SPECIAL NOTE ON FORWARD-LOOKING INFORMATION

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Such statements are based upon current expectations that involve risks and uncertainties. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. For example, words such as may, will, should, estimates, predicts, potential, continue, strategy, belief, plans, expects, intends, and similar expressions are intended to identify forward-looking statements.

Our actual results and the outcome and timing of certain events may differ significantly from the expectations discussed in the forward-looking statements. Factors that might cause or contribute to such a discrepancy include, but are not limited to, the factors set forth below and may impact either or both of our operating segments:

market conditions, including trading volume and volatility, potential deterioration of equity and debt capital markets and markets for commercial real estate and related services, and our ability to access the capital markets;

pricing, commissions and fees, and market position with respect to our products and services and those of our competitors;

the effect of industry concentration and reorganization, reduction of customers, and consolidation;

liquidity, regulatory, and clearing capital requirements and the impact of credit market events;

our relationships with Cantor Fitzgerald, L.P. and its affiliates Cantor, including Cantor Fitzgerald & Co, (CF&Co) and Cantor Commercial Real Estate Company, L.P. (CCRE), any related conflicts of interest, any impact of Cantor's results on our credit ratings and/or the associated outlooks, any loans to or from us or Cantor, CF&Co's acting as our sales agent under our controlled equity or other offerings, CF&Co's acting as a market maker in our debt securities, CF&Co's acting as our financial advisor in connection with potential business combinations, dispositions, or other transactions, our participation in various investments, stock loans or cash management vehicles placed by or recommended by CF&Co, and any services by CCRE with respect to finding and reviewing suitable acquisition or partner candidates, structuring transactions, and negotiating and due diligence services;

economic or geopolitical conditions or uncertainties, the actions of governments or central banks, and the impact of natural disasters or weather-related or similar events, including power failures, communication and transportation disruptions, and other interruptions of utilities or other essential services;

the effect on our businesses, our clients, the markets in which we operate, and the economy in general of possible shutdowns of the U.S. government, sequestrations, uncertainties regarding the debt ceiling and the federal budget, and other potential political impasses;

the effect on our businesses of reductions in overall industry volumes in certain of our products as a result of Federal Reserve Board quantitative easing, the ending of quantitative easing, changes in interest rates, market volatility, and other factors, including the level and timing of governmental debt issuances and outstanding amounts;

the effect on our businesses of worldwide governmental debt issuances, austerity programs, increases or decreases in deficits, quantitative easing, and other changes to monetary policy, and potential political impasses or regulatory requirements, including increased capital requirements for banks and other institutions;

extensive regulation of our businesses, changes in regulations relating to the financial services, commercial real estate and other industries, and risks relating to compliance matters, including regulatory examinations, inspections, investigations and enforcement actions, and any resulting costs, fines, penalties, sanctions, enhanced oversight, increased financial and capital requirements, and changes to or restrictions or limitations on specific activities, operations, compensatory arrangements, and growth opportunities, including acquisitions, hiring, and new businesses, products, or services;

factors related to specific transactions or series of transactions, including credit, performance, and unmatched principal risk, trade failures, counterparty failures, and the impact of fraud and unauthorized trading;

costs and expenses of developing, maintaining, and protecting our intellectual property, as well as employment and other litigation and their related costs, including judgments or settlements paid or received and the impact thereof on our financial results and cash flows in any given period;

certain financial risks, including the possibility of future losses, reduced cash flows from operations, increased leverage, and the need for short- or long-term borrowings, including from Cantor, or other sources of cash relating to acquisitions, dispositions, or other matters, potential liquidity and other risks relating to our ability to obtain financing or refinancing of existing debt on terms acceptable to us, if at all, and risks of the resulting leverage, including potentially causing a reduction in our credit ratings and/or the associated outlooks and increased borrowing costs, as well as interest rate and foreign currency exchange rate fluctuations;

Table of Contents

risks associated with the temporary or longer-term investment of our available cash, including defaults or impairments on our investments, stock loans, or cash management vehicles and collectability of loan balances owed to us by partners, employees, or others;

our ability to enter new markets or develop new products, trading desks, marketplaces, or services for existing or new customers and to induce such customers to use these products, trading desks, marketplaces, or services and to secure and maintain market share;

our ability to enter into marketing and strategic alliances and business combinations or other transactions in the financial services, real estate, and other industries, including acquisitions, tender offers, dispositions, reorganizations, partnering opportunities, and joint ventures, our ability to maintain or develop relationships with independently owned offices in our real estate services business and our ability to grow in other geographic regions, the anticipated benefits of any such transactions, relationships, our growth, and the future impact of any such transactions, relationships, or growth on our financial results for current or future periods, the integration of any completed acquisitions and the use of proceeds of any completed dispositions, and the value of and any hedging entered into in connection with consideration received or to be received in connection with such dispositions;

our estimates or determinations of potential value with respect to various assets or portions of our businesses, including with respect to the accuracy of the assumptions or the valuation models or multiples used;

our ability to hire and retain personnel, including brokers, salespeople, managers, and other professionals;

our ability to expand the use of technology for hybrid and fully electronic trading in our product and service offerings;

our ability to effectively manage any growth that may be achieved, while ensuring compliance with all applicable financial reporting, internal control, legal compliance, and regulatory requirements;

our ability to identify and remediate any material weaknesses in our internal controls that could affect our ability to prepare financial statements and reports in a timely manner, control our policies, practices and procedures, operations, and assets, assess and manage our operational, regulatory, and financial risks, and integrate our acquired businesses and brokers, salespeople, managers, and other professionals;

the effectiveness of our risk management policies and procedures, and the impact of unexpected market moves and similar events;

information technology risks, including, capacity constraints, failures, or disruptions in our systems or those of the clients, counterparties, exchanges, clearing facilities, or other parties with which we interact, including

cybersecurity risks and incidents and regulatory focus on the same;

the fact that the prices at which shares of our Class A common stock are sold in one or more of our controlled equity offerings or in other offerings or other transactions may vary significantly, and purchasers of shares in such offerings or transactions, as well as existing stockholders, may suffer significant dilution if the price they paid for their shares is higher than the price paid by other purchasers in such offerings or transactions;

our ability to meet expectations with respect to payments of dividends and distributions and repurchases of shares of our Class A common stock and purchases or redemptions of limited partnership interests of BGC Holdings, L.P. (BGC Holdings), or other equity interests in our subsidiaries, including from Cantor, our executive officers, other employees, partners, and others, and the net proceeds to be realized by us from offerings of our shares of Class A common stock; and

the effect on the market for and trading price of our Class A common stock of various offerings and other transactions, including our controlled equity and other offerings of our Class A common stock and convertible or exchangeable debt securities, our repurchases of shares of our Class A common stock and purchases of BGC Holdings limited partnership interests or other equity interests in our subsidiaries, exchanges by Cantor of shares of our Class A common stock for shares of our Class B common stock, any exchanges or redemptions of limited partnership units and issuances of shares of Class A common stock in connection therewith, including in partnership restructurings, our payment of dividends on our Class A common stock and distributions on BGC Holdings limited partnership interests, convertible arbitrage, hedging, and other transactions engaged in by holders of our 4.50% convertible notes and counterparties to our capped call transactions, share sales and stock pledge, stock loan, and other financing transactions by holders of our shares (including by Cantor or others), including of shares acquired pursuant to our employee benefit plans, unit exchanges and redemptions, partnership restructurings, acquisitions, conversions of our Class B common stock and our convertible notes, conversions or exchanges of our convertible or exchangeable debt securities, stock pledge, stock loan, or other financing transactions, and distributions from Cantor pursuant to Cantor's distribution rights obligations and other distributions to Cantor partners, including deferred distribution rights shares.

The foregoing risks and uncertainties, as well as any risks and uncertainties discussed under the headings Part II, Item 1A Risk Factors, Part I, Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations, and Part I, Item 3 Quantitative and Qualitative Disclosures About Market Risk and elsewhere in this Form 10-Q, may cause actual results and events to differ materially from the forward-looking statements. The information included herein is given as of the filing date of this Form 10-Q with the Securities and Exchange Commission, and future results or events could differ significantly from these forward-looking statements. We do not undertake to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Table of Contents**BGC PARTNERS, INC.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(unaudited)****1. Organization and Basis of Presentation*****Business Overview***

BGC Partners, Inc. (together with its subsidiaries, BGC Partners, BGC or the Company) is a leading global brokerage company servicing the financial and real estate markets through its two segments, Financial Services and Real Estate Services. The Company's Financial Services segment specializes in the brokerage of a broad range of products, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures and structured products. It also provides a wide range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back-office services to a broad range of financial and non-financial institutions. BGC Partners' integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or in many markets, fully electronic brokerage services in connection with transactions executed either over-the-counter (OTC) or through an exchange. Through its BGC Trader and BGC Market Data brands, BGC Partners offers financial technology solutions, market data, and analytics related to select financial instruments and markets.

Newmark Grubb Knight Frank (NGKF) is a full-service commercial real estate platform that comprises the Company's Real Estate Services segment, offering commercial real estate tenants, owners, investors and developers a wide range of services, including leasing and corporate advisory, investment sales and financial services, consulting, project and development management, and property and facilities management.

On February 26, 2015, the Company successfully completed a tender offer to acquire shares of common stock, par value \$0.01 per share (the Shares), of GFI Group Inc. (GFI) for \$6.10 per share in cash and accepted for purchase 54.3 million shares (the Tendered Shares) tendered to the Company pursuant to our offer (the Offer). The Tendered Shares, together with the 17.1 million Shares already owned by the Company, represented approximately 56% of GFI's outstanding shares. On April 28, 2015 a subsidiary of BGC purchased approximately 43.0 million newly issued shares of GFI's common stock (the New Shares) at the price of \$5.81 per share for an aggregate purchase price of \$250 million, increasing our ownership in GFI to approximately 67.0%. The purchase price was paid to GFI in the form of a note due on June 19, 2018 that bears an interest rate of LIBOR plus 200 basis points. GFI is a leading intermediary and provider of trading technologies and support services to the global OTC and listed markets. GFI serves more than 2,500 institutional clients in operating electronic and hybrid markets for cash and derivative products across multiple asset classes.

The Company's customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments, corporations, property owners, real estate developers and investment firms. BGC Partners has offices in dozens of major markets, including New York and London, as well as Atlanta, Beijing, Boston, Charlotte, Chicago, Copenhagen, Dallas, Denver, Dubai, Hong Kong, Houston, Istanbul, Johannesburg, Los Angeles, Mexico City, Miami, Moscow, Nyon, Paris, Philadelphia, Rio de Janeiro, San Francisco, Santa Clara, São Paulo, Seoul, Singapore, Sydney, Tokyo, Toronto, Washington, D.C. and Zurich.

Basis of Presentation

The Company's unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") and in conformity with accounting principles generally accepted in the U.S. ("U.S. GAAP"). The Company's unaudited condensed consolidated financial statements include the Company's accounts and all subsidiaries in which the Company has a controlling interest. Intercompany balances and transactions have been eliminated in consolidation. Certain reclassifications have been made to previously reported amounts to conform to the current presentation.

During the year ended December 31, 2014, the Company changed the presentation of certain line items in the unaudited condensed consolidated statements of operations. The Company now presents a new section entitled "Other income (losses), net" which is comprised of Gain on divestiture and sale of investments, Gains (losses) on equity method investments and Other income. Gain on divestiture and sale of investments and Gains (losses) on equity method investments were both previously presented as separate revenue line items.

During the three months ended March 31, 2015 the Company changed the presentation of certain line items in our unaudited condensed consolidated statements of operations. We combined "Market data" and "Software solutions" into one line item "Market data and software solutions." Reclassifications have been made to previously reported amounts to conform to the current presentation.

The unaudited condensed consolidated financial statements contain all normal and recurring adjustments that, in the opinion of management, are necessary for a fair presentation of the unaudited condensed consolidated statements of financial condition, the unaudited condensed consolidated statements of operations, the unaudited condensed consolidated statements of comprehensive income, the unaudited condensed consolidated statements of cash flows and the unaudited condensed consolidated statements of changes in equity of the Company for the periods presented.

Recent Accounting Pronouncements

In April 2014, the FASB issued ASU No. 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components on an Entity, which amends the requirements for reporting discontinued operations in ASC 205-20. The ASU includes changes in the criteria and required disclosures for disposals qualifying as discontinued operations, as well as additional required disclosures for disposals not considered discontinued operations. The amendments in this update are effective for the annual period beginning on January 1, 2015 for the Company. The adoption of this FASB guidance did not have a material impact on the Company's unaudited condensed consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which relates to how an entity recognizes the revenue it expects to be entitled to for the transfer of promised goods and services to customers. The ASU will replace certain existing revenue recognition guidance. The guidance, as stated in ASU No. 2014-09, was initially effective beginning on January 1, 2018. In August 2015, the FASB issued ASU No. 2015-14, Revenue from Contracts with Customers—Deferral of Effective Date, which defers the effective date by one year, with early adoption on the original effective date permitted. The standard permits the use of either the retrospective or cumulative effect transition method. Management is currently evaluating the impact of the future adoption of the ASU on the Company's unaudited condensed consolidated financial statements.

In August 2014, the FASB issued ASU No. 2014-15, Presentation of Financial Statements—Going Concern, which relates to disclosure of uncertainties about an entity's ability to continue as a going concern. The ASU provides additional guidance on management's responsibility to evaluate the condition of an entity and the required disclosures based on this assessment. The amendments in this update are effective for the annual period ending after December 15, 2016, and early application is permitted. The adoption of this FASB guidance would not impact the Company's unaudited condensed consolidated financial statements.

In February 2015, the FASB issued ASU No. 2015-02, Consolidation (Topic 810): Amendments to the Consolidation Analysis. The amendment eliminates the deferral of certain consolidation standards for entities considered to be investment companies and modifies the consolidation analysis performed on certain types of legal entities. The guidance is effective beginning January 1, 2017 and early adoption is permitted. Management is currently evaluating the impact of the new guidance on the Company's unaudited condensed consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-03, Interest—Imputation of Interest, which relates to simplifying the presentation of debt issuance costs. The ASU requires that debt issuance costs related to a recognized liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The amendments in this update are effective for the annual period beginning January 1, 2016 for the Company, and early adoption is permitted. The adoption of this FASB guidance would not impact the Company's unaudited condensed consolidated financial statements.

In September 2015, the FASB issued ASU No. 2015-16, Business Combinations (Topic 805): Simplifying the Accounting for Measurement-Period Adjustments. This ASU requires adjustments to provisional amounts that are identified during the measurement period of a business combination to be recognized in the reporting period in which the adjustment amounts are determined. Acquirers are no longer required to revise comparative information for prior periods as if the accounting for the business combination had been completed as of the acquisition date. The guidance is effective beginning January 1, 2016, with early adoption permitted. Management is currently evaluating the impact of the new guidance on the Company's unaudited condensed consolidated financial statements.

2. Divestiture

In connection with the successful completion of the Tender Offer to acquire GFI on February 26, 2015, the Company acquired Kyte Group Limited (KGL) which primarily included GFI s clearing business, and Kyte Broking Limited (KBL). On January 24, 2015, GFI entered into an agreement to sell its 100% equity ownership of KGL, and the transaction was completed in March 2015. The total cash consideration received by the Company was approximately \$10.6 million. The loss incurred from the sale of KGL of \$0.2 million is recorded as Gain on divestiture and sale of investments in the Company s unaudited condensed consolidated statements of operations.

On February 3, 2015, GFI entered into an agreement to sell 100% equity ownership of KBL. In May 2015, the Company completed the sale of KBL. The Company recorded a gain on the sale of \$0.8 million, which was included within Gain on divestiture and sale of investments in the unaudited condensed consolidated statements of operations. KBL s operations prior to the completion of the transaction are included in the unaudited condensed consolidated statements of operations for the nine months ended September 30, 2015,

3. Limited Partnership Interests in BGC Holdings

BGC Holdings, L.P. (BGC Holdings) is a consolidated subsidiary of the Company for which the Company is the general partner. The Company and BGC Holdings jointly own BGC Partners, L.P. (BGC US) and BGC Global Holdings L.P. (BGC Global), the two operating partnerships. Listed below are the limited partnership interests in BGC Holdings. The founding/working partner units, limited partnership units and limited partnership interests held by Cantor Fitzgerald, L.P. (Cantor) (Cantor units), each as described below, collectively represent all of the limited partnership interests in BGC Holdings.

Table of Contents***Founding/Working Partner Units***

Founding/working partners have a limited partnership interest in BGC Holdings. The Company accounts for founding/working partner units (FPU) outside of permanent capital, as Redeemable partnership interest, in the Company s unaudited condensed consolidated statements of financial condition. This classification is applicable to founding/working partner units because these units are redeemable upon termination of a partner, including a termination of employment, which can be at the option of the partner and not within the control of the issuer.

Founding/working partner units are held by limited partners who are employees and generally receive quarterly allocations of net income. Upon termination of employment or otherwise ceasing to provide substantive services, the founding/working partner units are generally redeemed, and the unit holders are no longer entitled to participate in the quarterly allocations of net income. Since these allocations of net income are cash distributed on a quarterly basis and are contingent upon services being provided by the unit holder, they are reflected as a component of compensation expense under Allocations of net income and grant of exchangeability to limited partnership units and FPU in the Company s unaudited condensed consolidated statements of operations.

Limited Partnership Units

Certain employees hold limited partnership interests in BGC Holdings (e.g., REUs, RPUs, PSUs, PSIs and LPUs, collectively the limited partnership units). Generally, such units receive quarterly allocations of net income, which are cash distributed and generally are contingent upon services being provided by the unit holders. As prescribed in FASB guidance, the quarterly allocations of net income on such limited partnership units are reflected as a component of compensation expense under Allocations of net income and grant of exchangeability to limited partnership units and FPU in the Company s unaudited condensed consolidated statements of operations. From time to time the Company issues limited partnership units as part of the consideration for acquisitions. These units are not entitled to a distribution of earnings.

Certain of these limited partnership units entitle the holders to receive post-termination payments equal to the notional amount of the units in four equal yearly installments after the holder s termination. These limited partnership units are accounted for as post-termination liability awards, and in accordance with FASB guidance, the Company records compensation expense for the awards based on the change in value at each reporting date in the Company s unaudited condensed consolidated statements of operations as part of Compensation and employee benefits.

The Company has also awarded certain preferred partnership units (Preferred Units). Each quarter, the net profits of BGC Holdings are allocated to such units at a rate of either 0.6875% (which is 2.75% per calendar year) or such other amount as set forth in the award documentation (the Preferred Distribution). These allocations are deducted before the calculation and distribution of the quarterly partnership distribution for the remaining partnership units and are generally contingent upon services being provided by the unit holder. The Preferred Units are not entitled to participate in partnership distributions other than with respect to the Preferred Distribution. Preferred Units may not be made exchangeable into the Company s Class A common stock and are only entitled to the Preferred Distribution, and accordingly they are not included in the Company s fully diluted share count. The quarterly allocations of net income on Preferred Units are reflected in compensation expense under Allocations of net income and grant of exchangeability to limited partnership units and FPU in the Company s unaudited condensed consolidated statements of operations. After deduction of the Preferred Distribution, the remaining partnership units generally receive quarterly allocations of net income based on their weighted-average pro rata share of economic ownership of the operating subsidiaries.

