Proxy Statement Summary (cont d)

Results of 2013 Say-on-Pay Vote and Our Investor Outreach

At the 2013 Annual General Meeting of Shareholders, 95.8% of the votes cast were in favor of the advisory proposal to approve our named executive officer (NEO) compensation, (the Say-on-Pay advisory proposal). Although we believe that the 2013 vote conveyed our shareholders strong support of the committee s decisions and the existing executive compensation programs, during the balance of 2013 and early 2014, we continued to actively seek investor feedback concerning our compensation programs. In 2013 and early 2014, we held meetings with a significant number of our largest shareholders. While all of the shareholders we spoke with agree on the importance of pay and performance alignment, there was no consensus among these shareholders on how alignment should be measured. A number of the shareholders indicated that their Say-on-Pay decisions are made on a case-by-case basis and that they have not had any issues with Invesco s compensation in prior years, some noting in particular that they believe appropriate decisions have been made for NEO compensation. Our largest shareholders do not share a consistent philosophy regarding the structure of compensation. That said, all shareholders affirmed the importance of clear disclosure and transparency regarding the decision making process undertaken by the committee. Based on this feedback the committee determined to continue our current compensation practices as described in this Compensation Discussion and Analysis.

Proposal 4: Appointment of PricewaterhouseCoopers LLP for 2014

The Board recommends a vote **FOR** this proposal. See page 54 for details.

Amendment to Our Bye-Laws to Declassify Our Board Of Directors

Currently, our Board of Directors is divided into three classes and members of our Board are elected for staggered terms of three years. Our Board has adopted an amendment to the Invesco Ltd. Amended and Restated Bye-Laws (the

Bye-Laws) that, if approved by the shareholders at this year's Annual General Meeting, will provide for annual elections of our directors as follows. Commencing with the class of directors standing for election at the 2015 Annual General Meeting, directors will stand for election for one-year terms, expiring at the next succeeding Annual General Meeting. The directors who were elected at the 2013 Annual General Meeting, whose terms will expire in 2016, and the directors who are elected at the 2014 Annual General Meeting under Proposal No. 2, whose terms will expire in 2017, will continue to hold office until the end of the terms for which they were elected. Therefore, if this proposal is approved, all directors will be elected on an annual basis beginning with the 2017 Annual General Meeting. In all cases, each director will hold office until his or her successor has been elected and qualified or until the director's earlier resignation or removal. If the amendment to the Bye-Laws is not approved by our shareholders, our Board will remain classified. This proposal requires the affirmative vote of at least 75% of the issued and outstanding shares of the company.

Proxy Statement

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Invesco Ltd. (Board or Board of Directors) for the Annual General Meeting to be held on Thursday, May 15, 2014, at 1:00 p.m. Eastern Time. In this Proxy Statement, we may refer to Invesco Ltd. as the company, Invesco, we, us or

Proposal No. 1

Amendment to the Company s Amended and Restated Bye-Laws to Declassify our Board

The Board of Directors has unanimously adopted and is submitting for shareholder approval an amendment (the Amendment) to the Bye-Laws that would phase in the declassification of our Board of Directors and provide instead for the annual election of directors.

The Board believes that its classified structure has helped assure continuity of the company s business strategies and has reinforced a commitment to long-term shareholder value. Although these are important benefits, the Board recognized the growing sentiment among shareholders and the investment community in favor of annual elections. After careful consideration, the Board determined that it is appropriate to propose declassifying the Board.

Currently, our Board of Directors is divided into three classes and members of the Board are elected for staggered terms of three years. If the Amendment is approved, commencing with the class of directors standing for election at the 2015 Annual General Meeting, directors will stand for election for a one-year term, expiring at the next succeeding annual general meeting. The directors who were elected at the 2013 Annual General Meeting, whose terms will expire in 2016, and the directors who are elected at the 2014 Annual General Meeting under Proposal No. 2, whose terms will expire in 2017, will continue to hold office until the end of the terms for which they were recently elected. Therefore, if the Amendment is approved all directors will be elected on an annual basis beginning with the 2017 Annual General Meeting. The shaded blocks in the table below illustrates the years in which members of our Board would stand for annual elections if the proposal is approved by our shareholders.

Director	Election Year		
	2015	2016	2017
Flanagan, Henrikson, Johnson			
Canion, Wood			
Kessler, Wagoner			

In all cases, each director will hold office until his or her successor has been elected and qualified or until the director s earlier resignation or removal. If the Amendment is not approved, the Board of Directors will remain classified. Appendix A shows the proposed changes to Bye-Laws 8, 11 and 12, with deletions indicated by strikeouts and additions indicated by underlining.

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE BYE-LAWS. This proposal requires the affirmative vote of at least 75% of the issued and outstanding shares of the company. Abstentions will have the same effect as votes against the proposal.

Table of Contents

Proposal No. 2

Election of Directors

The Board is divided into three classes, and our Class I directors are serving a term of office expiring at the 2014 Annual General Meeting. A director holds office until the annual general meeting of shareholders for the year in which his or her term expires, and until such director's successor has been duly elected and qualified or until such director is removed from office under our Bye-Laws or such director's office is otherwise earlier vacated. At each annual general meeting, successors to the class of directors whose term expires at such annual general meeting will be elected for a three-year term. However, if shareholders approve Proposal No. 1 providing for annual election of directors, beginning with the 2015 Annual General Meeting, successors to the class of directors whose term expires at such annual general meeting will be elected for a one-year term.

As previously announced, neither Mr. Rex Adams nor Sir John Banham has been nominated for re-election at the 2014 Annual General Meeting because each has reached the mandatory retirement age. Following the completion of the terms of Mr. Adams and Sir John Banham at the conclusion of the 2014 Annual General Meeting, the Board intends to reduce its size to nine (9) members.

The Board has nominated Messrs. Denis Kessler and G. Richard Wagoner, Jr. for election as directors of the company for a term ending at the 2017 Annual General Meeting. Messrs. Kessler and Wagoner are current directors of the company and further information regarding each of them is shown on the following page. Each nominee has indicated to the company that he would serve if elected. We do not anticipate that Messrs. Kessler or Wagoner would be unable to stand for election, but if that were to happen, the Board may reduce the size of the Board, designate a substitute or leave a vacancy unfilled. If a substitute is designated, proxies voting on the original director candidate will be cast for the substituted candidate.

Under our Bye-Laws, at any general meeting held for the purpose of electing directors at which a quorum is present, each director nominee receiving a majority of the votes cast at the meeting will be elected as a director. If a nominee for director who is an incumbent director is not elected and no successor has been elected at the meeting, the director is required under our Bye-Laws to submit his or her resignation as a director. Our Nomination and Corporate Governance Committee would then make a recommendation to the full Board on whether to accept or reject the resignation. If the resignation is not accepted by the Board, the director will continue to serve until the next annual general meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If the director's resignation is accepted by the Board, then the Board may fill the vacancy. However, if the number of nominees exceeds the number of positions available for the election of directors, the directors so elected shall be those nominees who have received the greatest number of votes and at least a majority of the votes cast in person or by proxy.

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION TO THE BOARD OF EACH OF THE DIRECTOR NOMINEES. This proposal requires the affirmative vote of a majority of votes cast at the Annual General Meeting.

For a director to be considered independent, the Board must affirmatively determine that the director does not have any material relationship with the company either directly or as a partner, shareholder or officer of an organization that has a relationship with the company. Such determinations are made and disclosed according to applicable rules established by the New York Stock Exchange (NYSE) or other rules. In accordance with the rules of the NYSE, the Board has affirmatively determined that it is currently composed of a majority of independent directors, and that the following directors are independent and do not have a material relationship with the company: Rex D. Adams, Sir John Banham, Joseph R. Canion, C. Robert Henrikson, Ben F. Johnson III, Denis Kessler, Edward P. Lawrence, J. Thomas Presby, G. Richard Wagoner, Jr. and Phoebe A. Wood.

Corporate Governance

Corporate Governance Guidelines. The Board has adopted Corporate Governance Guidelines (Guidelines) and Terms of Reference for our Chairman and for our Chief Executive Officer, each of which is available in the corporate governance section of the company s Web site at *www.invesco.com* (the company s Web site). The Guidelines set forth the practices the Board follows with respect to, among other matters, the composition of the Board, director responsibilities, Board committees, director access to officers, employees and independent advisors, director compensation and performance evaluation of the Board.

Board Leadership Structure. As described in the Guidelines, the company s business is conducted day-to-day by its officers, managers and employees, under the direction of the Chief Executive Officer and the oversight of the Board, to enhance the long-term value of the company for its shareholders. The Board is elected by the shareholders to oversee our management team and to assure that the long-term interests of the shareholders are being served. In light of these differences in the fundamental roles of the Board and management, the company has chosen to separate the Chief Executive Officer and Board chairman positions. The separation of these roles: (i) allows the Board to more effectively monitor and objectively evaluate the performance of the Chief Executive Officer, such that the Chief Executive Officer is more likely to be held accountable for his performance, (ii) allows the non-executive chairman to control the Board s agenda and information flow, and (iii) creates an atmosphere in which other directors are more likely to challenge the Chief Executive Officer and other members of our senior management team. For these reasons, the company believes that this board leadership structure is currently the most appropriate structure for the company. Nevertheless, the Board may reassess the appropriateness of the existing structure at any time, including following changes in board composition, in management, or in the character of the company s business and operations.

Code of Conduct and Directors Code of Conduct. As part of our ethics and compliance program, our Board has approved a code of ethics (the Code of Conduct) that applies to our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions, as well as to our other officers and employees. The Code of Conduct is posted on our company s Web site. In addition, we have adopted a separate Directors Code of Conduct that applies to all members of the Board. We intend to satisfy the disclosure requirement regarding any amendment to, or a waiver of, a provision of the Code of Conduct for our directors and executive officers by posting such information on our Web site. The company maintains a compliance reporting line, where employees and individuals outside the company can anonymously submit a complaint or concern regarding compliance with applicable laws, rules or regulations, the Code of Conduct, as well as accounting, auditing, ethical or other concerns.

