all of whom are independent, have appointed Frank E. Richardson as the Board's lead independent director, and he presides at all executive sessions of the non-management directors. In his capacity as lead independent director, Mr. Richardson (a) coordinates the activities of the non-management

directors; (b) sets the agenda for and leads the non-management director executive sessions; (c) acts as the principal liaison to the Chairman and CEO for the views of, and any concerns or issues raised by, the non-management directors; (d) provides input on and approves the agenda for Board meetings and Board meeting schedules; and (e) consults with the other directors regarding and advises the Chairman and CEO about the quality, quantity and timeliness of information provided to the Board and the Board's decision-making processes.

Director Independence

Upon recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has affirmatively determined that each member of the Board of Directors, with the exception of our Chairman, CEO and President, Clifford Hudson, is independent under the criteria established by NASDAQ for director independence. The NASDAQ criteria include various

objective standards and a subjective test. The objective element consists of specific relationships that automatically preclude a finding of independence. The subjective component requires the Board to make an affirmative determination that there are no other relationships that would impair independence. Mr. Hudson is the only employee member of the Board.

Code of Ethics

All directors, officers and employees of the Company must act ethically at all times and in accordance with the provisions of the Company's Code of Business Conduct and Ethics. The Chief Executive Officer, Chief Financial Officer, Treasurer and Controller are also subject to the Company's Code of Ethics for Financial Officers. The Code of Business Conduct and Ethics and Code of Ethics

for Financial Officers may be found in the corporate governance section of our website, www.sonicdrivein.com. Any amendments to or waivers from a provision of the Code of Business Conduct and Ethics or Code of Ethics for Financial Officers that are required to be disclosed by applicable rules will also be posted in the corporate governance

section of our website.

Practices for Considering Diversity

The charter of the Nominating and Corporate Governance Committee provides that the Committee shall annually review the appropriate characteristics of members of the Board of Directors in the context of the then-current composition of the Board. This assessment includes the following factors: independence, skills, experience, age,

diversity (including diversity of skills, background and experience) and availability. It is the practice of the Nominating and Corporate Governance Committee to consider these factors when screening and evaluating candidates for nomination to the Board of Directors.

Board Involvement in Risk Oversight

The day-to-day responsibility for the identification, assessment and management of the various risks that the Company faces belongs with management. The full Board has primary responsibility for risk oversight, with the Board's standing committees supporting the Board by addressing the risks inherent in their respective areas of oversight. The Board's oversight of risks occurs as an integral and continuous part of the Board's oversight of

the business of the Company. The Board's ongoing oversight of risk in the context of specific aspects of our business is supplemented by a formal risk review process conducted by management. This review identifies the Company's key overall risks and facilitates consideration of those risk exposures, strategic objectives and risk management programs. This formal risk review is discussed with the full Board on at least an annual basis.

CORPORATE GOVERNANCE

Compensation of Directors

In accordance with the Compensation Committee Charter, non-employee director compensation is determined annually by the Board of Directors acting upon the recommendation of the Compensation Committee, except that equity and equity-based compensation is determined only by the Compensation Committee.

For calendar year 2013, commencing with the Board of Directors meeting in January, cash fees earned by the non-employee directors for their services were as follows:

Annual retainer amount of \$35,000 (an increase of \$5,000 from prior year);

Lead director annual retainer amount of \$16,250 (added in 2013);

Audit Committee Chair annual retainer amount of \$15,000 (an increase of \$2,500 from prior year);

Compensation Committee Chair annual retainer amount of \$10,000 (an increase of \$2,500 from prior year);

Nominating and Corporate Governance Committee Chair annual retainer amount of \$7,500;

Additional fee of \$2,500 for each quarterly Board meeting attended;

Additional fee of \$1,000 for each Committee meeting attended; and

Additional fee of \$1,000 for any special telephonic meetings attended.

On the date of the second quarterly Board meeting during the fiscal year, each non-employee director receives an annual equity award grant valued at \$85,000 on the date of the grant, comprised 50% of seven-year, nonqualified stock options and 50% of restricted stock units. Both the stock options and the restricted stock units vest in one year. The exercise price of the stock options is equal to the market value of the common stock on the date of the grant. Prior to the 2012 fiscal year, at the beginning of a non-employee director's first term, the director received an equity award grant valued at \$300,000 on the date of grant, also comprised 50% of seven-year, nonqualified stock options and 50% of restricted stock units. The director then would not begin receiving the annual grants until the fourth year of the director's term. In fiscal 2012, the Compensation Committee eliminated the initial grant to new directors and the waiting period to receive annual grants and instead provided that new directors would receive the same annual grant as

the other directors.

Director Compensation Table

The following table sets forth information as to compensation during fiscal year 2013 paid to each non-employee director of the Company.

(2) In January 2013, the Company granted options to purchase 9,165 shares of common stock of the Company at \$11.07 per share and 3,839 restricted stock units to Ms. Lavelle and Messrs. Benham, Maples, Nichols, Peña, Rainbolt, Richardson and Rosenberg. In August 2013, the

Table of Contents**CORPORATE GOVERNANCE**

Company granted options to purchase 3,629 shares of common stock of the Company at \$15.66 per share and 1,357 restricted stock units to Mr. Schutz. Since Mr. Schutz began his term as a director in August 2010, these equity awards were made as compensation for the period from August 2013, three years after Mr. Schutz's initial equity grant, to January 2014, the next scheduled date for the annual equity award grants to directors. The dollar amounts reflect the aggregate grant date fair values of the stock and option awards. These amounts do not include any reduction in the value for the possibility of forfeiture. See Note 13 of the Notes to Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended August 31, 2013, regarding assumptions underlying valuation of equity awards.

Stock Ownership Guideline for Directors

The Board has adopted stock ownership guidelines for non-employee directors that require each non-employee director to hold all stock awards granted to the director until he or she owns stock valued at least three times the

annual cash fee amount paid to the director. Each of the incumbent non-employee directors currently holds stock and restricted stock units in an amount exceeding the stock ownership requirement.

Director Nominations

Annually, the Nominating and Corporate Governance Committee follows a process designed to consider the re-election of existing directors and seek individuals qualified to become new Board members for recommendation to the Board for any vacancies.

With respect to nominating existing directors, the Nominating and Corporate Governance Committee reviews relevant information available to it, including an assessment of the directors' continued ability and willingness to serve as directors. The Nominating and Corporate Governance Committee also assesses each person's contribution in light of the mix of skills and experience the Nominating and Corporate Governance Committee has deemed appropriate for the Board.

With respect to considering nominations of new directors, the Nominating and Corporate Governance Committee conducts a thorough search to identify candidates based upon criteria the Nominating and

Corporate Governance Committee deems appropriate and considering the mix of skills and experience necessary to complement existing Board members. The Nominating and Corporate Governance Committee then reviews selected candidates and makes a recommendation to the Board. The Nominating and Corporate Governance Committee may seek input from senior management in identifying candidates.

Each candidate for director must possess the following specific minimum qualifications:

Each candidate shall be an individual who has demonstrated integrity and ethics in his or her professional life and has established a record of professional accomplishment in his or her chosen field.

No candidate shall have any material personal, financial or professional interest in any present or potential competitor of the Company.

CORPORATE GOVERNANCE

Each candidate shall be prepared to participate fully in activities of the Board of Directors, including active membership in at least one committee of the Board of Directors and attendance at, and active participation in, meetings of the Board of Directors and the committee(s) of the Board of which he or she is a member.

The Nominating and Corporate Governance Committee will consider nominations for the Board by shareholders the same way it evaluates other individuals for nomination as a new director. Such nominations must be made in accordance with the Company's bylaws.

Communications with Directors

Shareholders may communicate with the non-employee members of the Board of Directors by writing to the Board, c/o Carolyn C. Cummins, Corporate Secretary of the Company. All written submissions that appear to be good faith efforts to communicate with Board members about matters involving the interests of the Company and its shareholders are collected and forwarded on a

periodic basis to the Board. Any concerns relating to accounting, internal accounting controls or auditing matters will be brought immediately to the attention of the Company's Vice President of Internal Audit and handled in accordance with the procedures established by the Audit Committee with respect to such communications.

Our certificate of incorporation provides for a classified board of directors, with three classes of directors each nearly as equal in number as possible. Each class serves for a three-year term, and one class is elected each year. The Board of Directors is authorized by our bylaws to set the number of directors that constitute the whole Board of Directors. In October 2011, the Board increased the size of the Board from 10 to 11 members. The Nominating and Corporate Governance Committee has recommended to the Board of Directors, and the Board of Directors has nominated for election by the shareholders, four individuals. Nominated for re-election are incumbent directors, Jeffrey H. Schutz and Kathryn L. Taylor, whose terms expire at the 2014 annual meeting. Two of our incumbent directors, H. E. Rainbolt and Douglas N. Benham, are not standing for re-election. Mr. Rainbolt has served as a director since 1996. Mr. Benham has served as a director since 2009.

communication among the committee members, the Company's independent registered public accounting firm and management of the Company. In accordance with its charter, the Audit Committee pre-approves all audit and permissible non-audit services. Throughout the year, the committee periodically meets with representatives of the Company's independent registered public accounting firm and also meets with representatives of the internal audit function without management present. Each of the members of the Audit Committee is independent, as defined by the rules of the SEC and the NASDAQ stock market listing standards. The Board of Directors has determined that Mr. Rainbolt is an audit committee financial expert as defined in Item 407(d) of Regulation S-K. In fiscal year 2013, the Audit Committee met seven times, including meetings to review the quarterly financial statements prior to the releases of earnings to the public.

Nominating and Corporate Governance Committee. In accordance with its written charter adopted by the Board of Directors, the Nominating and Corporate Governance Committee identifies individuals qualified to become Board members, recommends to the Board director nominees and monitors significant developments in the law and practice of corporate governance. On October 16, 2013, the Nominating and Corporate Governance Committee nominated the four individuals named above for election as directors at the annual meeting of shareholders. The Nominating and Corporate Governance Committee held five meetings during the Company's last fiscal year. The Nominating and Corporate Governance Committee will consider nominees recommended by the Company's shareholders. addressed to the attention of Carolyn C. Cummins, Corporate Secretary of the Company, and must provide the full name, address and business history of the recommended nominee.

Compensation Committee. In accordance with its written charter adopted by the Board of Directors, the Compensation Committee has responsibility for establishing, implementing and continually monitoring adherence to the Company's compensation philosophy. The Compensation Committee is comprised entirely of independent directors who operate under a written charter approved by the Board of Directors. The Compensation Committee's functions include reviewing and approving the base salary, annual and long-term cash incentive awards and long-term equity incentive awards to the executive officers of the Company other than the CEO, reviewing and recommending to the Board of Directors the compensation of the CEO, as described below, as well as overseeing and reviewing the Company's various equity benefit plans. The Compensation Committee held seven meetings during the Company's last fiscal year.

The Board of Directors annually reviews the performance of the CEO and also sets the compensation of the CEO, including base salary and annual and long-term cash incentive awards, upon recommendation from the Compensation Committee. Our CEO annually reviews the performance of those executives reporting directly to him and makes recommendations to the Compensation Committee regarding compensation for those executives, as well as any other executive officers named in the Summary Compensation Table. Our Compensation Committee may exercise its discretion in accepting or otherwise modifying the proposed compensation and awards to those executive officers.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis****Executive Summary**

The goal of our executive compensation program is to attract, retain and reward leaders who create long-term value for our shareholders. The key objectives of our executive compensation program are to motivate our executives to increase profitability and shareholder returns, to pay a significant portion of compensation based on performance and to compete for and retain talent.