Cantor Units

Cantor units are reflected as a component of Noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of financial condition. Cantor receives allocations of net income, which are cash distributed on a quarterly basis and are reflected as a component of Net income attributable to noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of operations.

General

Certain of the limited partnership interests, described above, have been granted exchangeability into Class A common stock on a one-for-one basis (subject to adjustment); additional limited partnership interests may become exchangeable for Class A common stock on a one-for-one basis (subject to adjustment). Any exchange of limited partnership interests into Class A common shares would not impact the fully diluted number of shares and units outstanding. Because these limited partnership interests generally receive quarterly allocations of net income, such exchange would have no significant impact on the cash flows or equity of the Company. Each quarter, net income is allocated between the limited partnership interests and the common stockholders. In quarterly periods in which the Company has a net loss, the loss allocation for FPU, limited partnership units and Cantor units is allocated to Cantor and reflected as a component of Net income attributable to noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of operations. In subsequent quarters in which the Company has net income, the initial allocation of income to the limited partnership interests is to Net income attributable to noncontrolling interests in subsidiaries, to recover any losses taken in earlier quarters, with the remaining income allocated to the limited partnership interests. This income (loss) allocation process has no impact on the net income allocated to common stockholders.

Table of Contents**4. Acquisitions*****Financial Services***

On February 26, 2015, the Company successfully completed our tender offer to acquire shares of common stock, par value \$0.01 per share, of GFI for \$6.10 per share in cash and accepted for purchase 54.3 million shares tendered to us pursuant to the offer. The Tendered Shares, together with the 17.1 million Shares already owned by us, represented approximately 56% of the then outstanding shares of GFI. The Company issued payment for the Tendered Shares on March 4, 2015 in the aggregate amount of \$331.1 million. On April 28, 2015, a subsidiary of the Company purchased from GFI approximately 43.0 million New Shares at that date's closing price of \$5.81 per share, for an aggregate purchase price of \$250 million. The purchase price was paid to GFI in the form of a note due on June 19, 2018 that bears an interest rate of LIBOR plus 200 basis points. The New Shares and the note eliminate on consolidation of the Company. Following the issuance of the New Shares, we own approximately 67% of GFI's outstanding common stock, which now gives the Company control over the timing and process for the completion of the back-end merger pursuant to the tender offer agreement. The excess of total consideration over the fair value of the total net assets acquired, of approximately \$436.1 million, has been recorded to goodwill and was allocated to the Company's Financial Services segment. In addition, Total revenues in the Company's unaudited condensed consolidated statements of operations for the three and nine months ended September 30, 2015 included \$167.5 million and \$404.4 million, respectively, related to GFI from the date of acquisition.

On August 24, 2015, GFI, Messrs. Gooch and Heffron, directors and former executive officers of GFI; Jersey Partners Inc. (JPI), a stockholder of GFI; CME Group, Inc. (CME); the former members of the GFI Special Committee; BGC; and certain other former officers and affiliates of GFI entered into a memorandum of understanding (the MOU) with regard to a preliminary settlement (the Settlement) of the consolidated class action case pending against GFI in the State of Delaware (the Consolidated Delaware Action). Neither GFI nor BGC will contribute any funds to the Settlement, which will be paid from a combination of insurance proceeds and payments by JPI and Messrs. Gooch and Heffron. The Settlement provides for a settlement fund of \$10.75 million for the class of GFI stockholders in the Consolidated Delaware Action and payment of attorneys' fees and costs to plaintiffs' counsel in an amount to be established by negotiation, mediation or a fee application to the Court. The final Settlement will also require approval of the Court. In connection with the Settlement, on October 6, 2015, the Company advanced \$10.75 million to JPI (the JPI Note). The JPI Note bears interest at the rate of 5.375% per annum and is secured by 2 million shares of GFI common stock owned by JPI. The JPI Note is due on the earlier of (a) the date of the Back-End Merger, (b)(i) if no definitive agreement to effect the Back-End Merger has been executed, January 29, 2016 or (ii) if a Back-End Merger agreement has been executed, upon any termination of such agreement, and (c) May 15, 2016. The JPI Note is also required to be repaid within 5 days of any potential breach by either of Messrs. Michael Gooch or Colin Heffron of their respective non-compete and distributable earnings bonus award agreements with BGC (DE Agreements), which they entered into in connection with the Tender Offer Agreement. In the MOU, the CME agreed to terminate the restriction prohibiting former executive officers of GFI, JPI and certain other stockholders and affiliates of GFI from supporting the Back-End Mergers (Back-End Mergers) as defined in the February 19, 2015 Tender Offer Agreement by and among BGC, GFI and BGC Partners, L.P., or similar transactions until January 30, 2016. Accordingly, the parties to the Settlement letter have agreed that by December 21, 2015, BGC, GFI, JPI and certain affiliates shall enter into the Back-End Merger agreements. BGC expects the Back-End Mergers to be completed no later than January 29, 2016.

The JPI advance of the merger consideration will be deducted from the merger consideration payable to it upon completion of the Back-End Mergers. If insurance proceeds are insufficient, amounts advanced to Messrs. Gooch and Heffron, if any, would be deducted from any payment to which they may be entitled under the DE Agreements so long as they are eligible for payments under their respective DE Agreements.

During the three months ended March 31, 2015 the Company created a new line item for the remaining noncontrolling interest shareholders of GFI. The Company had accounted for the noncontrolling interest in GFI outside of permanent capital, as Redeemable noncontrolling interest, in the Company's unaudited condensed consolidated statements of financial condition as of March 31 and June 30, 2015. Given the August 24, 2015 settlement and the MOU described above, BGC now has an unconditional obligation to purchase the remaining noncontrolling interests of GFI.

Therefore, the Company has reclassified from Redeemable noncontrolling interest, \$112.9 million to Other liabilities for the amount to be settled in cash and \$231.3 million to Noncontrolling interest for the amount to be settled in 24.5 million shares of BGC Class A common stock.

The following tables summarize the components of the purchase consideration transferred and the preliminary allocation of the assets acquired and liabilities assumed based on the fair values as of the acquisition date (in millions). The Company expects to finalize its analysis of the assets acquired and liabilities assumed within the first year of the acquisition, and therefore adjustments to assets and liabilities may occur.

The following unaudited pro forma summary presents consolidated information of the Company as if the acquisition of GFI had occurred on January 1, 2014, and as if the Company owns 67% of GFI from the date of acquisition. The unaudited pro forma results are not indicative of operations that would have been achieved, nor are they indicative of future results of operations. The unaudited pro forma results do not reflect any potential cost savings or other operations efficiencies that could result from the acquisition. In addition, the unaudited pro forma condensed combined financial information does not include any adjustments in respect of certain expenses recorded in the GFI financial statements that were associated with non-recurring events unrelated to the acquisition (for example, a \$121.6 million charge related to the impairment of goodwill) and does not include any adjustments in respect of any potential future sales of assets. However, the unaudited pro forma results below for the nine months ended September 30, 2015 do include non-recurring pro forma adjustments directly related to the acquisition which mainly consisted of: (a) Prior to the acquisition, GFI had entered into an agreement with the CME Group Inc. (CME) for CME to acquire GFI. The CME transaction was terminated and as a result, GFI incurred breakage costs of approximately \$24.7 million; (b) Severance and compensation restructuring charges of \$22.2 million incurred by GFI; and (c) The aggregate of BGC's and GFI's professional fees incurred which totaled \$24.9 million.

Real Estate Services

During January 2015 to June 2015, the Company completed the acquisition of certain entities of Apartment Realty Advisors (ARA) and its members. ARA is the nation's largest privately held, full service investment brokerage network, focusing exclusively on the multi-housing industry.

During May 2015, the Company completed the acquisition of Computerized Facility Integration, LLC (CFI). CFI is a premier real estate strategic consulting and systems integration firm that provides corporate real estate, facilities management, and enterprise asset management information consulting and technology solutions.

During July 2015, the Company completed the acquisition of Excess Space. Excess Space is a full service brokerage firm that focuses its business model around surplus real estate disposition and lease restructuring for retailers.

Table of Contents

The total consideration for acquisitions during the nine months ended September 30, 2015, within the Real Estate Services segment was approximately \$137.1 million, comprised of cash, shares of BGCP Class A common stock and BGC Holdings limited partnership units. The total consideration included contingent consideration of approximately 0.5 million restricted shares of the Company's Class A common stock (with an acquisition date fair value of approximately \$3.6 million), 1.7 million limited partnership units (with an acquisition date fair value of approximately \$13.4 million) and \$25.2 million in cash that may be issued contingent on certain targets being met through 2018. The excess of the consideration over the fair value of the net assets acquired has been recorded as goodwill of approximately \$124.2 million.

The results of operations of the Company's acquisitions have been included in the Company's unaudited condensed consolidated financial statements subsequent to their respective dates of acquisition. The Company has made a preliminary allocation of the consideration to the assets acquired and liabilities assumed as of the acquisition date, and expects to finalize its analysis with respect to acquisitions within the first year after the completion of the transaction. Therefore, adjustments to preliminary allocations may occur.

5. Earnings Per Share

FASB guidance on Earnings Per Share (EPS) establishes standards for computing and presenting EPS. Basic EPS excludes dilution and is computed by dividing net income available to common stockholders by the weighted-average shares of common stock outstanding and contingent shares for which all necessary conditions have been satisfied except for the passage of time. Net income is allocated to the Company's outstanding common stock, FPU's, limited partnership units and Cantor units (see Note 3 Limited Partnership Interests in BGC Holdings).

The Company's earnings for the three and nine months ended September 30, 2015 and 2014 were allocated as follows (in thousands):

	Three Months Ended September 30, 2015		Nine Months Ended September 30, 2014	
Net income available to common stockholders	\$ 38,371	\$ 7,211	\$ 61,773	\$ 22,820
Allocation of income to limited partnership interests in BGC Holdings	\$ 28,473	\$ 8,849	\$ 43,730	\$ 17,256

The following is the calculation of the Company's basic EPS (in thousands, except per share data):

	Three Months Ended September 30, 2015		Nine Months Ended September 30, 2014	
<i>Basic earnings per share:</i>				
Net income available to common stockholders	\$ 38,371	\$ 7,211	\$ 61,773	\$ 22,820
Basic weighted-average shares of common stock outstanding	252,354	220,388	239,856	220,588
Basic earnings per share	\$ 0.15	\$ 0.03	\$ 0.26	\$ 0.10

Fully diluted EPS is calculated utilizing net income available for common stockholders plus net income allocations to the limited partnership interests in BGC Holdings, as well as adjustments related to the interest expense on the Convertible Notes, if applicable (see Note 17 Notes Payable, Collateralized and Short-Term Borrowings), and expense related to dividend equivalents for certain RSUs, if applicable, as the numerator. The denominator is comprised of the Company's weighted-average outstanding shares of common stock and, if dilutive, the weighted-average number of limited partnership interests and other contracts to issue shares of common stock, including Convertible Notes, stock options and RSUs. Except for the Preferred Units, the limited partnership interests generally are potentially exchangeable into shares of Class A common stock and are entitled to remaining earnings after the deduction for the Preferred Distribution; as a result, they are included in the fully diluted EPS computation to the extent that the effect would be dilutive.

Table of Contents

The following is the calculation of the Company's fully diluted EPS (in thousands, except per share data):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
<i>Fully diluted earnings per share</i>

Dividend equivalent expense on RSUs, net of tax				2
Net income for fully diluted shares	\$ 58,538	\$ 10,749	\$ 93,119	\$ 33,412
Weighted-average shares:				
Common stock outstanding	252,354	220,388	239,856	220,588
Limited partnership interests in BGC Holdings	123,221	108,912	119,334	104,376
RSUs (Treasury stock method)	666	806	770	759
Other	17,785	1,103	10,187	887
Fully diluted weighted-average shares of common stock outstanding	394,026	331,209	370,147	326,610
Fully diluted earnings per share	\$ 0.15	\$ 0.03	\$ 0.25	\$ 0.10

For the three months ended September 30, 2015 and 2014, respectively, approximately 10.1 million and 44.2 million potentially dilutive securities were not included in the computation of fully diluted EPS because their effect would have been anti-dilutive. Anti-dilutive securities for the three months ended September 30, 2015 included, on a weighted-average basis, 10.1 million other securities or other contracts to issue shares of common stock. These 10.1 million shares represent the weighted average of the 24.5 million shares to be issued for the completion of the Company's acquisition of GFI.

Additionally, as of September 30, 2015 and 2014, respectively, approximately 11.4 million and 6.4 million shares of contingent Class A common stock and limited partnership units were excluded from the fully diluted EPS computations because the conditions for issuance had not been met by the end of the respective periods.

¹ The issuance related to redemptions and exchanges of limited partnership interests did not impact the fully diluted number of shares and units outstanding.

² The Company did not issue shares of Class A common stock for general corporate purposes during the three and nine months ended September 30, 2015 or September 30, 2014.

Class B Common Stock

The Company did not issue any shares of Class B common stock during the three and nine months ended September 30, 2015 and 2014. As of September 30, 2015 and 2014, the Company's Class B common stock outstanding was 34,848,107 shares.

Controlled Equity Offering

The Company has entered into a controlled equity offering sales agreement with Cantor Fitzgerald & Co. (CF&Co), (November 2014 Sales Agreement) pursuant to which the Company may offer and sell up to an aggregate of 20 million shares of Class A common stock. Shares of the Company's Class A common stock sold under its controlled equity offering sales agreements are used primarily for redemptions and exchanges of limited partnership interests in BGC Holdings. CF&Co is a wholly owned subsidiary of Cantor and an affiliate of the Company. Under this

Agreement, the Company has agreed to pay CF&Co 2% of the gross proceeds from the sale of shares. As of September 30, 2015, the Company has sold 3,980,218 shares of Class A common stock under this Agreement.

Unit Redemptions and Share Repurchase Program

The Company's Board of Directors and Audit Committee have authorized repurchases of the Company's Class A common stock and redemptions of BGC Holdings limited partnership interests or other equity interests in the Company's subsidiaries. In February 2014, our Audit Committee authorized such repurchases of stock or units from Cantor employees and partners. On July 30, 2014, the Company's Board of Directors and Audit Committee increased the BGC Partners share repurchase and unit redemption authorization to \$250 million. As of September 30, 2015, the Company had approximately \$96.5 million remaining from its share repurchase and unit redemption authorization. From time to time, the Company may actively continue to repurchase shares and/or redeem units.

Table of Contents

The table below represents unit redemption and share repurchase activity for the three and nine months ended September 30, 2015:

7. Securities Owned and Securities Sold, Not Yet Purchased

Securities owned primarily consist of unencumbered U.S. Treasury bills held for liquidity purposes. Total securities owned were \$34.5 million as of September 30, 2015 and \$32.5 million as of December 31, 2014. Total securities sold, not yet purchased were \$30.6 thousand as of September 30, 2015. There were no securities sold, not yet purchased as of December 31, 2014. For additional information, see Note 12 Fair Value of Financial Assets and Liabilities .

Table of Contents**8. Collateralized Transactions***Securities Borrowed*

Securities borrowed transactions are recorded at the contractual amount for which the securities will be returned plus accrued interest. As of September 30, 2015, the Company has not entered into any securities borrowed transactions. As of December 31, 2014, the Company entered into securities borrowed transactions of \$62.7 million to cover failed trades.

Securities Loaned

As of September 30, 2015, the Company has Securities loaned transactions of \$54.7 million with CF&Co. The market value of the securities lent was \$56.4 million. The cash collateral received from CF&Co bears an interest rate of 0.64%. Securities loaned transactions are included in *Securities loaned* in the Company's unaudited condensed consolidated statements of financial condition.

9. Marketable Securities

Marketable securities consist of the Company's ownership of various investments. The investments had a fair value of \$109.7 million and \$144.7 million as of September 30, 2015 and December 31, 2014, respectively.

Marketable securities includes \$105.4 million of NASDAQ OMX (*Nasdaq*) common stock received in connection with the earn-out from the sale of eSpeed. During the three months ended September 30, 2015 and 2014, in connection with the Nasdaq earn-out, the Company recognized gains of \$52.9 million and \$42.1 million, respectively, in *Other income (loss)* in the Company's unaudited condensed consolidated statements of financial condition. These shares of Nasdaq common stock are classified as trading securities and accordingly measured at fair value, with any changes in fair value recognized currently in earnings and included in *Other income (loss)* in the Company's unaudited condensed consolidated statements of operations. From time to time the Company has entered into hedging transactions using derivative contracts to minimize the effect of price changes of the Company's Nasdaq shares (see Note 11 *Derivatives*). During the three months ended September 30, 2015 and 2014, the Company recognized a gain of \$4.4 million and \$3.8 million respectively, related to the mark-to-market on the Nasdaq shares and the related hedging transactions when applicable. During the nine months ended September 30, 2015 and 2014, the Company recognized a gain of \$5.3 million and \$2.6 million respectively, related to the mark-to-market on the Nasdaq shares and the related hedging transactions when applicable.

Marketable securities also includes securities classified as available-for-sale. As of September 30, 2015 and December 31, 2014, the Company had \$4.3 million and \$97.5 million, respectively, related to securities classified as available-for-sale which are recorded at fair value. Unrealized gains or losses on marketable securities classified as available-for-sale are included as part of *Accumulated other comprehensive loss* in the Company's unaudited condensed consolidated statements of financial condition. The securities classified as available for sale as of December 31, 2014 included \$93.1 million in fair value of GFI common stock (initial cost of \$75.1 million). In connection with the Company's successful completion of the tender offer to acquire GFI on February 26, 2015 (see Note 1 *Organization and Basis of Presentation*), these shares were considered part of the purchase consideration. Upon acquisition of GFI, the unrealized gain previously recorded in *Accumulated other comprehensive loss* was recorded as a \$29.0 million gain in *Other income (loss)* in the Company's unaudited condensed consolidated statements of financial condition.

Table of Contents**10. Receivables from and Payables to Broker-Dealers, Clearing Organizations, Customers and Related Broker-Dealers.**

Receivables from and payables to broker-dealers, clearing organizations, customers and related broker-dealers primarily represent amounts due for undelivered securities, cash held at clearing organizations and exchanges to facilitate settlement and clearance of matched principal transactions, spreads on matched principal transactions that have not yet been remitted from/to clearing organizations and exchanges and amounts related to open derivative contracts, including derivative contracts into which the Company may enter into to minimize the effect of price changes of the Company's Nasdaq shares (see Note 11 - Derivatives). As of September 30, 2015 and December 31, 2014, receivables from and payables to broker-dealers, clearing organizations, customers and related broker-dealers consisted of the following (in thousands):

	September 30, 2015	December 31, 2014
Receivables from broker-dealers, clearing organizations, customers and related broker-dealers:		
Contract values of fails to deliver	\$ 1,040,250	\$ 559,142
Receivables from clearing organizations	127,125	60,300

Net pending trades	15,110	
Open derivative contracts	1,777	153
Total	\$ 1,074,232	\$ 646,169

A portion of these receivables and payables are with Cantor. See Note 13 - Related Party Transactions, for additional information related to these receivables and payables.

