PROXY STATEMENT

General Information

PerkinElmer, Inc., also referred to as we, us, the Company or PerkinElmer, has prepared this proxy statement to provide our shareholders with information pertaining to the matters to be voted on at our annual meeting of shareholders to be held on Tuesday, April 25, 2017 at 8:00 a.m., at our corporate offices, located at 940 Winter Street, Waltham, Massachusetts 02451, and at any adjournment of that meeting. The date of this proxy statement is March 8, 2017, the approximate date on which we first sent or provided the proxy statement and form of proxy to our shareholders.

Our board of directors has fixed the close of business on February 27, 2017 as the record date for determining the shareholders entitled to receive notice of, and to vote their shares at, the meeting. On the record date, there were 109,787,006 shares of our common stock outstanding and entitled to vote. Each share of common stock carries the right to cast one vote on each of the proposals presented for shareholder action, with no cumulative voting.

Your vote is important no matter how many shares you own. Please take the time to vote. Take a moment to read the instructions below. Choose the way to vote that is easiest and most convenient for you, and cast your vote as soon as possible.

If you are the record holder of your shares, meaning that you own your shares in your own name and not through a bank or brokerage firm, you may vote in one of four ways:

(1) *You may vote over the Internet.* If you have Internet access, you may vote your shares from any location in the world by following the Vote by Internet instructions on the enclosed proxy card.

(2) *You may vote by telephone.* You may vote your shares by following the Vote by Telephone instructions on the enclosed proxy card.

(3) *You may vote by mail.* You may vote by completing and signing the proxy card delivered with this proxy statement and promptly mailing it in the enclosed postage-paid envelope. The shares you own will be voted according to your instructions on the proxy card you mail. If you sign and return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our board of directors. The board of directors recommends that you vote FOR Proposal No. 1 to elect eight nominees for director for terms of one year each, FOR Proposal No. 2 to ratify the selection of Deloitte & Touche LLP as PerkinElmer's independent registered public accounting firm for the current fiscal year, and FOR Proposal No. 3 to approve, on a non-binding advisory basis, our executive compensation. For Proposal No. 4 the board recommends that you select, also on a non-binding advisory basis, one year as the frequency of future executive compensation advisory votes.

(4) *You may vote in person.* If you attend the meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the meeting.

Edgar Filing: PERKINELMER INC - Form DEF 14A

You can change your vote and revoke your proxy at any time before the polls close at the meeting by doing any one of the following:

signing another proxy card and either arranging for delivery of that proxy card by mail prior to the start of the meeting, or by delivering that signed proxy card in person at the meeting;

giving our Secretary a written notice before or at the meeting that you want to revoke your proxy; or

voting in person at the meeting.

Your attendance at the meeting alone will not revoke your proxy.

Note that if voting by Internet or telephone, you may change your vote and revoke your proxy up until 11:59 p.m. Eastern Time the day before the meeting by following the [Vote by Internet](#) or [Vote by Telephone](#) instructions, respectively, on the enclosed proxy card.

If the shares you own are held in [street name](#) by a bank, broker or other nominee record holder, which, for convenience, we collectively refer to in this proxy statement as [brokerage firms](#), your brokerage firm, as the

Table of Contents

record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokerage firms also offer the option of providing for voting over the Internet or by telephone, instructions for which, if available, would be provided by your brokerage firm on the vote instruction form that it delivers to you. Under the current rules of the New York Stock Exchange, or NYSE, if you do not give instructions to your brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. The ratification of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal No. 2) is considered to be a discretionary item under the NYSE rules, and your brokerage firm will be able to vote on that item even if it does not receive instructions from you, as long as it holds your shares in its name. The election of directors (Proposal No. 1), the approval of our executive compensation program (Proposal No. 3) and the frequency of future advisory votes on our executive compensation program (Proposal No. 4) are all non-discretionary items. If you return an instruction card to your brokerage firm but do not instruct your brokerage firm on how to vote with respect to these items, your brokerage firm will not vote with respect to the proposal(s) for which you did not give instructions, and your shares will be counted as broker non-votes with respect to those proposals. Broker non-votes are shares that are held in street name by a brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter.