Board s Role in Risk Oversight. The Board has principal responsibility for oversight of the company s risk management processes and for understanding the overall risk profile of the company. Though Board committees routinely address specific risks and risk processes within their purview, the Board has not delegated primary risk oversight responsibility to a committee.

Our risk management framework provides the basis for consistent and meaningful risk dialogue up, down and across the company. Our Global Performance Measurement and Risk group assesses core investment risks. Our Corporate Risk Management Committee assesses strategic, operational and all other business risks. A network of business unit, functional and geographic risk management committees under the auspices of the Corporate Risk Management Committee maintains an ongoing risk assessment process that provides a bottom-up perspective on the specific risk areas existing in various domains of our business.

At each Board meeting, the Board reviews and discusses with senior management information pertaining to risk provided by the Global Performance Measurement and Risk group and the Corporate Risk Management

Committee. In these sessions senior management reviews and discusses with the Board the most significant risks facing the company. The Board has also reviewed and approved risk tolerance

Table of Contents

guidelines. By receiving these regular reports, the Board maintains a practical understanding of the risk philosophy and risk tolerance of the company. Through this regular and consistent risk communication, the Board has reasonable assurance that all material risks of the company are being addressed and that the company is propagating a risk-aware culture in which effective risk management is built into the fabric of the business.

The Compensation Committee has evaluated our compensation policies and practices for all employees and has concluded that such policies and practices do not create risks that are reasonably likely to have a material adverse effect on the company. In reaching this conclusion, we undertook the following process to evaluate our compensation policies and practices:

A working group comprised of representatives from our human resources and risk management departments was established to review the potential risks associated with Invesco's compensation policies and practices. The group first created a framework for the risk assessment that incorporated certain focus areas (*e.g.*, performance measures, measurement period, etc.) that we had identified through internal and external sources.

Members of the group then reviewed each of Invesco's compensation plans (formulaic bonus payment plans for investment professionals, equity-based plans, and sales commission plans), applying the established framework. Each item was assessed and classified as low risk potential, medium risk potential or high risk potential.

After reviewing each item and the cumulative assessment for each plan, the working group reported to Invesco's Compensation Committee its findings that none of our compensation policies or practices were reasonably likely to have a material adverse effect on the Company.

The Compensation Committee reviewed these findings and concluded that none of Invesco's compensation policies or practices were reasonably likely to have a material adverse effect on the Company.

The Audit Committee routinely receives reports from the control functions of finance, legal and compliance and internal audit. The Head of Internal Audit reports to the Chairman of the Audit Committee. The Audit Committee oversees the internal audit function's planning and resource allocation in a manner designed to ensure testing of controls and other Internal Audit activities are appropriately prioritized in a risk-based manner. The Audit Committee also seeks to assure that appropriate risk-based inputs from management and internal audit are communicated to the company's independent public auditors.

Board Meetings and Annual General Meeting of Shareholders

During the calendar year ended December 31, 2013, the Board held ten meetings (not including committee meetings). Each director attended at least seventy-five percent (75%) of the aggregate of the total number of meetings held by the Board and the total number of meetings held by all committees of the Board on which he or she served during 2013. The Board does not have a formal policy regarding Board member attendance at shareholder meetings. Eight of our ten directors then in office attended the 2013 Annual General Meeting. Those not attending the meeting were unable to be present due to travel schedules. The non-executive directors (those directors who are not officers or employees

of the company) meet in executive session at least once per year during a regularly scheduled Board meeting without management. Rex D. Adams, a non-executive and independent director, presides at the executive sessions of the non-executive directors. As previously announced, the Board has elected Ben F. Johnson III to serve as Chairman of the Board following the expiration of the term of Mr. Adams at the conclusion of this year's Annual General Meeting.

(1) Neither Mr. Adams nor Sir John Banham has been nominated for re-election at the 2014 Annual General Meeting because each has reached the mandatory retirement age. The Board has appointed Mr. Canion to serve as Chairman of the Nomination and Corporate Governance Committee and Mr. Henrikson to serve as Chairman of the Compensation Committee following the expiration of the terms of Mr. Adams and Sir John Banham at the conclusion of this year's Annual General Meeting.

(2) The Board has appointed Mr. Johnson to serve as Chairman of the Board following the expiration of the term of Mr. Adams at the conclusion of this year's Annual General Meeting.

Below is a description of each committee of the Board. The Board has affirmatively determined that each committee consists entirely of independent directors according to applicable NYSE rules and rules promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Audit Committee

The Audit Committee is chaired by Mr. Presby and consists additionally of Messrs. Banham, Henrikson, Johnson, Kessler, Lawrence, Wagoner and Ms. Wood. The committee met twelve times during 2013. (The frequency of the committee's meetings is due to its practice of separately considering certain matters, such as pre-filing review of quarterly reports, among others, in order to devote ample time for discussion and consideration.) Under its charter, the

committee:

is comprised of at least three members of the Board, each of whom is independent of the company under the NYSE and rules of the Securities and Exchange Commission (SEC) and is also financially literate, as defined under NYSE rules;

members are appointed and removed by the Board;

is required to meet at least quarterly;

periodically meets with the head of Internal Audit and the independent auditor in separate executive sessions without members of senior management present;

has the authority to retain independent advisors, at the company's expense, wherever it deems appropriate to fulfill its duties; and

reports to the Board regularly.

Table of Contents

The committee's charter is available on the company's Web site. The charter sets forth the committee's responsibilities, which include, among other items, assisting the Board in fulfilling its responsibility to oversee the company's financial reporting, auditing and internal control activities, including the integrity of the company's financial statements and assisting the Board in overseeing the company's legal and regulatory compliance.

The committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by our independent auditors. The policy is designed to ensure that the auditor's independence is not impaired. The policy provides that, before the company engages the independent auditor to render any service, the engagement must either be specifically approved by the Audit Committee or fall into one of the defined categories that have been pre-approved. (See *Pre-Approval Process and Policy* below.)

The Board has determined that all committee members are financially literate under the NYSE listing standards. The Board has further determined that each of Mr. Presby and Ms. Wood qualifies as an audit committee financial expert (as defined under the SEC's rules and regulations), that each has accounting or related financial management expertise and that each is independent of the company under SEC rules and the NYSE listing rules. The Board has also determined that Mr. Presby's service on the audit committees of more than three public companies does not impair his ability to effectively serve on the Audit Committee.

The Compensation Committee

The Compensation Committee is chaired by Sir John Banham and consists additionally of Messrs. Adams, Henrikson, Johnson, Kessler, Lawrence, Wagoner and Ms. Wood. The committee met six times during 2013. As previously discussed, Mr. Henrikson has been appointed as chairman of the committee effective upon the close of the 2014 Annual General Meeting. Under its charter, the committee:

is comprised of at least three members of the Board, each of whom is independent of the company under the NYSE and SEC rules;

members are appointed and removed by the Board;

is required to meet at least four times annually; and

has the authority to retain independent advisors, at the company's expense, wherever it deems appropriate to fulfill its duties, including any compensation consulting firm.

The committee's charter is available on the company's Web site. The charter sets forth the committee's responsibilities, which include, among other items, annually approving the compensation structure for, and reviewing and approving the compensation of, senior officers and non-executive directors, and overseeing the annual process for evaluating senior officer performance, overseeing the administration of the company's equity-based and other incentive compensation plans, and assisting the Board with executive succession planning.

Each year the committee engages a third-party compensation consultant to provide an analysis of, and counsel on, the company's executive compensation program and practices. The nature and scope of the consultant's assignment is set by the committee. The committee currently engages Johnson Associates, Inc. (Johnson Associates) as its third-party

consultant for this review. The committee has considered various factors as required by NYSE rules as to whether the work of Johnson Associates with respect to executive and director compensation-related matters raised any conflict of interest. The committee has determined no conflict of interest was raised by the engagement of Johnson Associates. For a more detailed discussion of the determination of executive compensation and the role of the third-party compensation consultant, please see *Executive Compensation Compensation Discussion and Analysis* below.

Table of Contents

The committee meets at least annually to review and determine the compensation of the company's non-executive directors. In reviewing and determining non-executive director compensation, the committee considers, among other things, the following policies and principles:

that the compensation should fairly pay the non-executive directors for the work, time commitment and efforts required by directors of an organization of the company's size and scope of business activities, including service on Board committees;

that a component of the compensation should be designed to align the non-executive directors' interests with the long-term interests of the company's shareholders; and

that non-executive directors' independence may be compromised or impaired for Board or committee purposes if director compensation exceeds customary levels.

As a part of its review, the committee periodically engages Johnson Associates as a third-party consultant to report on comparable non-executive director compensation practices and levels. No executive officer of the company is involved in determining or recommending non-executive director compensation levels. See *Director Compensation* below, for a more detailed discussion of compensation paid to the company's directors during 2013.

The Nomination and Corporate Governance Committee

The Nomination and Corporate Governance Committee is chaired by Mr. Adams and consists additionally of Messrs. Banham, Canion, Henrikson, Johnson, Kessler, Lawrence, Presby, Wagoner and Ms. Wood. As previously discussed, Mr. Canion has been appointed as chairman of the committee effective upon the close of the 2014 Annual General Meeting. The committee met five times during 2013. Under its charter, the committee:

is comprised of at least three members of the Board, each of whom is independent of the company under the NYSE and SEC rules;

members are appointed and removed by the Board;

is required to meet at least quarterly; and

has the authority to retain independent advisors, at the company's expense, whenever it deems appropriate to fulfill its duties.

