This Information Statement relates to a written consent in lieu of a meeting, dated September 6, 2012, (the "Written Consent") of stockholders of the Company owning at least a majority of the outstanding shares of Common Stock of the Company as of the Record Date (the "Consenting Stockholder").

The Written Consent authorized an amendment of our Certificate of Incorporation (the "Certificate") to increase the Company's total authorized shares of capital stock to 100,000,000 shares, consisting of 99,000,000 shares of common stock and 1,000,000 shares of preferred stock (the "Amendment").

The Written Consent constitutes the consent of a majority of the shares of our capital stock issued and outstanding as of the Record Date, and is sufficient under the Delaware corporation Law and the Company's Certificate of Incorporation to approve the Amendment. Accordingly, the Amendment is not presently being submitted to the Company's other Stockholders for a vote. PLEASE NOTE THAT THIS IS NOT A REQUEST FOR YOUR VOTE OR A PROXY STATEMENT, BUT RATHER AN INFORMATION STATEMENT DESIGNED TO INFORM YOU OF THE AMENDMENT OF OUR CERTIFICATE OF INCORPORATION.

The entire cost of furnishing this Information Statement will be borne by the Company. We will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of the Common Stock held of record by them.

AUTHORIZATION BY THE BOARD OF DIRECTORS AND THE CONSENTING STOCKHOLDERS

Under the Delaware corporation Law, any action that can be taken at an annual or special meeting of shareholders may be taken without a meeting, without prior notice and without a vote, if the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted consent to such action in writing. The approval of the Amendment requires the affirmative vote or written consent of a majority of the votes entitled to be cast.

On the Record Date, we had 18,612,381 shares of Common Stock issued and outstanding, and 90,554.05 shares of Series B Convertible Preferred Stock (the "Preferred Stock") issued and outstanding. Each share of Common Stock is entitled to one vote per share and each share of Series B Convertible Preferred Stock (the "Preferred Stock") is entitled to two hundred and fifty (250) votes per share on any matter which may properly come before the stockholders. Therefore, on the Record Date there was an aggregate of 41,250,830.5 votes entitled to be cast on the Amendment.

On September 6, 2012, our board of directors (the "Board of Directors") unanimously adopted a resolution approving the Amendment and recommended that the stockholders approve the Amendment. In connection with the adoption of these resolutions, the Board of Directors elected to seek the written consent of the holders of a majority of our outstanding shares in order to reduce associated costs and implement the proposals in a timely manner. Pursuant to Section 228 of the Delaware General Corporation Law, the Consenting Stockholder voted in favor of the Amendment in a written consent dated September 6, 2012. The Consenting Stockholder is the record or beneficial owner of 90,554.05 shares of Preferred Stock and 5,300 shares of Common Stock, which constitutes 54.9% of the issued and outstanding votes of Common Stock and Preferred Stock voting as a single group, and was sufficient to approve the Amendment. No consideration was paid for the consent. The Consenting Stockholder's name, affiliation with the Company and beneficial holdings are as follows:

Edgar Filing: SEAWRIGHT HOLDINGS INC - Form PRE 14C

Name	Affiliation	Common Stock	Common Stock Percentage (1)	Preferred Stock	Preferred Stock Percentage (2)

- (1) Based on 18,612,318 shares of Common Stock issued and outstanding on the Record Date.
- (2) Based on 90,554.05 shares of Preferred Stock issued and outstanding on the Record Date.
- (3) Mr. Sens's shares of Common Stock and Preferred Stock are owned by him outright.

Accordingly, the Company has obtained all necessary corporate approvals in connection with the Amendment. The Company is not seeking written consent from any other Stockholders, and the other Stockholders will not be given an opportunity to vote with respect to the actions described in this Information Statement. All necessary corporate approvals have been obtained. This Information Statement is furnished solely for the purposes of advising Stockholders of the action taken by written consent and giving Stockholders notice of such actions taken as required by the Exchange Act.

The Company will, when permissible following the expiration of the 20 day period mandated by Rule 14c-2 and the provisions of the Delaware General Corporation Law, file the Amendment with the Delaware Secretary of State's Office. The Amendment will become effective upon such filing and we anticipate that such filing will occur approximately 20 days after this Information Statement is first mailed to Stockholders.

DESCRIPTION OF THE COMPANY'S CAPITAL STOCK

The Company's authorized capital currently consists of 20,000,000 shares of capital stock, consisting of 19,900,000 shares of Common Stock, par value \$0.001 per share, and 100,000 shares of preferred stock, par value \$0.001 per share.

Common Stock

Each outstanding share of Common Stock entitles the holder thereof to one vote per share on all matters. Common Stockholders do not have preemptive rights to purchase shares in any future issuance of our Common Stock. Upon our liquidation, dissolution or winding up, and after payment of creditors and preferred stockholders, if any, our assets will be divided pro-rata on a share-for-share basis among the holders of the shares of Common Stock.

The holders of shares of our Common Stock are entitled to dividends out of funds legally available when and as declared by our Board of Directors. Our Board of Directors has never declared a dividend and does not anticipate declaring a dividend in the foreseeable future. In the event of our liquidation, dissolution or winding up, holders of our Common Stock are entitled to receive, ratably, the net assets available to stockholders after payment of all creditors.

All of the issued and outstanding shares of our Common Stock are duly authorized, validly issued, fully paid and non-assessable. To the extent that additional shares of our Common Stock are issued, the relative interests of existing Common Stockholders will be diluted.

Preferred Stock

We may issue shares of preferred stock in one or more classes or series within a class as may be determined by our Board of Directors, who may establish the number of shares to be included in each class or series, may fix the designation, powers, preferences and rights of the shares of each such class or series and any qualifications, limitations or restrictions thereof. Any preferred stock so issued by the Board of Directors may rank senior to the common stock with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up of us, or both. Moreover, under certain circumstances, the issuance of preferred stock or the existence of the un-issued

preferred stock might tend to discourage or render more difficult a merger or other change in control.

We have designated all 100,000 shares of our preferred stock for our Series B Convertible Preferred Stock (the Preferred Stock). Each share of Preferred Stock is:

4

- entitled to be paid dividends in an amount equal to the amount of dividends that would be received if the share were converted into Common Stock immediately prior to the record date for any dividend paid on the Common Stock.
- entitled to a liquidation preference equal to the amount original purchase price of the Preferred Stock prior to any distribution on the common stock in any liquidation, dissolution or winding up of the Company.
- entitled to two hundred and fifty votes (250) per share on any matter to which stockholders are entitled to vote.
 - convertible into twenty (20) shares of Common Stock.

Finally, the Company may not (a) increase or decrease the total number of Preferred Shares, (b) issue or obligate itself to issue any other share of capital stock senior to or on a parity with the Preferred Shares, (c) authorize or effect a recapitalization or reclassification of any of the outstanding shares of capital stock of the Company, or (d) redeem or purchase any shares of Common Stock other than the repurchase of Common Stock issued to officers, directors, employees and other service providers upon termination of their employment or services pursuant to agreements providing the Corporation such a right of repurchase with any Preferred Shares are outstanding without first obtaining the approval of a majority of the outstanding Preferred Shares voting as a single class.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information, as of September 6, 2012, with respect to the beneficial ownership of our common stock by (i) all of our directors, (ii) each of our executive officers named in the Summary Compensation Table, (iii) all of our directors and named executive officers as a group, and (iv) all persons known to us to be the beneficial owner of more than five percent (5%) of any class of our voting securities.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class (1)
Joel Sens (2) 600 Cameron Street Alexandria, Virginia 22314	1,816,381	8.9%
All Officers and Directors as a Group	1,816,381	8.9%

(1) Based upon 18,612,318 shares of Common Stock issued and outstanding as of September 6, 2012.