If your shares are held in street name, you must bring an account statement or letter from your brokerage firm showing that you are the beneficial owner of the shares as of the record date (February 27, 2017) in order to be admitted to the meeting on April 25, 2017. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy card from the holder of record.

This proxy is solicited on behalf of our board of directors. We will bear the expenses connected with this proxy solicitation. We expect to pay brokers, nominees, fiduciaries, and other custodians their reasonable expenses for forwarding proxy materials and annual reports to principals and obtaining their voting instructions. We have engaged Georgeson Inc. of New York, New York to assist us in soliciting proxies from brokers, nominees, fiduciaries, and custodians, and will pay Georgeson \$25,000 plus out-of-pocket expenses for its efforts. In addition to the use of the mails, our directors, officers, and employees may, without additional remuneration, solicit proxies in person or by use of other communications media.

We previously mailed to shareholders or are providing with this proxy statement our annual report to shareholders for 2016. The annual report is not part of, or incorporated by reference in, this proxy statement.

Table of Contents

Proposals

The proposals being presented for shareholder action are set forth on your proxy card and are discussed in detail on the following pages. Shares that you have the power to vote that are represented by proxy will be voted at the meeting in accordance with your instructions indicated on the enclosed proxy card or submitted by Internet or telephone.

The first proposal is to elect eight directors for terms of one year each. You may vote for or against each nominee, or may abstain from voting on any nominee, by marking the appropriate box on the proxy card or submitting instructions by Internet or telephone. If you return a proxy card, or submit instructions by Internet or telephone, your shares will be voted as you indicate. **If you sign and return your proxy card or submit instructions by Internet or telephone and make no indication concerning one or more of the nominees, your shares will be voted FOR electing those nominees for whom you made no indication.**

The second proposal is to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year ending December 31, 2017. You may vote for or against this proposal or abstain from voting on this proposal by marking the appropriate box on the proxy card or submitting instructions by Internet or telephone. If you return a proxy card or submit instructions by Internet or telephone, your shares will be voted as you indicate. **If you sign and return your proxy card or submit instructions by Internet or telephone and make no indication concerning this proposal, your shares will be voted FOR the second proposal.**

The third proposal is to approve, by non-binding advisory vote, our executive compensation. You may vote for or against this proposal or abstain from voting on this proposal by marking the appropriate box on the proxy card or submitting instructions by Internet or telephone. If you return a proxy card or submit instructions by Internet or telephone, your shares will be voted as you indicate. **If you sign and return your proxy card or submit instructions by Internet or telephone and make no indication concerning this proposal, your shares will be voted FOR the third proposal.**

The fourth proposal seeks a non-binding advisory vote from our shareholders as to the frequency with which shareholders would have an opportunity to provide an advisory approval of our executive compensation program in the future. The proxy card provides you with the opportunity to select a frequency of one, two or three years, or abstain. **If you sign and return your proxy card and make no indication on the proxy card concerning this proposal, your shares will be voted for ONE YEAR .**

Our management does not anticipate a vote on any other proposal at the meeting. Under Massachusetts law, where we are incorporated, only matters included in the notice of the meeting may be brought before our shareholders at a meeting. If, however, another proposal is properly brought before the meeting, your shares will be voted in accordance with the discretion of the named proxies.

Votes Required

A majority in interest of all PerkinElmer common stock issued, outstanding and entitled to vote on each proposal being submitted for shareholder action at the meeting constitutes a quorum with respect to that proposal. Shares of common stock represented by executed proxies received by us will be counted for purposes of establishing a quorum, regardless of how or whether those shares are voted on the proposal. Therefore, abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the meeting for that proposal.