Substantially all open fails to deliver, open fails to receive and pending trade transactions as of September 30, 2015 have subsequently settled at the contracted amounts.

11. Derivatives

In the normal course of operations, the Company enters into derivative contracts. These derivative contracts primarily consist of interest rate swaps, futures, forwards, foreign exchange/commodities options, and foreign exchange swaps.

The Company enters into derivative contracts to facilitate client transactions, hedge principal positions and facilitate hedging activities of affiliated companies.

Derivative contracts can be exchange-traded or OTC. Exchange-traded derivatives typically fall within Level 1 or Level 2 of the fair value hierarchy depending on whether they are deemed to be actively traded or not. The Company generally values exchange-traded derivatives using their closing prices. OTC derivatives are valued using market transactions and other market evidence whenever possible, including market-based inputs to models, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. For OTC derivatives that trade in liquid markets, such as generic forwards, swaps and options, model inputs can generally be verified and model selection does not involve significant management judgment. Such instruments are typically classified within Level 2 of the fair value hierarchy.

The Company does not designate any derivative contracts as hedges for accounting purposes. FASB guidance requires that an entity recognize all derivative contracts as either assets or liabilities in the unaudited condensed consolidated statements of financial condition and measure those instruments at fair value. The fair value of all derivative contracts is recorded on a net-by-counterparty basis where a legal right to offset exists under an enforceable netting agreement. Derivative contracts are recorded as part of Receivables from broker-dealers, clearing organizations, customers and related broker-dealers and Payables to broker-dealers, clearing organizations, customers and related broker-dealers in the Company's unaudited condensed consolidated statements of financial condition.

Table of Contents

The fair value of derivative contracts, computed in accordance with the Company's netting policy, is set forth below (in thousands):

	September 30, 2015		December 31, 2014	
	Assets	Liabilities	Assets	Liabilities
Forwards	\$ 1,312	\$ 710	\$	\$

Foreign exchange/commodities options	22	421		
Futures		479		
Total	\$ 2,422	\$ 1,777	\$ 3,508	\$ 153

The notional amounts of these derivative contracts at September 30, 2015 and December 31, 2014 were \$19.0 billion and \$0.3 billion, respectively. At September 30, 2015, the notional amounts primarily consisted of long futures of \$9.3 billion and short futures of \$9.3 billion. As of September 30, 2015, these notional values of long and short futures contracts were primarily related to fixed income futures in a consolidated VIE acquired in the acquisition of GFI, of which the Company's exposure to economic loss is approximately \$5.6 million.

The interest rate swaps represent matched customer transactions settled through and guaranteed by a central clearing organization. Certain of the Company's foreign exchange swaps are with Cantor. See Note 13 Related Party Transactions, for additional information related to these transactions.

The replacement cost of contracts in a gain position at September 30, 2015 was \$2.4 million.

The change in fair value of interest rate swaps, futures, foreign exchange/commodities options and foreign exchange swaps is reported as part of Principal transactions in the Company's unaudited condensed consolidated statements of operations, and the change in fair value of equity options related to the Nasdaq hedges and forwards are included as part of Other income (loss) in the Company's unaudited condensed consolidated statements of operations. The table below summarizes gains and losses on derivative contracts for the three and nine months ended September 30, 2015 and 2014 (in thousands):

Derivative contract	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014

Forwards	(378)		527	
Equity options		30		645
Gain (loss)	\$ 2,650	\$ (30)	\$ 15,644	\$ 434

As described in Note 17 Notes Payable, Collateralized and Short-Term Borrowings, on July 29, 2011, the Company issued an aggregate of \$160.0 million principal amount of 4.50% Convertible Senior Notes due 2016 (the 4.50% Convertible Notes) containing an embedded conversion feature. The conversion feature meets the requirements to be accounted for as an equity instrument, and the Company classifies the conversion feature within Additional paid-in capital in the Company s unaudited condensed consolidated statements of financial condition. At the issuance of the 4.50% Convertible Notes, the embedded conversion feature was measured at approximately \$19.0 million on a pre-tax basis (\$16.1 million net of taxes and issuance costs) as the difference between the proceeds received and the fair value of a similar liability without the conversion feature and is not subsequently remeasured.

Also in connection with the issuance of the 4.50% Convertible Notes, the Company entered into capped call transactions. The capped call transactions meet the requirements to be accounted for as equity instruments, and the Company classifies the capped call transactions within Additional paid-in capital in the Company s unaudited condensed consolidated statements of financial condition. The purchase price of the capped call transactions resulted in a decrease to Additional paid-in capital of \$11.4 million on a pre-tax basis (\$9.9 million on an after-tax basis) at the issuance of the 4.50% Convertible Notes, and such capped call transactions are not subsequently remeasured

12. Fair Value of Financial Assets and Liabilities

FASB guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 measurements Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 measurements Quoted prices in markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Table of Contents

Level 3 measurements Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

As required by FASB guidance, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy financial assets and liabilities accounted for at fair value under FASB guidance at September 30, 2015 and December 31, 2014 (in thousands):

Service Agreements

Throughout Europe and Asia, the Company provides Cantor with administrative services, technology services and other support for which it charges Cantor based on the cost of providing such services plus a mark-up, generally 7.5%. In the U.K., the Company provides these services to Cantor through Tower Bridge. The Company owns 52% of Tower Bridge and consolidates it, and Cantor owns 48%. Cantor's interest in Tower Bridge is reflected as a component of Noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of financial condition, and the portion of Tower Bridge's income attributable to Cantor is included as part of Net income attributable to noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of operations. In the U.S., the Company provides Cantor with technology services for which it charges Cantor based on the cost of providing such services.

The administrative services agreement provides that direct costs incurred are charged back to the service recipient. Additionally, the service recipient generally indemnifies the service provider for liabilities that it incurs arising from the provision of services other than liabilities arising from fraud or willful misconduct of the service provider. In accordance with the administrative service agreement, the Company has not recognized any liabilities related to services provided to affiliates.

For the three months ended September 30, 2015 and 2014, the Company recognized related party revenues of \$6.6 million and \$6.7 million, respectively, for the services provided to Cantor. For the nine months ended September 30, 2015 and 2014, the Company recognized related party revenues of \$19.3 million and \$21.7 million, respectively, for the services provided to Cantor. These revenues are included as part of Fees from related parties in the Company's unaudited condensed consolidated statements of operations.

Table of Contents

In the U.S., Cantor and its affiliates provide the Company with administrative services and other support for which Cantor charges the Company based on the cost of providing such services. In connection with the services Cantor provides, the Company and Cantor entered into an employee lease agreement whereby certain employees of Cantor are deemed leased employees of the Company. For the three months ended September 30, 2015 and 2014, the Company was charged \$10.9 million and \$8.1 million, respectively, for the services provided by Cantor and its affiliates, of which \$6.0 million and \$5.4 million, respectively, were to cover compensation to leased employees for the three months ended September 30, 2015 and 2014. For the nine months ended September 30, 2015 and 2014, the Company was charged \$32.3 million and \$23.0 million, respectively, for the services provided by Cantor and its affiliates, of which \$18.7 million and \$16.4 million, respectively, were to cover compensation to leased employees for the nine months ended September 30, 2015 and 2014. The fees paid to Cantor for administrative and support services, other than those to cover the compensation costs of leased employees, are included as part of *Fees to related parties* in the Company's unaudited condensed consolidated statements of operations. The fees paid to Cantor to cover the compensation costs of leased employees are included as part of *Compensation and employee benefits* in the Company's unaudited condensed consolidated statements of operations.

For the three months ended September 30, 2015 and 2014, Cantor's share of the net profit in Tower Bridge was \$0.8 million and \$0.2 million, respectively. For the nine months ended September 30, 2015 and 2014, Cantor's share of the net profit in Tower Bridge was \$1.7 million and \$1.8 million, respectively. Cantor's noncontrolling interest is included as part of *Noncontrolling interest in subsidiaries* in the Company's unaudited condensed consolidated statements of financial condition.

Equity Method Investment

On June 3, 2014, the Company's Board of Directors and Audit Committee authorized the purchase of 1,000 Class B Units of LFI Holdings, LLC (*LFI*), a wholly owned subsidiary of Cantor, representing 10% of the issued and outstanding Class B Units of LFI after giving effect to the transaction. On the same day, the Company completed the acquisition for \$6.5 million and was granted an option to purchase an additional 1,000 Class B Units of LFI for an additional \$6.5 million. LFI is a limited liability corporation headquartered in New York which is a technology infrastructure provider tailored to the financial sector. The Company accounts for the acquisition using the equity method.

Clearing Agreement with Cantor

The Company receives certain clearing services (*Clearing Services*) from Cantor pursuant to its clearing agreement. These Clearing Services are provided in exchange for payment by the Company of third-party clearing costs and allocated costs. The costs associated with these payments are included as part of *Fees to related parties* in the Company's unaudited condensed consolidated statements of operations.

Other Agreements with Cantor

The Company is authorized to enter into short-term arrangements with Cantor to cover any failed U.S. Treasury securities transactions and to share equally any net income resulting from such transactions, as well as any similar clearing and settlement issues. As of September 30, 2015 and December 31, 2014, the Company had not entered into any arrangements to cover any failed U.S. Treasury transactions.

To more effectively manage the Company's exposure to changes in foreign exchange rates, the Company and Cantor agreed to jointly manage the exposure. As a result, the Company is authorized to divide the quarterly allocation of any profit or loss relating to foreign exchange currency hedging between Cantor and the Company. The amount allocated

to each party is based on the total net exposure for the Company and Cantor. The ratio of gross exposures of Cantor and the Company is utilized to determine the shares of profit or loss allocated to each for the period. During the three months ended September 30, 2015 and 2014, the Company recognized its share of foreign exchange gains of \$64 thousand and \$46 thousand, respectively. During the nine months ended September 30, 2015 and 2014, the Company recognized its share of foreign exchange losses of \$19 thousand and gains of \$766 thousand, respectively. These gains and losses are included as part of Other expenses in the Company's unaudited condensed consolidated statements of operations.

In March 2009, the Company and Cantor were authorized to utilize each other's brokers to provide brokerage services for securities not brokered by such entity, so long as, unless otherwise agreed, such brokerage services were provided in the ordinary course and on terms no less favorable to the receiving party than such services are provided to typical third-party customers.

In August 2013, the Audit Committee authorized the Company to invest up to \$350 million in an asset-backed commercial paper program for which certain Cantor entities serve as placement agent and referral agent. The program issues short-term notes to money market investors and is expected to be used by the Company from time to time as a liquidity management vehicle. The notes are backed by assets of highly rated banks. The Company is entitled to invest in the program so long as the program meets investment policy guidelines, including related to ratings. Cantor will earn a spread between the rate it receives from the short-term note issuer and the rate it pays to the Company on any investments in this program. This spread will be no greater than the spread earned by Cantor for placement of any other commercial paper note in the program. As of September 30, 2015 the Company did not have any investments in the program and as of December 31, 2014, the Company had \$125 million invested in the program, which is recorded in Cash and cash equivalents in the Company's unaudited condensed consolidated statements of financial condition.

On June 23, 2015, the Audit Committee of the Company authorized management to enter into a revolving credit facility with Cantor of up to \$150 million in aggregate principal amount pursuant to which Cantor or BGC would be entitled to borrow funds from each other from time to time. The outstanding balances would bear interest at the higher of the borrower's or the lender's short term borrowing rate then in effect plus 1%.

Table of Contents***Receivables from and Payables to Related Broker-Dealers***

Amounts due to or from Cantor and Freedom International Brokerage, one of our equity method investments, are for transactional revenues under a technology and services agreement with Freedom International Brokerage as well as for open derivative contracts. These are included as part of Receivables from broker-dealers, clearing organizations, customers and related broker-dealers or Payables to broker-dealers, clearing organizations, customers and related broker-dealers in the Company's unaudited condensed consolidated statements of financial condition. As of September 30, 2015 and December 31, 2014, the Company had receivables from Freedom International Brokerage of \$3.8 million and \$3.4 million, respectively. As of September 30, 2015 and December 31, 2014, the Company had \$0.9 million and \$3.1 million, respectively, in receivables from Cantor related to open derivative contracts. Additionally, as of September 30, 2015, the Company had \$1.9 million in payables to Cantor related to equity trades pending settlement. As of December 31, 2014, the Company did not have any payables to Cantor related to pending trades.

Loans, Forgivable Loans and Other Receivables from Employees and Partners, Net

The Company has entered into various agreements with certain of its employees and partners whereby these individuals receive loans which may be either wholly or in part repaid from the distribution earnings that the individuals receive on some or all of their limited partnership interests or may be forgiven over a period of time. The forgivable portion of these loans is recognized as compensation expense over the life of the loan. From time to time, the Company may also enter into agreements with employees and partners to grant bonus and salary advances or other types of loans. These advances and loans are repayable in the timeframes outlined in the underlying agreements.

As of September 30, 2015 and December 31, 2014, the aggregate balance of employee loans, net of reserve, was \$169.6 million and \$130.8 million, respectively, and is included as Loans, forgivable loans and other receivables from employees and partners, net in the Company's unaudited condensed consolidated statements of financial condition. Compensation expense for the above mentioned employee loans for the three months ended September 30, 2015 and 2014 was \$11.1 million and \$7.1 million, respectively. Compensation expense for the above mentioned employee loans for the nine months ended September 30, 2015 and 2014 was \$30.9 million and \$21.4 million, respectively. The compensation expense related to these employee loans is included as part of Compensation and employee benefits in the Company's unaudited condensed consolidated statements of operations.

8.75% Convertible Notes

On April 1, 2010, BGC Holdings issued an aggregate of \$150.0 million principal amount of 8.75% Convertible Senior Notes due 2015 (the 8.75% Convertible Notes) to Cantor in a private placement transaction. The Company used the proceeds of the 8.75% Convertible Notes to repay at maturity \$150.0 million aggregate principal amount of Senior Notes due April 1, 2010. On April 13, 2015, the Company's 8.75% Convertible Notes, due April 15, 2015, were fully converted into 24,042,599 shares of the Company's Class A common stock, par value \$0.01 per share, and issued the shares to Cantor Fitzgerald, L.P. as settlement of the notes. The Company did not record any interest expense related to the 8.75% Convertible Notes for the three months ended September 30, 2015. The Company recorded interest expense related to the 8.75% Convertible Notes of \$3.3 million for the three months ended September 30, 2014. For the nine months ended September 30, 2015 and 2014 the Company recorded interest expense related to the 8.75% Convertible Notes in the amount of \$3.8 million and \$9.8 million, respectively. See Note 17 Notes Payable, Collateralized and Short-Term Borrowings, for more information. On June 15, 2015, the Company filed a resale registration statement on Form S-3 pursuant to which 24,042,599 shares of Class A common stock may be sold from time to time by Cantor or by certain of its pledgees, donees, distributees, counterparties, transferees or other

successors of interest of the shares, including banks or other financial institutions which may enter into stock pledge, stock loan or other financing transactions with Cantor or its affiliates, as well as by their respective pledgees, donees, distributees, counterparties, transferees or other successors in interest.

Controlled Equity Offerings and Other Transactions with CF&Co

As discussed in Note 6 – Stock Transactions and Unit Redemptions, the Company has entered into controlled equity offering sales agreements with CF&Co, as the Company’s sales agent. For the three months ended September 30, 2015 and 2014, the Company was charged approximately \$0.3 million and \$0.5 million, respectively, for services provided by CF&Co related to the Company’s controlled equity offering sales agreements. For the nine months ended September 30, 2015 and 2014, the Company was charged approximately \$0.8 million and \$1.0 million, respectively, for services provided by CF&Co related to the Company’s controlled equity offering sales agreements. These expenses are included as part of Professional and consulting fees in the Company’s unaudited condensed consolidated statements of operations.

The Company has engaged CF&Co and its affiliates to act as financial advisor in connection with one or more third-party business combination transactions as requested by the Company on behalf of its affiliates from time to time on specified terms, conditions and fees. The Company may pay finders’, investment banking or financial advisory fees to broker-dealers, including, but not limited to, CF&Co and its affiliates, from time to time in connection with certain business combination transactions, and, in some cases, the Company may issue shares of the Company’s Class A common stock in full or partial payment of such fees.

On June 28, 2013, the Company completed the Nasdaq Transaction pursuant to the Purchase Agreement, dated as of April 1, 2013 (the Purchase Agreement). In the Purchase Agreement, the Company and Cantor agreed, subject to certain exceptions, not to engage in the business of fully electronic brokerage of benchmark on-the-run U.S. Treasuries and certain transactions in first off-the-run U.S. Treasuries for three years after the closing. The Company and Cantor received from Nasdaq a perpetual and royalty-free market data license and granted to Nasdaq a non-exclusive, irrevocable, royalty-free right and license to use any patents owned in the businesses covered by the Purchased Assets for U.S. Treasury securities transactions. CF&Co also agreed to provide Nasdaq with certain clearing and broker-dealer services for up to nine months following the closing.

Table of Contents

On December 9, 2014 the Company issued an aggregate of \$300 million principal amount of 5.375% Senior Notes due in 2019 (the 5.375% Senior Notes). During the three months ended December 31, 2014, the Company recorded \$252 thousand in underwriting or advisory fees payable to CF&Co and \$18 thousand to CastleOak, a registered broker dealer affiliate of Cantor, related to these Senior Notes. These fees were recorded as debt issuance costs and are amortized over the term of the notes.

On February 26, 2015, the Company completed the tender offer for GFI shares. In connection with acquisition of GFI, during the nine months ended September 30, 2015 the Company recorded advisory fees of \$7.1 million payable to CF&Co. These fees were included in Professional and Consulting Fees in the Company s unaudited condensed consolidated statements of operations. During the nine months ended September 30, 2014, the Company did not record any underwriting or advisory fees payable to CF&Co.

On May 7, 2015 GFI retained CF&Co. to assist them in the potential sale of Trayport.

As of September 30, 2015, the Company has securities loaned transactions of \$54.7 million with CF&Co. The market value of the securities lent was \$56.4 million. The cash collateral received from CF&Co bears an interest rate of 0.64%. Securities loaned transactions are included in Securities loaned in the Company s unaudited condensed consolidated statements of financial condition.

Under rules adopted by the Commodity Futures Trading Commission (CFTC), all foreign introducing brokers engaging in transactions with U.S. persons are required to register with the National Futures Association and either meet financial reporting and net capital requirements on an individual basis or obtain a guarantee agreement from a registered Futures Commission Merchant. From time to time, the Company s European-based brokers engage in interest rate swap transactions with U.S.-based counterparties, and therefore the Company is subject to the CFTC requirements. CF&Co has entered into guarantees on behalf of the Company, and the Company is required to indemnify CF&Co for the amounts, if any, paid by CF&Co on behalf of the Company pursuant to this arrangement. There have been no payments made pursuant to this arrangement.