(2) Mr. Sens's ownership consists of 5,300 shares of Common Stock owned outright, and 90,554.05 shares of Preferred Stock, which are presently convertible into 1,811,081 shares of Common Stock.

AMENDMENT TO CERTIFICATE OF INCORPORATION

On September 6, 2012, our Board of Directors approved, subject to receiving the approval of the holders of a majority of the Company's outstanding capital stock, the Amendment to our Certificate of Incorporation, which amends our current Certificate of Incorporation to increase our authorized shares of Capital Stock to 100,000,000 shares, of which 99,000,000 will be Common Stock and 1,000,000 will be Preferred Stock (the "Amendment"). We are presently authorized to issue only 20,000,000 shares of capital stock, of which 19,900,000 shares are Common Stock and 100,000 shares are Preferred Stock. As of the Record Date, we had 18,612,318 shares of Common Stock issued and

outstanding and 90,554.05 shares of Preferred Stock issued and outstanding. The Consenting Stockholder approved the Amendment pursuant to a Written Consent dated as of September 6, 2012.

In 2003, we purchased property containing a natural spring in Mt. Sidney, Virginia, and planned to market our spring water on a retail basis. However, we ultimately determined that we did not have the capital resources to market and distribute our bottled water as a retail brand, and therefore we discontinued that business strategy. Our business strategy is now focused on negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. We also decided to enter the business of owning oil and gas properties, but have not completed the purchase of any such properties to date. However, to enter the oil and gas business we need additional authorized shares, either to issue for capital to acquire oil and gas properties or to issue to sellers of oil and gas properties. We do not know how many shares we will have to issue to raise the capital to complete the acquisition of the oil and gas properties. We do not plan to seek further authorization from shareholders before issuing shares to raise capital to fund the purchase of any acquisition. There will be no effect on the rights of existing security holders from the issuance of shares to fund the acquisition of oil and gas properties other than the dilution of their interest in the Company. However, we need the ability to issue more shares of our Common Stock in order to finance our possible expansion into the oil and gas business.

We also are left with a substantial amount of indebtedness resulting from our failed effort to market our spring water on a retail basis, and we need the ability to issue more shares of our Common Stock to settle our indebtedness. We do not know how many shares we will have to issue to settle our indebtedness, and we do not plan to seek further authorization from shareholders before issuing shares to settle indebtedness. There will be no effect on the rights of existing security holders from the issuance of shares to settle indebtedness other than the dilution of their interest in the Company.

Therefore, the Board of Directors has determined that it is the best interests of the Company to increase the number of authorized shares of common stock by approving the Amendment. The Amendment will increase the number of authorized shares of Common Stock to 99,000,000 and the number of authorized shares of preferred stock to 1,000,000.

No vote of holders of outstanding shares of the Company, other than the Consenting Stockholder, is necessary for approval of the Amendment. It is anticipated that the Amendment will be filed of record and be effective on the 21st day after this Information Statement is first mailed to shareholders. Shareholders will have no dissenters' or appraisal rights with respect to the Amendment.

FINANCIAL STATEMENTS

Audited annual financial statements for the Company for the years ending December 31, 2011 and 2010 and unaudited interim financial statements for the six months ended June 30, 2012 are provided at Exhibits A and B, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

General Overview

In 2003, we purchased property containing a spring located in Mt. Sidney, Virginia in the Shenandoah Valley with the intention of developing a spring water distribution business. The spring has a flow in excess of 1,000,000 gallons of water daily.

We chose to develop and acquire packaging for selling our water under the brand names Seawright Springs and Quibell. We developed two proprietary Polyethylene Terephthalate, or PET, bottles in a 16.9 ounce size and a 33.8 ounce size. In addition, in June 2005 we acquired from Quibell glass bottle designs for various sized bottles (including 237 ml, 385 ml, 750 ml and 1 liter sizes) as well as labels for various sized sparkling water bottles, spring water

bottles and tea bottles (including 237 ml, 385 ml, 750 ml, 1 liter, 1.5 liter and 16.9 ounce bottles).

We ultimately determined that we did not have the capital resources to market and distribute our bottled water as a retail brand, and therefore we discontinued that business strategy. Our business strategy is now focused on negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. The fair value of the intangible assets acquired from Quibell was impaired and reduced to \$0 as of December 31, 2007.

We do not anticipate that our business will require substantial additional capital to the extent it involves the sale of water in bulk from our existing property, because we expect that such sales will be handled by our existing officer. However, we are also considering complimentary acquisitions of other natural resources properties, and will need to raise new capital to complete any acquisitions.

Results of Operations for the Fiscal Years ended December 31, 2011 and 2010

During the years ended December 31, 2010 and 2011, \$0 of revenue was generated from the Mt. Sidney spring from on-site sales. We have discontinued trying to market our bottled water as a retail brand, and have shifted our focus to negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. Because of the change in our business strategy, we do not believe that past revenues are reflective of our future revenues.

From our inception through December 31, 2011, we have incurred an accumulated deficit of \$9,846,663. These losses were associated principally with maintenance and engineering costs associated with the spring site, including testing of water quality, stock issuances to our founders, legal, consulting and accounting fees and costs in connection with the development of our business plan, market research, and the preparation of our registration statement.

We incurred operating expenses of \$494,173 during the year ended December 31, 2010 as compared to \$405,912 of expenses during the year ended December 31, 2011. Expenses for the year ended December 31, 2010 and 2011 are composed principally of salary, legal and accounting fees, and consulting fees. The Company's operations have been further reduced in the year ended December 31, 2011 as compared to the year ended December 31, 2010.

We realized total other income of \$179,051 in the year ended December 31, 2010, as compared to total other expenses of (\$493,389) for the year ended December 31, 2011. Other income for the year ended December 31, 2010 was primarily attributable to a gain of approximately \$786,000 from the settlement of debt, net of interest expenses of approximately \$644,000. Other expenses for the year ended December 31, 2011 was mainly attributable to interest expenses for existing loans.

During the years ended December 31, 2010 and 2011, we incurred net losses of (\$315,122) and (\$899,301), respectively.

Results of Operations for the three and six months ended June 30, 2012 and 2011

Three months ended June 30, 2012 and 2011

During the three months ended June 30, 2012 and 2011, we generated no revenues. We have discontinued trying to market our bottled water as a retail brand, and have shifted our focus to negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. Because of the change in our business strategy, we do not believe that past revenues are reflective of our future revenues.

From our inception through June 30, 2012, we have incurred net losses of \$10,255,466. These losses were associated principally with maintenance and engineering costs associated with the spring site, including testing of water quality, stock issuances to our founders, legal, consulting and accounting fees and costs in connection with the development of our business plan, market research, interest and financing expenses, and the preparation of our registration statements.

We incurred operating expenses of \$102,784 during the three months ended June 30, 2012 as compared to expenses of \$88,393 during the three months ended June 30, 2011. Expenses for the three months ended June 30, 2012 and 2011 are composed principally of salary, legal, accounting, and consulting fees. The increase in the current period as compared to the same period last year was primarily due to increases in professional fees incurred.