The committee's charter is available on the company's Web site. The charter sets forth the committee's responsibilities, which include, among other items, establishing procedures for identifying and evaluating potential nominees for director and for recommending to the Board potential nominees for election and periodically reviewing and reassessing the adequacy of the Guidelines to determine whether any changes are appropriate and recommending any such changes to the Board for its approval. The candidates proposed for election in Proposal No. 2 of this Proxy

Statement were unanimously recommended by the committee to the Board.

The committee believes there are certain minimum qualifications that each director nominee must satisfy in order to be suitable for a position on the Board, including that such nominee:

be an individual of the highest integrity and have an inquiring mind, a willingness to ask hard questions and the ability to work well with others;

be free of any conflict of interest that would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

be willing and able to devote sufficient time to the affairs of the company and be diligent in fulfilling the responsibilities of a director and Board committee member; and

have the capacity and desire to represent the best interests of the shareholders as a whole.

In considering candidates for director nominee, the committee generally assembles all information regarding a candidate's background and qualifications, evaluates a candidate's mix of skills and qualifications

Table of Contents

and determines the contribution that the candidate could be expected to make to the overall functioning of the Board, giving due consideration to the Board balance of diversity of perspectives, backgrounds and experiences. While the committee routinely considers diversity as a part of its deliberations, it has no formal policy regarding diversity. With respect to current directors, the committee considers past participation in and contributions to the activities of the Board. The committee recommends director nominees to the Board based on its assessment of overall suitability to serve in accordance with the company's policy regarding nominations and qualifications of directors.

The committee will consider candidates recommended for nomination to the Board by shareholders of the company. Shareholders may nominate candidates for election to the Board under Bermuda law and our Bye-Laws. The manner in which the committee evaluates candidates recommended by shareholders would be generally the same as any other candidate. However, the committee would also seek and consider information concerning any relationship between a shareholder recommending a candidate and the candidate to determine if the candidate can represent the interests of all of the shareholders. The committee would not evaluate a candidate recommended by a shareholder unless the shareholder's proposal provides that the potential candidate has indicated a willingness to serve as a director, to comply with the expectations and requirements for Board service as publicly disclosed by the company and to provide all of the information necessary to conduct an evaluation. For further information regarding such deadlines for shareholder proposals, see *Important Additional Information - Shareholder Proposals for the 2015 Annual General Meeting* below.

Executive Summary (cont d)

Progress Against Our Strategic Objectives

Throughout the year, we continued to make substantial progress against our long-term strategic objectives set forth below. Significant achievements across all areas of our business that further positioned us for growth and long-term success included:

Achieve strong investment performance Investment performance across the company remained strong throughout 2013. Delivering strong, long-term investment performance to clients contributed to strong organic growth throughout the year.

Be instrumental in our clients' success Further strengthened and deepened client relationships through superior client engagement. The company made solid progress building world-class fixed income capabilities through the creation of a global fixed income capability, which contributed to record AUM levels in Bank Loans, Stable Value and Investment Grade portfolios. The company further expanded its Exchange-Traded Fund (ETF) franchise, which contributed to record AUM levels for its ETF portfolio. Additionally, the company continued to anticipate client demand by expanding its global investment strategies through the introduction of new multi-asset capabilities and liquid alternative products that we believe will benefit clients and our business over the long term.

Harness the power of our global platform As a demonstration of our ability to leverage our global platform, in 2013 Invesco launched a number of new capabilities globally that support the future growth of the firm. In fact, Invesco launched more funds during the fourth quarter than we did in any full calendar year over the past five years.

Perpetuate a high-performance organization Successfully implemented key organizational changes to better align us with future growth opportunities, increased collaboration across regions, and significantly reinvested in employee talent through additional focus on performance leadership and succession planning. Invesco's employee engagement scores continued to exceed benchmarks set by high performing companies worldwide, as reflected in data from a third-party administered employee survey.

Our Compensation Practices

Below we highlight certain executive compensation practices that are designed to align executive pay with performance, ensure good governance, and serve our shareholders' long-term interests.

What We Do

Pay for performance. We tie pay to the performance of the company and the individual. The great majority of executive compensation is not guaranteed and is variable.

Strong emphasis on deferred compensation. Compensation for our executive officers is heavily weighted to deferred compensation (60-70%), consisting of annual stock deferral and long-term equity awards that vest over four years. Base salaries for our executive officers average approximately 10% of their total annual compensation.

Performance-based long-term equity awards. 30% of long-term equity awards for executive officers is tied to the achievement of specified levels of adjusted operating margin or adjusted diluted earnings per share. For more information regarding long-term equity awards made to our executive officers, including our named executive officers, see *Our Performance-Based Long-Term Equity Awards* below.

Long vesting periods. Our equity awards generally vest in annual tranches over a four-year period.

Linkage of incentive compensation pool to PCBOI. We have a history of disciplined decision-making over multiple years and through various economic cycles, including directly linking the

Table of Contents

Executive Summary (cont d)

aggregate incentive compensation pool to a defined range of our pre-cash bonus operating income (PCBOI); thereby ensuring incentive compensation is paid only when the company is generating operating income.

Clawback policy. The company maintains a clawback policy applicable to our executive officers performance-based long-term equity awards which permits the company to recover compensation in the event of fraudulent or willful misconduct. For more information regarding our clawback policy, see *Clawback Policy* below.

Share ownership guidelines. We maintain robust share ownership guidelines for our executive officers, creating a further link between management interests, company performance and shareholder value. Shares must be held until share ownership guidelines are met. All of our executive officers have exceeded the ownership requirements. For more information regarding our share ownership guidelines, see *Share Ownership Guidelines* below.

Double triggers. We maintain a double trigger requirement on the vesting of equity awards in the event of a change in control, meaning that an equity award holder must be terminated following the change in control before vesting will be accelerated.

Modest perquisites. We provide modest perquisites that provide a sound benefit to the company's business.

Independent compensation committee consultant. Our independent compensation consultant, Johnson Associates, Inc., is retained directly by the committee and performs no other services for the company.

What We Don't Do

No dividends or dividend equivalents on unearned performance-based awards. No dividends or dividend equivalents are paid on performance-based awards during the vesting period. Rather, dividends are deferred and are paid based on performance achieved, with no premiums.

No gross ups. We do not generally provide excise tax gross ups, other than in the case of certain relocation expenses, consistent with our relocation policy.

No short selling or hedging. Our insider trading policy strictly prohibits short selling, dealing in publicly-traded options and hedging or monetization transactions in our common shares.

No option re-pricing. Our equity incentive plans contain certain provisions prohibiting option repricing absent approval of our shareholders.

Results of 2013 Say-on-Pay Vote and Our Investor Outreach Program

At the 2013 Annual General Meeting of Shareholders, 95.8% of the votes cast were in favor of the advisory proposal to approve our NEO compensation, (the Say-on-Pay advisory proposal). Although we believe that the 2013 vote conveyed our shareholders' strong support of the committee's decisions and the existing executive compensation programs, during the balance of 2013 and early 2014, we continued to actively seek investor feedback concerning our compensation programs by holding meetings with a significant number of our largest shareholders. While all of the shareholders we spoke with agree on the importance of pay and performance alignment, there was no consensus among these shareholders on how alignment should be measured. A number of the shareholders indicated that their Say-on-Pay decisions are made on a case-by-case basis and that they have not had any issues with Invesco's compensation in prior years, some noting in particular that they believe appropriate decisions have been made for NEO compensation. Our largest shareholders do not share a consistent philosophy regarding the structure of compensation. That said, all shareholders affirmed the importance of clear disclosure and transparency regarding the decision making process undertaken by the committee. Based on this feedback the committee determined to continue our current compensation practices as described in this Compensation Discussion and Analysis.

Table of Contents

Our Compensation Philosophy

To support our long-term strategic objectives, we have structured our compensation programs at every level to achieve the following objectives:

align individual awards with shareholder and client success;

reinforce our commercial viability by closely linking rewards to results at every level;

reinforce our meritocracy by differentially rewarding high-performers; and

recognize and retain top talent by ensuring a meaningful mix of cash and deferred compensation vehicles.

Determining Compensation of Our Executive Officers

Role of the Compensation Committee

The committee has, among other duties, responsibility for determining the components and amounts of compensation paid to our executive officers, including our named executive officers. The committee's responsibilities include:

reviewing and making recommendations to the Board about the company's overall compensation philosophy;

approving company-wide annual compensation;

evaluating the performance of, and setting the compensation for, the Chief Executive Officer; and

reviewing and overseeing management's annual process for evaluating the performance of, and approving the compensation for, all other executive officers, including our other named executive officers.

The committee's philosophy in practice delivers a significant portion of total pay through incentive compensation. The majority of incentive compensation is deferred and tied to financial and strategic performance in order to align individual rewards with client and shareholder success. In determining the compensation levels, the committee considers the achievement of strategic objectives, the success in executing annual objectives, year-over-year operating results, operating margin, year-over-year earnings per share and operating results versus peers. In addition, the committee considers the competitive environment and the economic cycle. All incentive compensation is constrained by the range of PCBOI to ensure, at all times, the incentive pool is linked to Invesco's operating results. The committee makes its compensation decisions based upon the totality of the results without tying such decisions to a specific formula. The committee believes that this holistic approach, which incorporates fact-based qualitative judgments based upon the factors described above, is more effective than purely mechanical formula criteria.

Role of the Compensation Consultant

The committee's charter gives it the authority to retain consultants and other advisors to assist it in performing its duties. The committee has engaged Johnson Associates, Inc., an independent consulting firm, to advise it on director and executive compensation matters. Johnson Associates:

attends certain meetings of the committee and periodically meets with the committee without members of management present;

assists the committee throughout the year in its analysis and evaluation of our overall executive compensation programs, including compensation paid to our directors and executive officers;

Table of Contents

provides the committee with certain market data and analysis that compares executive compensation paid by the company with that paid by other firms in the financial services industry and certain investment management firms which we consider generally comparable to us; and

provides commentary regarding market conditions, market impressions and compensation trends.

