developments, at October 31, 2014, 8.6% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. - (6) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933. These securities may be sold in certain transactions (normally to qualified institutional buyers) and remain exempt from registration. At October 31, 2014, the aggregate value of these securities is \$5,883,305 or 2.8% of the Trust's net assets. The Trust did not have any open financial instruments at October 31, 2014.

The cost and unrealized appreciation (depreciation) of investments of the Trust at October 31, 2014, as determined on a federal income tax basis, were as follows:

| | |
|------------------------------------|-----------------------|
| Aggregate cost | \$ 199,855,494 |

| Net unrealized appreciation | \$ 13,317,524 |

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At October 31, 2014, the hierarchy of inputs used in valuing the Trust's investments, which are carried at value, were as follows:

| Asset Description | Level 1 | Level 2 | Level 3 | Total |
|--------------------------|-----------|-----------------------|-----------|-----------------------|
| Tax-Exempt Investments | \$ | \$ 335,428,018 | \$ | \$ 335,428,018 |
| Total Investments | \$ | \$ 335,428,018 | \$ | \$ 335,428,018 |

The Trust held no investments or other financial instruments as of January 31, 2014 whose fair value was determined using Level 3 inputs. At October 31, 2014, there were no investments transferred between Level 1 and Level 2 during the fiscal year to date then ended.

For information on the Trust's policy regarding the valuation of investments and other significant accounting policies, please refer to the Trust's most recent financial statements included in its semiannual or annual report to shareholders.