We incurred total other expenses of \$79,293 for the three months ended June 30, 2012, as compared to total other expenses of \$93,078 for the three months ended June 30, 2011. Other expense in both periods was mainly attributable to interest and financing expense on borrowed funds. The decrease in interest and financing expenses in the three months ended June 30, 2012 as compared to the same period ended June 30, 2011 was mainly due to approximately \$12,747 debt discount on certain notes.

During the three months ended June 30, 2012 and 2011, we incurred net loss of \$185,343 and \$184,782, respectively.

Six months ended June 30, 2012 and 2011

During the six months ended June 30, 2012 and 2011, we generated no revenues. We have discontinued trying to market our bottled water as a retail brand, and have shifted our focus to negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. Because of the change in our business strategy, we do not believe that past revenues are reflective of our future revenues.

From our inception through June 30, 2012, we have incurred net losses of \$10,255,466. These losses were associated principally with maintenance and engineering costs associated with the spring site, including testing of water quality, stock issuances to our founders, legal, consulting and accounting fees and costs in connection with the development of our business plan, market research, interest and financing expenses, and the preparation of our registration statements.

We incurred operating expenses of \$209,133 during the six months ended June 30, 2012 as compared to expenses of \$188,322 during the six months ended June 30, 2011. Expenses for the six months ended June 30, 2012 and 2011 are composed principally of salary, legal, accounting, and consulting fees. The increase in the current period as compared to the same period last year was primarily due to increases in professional fees incurred.

We incurred total other expenses of \$193,138 for the six months ended June 30, 2012, as compared to total other expenses of \$281,543 for the six months ended June 30, 2011. Other expense in both periods was mainly attributable to interest and financing expense on borrowed funds. However, in the six months ended June 30, 2012, we incurred a net gain of \$23,096 from settlement of debt and accounts payable. The decrease in interest and financing expenses in the six months ended June 30, 2012 as compared to the same period ended June 30, 2011 was mainly due to approximately \$75,000 late charges incurred on January 1, 2011 upon the expiration of forbearance agreements on certain notes.

During the six months ended June 30, 2012 and 2011, we incurred net loss of \$408,803 and \$476,487, respectively.

Liquidity and Sources of Capital

The following table sets forth the major sources and uses of cash for the six months ended June 30, 2012 and 2011:

	Six months ended June 30,	
	2012	2011
Net cash used in operating activities	\$ -	\$ (101,736)
Net cash used in investing activities	-	-
Net cash provided by financing activities	-	101,736
Net increase in cash and cash equivalents	\$ -	\$ -

As of June 30, 2012, we had working capital deficit (total current liabilities in excess of total current assets) of \$3,433,160, no available cash balance, an accounts payable and accrued liabilities balance of \$1,104,261, notes

payable and convertible notes payable of \$2,217,482, other current liabilities of \$50,000, and due to officer of \$61,417. The Company had no bank account at June 30, 2012 and 2011, and all operating costs and expenses were paid directly by officers or lenders.

While we have raised the capital necessary to meet our working capital and financing needs in the past, additional financing is required in order to meet our current and projected cash flow deficits from operations and development. Funds will be needed to meet certain of our obligations that are secured by our property in Mt. Sydney, Virginia, and to fund general and administrative expenses. We have been working on business development in recent years to fund our cash needs from the bulk sale of our spring water, but if we are not able to negotiate a bulk sales agreement in a timely fashion, we will need to raise new capital to fund our cash needs.

If we are not successful in generating sufficient liquidity from operations or in raising sufficient capital resources on terms acceptable to us, this could have a material adverse effect on our business, results of operations, liquidity and financial condition.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Seawright Holdings, Inc.
Arlington, Virginia

We have audited the accompanying consolidated balance sheet of Seawright Holdings, Inc. and its wholly owned subsidiaries (the "Company") (a development stage company) as of December 31, 2011, and the related consolidated statements of operations, shareholders' equity (deficit) and cash flows for the year ended December 31, 2011 and for the period from October 14, 1999 (date of inception) through December 31, 2011. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. The consolidated financial statements of the Company for the period from October 14, 1999 (date of inception) to December 31, 2010 were not audited by us. Those statements were audited by other auditors whose report, dated September 29, 2011, expressed an unqualified opinion on those statements and included an explanatory paragraph regarding the Company's ability to continue as a going concern. The consolidated financial statements for the period from October 14, 1999 (date of inception) to December 31, 2010 reflect a net accumulated deficit of \$8,947,362. Our opinion, insofar as it relates to the amounts included for such prior periods as indicated in the accompanying financial statements for such periods from October 14, 1999 (date of inception) through December 31, 2010, is based solely on the report of such other auditors.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Seawright Holdings, Inc and its wholly owned subsidiaries (a development stage company) as of December 31, 2011, and the results of their operations and their cash flows for the year ended December 31, 2011, and for the period from October 14, 1999 (date of inception) to December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company is in the development stage, and has incurred net losses of \$9,846,663 since inception. In addition, as of December 31, 2011 the Company's current liabilities exceed its current assets by \$3,298,330. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Seawright Holdings, Inc.
Arlington, Virginia

We have audited the accompanying consolidated balance sheets of Seawright Holdings, Inc. and its wholly owned subsidiaries (the "Company"), a development stage company as of December 31, 2010, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for the year ended December 31, 2010 and from October 14, 1999 (date of inception) through December 31, 2010. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We have conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Seawright Holdings, Inc. as of December 31, 2010, and the consolidated results of its operations and its cash flows for each of the year ended December 31, 2010 and the period from October 14, 1999 (date of inception) through December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2 to the accompanying consolidated financial statements, the Company has suffered recurring losses and is experiencing difficulty in generating sufficient cash flow to meet its obligations and sustain its operations, which raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to this matter are described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the presentation of the accompanying financial statements follows:

Seawright Holdings, Inc., (Company) was formed on October 14, 1999 under the laws of the state of Delaware. The Company is a development stage enterprise, as defined by Accounting Standards Codification subtopic 915-10, Development Stage Entities ("ASC 915-10") and is seeking to develop a spring water bottling and distribution business. From its inception through the date of these financial statements, the Company has recognized minimal revenues and has incurred significant operating expenses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through December 31, 2011, the Company has accumulated losses of \$9,846,663.

In March 2008, the President of the Company formed Knox County Minerals, LLC pursuant to the Delaware Limited Liability Company Act and transferred his interest in Knox County Minerals, LLC to Seawright Holdings, Inc., as such the Company became the sole owner of Knox County Mineral, LLC.

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, Seawright Springs LLC and Knox County Minerals, LLC. Significant intercompany transactions have been eliminated in consolidation.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification subtopic 605-10, Revenue Recognition ("ASC 605-10") which requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required. ASC 605-10 incorporates Accounting Standards Codification subtopic 605-25, Multiple-Element Arrangements ("ASC 605-25"). ASC 605-25 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets. To date revenues have been minimal.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

Fair Values

The Company applied Accounting Standards Codification subtopic 820-10, Fair Value Measurements and Disclosures (“ASC 820-10”). ASC 820-10 defines fair value, establishes a framework for measuring fair value, and enhances fair value measurement disclosure. The Company’s short-term financial instruments, including cash, prepaid expenses and other assets and accounts payable, consist primarily of instruments without extended maturities, the fair value of which, based on management’s estimates, reasonably approximate their book value.