Edgar Filing: PERKINELMER INC - Form DEF 14A

For a nominee to be elected as a director pursuant to Proposal No. 1, more votes must be cast for such nominee's election than against such nominee's election. For the ratification of our independent registered public accounting firm pursuant to Proposal No. 2, the majority of the votes cast on Proposal No. 2 must be cast for the ratification. For the approval, by non-binding vote, of our executive compensation program pursuant to Proposal No. 3, the majority of the votes cast on Proposal No. 3 must be cast in favor of the executive compensation program. Shares abstaining and broker non-votes, if any, will not be counted as votes for or against, and as a result will have no effect on voting on these proposals, other than for purposes of establishing a quorum.

Table of Contents

Note that for Proposal No. 4 regarding the frequency of future executive compensation advisory votes, if none of the three choices receives the majority of votes cast, we will consider the frequency receiving the greatest number of votes (every one, two or three years) to be the frequency recommended by shareholders, even if the frequency selected receives less than a majority of the votes cast on that proposal. Shares abstaining and broker non-votes, if any, will not be counted as votes cast in favor of any frequency and as a result will have no effect on that proposal.

Although the advisory votes on Proposal No. 3 and Proposal No. 4 are non-binding, as provided by law, our board values shareholders' opinions and will take the results of the votes into account when considering any changes to our executive compensation program and the frequency of future advisory votes on executive compensation.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our charter and By-laws provide that the shareholders or the board of directors will determine the number of directors to serve on our board as not fewer than three nor more than thirteen. Our nominees for directors are each elected for a one-year term at the annual meeting of shareholders in accordance with our charter and By-laws. We currently have ten directors, all of whose terms expire at this meeting. Our directors have voted to reduce the size of our board to eight members, effective as of the 2017 annual meeting of shareholders. Dr. Vicki L Sato and Mr. Kenton J. Sicchitano will not be standing for re-election to our board of directors at the 2017 annual meeting of shareholders.

Our board of directors, upon the recommendation of its nominating and corporate governance committee, has nominated the following persons for election as directors for one-year terms, each expiring at the annual meeting of shareholders to be held in 2018. All of the nominees are currently directors of PerkinElmer and, except for Mr. Chapin and Dr. Witney, were elected by our shareholders at the 2016 annual meeting. Our board of directors elected Dr. Witney to serve as a director in July 2016 and elected Mr. Chapin to serve as a director in October 2016.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR
ELECTING EACH OF THE EIGHT NOMINEES NAMED ABOVE FOR TERMS OF ONE YEAR EACH.**

The persons named as proxies on the proxy card will vote shares represented by a proxy for the election of the eight nominees for terms of one year each, unless the shareholder instructs otherwise on their proxy card. Our board of directors knows of no reason why any nominee should be unable or unwilling to serve. However, if that becomes the case, the persons named as proxies on the proxy card may vote to elect a substitute. In no event will shares represented by proxies be voted for more than eight nominees.

To apprise you of their qualifications to serve as directors, we include the following information concerning each of the director nominees. The qualifications presented include information each nominee has provided to us regarding age, current positions held, principal occupation and business experience for the past five years, as well as the names of other publicly held companies of which the nominee currently serves as a director or has served as a director during the past five years. In addition to the information presented regarding each nominee's specific experience, qualifications, attributes and skills that led the nominating and corporate governance committee to recommend that our board nominate these individuals, our board believes that all of the nominees have a reputation for honesty, integrity and adherence to high ethical standards. The nominating and corporate governance committee also believes that the nominees possess the willingness to engage management and each other in a positive and collaborative fashion, and are prepared to make the significant commitment of time and energy to serve on our board and its committees.

**INFORMATION RELATING TO OUR BOARD OF DIRECTORS
AND ITS COMMITTEES**

Determination of Independence

Our common stock is listed on the New York Stock Exchange. Under current NYSE rules, a director of PerkinElmer qualifies as independent only if our board of directors affirmatively determines that the director has no material relationship with PerkinElmer, either directly or as a partner, shareholder or officer of an organization that has a relationship with PerkinElmer. Our board of directors evaluates the independence of our directors on an annual basis. In evaluating potentially material relationships, our board considers commercial, industrial, banking, counseling, legal, accounting, charitable and familial relationships, among others. Our board of directors has determined that none of Messrs. Barrett, Chapin, Lopardo, Michas, Sicchitano or Sullivan, or Drs. Grégoire, Sato or Witney, has a material relationship with PerkinElmer, and also that each of these directors is independent as determined under Section 303A.02(b) of the NYSE Listed Company Manual.