We believe our compensation program provides an appropriate mix of compensation to incentivize our executives. Approximately 75% of our CEO's direct compensation opportunity for fiscal 2013 was performance-based.

Below is a chart that summarizes the significant elements of our executive compensation program:

Direct compensation elements⁽¹⁾	Performance-based	Primary metric	Terms
Salary		n/a	Evaluated annually, based on such factors as competitive benchmarks, Company performance and individual performance
Annual Cash Incentive	X	Earnings per share (EPS)	Based solely on financial metric
Three-Year Cash Incentive	X	Earnings before interest, taxes, depreciation, amortization and rent (EBITDAR)	Based solely on financial metric
		for fiscal 2011 and fiscal 2012; EPS for fiscal 2013	
Stock Options	X	Stock price	Vest one-third each year; seven-year term

(1) Indirect compensation elements include retirement programs and other limited personal benefits.

Our pay package includes base salary, short-term (annual) and long-term (three-year) cash incentive awards, and a long-term equity award in the form of stock options. For fiscal years 2012 and 2011, the performance metric for our long-term (three-year) cash incentive award was EBITDAR. As noted in last year's proxy statement, the Compensation Committee changed the performance metric for the fiscal 2013 awards to EPS instead of EBITDAR. This change was

made because the Compensation Committee believes that, over time, EPS results are the primary driver of our stock price, an important indicator of our profitability, and an accurate indicator of long-term Company performance. As in the past, the performance metric for our short-term (annual)

cash incentive award was EPS for fiscal 2013. We consider EPS a key indicator of how well management is executing the Company's strategy. We believe stock price performance should also be an important driver of compensation to align management and shareholder interests. Our long-term equity award, which is granted in the form of stock options, only has value if our stock price increases above the exercise price of the options, which is the market value of the stock on the date of grant. We believe this approach is in the best interests of the Company and our shareholders for the following reasons:

1. It ensures a strong pay-for-performance alignment.

Our executive compensation program is designed to be results-aligned. We believe that when Sonic achieves a

Table of Contents

EXECUTIVE COMPENSATION

high level of performance through increased profits and a higher stock price, our named executive officers should be compensated. So when our shareholders are rewarded, our executive officers are also rewarded. Similarly, when Sonic's performance does not achieve these results, our named executive officers should receive much lower or no incentive compensation.

2. It emphasizes variable, at risk compensation.

As a result of our executive compensation philosophy, in fiscal 2013, an average of 68% of the total compensation

opportunity of our named executive officers was delivered in the form of an annual performance based cash bonus opportunity, long-term cash incentive and long-term equity incentive in the form of stock options. The following charts illustrate how each compensation component for fiscal 2013 disclosed in the Summary Compensation Table and long-term cash incentive opportunity were weighted for our Chief Executive Officer and the other named executive officers as a group.

3. It directly links executive compensation to tangible financial results.

Performance was strong in fiscal 2013, and this positive performance was reflected with short-term incentive awards being paid for fiscal 2013. The Company's strong sales were driven by the Company's successful implementation of initiatives to improve service, product quality and value perception with increased media effectiveness. These initiatives complemented an innovative product and promotion pipeline. Highlights of our performance in fiscal 2013 include the following:

System-wide same-store sales increased 2.3% and same-store sales for Company drive-ins increased 2.5% over the prior year;

The Company achieved 20% growth in EPS, excluding certain adjustments;

The Company completed the repurchase of \$35.5 million of stock, representing approximately 6% of outstanding shares at the beginning of the year (these repurchases were accretive to earnings per share); and

The Company completed a partial refinancing of its securitized debt, at an interest rate of 3.75% per annum, generating estimated interest savings of approximately \$2.5 million per year.

Best Practices

For our annual shareholders meeting in January 2013, we submitted a proposal to our shareholders for an advisory vote on the fiscal 2012 compensation of our named executive officers (commonly known as a Say-on-Pay vote), and it received the support of over 98% of the total votes cast.

We believe that the outcome of the Say-on-Pay vote signals our shareholders' support of our compensation approach. We evaluate our executive compensation program at least annually, and this year we have taken into account the outcome of the Say-on-Pay vote at the January 2013 annual meeting when considering the executive compensation program for fiscal 2013. The Compensation Committee engaged in substantial

EXECUTIVE COMPENSATION

internal discussions about our compensation philosophy and possible design alternatives. As a result of these discussions, the Compensation Committee reaffirmed the fundamental principles of clearly linking executive compensation to Sonic's performance.

We value the opinions of our shareholders and will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our named executive officers.

The following policies and practices are important elements of our executive compensation program:

Pay for Performance. The vast majority of total direct compensation is tied to performance.

Stock Ownership. We have stock ownership requirements for our CEO, requiring him to own stock equal in value to at least five times his annual salary. As of September 30, 2013, our CEO owned Sonic stock equal in value to more than 16 times his base salary.

Cash Incentives. Our three-year cash incentives require growth in EBITDAR (grants in fiscal 2011 and fiscal 2012) and EPS (grant in fiscal 2013) to yield a payout. Both our annual and three-year cash incentives utilize caps on potential payments.

Clawbacks. In August 2012, we adopted compensation recovery, or clawback, provisions in our employment agreements that will apply to all incentive compensation programs. We intend to adopt a comprehensive clawback policy after the SEC adopts its rules regarding clawbacks under the Dodd-Frank Act.

Change in Control. We do not intend to enter into any new change in control agreements, and our current agreements are double-trigger, meaning that none of the Company's executive officers are eligible to receive cash payments solely as a result of a change in control of the Company. Severance payments will be provided following a change in control only if the executive is terminated without cause or resigns for good reason.

Independent Consultant. The Compensation Committee benefits from its utilization of an independent compensation consultant, and the compensation consultant acts at the sole direction of the Compensation Committee.

Equity Plans. Our 2006 Long-Term Incentive Plan provides for a three-year minimum vesting period for all time-based vesting equity awards for employees and a one-year minimum vesting period for all performance-based equity awards.

Tax Gross-ups. The Company does not provide any tax gross-ups with respect to payments made in connection with a change in control.

Company Stock Transactions. The Company prohibits its executive officers from engaging in hedging or other speculative transactions in Company stock.

Compensation Committee. The Compensation Committee is comprised solely of independent directors.

No Repricing of Underwater Stock Options. When our stock price declines or stays flat, our named executive officers realize no benefit from their outstanding stock options. We believe this is appropriate because our shareholders also would not have benefited from owning shares of Sonic common stock during this time.

EXECUTIVE COMPENSATION

James P. O'Reilly, Senior Vice President and Chief Marketing Officer, and

Paige S. Bass, Vice President and General Counsel.

Our Compensation Committee, comprised entirely of independent directors, is responsible for aligning our compensation programs with our compensation philosophy. The Compensation Committee reviews and approves any compensation decisions regarding vice presidents and above (with input from the CEO), and recommends the compensation of the CEO to the full Board of Directors. The Board then sets the CEO's compensation based on its evaluation of the CEO's performance.

The types of compensation and benefits provided to the named executive officers are generally similar to those provided to other officers. Eligibility for and benefits offered in the Company's health and benefit plans and employee stock purchase plan are generally available to all corporate employees, including named executive officers. The only perquisites provided to named executive officers, as well as all other officers, are car allowances and premiums paid for certain life, accidental death and dismemberment insurance and long-term disability benefits. The Company does not offer any retirement plan or compensation for named executive officers other than the Company's 401(k) plan, in which all employees may participate, and the Company's nonqualified deferred compensation plan, which is solely funded by employee contributions and the same employer contributions as provided under the 401(k) plan.

CEO Pay is Aligned with Performance. Pay for performance is a key component of the Company's executive compensation philosophy. The Company's executive compensation program has been structured to link a significant portion of the compensation of the named executive officers with the Company's performance. While the program includes a base salary designed to attract, retain and motivate named executive officers, it also places a substantial amount of total executive compensation, including compensation of the CEO, at risk based on the performance of the Company and the executive through annual and long-term cash incentive and equity-based compensation awards. As discussed below, annual and long-term cash incentive awards are performance-based awards and represent at-risk compensation because minimum levels of performance must be attained in order for any payout to occur. Similarly, because stock option awards only have value if the stock price increases, these awards are performance-based and at risk.

Our pay-for-performance compensation program aligns the compensation of the CEO with the interests of the Company's shareholders, with a substantial amount of the CEO's target total direct compensation being at-risk performance-based compensation. For fiscal 2013, target at-risk performance-based compensation represented approximately 75% of our CEO's target total direct compensation.

Fiscal 2013 Compensation Initiatives. The Company's compensation actions for fiscal 2013 generally reflected the Company's improved financial performance. Based on competitive trends and other factors considered by the Compensation Committee in consultation with its independent compensation consultant, the following actions were taken in fiscal 2013:

In light of the total shareholder return in fiscal 2012 and targeting the median base salaries of the Company's peer group, the Compensation Committee made increases to the base salaries of the named executive officers.

The Company has maintained its practice of providing limited perquisites, consisting solely of car allowances and premiums paid for certain life, accidental death and dismemberment insurance and long-term disability benefits.

The Company continued the long-term cash incentive award program implemented in fiscal 2011, as described on pages 21-22.

Compensation Objective. The objective of our executive compensation program is to ensure that compensation paid to the named executive officers is closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation assists the Company in attracting, motivating and retaining key executives critical to its long-term success. The Compensation Committee strongly believes that the caliber of our executive team makes a significant difference in our sustained success. To that end, the following principles guide the development of the executive compensation program:

motivate our executives to increase profitability and shareholder returns;

pay a significant portion of compensation based on Company performance and therefore at risk ; and

provide competitive levels of compensation to attract and retain the best qualified executive talent.

EXECUTIVE COMPENSATION

Process of Setting Compensation. In setting compensation for fiscal 2013, the Compensation Committee considered, among other things:

the benchmarking data and analyses described below;

our overall performance in fiscal 2012, including our financial and operating performance;

each named executive officer's individual performance and contributions to our achievement of financial goals and operational milestones;

each named executive officer's job responsibilities, expertise, historical compensation, and years and level of experience;

the relative compensation levels of our named executive officers;

the importance of retaining each named executive officer and each named executive officer's potential to assume greater responsibilities in the future; and

whether the incentive criteria provide a balance of short-term and long-term incentives and mitigate any risk of a material adverse effect on the Company.

Components of Compensation. There are four main components of our executive compensation program:

base salary;

annual cash incentives;

long-term cash incentives; and

long-term equity incentives in the form of stock options.

Our Compensation Committee considered each of these components within the context of a total rewards framework and the Company's pay-for-performance philosophy. We strive to be competitive in the marketplace by appropriately balancing all elements of compensation (short-term versus long-term and fixed versus variable) while recognizing the Company's performance, as well as the named executive officer's performance, contributions and experience, and internal pay fairness. In maintaining our philosophy of paying for performance, compensation is more heavily weighted towards variable at-risk compensation than fixed compensation, which is provided as base salary. This weighting is identified in the table below which shows our fixed versus variable mix for targeted total compensation.