SEAWRIGHT HOLDINGS, INC.
(a development stage company)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Property and Equipment

Property and equipment are stated at cost. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less any amount realized from disposition, is reflected in earnings. For financial statement purposes, property and equipment are recorded at cost and depreciated using the straight-line method over their estimated useful lives of 4 to 20 years.

Long-Lived Assets

The Company applies Accounting Standards Codification subtopic 360-10, Property, Plant and Equipment ("ASC 360-10"). ASC 360-10 requires that long-lived assets and certain identifiable intangibles held and used by the Company be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Events relating to recoverability may include significant unfavorable changes in business conditions, recurring losses, or a forecasted inability to achieve break-even operating results over an extended period. The Company evaluates the recoverability of long-lived assets based upon forecasted undiscounted cash flows. Should impairment in value be indicated, the carrying value of intangible assets will be adjusted, based on estimates of future discounted cash flows resulting from the use and ultimate disposition of the asset. ASC 360-10 also requires assets to be disposed of be reported at the lower of the carrying amount or the fair value less costs to sell.

Income Taxes

The Company follows Accounting Standards Codification subtopic 740-10, Income Taxes ("ASC 740-10") which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes primarily relate to debt costs.

Comprehensive Income

The Company does not have any items of comprehensive income in any of the periods presented.

Net Loss per Share

The Company applies Accounting Standards Codification subtopic 260-10, Earnings Per Share ("ASC 260-10") specifying the computation, presentation and disclosure requirements of earnings per share information. Basic loss per share have been calculated based upon the weighted average number of common shares outstanding. The Company excluded 447,219 and 246,395 shares of common stock equivalents, that would be resulted from conversion of convertible debt, or exercise of stock options and warrants, from the diluted loss per share because their effect is anti-dilutive on the computation for the years ended December 31, 2011 and 2010, respectively.

Reliance on Key Personnel and Consultants

Mr. Joel Sens is presently the Company's sole employee and is employed without any formal contract establishing terms of employment or compensation. The Company is therefore dependent upon Mr. Sens, who works for the Company as an at will employee, with respect to the Company's operations and management. If Mr. Sens is unable to devote substantial time and attention to the Company's operations for whatever reason or decides to change his employment, the Company's business will be materially and adversely affected.

Stock based compensation

The Company applies Accounting Standards Codification subtopic 718-10, Compensation (“ASC 718-10”) which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. This statement does not change the accounting guidance for share based payment transactions with parties other than employees provided in ASC 718-10. The Company implemented ASC 718-10 on January 1, 2006 using the modified prospective method.

Segment Information

Accounting Standards Codification subtopic Segment Reporting 280-10 (“ASC 280-10”) establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. ASC 280-10 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions how to allocate resources and assess performance. The information disclosed herein materially represents all of the financial information related to the Company’s one principal operating segment.

Advertising Costs

The Company expenses advertising costs as incurred. The Company incurred advertising expense in the amount of \$-0-, \$-0-, and \$338,136, respectively, for the years ended December 31, 2011 and 2010, and for the period from October 14, 1999 (date of inception) through December 31, 2011.

Use of Estimates

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Intangible Assets

The Company accounts for and reports intangible assets under Accounting Standards Codification subtopic 350-10, Intangibles, Goodwill and Other (“ASC 350-10”). In accordance with ASC 350-10, the Company tests its intangible assets for impairment on an annual basis and when there is reason to suspect that their values have been diminished or impaired. Any write-downs will be included in results from operations.

Reclassifications

Certain reclassifications have been made to prior year’s consolidated financial statements and notes thereto for comparative purposes to conform to current year’s presentation. These reclassifications have no effect on previously reported results of operations.

Recent Accounting Pronouncements

There were various updates recently issued, the adoptions of the updates are not expected to have a material impact on the Company's consolidated financial position, results of operations or cash flows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 2 – GOING CONCERN MATTERS

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying consolidated financial statements during year ended December 31, 2011, the Company incurred a net loss of \$899,301, had accumulated deficit since its inception from October 14, 1999 through December 31, 2011 in the amount of \$9,846,663, and used \$6,237,782 in cash for operating activities from its inception through December 31, 2011. These factors among others indicate that the Company may be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon management's ability to develop profitable operations. Management is devoting substantially all of its efforts to developing its products and services and there can be no assurance that the Company's efforts will be successful. However, the planned principal operations have not commenced and no assurance can be given that management's actions will result in profitable operations or the resolution of its liquidity problems. The Company is also pursuing additional debt or equity financing through discussions with private investors. There can be no assurance that the Company will be successful in its effort to secure additional financing. The accompanying statements do not include any adjustments that might result should the Company be unable to continue as a going concern.

NOTE 3 – PROPERTY AND EQUIPMENT

In October, 2003, the Company acquired approximately 140 acres of land and related improvements in Augusta County, Virginia, in exchange for \$1,000,000, comprised of \$300,000 of cash and a \$700,000 promissory note payable. In June 2005, the Company purchased a parcel of land located approximately 10 miles south of the Augusta County, Virginia location in Staunton, Virginia. The purchased parcel is 33.52 acres which the Company acquired for \$725,000, comprised of \$225,000 of cash and a \$500,000 promissory note payable. The Company anticipates entering the sale of bulk spring water and retail bottling business utilizing the properties' water resources. The Company also completed the purchase of a second Staunton, Virginia property on April 10, 2006. The purchase price for the second property was \$240,000, less a previously made \$10,000 refundable deposit. The Company paid \$90,000 (excluding the \$10,000 refundable deposit made previously) of the remaining purchase price at settlement and financed the remaining \$140,000.

On July 8, 2008, the Company sold part of the land purchased during the years ended December 31, 2005 and 2006 with cost base of \$941,463 for net proceeds of \$2,389,519. This resulted in a net gain of \$1,448,056. In conjunction with the sale of the property, the Company paid off the existing mortgage and other existing notes and related fees in aggregate of \$1,845,135. On September 30, 2009, the Company sold the remaining acres of the land purchased in the years ended December 31, 2005 and 2006 for net proceeds of \$56,477 for a net gain of \$32,940.

Major classes of property and equipment at December 31, 2011 and 2010 consisted of the following:

NOTE 4 – INTANGIBLE ASSETS AND RELATED LIABILITIES

In June 2005, the Company purchased intellectual property including trademarks, service marks, trade dress, trade names, brand names, designs and logos as well as formulas for flavored sparkling waters and teas from a competitor. Under the terms of the agreement, the Company paid a purchase price of \$10,000 with royalties to be paid for the first 4,000,000 cases of bottled water or tea sold under the trademarks. As of the fifth anniversary of the effective date of the purchase, if the Company has not sold 4,000,000 cases of product under the trademark, the seller shall be entitled to a payment of \$50,000 less any royalties previously paid under the agreement. The royalty payable under this intangible was \$50,000 at December 31, 2011 and 2010.