Director Candidates

Our shareholders may recommend director candidates for inclusion by the board of directors in the slate of nominees the board recommends to our shareholders for election. The qualifications of recommended candidates will be reviewed by the nominating and corporate governance committee. If the board determines to nominate a shareholder-recommended candidate and recommends his or her election as a director by the shareholders, the name will be included on our proxy card for the shareholders meeting at which his or her election is recommended.

Shareholders may recommend individuals for the nominating and corporate governance committee to consider as potential director candidates by submitting their names, together with appropriate biographical information and background materials, and a statement as to whether the shareholder or group of shareholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made. Materials should be mailed to the PerkinElmer Nominating and Corporate Governance Committee c/o Office of the General Counsel, PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451. The nominating and corporate governance committee will consider a proposed director candidate only if appropriate biographical information and background material are provided on a timely basis. The process followed by the nominating and corporate governance committee to identify and evaluate candidates may include requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the nominating and corporate governance committee and the board of directors. Assuming that appropriate biographical and background material are provided for candidates recommended by shareholders, the nominating and corporate governance committee will evaluate those candidates by following substantially the same process as outlined above, and applying substantially the same criteria, as for candidates submitted by board members.

Shareholders also have the right under our By-laws to nominate director candidates directly, without any action or recommendation on the part of the nominating and corporate governance committee or our board, by following the process for shareholder proposals for election of directors set forth in our By-laws and discussed in Shareholder Proposals for 2018 Annual Meeting of Shareholders, below. Candidates nominated by shareholders in accordance with these procedures will not be included in our proxy card for the shareholder meeting at which his or her nomination is recommended.

In addition, on July 27, 2016 our board of directors amended our By-laws to implement a proxy access procedure for shareholder director nominations. Under this procedure a shareholder, or group of up to 20 shareholders, who have owned continuously for at least three years a

Edgar Filing: PERKINELMER INC - Form DEF 14A

number of our shares that constitutes at least 3% of the voting power of our outstanding shares, may nominate and include in our proxy materials director nominees constituting up to the greater of two individuals or 20% of our board of directors, provided that the shareholder(s) and the nominee(s) satisfy the requirements specified in our By-laws and we are provided in a timely manner with notice of such nomination as specified in our By-laws. The applicable dates for timely notice for such nominations for our 2018 annual meeting of shareholders are discussed in Shareholder Proposals for 2018 Annual Meeting of Shareholders, below.

Criteria and Diversity

In considering whether to recommend any candidate for inclusion in the board of directors' slate of recommended director nominees, including candidates recommended by shareholders, the nominating and corporate governance committee will apply the criteria set forth in PerkinElmer's corporate governance guidelines and such other factors as the committee deems appropriate. These criteria include the candidate's experience, skills, and independence. In evaluating a candidate's experience and skills, the nominating and corporate governance committee may also consider qualities such as an understanding of technologies, marketing, finance, regulation and public policy, and international issues. In evaluating a candidate's independence, the nominating and corporate governance committee will consider the applicable independence standards of the NYSE and the Securities and Exchange Commission. The nominating and corporate governance committee will evaluate each director candidate in the context of the perceived needs of the board, the best interests of PerkinElmer and its shareholders, as well as our corporate governance guidelines which specify that the composition of the board should reflect diversity. Accordingly, the nominating and corporate governance committee seeks nominees with a broad range of experience, professions, skills and backgrounds. The nominating and corporate governance committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow our board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

The nominating and corporate governance committee, as part of its annual assessment of board performance, reviews the diversity of experience, attributes and skills considered necessary for the optimal functioning of the board. The committee reviews the experience, attributes and skills currently represented on the board, as well as those areas where a change could improve the overall quality of our board and the ability of the board to perform its responsibilities. The committee then establishes those areas that could be the focus of a director search, if necessary. The effectiveness of the board's diverse mix of experience, attributes and skills is reviewed as a component of the annual board self-assessment process.

