ITEM 2.02 Results Of Operations And Financial Condition.

The financial statements approved for inclusion in the Company's Annual Report on Form 10-K for the year ended September 30, 2005 reflect a change from the financial results included in the Company's press release issued on November 7, 2005. The non-cash change reflects a \$1 million increase in current year income caused by a tax expense reduction and a corresponding reduction in capital in excess of par value related to the increase in the Company's deferred tax asset valuation allowance. The amount of the change is equal to tax benefits recorded directly to capital in excess of par value during net operating loss carryforward years related to disqualifying dispositions of incentive stock options. There was no change in total stockholders' equity.

Attached hereto as Exhibit 99.1 is the Consolidated Statements of Operations for the three and twelve month periods ending September 30, 2005 to be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2005, which reflect the change described above and supersede the Consolidated Statements of Operations contained in the press release of November 7, 2005.