In accordance with ASC 350-10, the Company periodically tests its intangible assets for impairment. On an annual basis, and when there is reason to suspect that their values have been diminished or impaired, these assets are tested for impairment, and write-downs will be included in results from operations. During the year ended December 31, 2007, the Company management performed an evaluation of its intangible assets for purposes of determining the implied fair value of the assets at December 31, 2007. The test indicated that the recorded remaining book value of the intangibles exceeded its fair value at December 31, 2007. As a result, upon completion of the assessment, management recorded a non-cash charge to operations of \$19,529 during the year ended December 31, 2007 to reduce the carrying value to \$0.

NOTE 5 – LAND PURCHASE OPTIONS

On May 6, 2008, the Company's wholly owned subsidiary, Knox County Minerals, LLC ("Knox Minerals"), entered into an Agreement Regarding Option (the "Assignment Agreement") with James R. Golden and John C. Slusher (the "Option Holders"), under which Knox Minerals agreed to acquire the Option Holders' rights under a Real Estate Purchase Option dated August 2, 2004 (the "Original Option Agreement") with Dan D. Stewart and Betsy Stewart (the "Stewarts") regarding certain land owned by the Stewarts in Knox County, Kentucky (the "Knox Land"). At the time the parties entered into the Assignment Agreement, the Option Holders had allegedly exercised their option to acquire the Knox Land under the Original Option Agreement, which was contested by the Stewarts, and the dispute was before the Kentucky Supreme Court.

DECEMBER 31, 2011 AND 2010

NOTE 5 – LAND PURCHASE OPTIONS (Continued)

Under the Assignment Agreement, the parties agreed that the purchase price for the Option Holder's rights under the Original Option Agreement was \$3,000,000. Knox Minerals deposited \$100,000 in escrow, and had 30 days to conduct due diligence to determine whether it wanted to complete the purchase. If Knox Minerals notified the Option Holders that it was declining to complete the purchase within 35 days after the date of the Assignment Agreement, then it was entitled to a full refund of the \$100,000 deposit. If it did not elect to terminate the Assignment Agreement, the \$100,000 deposit was to be paid to the Option Holders, and would be credited against the purchase price. Knox Minerals was obligated to close within 30 days after the end of the due diligence period in the event it did not elect to terminate the Assignment Agreement. The \$100,000 deposit was included in other noncurrent assets of the Company's consolidated balance sheet as of December 31, 2008.

On June 12, 2008, Knox Minerals and the Option Holders entered into a First Amendment to the Assignment Agreement, under which the parties agreed that the due diligence period would be extended to June 30, 2008, and the deadline for Knox Minerals to terminate the Assignment Agreement would be extended to June 30, 2008.

On July 28, 2008, Knox Minerals and the Option Holders entered into a Second Amendment to the Assignment Agreement, under which the parties agreed that the \$100,000 deposit would be paid to the Option Holders and the deposit would be credited against the purchase price, the due diligence period and closing date would be extended to August 14, 2008, and that Knox Minerals had the option to extend the due diligence period to September 2, 2008 provided it notified the Option Holders in writing that it was exercising said option prior to August 14, 2008 and paid the Option Holders an extension fee of \$1,000 for each day the periods were extended. Knox Minerals subsequently exercised its option to extend the due diligence date to September 2, 2008, and paid the Option Holders an extension fee of \$18,000. The extension fees paid were charged to operations during the year ended December 31, 2008.

On August 25, 2008, Knox Minerals and the Option Holders entered into a Third Amendment to the Assignment Agreement, under which the parties agreed that the due diligence period would be extended to September 30, 2008 in consideration for an additional extension fee of \$28,000. The extension fees paid were charged to operations during the year ended December 31, 2008.

On September 30, 2008, Knox Minerals and the Option Holders entered into a Fourth Amendment to the Assignment Agreement, under which the parties agreed that the due diligence period would be extended to October 31, 2008 in consideration for an additional extension fee of \$31,000, that 50% of the extension fee of \$31,000 would be credited against the purchase price, and that Knox Minerals had the option to extend the due diligence period to December 31, 2008 provided it notified the Option Holders in writing that it was exercising said option prior to October 31, 2008 and paid the Option Holders an additional extension fee of \$61,000. The Company paid the extension fees of \$31,000 which extended the option through October 31, 2008, the \$61,000 extension fees was not paid as the Fifth Amendment to the Assignment Agreement was entered into (see below) on October 31, 2008. The Company accounted for \$15,500 (50% of the extension fee of \$31,000 paid) as other noncurrent assets as of December 31, 2008.

On October 31, 2008, Knox Minerals and the Option Holders entered into a Fifth Amendment to the Assignment Agreement, under which the parties agreed that the due diligence date would be extended to January 30, 2009 if Knox Minerals paid an extension fee of \$91,000 within five days, which Knox Minerals paid. The Company charged \$60,000 of this extension fee to operations for the year ended December 31, 2008, and accounted for the remaining

\$31,000 as prepaid expense and included in other current assets of the Company's consolidated balance sheet as of December 31, 2008. The \$31,000 prepaid expense was amortized and charged to operations in January 2009.

NOTE 5 – LAND PURCHASE OPTIONS (Continued)

On January 23, 2009, Knox Minerals and the Option Holders entered into a Sixth Amendment to the Assignment Agreement. Prior to the execution of the Sixth Amendment, on January 10, 2009, the Option Holders acquired the Knox Land from the Stewarts. Under the Sixth Amendment, the parties agreed to increase the purchase price for the Knox Land by the amount the Option Holders paid the Stewarts for the Knox Land. However, the parties also agreed that the total final purchase price would be reduced by \$140,000 as compared to the original purchase price due to the decline in market value of real estate since the time the option agreement was entered into. In addition, the parties agreed that the due diligence date would be extended to February 28, 2009. No additional consideration was required by the Option Holders for this extension. The parties further agreed that if the closing occurred, Knox Minerals would be entitled to a credit against the purchase price of \$155,500. That is, the original agreed deposit of \$100,000, together with credit of \$15,500 (50% of the extension fee of \$31,000 from the Fourth Amendment), and additional credit of \$40,000 the Option Holders granted to Knox Minerals. In addition, certain parts of the Knox Land would be conveyed subject to a 1/32 royalty on any oil and gas produced from the property, or 1% of the gross proceeds paid by a subsequent purchaser of the property. Knox Minerals ultimately did not close on Knox Land by the deadline therefore, and the Assignment Agreement lapsed. The Company wrote off and charged to operations an aggregate of \$115,500 (deposit of \$100,000 from the Assignment Agreement and the \$15,500 of potential credit from the Fourth Amendment) upon the expiration of the Sixth Amendment in the year ended December 31, 2009.

On March 25, 2010, Knox Minerals entered into a Real Estate Purchase Option (the “2010 Option”) with the Option Holders, under which Knox Minerals agreed to pay the Option Holders \$100,000 for an option to purchase the oil and gas (including coal bed methane) rights under the Knox Land for an aggregate price of \$1,575,000. The option period was 120 days, except that Knox Minerals had the right to extend the closing date for four additional 30 day periods upon payment of \$25,000 for each period. Next Generation Media Corp., n/k/a Next Generation Energy Corp. (“NGEC”), loaned the Company \$125,000, of which \$100,000 used by Knox Minerals to make the initial option payment to the Option Holders and the remaining \$25,000 was used to pay a brokerage commission due to a broker who arranged the 2010 Option. NGEC’s loan is evidenced by a promissory note dated March 25, 2010 in the principal amount of \$125,000 that is payable in full with interest at 6% per annum twenty-four months after the date of the note (see Note 7).