Leadership Structure

Our board of directors selects a Chairman of the board by evaluating the criteria and using a process that the board considers to be in the best interests of the Company and its shareholders, pursuant to our corporate governance guidelines. Our board of directors does not have a fixed policy on whether the Chief Executive Officer and Chairman should be separate positions or whether the Chairman should be an employee or non-employee. Currently, Mr. Friel serves as our Chairman and Chief Executive Officer. Mr. Friel has in-depth knowledge of the issues and opportunities facing the Company, allowing him to effectively develop agendas designed to focus the board's time and attention on the most critical matters, while also leading the discussion of those matters and ultimately the execution of the resulting strategic initiatives. The combined role promotes decisive leadership and clear accountability. Our corporate governance guidelines require that if the Chief Executive Officer is also Chairman, then there should be a Lead Director elected annually by the board from the independent directors. The Chair of the nominating and corporate governance committee leads an annual process for electing a Lead Director. Mr. Michas currently serves as our Lead Director. The primary responsibilities of the Lead Director include communication with the Chief Executive Officer, initiating and chairing meetings of the independent directors, and counseling the Chief Executive Officer and directors as needed. Our board holds executive sessions of the independent directors preceding or following each regularly scheduled board meeting. We believe that the current leadership structure, which combines Mr. Friel's eighteen years of executive experience with the Company in a variety of key leadership roles with Mr. Michas' demonstrated understanding of the role played by boards of directors, allows the Chairman and Chief Executive Officer to set the overall direction of the Company and provide day-to-day leadership, while having the benefit of the Lead Director's counsel and corporate governance experience.

Communications from Shareholders and Other Interested Parties

Our board of directors will give appropriate attention to written communications on issues that are submitted by shareholders and other interested parties, and will respond if and as appropriate.

Shareholders and other interested parties who wish to communicate with our entire board may do so by writing to Robert F. Friel, Chairman, PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451. Shareholders and other interested parties who wish to communicate with our non-management directors should address such communications to Alexis P. Michas, Lead Director, c/o Office of the General Counsel, PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451. Communications will be forwarded to other directors if the communications relate to substantive matters that the Chairman or the Lead Director, as the case may be, in consultation with our General Counsel, considers appropriate for attention by the other directors. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances or matters as to which we tend to receive repetitive or duplicative communications.

Board of Directors Role in Risk Oversight

Our board of directors has an active role in overseeing risks that could affect the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. This oversight is conducted primarily through the audit committee, which has been assigned responsibility for enterprise risk management and reports regularly to our board on such matters. Senior management carries out the functional performance of enterprise risk management activities, with access to external service providers as needed. This process includes periodic reporting by management to the audit committee in order to systematically identify, analyze, prioritize and document potential business risks, their potential impact on the Company's performance, and the Company's ability to detect, manage, control and prevent these risks. When the audit committee receives a report from senior management, the Chair of the audit committee reports on the discussion to the full board during the next board meeting. This enables the board and its committees to coordinate the overall risk oversight role, particularly with respect to risk areas that may potentially impact more than one committee of the board of directors.

In addition to the role our audit committee plays in overseeing enterprise risk management activities, our compensation and benefits committee monitors the design and implementation of our compensation programs to ensure that these programs include the elements needed to motivate employees to take a long-term view of the business and to avoid encouraging unnecessary risk taking. Based on a functional review of our compensation policies and practices as performed by senior management in consultation with our compensation and benefits committee, we do not believe that any risks arising from our employee compensation programs are likely to have a material adverse effect on the Company.

Board of Directors Meetings and Committees

Our board of directors has responsibility for establishing broad corporate policies and for reviewing overall performance, rather than day-to-day operations. The board's primary responsibility is to oversee the management of the Company and, in so doing, serve the best interests of our Company and its shareholders. The board selects, evaluates and provides for the succession of our executive officers. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on PerkinElmer. Management keeps the directors informed of Company activity through regular written reports and presentations at board and committee meetings. The board participates in an annual self-evaluation process.