The committee uses such data as reference material to assist it in gaining a general awareness of industry compensation standards and trends. The market data, including performance and pay practices of the peer group and broader investment management firms, do not directly affect the committee's compensation determinations for our executive officers, including our named executive officers. Although we seek to offer to our executive officers a level of total compensation that is competitive, the committee does not target a particular percentile of market or the peer group with respect to total pay packages or any individual components thereof. The committee's consideration of the market data constitutes only one of many factors reviewed and such market data is considered generally and not as a substitute for the committee's independent judgment in making compensation decisions regarding our executive officers.

Under the terms of its engagement with the committee, Johnson Associates does not provide any other services to the company unless the committee has approved such services. No such other services were provided in 2013. The company uses other compensation and benefits consultants to provide market data, actuarial services and/or advice relating to broad management employee programs in which named executive officers may participate.

Review of Peer Compensation

In determining executive compensation, the committee reviews the executive compensation programs and levels of our industry peer companies, as well as other comparable investment management reference companies. Our industry peers (see box to the right) consist of companies in the S&P 500 and S&P 400 that are also in the Asset Management and Custody Bank sub-index, plus AllianceBernstein L.P., another global asset manager followed by industry analysts.

Role of Executive Officers in Determining Executive Compensation

Our Chief Executive Officer meets with the non-executive directors (including the members of the committee) throughout the year to discuss executive performance and compensation matters, including proposals relative to compensation for individual executive officers (other than the Chief Executive Officer). Our Chief Executive Officer and Chief Administrative Officer work with the committee to implement our compensation philosophy. They also provide to the committee information regarding financial and investment performance of the company as well as our progress toward our long-term strategic objectives. Our Chief Financial Officer assists as needed in explaining specific aspects of the company's financial performance.

Setting Annual Incentive Compensation Pool

Based upon the above principles and processes, at regular intervals during the year, the committee examines the company's progress on multiple operating measures, which include client success and financial measures, including

PCBOI, adjusted operating margin, assets under management and adjusted

Table of Contents

diluted earnings per share, as well as key measures, such as the company's progress toward achieving its strategic objectives. While each of these items is considered by the committee, the committee does not attempt to rank or assign relative weight to any factor but rather applies its judgment in considering them in their entirety. The committee is focused on the totality of organizational success without tying compensation decisions to a specific formula.

Following the end of the fiscal year, the committee establishes an overall company-wide incentive pool within established guidelines described below to ensure that compensation is aligned with the financial and strategic results discussed above. The pool is comprised of a cash bonus pool and a deferred compensation pool (consisting of annual stock deferral and long-term equity awards that vest over four years). All 2013 awards, including NEO awards, were paid out of these incentive pools.

For more information regarding annual stock deferral awards and long-term equity awards, see *Components of Executive Compensation and Their Purpose* and *Our Performance-Based Long-Term Equity Awards* below.

The committee annually sets parameters, used consistently for many years, to guide the end-of-year decision-making process regarding the company-wide incentive pool size. These parameters are expressed as a percentage of PCBOI. The committee uses a range of 34-48% of PCBOI, in the aggregate, in setting the company-wide incentive pool, though it maintains the flexibility to go outside either end of this range in circumstances that it deems exceptional. The range includes the cash bonus and deferred compensation pools, as well as the amounts paid under sales commission plans (in which our NEOs do not participate). The range was determined based on historical data concerning the practices of our peer group as analyzed by Johnson Associates and based on data obtained from the McLagan and CaseyQuirk Performance Intelligence Study.

Over the past five years, the aggregate incentive pool has averaged approximately 44% of PCBOI. Utilizing its judgment, and applying discretion based upon the company's financial results and progress toward strategic objectives during 2013, the committee set the company-wide incentive pool for 2013 at approximately 41% of PCBOI (compared to 44% of PCBOI for 2012). The committee decided:

the cash bonus pool would increase this year as a result of the increase in operating income although not at the same rate as the increase in operating income, given decisions made earlier in the year by the Board to return value to shareholders (through dividends and share buybacks) and to further invest in the long-term success of the company; and

with respect to the deferred compensation pool, annual stock deferral awards would increase consistent with the cash bonus pool and long-term equity awards would generally remain unchanged from last year (on an average per person basis) to continue to tie the interests of our employees to the long-term interests of our shareholders.

For more information regarding the company's financial results and our achievement of strategic objectives for 2013, see *2013 Performance Highlights* and *Progress Against Our Strategic Objectives* above.

Table of Contents**Components of Executive Compensation and Their Purpose**

The compensation program for our executive officers, including the NEOs, consists primarily of base salary and variable incentive compensation. The committee believes that a majority of our NEOs' pay should be incentive compensation consisting of a combination of annual cash bonuses, annual stock deferral awards, and long-term equity awards all of which are linked to the achievement of the company's financial and strategic objectives. The following table further describes each component of executive compensation, as well as its purpose and key measures.

Incentive Type	Pay Element	What It Does	Key Measures
FIXED	Base salary	Provides competitive fixed pay Limited to a reasonable base compensation for day-to-day performance of job responsibilities	Experience, duties and scope of responsibility Internal and external market factors Reviewed annually
	Annual cash bonus	Provides a competitive annual incentive opportunity Evaluated annually, generally remains static unless promotion or adjustment is necessary due to economic trends in industry	Based upon company's annual financial results and progress against long-term strategic objectives
VARIABLE	Annual stock deferral award	Provides a competitive annual incentive opportunity	Based upon company's annual financial results and progress against long-term strategic objectives
	(time-based vesting)	Aligns executive with shareholder interests Encourages retention by vesting in annual increments over four years

Our Performance-Based Long-Term Equity Awards

Long-term equity awards are four-year awards which generally vest in 25% increments each year. The committee believes that long-term equity awards should align employee and shareholder interests and that a portion of such awards should be paid only upon achievement of targeted company financial results. Therefore, the executive's ability to realize 30% of the long-term equity award is tied to the achievement each year of at least one of two financial measures:

- adjusted operating margin of the company for the fiscal year, as reported in the company's SEC filings, must exceed certain thresholds; or

Table of Contents

adjusted diluted earnings per share of the company for the fiscal year, as reported in the company's SEC filings, must exceed certain thresholds.

Full vesting of the performance-based long-term equity award occurs in the event either target financial measure is achieved. Partial vesting of the award occurs on a pro-rated basis based on straight-line interpolation between a minimum threshold and the target financial measure. The award will vest based upon the higher achieved financial measure for that year. In addition, dividend equivalents are deferred for such performance awards and will only be paid if and to the extent an award vests. The target financial measures and minimum thresholds for the performance-based portion of our long-term equity awards granted in February 2013 are illustrated below.

2013 Compensation Decision Process

The following flowchart depicts the committee's compensation decision process and related judgments in determining executive officers' compensation for 2013.

Table of Contents**2013 Named Executive Officer Compensation**

For 2013, our named executive officers are:

Name	Title
Martin L. Flanagan	President and Chief Executive Officer
Loren M. Starr	Senior Managing Director and Chief Financial Officer
G. Mark Armour	Senior Managing Director and Head of EMEA
Andrew T.S. Lo	Senior Managing Director and Head of Asia Pacific
Philip A. Taylor	Senior Managing Director and Head of the Americas

Set forth below is a summary of the 2013 compensation for each named executive officer, as well as the 2013 material goals and accomplishments of each named executive officer that the committee considered in determining each such officer's compensation for 2013. In addition, the following graphs show for each named executive officer the ratio of 2013 cash incentive compensation (annual cash bonus) to deferred incentive compensation (annual stock deferral award and long-term equity award). The tables set forth the elements of compensation paid to each such officer for 2013.

***Note:** The graphs and tables below depict how the committee viewed its compensation decisions for our NEOs, but they differ substantially from the Summary Compensation Table (SCT) on page 41 required by SEC rules and are not a substitute for the information presented in the SCT. There are two principal differences between the SCT and the presentations below:*

The company grants both cash and deferred incentive compensation after our earnings for the year have been announced. In both the presentations below and the SCT, cash incentive compensation granted in 2014 for 2013 performance is shown as 2013 compensation. Our presentation below treats deferred incentive compensation similarly, so that equity awards granted in 2014 are shown as 2013 compensation. The SCT does not follow this treatment. Instead the SCT reports the value of equity awards in the year in which they are granted, rather than the year in which they were earned. As a result, equity awards granted in 2014 for 2013 performance are shown in our presentation below as 2013 compensation, but the SCT reports for 2013 the value of equity awards granted in 2013 in respect of 2012 performance.

The SCT reports All Other Compensation. These amounts are not part of the committee's compensation determinations and are not shown in the presentation below.

Martin L. Flanagan President and Chief Executive Officer

Mr. Flanagan has been our President and Chief Executive Officer since August 2005. His achievements in 2013 in respect of the company's strategic objectives set forth below include:

Achieve strong financial performance Mr. Flanagan led the company's strong financial performance in 2013, which included a 27.7% increase in annual adjusted operating income, 39.7% annual adjusted operating margin (an increase of 4.0 percentage points over 2012), a 29.1% increase in annual adjusted diluted EPS, total net inflows of \$34.4 billion and \$850 million return of capital to our shareholders.

Achieve strong investment performance Mr. Flanagan oversaw the company's continued focus on delivering investment excellence to clients and further enhanced the firm's strong investment culture. Investment performance across the company remained strong throughout 2013. Delivering strong, long-term investment performance to clients contributed to strong organic growth throughout the year.