Transactions with Cantor Commercial Real Estate Company, L.P.

On October 29, 2013, the Audit Committee of the Board of Directors authorized the Company to enter into agreements from time to time with Cantor and/or its affiliates, including Cantor Commercial Real Estate Company, L.P. (CCRE), to provide services, including finding and reviewing suitable acquisition or partner candidates, structuring transactions, negotiating and due diligence services, in connection with the Company s acquisition and other business strategies in commercial real estate and other businesses. Such services are provided at fees not to exceed the fully-allocated cost of such services plus 10%. In connection with this agreement, the Company did not recognize any expense for the three and nine months ended September 30, 2015 and 2014, respectively.

The Company also has a referral agreement in place with CCRE, in which brokers are incentivized to refer business to CCRE through a revenue-share arrangement. In connection with this revenue-share agreement, the Company recognized revenues of \$0.5 million and \$0.2 million for the three months ended September 30, 2015 and 2014, respectively. For the nine months ended September 30 2015, and 2014 the Company recognized revenues of \$0.7 million and \$0.8 million respectively. This revenue was recorded as part of Commissions in the Company s unaudited condensed consolidated statements of operations.

Cantor Rights to Purchase Limited Partnership Interests from BGC Holdings

Cantor has the right to purchase limited partnership interests (Cantor units) from BGC Holdings upon redemption of non-exchangeable FPU's redeemed by BGC Holdings upon termination or bankruptcy of the founding/working partner. Any such Cantor units purchased by Cantor are exchangeable for shares of Class B common stock or, at Cantor's election or if there are no additional authorized but unissued shares of Class B common stock, shares of Class A common stock, in each case on a one-for-one basis (subject to customary anti-dilution adjustments).

During the nine months ended September 30, 2015, Cantor did not purchase any exchangeable limited partnership interests from BGC Holdings.

On July 21, 2014, the Company issued exchange rights with respect to, and Cantor purchased, an aggregate of 3,142,257 exchangeable limited partnership units in BGC Holdings consisting of (i) 1,371,058 such units in connection with the redemption by BGC Holdings of an aggregate of 1,371,058 non-exchangeable founding partner units from former Cantor partners who were former founding partners of BGC Holdings, and (ii) 1,771,199 such units in connection with the grant of exchangeability to 1,771,199 units held by former Cantor partners who were former founding partners of BGC Holdings. Such exchangeable limited partnership units were exchangeable by Cantor at any time on a one-for-one basis for shares of common stock of the Company. The aggregate net purchase price paid by Cantor for such units was \$10.6 million. Immediately after Cantor's purchases of such exchangeable limited partnership units, also on July 21, 2014, the Company purchased from Cantor an aggregate of 5 million units and shares, consisting of (i) all of such 3,142,257 units and (ii) 1,857,743 previously owned shares of the Company's Class A common stock, for \$38.7 million based on the closing price per share of the Class A common stock on the date of such purchases.

As of September 30, 2015, there were 1,881,574 non-exchangeable FPU's remaining in which BGC Holdings had the right to redeem and Cantor had the right to purchase an equivalent number of Cantor units.

Table of Contents***Transactions with Executive Officers and Directors***

On January 21, 2014, the Compensation Committee authorized the acceleration of restrictions with respect to an aggregate of 1,254,723 shares of restricted Class A common stock held by the Company's executive officers as follows: Mr. Lutnick, 628,872 shares (Mr. Lutnick does not currently intend to sell any of these shares); Mr. Lynn, 424,347 shares; Mr. Merkel, 14,689 shares; Mr. Windeatt, 146,843 shares; and Mr. Sadler, 39,972 shares. The Compensation Committee authorized the Company to repurchase any or all of such shares from the executive officers at a price of \$6.51 per share, which was the closing price of our Class A common stock on January 21, 2014.

On February 5, 2014, certain executive officers elected to sell, and we agreed to purchase, an aggregate of 636,841 shares of Class A common stock from such executive officers at a price of \$6.51 per share as follows: Mr. Lynn, 424,347 shares; Mr. Merkel, 14,689 shares; Mr. Windeatt, 157,833 shares (of which 146,843 shares were previously restricted and an additional 10,990 freely tradable shares); and Mr. Sadler, 39,972 shares.

On May 9, 2014, partners of BGC Holdings approved the Tenth Amendment to the Agreement of Limited Partnership of BGC Holdings (the "Tenth Amendment") effective as of May 9, 2014. In order to facilitate partner compensation and for other corporate purposes the Tenth Amendment creates a new class of partnership units ("NPSUs"), which are working partner units.

NPSUs are not entitled to participate in Partnership distributions, will not be allocated any items of profit or loss and may not be made exchangeable into shares of the Company's Class A common stock. Upon grant, NPSUs may be assigned a written vesting schedule pursuant to which a certain number of NPSUs would be converted for limited partnership units on each vesting date, subject to terms and conditions determined by the General Partner of the Partnership in its sole discretion, including that the recipient continue to provide substantial services to the Company and comply with his or her partnership obligations. The Tenth Amendment was approved by the Audit Committee of the Board of Directors and by the full Board of Directors.

On May 9, 2014, the Compensation Committee authorized the grant of 4 million NPSUs to Mr. Lutnick and 1 million NPSUs to Mr. Merkel. The NPSUs granted to Mr. Lutnick will vest ratably on January 1 of each year beginning January 1, 2015 and ending January 1, 2018, such that an equal number of NPSUs will vest and automatically be converted into an equivalent number of limited partnership units on each vesting date. The NPSUs granted to Mr. Merkel will vest ratably on January 1 of each year beginning January 1, 2015 and ending January 1, 2021, such that an equal number of NPSUs will vest and automatically be converted into an equivalent number of limited partnership units on each vesting date. Exchange rights with respect to any non-exchangeable limited partnership units will be determined in accordance with the Company's practices when determining discretionary bonuses or awards, which may include the Compensation Committee's exercise of negative discretion to reduce or withhold any such awards.

On January 1, 2015, (i) 1,000,000 of Mr. Lutnick's NPSUs converted into 550,000 PSUs and 450,000 PPSUs, of which Mr. Lutnick has the right to exchange for shares and cash, which he waived under our policy (described below), 239,739 PSUs and 196,150 PPSUs, and (ii) 142,857 of Mr. Merkel's NPSUs converted into 78,571 PSUs and 64,286 PPSUs, of which 5,607 PSUs and 4,588 PPSUs were made exchangeable and repurchased by the Company at the average price of shares of Class A common stock sold under our Controlled Equity Offering less 2%, or \$91,558.

On January 30, 2015, the Compensation Committee granted 4,000,000 NPSUs to Mr. Lutnick and 1,000,000 NPSUs to Mr. Lynn that vest ratably on January 1 of each year beginning January 1, 2016 and ending January 1, 2020, such that an equal number of NPSUs will vest and automatically be converted into an equivalent number of vested non-exchangeable PSUs/PPSUs for Mr. Lutnick and vested non-exchangeable LPUs/PLPUs for Mr. Lynn on each

vesting date. The grant of exchange rights with respect to such vested PSUs/PPSUs and LPUs/PLPUs will be determined in accordance with the Company's practices when determining discretionary bonuses or awards, which may include the Compensation Committee's exercise of negative discretion to reduce or withhold any such awards.

Transactions with Relief Fund

During the year ended December 31, 2013, the Company committed to make charitable contributions to the Relief Fund in the amount of \$25.0 million, which the Company recorded in "Other expenses" in the Company's consolidated statements of operations for the year ended December 31, 2013. As of September 30, 2015 the remaining liability associated with this commitment was \$15.5 million which is included in "Accounts payable, accrued and other liabilities" in the Company's unaudited condensed consolidated statements of financial condition.

Other Transactions

The Company is authorized to enter into loans, investments or other credit support arrangements for Aqua Securities L.P. ("Aqua"), an alternative electronic trading platform that offers new pools of block liquidity to the global equities markets, of up to \$12.2 million in the aggregate; such arrangements are proportionally and on the same terms as similar arrangements between Aqua and Cantor. The Company has been further authorized to provide counterparty or similar guarantees on behalf of Aqua from time to time, provided that liability for any such guarantees, as well as similar guarantees provided by Cantor, would be shared proportionally with Cantor. Aqua is 51% owned by Cantor and 49% owned by the Company. Aqua is accounted for under the equity method of accounting. During the three months ended September 30, 2015 and 2014, the Company made \$0.3 million and \$0.1 million, respectively, in cash contributions to Aqua. During the nine months ended September 30, 2015 and 2014, the Company made \$1.0 million and \$0.6 million, respectively, in cash contributions to Aqua. These contributions are recorded as part of "Investments" in the Company's unaudited condensed consolidated statements of financial condition.

Table of Contents

The Company has also entered into a Subordinated Loan Agreement with Aqua, whereby the Company agreed to lend Aqua the principal sum of \$980 thousand. The scheduled maturity date on the subordinated loan is September 1, 2017, and the current rate of interest on the loan is three month LIBOR plus 600 basis points. The loan to Aqua is recorded as part of Receivables from related parties in the Company's unaudited condensed consolidated statements of financial condition.

Equity Method and Similar Investments

For the three and nine months ended September 30, 2015 the Company's share of gains was \$1.0 million and \$1.7 million, respectively, related to its equity method investments. For the three and nine months ended September 30, 2014, the Company's share of losses was \$2.6 million and \$6.2 million, respectively, related to its equity method investments. As a result of the GFI acquisition, the Company also had certain investments in brokerage businesses in which the Company had a contractual right to receive a percentage of revenues, less certain direct expenses. The Company accounted for these investments in a manner similar to the equity method of accounting. The sale of KBL (see Note 2 Divestiture) in May 2015 included these investments. Through the date of sale, the Company's share of gain on these investments was \$1.0 million. The Company's total shares of gains and losses is reflected in Gains (losses) on equity method investments in the Company's unaudited condensed consolidated statement of operations.

See Note 13 Related Party Transactions, for information regarding related party transactions with unconsolidated entities included in the Company's unaudited condensed consolidated financial statements.

Investments in Variable Interest Entities

Certain of the Company's equity method investments included in the tables above are considered Variable Interest Entities (VIEs), as defined under the accounting guidance for consolidation. The Company is not considered the primary beneficiary of, and therefore does not consolidate, any of the VIEs in which it holds a variable interest. The Company's involvement with such entities is in the form of direct equity interests and related agreements. The Company's maximum exposure to loss with respect to the VIEs is its investment in such entities as well as a credit facility and a subordinated loan.

The following table sets forth the Company's investment in its unconsolidated VIEs and the maximum exposure to loss with respect to such entities as of September 30, 2015 and December 31, 2014. The amounts presented in the Investment column below are included in, and not in addition to, the equity method investment table above (in thousands):

	September 30, 2015		December 31, 2014	
	Maximum		Maximum	
	Investment	Exposure to Loss	Investment	Exposure to Loss
Variable interest entities ¹	\$ 3,592	\$ 4,859	\$ 710	\$ 1,690

¹ The Company has entered into a subordinated loan agreement with a VIE (Aqua), whereby the Company agreed to lend the principal sum of \$980 thousand. As of September 30, 2015, the Company's maximum exposure to loss with respect to its VIEs primarily includes the sum of its equity investments in Aqua, BIP Trading and QUBED Derivatives and the \$980 thousand subordinated loan to Aqua.

Consolidated VIEs

Through the acquisition of GFI, the Company is invested in a limited company that is focused on developing a proprietary trading business. The limited company is a VIE and it was determined that the Company is the primary beneficiary of this VIE because the Company, through GFI was the provider of the majority of this VIE's start-up capital and has the power to direct the activities of this VIE that most significantly impact its economic performance, primarily through its voting percentage and consent rights on the activities that would most significantly influence the entity. The consolidated VIE had total assets of \$9.7 million at September 30, 2015, which primarily consisted of clearing margin. There were no material restrictions on the consolidated VIE's assets. The consolidated VIE had total liabilities of \$2.0 million at September 30, 2015. The Company's exposure to economic loss on these VIEs is approximately \$5.6 million.

Cost Method Investments

As a result of the GFI Acquisition, the Company acquired Investments for which they did not have the ability to exert significant influence over operating and financial policies. These investments are generally accounted for using the cost method of accounting in accordance with ASC 325-10, Investments - Other (ASC 325-10). At September 30, 2015 the Company had cost method investments of \$1.6 million.

Table of Contents**15. Fixed Assets, Net**

Fixed assets, net consisted of the following (in thousands):

	September 30, 2015	December 31, 2014
Computer and communications equipment	\$ 276,857	\$ 151,808
Software, including software development costs	221,885	103,872

Less: accumulated depreciation and amortization	507,505	249,049
Fixed assets, net	\$ 150,679	\$ 112,020

Depreciation expense was \$8.7 million and \$7.0 million for the three months ended September 30, 2015 and 2014, respectively. Depreciation expense was \$24.2 million and \$22.3 million for the nine months ended September 30, 2015 and 2014, respectively. Depreciation is included as part of Occupancy and equipment in the Company's unaudited condensed consolidated statements of operations.

The Company has approximately \$4.0 million of asset retirement obligations related to certain of its leasehold improvements. The associated asset retirement cost is capitalized as part of the carrying amount of the long-lived asset. The liability is discounted and accretion expense is recognized using the credit adjusted risk-free interest rate in effect when the liability was initially recognized.

For the three months ended September 30, 2015 and 2014, software development costs totaling \$5.5 million and \$2.5 million, respectively, were capitalized. For the nine months ended September 30, 2015 and 2014, software development costs totaling \$12.5 million and \$9.7 million, respectively, were capitalized. Amortization of software development costs totaled \$5.8 million and \$3.1 million for the three months ended September 30, 2015 and 2014, respectively. Amortization of software development costs totaled \$17.0 million and \$8.3 million for the nine months ended September 30, 2015 and 2014, respectively. Amortization of software development costs is included as part of Occupancy and equipment in the Company's unaudited condensed consolidated statements of operations.

Impairment charges of \$1.1 million and \$0.4 million were recorded for the three months ended September 30, 2015 and 2014, respectively, related to the evaluation of capitalized software projects for future benefit and for fixed assets no longer in service. Impairment charges of \$18.8 million and \$4.1 million were recorded for the nine months ended September 30, 2015 and 2014, respectively, related to the evaluation of capitalized software projects for future benefit and for fixed assets no longer in service. In connection with the acquisition of GFI, the Company evaluated the combined portfolios of capitalized software projects and fixed assets and, as a result, identified certain redundancies and assets no longer in service which resulted in impairment charges. The impairment charges for the three and nine months ended September 30, 2015 and 2014 were related to the Financial Services segment. Impairment charges related to capitalized software and fixed assets are reflected in Occupancy and equipment in the Company's unaudited condensed consolidated statements of operations.

16. Goodwill and Other Intangible Assets, Net

The changes in the carrying amount of goodwill by reportable segment for the nine months ended September 30, 2015 were as follows (in thousands):

	Financial Services	Real Estate Services	Total

Balance at September 30, 2015	\$ 567,107	\$ 386,816	\$ 953,923

During the nine months ended September 30, 2015, the Company recognized additional goodwill of approximately \$436.1 million and \$124.2 million, which was allocated to the Company's Financial Services segment and the Company's Real Estate Services segment, respectively.

During the nine months ended September 30, 2015, the Company recognized measurement period adjustments of approximately (\$0.2) million relating to Financial Services, and \$5.0 million for Real Estate Services. The Company considers the adjustments insignificant to its unaudited condensed consolidated financial statements and accordingly the Company's consolidated statements of financial position at December 31, 2014 were not retrospectively adjusted.

Goodwill is not amortized and is reviewed annually for impairment or more frequently if impairment indicators arise, in accordance with FASB guidance on Goodwill and Other Intangible Assets.

The fair value of the 8.75% Convertible Notes was estimated based on a jump-diffusion convertible pricing model, which among other inputs incorporates the scheduled coupon and principal payments, the conversion feature inherent in the 8.75% Convertible Notes, the Company's Class A common stock price and a stock price volatility assumption. The stock price volatility assumptions are based on the historic volatility of the Company's Class A common stock. The fair value measurements of the 8.75% Convertible Notes are based on significant inputs observable in the market and are considered Level 2 within the fair value hierarchy. The fair values of the Senior Notes and 4.50% Convertible Notes were determined using observable market prices as these securities are traded and are considered Level 1 and Level 2, respectively, within the fair value hierarchy, based on whether they are deemed to be actively traded.

Convertible Notes

On April 1, 2010, BGC Holdings issued an aggregate of \$150.0 million principal amount of the 8.75% Convertible Notes to Cantor in a private placement transaction. The Company used the proceeds of the 8.75% Convertible Notes

to repay \$150.0 million principal amount of Senior Notes that matured on April 1, 2010. The 8.75% Convertible Notes are senior unsecured obligations and rank equally and ratably with all existing and future senior unsecured obligations of the Company. The 8.75% Convertible Notes bear an annual interest rate of 8.75%, payable semi-annually in arrears on April 15 and October 15 of each year, beginning on October 15, 2010. On April 13, 2015, the Company's 8.75% Convertible Notes, were fully converted into 24,042,599 shares of the Company's Class A common stock, par value \$0.01 per share, and issued to Cantor Fitzgerald L.P. The Company did not record any interest expense related to the 8.75% Convertible Notes for the three months ended September 30, 2015. The Company recorded interest expense related to the 8.75% Convertible Notes of \$3.3 million for the three months ended September 30, 2014. The Company recorded interest expense related to the 8.75% Convertible Notes of \$3.8 million and \$9.8 million for the nine months ended September 30, 2015 and 2014, respectively.

On July 29, 2011, the Company issued an aggregate of \$160.0 million principal amount of 4.50% Convertible Notes due 2016. The 4.50% Convertible Notes are general senior unsecured obligations of the Company. The 4.50% Convertible Notes pay interest semiannually at a rate of 4.50% per annum and were priced at par. The 4.50% Convertible Notes will mature on July 15, 2016, unless earlier repurchased, exchanged or converted. The Company recorded interest expense related to the 4.50% Convertible Notes of \$3.0 million for both the three months ended September 30, 2015 and 2014. The Company recorded interest expense related to the 4.50% Convertible Notes of \$9.0 million and \$8.9 million for the nine months ended September 30, 2015 and 2014, respectively.

As of September 30, 2015, the 4.50% Convertible Notes were convertible, at the holder's option, at a conversion rate of 101.6260 shares of Class A common stock per \$1,000 principal amount of notes, subject to adjustment in certain circumstances, including stock dividends and stock splits on the Class A common stock and the Company's payment of a quarterly cash dividend in excess of \$0.17 per share of Class A common stock. Upon conversion, the Company will pay or deliver cash, shares of the Company's Class A common stock, or a combination thereof at the Company's election. As of September 30, 2015, the 4.50% Convertible Notes were convertible into approximately 16.3 million shares of Class A common stock.

