Host Hotels & Resorts, Inc. ( Host Inc. ) and Host Hotels & Resorts, L.P. ( Host LP ), for whom Host Inc. acts as sole general partner, are reporting that on June 27, 2014 Host LP entered into a new senior revolving credit and term loan facility (the New Facility ) with Bank of America, N.A., as administrative agent and certain other agents and lenders. The New Facility replaces and refinances our existing \$1,000,000,000 senior revolving credit facility and \$500,000,000 term loan facility (the Existing Facility ), which would have matured in November 2015 (in the case of the revolving facility) and July 2017 (in the case of the term loan facility). As with the Existing Facility, the New Facility includes a revolving credit facility in an aggregate principal amount of up to \$1,000,000,000 and a term loan facility in an aggregate principal amount of \$500,000,000. The New Facility provides for:

an interest rate on all borrowings based on LIBOR or a base rate plus a margin that varies according to Host LP's unsecured long-term debt rating, with such rate being (1) in the case of revolving credit facility borrowings, either LIBOR plus a margin ranging from 87.5 to 155 basis points or a base rate ranging from zero to 55 basis points and (2) in the case of the term loan facility borrowings, either LIBOR plus a margin ranging from 90 to 175 basis points or a base rate ranging from zero to 75 basis points;

in the case of the revolving credit facility, a facility fee payable on the total amount of the revolving credit facility commitment at a rate ranging from 12.5 to 30 basis points, with the actual rate determined according to Host LP's long-term unsecured debt rating;

a maturity date of (1) in the case of the revolving credit facility, June 27, 2018, which date may be extended by up to a year by the exercise of up to two 6-month extension options, each of which is subject to certain conditions including the payment of an extension fee and (2) in the case of the term loan facility, June 27, 2017, which date may be extended up to two years by the exercise of up to two 1-year extension options, each of which is subject to certain conditions including the payment of an extension fee;

a foreign currency subfacility for Canadian Dollars, Australian Dollars, New Zealand Dollars, Japanese Yen, Euros, British Pounds Sterling and, if available to the lenders, Mexican Pesos of up to the foreign currency equivalent of \$500,000,000, subject to a lower amount in the case of New Zealand Dollar and Mexican Pesos borrowings;

an option for Host LP to increase the aggregate principal amount of the revolving credit facility and/or term loan facility of the New Facility by up to \$500,000,000, subject to obtaining additional loan commitments and satisfaction of certain conditions;

a subfacility of up to \$100,000,000 for swingline borrowings in U.S. Dollars, Canadian Dollars, Euros or British Pounds Sterling and a subfacility of up to \$100,000,000 for issuances of letters of credit;

no required scheduled amortization payments prior to the maturity date of the revolving credit facility or term loan facility, as applicable; and

financial covenants (including covenants concerning leverage, fixed charge coverage and unsecured interest coverage) that are comparable to the Existing Facility, including (i) that our fixed charge coverage ratio may not be less than 1.25:1.00, (ii) our leverage ratio may not exceed 7.25:1.00 and (iii) our unsecured interest coverage ratio may not be less than 1.75:1.00 if our leverage ratio is less than 7.00:1.00 or 1.50:1.00 if our leverage ratio is greater than 7.00:1.00. The New Facility also includes financial covenant tests applicable to the incurrence of debt that are consistent with the limitations applicable under the indenture for our Series D senior notes.

Borrowings under the New Facility may be used for working capital and other general corporate purposes. As of June 27, 2014, Host LP had approximately CAD 106,900,000, EUR 74,200,000 and GBP 11,720,000 (for a total of approximately U.S. \$220 million) outstanding under the revolving credit facility and \$500,000,000 outstanding under the term loan facility. Based on Host LP's current long-term debt rating, U.S.\$ denominated borrowings today would result in an initial all-in rate of 1.35% for revolving credit facility borrowings and 1.28% for term loan borrowings.

#### *Pledges and Guarantees and effect on Senior Notes and Exchangeable Debentures*

The New Facility does not initially include any subsidiary guarantees or pledges of equity interests, and such guarantees and pledges would be required only in the event that Host LP's leverage ratio later exceeds 6.00:1.00 for two consecutive fiscal quarters at a time that Host LP does not have an investment grade long-term unsecured debt rating. In the event that such guarantee and pledge requirement is triggered, the guarantees and pledges would ratably benefit the New Facility as well as the notes outstanding under Host LP's senior notes indenture and certain hedging and bank product arrangements with lenders that are parties to the New Facility.

#### *Other Covenants and Events of Acceleration*

The New Facility imposes restrictions on customary matters that were also restricted in the Existing Facility. As with the Existing Facility, certain covenants are less restrictive at any time that our leverage ratio is below 6.00:1.00. In particular, at any time that our leverage ratio is below 6.00:1.00, the covenants in respect of dividends are not applicable, and acquisition and investment transactions are generally permitted without limitation so long as, after giving effect to any such transaction, we are in compliance with the financial covenants under the New Facility.

The New Facility also includes usual and customary events of default for facilities of this nature, and provides that, upon occurrence and continuation of an event of default, payment of all amounts payable under the New Facility may be accelerated, and the lenders' commitments may be terminated. In addition, upon the occurrence of certain insolvency or bankruptcy related events of default, all amounts payable under the New Facility will automatically become due and payable and the lenders' commitments will automatically terminate.

#### *Existing Relationships with the Lenders*

Host LP has ongoing relationships with many of the lenders that are parties to the New Facility for which they have received customary fees and expenses. Certain of the lenders provide commercial banking services, including participations in mortgage loans and the provision of cash management services. Host LP has also entered into interest rate swap agreements and other hedging arrangements with certain lenders. Affiliates of certain of the lenders have also acted as underwriters for issuances of Host LP's senior notes, as well as sales agents for issuances of common stock of Host Inc. The Bank of New York Mellon also acts as trustee for our senior notes.