Be instrumental to our clients' success Mr. Flanagan continued to oversee the firm's efforts to further strengthen and deepen client relationships through superior client engagement. Under

his leadership, the firm made solid progress building world-class fixed income capabilities through the creation of a global fixed income capability, which contributed to record AUM levels in Bank Loans, Stable Value and Investment Grade portfolios. The firm further expanded its ETF franchise, which contributed to record AUM levels for its ETF portfolio. Additionally, the firm continued to anticipate client demand by expanding its global investment strategies through the introduction of new multi-asset capabilities and liquid alternative products that we believe will benefit clients and our business over the long term.

Harness the power of our global platform Mr. Flanagan oversaw the company's efforts to launch a number of new capabilities globally that support the future growth of the firm. The company launched more funds during the fourth quarter of 2013 than it did in any full calendar year over the past five years.

Perpetuate a high-performance organization Mr. Flanagan successfully managed changes within the organization to drive increased collaboration across regions and more effectively leverage our investment capabilities globally. As part of efforts to further enhance employee engagement, he oversaw efforts to significantly reinvest in talent through additional focus on performance leadership and succession planning. Invesco's employee engagement scores continued to exceed benchmarks set by high-performing companies worldwide, as reflected in data from a third-party administered employee survey.

Invesco generally is near the median of our peer group in terms of market capitalization and annual revenues. Our CEO's total compensation earned in 2012 was at approximately the 60th percentile of 2012 CEO total disclosed compensation of our industry peer companies (the latest year for which data was available). When comparing performance on a variety of financial measures, Invesco generally ranges between the 50th and 70th percentiles. Further, our CEO's total compensation is strongly aligned with shareholders, with approximately 69% of his total incentive compensation deferred into Invesco stock. Therefore, the committee believes that our Chief Executive Officer's total compensation is well aligned with performance and our shareholder's interests.

For 2013, the Committee determined that Mr. Flanagan should see an increase to total compensation of 20% in recognition of the strong 2013 operating results and Mr. Flanagan's leadership in continuing to achieve the strategic objectives of the company. The changes to each component of Mr. Flanagan's compensation are detailed in the table below.

Loren M. Starr Senior Managing Director and Chief Financial Officer

Mr. Starr has been our Chief Financial Officer since October 2005. His achievements in 2013 include:

Generated expense savings and improved margins Mr. Starr oversaw efforts to expand the company's operating margin through the course of 2013 by implementing cost saving programs to more effectively deploy existing resources and by allocating capital to high growth areas.

Table of Contents

Supported the continued investment in the business for future growth Mr. Starr supported the continued growth of the business by leading the company in financing several important new product launches, with more than \$250 million in seed capital. Mr. Starr also led the efforts to improve the firm's liquidity in part through the issuance of \$1 billion of long-term senior debt at favorable rates of interest and paying down the outstanding credit facility debt.

Oversaw financial aspects of acquisitions and divestitures Mr. Starr led the finance team in supporting the acquisition of an interest in Religare Asset Management, one of the top 15 asset managers in the growing India market, as well as the divestiture of Atlantic Trust, a private wealth unit which was not core to the firm's asset management business.

Improved leadership, people development and training Mr. Starr continued to devote significant attention to people development in 2013 within the groups he manages, resulting in continued improvement in employees' development, training and leadership skills. Employee survey results related to coordination, teamwork and empowerment exceeded high-performing company norms.

Focused on core financial systems Mr. Starr initiated the upgrade of the company's general accounting and financial systems to significantly improve the efficiency and effectiveness of our global financial processes.

G. Mark Armour Senior Managing Director and Head of EMEA

In early 2013, Mr. Armour assumed responsibility for Invesco's EMEA business (which includes Europe, Middle East and Africa). His accomplishments in 2013 include:

Achieved strong investment performance Mr. Armour further enhanced the robust investment culture in EMEA, which helped deliver strong investment performance to clients. As an example, the Invesco Perpetual investment team continued to build on its excellent long-term performance record. He oversaw the recruitment of additional investment talent, the establishment of a multi-asset team in the UK, and numerous fund launches, including the Global Targeted Returns fund in the UK market, which saw inflows of over \$250 million in the first three months. Mr. Armour led the transition for the planned departure of a key investment professional announced in late 2013, while maintaining strong flows in the UK and across Europe.

Improved governance processes in light of changes in European regulations Mr. Armour oversaw efforts to position the firm ahead of changes in the regulatory environment within the UK and Europe, in part by increasing the frequency of Invesco governing body meetings and creating greater acceptance of the role of control functions across the organization.

Revised the strategy for sales across continental Europe Mr. Armour led the effort to further enhance our ability to serve clients across Europe. As a result, AUM for EMEA increased \$34.6 billion to \$171.9 billion, improved gross sales of \$49.4 billion, and net sales of \$8.6 billion, all significantly ahead of the prior year.

Table of Contents

As discussed in last year's Proxy Statement, Mr. Armour's compensation in 2012 was reduced due to a narrowing of the scope of his responsibilities for that year associated with the transition of an investment center to another executive officer, Karen Dunn Kelley, and the consolidation of North America retail and institutional sales under Philip Taylor. Mr. Armour's total compensation was therefore reduced from \$4.7M in 2011 to \$3.6M in 2012. Upon assuming the role as the head of Invesco's EMEA business in early 2013, the scope of Mr. Armour's responsibilities were greatly expanded. The committee determined that the scope of his role in 2013 warranted an increase in compensation to levels at least as high as 2011 compensation. In addition, the committee agreed to recognize his leadership of the EMEA region in 2013, including the achievements described above.

Andrew T.S. Lo Senior Managing Director and Head of Asia Pacific

Mr. Lo has been head of the firm's Asia Pacific business since 2001. His accomplishments in 2013 include:

Achieved strong investment performance and brought the best of Invesco to clients Mr. Lo oversaw the improvement of relative performance of Asia Pacific managed assets, for the one-, three-, and five-year periods. Investment performance in Invesco's Greater China business and its joint venture in China (Invesco Great Wall) was particularly strong, contributing to a robust growth in AUM. Invesco Great Wall maintained its leadership position and finished the year as the largest active manager overall in Chinese equities among the country's approximately 90 fund management companies. The joint venture was awarded the Most Respected Fund Management Company for 2013 by *Moneyweek*. Mr. Lo also oversaw the successful launch of new ETFs in Greater China.

Successfully integrated investment team in India Mr. Lo led the acquisition of an interest in Religare Asset Management, expanding Invesco's capabilities into the growing India market.

Strengthened sales and marketing in Japan, Australia and Korea Mr. Lo further enhanced the organizational structure in Japan to place greater emphasis on client engagement, marketing and product management. These efforts, combined with the improving investment performance, helped drive strong gains in retail sales for the business. Mr. Lo hired a new head of the Australian team and combined the market's retail and institutional sales teams under unified leadership, which then achieved an increase in institutional sales with new and existing clients. Mr. Lo oversaw the implementation of a new sales office in Seoul, South Korea to begin serving this rapidly growing asset management market in 2014.

Philip Taylor Senior Managing Director and Head of the Americas

Mr. Taylor has been head of the firm's Americas business since 2012. His achievements in 2013 include:

Increased overall sales and distribution effectiveness Mr. Taylor increased overall retail and institutional distribution effectiveness in the U.S., Invesco's largest market, by further strengthening the sales culture and leadership, including improved objective setting and monitoring, enhanced talent management, and increased collaboration with marketing, product management, product development and investments. This effort, coupled with the strong investment performance of the U.S.-based investment teams, led to an increase in net flows of 18% over the prior year. Independent research showed continued high levels of Invesco brand awareness. Additionally, Mr. Taylor's leadership resulted in employee survey scores that showed further improved engagement across the sales organization, including customer service orientation and leadership metrics.

Brought the best of Invesco to our clients around the world Mr. Taylor directed continued growth of Invesco's ETF franchise to record high asset levels. In the U.S., share of net flows increased to 7% of industry flows, a share that is higher than share of assets. Mr. Taylor also oversaw the expansion of Invesco PowerShares ETFs in Canada and Greater China.

Built on positive momentum in Canada Mr. Taylor directed efforts to further strengthen the effectiveness of Canada's investment leadership, culture and reputation in the Canadian marketplace. As a result, investment performance improved versus peers, net sales increased and Invesco Canada was nominated as Morningstar

Advisors Choice Fund Company of the Year.

Table of Contents**Other Compensation Policies and Practices***Share Ownership Guidelines*

All equity awards made to our executive officers are subject to our Executive Officer Stock Ownership Policy. The policy requires executive officers to achieve a certain ownership level within three years. Until such level is achieved, each executive officer is required to retain 100% of the shares received from our share incentive plans. All of our executive officers have achieved their respective ownership level requirements.

<u>Stock Ownership Policy</u>	<u>Ownership level required</u>
Chief Executive Officer	250,000 shares
All other executive officers	100,000 shares

Clawback Policy

Our executive officers long-term equity awards subject to achievement of target financial results are also subject to a clawback policy. All equity awards that are subject to achievement of target financial results in respect of our executive officers, including our named executive officers, are also subject to forfeiture or clawback provisions. The provisions provide that any shares received (whether vested or unvested), any dividends or other earnings thereon, and the proceeds from any sale of such shares, are subject to recovery by the company in the event that:

the company issues a restatement of financial results to correct a material error;

the committee determines, in good faith, that fraud or willful misconduct on the part of the employee was a significant contributing factor to the need to issue such restatement; and

some or all of the shares granted or received prior to such restatement would not have been granted or received, as determined by the committee in its sole discretion, based upon the restated financial results.

Benefits and Perquisites

As a general practice, the company provides no material benefits and limited perquisites to executive officers that it does not provide to other employees. All executive officers are entitled to receive medical, life and disability insurance coverage and other corporate benefits available to most of the company's employees. Executive officers are also eligible to participate in the Employee Stock Purchase Plan on similar terms to the company's other employees. In addition, all of the executive officers may participate in the 401(k) Plan or similar plans in the executive officer's home country.