On April 16, 2010, Knox Minerals entered into an Assignment and Assumption Agreement with NGEC, under which Knox Minerals assigned all of its right, title and interest under the 2010 Option to NGEC. Under the Assignment and Assumption Agreement, NGEC paid Knox Minerals \$600,000 in the form of a promissory note payable in full in sixty months with interest at 6% per annum. NGEC also agreed to grant Knox Minerals a 9% overriding royalty in the property, and to convey to Knox Minerals one of the parcels covered by the option. NGEC made one extension payment to extend the closing date under the 2010 Option, but did not close and the 2010 Option lapsed by its terms.

Subsequent to the assignment and before the expiration of the 2010 Option to NGEC, the President of the Company, Joel Sens, became a significant shareholder and a director of NGEC.

The Company has not netted the \$125,000 loan from NGEC against NGEC’s \$600,000 promissory note payable to Knox Minerals because the obligations are not mutual obligations that are subject to offset under the law. A note payable of \$125,000 due to NGEC was accounted for in March 2010, however, the Company did not recognize a gain or a note receivable for the \$600,000 promissory note due from NGEC, based on the assessment that NGEC had

limited ability to repay this note and that collection could not be reasonably assured at that time the agreement was entered into. The Company will account for future amounts, if any, that it collects from NGEC as other income only at the time such collection occurs.

Subsequent to the date of the financial statements, the Company received 10,000,000 common shares of NGEC in full settlement of the \$600,000 promissory note, which represents more than 20% of the outstanding shares of NGEC (see Note 17).

Theodore J. Kanakis Loan

On March 30, 2007, Theodore J. Kanakis (“Kanakis”) loaned the Company \$300,000 pursuant to an unsecured promissory note bearing interest at 7% per annum and due July 1, 2008. The Company made partial repayment of this note during the year ended December 31, 2008, with the remaining unpaid principal balance of \$187,530 at December 31, 2008. On January 15, 2010, the Company entered into a settlement agreement with Kanakis with regards to the outstanding loan balance and unpaid accrued interest. In connection with the settlement, the President of Company repaid Kanakis on behalf of the Company with gold coins of his own, with a value of \$105,000 agreed by Kanakis, and the remaining balance was converted to a new promissory note in the amount of \$150,000. The promissory note dated January 15, 2010 was secured by a subordinate lien on real estate of the Company.

The note entitled the Company to satisfy the entire amount due under the note by a payment of \$125,000 on or before March 30, 2010. If the note is not paid by March 30, 2010, interest began to accrue on the note at the rate of 1% per month, with monthly interest payments being due on the 5th day of each month. In addition, note provided that if the price of gold increased by more than 10% from the date of execution of the note, the principal amount due on the note would increase by the same percentage that the price of gold increased. The note was due and payable on December 31, 2010. In addition, Mr. Kanakis granted Mr. Sens an option to purchase 500,000 shares (the “Option Shares”) of the Company’s common stock owned by Mr. Kanakis for \$51,000. The principal amount of the note was adjusted to \$203,235 and \$189,000 as of December 31, 2011 and 2010, respectively, in accordance of the gold price clause. The increase of \$14,535 and \$39,000 in the principal amount during the year ended December 31, 2011 and 2010, respectively, was charged to interest expense.

On January 22, 2011, the Company, Mr. Kanakis and Mr. Sens entered into an agreement, under which Mr. Kanakis agreed to convert the January 15, 2010 note and unpaid accrued interest and fees into 650,000 shares of the Company’s common stock (the “Conversion Shares”). Mr. Kanakis has the right to put the Conversion Shares back to the Company at any time from March 31, 2011 to June 30, 2011 in the event he does not receive total proceeds of \$186,500 from the sale of the Conversion Shares and the Option Shares, in which event the put price for the Conversion Shares shall be the January 15, 2010 note. Mr. Kanakis had sold 100,000 of the Option Shares for \$12,500, and the parties agreed as part of the settlement that he could sell the remaining Option Shares, subject to a limit price of \$0.16 per share. Mr. Kanakis has a potential buyer to purchase the Conversion Shares for \$110,000, and if Mr. Kanakis is not paid by the buyer of the Conversion Shares, he has the right to put his rights and claims against the buyer to the Company in lieu of the Conversion Shares. If Mr. Kanakis is able to sell the remaining Option Shares, but does not sell or receive payment for the Conversion Shares, then Mr. Kanakis may put the Conversion Shares back to the Company for the January 15, 2010 note, in which event the Company shall be entitled to a credit of \$15,000 on the note. To date the 650,000 shares of common stock have not been issued to Mr. Kanakis.

None of the transactions contemplated by the January 22, 2011 agreement were completed. On June 29, 2011, the Company, Mr. Kanakis and Mr. Sens entered into a modification to the January 22, 2011 agreement. Under the modification, Mr. Kanakis agreed that he would sell the remaining Option Shares to an investor identified by Mr. Sens for \$0.18 per share, or \$72,000 by August 15, 2011; provided that he could sell any Option Shares on the open market at a price greater than \$0.18 per share prior to such investor purchasing the Option Shares. The parties also agreed that Mr. Kanakis would sell the Conversion Shares to an investor identified by Mr. Sens for \$110,000 by July 31,

2011. No shares were issued under the June 29, 2011 modification agreement and that agreement has since expired.

The Company is in default under the terms of the note. The Company has identified embedded derivatives related to the convertible promissory note entered into on October 26, 2010. These embedded derivatives included certain conversion features. The accounting treatment of derivative financial instruments requires that the Company record fair value of the derivatives as of the inception date of the convertible promissory note and to fair value as of each subsequent balance sheet date. At the inception of the convertible promissory note, the Company determined a fair value \$38,316 of the embedded derivative. Any change in fair value was recorded as non-operating, non-cash income or expense at each reporting date. If the fair value of the derivatives was higher at the subsequent balance sheet date, the Company recorded a non-operating, non-cash charge. If the fair value of the derivatives was lower at the subsequent balance sheet date, the Company recorded non-operating, non-cash income. The Company recorded a (loss) gain on change in fair value of derivative liability of \$(4,524) and \$37,366 for the years ended December 31, 2011 and 2010, respectively.

As of December 31, 2011 and 2010, there were 14,348,399 shares of common stock issued and outstanding.

Put Agreement

As described above, in April 2004, the Company issued 160,000 shares of its common stock to a shareholder in exchange for previously issued stock options exercised at \$0.5625 per share, for a total of \$90,000. In exchange for the shares, the holder of the options paid \$63,500 in cash, and tendered 5,000 shares of the Company's previously issued Series A preferred stock valued at \$5 per share. The remaining balance of \$1,500 was accounted for as financing expense and was charged to operations during the year ended December 31, 2004.

In October 2004, the Company entered into an agreement (termination agreement) granting the shareholder an option to put the 160,000 shares of common stock to the Company one year from the date of the agreement for \$1.25 per share. The shareholder agreed to cancel 677,500 stock options exercisable at \$0.5625 per share. The Company accounted for the puts and classified the fair value attributable to the put option as an accrued liability, as the puts issued under the termination agreement embody an obligation to repurchase the Company's equity shares which would require the Company to settle the agreement by transferring its assets. The put option was initially measured using Black Scholes pricing model at its fair value of \$170,256 as of the date of the agreement. And the equity was reduced by the original value of the shares, being \$90,000, with the remaining value of \$80,256 being charged to other expense during the year ended December 31, 2004.