TARGETED FIXED VERSUS VARIABLE COMPENSATION MIX FOR THE NAMED EXECUTIVE OFFICERS FOR CALENDAR YEAR 2013

Name	Position	Variable Compensation	
		Fixed Compensation as % of Target Total Compensation	as % of Target Total Compensation
Clifford Hudson	Chairman of the Board, CEO and President	25%	75%
Stephen C. Vaughan	Executive Vice President and Chief Financial Officer	35%	65%
Omar R. Janjua	President of Sonic Restaurants, Inc. and Chief Restaurant Operations Officer of Sonic Industries Services Inc.	36%	64%
James P. O'Reilly	Senior Vice President and Chief Marketing Officer	42%	58%
Paige S. Bass	Vice President and General Counsel	42%	58%

Compensation of named executive officers is also more heavily weighted towards long-term cash and equity incentives than short-term incentives to align the interests of executives with our shareholders and facilitate the creation of value for shareholders. In furtherance of the Company's philosophy of rewarding executives for future superior financial performance, prior stock compensation gains are generally not considered in setting future compensation levels.

In furtherance of the compensation philosophy described above, our Compensation Committee has engaged Mercer Human Resource Consulting (Mercer) to conduct an annual review of our total compensation program for our named executive officers and provide relevant market data concerning executive pay practices.

Mercer does not provide any other services to the Company. The last review by Mercer was conducted in October 2012 prior to setting calendar 2013 compensation and provided data consisting of proxy information of peer companies as well as an analysis of executive compensation survey data for the restaurant industry maintained by Mercer, Towers Watson and Aon Hewitt.

In making compensation decisions, our Compensation Committee compares each element of total compensation against our compensation peer group, which is a benchmarking peer group of publicly traded and privately held restaurant companies, as augmented by survey data where position matches were not available. Our compensation peer group is carefully

Table of Contents**EXECUTIVE COMPENSATION**

selected in consultation with Mercer based on criteria including restaurant industries, operating structure and size. The peer group is periodically reviewed and updated by our Compensation Committee to consist of companies against which the Compensation Committee believes we compete for talent. For calendar 2013, the Committee removed O Charley's, which was acquired

and no longer has publicly available information, and Chipotle and Luby's, since they no longer fit the overall profile of the Company and the other peer group companies. BJ's restaurants and Bob Evans Farms were added as other restaurant companies the Committee deemed relevant for comparative purposes.

The companies comprising our compensation peer group for 2013 were:

AFC Enterprises	Denny's	Papa John's
BJ's Restaurants	DineEquity	Red Robin
Biglari Holdings Inc.	Domino's Pizza	Ruby Tuesday
Bob Evans Farms	Einstein Noah Restaurant	Texas Roadhouse
Buffalo Wild Wings	Jack in the Box	Wendy's
CEC Entertainment	Panera Bread	

At the time of setting 2013 compensation, the Compensation Committee considered fiscal 2011 data, which was the most recent financial and compensation data of our peer group provided in the October 2012 review. For comparison purposes, the Company's annual revenues in fiscal 2012 were below the 25th percentile in revenues of our compensation peer group, and the Company's market value was between the 25th percentile and the median in market value of our compensation peer group companies. The Company's system-wide revenues were above the 75th percentile in terms of system-wide revenues of our peer group. The following sections describe in greater detail each of the elements of our named executive officer compensation program, why they were selected, and how the amounts of each element were determined.

Base Salary. Base salary is designed to compensate our named executive officers for their experience, knowledge of the industry, duties and responsibilities, and to provide a minimum, fixed level of cash compensation to attract and retain talented named executive officers who can successfully design and execute our business strategy. In determining base salaries, we consider each named executive officer's roles and responsibilities, experience, unique skills, individual performance and future potential with Sonic, along with salary levels for similar positions in our peer group and internal pay equity. Our compensation philosophy is to target base salaries close to the median of our compensation peer group for each named executive officer. Base salaries are reviewed annually during our

benchmarking process. For fiscal 2013, the base salaries for the named executive officers ranged from 90% to 106% of the peer group median base salary for fiscal year 2011 (based on the October 2012 annual review information available when

compensation was reviewed in January 2013). Base salaries for named executive officers are reviewed on a calendar year basis. After not receiving any increase in base salary for three years, Mr. Hudson's base salary was increased 8.8% for calendar 2013. The other named executive officers received increases ranging from 2.5% to 12.7%. These changes were made as a result of the strong performance in fiscal 2012 and to move salaries closer to the respective officer peer-group medians.

Annual Cash Incentive. We provide performance-based annual cash incentive award opportunities to our named executive officers, as well as other officers and mid-level management personnel. These short-term cash incentives are designed to reward the achievement of specific, pre-set performance objectives measured over the fiscal year. Awards under the annual cash incentive program are based on the Compensation Committee's belief that a significant portion of the annual compensation of named executive officers should be contingent on achievement of the annual performance goals of the Company.

The Compensation Committee measures the performance of the Company against an annual business plan prepared by management and reviewed and approved by the Board of Directors prior to the beginning of the fiscal year. Achievement of the EPS target set forth in the annual business plan will result in the payment of a cash incentive award equal to a percentage of the base salary of the named executive officer. The EPS target is approved by the Board and designed to reinforce our focus on profitability and enhancement of long-term shareholder value. The target incentive awards are generally set at the median of our compensation peer group, taking into account individual performance, program costs and total compensation targets.

Table of Contents**EXECUTIVE COMPENSATION**

These target award levels are reviewed periodically by our Compensation Committee. The target percentages for each named executive officer are based on the scope of the named executive officer's responsibilities, internal pay equity among named executive officers with similar responsibilities and competitive considerations. The target percentage of base salary for each of our named executive officers for fiscal years 2013 and 2012 was as follows:

Name	2013 and 2012
Clifford Hudson	100%
Stephen C. Vaughan	75%
Omar R. Janjua	75%
James P. O'Reilly	50%
Paige S. Bass	50%

Named executive officers must achieve a threshold level of 80% of the established EPS target in order to be rewarded with 25% of their target annual incentive awards. Incremental progress from 80% to 100% of the established EPS goal will allow the remaining 75% of the target incentive award to be earned. Thus, consistent with our pay-for-performance philosophy, only when performance meets the EPS target will named executive officers be able to realize the entirety of their target incentive awards. The Board of Directors sets the EPS target to require strong performance in order to achieve the target incentive awards. To encourage exceptional performance, achievement in excess of the EPS target will result in the payment of an incentive award equal to an additional 3% of the target incentive award for every 1% EPS exceeds the EPS target. For example, if the Company achieved 103% of the EPS target for the fiscal year, the named executive officer would be entitled to receive 109% of his target incentive award. The award is capped at 116 2/3% of the EPS target (or 150% of the target annual incentive award). Our Compensation Committee retains discretion to reduce, but not increase, the annual incentive awards as it sees fit in light of unusual or unforeseen developments that impact the Company or the industry in which it operates.

For fiscal 2013, the EPS target was \$0.69. Actual performance in fiscal 2013 resulted in a payout of 113.8% of the target annual incentive amounts for the named executive officers. For fiscal year 2012, the payout was 85% of the target annual incentive amount. For fiscal year 2011, the payout was 114% of the target annual incentive amount. For fiscal years 2010 and 2009, no annual cash incentives were paid to our named executive officers based on the Company's financial performance. The Compensation Committee did not

exercise discretion to alter any individual awards for fiscal 2013 or the prior four fiscal years under the annual incentive award program.

In January 2013, the Company's shareholders adopted the Executive Cash Incentive Plan (the "Cash Plan"). The Cash Plan allows for both short-term and long-term performance-based cash incentive awards that are intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code, as amended. Our annual cash incentive awards for fiscal 2013 were granted under the Cash Plan; however, the structure and objectives (including the performance metrics) for these awards, as described above, have not changed from our historical

practice.

Long-Term Cash and Equity Incentives. A key component of our named executive officer compensation program includes rewards for long-term strategic accomplishments and enhancement of long-term shareholder value through the use of long-term cash and equity-based incentives. As a result, our officers' interests are closely aligned with shareholders' long-term interests. We believe that long-term incentive compensation performs an essential role in attracting and retaining executive talent and provides executives with incentives to maximize the value of shareholders' investments. The annualized value of the long-term incentives awarded to our named executive officers is intended to be the largest component of our overall compensation package.

The Sonic Corp. 2006 Long-Term Incentive Plan (the *Equity Plan*) provides our Compensation Committee flexibility in the choice of vehicles used to make long-term incentive equity grants, including the ability to issue stock options, performance share units and restricted stock units. The Compensation Committee reviews the types of awards granted annually to ensure we spend our shares responsibly and understand the cost associated with each type of available award.

As mentioned under *Annual Cash Incentive* above, at the January 2012 annual meeting, the shareholders approved the Company's Cash Plan. The Cash Plan allows for the grant of both short-term and long-term cash incentive compensation based on the Company's performance. With respect to long-term incentives, the Cash Plan provides an additional means for incentive awards to align executives with the Company's long-term performance and provides a long-term component based on measures that are not limited to stock price. The Cash Plan permits the Compensation Committee to select the performance metrics applicable to a long-term

Table of Contents**EXECUTIVE COMPENSATION**

incentive award from among a list of permitted metrics. As discussed below, for the long-term cash incentive awarded to executive officers in fiscal 2013, the performance metric is EPS. Given that long-term incentives have historically been provided to executives solely in the form of equity awards, the Cash Plan allows for long-term incentive awards that are not equity based, thereby reducing share dilution.

For fiscal 2013, as in fiscal years 2012 and 2011, the Compensation Committee determined that the Company's executive officers' long-term incentive awards should be comprised of 50% long-term cash awards under the Cash Plan and 50% long-term equity awards (in the form of stock options) under the Equity Plan. In determining the number of stock options to be granted for fiscal 2013, our Compensation Committee utilized a formula which consists of 50% of base salary multiplied by a percentage determined by the Committee based on the total long-term incentive target award for the executive officer, then divided by the closing market price of our common stock on the grant date. For fiscal year 2013, the percentage was 200% for Mr. Hudson, 100% for Messrs. Vaughan and Janjua, and 85% for Mr. O'Reilly and Ms. Bass. Stock options are granted with an exercise price equal to the closing market price of our common stock on the grant date (which is the date of the quarterly Compensation Committee meeting). Options vest over a period of three years, with one-third becoming exercisable on each anniversary of the grant date as long as the named executive officer is still employed by us on the date of vesting, and expire after seven years. The periodic vesting provisions are in place to encourage the named executive officers to remain with the Company. Stock options only have value if our stock price appreciates after the options are granted.

With regard to the long-term cash awards under the Cash Plan, for fiscal 2013, each named executive officer was given a target award equal to the Black-Scholes value of his stock option award. Cash payment under the long-term cash awards is based on the Company's attainment of certain EPS targets over a performance period commencing September 1, 2012 and ending August 31, 2015. The actual amount of the cash award will vary

between 0% and 150% of the target award, with payout occurring as follows:

Performance Level	Compounded Annual Growth in EPS	Payout vs. Target Award⁽¹⁾
Maximum	27.0%	150%
Target	18.3%	100%
Minimum	6.0%	25%

(1) Interpolation used for performance between the minimum payout (25%) and maximum payout (150%).

Our Compensation Committee retains discretion to reduce, but not increase, the long-term cash incentive awards as it sees fit in light of unusual or unforeseen developments that impact the Company or the industry in which it operates.

Target long-term incentive award values are determined by the Compensation Committee by analyzing benchmark data, individual performance, program cost and total compensation targets. Long-term incentive equity award grants to named executive officers are made annually at our quarterly Compensation Committee meeting in January. Our

quarterly Compensation Committee meeting dates are generally set in conjunction with our quarterly Board meetings and are scheduled about a year in advance of the meetings. In addition to regular long-term equity incentive award grants, at times our Compensation Committee makes special stock option grants, usually in connection with promotions and new employment, which are made at the quarterly Compensation Committee meeting following the event triggering the grant. There is no relationship between the timing of the granting of equity-based awards and our release of material non-public information. The Equity Plan provides for a three-year minimum vesting period for all time vesting-based equity awards for employees and a one-year minimum vesting period for all performance-based equity awards granted to employees.