Table of Contents

As prescribed by FASB guidance, *Debt*, the Company recognized the value of the embedded conversion feature of the 4.50% Convertible Notes as an increase to Additional paid-in capital of approximately \$19.0 million on a pre-tax basis (\$16.1 million net of taxes and issuance costs). The embedded conversion feature was measured as the difference between the proceeds received and the fair value of a similar liability without the conversion feature. The value of the conversion feature is treated as a debt discount and reduced the initial carrying value of the 4.50% Convertible Notes to \$137.2 million, net of debt issuance costs of \$3.8 million allocated to the debt component of the instrument. The discount is amortized as interest cost and the carrying value of the 4.50% Convertible Notes will accrete up to the face amount over the term of the 4.50% Convertible Notes.

In connection with the offering of the 4.50% Convertible Notes, the Company entered into capped call transactions, which are expected to reduce the potential dilution of the Company's Class A common stock upon any conversion of the 4.50% Convertible Notes in the event that the market value per share of the Company's Class A common stock, as measured under the terms of the capped call transactions, is greater than the strike price of the capped call transactions (\$10.75 as of September 30, 2015, subject to adjustment in certain circumstances). The capped call transactions had an initial cap price equal to \$12.30 per share (50% above the last reported sale price of the Company's Class A common stock on the Nasdaq on July 25, 2011), and had a cap price equal to approximately \$13.43 per share as of September 30, 2015. The purchase price of the capped call transactions resulted in a decrease to Additional paid-in capital of \$11.4 million on a pre-tax basis (\$9.9 million on an after-tax basis). The capped call transactions cover approximately 14.9 million shares of BGC's Class A common stock as of September 30, 2015, subject to adjustment in certain circumstances.

8.125% Senior Notes

On June 26, 2012, the Company issued an aggregate of \$112.5 million principal amount of 8.125% Senior Notes due 2042. The 8.125% Senior Notes are senior unsecured obligations of the Company. The 8.125% Senior Notes may be redeemed for cash, in whole or in part, on or after June 26, 2017, at the Company's option, at any time and from time to time, until maturity at a redemption price equal to 100% of the principal amount to be redeemed, plus accrued but unpaid interest on the principal amount being redeemed to, but not including, the redemption date. The 8.125% Senior Notes are listed on the New York Stock Exchange under the symbol BGCA. The Company used the proceeds to repay short-term borrowings under its unsecured revolving credit facility and for general corporate purposes, including acquisitions.

Table of Contents

The initial carrying value of the 8.125% Senior Notes was \$108.7 million, net of debt issuance costs of \$3.8 million. The issuance costs are amortized as interest cost, and the carrying value of the 8.125% Senior Notes will accrete up to the face amount over the term of the 8.125% Senior Notes. The Company recorded interest expense related to the 8.125% Senior Notes of \$2.3 million for both the three months ended September 30, 2015 and 2014, respectively. The Company recorded interest expense related to the 8.125% Senior Notes of \$6.9 million for both the nine months ended September 30, 2015 and 2014, respectively.

5.375% Senior Notes

On December 9, 2014, the Company issued an aggregate of \$300.0 million principal amount of 5.375% Senior Notes due 2019 (the 5.375% Senior Notes). The 5.375% Senior Notes are general senior unsecured obligations of the Company. These Senior Notes bear interest at a rate of 5.375% per year, payable in cash on June 9 and December 9 of each year, commencing June 9, 2015. The interest rate payable on the notes will be subject to adjustments from time to time based on the debt rating assigned by specified rating agencies to the notes, as set forth in the Indenture. The 5.375% Senior Notes will mature on December 9, 2019. The Company may redeem some or all of the notes at any time or from time to time for cash at certain make-whole redemption prices (as set forth in the Indenture). If a Change of Control Triggering Event (as defined in the Indenture) occurs, holders may require the Company to purchase all or a portion of their notes for cash at a price equal to 101% of the principal amount of the notes to be purchased plus any accrued and unpaid interest to, but excluding, the purchase date.

The initial carrying value of the 5.375% Senior Notes was \$295.1 million, net of the discount and debt issuance costs of \$4.9 million. The issuance costs are amortized as interest cost, and the carrying value of the 5.375% Senior Notes will accrete up to the face amount over the term of the notes. The Company recorded interest expense related to the 5.375% Senior Notes of \$4.3 million and \$12.8 million for the three and nine months ended September 30, 2015, respectively. There was no interest expense related to the 5.375% Senior Notes for the three or nine months ended September 30, 2014.

8.375% Senior Notes

As part of the GFI acquisition, the Company acquired \$240.0 million in aggregate principal amount of 8.375% Senior Notes (the 8.375% Senior Notes) due July 2018. The carrying value of these notes as of September 30, 2015 was \$255.3 million. Interest on these notes is payable, semi-annually in arrears on the 19th of January and July. Due to the cumulative effect of downgrades to GFI's credit rating, the 8.375% Senior Notes were subjected to 200 basis points penalty interest. On April 28, 2015, a subsidiary of the Company purchased from GFI approximately 43.0 million New Shares. This increased BGC's ownership to approximately 67% of GFI's outstanding common stock and gives us the ability to control the timing and process with respect to a full merger. Also on July 10, 2015, the Company guaranteed the obligations of GFI under the 8.375% Senior Notes. These actions resulted in recent upgrades of GFI's credit ratings which reduces the penalty interest to 25 basis points effective July 19, 2015. The Company recorded interest expense related to the 8.375% Senior Notes of \$5.4 million and \$13.7 million for the three and nine months ended September 30, 2015, respectively.

Collateralized Borrowings***Secured loan arrangements***

On March 13, 2015, the Company entered into a secured loan arrangement of \$28.2 million under which it pledged certain fixed assets as security for the loan. This arrangement incurs interest at a fixed rate of 3.70% and matures on March 11, 2019. The Company did not have any secured loan arrangements outstanding as of December 31, 2014. As

of September 30, 2015, the Company had a \$24.7 million secured loan arrangement outstanding which includes \$0.2 million of deferred financing costs. The value of the fixed assets pledged as of September 30, 2015 was \$13.6 million.

The Company recorded interest expense related to the secured loan arrangement of \$0.3 million for the three months ended September 30, 2015. The Company did not have any secured loan arrangements outstanding as of September 30, 2014. The Company recorded interest expense related to the secured loan arrangement of \$0.5 million for the nine months ended September 30, 2015.

Short Term Borrowings

As part of the GFI Acquisition, the Company acquired a credit agreement as amended, (the *Credit Agreement*) with Bank of America, N.A. and certain other lenders. The *Credit Agreement* provides for maximum revolving loans of up to \$75.0 million through December 2015. The interest rate of the outstanding loan under the credit agreement was 3.72% as of September 30, 2015. As of September 30, 2015 there was \$75.0 million of borrowings outstanding. For the three and nine months ended September 30, 2015, the Company recorded interest expense related to the *Credit Agreement* of \$0.8 million and \$1.9 million, respectively.

On September 25, 2015, the Company delivered notice to Bank of America N.A. of its intent to terminate and repay, on October 2, 2015 the entire \$75.0 million outstanding under the *Credit Agreement*. The amounts due under the *Credit Agreement* were scheduled to mature on December 20, 2015 and are being repaid by the Company prior to the potential sale of its Trayport division. The amount outstanding was repaid on October 2, 2015.

On October 1, 2015 the Company entered into a previously authorized \$150 million revolving credit facility (the *Facility*) with Cantor and agreed to borrow \$100 million under such facility (the *Cantor Loan*). The *Cantor Loan* bears interest at the rate of LIBOR plus 3.25% and may be adjusted based on Cantor's short-term borrowing rate then in effect plus 1%. The *Facility* has a maturity date of August 10, 2017.

Table of Contents**18. Compensation**

The Company's Compensation Committee may grant various equity-based awards, including restricted stock units, restricted stock, stock options, limited partnership units and exchange rights for shares of the Company's Class A common stock upon exchange of limited partnership units and FPU's. On June 2, 2015, at our Annual Meeting of Stockholders of the Company, the stockholders approved the Fifth amendment and restatement to the Amended and Restated Long Term Incentive Plan (the "Equity Plan") to increase from 300 million to 350 million the aggregate number of shares of Class A common stock of the Company that may be delivered or cash settled pursuant to awards granted during the life of the Equity Plan. As of September 30, 2015, the limit on the aggregate number of shares authorized to be delivered allows for the grant of future awards relating to 184.0 million shares. Upon vesting of RSUs, issuance of restricted stock or exercise of employee stock options, the Company generally issues new shares of the Company's Class A common stock.

During the three months ended September 30, 2015 and 2014, the Company granted exchangeability on 3.8 million and 6.6 million limited partnership units for which the Company incurred compensation expense, before associated income taxes, of \$34.4 million and \$47.3 million, respectively. During the nine months ended September 30, 2015 and 2014, the Company granted exchangeability on 10.9 million and 12.9 million limited partnership units for which the Company incurred compensation expense, before associated income taxes, of \$96.6 million and \$96.5 million, respectively.

As of September 30, 2015 and December 31, 2014, the number of limited partnership units exchangeable into shares of Class A common stock at the discretion of the unit holder was 4.4 million and 1.7 million, respectively.

As of September 30, 2015 and December 31, 2014, the notional value of the limited partnership units with a post-termination pay-out amount held by executives and non-executive employees, awarded in lieu of cash compensation for salaries, commissions and/or discretionary or guaranteed bonuses was \$119.0 million and \$68.8 million, respectively. As of September 30, 2015 and December 31, 2014, the aggregate estimated fair value of these limited partnership units was \$22.6 million and \$11.8 million. The number of outstanding limited partnership units with a post-termination pay-out as of September 30, 2015 and December 31, 2014 was 15.8 million and 9.8 million, respectively, of which 9.5 million and 6.9 million were unvested.

Certain of the limited partnership units with a post-termination pay-out have been granted in connection with the Company's acquisitions. As of September 30, 2015 and December 31, 2014, the aggregate estimated fair value of these

acquisition related limited partnership units was \$23.6 million and \$24.2 million respectively.

Compensation expense related to limited partnership units with a post-termination pay-out amount is recognized over the stated service period. These units generally vest between three and five years from the date of grant. The Company recognized compensation expense, before associated income taxes, related to these limited partnership units that were not redeemed of \$3.8 million and \$1.4 million for the three months ended September 30, 2015 and 2014, respectively. The Company recognized compensation expense, before associated income taxes, related to these limited partnership units that were not redeemed of \$11.1 million and \$4.8 million for the nine months ended September 30, 2015 and 2014, respectively. These are included in Compensation and employee benefits in the Company's unaudited condensed consolidated statements of operations.

The limited partnership units generally receive quarterly allocations of net income, which are cash distributed on a quarterly basis and generally contingent upon services being provided by the unit holders. The allocation of income to limited partnership units and FPU's was \$16.3 million and \$5.2 million for the three months ended September 30, 2015 and 2014, respectively. The allocation of income to limited partnership units and FPU's was \$17.4 million and \$9.8 million for the nine months ended September 30, 2015 and 2014, respectively.

Table of Contents***Restricted Stock Units***

A summary of the activity associated with RSUs is as follows:

	Restricted Stock Units	Weighted- Average Grant Date Fair Value	Weighted- Average Remaining Contractual Term (Years)
Balance at December 31, 2014	2,140,932	\$ 4.70	1.74
Granted	580,598	8.39	
Delivered units	(929,534)	4.95	
Forfeited units	(130,705)	5.45	
Balance at September 30, 2015	1,661,291	\$ 5.79	1.65

The fair value of RSUs awarded to employees and directors is determined on the date of grant based on the market value of Class A common stock (adjusted if appropriate based upon the award s eligibility to receive dividends), and is recognized, net of the effect of estimated forfeitures, ratably over the vesting period. The Company uses historical data, including historical forfeitures and turnover rates, to estimate expected forfeiture rates for both employee and director RSUs. Each RSU is settled in one share of Class A common stock upon completion of the vesting period.

During the nine months ended September 30, 2015 and 2014, the Company granted 0.6 million and 0.9 million, respectively, of RSUs with aggregate estimated grant date fair values of approximately \$4.9 million and \$5.2 million, respectively, to employees and directors. These RSUs were awarded in lieu of cash compensation for salaries, commissions and/or discretionary or guaranteed bonuses. RSUs granted to these individuals generally vest over a two- to four-year period.

For RSUs that vested during the nine months ended September 30, 2015 and 2014, the Company withheld shares valued at \$1.3 million and \$0.8 million, respectively, to pay taxes due at the time of vesting.

As of September 30, 2015 and December 31, 2014, the aggregate estimated grant date fair value of outstanding RSUs was approximately \$9.6 million and \$10.1 million, respectively.

Compensation expense related to RSUs, before associated income taxes, was approximately \$1.1 million and \$1.3 million for the three months ended September 30, 2015 and 2014, respectively. Compensation expense related to RSUs, before associated income taxes, was approximately \$3.8 million and \$4.2 million for the nine months ended September 30, 2015 and 2014, respectively. As of September 30, 2015, there was approximately \$11.4 million of total unrecognized compensation expense related to unvested RSUs.

Restricted Stock

Pursuant to the Global Partnership Restructuring Program in June 2013, the Company granted approximately 41 million restricted shares of the Company s Class A common stock. Transferability of the shares of restricted stock is not subject to continued employment or service with the Company or any affiliate or subsidiary of the Company; however, transferability is subject to compliance with BGC Partners and its affiliates customary noncompete

obligations. During the three months ended September 30, 2015 approximately 44 thousand shares were forfeited in connection with this clause. The restricted shares are generally saleable by partners in five to ten years. Partners who agree to extend the length of their employment agreements and/or other contractual modifications sought by the Company are expected to be able to sell their restricted shares over a shorter time period. During the nine months ended September 30, 2015 and 2014, the Company released the restrictions with respect to approximately 2.4 million and 7.3 million of such shares, respectively.

Deferred Cash Compensation

As part of the acquisition of GFI, the Company now maintains a Deferred Cash Award Program which was adopted by GFI on February 12, 2013, and provides for the grant of deferred cash incentive compensation to eligible employees. The Company may pay certain bonuses in the form of deferred cash compensation awards, which generally vest over a future service period. In addition, prior to the completion of the tender offer, GFI's outstanding RSUs were converted into the right to receive an amount in cash equal to \$6.10 per unit, with such cash payable on and subject to the terms and conditions of the original vesting schedule of each RSU. The total compensation expense recognized in relation to the deferred cash compensation awards for the three months ended September 30, 2015 was \$6.3 million. The total compensation expense recognized in relation to the deferred cash compensation awards for the nine months ended September 30, 2015 was \$17.6 million. Total unrecognized compensation cost related to deferred cash compensation prior to the consideration of forfeitures, was approximately \$37.0 million and is expected to be recognized over a weighted-average period of 1.46 years.

Stock Options

A summary of the activity associated with stock options is as follows:

	Options	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
Balance at December 31, 2014	2,184,238	\$ 9.66	2.3	\$

Table of Contents

The Company did not grant any stock options during the three months ended September 30, 2015 and 2014. There were 84 thousand stock options exercised during the nine months ended September 30, 2015. There were no stock options exercised during the nine months ended September 30, 2014.

The Company did not record any compensation expense related to stock options for the three or nine months ended September 30, 2015 or 2014, as all of these options had vested in prior years. As of September 30, 2015, all of the compensation expense related to stock options was fully recognized.

19. Commitments, Contingencies and Guarantees***Contingencies***

In the ordinary course of business, various legal actions are brought and are pending against the Company and its affiliates in the U.S. and internationally. In some of these actions, substantial amounts are claimed. The Company is also involved, from time to time, in reviews, examinations, investigations and proceedings by governmental and self-regulatory agencies (both formal and informal) regarding the Company's business, which may result in judgments, settlements, fines, penalties, injunctions or other relief. The following generally does not include matters that the Company has pending against other parties which, if successful, would result in awards in favor of the Company or its subsidiaries.

Employment, Competitor-Related and Other Litigation

From time to time, the Company and its affiliates are involved in litigation, claims and arbitrations in the U.S. and internationally, relating to various employment matters, including with respect to termination of employment, hiring of employees currently or previously employed by competitors, terms and conditions of employment and other matters. In light of the competitive nature of the brokerage industry, litigation, claims and arbitration between competitors regarding employee hiring are not uncommon.

On March 9, 2012, a purported derivative action was filed in the Supreme Court of the State of New York, County of New York captioned International Painters and Allied Trades Industry Pension Fund, etc. v. Cantor Fitzgerald L.P., CF Group Management, Cantor Fitzgerald & Co., the Company and its directors, Index No. 650736-2012. The complaint was dismissed on September 23, 2013. The suit alleged that the terms of the April 1, 2010 8.75% Convertible Notes issued to Cantor were unfair to the Company, the Company's Controlled Equity Offerings unfairly benefited Cantor at the Company's expense and the August 2011 amendment to the change in control agreement of Mr. Lutnick was unfair to the Company. It sought to recover for the Company unquantified damages, disgorgement of payments received by defendants, a declaration that the 8.75% Convertible Notes are void and attorneys' fees (the New York Complaint). On April 2, 2012, a purported derivative action was filed in the Court of Chancery of the State of Delaware captioned Samuel Pill v. Cantor Fitzgerald L.P., CF Group Management, Cantor Fitzgerald & Co., the Company and its directors, Civil Action No. 7382-CS, which suit made similar allegations to the New York Complaint, and seeks the same relief (the Delaware Complaint). On April 12, 2012, the Delaware Complaint was subsequently amended to delete any claim for relief in connection with the 8.75% Convertible Notes. On June 19, 2012, Plaintiff Samuel Pill voluntarily dismissed the Delaware action, without prejudice. On the same date, Plaintiff Pill refiled his complaint in the Supreme Court of the State of New York, County of New York, captioned Samuel Pill v. Cantor Fitzgerald, L.P., CF Group Management, Cantor Fitzgerald & Co., the Company and its directors, Index No. 652126-2012. The two actions filed in New York were consolidated. Defendants filed a motion to dismiss the consolidated action on August 10, 2012, the motion was fully briefed and argued, and the motion to dismiss was granted on September 23, 2013 without prejudice. Thereafter, Plaintiffs filed a motion to reargue on October 15, 2013. The Plaintiff's motion to reargue was denied on March 12, 2014, and a final judgment dismissing the consolidated

action with prejudice was entered on April 21, 2014. On April 24, 2014, Plaintiffs filed a notice of appeal and pre-argument statement. On January 23, 2015, the Plaintiffs-Appellants filed their opening brief on appeal. The Defendants-Respondents filed their opposition brief on March 25, 2015. Plaintiffs-Appellants filed their reply brief on April 3, 2015. On September 24, 2015, a panel of the Appellate Division, First Department, heard oral argument on the appeal. Subsequently, on October 13, 2015, the panel of the Appellate Division, First Department, issued a decision unanimously affirming the decision of the trial court dismissing the complaint in its entirety.

In the ordinary course of business, various legal actions are brought and may be pending against the Company. The Company is also involved, from time to time, in other reviews, investigations and proceedings by governmental and self-regulatory agencies (both formal and informal) regarding the Company's business. Any such actions may result in judgments, settlements, fines, penalties, injunctions or other relief.