Edgar Filing: PERKINELMER INC - Form DEF 14A

Our board of directors met eight times in fiscal 2016. During fiscal 2016, each director attended 75% or more of the total combined number of meetings of the board and the committees of which such director was a member. Members of our board of directors are strongly encouraged to attend our annual meeting of shareholders. If attendance in person is not possible, members of the board of directors are strongly encouraged to attend our annual meeting of shareholders via telephone or similar communication equipment. In 2016, all of our directors, with the exception of Dr. Grégoire, attended our annual meeting of shareholders either in person or by telephone.

We may not engage our independent registered public accounting firm to render any audit or non-audit service unless either the service is approved in advance by the audit committee, or the engagement to render the service is entered into pursuant to the audit committee's pre-approval policies and procedures. On an annual basis, the audit committee may pre-approve services that are expected to be provided to PerkinElmer by the independent registered public accounting firm during the following 12 months. At the time such pre-approval is granted, the audit committee must (1) identify the particular pre-approved services in a sufficient level of detail so that our management will not be called upon to make a judgment as to whether a proposed service fits within the pre-approved services and (2) establish a monetary limit with respect to the total pre-approved services, which limit may not be exceeded without obtaining further pre-approval under the policy.

Our management periodically provides the audit committee updates of proposed services for pre-approval. Any additional services which fall outside the scope of the annual service review process require advance approval by the audit committee. The audit committee may delegate to one or more designated members of the committee the authority to grant pre-approvals of permitted services, or classes of permitted services, to be provided by the independent registered public accounting firm. The decisions of a designated member to pre-approve a permitted service are reported to the audit committee at its next regularly scheduled meeting. While controls have been established to identify all services rendered by the independent registered public accounting firm, the audit committee recognizes that there may be some de minimis services provided that, while considered permitted services, may not be identified as non-audit services or reported immediately because of their de minimis nature. Such services may be approved prior to the completion of the audit by either the audit committee, or a designated member of the audit committee.

Certain Relationships and Policies on Related Party Transactions

The nominating and corporate governance committee of our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which PerkinElmer was or is to be a participant, and in which one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), or any entity in which persons listed above, either individually or in the aggregate, has a greater than 10% ownership interest, each of whom we refer to as a related party, has or will have a direct or indirect material interest, as determined by the committee. We refer to these transactions as related party transactions.

The policy calls for any proposed related party transaction to be reviewed and, if deemed appropriate, approved by our nominating and corporate governance committee. Whenever practicable, the review and approval will occur prior to entry into the transaction. If advance approval is not practicable, the committee will review, and, in its discretion, may approve the related party transaction. The policy also permits the Chair of the committee to review and, if deemed appropriate, approve proposed related party transactions that arise between committee meetings, in which case the Chair will report such transactions to the committee at its next meeting. Any related party transactions that are ongoing in nature will be reviewed annually. The committee will review and consider such information regarding the related party transaction as it deems appropriate under the circumstances.

The committee has determined that certain types of transactions, such as those excluded by the instructions to the Securities and Exchange Commission's related person transaction disclosure rule, do not create a material direct or indirect interest on behalf of related parties and, therefore, are not related party transactions for purposes of this policy.

The committee may approve a related party transaction only if the committee determines that, under all of the circumstances, the transaction is in the best interest of PerkinElmer and its shareholders.

Table of Contents**DIRECTOR COMPENSATION**

Directors who are employees of PerkinElmer receive no additional compensation for their services as directors. Our compensation and benefits committee periodically reviews our non-employee director compensation policies with the assistance of the compensation consultant, and makes recommendations to our nominating and corporate governance committee for that committee's proposal to our board. The compensation consultant provides data on director compensation programs at a number of companies identified by the compensation and benefits committee and the compensation consultant as industry peers.

Our director compensation program is designed to provide a competitive level of compensation and to enable PerkinElmer to attract and retain highly-qualified board members. Annual compensation for our non-employee directors consists of a cash retainer and equity compensation. Each of these components for 2016 is shown in the following table and explained further below.