CEO Compensation. The Compensation Committee sets the compensation of all named executive officers other than the CEO. With respect to the CEO, the Compensation Committee recommends his compensation to the full Board, which then sets the CEO's compensation based on the Board's evaluation of the performance of the CEO for the prior fiscal year. The Board's evaluation of the CEO considers the CEO's performance against qualitative goals and objectives approved by the Board for the prior fiscal year (specifically addressing any areas where objectives were

22 SONIC CORP. - 2014 Proxy Statement

not met) and the CEO's self-evaluation of his performance against the goals and objectives. Mr. Hudson's compensation for fiscal 2013 was higher than that of other named executive officers primarily because of his greater influence over and responsibility for the Company, the compensation levels of comparable executives at companies within our compensation peer group, and his long tenure with the Company.

Stock Ownership Guidelines. Historically, we have encouraged our executives to own Sonic stock and have monitored ownership levels. The Company has stock ownership guidelines for the CEO which provide for stock ownership by the CEO of at least five times his base salary. As of September 30, 2013, Mr. Hudson owned Sonic stock equal in value to more than 16 times his base salary.

Termination and Change in Control Arrangements. We have employment agreements with each named executive officer. The employment agreements provide that if the Company terminates the named executive officer's employment other than for cause or fails to renew the officer's contract, the Company must pay the named executive officer certain severance benefits. The contracts for the named executive officers also provide that, upon a change in control of the Company, if the Company terminates the officer's employment other than for cause or violates any term of the contract, the Company must pay the officer severance benefits. These severance and change in control payments are discussed in more detail under *Potential Payments upon Termination or Change in Control* on page 28. The agreements regarding severance payments are designed to be competitive with similar agreements of our compensation peer companies in order to attract, retain and motivate named executive officers, provide for stability and continuity of management in the event of any actual or threatened change in control, encourage named executive officers to remain in service after a change in control and ensure that named executive officers are able to devote their entire attention to maximizing shareholder value in the event of a change in control. The Compensation Committee has determined that the amounts payable under the employment agreements are necessary to achieve those objectives.

As described below, none of the employment agreements provide for the payment of severance upon a change of control unless the employee is terminated without cause or resigns for good reason. In addition, the Company does not provide any tax gross-ups with

respect to payments made in connection with a change in control.

Tax Deductibility of Pay. In determining executive compensation, our Compensation Committee considers several factors, including the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended, which limit the deductibility by the Company of certain categories of compensation in excess of \$1,000,000 paid to certain executive officers. One exception applies to performance-based compensation paid pursuant to shareholder-approved employee benefit plans (essentially, compensation that is paid only if the individual's performance meets pre-established objective performance goals based on performance criteria approved by our shareholders). Generally, our Compensation Committee believes that it is in the interests of the Company's shareholders to preserve the deductibility of compensation paid to executive officers of the Company, while still maintaining the goals of the Company's executive compensation program. However, where it is deemed necessary and in the best interest of the Company to continue to attract and retain the best possible executive talent, and to motivate such executives to achieve the goals inherent in the Company's business strategy, the Committee may approve compensation to named executive officers that may exceed the limits of deductibility. For fiscal 2013, all compensation paid to our named executive officers qualified for deduction under Section 162(m).

Compensation Risk. In fiscal 2013, the Compensation Committee reviewed the Company's various incentives and other compensation programs and practices and the processes for implementing these programs to determine whether any risks arising from our compensation policies and practices for our named executive officers and other employees could encourage decision-making that could expose the Company to unreasonable risks of material adverse consequences. In conducting this review, the Compensation Committee considered a risk assessment analysis performed by the Hay Group, an independent compensation consulting firm, with regard to the Company's compensation policies and practices in fiscal 2010. In addition, the Compensation Committee has reviewed the changes in incentive compensation made since fiscal 2010. Based on this review, the Compensation Committee determined that the risks arising from the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company.

Table of Contents

EXECUTIVE COMPENSATION

In making this determination, the Compensation Committee considered the various components of compensation and the compensation decision-making process including:

A Balanced Mix of Compensation Components. The target compensation mix for our executive officers is composed of salary, annual cash incentives and long-term equity and cash incentives, representing a mix that is not overly weighted toward short-term cash incentives.

Capped Incentive Awards. Annual and long-term cash incentive awards are capped at 150% of target.

Independent Compensation Consultant. Our Compensation Committee has retained Mercer Human Resources Consulting as its independent compensation consultant.

Multi-Year Vesting. The performance period and vesting schedules for long-term incentives overlap and, therefore, reduce the motivation to maximize performance in any one period. All long-term performance cash awards have a three-year performance period. All time-vested equity awards, including stock options, have a minimum vesting period of three years for employees.

Performance Metrics. All performance metrics for our short-term and long-term cash awards are based on audited metrics.

Discretion. Our Compensation Committee has the ability to exercise discretion to reduce final payouts of all short-term and long-term performance-based awards.

Conclusion. The Compensation Committee believes the compensation delivered to the named executive officers for fiscal 2013 is reasonable and appropriate. Further, the Compensation Committee believes the total executive compensation program does not encourage executives to take unnecessary or excessive risk.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted,

The Compensation Committee

Potential Payments upon Termination or Change in Control

We have entered into employment agreements with Mr. Hudson, our Chairman of the Board, Chief Executive Officer and President, and the other named executive officers. Mr. Hudson's agreement is for a two-year term which

automatically extends each year for one additional year to maintain successive terms of two years unless specifically terminated or not renewed by the Company. The agreements for all other named executive officers automatically renew for successive one-year terms unless specifically terminated or not renewed by the Company. The employment agreements provide that if the Company terminates the named executive officer's employment other than for cause or fails to renew the officer's contract, the officer will receive his or her base salary for a 24-month period after termination in the case of Mr. Hudson, and for a 12-month period after termination in the case of Messrs. Vaughan, Janjua and O'Reilly and for a six-month period after termination in the case of Ms. Bass. The agreements define "cause" as (1) the willful and intentional failure to perform

substantially the officer's duties (other than because of physical or mental incapacity), (2) the commission of an illegal act in connection with the officer's employment, (3) the commission of any act which falls outside the ordinary course of the officer's responsibilities and which exposes the Company to a significant level of undue liability, (4) any act or omission that constitutes a material breach by the officer of any of the officer's obligations under the employment agreement, (5) the officer's conviction of, or plea of *nolo contendere* to, any felony or another crime involving dishonesty or moral turpitude or which could reflect negatively upon the Company, (6) the officer's engaging in any act of dishonesty, violence or threat of violence that is injurious to the Corporation, (7) the officer's material breach of a written policy of the Company or the rules of any governmental or regulatory body applicable to the Company, or (8) any other willful misconduct by the officer which is materially injurious to the financial condition or business reputation of the Company.

Table of Contents**EXECUTIVE COMPENSATION**

The contracts for all of the named executive officers also provide that, upon a change in control of the Company, if the Company terminates the officer's employment other than for cause or violates any term of the contract, the Company must pay the officer a lump sum equal to a specified multiple of the officer's then-current salary, not to exceed the maximum payable without a loss of the deduction under Section 280G of the Internal Revenue Code. The specified multiple equals two times the amount of their annual base salary for all of the named executive officers of the Company, except for Mr. Hudson (who would receive three times his annual base salary) and for Ms. Bass (who would receive the amount of her annual base salary). The same lump sum provision applies if the officer should resign after a change in control for good reason, which includes (without limitation) the occurrence without the officer's consent of the assignment to the officer of duties inconsistent with the officer's position with the Company or a reduction in the officer's salary. The officer's contracts generally define a change in control to include any consolidation or merger of the Company in which the Company does not continue or survive or pursuant to which the shares of capital stock of the Company convert into cash, securities, or other property; any sale, lease, exchange, or transfer of all or substantially all of the assets of the Company; the acquisition of 50% or more of the outstanding capital stock of the Company

by any person; or a change in the make-up of the Board of Directors of the Company during any period of two consecutive years, pursuant to which individuals who at the beginning of the period made up the entire Board of Directors of the Company cease for any reason to constitute a majority of the Board of Directors, unless at least two-thirds of the directors then and still in office approved the nomination of the new directors. A determination of cause after a change in control requires the affirmative vote of at least a majority of the members of the Board of Directors.

Other than the foregoing agreements, the Company has no compensatory plan or arrangement with respect to its named executive officers which would result from the resignation, retirement, or termination of any named executive officer's employment with the Company, from a change in control of the Company, or from a change in a named executive officer's responsibilities following a change in control of the Company.

The following table describes and quantifies certain compensation that would become payable under the contracts described above if the named executive officers' employment had terminated on August 31, 2013, the last day of the fiscal year. The amounts are based on each officer's compensation as of that date, and if applicable, the Company's closing stock price of \$15.96 on that date.

(1) Named executive officers do not receive any payments upon termination as a result of long-term disability other than the long-term disability benefits provided to all corporate employees in the amount of 70% of the employee's salary, but not to exceed \$10,000 per month, until the employee reaches the age of 65.

(2) Under the 2006 Plan, unvested stock options do not automatically vest upon a change in control; however, the Compensation Committee has the authority and may determine at any time that unvested stock options will automatically vest upon a change in control. The amounts reflected assume the Compensation Committee will make such determination, and the values are based on the closing price of \$15.96 on August 31, 2013, for a share of Sonic Corp. stock.

RATIFICATION OF SELECTION
OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

Sonic is asking its shareholders to ratify the Audit Committee's appointment of KPMG LLP (KPMG) as Sonic's independent registered public accounting firm for the fiscal year ending August 31, 2014. Although ratification of the Audit Committee's selection of KPMG is not required under our bylaws or other legal requirements, we are submitting the appointment of KPMG to the shareholders as a matter of good corporate practice. In the event that the shareholders fail to ratify the appointment, the Audit Committee will consider the view of the shareholders in determining its selection of the Company's independent public accountants for the subsequent fiscal year. Representatives of KPMG will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Audit Committee conducted a comprehensive, competitive process to select the Company's independent registered public accounting firm for the fiscal year ending August 31, 2014. The Audit Committee invited four national accounting firms to participate in the process, including Ernst & Young LLP (EY), the Company's prior independent registered public accounting firm. As a result of this process and following careful deliberation, on November 18, 2013, the Audit Committee engaged KPMG as the Company's independent registered public accounting firm for the Company's fiscal year ending August 31, 2014, and dismissed EY from that role.

EY's reports on the Company's consolidated financial statements as of and for the fiscal years ended August 31, 2013 and 2012 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended August 31, 2013 and 2012, and the subsequent interim period through November 18, 2013, the date of EY's dismissal, there were no disagreements with EY on any matter of

accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to EY's satisfaction, would have caused EY to make reference to the subject matter of any such disagreement in connection with its reports for such years and interim period and no reportable events (as that term is defined in Item 304(a)(1)(v) of Regulation S-K) during the two most recent fiscal years or the subsequent interim period.

During the fiscal years ended August 31, 2013 and 2012, and the subsequent interim period through November 18, 2013, neither the Company nor anyone on its behalf has consulted with KPMG regarding the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements and neither a written report nor oral advice was provided to the Company that KPMG concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue, any matter that was the subject of a disagreement within the meaning of Item 304(a)(1)(iv) of Regulation S-K, or any reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

The Company provided EY and KPMG with a copy of the disclosures required by Item 304(a) of Regulation S-K prior to the time this proxy statement was filed with the SEC. In the event that EY or KPMG believed the disclosures were incorrect or incomplete, each was permitted to express its views in a brief statement to be included in this proxy statement. Neither submitted such a statement.