Legal reserves are established in accordance with FASB guidance on Accounting for Contingencies, when a material legal liability is both probable and reasonably estimable. Once established, reserves are adjusted when there is more information available or when an event occurs requiring a change. The outcome of such items cannot be determined with certainty. The Company is unable to estimate a possible loss or range of loss in connection with specific matters beyond its current accrual and any other amounts disclosed. Management believes that, based on currently available information, the final outcome of these current pending matters will not have a material adverse effect on the Company's consolidated financial statements and disclosures taken as a whole.

Table of Contents

Letter of Credit Agreements

The Company has irrevocable uncollateralized letters of credit with various banks, where the beneficiaries are clearing organizations through which it transacted, that are used in lieu of margin and deposits with those clearing organizations. As of September 30, 2015, the Company was contingently liable for \$1.1 million under these letters of credit.

Risk and Uncertainties

The Company generates revenues by providing financial intermediary, securities trading and brokerage activities, and commercial real estate services to institutional customers and by executing and, in some cases, clearing transactions for institutional counterparties. Revenues for these services are transaction-based. As a result, revenues could vary based on the transaction volume of global financial and real estate markets. Additionally, financing is sensitive to interest rate fluctuations, which could have an impact on the Company's overall profitability.

Guarantees

The Company provides guarantees to securities clearinghouses and exchanges which meet the definition of a guarantee under FASB interpretations. Under these standard securities clearinghouse and exchange membership agreements, members are required to guarantee, collectively, the performance of other members and, accordingly, if another member becomes unable to satisfy its obligations to the clearinghouse or exchange, all other members would be required to meet the shortfall. In the opinion of management, the Company's liability under these agreements is not quantifiable and could exceed the cash and securities it has posted as collateral. However, the potential of being required to make payments under these arrangements is remote. Accordingly, no contingent liability has been recorded in the Company's unaudited condensed consolidated statements of financial condition for these agreements.

Indemnification

In connection with the sale of eSpeed, the Company has indemnified Nasdaq for amounts over a defined threshold against damages arising from breaches of representations, warranties and covenants. In addition, in connection with the acquisition of GFI, the Company has indemnified the Directors and Officers of GFI. As of September 30, 2015, no contingent liability has been recorded in the Company's unaudited condensed consolidated statements of financial condition for this indemnification, as the potential for being required to make payments under this indemnification is remote.

20. Income Taxes

The Company's unaudited condensed consolidated financial statements include U.S. federal, state and local income taxes on the Company's allocable share of the U.S. results of operations, as well as taxes payable to jurisdictions outside the U.S. In addition, certain of the Company's entities are taxed as U.S. partnerships and are subject to the Unincorporated Business Tax (UBT) in New York City. Therefore, the tax liability or benefit related to the partnership income or loss, except for UBT, rests with the partners (see Note 3 Limited Partnership Interests in BGC Holdings for discussion of partnership interests), rather than the partnership entity. Income taxes are accounted for using the asset and liability method, as prescribed in FASB guidance on Accounting for Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the unaudited condensed consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax

assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is recorded against deferred tax assets if it is deemed more likely than not that those assets will not be realized. As of September 30, 2015, the Company had \$338.2 million of undistributed foreign pre-tax earnings; it is our intention to permanently reinvest them in the Company's foreign operations. It is not practicable to determine the amount of additional tax that may be payable in the event these earnings are repatriated due to the fluctuation of the relative ownership percentages of the foreign subsidiaries between the Company and BGC Holdings. Pursuant to FASB guidance on Accounting for Uncertainty in Income Taxes, the Company provides for uncertain tax positions based upon management's assessment of whether a tax benefit is more likely than not to be sustained upon examination by tax authorities. As of September 30, 2015, the Company had \$8.0 million of unrecognized tax benefits, all of which would affect the Company's effective tax rate if recognized. As of December 31, 2014, there were no unrecognized tax benefits. The increase of uncertain tax benefits is due to acquired positions as a result of the GFI Acquisition. The Company recognizes interest and penalties related to income tax matters in Interest expense and Other expenses, respectively, in the Company's unaudited condensed consolidated statements of operations. As of September 30, 2015, the Company had approximately \$1.3 million of accrued interest related to uncertain tax positions. As of December 31, 2014, there were no accrued interest and penalties related to uncertain tax positions. The increase of accrued interest and penalties related to uncertain tax positions is due to acquired positions as a result of the GFI Acquisition.

21. Regulatory Requirements

Many of the Company's businesses are subject to regulatory restrictions and minimum capital requirements. These regulatory restrictions and capital requirements may restrict the Company's ability to withdraw capital from its subsidiaries.

Certain U.S. subsidiaries of the Company are registered as U.S. broker-dealers or Futures Commissions Merchants subject to Rule 15c3-1 of the SEC and Rule 1.17 of the Commodity Futures Trading Commission, which specify uniform minimum net capital requirements, as defined, for their registrants, and also require a significant part of the registrants' assets be kept in relatively liquid form. As of September 30, 2015, the Company's U.S. subsidiaries had net capital in excess of their minimum capital requirements.

Table of Contents

Certain European subsidiaries of the Company are regulated by the Financial Conduct Authority (the "FCA") and must maintain financial resources (as defined by the FCA) in excess of the total financial resources requirement of the FCA. As of September 30, 2015, the European subsidiaries had financial resources in excess of their requirements.

Certain other subsidiaries of the Company are subject to regulatory and other requirements of the jurisdictions in which they operate.

The regulatory requirements referred to above may restrict the Company's ability to withdraw capital from its regulated subsidiaries. As of September 30, 2015, \$507.2 million of net assets were held by regulated subsidiaries. These subsidiaries had aggregate regulatory net capital, as defined, in excess of the aggregate regulatory requirements, as defined, of \$232.6 million.

22. Segment and Geographic Information

Segment Information

The Company's business segments are determined based on the products and services provided and reflect the manner in which financial information is evaluated by management. The Company's operations consist of two reportable segments, Financial Services and Real Estate Services.

Accordingly, all segment information presented herein reflects the Company's revised segment reporting structure for all periods presented. The Company's Financial Services segment specializes in the brokerage of a broad range of products, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures and structured products. It also provides a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back-office services to a broad range of financial and non-financial institutions. The Company's Real Estate Services segment offers commercial real estate tenants, owners, investors and developers a wide range of services, including leasing and corporate advisory, investment sales and financial services, consulting, project and development management, and property and facilities management.

The Company evaluates the performance and reviews the results of the segments based on each segment's Income (loss) from operations before income taxes.

The amounts shown below for the Financial Services and Real Estate Services segments reflect the amounts that are used by management to allocate resources and assess performance, which is based on each segment's Income (loss) from operations before income taxes. In addition to the two business segments, the tables below include a Corporate Items category. Corporate revenues include fees from related parties and interest income as well as gains that are not considered part of the Company's ordinary, ongoing business such as the realized gain related to the GFI shares owned by the Company prior to the completion of the tender offer to acquire GFI on February 26, 2015. Corporate expenses include non-cash compensation expenses (such as the grant of exchangeability to limited partnership units; redemption/exchange of partnership units, issuance of restricted shares and a reserve on compensation-related partnership loans; and allocations of net income to limited partnership units and FPU) as well as unallocated expenses such as certain professional and consulting fees, executive compensation and interest expense, which are managed separately at the corporate level.

Certain financial information for the Company's segments is presented below. Certain reclassification have been made to previously reported amounts to conform to the current presentation. See Note 16 Goodwill and Other Intangible Assets, Net, for goodwill by reportable segment.

Third Quarter 2015 Dividend

On October 27, 2015, the Company's Board of Directors declared a quarterly cash dividend of \$0.14 per share for the third quarter of 2015, payable on December 4, 2015 to Class A and Class B common stockholders of record as of November 20, 2015.

Eleventh Amendment to the Partnership Agreement

On November 4, 2015, partners of BGC Holdings approved the Eleventh Amendment to the Agreement of Limited Partnership of BGC Holdings (the "Eleventh Amendment") effective as of October 1, 2015. In order to facilitate partner compensation and for other corporate purposes the Eleventh Amendment creates five new classes of non-distributing partnership units ("N Units"), which are Working Partner Units. These new N Units carry the same name as the underlying unit with the insertion of an additional "N" to designate them as the N Unit type and are designated as NREUs, NPREUs, NLPUs, NPLPUs and NPPSUs.

The N Units are not entitled to participate in Partnership distributions, will not be allocated any items of profit or loss and may not be made exchangeable into shares of the Company's Class A common stock. At a particular vesting date, the N Units are expected to be exchanged for the underlying unit type (i.e. an NREU will be exchanged for an REU) and will then participate in Partnership distributions, subject to terms and conditions determined by the General Partner of the Partnership in its sole discretion, including that the recipient continue to provide substantial services to the Company and comply with his or her partnership obligations.

The Eleventh Amendment was approved by the Audit Committee of the Board of Directors and by the full Board of Directors.

Equity Method Investments

The Company was authorized to enter into loans, investments or other credit support arrangements for Aqua (see Note 13 Related Party Transactions); such arrangements are proportionally and on the same terms as similar arrangements between Aqua and Cantor. On October 27, 2015 the Company's Board of Directors and Audit Committee increased the authorized amount by an additional \$4.0 million. The Company has been further authorized to provide counterparty or similar guarantees on behalf of Aqua from time to time, provided that liability for any such guarantees, as well as similar guarantees provided by Cantor, would be shared proportionally with Cantor.

Unit Redemptions and Share Repurchase Program

Our Board of Directors and Audit Committee have authorized repurchases of our Class A common stock and redemptions of BGC Holdings limited partnership interests or other equity interests in our subsidiaries. In February 2014, our Audit Committee authorized such repurchases of stock or units from Cantor employees and partners. On October 27, 2015, our Board of Directors and Audit Committee increased the Company's share repurchase and unit redemption authorization to \$300 million. From time to time, the Company may actively continue to repurchase shares or redeem units.

Supplemental Indenture

On November 4, 2015, GFI, BGC and the Trustee entered into the First Supplemental Indenture supplementing the Indenture and incorporating BGC's guarantee of the Notes (the First Supplemental Indenture).

Registration Statement on Form S-8

The Compensation Committee may grant stock options, stock appreciation rights, deferred stock such as RSUs, bonus stock, performance awards, dividend equivalents and other equity-based awards, including to provide exchange rights for shares of our Class A common stock upon exchange of limited partnership units and founding/working partner units. On June 2, 2015, at our Annual Meeting of Stockholders of the Company, the stockholders approved the Fifth amendment and restatement to the Equity Plan to increase from 300 million to 350 million the aggregate number of shares of Class A common stock of the Company that may be delivered or cash settled pursuant to awards granted during the life of the Equity Plan. On October 2, 2015, the Company filed a Registration Statement on Form S-8 with respect to the additional 50 million shares. As of September 30, 2015, the limit on the aggregate number of shares authorized to be delivered allowed for the grant of future awards relating to 184.0 million shares.

Registration Statement on Form S-3

On October 9, 2015, the Company filed a registration statement on Form S-3 pursuant to which CF&Co may make offers and sales of the Company's 8.125% Senior Notes, 5.375% Senior Notes and Convertible Notes in connection with ongoing market-making transactions which may occur from time to time. Such market-making transactions in these securities may occur in the open market or may be privately negotiated at prevailing market prices at a time of resale or at related or negotiated prices. Neither CF&Co., nor any other of the Company's affiliates, has any obligation to make a market in our securities, and CF&Co. or any such other affiliate may discontinue market-making activities at any time without notice.

Purchase of Limited Partnership Interests

On November 4, 2015, in connection with the redemption by BGC Holdings of an aggregate of 588,356 non-exchangeable founding partner units from founding partners of BGC Holdings for an aggregate consideration of \$2,114,885, Cantor purchased 554,196 exchangeable limited partnership units from BGC Holdings for an aggregate of \$1,933,390 (after offset of a founding partner's \$46,289 debt due to Cantor) in a transaction exempt pursuant to Section 4(2) of the Securities Act. The redemption of the non-exchangeable founding partner units and issuance of an equal number of exchangeable limited partnership units did not change the fully diluted number of shares outstanding. In addition, pursuant to the Sixth Amendment to the BGC Holdings Limited Partnership Agreement, on November 4, 2015, Cantor purchased 1,221,285 exchangeable limited partnership units from BGC Holdings for an aggregate consideration of \$4,639,352 in connection with the grant of exchangeability and exchange of 1,221,285 founding partner units. Such exchangeable limited partnership units are exchangeable by Cantor at any time on a one-for-one basis (subject to adjustment) for shares of Class A common stock of the Company.

RESULTS OF OPERATIONS**

The following discussion of BGC Partners, Inc.'s financial condition and results of operations should be read together with BGC Partners, Inc.'s unaudited condensed consolidated financial statements and notes to those statements, as well as the cautionary statements relating to forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), included elsewhere in this report. When used herein, the terms BGC Partners, BGC, the Company, we, us and our refer to BGC Partners, Inc., including consolidated subsidiaries.

This discussion summarizes the significant factors affecting our results of operations and financial condition during the three and nine months ended September 30, 2015 and 2014. This discussion is provided to increase the understanding of, and should be read in conjunction with, our unaudited condensed consolidated financial statements and the notes thereto included elsewhere in this Report.

OVERVIEW AND BUSINESS ENVIRONMENT

We are a leading global brokerage company servicing the financial and real estate markets through our Financial Services and Real Estate Services businesses. Our Financial Services business specializes in the brokerage of a broad range of products, including fixed income securities, interest rate derivatives, foreign exchange, equities, equity derivatives, credit derivatives, energy and commodity derivatives, and futures. Our Financial Services business also provides a wide range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back-office services to a broad range of financial and non-financial institutions. Our integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or in many markets, fully electronic brokerage services in connection with transactions executed either over-the-counter (OTC) or through an exchange. Through brands including BGC Trader, BGC Market Data, Trayport[®] and FENICS[®], we offer financial technology solutions, market data, and analytics related to select financial instruments and markets.

We entered into the commercial real estate business in October 2011 with the acquisition of Newmark & Company Real Estate, Inc. (Newmark), a leading U.S. commercial real estate brokerage and advisory firm primarily serving corporate and institutional clients. Newmark was founded in 1929 in New York City. In 2000, Newmark embarked upon a national expansion and in 2006 entered into an agreement with London-based Knight Frank to operate jointly in the Americas as Newmark Knight Frank. In the second quarter of 2012, we completed the acquisition of substantially all of the assets of Grubb & Ellis Company and its direct and indirect subsidiaries, which we refer to as Grubb & Ellis. Grubb & Ellis was formed in 1958 and built a full-service national commercial real estate platform of property management, facilities management and brokerage services. We have completed the integration of Grubb & Ellis with Newmark Knight Frank to form the resulting brand, Newmark Grubb Knight Frank (NGKF). NGKF is a full-service commercial real estate platform that comprises our Real Estate Services segment, offering commercial real estate tenants, owners, investors and developers a wide range of services, including leasing and corporate advisory, investment sales and financial services, consulting, project and development management, and property and facilities management.

Our customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments, corporations, property owners, real estate developers and investment firms. We have offices in dozens of major markets, including New York and London, as well as in Atlanta, Beijing, Bogota, Boston, Brussels, Buenos Aires, Cape Town, Charlotte, Chicago, Copenhagen, Dallas, Denver, Dubai, Dublin, Hong Kong, Houston,

Istanbul, Johannesburg, Lima, Los Angeles, Madrid, Mexico City, Miami, Moscow, Nyon, Paris, Philadelphia, Rio de Janeiro, San Francisco, Santa Clara, Santiago, São Paulo, Seoul, Shanghai, Singapore, Sydney, Tel Aviv, Tokyo, Toronto, Washington, D.C. and Zurich.

We remain confident in our future growth prospects as we continue to increase the scale and depth of our Financial Services and Real Estate Services platforms and continue to seek market driven opportunities to expand our business in numerous financial asset classes. This was exemplified by the successful completion of our tender offer for the majority of GFI's outstanding common shares. Beginning on March 2, 2015, BGC began consolidating the results of GFI, which continues to operate as a controlled company and as a separately branded division of BGC. We also completed the purchase of remaining Apartment Realty Advisers (ARA) members, Computerized Facility Integration (CFI), and Excess Space during the first nine months of this year. By adding these leading companies to our platform, we have greatly broadened the scope and depth of services we can provide to our clients across our consolidated business. We have continued to make key hires around the world and integrate other recent acquisitions onto our global platform. We expect these additions to increase our revenues and earnings per share going forward. These investments underscore BGC's ongoing commitment to make accretive acquisitions and profitable hires.

Successful Completion of Tender Offer to Acquire GFI Group, Inc.

On February 26, 2015, we successfully completed our tender offer to acquire shares of common stock, par value \$0.01 per share (the Shares), of GFI Group Inc. (GFI) for \$6.10 per share in cash and accepted for purchase 54.3 million shares (the Tendered Shares) tendered to us pursuant to our offer (the Offer). The Tendered Shares, together with the 17.1 million shares already owned by us, represented approximately 56% of GFI's outstanding shares at the time. We issued payment for the Tendered Shares on March 4, 2015 in the aggregate amount of \$331.1 million. As part of the tender offer agreement with GFI, BGC Partners became entitled to designate six out of eight directors of the GFI Board of Directors. These designees were appointed to the GFI Board effective February 26, 2015. GFI, along with its Trayport and FENICS brands, is a leading intermediary and provider of trading technologies and support services to the global OTC and listed markets. GFI

serves more than 2,500 institutional clients in operating electronic and hybrid markets for cash and derivative products across multiple asset classes. As of March 2, 2015, GFI operates as a controlled company and as a division of BGC, reporting to Shaun Lynn, President of BGC, and its financial results are consolidated as part of BGC from that date forward. Additionally, BGC and GFI are expected to remain separately branded divisions for the foreseeable future.

Prior to the completion of the tender offer, GFI was a party to a series of agreements, including an Agreement and Plan of Merger (the CME Merger Agreement) and a Purchase Agreement (the IDB Purchase Agreement), each dated as of July 30, 2014, as amended, with CME Group Inc. (CME) and certain of its affiliates, whereby GFI had agreed to merge with and into a wholly owned subsidiary of CME (the CME Merger) and, immediately following such merger, a private consortium of current GFI management would acquire GFI s wholesale brokerage and clearing businesses from CME (such transactions collectively, the CME Transaction). In addition, CME, Jersey Partners, Inc. (JPI), and certain other stockholders of GFI, who at the time collectively controlled approximately 38% of the outstanding shares of the GFI common stock, entered into an agreement, dated as of July 30, 2014 (the Support Agreement), that provided for such stockholders to vote for the CME Transaction and vote against any alternative transaction and that prevented such stockholders from transferring their shares, including by tendering into the tender offer. The CME Merger Agreement and the CME Transaction were terminated on January 30, 2015. The restrictions in the Support Agreement were expected to continue until on or about January 30, 2016.