The company provides certain limited perquisites to its executive officers which it believes aid the executives in their execution of company business. For example, personal use of company aircraft may be provided to enable named executive officers to devote additional and efficient time to company business when traveling. The committee believes

the value of perquisites and other benefits are reasonable in amount and consistent with its overall compensation plan. For additional information on perquisites and other benefits, see the *Summary Compensation Table* in this Proxy Statement.

Award Maximums for Named Executive Officers

In determining compensation for the named executive officers, the committee considers the potential impact of Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows a tax deduction to public corporations for compensation greater than \$1 million paid per fiscal year to each of the corporation's covered employees (generally, the Chief Executive Officer and the next three most highly compensated executive officers as of the end of any fiscal year). However, compensation which

Table of Contents

qualifies as performance-based is excluded from the \$1 million per executive officer limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by the company's shareholders.

As part of our compensation program for executive officers, the company maintains the Executive Incentive Bonus Plan (Bonus Plan). The Bonus Plan provides for annual performance-based awards to eligible employees. For each executive officer, the committee determines on an annual basis an award maximum under the Bonus Plan. Award maximums are expressed as a percentage of PCBOI an objectively determined performance criteria that is intended to qualify for the performance-based exemption to the \$1 million deduction limit under Section 162(m). Award maximums pertain to the cumulative value of an executive officer's annual variable compensation consisting of the annual cash bonus, annual stock deferral award and long-term equity award. In the event the committee determines to grant additional compensation that is not performance-based compensation to an executive subject to the provisions of Section 162(m), the additional compensation will be subject to the \$1 million deduction limitation.

In February 2013, the committee established three levels of award maximums in respect of our named executive officers one each for the Chief Executive Officer, Senior Managing Directors of business components, and Senior Managing Directors of staff functions. The three levels of award maximums were established after consideration of:

prior-year compensation levels in light of the company's 2012 PCBOI;

projected maximum award levels based on the company's estimated 2013 PCBOI;

market data for industry comparative compensation levels; and

comparisons for job roles and levels of responsibility.

Table of Contents**Grants of Plan-Based Share Awards for 2013**

The Compensation Committee granted share awards to each of the named executive officers during 2013. All share awards immediately become vested upon the recipient's termination of employment during the 24-month period following a change in control (i) by the company other than for cause or disability, or (ii) by the recipient for good reason.

(1) **Performance-based Equity Awards.** Performance-based equity awards were granted under the 2011 Global Equity Incentive Plan. For each of the named executive officers other than Mr. Taylor, performance-based equity awards are four-year awards that vest 25% each year. With respect to Mr. Taylor, performance-based equity awards are comprised of a 3-year award that vests ratably and a 4-year award that vests 100% on the fourth anniversary of the date of grant.

Performance-based equity awards are tied to the achievement of specified levels of adjusted operating margin or adjusted diluted earnings per share. Full vesting of the performance-based long-term equity award occurs in the event that either target financial measure is achieved. Partial vesting of the award occurs on a pro-rated basis based on straight-line interpolation between a minimum threshold and the target financial measure. The award will vest based upon the higher achieved financial measure for that year. Dividend equivalents are deferred for such performance-based equity awards and will only be paid at the same rate as on our shares if and to the extent an award

vests. The target financial measures and minimum thresholds for the performance-based portion of our long-term equity awards are illustrated below.

Adjusted Diluted EPS	Vesting		Adjusted Operating Margin	Vesting
Equal to or greater than			Equal to or greater than	
\$1.10	100%	or	25.5%	100%
Less than \$0.75	0%		Less than 22%	0%

- (2) Time-based Equity Awards. Time-based equity awards were granted under the 2011 Global Equity Incentive Plan. For each of the named executive officers other than Mr. Taylor, time-based equity awards are four-year awards that vest 25% each year. With respect to Mr. Taylor, time-based equity awards are comprised of a 3-year award that vests ratably and a 4-year award that vests 100% on the fourth anniversary of the date of grant. Dividends and dividend equivalents are paid on unvested awards at the same time and rate as on our shares.

(3) The grant date fair value is the total amount that the company will recognize as expense under applicable accounting requirements if the share awards fully vest. This amount is included in our Summary Compensation Table each year. Grant date fair values were calculated in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718 *Compensation - Stock Compensation*. The grant date fair value is calculated by multiplying the number of shares granted by the closing price of our common shares on the day the award was granted. With respect to the performance-based equity awards, the grant date fair value also represents the probable outcome of such performance conditions and represents the highest level of achievement.

Potential Payments upon Termination or Change in Control for 2013

The following tables summarize the estimated payments to be made under each agreement, plan or arrangement in effect as of December 31, 2013 which provides for payments to a named executive officer at, following or in connection with a termination of employment or a change in control. However, in accordance with SEC regulations, we do not report any amount to be provided to a named executive officer under any arrangement which does not discriminate in scope, terms or operation in favor of our named executive officers and which is available generally to all salaried employees. In accordance with SEC regulations, this analysis assumes that the named executive officer's date of termination is December 31, 2013, and the price per share of our common shares on the date of termination is the closing price of our common shares on the NYSE on that date, which was \$36.40.

The following table sets forth the approximate aggregate fees billed or expected to be billed to the company by PwC for fiscal year 2013 and by Ernst & Young LLP (EY), our former independent auditors, for fiscal year 2012 for the audit of the company's annual consolidated financial statements and for other services rendered by PwC in 2013 and EY in 2012.

These amounts do not include fees paid to PwC in 2013 and EY in 2012 associated with audits conducted on certain of our affiliated mutual funds, unit trusts and partnerships.

(2) Audit-Related Fees consist of attest services not required by statute or regulation, audits of employee benefit plans and accounting consultations in connection with new accounting pronouncements and acquisitions.

Pre-Approval Process and Policy

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by our independent auditors. The policy is designed to ensure that the auditor's independence is not impaired. The policy sets forth the Audit Committee's views on audit, audit-related, tax and other services. It provides that, before the company engages the independent auditor to render any service, the engagement must either be specifically approved by the Audit Committee or fall into one of the defined categories that have been pre-approved. The policy defines the services and the estimated range of fees for such services that the committee has pre-approved. The term of any such categorical approval is 12 months, unless the committee specifically provides otherwise, and the policy requires the related fee levels to be set annually. Where actual invoices in respect of any service are materially in excess of the estimated range, the committee must approve such excess amount prior to payment. The policy also prohibits the company from engaging the auditors to provide certain defined non-audit services that are prohibited under SEC rules.

Under the policy, the Audit Committee may delegate pre-approval authority to one or more of its members, but may not delegate such authority to the company's management. Under the policy, our management must inform the Audit Committee of each service performed by our independent auditor pursuant to the policy. Requests to the Audit Committee for separate approval must be submitted by both the independent auditor and our Chief Financial Officer and the request must include a joint statement as to whether it is deemed consistent with the SEC's and PCAOB's rules on auditor independence.

All audit and non-audit services provided to the company and its subsidiaries by PwC during fiscal year 2013 and by EY during fiscal year 2012 were either specifically approved or pre-approved under the policy.

Related Person Transaction Policy

The Board of Directors has adopted written Policies and Procedures with Respect to Related Person Transactions to address the review, approval, disapproval or ratification of related person transactions. Related persons include the company's executive officers, directors, director nominees, holders of more than five percent (5%) of the company's voting securities, immediate family members of the foregoing persons, and any entity in which any of the foregoing persons is employed, is a partner or is in a similar position, or in which such person has a 5% or greater ownership interest. A related person transaction means a transaction or series of transactions in which the company participates, the amount involved exceeds \$120,000, and a related person has a direct or indirect interest (with certain exceptions permitted by SEC rules).

Management is required to present for the approval or ratification of the Audit Committee all material information regarding an actual or potential related person transaction. The policy requires that, after reviewing such information, the disinterested members of the Audit Committee will approve or disapprove the transaction. Approval will be given only if the Audit Committee determines that such transaction is in, or is not inconsistent with, the best interests of the company and its shareholders. The policy further requires that in the event management becomes aware of a related person transaction that has not been previously approved or ratified, it must be submitted to the Audit Committee promptly. The policy also permits the chairman of the Audit Committee to review and approve related person transactions in accordance with the terms of the policy between scheduled committee meetings. Any determination made pursuant to this delegated authority must be reported to the full Audit Committee at the next regularly-scheduled meeting.

Section 16(a) Beneficial Ownership

Reporting Compliance

Section 16(a) of the Exchange Act requires officers, directors and persons who beneficially own more than 10% of the company's common shares to file reports of ownership and reports of changes in ownership with the SEC. The reporting officers, directors and 10% shareholders are also required by SEC rules to furnish the company with copies of all Section 16(a) reports they file. Based solely on its review of copies of such reports, the company believes that all Section 16(a) filing requirements applicable to its directors, executive officers and 10% shareholders were complied with during fiscal year 2013.

Proposal No. 3

Advisory Vote on Executive Compensation

General

The Dodd-Frank Act enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. We are asking our shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

Accordingly, we are asking our shareholders to vote **FOR** the following resolution at the Annual General Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory (non-binding) basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual General Meeting of Shareholders pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis, the compensation tables and related narrative discussion.