Board Compensation

Our board service year begins on the date of our annual meeting of shareholders. Our non-employee directors are paid the compensation described below for their service during the board service year.

Our compensation and benefits committee periodically reviews and makes recommendations to the nominating and corporate governance committee regarding director compensation and director compensation guidelines. Our director compensation, including annual retainers and equity awards, is therefore subject to adjustment.

Based on a comprehensive analysis of non-employee director compensation at a group of companies identified by the compensation consultant and the compensation and benefits committee as our peers, and following the recommendation of our compensation and benefits and nominating and corporate governance committees, our board approved changes to the non-employee director compensation program effective on April 26, 2016, the date of our 2016 annual meeting of shareholders. These changes are intended to better align our board equity compensation with market practice, which enables us to continue to attract and retain highly qualified board members. The peer companies included in the analysis were the same group used for the evaluation of our executive compensation for fiscal year 2016. Please refer to [Compensation Discussion and Analysis](#) [Compensation Policies](#) [External Market Practices](#) for more information about the peer group. Those changes to our non-employee director compensation program are described below.

Annual Cash Retainer

During 2016, each of our current non-employee directors was paid an annual cash retainer in four quarterly installments. Quarterly cash retainer installments are paid in May, August, November and February, which is the first month of each of the successive three-month periods following the annual meeting of shareholders.

Effective April 26, 2016, the annual cash retainer was increased from \$80,000 to \$90,000. Our non-employee directors as of February 2016, which was prior to the increase, received a quarterly cash retainer of \$20,000. Beginning with the May 2016 payments, non-employee directors serving on our board received quarterly cash retainers of \$22,500.

Our Lead Director and the Chairs of our audit, compensation and benefits and nominating and corporate governance committees are each paid an additional retainer in recognition of the further responsibilities carried by these roles. The additional cash retainers paid for the Lead Director and the Chairs of the compensation and benefits and nominating and corporate governance committees increased effective April 26, 2016 as follows: the annual additional cash retainer for our Lead Director increased from \$25,000 to \$60,000; the annual additional cash retainer for our compensation and benefits committee Chair increased from \$10,000 to \$15,000; and the annual additional cash retainer for our nominating and corporate governance Chair increased from \$10,000 to \$12,000. The annual additional cash retainer of \$25,000 for our audit committee Chair did not change. Our non-employee directors in the Lead Director and committee Chair roles as of February 2016, which was prior to the increase, received additional cash retainers at a quarterly amount based on the amounts in effect prior to the change. Beginning with the May

2016 payments, the additional cash retainers paid reflected the increased amounts.

The cash retainer is prorated to the nearest whole month for non-employee directors who serve for only a portion of the year. The retainer is also prorated for any director who attends fewer than 75% of the aggregate of the meetings of our board and the meetings of committees on which the director is a member. All of our directors fulfilled the meeting requirement in fiscal year 2016.

Table of Contents*Equity Compensation*

Our non-employee directors receive a portion of their annual compensation in the form of equity grants in two parts. A portion of the annual equity compensation is delivered in the form of an award of our common stock. The second portion is delivered in the form of a grant of restricted stock units, or RSUs, which vest 100% on the first anniversary of the date of grant. Prior to fiscal 2015, this second portion of the annual non-employee director equity compensation consisted of a stock option grant which vested in three equal annual installments beginning on the first anniversary of the date of grant. Each component of our non-employee equity compensation program is described in more detail below.

Stock Awards: In 2016, each non-employee director serving on our board on the annual grant date was awarded 1,821 shares of our common stock with a fair market value of \$100,000. The number of shares granted was determined by dividing the grant value by the fair market value of our stock on the date of grant. The granted shares are not subject to restrictions or vesting. We granted these awards on May 10, 2016, the annual grant date, which was the first day of the open trading window following our first quarter earnings release. No changes were made to the annual stock award portion of our non-employee director compensation program during fiscal 2016.