On April 28, 2015, a subsidiary of BGC purchased from GFI approximately 43.0 million newly issued shares of GFI s common stock (the New Shares) at that date s closing price of \$5.81 per share, for an aggregate purchase price of \$250 million. The purchase price was paid to GFI in the form of a note due on June 19, 2018 that bears an interest rate of LIBOR plus 200 basis points. Due to intercompany eliminations, the New Shares and the note will have no impact on the consolidated balance sheet of BGC. GFI expects that any funds received in payment of the principal of the note would be earmarked for repayment of GFI s existing \$240 million senior notes due July 2018 (the GFI Notes) or potentially be the basis of collateral with respect to the GFI Notes. Following the issuance of the New Shares, BGC owns approximately 67% of GFI s outstanding common stock. During the third quarter of 2015, CME agreed to terminate the restriction prohibiting Messrs. Gooch and Heffron, JPI and certain other stockholders and affiliates of GFI from supporting the full merger of GFI and BGC (the Back-End Mergers). We still plan to complete a full merger of BGC and GFI by the end of January, 2016. Our integration of GFI is progressing well. We remain on target to reduce our Financial Services expense run rate by at least \$50 million a year by the first quarter of 2016, and we continue to expect at least \$40 million in further annualized cost savings by the first quarter of 2017, for a total of at least \$90 million in annual savings.

We believe the combination of BGC and GFI will create a strong and diversified company, well positioned to capture future growth opportunities. Through this combination, we expect to deliver substantial benefits to customers of the combined company, and we expect to become the largest and most profitable wholesale brokerage company. We also believe this is a highly complementary combination, which will result in meaningful economies of scale. While the front office operations will remain separately branded divisions, we plan on integrating the back office, technology, and infrastructure of these two companies in a smart and deliberate way. We expect to reduce our expense run rate by at least \$50 million a year by the first quarter of 2016, and at least \$40 million in further annualized cost savings by the first quarter of 2017, for a total of at least \$90 million in savings, all excluding Trayport. By guaranteeing GFI s debt, we have substantially improved the credit rating of their bonds and lowered future interest payments. We have also been able to free up capital set aside for regulatory and clearing purposes, allowing us to use our balance sheet more efficiently. As the integration of BGC and GFI continues, we expect to generate increased productivity per broker and to continue converting voice and hybrid broking to more profitable fully electronic trading, all of which should lead to increased revenues, profitability and cash flows.

We are near the end of the sales process for Trayport and anticipate completing the transaction before the end of 2015. Numerous serious potential buyers have participated in the process, and we expect the final purchase price to reflect Trayport's growth, high margins, leading technology, and strategic importance in the global energy and commodities markets. Over time, we also expect to receive more than \$700 million (based on the October 27, 2015 closing price) in additional stock from Nasdaq, Inc. (Nasdaq, formerly known as the NASDAQ OMX Group, Inc.) as described below. These expected Nasdaq shares are not reflected on our balance sheet. As these shares are paid, and we complete the sale of Trayport, we expect to have one of the strongest balance sheets in our industry. We expect our earnings to continue to grow as we increase the profitability of GFI, add revenues from our highly profitable fully electronic products, and benefit from the strength of our Real Estate Services business. We anticipate having substantial resources with which to pay dividends, repurchase shares and/or units of BGC, profitably hire, and make accretive acquisitions, all while maintaining or improving our investment grade rating.

Nasdaq Transaction

On June 28, 2013, we completed the sale (the Nasdaq Transaction) of certain assets to Nasdaq, which purchased certain assets and assumed certain liabilities from us and our affiliates, including the eSpeed brand name and various assets comprising the fully electronic portion of our benchmark on-the-run U.S. Treasury brokerage, market data and co-location service businesses (the Purchased Assets or eSpeed), for cash consideration of \$750 million paid at closing, plus an earn-out of up to 14,883,705 shares of Nasdaq common stock to be paid ratably in each of the fifteen years following the closing in which the consolidated gross revenue of Nasdaq is equal to or greater than \$25 million. Through September 30, 2015, we have received 1,984,494 shares of Nasdaq common stock in accordance with the agreement and expect to receive 992,247 shares of Nasdaq common stock in the fourth quarter of 2015 in connection with the current year earn out. The contingent future issuances of Nasdaq common stock are also subject to acceleration upon the occurrence of certain events, including the acquisition by any person of 50% or more of Nasdaq's stock (including by merger), Nasdaq ceasing to hold Purchased Assets representing 50% or more of the aggregate revenue attributable to the Purchased Assets as of the closing, and the sale of all or substantially all of Nasdaq's assets, as well as to certain anti-dilution provisions.

Table of Contents

As a result of the sale of eSpeed, we only sold our on-the-run; benchmark 2-, 3-, 5-, 7-, 10-, and 30-year fully electronic trading platform for U.S. Treasury Notes and Bonds. We continue to offer voice brokerage for on-the-run U.S. Treasuries, as well as across various other products in rates, credit, FX, market data and software solutions. As we continue to focus our efforts on converting voice and hybrid desks to electronic execution, our remaining e-businesses, excluding Trayport, continued to grow their revenues and generated \$60.7 million and \$165.2 million in revenues during the three and nine months ended September 30, 2015, respectively. These revenue figures include intra-company revenue from software and analytics usage of \$12.6 million for the three months ended September 30, 2015 and \$25.6 million for the nine months ended September 30, 2015. Our annualized fully electronic revenues are more than double those of eSpeed, which generated \$48.6 million in revenues for the six months ended June 30, 2013 and was sold in the second quarter of 2013 for \$1.2 billion.

For the purposes of this document and subsequent SEC filings, all of our fully electronic businesses are referred to as FENICS or e-businesses. These offerings include Financial Services segment fully electronic brokerage products, as well as offerings in market data and software solutions across both BGC and GFI. FENICS results do not include the results of Trayport, which are reported separately. Going forward we expect these businesses to become an even more valuable part of BGC as they continue to grow faster than, and be substantially larger than eSpeed ever was for us.

Financial Services:

The financial intermediary sector has been a competitive area that grew over the first half of the past decade due to several factors. One factor was the increasing use of derivatives to manage risk or to take advantage of the anticipated direction of a market by allowing users to protect gains and/or guard against losses in the price of underlying assets without having to buy or sell the underlying assets. Derivatives are often used to mitigate the risks associated with interest rates, equity ownership, changes in the value of foreign currency, credit defaults by corporate and sovereign debtors and changes in the prices of commodity products. For the period from 1998 through 2007, demand from financial institutions, financial services intermediaries and large corporations has increased volumes in the wholesale derivatives market, thereby increasing the business opportunity for financial intermediaries.

Another key factor in the growth of the financial intermediary sector the same timeframe was the increase in the number of new financial products. As market participants and their customers strive to mitigate risk, new types of equity and fixed income securities, futures, options and other financial instruments have been developed. Most of these new securities and derivatives are not immediately ready for more liquid and standardized electronic markets, and generally increase the need for trading and require broker-assisted execution.

In recent years, our Financial Services businesses have faced more challenging market conditions. While our foreign exchange (FX), energy and commodities, and equities and other businesses operated in a generally improved macro environment in recent periods, our credit businesses have continued to face a challenging environment that has been part of a greater industry trend which has been attributed to a number of cyclical factors, including extreme monetary policies by several major central banks including the Federal Reserve, Bank of England, Bank of Japan, and more recently, the European Central Bank. These accommodative monetary policies have resulted in historically low levels of volatility and interest rates across most financial markets. The global credit markets have also faced structural issues such as the higher bank capital requirements under Basel III. Consequently, these factors have contributed to lower trading volumes in our rates and credit asset classes across most geographies in which we operate.

Regulators in the U.S. have finalized most of the new rules across a range of financial marketplaces, including OTC derivatives, as mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). Many of these rules became effective during 2013 and 2014 with ongoing phase-ins anticipated over the course of 2015 and coming years. Legislators and regulators in Europe and the Asia-Pacific region have crafted similar rules,

some of which were implemented beginning in 2014, specifically those falling under the Markets in Financial Instruments Directive II (MiFID II), while others are expected to be implemented in the future.

These OTC-related regulations and proposed rules call for additional pre- and post-trade market transparency, heightened collateral and capital standards, the transacting of certain derivatives using authorized venues, central clearing of most standardized derivatives, specific business conduct standards and the delivery of transaction data to newly designated trade repositories for public dissemination.

BGC Derivative Markets, a subsidiary of the Company, began operating as a Swap Execution Facility (SEF) on October 2, 2013. Since then, mandatory Dodd-Frank Act compliant execution on SEFs by Swap Dealers and Major Swap Participants commenced in February 2014 for a small number of made available to trade products, and a wide range of other rules relating to the execution and clearing of derivative products have been finalized. BGC Derivative Markets has been active across the full range of Required and Permitted Products executed by U.S.-based customers and we anticipate improved derivatives volumes once the international regulatory landscape becomes clearer for our clients that operate globally. In addition, BGC maintains its ownership stake in ELX, a CFTC approved designated contract market (DCM), which is capable of offering Dodd-Frank Act compliant swap trading to eligible market participants.

We believe that our relative competitive position is strong in this changing environment, and that we will gain market share. This is because the new rules not only require OTC market execution venues to maintain robust front-end and back-office IT capabilities and to make large and ongoing technology investments, but also because recent revisions to the execution methodology rules will allow elements of voice brokerage to flourish. We are a leader in both the breadth and scale of our hybrid and fully electronic trading capability, and we expect to outperform our competitors in such an environment.

Table of Contents

Growth Drivers

As a wholesale intermediary, our business is driven primarily by overall industry volumes in the markets in which we broker, the size and productivity of our front-office headcount (including salespeople, brokers and other front-office professionals), regulatory issues and the percentage of our revenues related to fully electronic brokerage.

Below is a brief analysis of the market and industry volumes for some of our financial services products including our overall hybrid and fully electronic trading activities.

Overall Market Volumes and Volatility

Volume is driven by a number of items, including the level of issuance for financial instruments, the price volatility of financial instruments, macro-economic conditions, the creation and adoption of new products, the regulatory environment, and the introduction and adoption of new trading technologies. In general, increased price volatility increases the demand for hedging instruments, including many of the cash and derivative products that we broker.

Rates volumes in particular are influenced by market volatility, which has remained tempered compared to long-term historical averages due to continued quantitative easing undertaken by the various central banks. Quantitative easing entails the central banks buying government securities or other securities in the open market particularly longer-dated instruments in an effort to promote increased lending and liquidity and bring down long-term interest rates. When central banks hold these instruments, they tend not to trade or hedge thus lowering rates volumes across cash and derivatives markets industry-wide. Despite the conclusion of its Quantitative Easing program in the fourth quarter of 2014, the U.S. Federal Reserve still had over \$3.7 trillion worth of long-dated U.S. Treasury and Federal Agency securities as at September 16, 2015, compared with \$1.7 trillion at the beginning of 2011 and zero prior to September 2008. Other major central banks have also greatly increased the amount of longer-dated debt on their balance sheets over the past few years and have indicated that they may continue to do so.

In addition, the G-20 central banks have agreed to implement the Basel III accord. Basel III was drafted with the intention of making banks more stable in the wake of the financial crisis. The accord, which will be phased in over the next few years, will force most large banks in G-20 nations to hold approximately three times as much Tier 1 capital as is required under the previous set of rules. The new capital rules make it more expensive for banks to hold non-sovereign debt assets on their balance sheets, and as a result, analysts say banks have reduced or will reduce their trading activity in corporate and asset-backed fixed income securities as well as in various other OTC cash and derivative instruments. We believe that this has further reduced overall industry volumes in many of the products we trade, particularly in credit.

During the three months ended September 30, 2015, industry volumes were generally mixed year-on-year for the OTC and listed products we broker in rates, credit, FX, equities, energy and commodities. For example, volumes were generally up within equities, energy and commodities, FX futures, and European interest rate futures, while volumes were generally down within U.S. interest rate futures, spot FX, and credit. Below is an expanded discussion of the volume and growth drivers of our various financial services brokerage product categories.

Rates Volumes and Volatility

Our rates business is influenced by a number of factors, including; global sovereign issuances, secondary trading and the hedging of these sovereign debt instruments. While the amount of global sovereign debt outstanding remains high by historical standards, the level of secondary trading and related hedging activity remains muted. For example, according to the Securities Industry and Financial Markets Association (SIFMA), the average daily volume of U.S.

Treasuries amongst primary dealers was flat during the third quarter of 2015 as compared with a year earlier. Additionally, interest rate volumes were down by approximately 9% and 7% at ICE and CME, respectively, and up by 3% at Eurex. In comparison, our fully electronic rates revenues were up by approximately 40% from a year earlier, driven largely by the acquisition of GFI. Overall revenues from rates products were up by approximately 21% during the period to \$113.3 million, primarily driven by the addition of GFI and R.P. Martin.

Our rates revenues are not totally dependent on market volumes and therefore do not always fluctuate consistently with industry metrics. This is largely because our voice, hybrid, and fully electronic desks in rates often have volume discounts built into their price structure, which results in our rates revenues being less volatile than the overall industry volumes.

Overall, analysts and economists expect the absolute level of sovereign debt outstanding to remain at elevated levels for the foreseeable future as governments finance their future deficits and roll over their sizable existing debt. For example, the Organization for Economic Cooperation and Development (OECD) which includes almost all of the advanced and developed economies of the world reported that general government debt as a percentage of GDP will be 71.9% for the entire OECD in 2016. This would represent a slight increase from 71.0% in 2014, but up considerably from the 38.7% figure in 2007. Meanwhile, economists expect that the effects of various forms of quantitative easing will continue to negatively impact financial markets, as economic growth remains weak in most OECD countries. As a result, we expect long-term tailwinds in our rates business from continuing high levels of government debt, but continued near-term headwinds due to the continued accommodative monetary policy of many major central banks.

Table of Contents***Credit Volumes***

The cash portion of our credit business is impacted by the level of global corporate bond issuance, while both the cash and credit derivatives side of this business are impacted by sovereign and corporate issuance. Global credit derivative market turnover has declined due recently enacted rules for the clearing of credit derivatives in the U.S. along with non-uniform regulation across different geographies. In addition, many of our large bank customers continue to reduce their inventory of bonds and other credit products in order to comply with Basel III and other international financial regulations. During the quarter, primary dealer average daily volume for corporate bonds was down by 7% according to Bloomberg. As of September 25, 2015, total dealer gross notional credit derivatives outstanding as reported by SIFMA a reflection of the inter-dealer derivatives market was down by 23% from a year earlier. In comparison, our fully electronic credit revenues were up over 101%, driven largely by the addition of GFI, while overall credit revenues increased by over 27% to \$68.1 million.

Foreign Exchange Volumes and Volatility

Global FX volumes were generally mixed during the third quarter of 2015, as spot FX at Thomson Reuters was down 6%, while FX futures at CME were up 7%. Our fully electronic FX revenues increased approximately 57%, while our overall FX revenues increased by approximately 49% to \$83.7 million, primarily related to the acquisitions of GFI and R.P. Martin, as well as organic growth.

Energy and Commodities

Energy and commodities volumes were generally up during the third quarter 2015, driven by the increased volatility exhibited in global oil and other physical commodity prices. Combined energy and commodity futures volumes at CME were up 23% while energy futures were up 8% at ICE. BGC's energy and commodities revenues were up over 297% to \$54.8 million, largely driven by the acquisitions of GFI and HEAT Energy Group.

Equities and Other Asset Classes

Global equity volumes were generally up during the quarter on the back of increased volatility in equity prices. According to Credit Suisse Equity Research, the average daily volumes of U.S. and European shares traded were up 28% and 42% respectively. Additionally, equity derivatives were up 13% as compared to a year ago. In contrast, our overall revenues from equities and other asset classes increased by over 70% to \$50.4 million, driven by the acquisition of GFI.

Hybrid and Fully Electronic Trading

Historically, technology-based product growth has led to higher margins and greater profits over time for exchanges and wholesale financial intermediaries alike, even if overall company revenues remain consistent. This is largely because fewer employees are needed to process the same volume of trades as trading becomes more automated. Over time, electronification of exchange-traded and OTC markets has also generally led to volumes increasing faster than commissions decline, and thus often to an overall increase in revenues. We have been a pioneer in creating and encouraging hybrid and fully electronic trading, and we continually work with our customers to expand such trading across more asset classes and geographies.

Outside of U.S. Treasuries and spot FX, the banks and broker-dealers that dominate the OTC markets had generally been hesitant in adopting electronically traded products. However, in recent years, hybrid and fully electronic inter-dealer OTC markets for products, including CDS indices, FX options, and most recently interest rate swaps,

have been created as banks and dealers have become more open to electronically traded products and as firms like us have invested in the kinds of technology favored by our customers. Recently enacted and pending regulation in Asia, Europe and the U.S. regarding banking, capital markets, and OTC derivatives is likely to accelerate the adoption of fully electronic trading and we expect to benefit from the new rules regarding OTC derivatives once they are finalized globally. Our understanding is that the rules that have been promulgated or are being discussed will continue to allow for trading through a variety of means, including voice, and we believe the net impact of these rules and the new bank capital requirements will encourage the growth of fully electronic trading for a number of products we broker.

The combination of more market acceptance of hybrid and fully electronic trading and our competitive advantage in terms of technology and experience has contributed to our strong gains in electronically traded products. We continued to invest in hybrid and fully electronic technology broadly across our financial services product categories. We believe with FENICS we will create a financial technology powerhouse.

FENICS revenues, excluding Trayport and including revenues from intra-company software and analytics usage, increased by over 142% to \$60.7 million for the quarter, as compared with \$25.1 million for the quarter ended September 30, 2014. The intra-company revenue from software and analytics usage was \$12.6 million in the current quarter versus none a year earlier. The increase in overall FENICS revenues for the quarter was due to the acquisition of GFI along with the double-digit organic growth from our fully electronic brokerage products, as well as higher market data revenues. We offer electronically traded products on a significant portion of our Financial Services segment's many Financial Services desks. The revenues, profits, and growth of these products are more than double those of eSpeed, which we sold in the second quarter of 2013 for over \$1.2 billion. The financial results and strong momentum of FENICS also compare favorably to other highly valuable electronic trading platforms that are either publicly-traded or that have recently been sold by other companies. We expect the proportion of desks offering electronically traded products to continue to increase as we invest in technology to drive electronic trading over our platform. Over time, we expect the growth of FENICS to further improve this segment's profitability.

Table of Contents***Real Estate Services:***

Our discussion of financial results for Newmark Grubb Knight Frank, NGKF, or Real Estate Services reflects only those businesses owned by us and does not include the results for Knight Frank or for the independently-owned offices that use some variation of the NGKF name in their branding or marketing.

Our Real Estate Services segment continued to show solid growth and generated approximately 40% of our revenues in the quarter-ended September 30, 2015. Real Estate brokerage revenues grew by over 65% year-over-year, which included growth in real estate capital markets of approximately 184% and in leasing and other services of approximately 34%. This growth was primarily driven by the additions of ARA, Cornish & Carey, and Excess Space along with strong double-digit percentage organic growth. While we benefited from positive industry trends, we believe that NGKF continued to gain market share. Our Real Estate management services and other revenues were up by 21%; and overall revenues improved by over 55%. Our acquisitions of Cornish & Carey and ARA are expected to continue to drive future growth of our Real Estate Services business, particularly in the higher margin capital markets brokerage space.