The Board of Directors recommends a vote For the ratification of the appointment of KPMG LLC as the Company's independent registered public accounting firm for fiscal year 2014.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee also reviews whether any of the senior audit team members receive any discretionary compensation from the audit firm with respect to non-audit services performed by the independent registered public accounting firm.

The Audit Committee has considered whether the provision of these services is compatible with maintaining the independence of the independent registered public accounting firm and has determined that such services have not adversely affected such independence. All of the fees for fiscal years 2013 and 2012 were pre-approved by the Audit Committee, and there were no instances of waiver of approval requirements during those periods.

REPORT OF AUDIT COMMITTEE

The Audit Committee is comprised of six directors and operates under a written charter, a copy of which is available on the Company's website (*www.sonicdrivein.com*). Each of the members of the Audit Committee meets the independence requirements of NASDAQ and the Sarbanes-Oxley Act of 2002. The Audit Committee held seven meetings in fiscal 2013. The meetings facilitated communication with senior management and employees, the internal auditors and Ernst & Young LLP, the Company's independent registered public accounting firm (Ernst & Young). The Committee held discussions with the internal auditors and Ernst & Young, both with and without management present, on the results of their examinations and the overall quality of the Company's financial reporting and internal controls.

The Audit Committee has the sole authority to appoint or replace the independent registered public accounting firm, and is directly responsible for the oversight of the scope of its role and the determination of its compensation. The Audit Committee regularly evaluated the performance and independence of Ernst & Young and, in addition, reviewed and pre-approved all services provided by Ernst & Young during fiscal 2013.

As stated in the Audit Committee's charter, the Audit Committee's role is one of oversight relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function and the annual independent audit of the Company's financial statements. It is the responsibility of the Company's management to prepare the consolidated financial statements in accordance with applicable law and regulations and of the Company's independent registered public accounting firm to audit those financial statements. The Audit Committee does not provide any expert or other special assurance as to the Company's financial statements or any expert or professional certification as to the work of the Company's independent registered public accounting firm.

In fulfilling its responsibilities, the Audit Committee has met and held discussions with management and Ernst & Young regarding the fair and complete presentation of the Company's financial results. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as

alternative treatments. The Audit Committee has met to review and discuss the annual audited and quarterly consolidated financial statements for the Company for the 2013 fiscal year (including the disclosures contained in the Company's 2013 Annual Report on Form 10-K and its 2013 Quarterly Reports on Form 10-Q, under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations") with the Company's management and Ernst & Young. The Audit Committee also reviewed and discussed with management, the internal auditors and Ernst & Young the reports required by Section 404 of the Sarbanes-Oxley Act of 2002, namely, management's annual report on the Company's internal control over financial reporting and Ernst & Young's attestation report on internal control over financial reporting.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 114, as adopted by the Public Company Accounting Oversight Board. In addition, the Audit Committee has received the written disclosures and the letter from Ernst & Young required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Ernst and Young its independence from the Company and its management. The Audit Committee also has considered whether the provision of non-audit services by Ernst & Young is compatible with maintaining Ernst & Young's independence.

PROPOSAL NO. 3 -

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), we are asking shareholders to approve, on an advisory, non-binding basis, the fiscal year 2013 compensation awarded to the Company's named executive officers, as disclosed in this proxy statement.

Our goal is to provide an executive compensation program that attracts, rewards and retains the talented leaders necessary to enable our Company to succeed in the highly competitive market, while maximizing shareholder returns. We believe that our compensation program, which ties a significant portion of pay to performance, provides a competitive compensation package to our executives and utilizes components that best align the interests of our executives with those of our shareholders.

Accordingly, we ask our shareholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the shareholders approve the compensation awarded to our named executive officers, as disclosed pursuant to SEC rules, including the Compensation Discussion and Analysis, the compensation tables and related materials included in this proxy statement.

Approval of this proposal requires the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. While this vote is advisory and non-binding on the Company, the Board of Directors and the Compensation Committee will review the voting results and consider shareholder concerns in their continuing evaluation of the Company's compensation program.

The Board of Directors recommends a vote *For* approval of this proposal.

PROPOSAL NO. 4 -

**APPROVAL OF THE SONIC CORP. 2006 LONG-TERM
INCENTIVE PLAN, AS AMENDED**

The Compensation Committee of the Board of Directors has approved and is submitting for shareholder approval the Company's 2006 Long-Term Incentive Plan, as amended (the "2006 Plan"). The proposed amendments to the 2006 Plan provide for the following changes:

Makes an additional 6,551,522 shares of common stock available for issuance, which, together with the 1,700,917 shares available prior to the amendments, will result in a total of 8,252,439 available shares;

Adds a provision to allow for a fungible share pool that reduces the share reserve much more rapidly when full value awards such as restricted stock and performance share awards are granted by deducting 1.87 shares from the total number of authorized shares for each full value award granted;

Provides that acceleration of vesting in the event of a change in control can only occur upon a participant's involuntary termination without cause or resignation for good reason ("double-trigger" acceleration);

Removes the discretion of the Compensation Committee to accelerate vesting of awards, except after certain events of termination or separation of service;

Limits the maximum number of shares of common stock with respect to stock option awards or stock appreciation rights that may be granted during any one calendar year under the 2006 Plan to any one person to 500,000 and the maximum amount of awards, other than stock options or stock appreciation rights, that may be granted during any one calendar year under the 2006 Plan to any one person to \$2 million;

Limits the maximum value of awards that may be granted to a non-employee director in any calendar year to \$300,000;

Limits the delegation authority by the Compensation Committee so that officers do not have the right to make awards under or amend the 2006 Plan;

Prohibits liberal share recycling by providing that shares surrendered upon exercise of an award as payment of the applicable exercise price or withheld to satisfy any applicable taxes, shares underlying a stock-settled stock appreciation right to the extent exercised, and shares repurchased by the Company on the open market with the proceeds of an award paid to the Company by the holder are not available for future awards under the 2006 Plan; and

Restricts the payment of dividend equivalents on performance-based awards to payments on shares actually earned at the time of payment.

The following features of the current 2006 Plan, that will continue to be in place after the amendments, reflect our commitment to pay for performance and effective management of incentive compensation:

No stock options or stock appreciation rights will be granted with an exercise price less than the market value of our common stock on the date of grant;

Repricing of underwater stock options and stock appreciation rights is prohibited without shareholder approval;

All awards are subject to recoupment as mandated by law or company policy;

All awards granted under the 2006 Plan are nontransferable;

Stock options and stock appreciation rights have a minimum vesting period of three years for employees and one year for non-employee directors; and

The 2006 Plan is designed to allow awards made under the 2006 Plan to qualify as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code.

The Board is asking shareholders to approve the amendments to the 2006 Plan so that the Company will have the continued ability to grant a variety of equity awards, at appropriate levels, as a valuable tool to help attract and retain employees of our company in a competitive market.

The affirmative vote of a majority of the votes present, in person or by proxy and properly cast at the annual meeting of shareholders, is required to approve the amendments to the 2006 Plan.

PROPOSAL NO. 4 - APPROVAL OF THE SONIC CORP. 2006 LONG-TERM INCENTIVE PLAN, AS AMENDED

Introduction

The Compensation Committee believes that the proposed amendments are vital to the Company's ability to attract and retain highly skilled employees. The Compensation Committee also believes that the proposed amendments will provide the Company with flexibility to adopt equity compensation practices to reflect changes in the Company's business conditions, the regulatory environment and the markets for labor in which the Company competes. The use of equity as part of the Company's compensation program is critical to the historical and continued success of the Company. Our equity awards foster an ownership culture among employees by aligning the financial interests of employees with those of our shareholders. Equity awards also help motivate employees to perform at peak levels because the value of these awards is linked to the Company's long-term performance.

If the amendments are not approved, we will have limited ability to make additional awards under the 2006 Plan in future years. In this event, we will, in the future, be compelled to either (i) grant cash-settled awards or (ii) increase the cash component of incentive compensation, thus reducing the alignment of employee and shareholder interests and losing a critical recruiting, retention and motivation tool.

The principal features of the 2006 Plan and the amendments to the 2006 Plan are summarized below. The following summary of the 2006 Plan and the amendments to the 2006 Plan do not purport to be a complete description of all of the provisions of the amendments or the 2006 Plan. It is qualified in its entirety by reference to the complete text of the 2006 Plan, as amended, attached as Annex A to this proxy statement.

Summary of Amendments

Additional Shares Available for Issuance. The amendments to the 2006 Plan authorize an additional 6,551,522 shares of common stock for issuance under the 2006 Plan. As of October 31, 2013, there was an aggregate of 1,700,917 shares available for issuance, which will result in a total of 8,252,439 shares being available for issuance under the 2006 Plan upon shareholder approval of the amendments. The Company expects to use equity-based compensation as a significant part of total compensation in future years. The additional shares are intended to satisfy the Company's equity award needs for approximately the next five years.

As of October 31, 2013, the Company had a total of 5,355,007 options which were outstanding. The weighted-average exercise price of those options is \$12.28, and the weighted-average term to the expiration of the outstanding options is 3.19 years. In addition, as of October 31, 2013, restricted stock units covering 70,388 shares of common stock were outstanding under the 2006 Plan.

Fungible Share Pool. The 2006 Plan, as amended, provides that shares issued in respect of any full-value award (any award under the 2006 Plan other than an option or a stock appreciation right) granted after January 16, 2014 shall be counted against the shares available for issuance as 1.87 shares for every one share actually issued in

connection with such award. For example, if 100 shares are issued with respect to a restricted stock unit, 187 shares will be counted against the shares available for future issuance. Shares issued in respect of any other award (such as stock options or stock appreciation rights) shall be counted against the share limit as one share.

Change of Control. The amendments provide for a double-trigger acceleration in the event of a change of control. Upon a participant's involuntary termination without cause or resignation for good reason within one year following a change of control, the Plan Committee may provide for the accelerated vesting and lapse of restrictions on all or part of an award. If awards will not be assumed by the successor corporation in a change of control, the Plan Committee may accelerate the vesting or lapse of restrictions on an award regardless of whether there is a termination of employment.

Share Limits. The maximum number of shares of our common stock with respect to awards that may be granted during any one calendar year under the 2006 Plan is 500,000. The maximum amount of one or more awards denominated in cash that may be received by any one participant during any calendar year is \$2,000,000. Any of the shares available for issuance may be granted as incentive stock options.

PROPOSAL NO. 4 - APPROVAL OF THE SONIC CORP. 2006 LONG-TERM INCENTIVE PLAN, AS AMENDED

Non-Employee Director Awards. The value of the annual equity awards granted to non-employee directors for any calendar year is limited to \$300,000.

Other Amendments. The other amendments to the 2006 Plan make certain administrative changes to the 2006 Plan, which include:

Removing the discretion of the Compensation Committee to accelerate vesting of awards, except after certain events of termination or separation of service;

Limiting the delegation authority of the Compensation Committee so that officers do not have the right to make awards under or amend the 2006 Plan;

Prohibiting liberal share recycling by providing that shares surrendered upon exercise of an award as payment of the applicable exercise price or withheld to satisfy any applicable taxes, shares underlying a stock-settled stock appreciation right to the extent exercised, and shares repurchased by the Company on the open market with the proceeds of an award paid to the Company by the holder are not available for future awards under the 2006 Plan; and

Restricting the payment of dividend equivalents on performance-based awards to payments on shares actually earned at the time of payment.