In October 2005, the termination agreement and puts expired without being exercised. At the time of expiration, the fair value of the accrued liability attributable to the puts was \$87,984. Accordingly, equity has been increased by the original value of the shares, being \$90,000, with the remaining value of \$2,016 being charged to other expense during the year ended December 31, 2005.

NOTE 10 – STOCKHOLDERS EQUITY (Continued)

The fair value of the Company's common stock at the time the conversion option was granted was below the value of the Preferred Stock if converted. Accordingly, the Company recognized no beneficial conversion feature embedded in the Series A Preferred Stock.

In April 2004, the Company issued 160,000 shares of its common stock to a shareholder in exchange for previously issued stock options exercised at \$0.5625 per share, for a total of \$90,000. In exchange for the shares, the holder of the options paid \$63,500 in cash, and tendered 5,000 shares of the Company's previously issued Series A preferred stock valued at \$5 per share. The remaining balance of \$1,500 was accounted for as financing expenses and was charged to operations during the year ended December 31, 2004. The preferred shares tendered were subsequently cancelled by the Company.

In April 2004, the Company issued an aggregate of 300,000 shares of its restricted common stock to an investor in exchange for \$90,000 of proceeds, net of costs and fees.

Pursuant to the Private Placement Memorandum, the Company was obligated to issue an aggregate of 2,460,000 shares of its common stock, valued at \$1,387,477 net of placement costs attributable to the equity portion of the private placement, to the investors in connection with 984 units sold in the private placement as of December 31, 2004. The Company has issued an aggregate of 2,404,978 shares to the investors at December 31, 2004, and the remaining aggregate of 54,998 shares were issued to the investors in January 2005 (fractional shares of 24 shares of common stock will not be issued). The Company has accounted for the shares not issued at December 31, 2004 as common stock subscription payable in the amount of \$25,581.

In December 2004, the Company's Series A Preferred Stock holders elected to convert an aggregate of 50,000 shares of Preferred Stock into 500,000 shares of the Company's common stock, at a ratio of ten (10) shares of common stock for each share of preferred stock. In December 2006, the Company repurchased 160,000 shares of common stock from a former employee for \$1.25 per share. In accordance with FASB Technical Bulletin 85-6, the amount paid per share was considered to be significantly in excess of the current market price of \$0.51 per share thereby creating a presumption that the purchase price is not attributable to the stock value alone. As such, the excess amount of \$0.74 per share is deemed to be attributable to a severance payment and \$118,400 was charged to compensation expense in 2006. The shares were retired by the Company immediately after repurchase.

During the year ended December 31, 2007, the Company issued an aggregate 243,542 shares of common stock for net cash proceeds of \$341,518. NOTE 11 – RELATED PARTY TRANSACTIONS (Continued)

As of December 31, 2009, the overpayment balance to the Company's President was \$666,947. As described in Note 7, during the year ended December 31, 2010 Mr. Sens allowed Mr. Kanakis to retain a coin collection provided by Mr. Sens, valued at \$105,000, in settlement of the Company's liability due to Mr. Kanakis. In addition, Mr. Sens provided 791,000 shares of the Company's common stock that he personally owned to American Marketing and Capital, Inc. ("AMC") in settlement of \$316,400 of the Company's liability due to AMC (Note 15). Other net advances that Mr. Sens provided to the Company during the year ended December 31, 2010 was \$16,765. In addition, Mr. Sens paid expenses in the amount of \$14,539 on behalf of the Company. The aggregate contribution of \$452,704 to the benefit of the Company was accounted for as repayment of due from officer. As of December 31, 2010, the balance of due to officer was \$214,243.

During the year ended December 31, 2011, the aggregate contribution to the benefit of the Company by Mr. Sens, was \$202,799, which was accounted for as repayment of due from officer. As of December 31, 2011, the repayment of due to officer was \$11,444.

As described in Note 7, the Company's President has guaranteed certain loans to the Company, and/or pledged certain personal property to secure loans to the Company. The President of the Company pledged certain of his personal property including common shares of the Company he owned in connection with certain loan transactions.

As of December 31, 2011 and 2010, the Company was indebted to Next Generation Energy Corp. ("NGEC") for \$125,000 under a promissory note dated March 25, 2010, which note bears interest at 6% per annum and is due 24 months after the date of the note (Note 5 and Note 7). As of December 31, 2011 and 2010, the Company was indebted to NGEC for an aggregate of \$65,000, which loan is non-interest-bearing and due on demand. In May 2010, Mr. Sens became an officer and director of NGEC, and in October 2010 became a significant shareholder of NGEC. Interest expense to related parties for the year ended December 31, 2011 and 2010 was \$7,500 and \$5,774, respectively.

As described in Note 5, on April 16, 2010 Knox Minerals entered into an Assignment and Assumption Agreement with NGEC, under which Knox Minerals assigned all of its right, title and interest under the 2010 Option to NGEC. Under the Assignment and Assumption Agreement, NGEC paid Knox Minerals \$600,000 in the form of a promissory note payable in full in sixty months with interest at 6% per annum. The Company has not netted the \$125,000 loan from NGEC against NGEC's \$600,000 promissory note payable to Knox Minerals because the obligations are not mutual obligations that are subject to offset under the law. Furthermore, the Company did not recognize a gain or a note receivable for the \$600,000 promissory note due from NGEC, based on the assessment that NGEC had limited ability to repay this note and that collection could not be reasonably assured at that time the agreement was entered into. The Company will account for future amounts, if any, that it collects from NGEC as other income only at the time such collection occurs. Subsequent to the date of the financial statements, the Company received 10,000,000 common shares of NGEC in full settlement of the \$600,000 promissory note which represents more than 20% of the outstanding shares of NGEC (see Note 17).

NOTE 13 – INCOME TAXES

The Company has adopted Accounting Standards Codification subtopic 740, Income Taxes which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

The federal and state income tax provision (benefit) for December 31, 2011 and December 31, 2010 consists of the following:

The Company has provided a valuation allowance against the full amount of the deferred tax assets, since in the opinion of management based upon the earnings history of the Company, it is more likely than not that the benefits will not be realized.

As of December 31, 2011, the Company had approximately \$7,151,975 of federal and state loss carryforwards which expire at various dates through fiscal year 2031. As of December 31, 2010, the Company had approximately \$6,305,877 and of federal and state loss carryforwards which expire at various dates through fiscal year 2030.

Due to possible changes in the Company's ownership, the future use of its existing net operating losses may be limited. All or portion of the remaining valuation allowance may be reduced in future years based on an assessment of earnings sufficient to fully utilize these potential tax benefits.

A reconciliation of the U.S. federal statutory income tax rate to the Company's consolidated effective income tax rate is as follows:

The Company complies with the provisions of FASB ASC 740 in accounting for its uncertain tax positions. ASC 740 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under ASC 740, the Company may recognize the tax benefit from an uncertain tax position only if it is more likely that not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Company has determined that the Company has no significant uncertain tax positions requiring recognition under ASC 740.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. The Company had no accruals for interest and penalties at December 31, 2011 and 2010.

The Company does not expect the amount of unrecognized tax benefits to materially change within the next twelve months.