Invesco's compensation programs, particularly our annual incentive pools, are tied to the achievement of our strategic and financial results and our success in serving our clients' and shareholders' interests, as further described in *Executive Compensation* above. In considering their vote, we urge shareholders to review the information included in this Proxy Statement in *Executive Compensation*. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our shareholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. Under the Board's current policy, shareholders are given an opportunity to cast an advisory vote on this topic annually, with the next opportunity occurring in connection with the 2015 Annual General Meeting. At the 2013 Annual General Meeting, 95.8% of the votes cast were in favor of the advisory proposal to approve our named executive officer compensation. Although we believe that the 2013 vote conveyed our shareholders' strong support of the Compensation Committee's decisions and the existing executive compensation programs, during the balance of 2013 and early 2014, we continued to actively seek investor input to obtain ongoing feedback concerning our compensation programs. While all of the shareholders we spoke with agree on the importance of pay and performance alignment, there was no consensus among these shareholders on how alignment should be measured. A number of the shareholders indicated that their Say-on-Pay decisions are made on a case-by-case basis and that they have not had any issues with Invesco's compensation in prior years, some noting in particular that they believe appropriate decisions have been made for NEO compensation. Our largest shareholders do not share a consistent philosophy regarding the structure of compensation. That said, all shareholders affirmed the importance of clear disclosure and transparency regarding the decision making process undertaken by the Compensation Committee. Based on this feedback the Compensation Committee determined to continue our current compensation practices as described in the *Compensation Discussion and Analysis* above.

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION. This proposal requires the affirmative vote of a majority of votes cast at the Annual General Meeting.

Proposal No. 4

Appointment of Independent Registered

Public Accounting Firm

General

The Audit Committee of the Board has proposed the appointment of PwC as the independent registered public accounting firm to audit the company's consolidated financial statements for the fiscal year ending December 31, 2014 and to audit the company's internal control over financial reporting as of December 31, 2014. During and for the fiscal year ended December 31, 2013, PwC audited and rendered opinions on the financial statements of the company and certain of its subsidiaries. PwC also rendered an opinion on the company's internal control over financial reporting as of December 31, 2013. In addition, PwC provides the company with tax consulting and compliance services, accounting and financial reporting advice on transactions and regulatory filings and certain other services not prohibited by applicable auditor independence requirements. See *Fees Paid to Independent Registered Public Accounting Firm* above. Representatives of PwC are expected to be present at the Annual General Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

Previous Independent Registered Public Accounting Firm

During and for the fiscal year ended December 31, 2012, EY audited and rendered opinions on the financial statements of the company and certain of its subsidiaries. EY also rendered an opinion on the company's internal control over financial reporting as of December 31, 2012. In addition, EY provided the company with tax consulting and compliance services, accounting and financial reporting advice on transactions and regulatory filings and certain other services not prohibited by applicable auditor independence requirements as set forth above.

On February 25, 2013, the company notified EY of its decision to dismiss EY, effective as of that date, and to appoint another independent registered public accounting firm. The decision to change independent registered public accounting firms was approved by Invesco's Audit Committee. On February 28, 2013, Invesco engaged PwC as its new independent registered public accounting firm, effective immediately. The decision to engage PwC as Invesco's independent registered public accounting firm was approved by Invesco's Audit Committee. During the years ended December 31, 2012 and 2011, and through February 28, 2013, the date of PwC's engagement, Invesco did not consult with PwC regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

EY's reports on Invesco's financial statements for two fiscal years ended December 31, 2012 and 2011 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the two fiscal years ended December 31, 2012 and 2011, and in the subsequent period through February 25, 2013, the date of EY's dismissal, there were no disagreements with EY on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of EY, would have caused EY to make reference to the subject matter of the disagreements in connection

with their reports on our financial statements for such periods.

There were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K) during the two fiscal years ended December 31, 2012 and 2011, or in the subsequent period through February 25, 2013.

If the appointment is not approved, the Audit Committee will reconsider the selection of PwC as the company's independent registered public accounting firm.

Questions and Answers About Voting Your Common Shares

Why did I receive this Proxy

Statement?

You have received these proxy materials because Invesco's Board of Directors is soliciting your proxy to vote your shares at the Annual General Meeting on May 15, 2014. This proxy statement includes information that is designed to assist you in voting your shares and information that we are required to provide to you under SEC rules.

What is a proxy?

A proxy is a written authorization from you to another person that allows such person (the proxy holder) to vote your shares on your behalf. The Board of Directors is asking you to allow any of the following persons to vote your shares at the Annual General Meeting: Rex D. Adams, Chairman of the Board of Directors; Martin L. Flanagan, President and Chief Executive Officer; Loren M. Starr, Senior Managing Director and Chief Financial Officer; Colin D. Meadows, Senior Managing Director and Chief Administrative Officer and Kevin M. Carome, Senior Managing Director and General Counsel.

Why did I not receive my proxy materials in the mail?

As permitted by rules of the SEC, Invesco is making this Proxy Statement and its Annual Report on Form 10-K for the fiscal year ended December 31, 2013 (Annual Report) available to its shareholders electronically via the Internet. The e-proxy process expedites shareholders' receipt of proxy materials and lowers the costs and reduces the environmental impact of our Annual General Meeting.

On March 31, 2014, we mailed to shareholders of record as of the close of business on March 17, 2014 (Record Date) a Notice of Internet Availability of Proxy Materials (Notice) containing instructions on how to access this Proxy Statement, our Annual Report and other soliciting materials via the Internet. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions included in the Notice for requesting such materials.

persons who have interests in Invesco common shares through participation in those plans. These individuals are not eligible to vote directly at the Annual General Meeting. They may, however, instruct the trustees or plan administrators of these plans how to vote the common shares represented by their interests.

Who is entitled to vote?

Each holder of record of Invesco common shares on the Record Date for the Annual General Meeting is entitled to attend and vote at the Annual General Meeting.

Table of Contents

What is the difference between holding shares as a shareholder of record and as a beneficial owner ?

Shareholders of Record. You are a shareholder of record if at the close of business on the Record Date your shares were registered directly in your name with Computershare, our transfer agent.

Beneficial Owner. You are a beneficial owner if at the close of business on the Record Date your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our shareholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. Please see *What if I return a signed proxy or voting instruction card, but do not specify how my shares are to be voted?* below for additional information.

Invesco has requested banks, brokerage firms and other nominees who hold Invesco common shares on behalf of beneficial owners of the common shares as of the close of business on the Record Date to forward the Notice to those beneficial owners. Invesco has agreed to pay the reasonable expenses of the banks, brokerage firms and other nominees for forwarding these materials.

How many votes do I have?

Every holder of a common share on the Record Date will be entitled to one vote per share for each Director to be elected at the Annual General Meeting and to one vote per share on each other matter presented at the Annual General Meeting. On the Record Date there were 432,756,834 common shares outstanding and entitled to vote at the Annual General Meeting.

What proposals are being presented at the Annual General Meeting?

Invesco intends to present proposals numbered one through four for shareholder consideration and voting at the Annual General Meeting. These proposals are for:

1. Amendment to the Bye-Laws to declassify our Board of Directors;
2. Election of two (2) members of the Board of Directors;

3. Advisory vote to approve executive compensation; and

4. Appointment of PricewaterhouseCoopers LLP as the company's independent registered public accounting firm.

Other than the matters set forth in this Proxy Statement and matters incident to the conduct of the Annual General Meeting, Invesco does not know of any business or proposals to be considered at the Annual General Meeting. If any other business is proposed and properly presented at the Annual General Meeting, the proxies received from our shareholders give the proxy holders the authority to vote on such matter in their discretion.

Table of Contents

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote:

FOR the amendment to the Bye-Laws to declassify our Board of Directors;
FOR the election of the two (2) directors nominated by our Board and named in this proxy statement;
FOR the approval, on an advisory basis, of the compensation of our named executive officers; and
FOR appointment of PricewaterhouseCoopers LLP as the company's independent registered public accounting firm.

How do I attend the Annual General Meeting?

All shareholders are invited to attend the Annual General Meeting. An admission ticket (or other proof of share ownership) and some form of government-issued photo identification (such as a valid driver's license or passport) will be required for admission to the Annual General Meeting. Only shareholders who own Invesco common shares as of the close of business on the Record Date and invited guests will be entitled to attend the meeting. An admission ticket will serve as verification of your ownership. Registration will begin at 12:00 p.m. Eastern Time and the Annual General Meeting will begin at 1:00 p.m. Eastern Time.

If your Invesco shares are registered in your name and you received or accessed your proxy materials electronically via the Internet, click the appropriate box on the electronic proxy card or follow the telephone instructions when prompted and an admission ticket will be held for you at the check-in area at the Annual General Meeting.

If you received your proxy materials by mail and voted by completing your proxy card and checked the box indicating that you plan to attend the meeting, an admission ticket will be held for you at the check-in area at the Annual General Meeting.

If your Invesco shares are held in a bank or brokerage account, contact your bank or broker to obtain a written legal proxy in order to vote your shares at the meeting. If you do not obtain a legal proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the Annual General Meeting if you bring a recent bank or brokerage statement showing that you owned Invesco common shares on March 17, 2014. You should report to the check-in area for admission to the Annual General Meeting.

How do I vote and what are the voting deadlines?

You may vote your shares in person at the Annual General Meeting or by proxy. There are three ways to vote by proxy:

Via the Internet: You can submit a proxy via the Internet until 11:59 p.m. Eastern Time on May 14, 2014, by accessing the web site at <http://www.envisionreports.com/IVZ> and following the instructions you will find on the web site. Internet proxy submission is available 24 hours a day. You will be given the opportunity to confirm that your instructions have been properly recorded.

Table of Contents

By Telephone: You can submit a proxy by telephone until 11:59 p.m. Eastern Time on May 14, 2014, by calling toll-free 1-800-652-VOTE (8683) (from the U.S. and Canada) and following the instructions.

By Mail: If you have received your proxy materials by mail, you can vote by marking, dating and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your common shares in an account with a bank or broker (*i.e.*, in street name), you can vote by following the instructions on the voting instruction card provided to you by your bank or broker. Proxy cards returned by mail must be received no later than the close of business on May 14, 2014.

Even if you plan to be present at the Annual General Meeting, we encourage you to vote your common shares by proxy using one of the methods described above. Invesco shareholders of record who attend the meeting may vote their common shares in person, even though they have sent in proxies.