Summary of 2006 Plan

The Company's shareholders approved the 2006 Long-Term Incentive Plan on January 31, 2006 and later approved the 2006 Long-Term Incentive Plan, as amended, on January 14, 2010.

Administration

The 2006 Plan is administered by a committee of two or more independent directors appointed by the Board of Directors (the Plan Committee). The Plan Committee has broad authority, subject to certain limitations, to administer the Plan, including the authority to:

designate participants;

determine the type or types of awards to be granted to each participant and the number, terms and conditions of awards, including the vesting and forfeiture provisions and the effects of a termination of employment or service;

determine whether an award may be settled in, or the exercise price of an award may be paid in, cash, common stock, other awards or other property;

establish, adopt, or revise any rules and regulations as it may deem advisable to administer the 2006 Plan; and

make all other decisions and determinations that may be required under the 2006 Plan.

Subject to certain limitations, the Plan Committee is permitted to delegate to a subcommittee thereof or to one or more directors its authority under the 2006 Plan. Currently, the Board of Directors has designated the Compensation Committee to serve as the Plan Committee.

Eligibility

Awards may be granted under the 2006 Plan to current employees, officers and directors of the Company.

PROPOSAL NO. 4 - APPROVAL OF THE SONIC CORP. 2006 LONG-TERM INCENTIVE PLAN, AS AMENDED

Types of Awards

The 2006 Plan authorizes the Plan Committee to grant awards in any of the following forms:

stock options;

stock appreciation rights;

performance shares;

performance share units;

restricted stock;

restricted stock units;

dividend equivalents; or

other stock-based awards.

The 2006 Plan provides that awards may be granted to any employee, officer or director of the Company or any of its affiliates. All awards will be subject to a written award agreement, which will include the specific terms and conditions of the award specified by the Plan Committee.

Stock Options. Stock options may be incentive stock options (under Section 422 of the Internal Revenue Code) or non-qualified stock options. The exercise price of an option may not be less than the fair market value of our common stock on the date of grant and in no event may a stock option be exercisable for more than ten years from the date of grant. Stock options for employees must have a minimum vesting period of three years.

Stock Appreciation Rights. Upon the exercise of a stock appreciation right, the holder will have the right to receive the excess, if any, of the fair market value of our common stock on the date of exercise, over the grant price of the stock appreciation right. The grant price may not be less than the fair market value of our common stock on the date of grant and no stock appreciation right may be exercisable for more than 10 years from the date of grant. Stock appreciation

rights for employees must have a minimum vesting period of three years.

Performance Share Awards and Performance Share Unit Awards. These awards provide the participant with the right to receive a target number of shares of our common stock based upon the attainment of specified

performance goals as determined by the Plan Committee in its discretion. Performance share unit awards may be payable in cash, shares of our common stock or other property, as determined by the Plan Committee.

Restricted Stock Awards. Restricted stock awards are shares of our common stock subject to restrictions on transferability and other restrictions as the Plan Committee may impose, including, without limitation, restrictions on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock.

Restricted Stock Unit Awards. A restricted stock unit entitles the participant to receive one share of our common stock subject to the restrictions on transferability, vesting requirements and other terms and conditions imposed by the Plan Committee. Restricted stock unit awards may be payable in cash, shares of our common stock, or other property, as determined by the Plan Committee.

Dividend Equivalents. Dividend equivalents entitle the participant to receive payments equal to dividends paid with respect to all or a portion of the number of shares of our common stock subject to an award. Dividend equivalents may be paid in cash, shares of our common stock or other property, as determined by the Plan Committee and may be paid when accrued or deemed reinvested in additional shares. Dividend equivalents may not be granted with respect to stock options or stock appreciation rights. Moreover, dividend equivalents granted with respect to performance-based awards may only be paid on shares actually earned at the time of payment.

Other Stock-Based Awards. The Plan Committee may, subject to limitations under applicable law, grant other awards that are payable in, or valued relative to, shares of our common stock as will be deemed by the Plan Committee to be consistent with the purposes of the 2006 Plan, including shares of common stock awarded purely as a bonus and not subject to any restrictions or conditions. The Plan Committee will determine the terms and conditions of any other stock-based awards.

Performance Goals

In order to preserve full deductibility under Section 162(m) of the Internal Revenue Code, the Plan Committee may determine that any award will be determined solely on the basis of one or more of the following metrics:

the achievement by the Company or any of our subsidiaries of a specified target return, or target growth in return, on equity or assets;

total shareholder return, described as our stock price appreciation plus reinvested dividends, relative to a defined comparison group or target over a specific performance period;

our stock price;
the achievement by the Company or a business unit, or one of our subsidiaries of a specified target, or target growth in, revenues, net income, earnings per share, EBIT or EBITDA; or

any combination of the above.

If an award is made on this basis, the Plan Committee must establish goals prior to the beginning of the period for which the performance goal relates, or by a later date as may be permitted under applicable tax regulations, and the Plan Committee may for any reason reduce, but not increase, any award, notwithstanding the achievement of a specified goal. Any payment of an award granted based on performance goals will be conditioned on the written certification of the Plan Committee in each case that the performance goals and any other material conditions were satisfied.

Share Counting

If an award is cancelled, terminated or expires without having been exercised or settled, or is settled in cash, the shares underlying the awards will be added back into the share pool and will again be available for issuance under the 2006 Plan. Under the proposed fungible share pool, shares of common stock underlying full value awards granted after January 16, 2014, that become available for future grant as described above will be added back to the 2006 Plan in an amount equal to 1.87 shares for each share underlying a full value award. Any share underlying a full value award that is granted on or before January 16, 2014, and shares of stock underlying

an award that is not a full value award that become available for future grant as described above shall be added back to the 2006 Plan in an amount equal to one share for each share of stock subject to such award. Shares that are tendered or withheld to pay the exercise or grant price or to satisfy any applicable taxes, shares underlying a stock-settled stock appreciation right to the extent exercised and shares repurchased by the Company on the open market with the proceeds of an award paid to the Company by the participant will not be added back into shares available for future issuance under the 2006 Plan.

No Repricing

The 2006 Plan expressly prohibits repricing of stock options and stock appreciation rights. Repricing includes (i) reducing the exercise or grant price, (ii) cancelling an option or stock appreciation right at a time when the exercise price exceeds the fair market value of our

common stock in exchange for another equity award, cash or other property (other than in connection with certain corporate transactions) or (iii) taking any other action that may be treated as a repricing under accounting principles.

Recoupment

All awards granted and all payments made under the Plan (including gains realized upon settlement or exercise) shall be subject to claw-back or recoupment as mandated by law or any company policy in effect from time to time.

PROPOSAL NO. 4 - APPROVAL OF THE SONIC CORP. 2006 LONG-TERM INCENTIVE PLAN, AS AMENDED

Limitation on Transfer and Beneficiaries

No award under the 2006 Plan will be assignable or transferable other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a qualified domestic relations order.

However, the Plan Committee may permit other transfers if it deems appropriate, provided such other transfers are not made in exchange for any consideration.

Death, Disability and Termination of Employment

Unless otherwise set forth in the applicable award agreement, upon the participant's death or termination of employment as a result of disability, all outstanding awards will vest and become fully exercisable and all restrictions will lapse. Stock options, stock appreciation

rights and similar awards will remain exercisable for the remainder of their term. In addition, subject to certain limitations, the Plan Committee may determine the effects of a termination of employment or service on an award.

Adjustments

Certain corporate transactions not involving the receipt of consideration such as a stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares, may affect our stock price. In the event of one of these transactions, the

number of shares available for issuance under the 2006 Plan and the share limits will be adjusted proportionately, and the Plan Committee may adjust awards to preserve the benefits or potential benefits of the awards.

Termination and Amendment

The Plan Committee has the right at any time to amend or terminate the 2006 Plan, but it may condition any amendment on the approval of our shareholders if such approval will be necessary or advisable under tax, securities, stock exchange or other applicable laws, policies or regulations. The Plan Committee has the right to amend or terminate any outstanding award without approval of the participant, but an amendment or termination may not, without the participant's consent, reduce or diminish the value of the award determined as if it had been exercised, vested, cashed in

or otherwise settled on the date of the amendment or termination, and the original term of any option may not be extended. The Plan Committee has broad authority to amend the 2006 Plan or any outstanding award without the approval of the participants to the extent necessary to comply with applicable tax laws, securities laws, accounting rules or other applicable laws, or to ensure that an award is not subject to interest and penalties under Section 409A of the Internal Revenue Code.

Federal Income Tax Information

The following discussion is a summary of the federal income tax consequences relating to the grant and exercise of awards under the 2006 Plan and the subsequent sale of common stock that will be acquired

under this Plan. The tax effect of exercising awards may vary depending upon the particular circumstances, and the income tax laws and regulations change frequently.

Table of Contents

PROPOSAL NO. 4 - APPROVAL OF THE SONIC CORP. 2006 LONG-TERM INCENTIVE PLAN, AS AMENDED

Nonqualified Stock Options. There will be no federal income tax consequences to a participant or to the Company upon the grant of a nonqualified stock option. When the participant exercises a nonqualified option, however, he will realize ordinary income in an amount equal to the excess of the fair market value of the option shares that he receives upon exercise of the option at the time of exercise over the exercise or grant price, and we will be allowed a corresponding deduction, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code. Any gain that a participant realizes when the participant later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the participant held the shares.

Incentive Stock Options. There typically will be no federal income tax consequences to a participant or to the Company upon the grant or exercise of an incentive stock option. However, the amount by which the fair market value of the shares of common stock issued upon exercise exceeds the exercise price paid constitutes a tax preference item that may have alternative minimum tax consequences for the participant. If the participant holds the option shares for the required holding period of at least two years after the date the option was granted or one year after exercise of the option, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and we will not be entitled to a federal income tax deduction. If the participant disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he will realize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and we will be allowed a federal income tax deduction equal to such amount, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code. In addition, the participant may recognize a capital gain or loss upon a disqualifying disposition.

Stock Appreciation Rights. The participant will not recognize income, and we will not be allowed a tax deduction, at the time a stock appreciation right is granted. When the participant exercises the stock appreciation right, the fair market value of any shares of common stock or cash received will be taxable as ordinary income, and we will be allowed a federal

income tax deduction equal to such amount, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code.

Restricted Stock Awards. Unless a participant makes an election to accelerate recognition of income to the date of grant as described below, the participant will not recognize income, and we will not be allowed a tax deduction, at the time a restricted stock award is granted. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the common stock as of that date, less any amount the participant paid for the stock, and we will be allowed a corresponding tax deduction at that time, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code. If the participant files an election under Section 83(b) of the Internal Revenue Code within 30 days after the date of grant, he will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date, less any amount he paid for the stock, and we will be allowed a corresponding tax deduction at that time, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code. Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, such participant will not be able to recover the tax previously paid pursuant to his Section 83(b) election.

Restricted Stock Unit Awards, Performance Share Awards and Performance Share Unit Awards. A participant will not recognize income, and we will not be allowed a tax deduction, at the time restricted stock unit awards, performance share awards, or performance share unit awards are granted. When the participant receives payment under the restricted stock unit awards, performance share awards, or performance share unit awards, the amount of cash received and the fair market value of any shares of stock received will be ordinary income to the participant, and we will be allowed a corresponding tax deduction at that time, subject to any applicable limitations under Section 162(m) of the Internal Revenue Code.