We expect the overall profitability of our Real Estate Services business to increase as we increase its size and scale. However, the pre-tax margins in the segment are also impacted by the mix of revenues generated by NGKF. For example, real estate capital markets, which includes sales, commercial mortgage broking, and other real estate-related financial services, generally has larger transactions that occur with less frequency and more seasonality when compared with leasing advisory. However, real estate capital markets tend to have significantly higher pre-tax margins than NGKF as a whole. Leasing advisory revenues are generally more predictable than revenues from real estate capital markets, while pre-tax earnings margins tend to be more similar to those of the segment as a whole. Property and facilities management, which together are called real estate management services, generally have the most predictable and steady revenues, but with pre-tax earnings margins below those for NGKF as a whole. When management services clients agree to give us exclusive rights to provide real estate services for their facilities or properties, it is for an extended period of time, which provides us with stable and foreseeable sources of brokerage revenues.

Growth Drivers

The key drivers of revenue growth for U.S. commercial real estate brokerage services companies include the overall health of the U.S. economy, including gross domestic product and employment trends in the U.S., which drives demand for various types of commercial leases and purchases; the institutional ownership of commercial real estate as an investible asset class; and the ability to attract and retain talent to our real estate services platform. In addition, in real estate sales, also known as real estate capital markets, growth is driven by the availability of credit to purchasers of and investors in commercial real estate.

Economic Growth in the U.S.

The U.S. economy is believed to have expanded by an annualized rate of 1.5 % during the third quarter of 2015 according to the U.S. Bureau of Economic Analysis' s advance estimate, as compared to an average annual increase of 2.4% for the twelve months ended 2014. Many economists believe that U.S. economic growth faces near-term headwinds with a strong U.S. Dollar and depressed energy prices. However, according to the most recent Bloomberg survey of economists, the consensus is for U.S. GDP to expand by 2.5% in 2015 and 2.6% in 2016. This moderate pace of growth should keep interest rates and inflation low by historical standards.

The Bureau of Labor Statistics preliminarily reported that employers added a monthly average of 167,000 net new payroll jobs during the third quarter, as compared to 237,000 in the prior year period. U.S. employers added 142,000 jobs in September of 2015, versus the trailing twelve month average of 229,000. Despite the return to pre-recession unemployment rates (5.1% as of September 2015), the number of long-term unemployed and the labor force participation rate (the latter of which is near a 38-year low) remain disappointing for many economists, but these indicators are less important to commercial real estate than job creation.

The 10-year Treasury yield ended the third quarter at 2.04%, down from the prior quarter-end, but up from its recent low of 1.68% on February 2, 2015. 10-year Treasury yields have remained well below their 40-year average of approximately 6.6%, in large part due to market expectations that the Federal Open Market Committee (FOMC) will only moderately raise the federal funds rate in the near-term.

The combination of moderate economic growth and low interest rates that has been in place since the recession ended has been a powerful stimulus for commercial real estate, delivering steady absorption of excess space and strong investor demand for the yields available through both direct ownership of assets and publicly traded funds. Steady economic growth and low interest rates helped push vacancy rates down for the office, apartment, retail and industrial markets. Construction activity, though it is ramping up, remains low compared with prior expansion cycles and low relative to demand and absorption, which means that property leasing markets continue to tighten. The exception to this trend is apartments, where construction activity has caught up with, though not yet exceeded demand, keeping vacancies at historic lows. Asking rental rates posted moderate gains across all property types during the Third quarter 2015, propelled by demand for Class A assets in the top submarkets. The following trends drove the commercial real estate market for the third quarter of 2015:

Sustained U.S. employment growth and rising home values have fueled the economy and generated demand for commercial real estate space across all major sectors:

Technology, professional and business services and healthcare continued to power demand for office space. Languishing oil prices continue to pose a challenge for Texas and other energy-dependent markets, but the major Texas metropolitan areas have diversified economies. Even in Houston, the most energy-dependent large Texas metropolitan area, the local economy has downshifted but not gone into reverse;

Table of Contents

E-commerce and supply-chain optimization created tenant and owner-user demand for warehouses and distribution centers;

Apartment rents benefited from sustained job growth, and underlying demographic trends towards urban living amongst two key age groups: millennials and baby boomers; and

Continued corporate employment and earnings growth, combined with increased leisure travel generated demand for hotel room-nights.

Market Statistics

Following the financial crisis of 2007/2008, the U.S. commercial property market saw steep declines in price and activity in 2009. In 2010, the market began to recover, and the U.S commercial property market as a whole has since posted twenty-two consecutive quarters of gains in commercial property prices, as measured by the Commercial Property Price Index, reported by Real Capital Analytics (RCA). Additionally, U.S. commercial real estate sales volumes have increased year-on-year in twenty-three of the last twenty-three quarters, as reported by RCA. If the U.S. economy continues to expand at the moderate pace envisioned by many economists, we would expect this to fuel the continued expansion of demand for commercial real estate.

According to CoStar's Value-Weighted U.S. Composite Index, average prices were up by almost 13% year-over-year for the twelve-months ended August 2015. During the quarter, the dollar volume of significant property sales rose by over 3% above the year ago period according to RCA. In comparison, our real estate capital markets revenue increased approximately 184% year-over-year, primarily due to growth resulting from the acquisitions of ARA and Cornish & Carey in addition to organic growth.

Although overall industry metrics are not necessarily as correlated to our revenues in Real Estate Services as they are in Financial Services, they do provide some indication of the general direction of the business. According to Newmark Grubb Knight Frank Research, the combined average vacancy rate for office, industrial, and retail properties ended the third quarter of 2015 at 8.1%, down from 8.8% a year earlier, marking twenty-two consecutive quarters of improving average vacancy rates. Rents for all property types in the U.S. continued to improve modestly. According to NGKF Research leasing activity during the third quarter 2015 was roughly flat with the year ago period. In comparison, revenues from our leasing and other services business grew by approximately 34%.

LIQUIDITY

See Liquidity and Capital Resources herein for information related to our liquidity and capital resources.

HIRING AND ACQUISITIONS

A key driver of our revenue is front-office headcount. We believe that our strong technology platform and unique partnership structure have enabled us to use both acquisitions and recruiting to profitably increase our front-office staff at a faster rate than our largest competitors since our formation in 2004.

We have invested significantly to capitalize on the current business environment through acquisitions, technology spending and the hiring of new brokers, salespeople and other front-office professionals. The business climate for these acquisitions has been competitive, and it is expected that these conditions will persist for the foreseeable future. We have been able to attract businesses and brokers, salespeople and other front-office professionals to our platform as we believe they recognize that we have the scale, technology, experience and expertise to succeed in the current business environment.

As of September 30, 2015, our front-office headcount was up by 40% year-over-year to 3,845 brokers, salespeople and other front-office professionals. This increase was primarily due in part to the acquisition of GFI, Cornish & Carey, ARA, R.P. Martin, CFI and Excess Space. For the quarter ended September 30, 2015, average revenue generated per front-office employee increased by 5% from a year ago to approximately \$159,000. The increase in overall company revenue per front-office employee was primarily driven by strong performance in our Real Estate Services business. BGC's average revenue per front office employee has historically declined year-over-year for the periods following significant headcount increases, because the additional brokers and salespeople generally achieve significantly higher productivity levels in their second year with the Company. In addition, Cornish & Carey and ARA have traditionally had more pronounced seasonality as compared with the rest of the Company's Real Estate Services business.

The laws and regulations passed or proposed on both sides of the Atlantic concerning OTC trading seem likely to favor increased use of technology by all market participants, and are likely to accelerate the adoption of both hybrid and fully electronic trading. We believe these developments will favor the larger inter-dealer brokers over smaller, non-public inter-dealer brokers, as the smaller ones generally do not have the financial resources to invest the necessary amounts in technology. We believe this will lead to further consolidation in our industry, and thus further allow us to profitably grow our front-office headcount.

Table of Contents

Since 2013, our acquisitions have included Sterling International Brokers Limited, HEAT Energy Group, Remate Lince, Cornish & Carey Commercial, ARA, R.P Martin, GFI, Computerized Facility Integration, and Excess Space Retail Services, Inc. (Excess Space).

During the year ended December 31, 2013, we acquired the business and certain assets of Sterling International Brokers Limited, a London-based financial brokerage firm specializing in Pound Sterling and other major currency transactions.

During 2014 we completed the following acquisitions in our Financial Services business: Remate Lince, the leading Mexican inter-dealer broker focusing on interest rate derivatives and fixed income; HEAT Energy Group, which specializes in East Coast U.S. power brokerage and; R.P. Martin a market-leading interdealer brokerage focusing on European interest rates and foreign exchange products. We also continued to make key hires around the world. We expect these additions to increase to earnings per share going forward. These investments underscore BGC's ongoing commitment to make accretive acquisitions and profitably hire, and we are confident in our ability to utilize our capital to achieve strong revenue and earnings growth going forward.

During 2014 in our Real Estate Services business we completed the acquisition of members of ARA, the nation's largest privately held, multi-housing brokerage and the acquisition of Cornish & Carey, the leading commercial real estate services company in the Bay Area and Silicon Valley. ARA had approximately 100 brokers with offices nationwide and completed more than \$3.3 billion in multi-family sales in the first nine months of 2014. Cornish had over 275 brokers and generated approximately \$135 million in revenues in 2013. Accordingly, we have greatly broadened the scope and depth of services we can provide to our clients in Northern California and across the U.S.

On February 26, 2015, we announced the successful completion of our tender offer for the majority of GFI Group, Inc.'s outstanding common shares. GFI is a leading intermediary in the global OTC and Listed markets, offering an array of sophisticated trading technologies and products and generated over \$880 million in revenues in 2014. The acquisition of GFI represents the largest acquisition in our history. GFI is a controlled company that operates as a separately branded division of BGC. Additionally, BGC has nominated three-fourths of GFI's board of directors. On April 29, 2015, we announced that a subsidiary of BGC purchased from GFI approximately 43.0 million New Shares at that date's closing price of \$5.81 per share, for an aggregate purchase price of \$250 million. The purchase price was paid to GFI in the form of a note due on June 19, 2018 that bears an interest rate of LIBOR plus 200 basis points. Due to intercompany elimination, the New Shares and the note will have no impact on the consolidated balance sheet of BGC. GFI expects that any funds received in payment of the principal of the note would be earmarked for repayment of GFI Notes or potentially be the basis of collateral with respect to the GFI Notes. Following the issuance of the New Shares, BGC owns approximately 67% of GFI's outstanding common stock. We expect the consolidated company to be the world's largest and most profitable wholesale financial brokerage company. A full merger between BGC and GFI is expected to be completed by the end of January 2016.

In addition, we have retained Cantor Fitzgerald & Co. to assist in the sale of Trayport. We are near the end of the sales process for Trayport, and anticipate completing the transaction before the end of 2015. Numerous serious potential buyers have participated in the process, and we expect the final purchase price to reflect Trayport's growth, high margins, leading technology, and strategic importance in the global energy and commodities markets.

On May 20, 2015, we completed the acquisition of Computerized Facility Integration, LLC (CFI). CFI is a premier real estate strategic consulting and systems integration firm that manages over three billion square feet globally for Fortune 500 companies, owner-occupiers, government agencies, healthcare and higher education clients. CFI provides corporate real estate, facilities management, and enterprise asset management information consulting and technology solutions that yield hundreds of millions of dollars in cost-savings for its client base on an annual basis. The

acquisition is expected to complement and drive future growth opportunities within NGKF's Global Corporate Services business and within CFI's extensive client base.

On July 1, 2015, we completed the acquisition of Excess Space. Excess Space is a premier consulting and advisory firm dedicated to real estate disposition and lease restructuring for retailers throughout the US and Canada. It advises some of the nation's leading supermarkets, department stores, banks, drug stores and restaurants since its establishment in 1992, Excess Space has generated an estimated \$4 billion in cost savings for clients. We are confident that the acquisition of Excess Space will enhance our business, strengthen the services within our global Retail platform, and bring value to our clients.

FINANCIAL HIGHLIGHTS

For the three months ended September 30, 2015 we had income from operations before income taxes of \$83.3 million compared to income from operations before income taxes of \$29.9 million in the year earlier period. Our results include the results of GFI for the full quarter. Total revenues for the quarter ended September 30, 2015 increased approximately \$249.1 million to \$685.3 million primarily due to a \$212.3 million increase in brokerage revenues. This significant improvement was driven by the addition of GFI, the ongoing success of NGKF, our Real Estate Services segment and the continued strong double digit growth of our high margin FENICS fully electronic businesses. Total expenses increased approximately \$215.9 million to \$665.5 million primarily due to a \$164.6 million increase in total compensation and employee benefits. Also contributing to the increase was a \$51.3 million increase in total non-compensation expenses. The absolute increase in quarterly expenses was primarily due to the impact of acquisitions. While the front-office operations of GFI and BGC will remain separately branded, we have already begun integrating the support functions, technology, and infrastructure of these two companies. We remain on target to reduce our expense run rate by at least \$50 million a year by the first quarter of 2016, on items including network infrastructure, telephone lines, data centers, vendors, disaster recovery, and interest expense. We continue to expect at least \$40.0 million in further annualized cost savings by the first quarter of 2017, for a total of at least \$90 million in savings all excluding Trayport. This excludes the impact of any potential future acquisitions or net increase in headcount due to hires made going forward. We also expect to increase productivity per broker

Table of Contents

and to continue converting voice and hybrid broking to higher margin fully electronic trading, all of which should lead to increased revenues and profitability. By freeing up duplicative capital set aside for regulatory and clearing purposes in connection with the GFI integration, we will also be able to use our balance sheet more efficiently. We still plan to complete a full merger of BGC and GFI by the end of January, 2016.

Our Real Estate Services business (NGKF) once again had a very strong quarter, as the NGKF brokerage revenues increased by approximately 65%. This significant improvement included an approximately 184% increase in revenues from our higher margin real estate capital markets business and 34% growth from leasing and other services. Our impressive outperformance was driven in part by the additions of Cornish & Carey, ARA, Computerized Facility Integration, and Excess Space. In addition, our Real Estate Services business generated strong double-digit organic growth as we continued to add talented producers, win new business, and benefit from the strong commercial real estate market fundamentals. NGKF's revenues have grown at a compounded annual rate of approximately 32 percent over the last two years ended September 30, 2015. Based on our October 2015 results and strong pipeline of business, we expect our growth to accelerate from this industry-leading pace for calendar year 2015. We expect NGKF to increase its full year revenues by at least 41% to \$1 billion, compared with \$709 million of GAAP revenues in 2014. This growth would easily outpace the analysts' projections for the top-line growth of our publicly traded peers (these peers are; CBRE Group, Inc., Jones Lang LaSalle Incorporated, Colliers International Group Inc., Savills plc, Marcus & Millichap, Inc., and HFF, Inc.; and the estimates are derived from Bloomberg consensus estimates for total revenue growth for each of these companies in FY 2015 as of October 20, 2015).

We are near the end of the sales process for Trayport, and anticipate completing the transaction before the end of 2015. Numerous serious potential buyers have participated in the process, and we expect the final purchase price to reflect Trayport's growth, high margins, leading technology, and strategic importance in the global energy and commodities markets.

We believe that BGC's assets and businesses are independently worth significantly more than what is reflected in our current stock price. Based on recent equity market and M&A multiples, we think that the market is undervaluing both NGFK and FENICS. We also believe that the market has yet to properly value the more than \$700 million in additional Nasdaq stock (based on the October 27, 2015 closing price), we anticipate receiving over time or our expected proceeds from the Trayport sale, neither of which are reflected on our balance sheet. Although no decisions have been made, we are considering a number of options designed to unlock substantial amounts of shareholder value. We also expect our earnings to continue to grow as we increase the profitability of GFI, add revenues from our highly profitable fully electronic products, and benefit from the strength of our Real Estate Services business. We anticipate having substantial resources with which to pay dividends, repurchase shares and/or units of BGC, profitably hire, and make accretive acquisitions, all while maintaining or improving our investment grade rating.

Revenues

Brokerage Revenues

Total brokerage revenues increased by \$212.3 million, or 55.5%, for the three months ended September 30, 2015 as compared to the three months ended September 30, 2014. Commission revenues increased by \$189.8 million, or 57.3%, for the three months ended September 30, 2015 as compared to the three months ended September 30, 2014. Principal transactions revenues increased by \$22.5 million, or 43.9%, for the three months ended September 30, 2015 as compared to the three months ended September 30, 2014.

The increase in brokerage revenues was primarily driven by the addition of GFI, the ongoing success of NGKF, our Real Estate Services segment and the continued strong double digit growth of our high margin FENICS fully electronic businesses.

The increase in rates revenues of \$19.8 million was primarily due to the acquisition of GFI.

Our fully electronic credit revenues increased by \$7.4 million as compared to the three months ended September 30, 2014, and our overall credit revenues increased by 27.1% to \$68.1 million in the three months ended September 30, 2015. This increase was mainly due to our acquisition of GFI.

Our FX revenues were up by 48.9% to \$83.7 million for the three months ended September 30, 2015. This increase was primarily driven by growth across our voice, hybrid, and fully electronic desks most notably in our e-brokered foreign exchange spot and derivative products. Our acquisitions of GFI and RP Martin also contributed to the increase.

Our brokerage revenues from energy and commodities increased \$41.0 million, or 297.4%, to \$54.8 million for the three months ended September 30, 2015. This increase was primarily driven by our acquisition of GFI and organic growth.

Our brokerage revenues from equities and other asset classes increased \$20.8 million, or 70.2%, to \$50.4 million for the three months ended September 30, 2015. This increase was primarily driven by our acquisition of GFI.

Total Real Estate brokerage revenues increased by \$88.7 million for the three months ended September 30, 2015 as compared to the three months ended September 30, 2014. This increase was primarily driven by the additions of Cornish & Carey, ARA, and Excess Space. In addition, our Real Estate Services business generated strong double-digit organic growth.

Leasing and other services revenues increased by \$36.2 million, or 33.7%, to \$143.7 million for the three months ended September 30, 2015 as compared to the prior year period. This increase was primarily driven by strong commercial real estate market fundamentals.

Real estate capital markets revenues increased by \$52.5 million, or 183.8%, to \$81.1 million for the three months ended September 30, 2015 as compared to the prior year period. This increase was primarily driven by the acquisition of ARA.

Real Estate Management Services

Real estate management services revenue increased \$8.4 million for the three months ended September 30, 2015. This increase was primarily driven by our acquisition of CFI.

Fees from Related Parties

Fees from related parties decreased by \$140 thousand, or 2.1%, for the three months ended September 30, 2015 as compared to the three months ended September 30, 2014.

Market Data and Software Solutions

Market data and software solutions revenues increased by \$26.8 million, or 1,129.4%, for the three months ended September 30, 2015 as compared to the three months ended September 30, 2014. The increase was primarily driven by our acquisition of GFI.