Restricted Stock Units: In 2016, each non-employee director serving on our board on the annual grant date was awarded a grant of RSUs. Each RSU entitles the holder to receive one share of our common stock upon vesting. The number of RSUs granted was determined by dividing the fair market value by the Black-Scholes value of an RSU on the date of grant. Effective April 26, 2016, the fair market value of the annual RSU grant for our non-employee directors was increased from \$55,000 to \$75,000. Each of our non-employee directors serving on the board on the annual grant date of May 10, 2016 was awarded 1,373 RSUs. The annual RSU grant will fully vest on the first anniversary of the date of grant or, if earlier, upon the director's death, disability or qualifying retirement, or the termination of the director's service within 12 months following a change in control.

Stock Options: Our non-employee directors who served on our board prior to fiscal 2016 hold options to purchase shares of our common stock that were granted to them as part of their annual equity compensation in years prior to fiscal 2016. Stock options granted to non-employee directors since 2005 vest in three equal annual installments beginning one year from the grant date, and may be exercised for seven years from the grant date. All options granted to non-employee directors have an exercise price equal to the fair market value of our stock on the date of grant and become exercisable in full upon a change in control. Directors who leave our board have three months after their departure to exercise their vested options, after which the options are cancelled, unless the departure is due to death or disability, in which case the options may be exercised for up to one year, or retirement from our board, in which case options vest 100% and may be exercised for three years after their departure. Directors qualify for retirement for purposes of our stock option awards after attaining both age 55 and ten years of service to the Company as a director.

New Director Compensation

New non-employee directors who serve for only a portion of the board service year receive a cash retainer and annual equity grants prorated to reflect the period he or she is anticipated to serve on our board during that year. Effective April 26, 2016, the initial option to purchase 10,000 shares of our common stock that had previously been granted to new non-employee directors was replaced by an RSU grant representing a prorated portion of the annual non-employee director RSU grant reflecting the period he or she is anticipated to serve on our board during the applicable board service year. In connection with joining our board in July 2016, Dr. Witney received a prorated cash retainer of \$7,500, a prorated stock grant of 1,526 shares, and a prorated grant of 1,150 RSUs. The equity awards were granted to Dr. Witney on August 15, 2016. In connection with joining our board in October 2016, Mr. Chapin received a prorated cash retainer of \$7,500, a prorated stock grant of 1,146 shares, and a prorated grant of 864 RSUs. The equity awards were granted to Mr. Chapin on November 15, 2016.

Deferred Compensation Plan

Non-employee directors have previously been provided with the opportunity to defer receipt of all or a portion of their cash retainer or stock awards into our 2008 Deferred Compensation Plan. In December 2010, the compensation and benefits committee amended this plan to eliminate new deferral elections from participants,

Table of Contents

including deferrals of director cash retainer or stock awards, for plan years beginning January 1, 2011 or later. None of the non-employee directors had an active election to defer compensation during fiscal year 2016, and due to the plan amendment, no new deferral elections will be accepted. For more information about our deferred compensation program, see [Executive Compensation](#) [2015 Non-Qualified Deferred Compensation](#) [Non-Qualified Deferred Compensation Plan](#) below.

Business Travel Accident Insurance

Non-employee directors are provided with \$250,000 of death benefit coverage under PerkinElmer's business travel accident insurance policy which provides coverage while traveling on PerkinElmer business.

Director Stock Ownership Guidelines

Within five years of election to our board, we expect each non-employee director to own PerkinElmer stock with a fair market value equal to at least five times the annual cash retainer. Effective April 26, 2016, this value increased from \$400,000 to \$450,000. Shares held in the deferred compensation plan are counted as owned for purposes of these guidelines. As of February 15, 2017, all of our directors were in compliance with our stock ownership guidelines. See [Beneficial Ownership of Common Stock](#) below for the beneficial stock ownership of our directors.

Changes to Director Compensation

Our compensation and benefits committee periodically reviews and makes recommendations to the nominating and corporate governance committee regarding director compensation and director compensation guidelines. Our director compensation, including annual retainers and stock and option awards, is therefore subject to adjustment.