The foregoing is not intended to be considered tax advice to any person who may be a participant and any such persons are advised to consult their own tax counsel. The foregoing is intended to be a general discussion and does not cover all aspects of an individual's unique tax situation, such as the tax consequences of deferred compensation or state and local taxes.

Article 1

Purpose

1.1 **GENERAL**. The purpose of the Sonic Corp. 2006 Long-Term Incentive Plan (the *Plan*) is to promote the success, and enhance the value, of Sonic Corp., a Delaware corporation (the *Corporation*), by linking the personal interests of its employees, officers and directors to those of the Corporation's shareholders and by providing such persons with an incentive for outstanding performance. administered by the Board. It is intended that the directors appointed to serve on the Committee shall be non-employee directors (within the meaning of Rule 16b-3 promulgated under the 1934 Act) and outside directors (within the meaning of Section 162(m) of the Code) to the extent that Rule 16b-3 and, if necessary for relief from the limitation under Section 162(m) of the Code and such relief is sought by the Corporation, Section 162(m) of the Code, respectively, are applicable. (a) **EXERCISE PRICE**. The exercise price per share of Stock under an Option shall be determined by the Committee at the time of the grant but in no event shall the exercise price be less than 100% of the Fair Market Value of a share of Stock on the date of grant.

(b) **TIME AND CONDITIONS OF EXERCISE**. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(e). (c) **PAYMENT**. Unless otherwise determined by the Committee, the exercise price of an Option may be paid (i) in cash, (ii) by actual delivery or attestation to ownership of freely transferable shares of stock already owned; provided, however, that to the extent required by applicable accounting rules, such shares shall have been held by the Participant for at least six months, (iii) by a combination of cash and shares of Stock equal in value to the exercise price, (iv) through net share settlement or a similar procedure involving the withholding of shares of Stock subject to the Option with a value equal to the exercise price or (v) by such other means as the Committee may authorize in the Award Agreement. In accordance with the rules and procedures authorized by the Committee for this purpose, an Option may also be exercised through a cashless exercise procedure authorized by the Committee that permits Participants to exercise Options by delivering a properly executed exercise notice to the Corporation together with a copy of

irrevocable instructions to a broker to deliver promptly to the Corporation the amount of sale or loan proceeds necessary to pay the exercise price and the amount of any required tax or other withholding obligations.

(d) **EVIDENCE OF GRANT**. All Options shall be evidenced by an Award Agreement between the Corporation and the Participant. The Award Agreement shall include such provisions not inconsistent with the Plan as may be specified by the Committee.

(e) **EXERCISE TERM**. In no event may any Option be exercisable for more than ten years from the date of its grant.

7.2 INCENTIVE STOCK OPTIONS. The terms of any Incentive Stock Options granted under the Plan must comply with the following additional rules:

- (2) The Incentive Stock Option shall lapse ten years after it is granted, unless an earlier time is set in the Award Agreement.

(4) If the Participant terminates employment by reason of his Disability, the Incentive Stock Option shall lapse, unless it is previously exercised, one year after the Participant's termination of employment.

(5) If the Participant dies while employed, or during the three-month period described in paragraph (3) or during the one-year period described in paragraph (4) and before the Option otherwise lapses, the Option shall lapse one year after the Participant's death. Upon the Participant's death, any exercisable Incentive Stock Options may be exercised by the Participant's beneficiary, determined in accordance with Section 13.5.

Unless the exercisability of the Incentive Stock Option is accelerated as provided in Article 13, if a Participant exercises an Option after termination of employment, the Option may be exercised only with respect to the shares that were otherwise vested on the Participant's termination of employment.

(d) EXPIRATION OF INCENTIVE STOCK OPTIONS. No Award of an Incentive Stock Option may be made pursuant to the Plan after the day immediately prior to the tenth anniversary of the Effective Date.

(e) RIGHT TO EXERCISE. During a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant or, in the case of the Participant's Disability, by the Participant's guardian or legal representative.

(f) DIRECTORS. The Committee may not grant an Incentive Stock Option to a Non-Employee Director. The Committee may grant an Incentive Stock Option to a director who is also an employee of the Corporation or any Parent or Affiliate but only in that individual's position as an employee and not as a director.

7.3 NO REPRICING OF OPTIONS. The Committee may not reprice any Option. Reprice means any of the following or any other action that has the same effect: (i) amending an Option to reduce its exercise price, (ii) canceling an Option at a time when its exercise price exceeds the Fair Market Value of a share of Stock in exchange for an Option, Restricted Stock Award, other equity award, cash or other property unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction, or (iii) taking any other action that is treated as a repricing under GAAP, provided that nothing in this Section 7.3 shall prevent the Committee from making adjustments pursuant to Section 14.1.

(b) **OTHER TERMS**. All awards of Stock Appreciation Rights shall be evidenced by an Award Agreement. The terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of any Stock Appreciation Right shall be determined by the Committee at the time of the grant of the Award and shall be reflected in the Award Agreement, provided that each Stock Appreciation Right shall lapse ten years after it is granted, unless an earlier time is set in the Award Agreement.

8.2 **NO REPRICING OF STOCK APPRECIATION RIGHTS**. The Committee may not reprice any Stock Appreciation Right. Reprice means any of the

following or any other action that has the same effect: (i) amending a Stock Appreciation Right to reduce its grant price, (ii) canceling a Stock Appreciation Right at a time when its grant price exceeds the Fair Market Value of a share of Stock in exchange for an Option, Restricted Stock Award, other equity award, cash or other property unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction, or (iii) taking any other action that is treated as a repricing under GAAP, provided that nothing in this Section 8.2 shall prevent the Committee from making adjustments pursuant to Section 14.1.

Article 9

Performance Share Awards and

Performance Share Unit Awards

9.1 **PERFORMANCE SHARE AWARDS**. The Committee is authorized to grant Performance Share Awards to Participants on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Share Awards granted to each Participant, subject to Section 5.5. All Performance Share Awards shall be evidenced by an Award Agreement. A grant of a Performance Share Award shall consist of a Target Number of shares of Stock granted to an Eligible Individual subject to risk of forfeiture for failure to achieve the Performance Targets and subject to the terms, conditions and restrictions set forth in the Plan and the applicable Award Agreement. The Performance Targets will be evaluated at the end of the applicable Performance Period and a Participant may receive more or less than the Target Number of shares of Stock subject to a Performance Share Award, subject to Section 5.5, depending on the extent to which the Performance Targets and other terms and conditions to payment are met over the Performance Period.

9.2 **PERFORMANCE SHARE UNIT AWARDS**. The Committee is authorized to grant Performance Share Unit

Awards to Participants on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Share Unit Awards granted to each Participant,

A Performance Stock Unit Award shall entitle a Participant to receive, subject to the terms, conditions and restrictions set forth in the Plan and established by the Committee in connection with the Award and specified in the applicable Award Agreement, a Target Number of shares of Stock based upon the achievement of Performance Targets over the applicable Performance Period. Performance Share Unit Awards may be payable in cash, Stock or other property, as determined by the Committee and reflected in the Award Agreement. The Performance Targets will be evaluated at the end of the applicable Performance Period and a Participant may receive more or less than the Target Number of shares of Stock subject to a Performance Share Unit Award, subject to Section 5.5, depending on the extent to which the Performance Targets and other terms and conditions to payment are met over the Performance Period.

Restricted Stock Awards and

Restricted Stock Unit Awards

10.1 RESTRICTED STOCK AWARDS.

(a) **GRANT.** The Committee is authorized to grant Restricted Stock Awards to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee. All Restricted Stock Awards shall be evidenced by an Award Agreement. A Restricted Stock Award shall consist of one or more shares of Stock granted to an Eligible Individual, and shall be subject to the terms, conditions and restrictions set forth in the Plan and established by the Committee in connection with the Award and specified in the applicable Award Agreement.

(b) **ISSUANCE AND RESTRICTIONS.** Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

(c) **FORFEITURE.** Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of employment during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock that is at that time subject to

restrictions shall be forfeited and reacquired by the Corporation; provided, however, that the Committee may waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

(d) **CERTIFICATES FOR RESTRICTED STOCK.** Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are registered in the name of the Participant, certificates must bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock.

10.2 RESTRICTED STOCK UNIT AWARDS. The Committee is authorized to grant Restricted Stock Unit Awards to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee. All Restricted Stock Unit Awards shall be evidenced by an Award Agreement. A Restricted Stock Unit shall entitle a Participant to receive, subject to the terms, conditions and restrictions set forth in the Plan and established by the Committee in connection with the Award, one or more shares of Stock. Restricted Stock Units may, among other things, be subject to restrictions on transferability, vesting requirements or other specified circumstances under which they may be canceled. Restricted Stock Units may be payable in cash, shares of Stock or other property, as determined by the Committee and reflected in the Award Agreement.

Article 11

Dividend Equivalents

11.1 GRANT OF DIVIDEND EQUIVALENTS. The Committee is authorized to grant Dividend Equivalents to Participants subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments (in cash, Stock or other property) equal to dividends with respect to all or a portion of the number

of shares of Stock subject to an Award, as determined by the Committee. The Committee may not grant Dividend Equivalents with regard to Options or SARs. Moreover, Dividend Equivalents granted on Performance Share Awards, Performance Share Unit Awards and Restricted Stock subject to performance goals with respect to shares of Stock may only be paid on

those shares of Stock that have been earned at the time of such payment. The Committee may provide that Dividend Equivalents be paid or distributed when accrued, or be deemed to have been reinvested in additional shares of Stock or otherwise reinvested;

provided, however, that the terms of any reinvestment of Dividend Equivalents must comply with all applicable laws, rules and regulations, including, without limitation, Section 409A.

Article 12

Other Stock-Based Awards

12.1 **GRANT OF OTHER STOCK-BASED AWARDS.** The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including, without limitation, shares of Stock awarded purely as a

bonus and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of Stock, stock units, phantom stock and other Awards valued by reference to book value of shares of Stock or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

Article 13

Provisions Applicable to Awards

13.1 **STAND-ALONE, TANDEM, AND SUBSTITUTE AWARDS.** Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for, any other Award granted under the Plan. If an Award is granted in substitution for another Award, the Committee may require the surrender of such other Award in consideration of the grant of the new Award. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

13.2 **TERM OF AWARD.** The term of each Award shall be for the period as determined by the Committee, provided that in no event shall the term of any Incentive Stock Option or a Stock Appreciation Right granted in tandem with the

Incentive Stock Option exceed a period of 10 years from the date of its grant (or, if Section 7.2(c) applies, five years from the date of its grant).

13.3 FORM OF PAYMENT FOR AWARDS. Subject to the terms of the Plan and any applicable law or Award Agreement, payments or transfers to be made by the Corporation or a Parent or Affiliate on the grant or exercise of an Award may be made in such form as the

Committee determines at or after the time of grant, including, without limitation, cash, Stock, other Awards or other property, or any combination thereof, and may be made in a single payment or transfer, in installments or on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

13.4 LIMITS ON TRANSFER. No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered or hypothecated to or in favor of any party other than the Corporation or a Parent or Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Corporation or a Parent or Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers to immediate family members or trusts or other entities on behalf of the Participant

and/or immediate family members or for charitable donations where the Committee concludes that such transferability (i) does not result in accelerated taxation or other adverse tax consequences, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Section 422(b) of the Code, (iii) does not result in cash or any other consideration being exchanged for the Award, and (iv) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including, without limitation, state or federal tax or securities laws applicable to transferable Awards.

13.5 **BENEFICIARIES**. Notwithstanding Section 13.4, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and such Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time, provided the change or revocation is filed with the Committee.