What if my common shares are held in an Invesco retirement plan?

For participants in the Invesco 401(k) Plan and the Invesco Money Purchase Plan (collectively, the Retirement Plans), your shares will be voted as you instruct the trustees or plan administrators of the Retirement Plans. There are three ways to vote: via the Internet, by telephone or by returning your voting instruction card. Please follow the instructions included on your voting instruction card on how to vote using one of the three methods. Your vote will serve as voting instructions to the trustees or plan administrators of the Retirement Plans for shares allocated to your account, as well as a proportionate share of any unallocated shares and unvoted shares. If you do not vote shares allocated to your account held in the Retirement Plans, the trustee or plan administrator will vote your shares in the same proportion as the shares for which instructions were received from all other holders of common shares in the Retirement Plan. You cannot vote your Retirement Plan shares in person at the meeting. **To allow sufficient time for voting by the trustees and plan administrators of the Retirement Plans, the trustees and plan administrators must receive your vote by no later than 5:00 p.m. Eastern Time on May 12, 2014.**

What if I hold restricted shares?

For participants in the Invesco Global Stock Plan, the 2008 Global Equity Incentive Plan, 2010 Global Equity Incentive Plan (ST) and 2011 Global Equity Incentive Plan who hold restricted share awards through the company's stock plan administrator, your restricted shares will be voted as you instruct the custodian for such shares, Invesco Ltd. (the Custodian). There are three ways to vote: via the Internet, by telephone or by returning your voting instruction card. Please follow the instructions included on your voting instruction card on how to vote using one of the three methods. Your vote will serve as voting instructions to the Custodian for your restricted shares. If you do not provide instructions regarding your restricted shares, the Custodian will not vote them. You cannot vote your restricted shares in person at the

meeting. **To allow sufficient time for voting by the Custodian, the Custodian must receive your vote by no later than 11:59 p.m. Eastern Time on May 12, 2014.**

<i>May I change or revoke my vote?</i>	<p>Yes. <i>What will happen if I do not vote my shares?</i>	<p><i>Shareholders of Record.</i> If you are the shareholder of record of your shares and you do not vote in person at the Annual General Meeting, or by proxy via the Internet, by telephone, or by mail, your shares will not be voted at the Annual General Meeting.</p> <p><i>Beneficial Owners.</i> If you are the beneficial owner of your shares, your broker or nominee may vote your shares only on those proposals on which it has discretion to vote. Under NYSE rules, your broker or nominee has discretion to vote your shares on routine matters, such as Proposal No. 4, but does <u>not</u> have discretion to vote your shares on non-routine matters, such as Proposals No. 1, 2 and 3. Therefore, if you do not instruct your broker as to how to vote your shares on Proposals No. 1, 2 or 3, this would be a broker non-vote, and your shares would not be counted as having been voted on the applicable proposal. We therefore strongly encourage you to instruct your broker or nominee on how you wish to vote your shares.</p>
<i>What is the effect of a broker non-vote or abstention?</i>	<p>Under NYSE rules, brokers or other nominees who hold shares for a beneficial owner have the discretion to vote on a limited number of routine proposals when they have not received voting instructions from the beneficial owner at least ten days prior to the Annual General Meeting. A broker non-vote occurs when a broker or other nominee does not receive such voting instructions and does not have the discretion to vote the shares. Pursuant to Bermuda law, broker non-votes and abstentions are not included in the determination of the common shares voting on such matter, but are counted for quorum purposes.</p>
<i>What if I return a signed proxy or voting instruction card, but do not specify how my shares are to be voted?</i>	<p><i>Shareholders of Record.</i> If you are a shareholder of record and you submit a proxy, but you do not provide voting instructions, all of your shares will be voted FOR Proposals No. 1, 2, 3 and 4.</p> <p><i>Beneficial Owners.</i> If you are a beneficial owner and you do not provide the broker or other nominee that holds your shares with voting instructions, the</p>

Proposals No. 1, 2 and 3. Therefore, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may only vote your shares on Proposal No. 4 and any other routine matters properly presented for a vote at the Annual General Meeting.

What does it mean if I

receive more than one Notice

of Internet Availability of

Proxy Materials?

What is a quorum?

It means you own Invesco common shares in more than one account, such as individually and jointly with your spouse. **Please vote all of your common shares.** Please see *Householding of Proxy Materials* below for information on how you may elect to receive only one Notice.

A quorum is necessary to hold a valid meeting. The presence, in person, of two or more persons representing, in person or by proxy, more than fifty percent (50%) of the issued and outstanding common shares entitled to vote at the meeting as of the Record Date constitutes a quorum for the conduct of business.

What vote is required in

order to approve each

proposal?

The affirmative vote of at least 75% of the issued and outstanding shares of the Company is required to approve Proposal No. 1. The affirmative vote of a majority of the votes cast on Proposals No. 2, 3 and 4 at the Annual General Meeting is required to approve such Proposals. Under our Bye-Laws, a majority of the votes cast means the number of shares voted for a proposal must exceed 50% of the votes cast with respect to such proposal. Votes cast include only votes cast with respect to shares present in person or represented by proxy and excludes broker non-votes and abstentions.

How will voting on any

other business be

conducted?

What happens if the Annual

General Meeting is adjourned

or postponed?

Who will count the votes?

Other than the matters set forth in this Proxy Statement and matters incident to the conduct of the Annual General Meeting, we do not know of any business or proposals to be considered at the Annual General Meeting. If any other business is proposed and properly presented at the Annual General Meeting, the persons named as proxies will vote on the matter in their discretion.

Your proxy will still be effective and will be voted at the rescheduled Annual General Meeting. You will still be able to change or revoke your proxy until it is voted.

A representative of Computershare, our transfer agent, will act as the inspector of election and will tabulate the votes.

How can I find the results

of the Annual General Meeting?

Preliminary results will be announced at the Annual General Meeting. Final results will be published in a Current Report on Form 8-K that we will file with the SEC within four (4) business days after the Annual General Meeting.

Costs of Solicitation

The cost of solicitation of proxies will be paid by Invesco. We have retained MacKenzie Partners, Inc. to solicit proxies for a fee of approximately \$20,000 plus a reasonable amount to cover expenses. Proxies may also be solicited in person, by telephone or electronically by Invesco personnel who will not receive additional compensation for such solicitation. Shareholder Proposals for the 2015 Annual General Meeting

In accordance with the rules established by the SEC, any shareholder proposal submitted pursuant to Rule 14a-8 under the Exchange Act intended for inclusion in the proxy statement for next year's annual general meeting of shareholders must be received by Invesco no later than 120 days before the anniversary of the date of this proxy statement (*e.g.*, not later than December 1, 2014). Such proposals should be sent to our Secretary in writing to Invesco Ltd., Attn: Office of the Secretary, 1555 Peachtree Street N.E., Atlanta, Georgia 30309, or by facsimile to 404-962-8214. To be included in the Proxy Statement, the proposal must comply with the requirements as to form and substance established by the SEC and our Bye-Laws, and must be a proper subject for shareholder action under Bermuda law.

A shareholder may otherwise propose business for consideration or nominate persons for election to the Board in compliance with SEC proxy rules, Bermuda law, our Bye-Laws and other legal requirements, without seeking to have the proposal included in Invesco's proxy statement pursuant to Rule 14a-8 under the Exchange Act. Under our Bye-Laws, notice of such a proposal must generally be provided to our Secretary not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual general meeting. The period under our Bye-Laws for receipt of such proposals for next year's meeting is thus from January 15, 2015 to February 14, 2015. (However, if the date of the annual general meeting is more than 30 days before or more than 60 days after such anniversary date, any notice by a shareholder of business or the nomination of directors for election or reelection to be brought before the annual general meeting to be timely must be so delivered (i) not earlier than the close of business on the 120th day prior to such annual general meeting and (ii) not later than the close of business on the later of (A) the 90th day prior to such annual general meeting and (B) the 10th day following the day on which public announcement of the date of such meeting is first made.)

In addition, §§79-80 of the Bermuda Companies Act allows shareholders holding at least 5% of the total voting rights or totaling 100 record holders (provided that they advance to the Company all expenses involved and comply with certain deadlines) to require Invesco (i) to give notice of any resolution that such shareholders can properly propose at the next annual general meeting and/or (ii) to circulate a statement regarding any proposed resolution or business to be conducted at a general meeting.

Under Rule 14a-4 under the Exchange Act, proxies may be voted on matters properly brought before a meeting under these procedures in the discretion of the proxy holders, without additional proxy statement disclosure about the matter, unless Invesco is notified about the matter not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual general meeting and the proponents otherwise satisfy the requirements of Rule 14a-4. The period under our Bye-Laws for receipt of such proposals for next year's meeting is from January 15, 2015 to February 14, 2015.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement and annual report addressed to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for companies.

A number of banks and brokers with account holders who are beneficial holders of the company's common shares will be householding the company's proxy materials or the Notice. Accordingly, a single copy of the proxy materials or Notice will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your bank or broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate proxy materials or copies of the Notice, please notify your bank or broker, or contact our Secretary at:

company.secretary@invesco.com, or by mail to Invesco Ltd., Attn: Office of the Secretary, Two Peachtree Pointe, 1555 Peachtree Street N.E., Atlanta, Georgia 30309, or by facsimile to 404-962-8214, or by telephone to 404-892-0896. The company undertakes, upon oral or written request to the address or telephone number above, to deliver promptly a separate copy of the company's proxy materials or the Notice to a shareholder at a shared address to which a single copy of the applicable document was delivered. Shareholders who currently receive multiple copies of the proxy materials or the Notice at their address and would like to request householding of their communications should contact their bank or broker or the company's Investor Relations Department at the contact address and telephone number provided above.