13.6 **STOCK CERTIFICATES**. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

13.7 **ACCELERATION UPON DEATH OR DISABILITY**. Unless otherwise set forth in an Award Agreement, upon the Participant's death or Disability during his employment or service as a director, all outstanding Options, Stock Appreciation Rights, Restricted Stock Awards and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. Any Option or Stock Appreciation Right shall thereafter continue or lapse in accordance with the

other provisions of the Plan and the Award Agreement. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(b), the excess Options shall be deemed to be Non-Qualified Stock Options.

13.8 **ACCELERATION OF VESTING AND LAPSE OF RESTRICTIONS**. The Committee may, coincident with or subsequent to a Change of Control, determine that in the event of the involuntary termination of the Participant's employment with the Corporation without cause or upon the Participant's resignation for good reason within twelve months after a Change in Control, as determined under the applicable employment agreement or severance plan of the Corporation, (a) all or a portion of a Participant's Options, Stock Appreciation Rights and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable, and/or (b) all or a part of the restrictions on all or a portion of the outstanding Awards shall lapse, in each case, as of such date as the Committee may, in its sole discretion, declare; provided, however, that, with respect to Awards that are subject to Section 409A, the Committee shall not have the authority to accelerate or postpone the timing of payment or settlement of an Award in a manner that would cause such Award to become subject to the interest and penalty provisions under Section 409A. In the event of a Change of Control under circumstances where the Awards will not be assumed by or enforceable against the Corporation or the successor company, whichever is applicable, the Committee may take action as set forth in

(a) and (b) above without any event of termination of employment of the Participant. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 13.8.

13.9 PERFORMANCE GOALS. In order to preserve the deductibility of an Award under Section 162(m) of the Code, the Committee may determine that any Award granted pursuant to the Plan to a Participant that is or is expected to become a Covered Employee shall be determined solely on the basis of (a) the achievement by the Corporation or a Parent or Subsidiary of a specified target return, or target growth in return, on equity or assets, (b) the Corporation's stock price, (c) the Corporation's total shareholder return (stock price appreciation plus reinvested dividends) relative to a defined comparison group or target over a specific performance period, (d) the achievement by the Corporation or a Parent or Subsidiary, or a business unit

of any such entity, of a specified target, or target growth in, net income, revenues, earnings per share, earnings before income and taxes, and earnings before income, taxes, depreciation and amortization, or (e) any combination of the goals set forth in (a) through (d) above. If an Award is made on such basis, the Committee shall establish goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under Section 162(m) of the Code or the regulations thereunder), and the Committee has the right for any reason to reduce (but not increase) the Award, notwithstanding the achievement of a specified goal. Any payment of an Award granted with performance goals shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied.

13.10 **TERMINATION OF EMPLOYMENT**. Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A termination of employment shall not occur (i) in a circumstance in which a Participant transfers from the Corporation to one of its Parents or Subsidiaries, transfers from a Parent or Affiliate to the Corporation, or transfers from one Parent or Affiliate to another Parent or Affiliate, or (ii) in the discretion of the

Committee as specified at or prior to such occurrence, in the case of a split-off, spin-off, sale or other disposition of the Participant's employer from the Corporation or any Parent or Affiliate. To the extent that this provision causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of the Corporation, a Parent or Affiliate for purposes of Section 424(f) of the Code, the Options held by such Participant shall be deemed to be Non-Qualified Stock Options.

13.11 **MINIMUM VESTING PERIOD**. At the time of grant of an Award, the Committee shall, in its discretion, establish a vesting period for the Award; provided however, that (i) Options, Stock Appreciation Rights, Restricted Stock and Restricted Stock Units granted to officers and employees shall vest no more frequently than pro rata over a period of three years and (ii) Performance Share Awards and Performance Share Unit Awards shall have a minimum vesting period of one year.

13.12 **RECOUPMENT**. Notwithstanding anything in the Plan to the contrary, all Awards granted under the Plan and any payments made under the Plan shall be subject to claw-back or recoupment as mandated by applicable law, rules, regulations or Corporation policy as enacted, adopted or modified from time to time. For the avoidance of doubt, this provision shall apply to any gains realized upon exercise or settlement of an Award.

Article 14**Changes in Capital Structure**

14.1 **GENERAL**. In the event of a corporate transaction involving the Corporation (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation,

split-up, spin-off, combination or exchange of shares), the authorization limits under Sections 1.1 and 5.6 shall be adjusted proportionately, and the Committee may adjust Awards to preserve the benefits or potential benefits of the Awards. Action by the Committee may include: (i) adjustment of the number and kind of shares which may be delivered under the Plan; (ii) adjustment of the number and kind

of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards; (iv) adjustments to the type or form of Award; and (v) any other adjustments that the Committee determines to be equitable. Without limiting the foregoing, in the event a stock dividend or stock split is declared upon the Stock, the authorization limits under Sections 5.1 and 5.5 shall be increased proportionately, and the shares of Stock then subject to each Award shall be increased proportionately without any change in the aggregate purchase price therefor.

Article 15

Amendment, Modification and Termination

15.1 **AMENDMENT, MODIFICATION AND TERMINATION.** The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan; provided, however, that the Board or the Committee may condition any amendment or modification on the approval of shareholders of the Corporation if such approval is necessary or deemed advisable with respect to tax, securities or other applicable laws, policies or regulations.

15.2 **AWARDS PREVIOUSLY GRANTED.** At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award or Award Agreement without approval of the Participant; provided, however, that, subject to the terms of the applicable Award Agreement, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of

such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination; provided further, however, that the original term of any Option may not be extended. No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant. Notwithstanding any provision herein to the contrary, the Committee shall have broad authority to amend the Plan or any outstanding Award under the Plan without approval of the Participant to the extent necessary or desirable (i) to comply with, or take into account changes in, applicable tax laws, securities laws, accounting rules and other applicable laws, rules and regulations or (ii) to ensure that an Award is not subject to interest and penalties under Section 409A.

Article 16

General Provisions

16.1 **NO RIGHTS TO AWARDS.** No Participant or any Eligible Individual shall have any claim to be granted any Award under the Plan, and neither the Corporation nor the Committee is obligated to treat Participants or Eligible Individuals uniformly.

16.2 **NO SHAREHOLDER RIGHTS.** No Award gives the Participant any of the rights of a shareholder of the Corporation unless and until shares of Stock are in fact issued to such person in connection with the exercise, payment or settlement of such Award.

16.3 **WITHHOLDING.** The Corporation or any Subsidiary, Parent or Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Corporation, an amount sufficient to satisfy federal, state,

local and other taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event arising as a result of the Plan. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter,

require or permit that any such withholding requirement be satisfied, in whole or in part, by (i) withholding from the Award shares of Stock or (ii) delivering shares of Stock that are already owned, having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. The Corporation or any Subsidiary, Parent or Affiliate, as appropriate, shall also have the right to deduct from all cash payments made to a Participant (whether or not such payment is made in connection with an Award) any applicable taxes required to be withheld with respect to such payments.

16.4 NO RIGHT TO CONTINUED SERVICE. Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Corporation or any Parent or Affiliate to terminate any Participant's employment or status as an officer or director at any time, nor confer upon any Participant any right to continue as an employee, officer or director of the Corporation or any

Parent or Affiliate. In its sole discretion, the Board or the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver shares of Stock with respect to awards hereunder.

16.5 **UNFUNDED STATUS OF AWARDS.** The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general creditor of the Corporation or any Parent or Affiliate.

16.6 **INDEMNIFICATION.** To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Corporation from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit or proceeding to which such member may be a party or in which he may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit or proceeding against him; provided such member shall give the Corporation an opportunity, at its own expense, to handle and defend the same before such member undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Corporation's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Corporation may have to indemnify them or hold such persons harmless.

16.7 **RELATIONSHIP TO OTHER BENEFITS.** No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Corporation or any Parent or Affiliate unless provided otherwise in such other plan.

16.8 **EXPENSES; APPLICATION OF FUNDS.** The expenses of administering the Plan shall be borne by the Corporation and its Parents or Subsidiaries. The proceeds received by the Corporation from the sale of shares of Stock pursuant to Awards will be used for general corporate purposes.

16.9 **TITLES AND HEADINGS.** The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

16.10 **GENDER AND NUMBER.** Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

16.11 **FRACTIONAL SHARES.** No fractional shares of Stock shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding up or down.

16.12 **GOVERNMENT AND OTHER REGULATIONS.** The obligation of the Corporation to make payment of awards in Stock or otherwise shall be subject to all applicable laws, rules and regulations, and to such approvals by government agencies as may be required. To the extent that Awards under the Plan are awarded to individuals who are domiciled or resident outside of the United States or to persons who are domiciled or resident in the United States but who are subject to the tax laws of a jurisdiction outside of the United States, the Committee may adjust the terms of

the Awards granted hereunder to such person (i) to comply with the laws of such jurisdiction and (ii) to avoid adverse tax consequences relating to an Award. The authority granted under the previous sentence shall include the discretion for the Committee to adopt, on behalf of the Corporation, one or more sub-plans applicable to separate classes of Participants who are subject to the laws of jurisdictions outside of the United States.

16.13 SECURITIES LAW RESTRICTIONS. An Award may not be exercised or settled and no shares of Stock may be issued in connection with an Award unless the issuance of such shares of Stock has been registered under the 1933 Act and qualified under applicable state blue sky laws and any applicable foreign securities laws, or the Corporation has determined that an exemption from registration and from qualification under such state blue sky laws is available. The Corporation shall be under no obligation to register under the 1933 Act, or any state securities act, any of the shares of Stock issued in connection with the Plan. The shares issued in connection with the Plan may in certain circumstances be exempt from registration under the 1933 Act, and the Corporation may restrict the transfer of such shares in such manner as it deems advisable to ensure the availability of any such exemption. The Committee may require each Participant purchasing or acquiring shares of

Stock pursuant to an Award under the Plan to represent to and agree with the Corporation in writing that such Participant is acquiring the shares of Stock for investment purposes and not with a view to the distribution thereof. All certificates for shares of Stock delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any exchange upon which the Stock is then listed, and any applicable securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

16.14 **SATISFACTION OF OBLIGATIONS**. Subject to applicable law, the Corporation may apply any cash, shares of Stock, securities or other consideration received upon exercise or settlement of an Award to any obligations a Participant owes to the Corporation and its Parents, Subsidiaries or Affiliates in connection with the Plan or otherwise, including, without limitation, any tax obligations or obligations under a currency facility established in connection with the Plan.

16.15 **SECTION 409A OF THE CODE**. If any provision of the Plan or an Award Agreement contravenes any regulations or Treasury guidance promulgated under Section 409A or could cause an Award to be subject to the interest and penalties under Section 409A, such provision of the Plan or any Award Agreement shall be modified to maintain, to the maximum extent practicable, the original intent of the applicable provision without violating the provisions of Section 409A. Moreover, any discretionary authority that the Board or the Committee may have pursuant to the Plan shall not be applicable to an Award that is subject to Section 409A to the extent such discretionary authority will contravene Section 409A.

16.16 **GOVERNING LAW**. To the extent not governed by federal law, the Plan and all Award Agreements shall be construed in accordance with and governed by the laws of the State of Delaware.

16.17 **ADDITIONAL PROVISIONS**. Each Award Agreement may contain such other terms and conditions as the Board or the Committee may determine, provided that such other terms and conditions are not inconsistent with the provisions of the Plan. In the event of any conflict or inconsistency between the Plan and an Award Agreement, the Plan shall govern and the Award Agreement shall be interpreted to minimize or eliminate such conflict or inconsistency.