The Company is required to file income tax returns in the U.S. Federal jurisdiction, and in Virginia. The Company has not filed its tax returns since year ended December 31, 2007. All tax years for the Company remain subject to future examinations by the applicable taxing authorities.

NOTE 14 – COMMITMENTS AND CONTINGENCIES

Litigation

As of December 31, 2011, the Company is not a party to any legal proceedings, nor are there any judgments against the Company. However, the Company may be subject to legal proceedings and claims, which arise in the ordinary course of its business. Although occasional adverse decisions or settlements may occur, the Company believes that the final disposition of such matters should not have a material adverse effect on its financial position, results of operations or liquidity.

NOTE 15 – INVESTMENT AGREEMENT AND LINE OF CREDIT

On April 14, 2008, the Company issued a promissory note to American Marketing and Capital, Inc. (“AMC”) in the amount of \$300,000 note. The note was due October 13, 2008 and was secured by certain real estate of the Company and 2,100,000 common shares of the Company personally owned by the President of the Company. On May 16, 2008, the Company modified the previously issued \$300,000 note, adding additional borrowing of \$178,800 with the maturity date of the note remained unchanged. On May 30, 2008, the Company modified again the previously issued

\$300,000 note, adding an additional borrowing of \$166,500, with the maturity date of the note remained unchanged. The note was repaid in full on July 8, 2008 upon sale of real estate property of the Company (see Note 3).

On August 28, 2008, the Company entered into a new revolving line of credit agreement with AMC and issued a Revolving Credit promissory note to AMC in the amount of \$200,000. The note bore interest at 2% per month, and matures on October 27, 2008. The note was secured by all non-real estate assets of the Company, and by 980,000 shares of common stock of the Company owned by Joel Sens. On November 7, 2008, the Company and AMC amended their line of credit agreement to increase the amount that the Company could borrow by \$360,000, to a maximum of \$560,000. The amendment also extended the maturity date of the note to January 6, 2009. Under the amendment, the Company granted AMC a lien on the certain property of the Company located in Augusta County, Virginia to secure the loan, in addition to the collaterals as defined pursuant to the original line of credit agreement dated August 28, 2008. NOTE 15 – INVESTMENT AGREEMENT AND LINE OF CREDIT (Continued)

On May 5, 2010 AMC settled and converted the old outstanding principal amount of \$700,427 together with unpaid accrued interest of \$343,802 into a Convertible Note in the principal amount of \$440,000. The Company recognized gain from settlement of debt in the amount of \$604,229. The Convertible Note was due on October 30, 2010, bore interest at 6% per annum, and was convertible into the Company's common stock at \$0.40 per share. In November 2010, the Company and AMC entered into an agreement under which AMC converted all principal and interest due under the Convertible Note, which was \$466,400, into 1,166,000 shares of the Company's common stock. Of the shares issued to AMC, 375,000 shares were issued by the Company in December 2010 (Note 10) and 791,000 shares were provided by Mr. Sens. The common shares provided by Mr. Sens settled \$316,400 of the Company's liability due to AMC, and was accounted for as contributed capital to the Company (Note 11).

NOTE 16 – FAIR VALUE

ASC 825-10 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. ASC 825-10 establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 825-10 establishes three levels of inputs that may be used to measure fair value:

- A) Market approach—Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;
- B) Cost approach—Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and
- C) Income approach—Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques, and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The Company adopted the provisions of ASC 825-10 prospectively effective as of the beginning of its Fiscal 2008. For financial assets and liabilities included within the scope of ASC 825-10, the Company will be required to adopt the provisions of ASC 825-10 prospectively as of the beginning of Fiscal 2009. The adoption of ASC 825-10 did not have a material impact on our consolidated financial position or results of operations.

The carrying value of the Company's cash and cash equivalents, accounts receivable, accounts payable, short-term borrowings (including convertible notes payable), and other current assets and liabilities approximate fair value because of their short-term maturity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 17 – SUBSEQUENT EVENTS (Continued)

On March 20, 2012, the Company entered into an Assignment Agreement to assign 100% membership interest in Seawright Springs, LLC, a wholly owned subsidiary of the Company with substantially all of the Company's assets to Charter House LLC (the "Assignee") in exchange for an conditional agreement to forbear for a limited time pursuing certain remedies under the terms of the Charter House note in principal aggregate balance of \$618,700 and Pierre L Palian, note (of which Charter House, LLC became the owner on April 4, 2011) of \$375,000 pursuant to the option agreement described above. Both notes are personally guaranteed by the Company's President.. An Escrow Agreement was simultaneously entered into among the parties that the Assignment Agreement is held in escrow and not to release to any party unless and until the Assignee gives written notice of the termination of the Option Agreement between the Assignee and Nova Capital. And in the event that the Optionee pays the entire option price on or before the termination date, the Assignment Agreement will become null and void.

On March 21, 2012, the Company issued 2,800,000 shares of its common stock to Nova Capital, LLC in exchange for \$2,800 of purchased debt, as described above.

Next Generation Energy Corp. Transactions

On March 6, 2012, the Company received 10,000,000 restricted common shares of Next Generation Energy Corp ("NGEC") in full settlement of the \$600,000 promissory note due to the Company in connection with the land purchase option as described in Note 5. The common shares received represents more than 20% of the outstanding shares of NGEC, and are accounted for using the equity method of accounting.

Kanakis Settlement

As of December 31, 2011, the Company had a note payable dated January 15, 2010 due to Theodore Kanakis in the original principal amount of \$150,000, which had a balance due of \$203,235 at December 31, 2011 (see Note 7). On April 30, 2012, the Company and Joel Sens entered into a modification agreement with Theodore Kanakis, under which Mr. Kanakis agreed to try to sell 400,000 shares of common stock of the Company held by his IRA account at a price of \$0.125 or greater per share (minimum total proceeds of \$50,000). If the shares sell for \$50,000 or more by May 30, 2012, then Mr. Kanakis agreed that he would accept a single payment of \$70,000, minus the portion of proceeds from sale of shares that exceeded \$50,000, to settle the Company's liability under the January 15, 2010 promissory note, provided that Mr. Kanakis receives the payment in certified funds on or before July 15, 2012. Upon receipt of payment as described above, Mr. Kanakis will release his deed of trust lien on the Company's real estate. The agreement further provides that it will be null and void in the event the Company enters into negotiations to sell the real estate the collateralizes the note before receipt of final payment on the note.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying unaudited condensed consolidated financial statements follows:

Business and Basis of Presentation

Seawright Holdings, Inc., (Company) was formed on October 14, 1999 under the laws of the state of Delaware. The Company is a development stage enterprise, as defined by Accounting Standards Codification subtopic 915-10, Development Stage Entities ("ASC 915-10") and is seeking to develop a spring water bottling and distribution business. From its inception through the date of these financial statements, the Company has recognized minimal revenues and has incurred significant operating expenses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through June 30, 2012, the Company has accumulated deficit of \$10,255,466.

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, Seawright Springs, LLC and Knox County Minerals, LLC. Significant intercompany transactions have been eliminated in consolidation.

Interim Financial Statements

The unaudited condensed consolidated interim financial statements of the Company have been prepared in accordance with the instructions to Form 10-Q and Rule 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2012 are not necessarily indicative of results that may be expected for the year ending December 31, 2013. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2011 included in the Company's Annual Report on Form 10-K, filed with the Securities and Exchange Commission ("SEC") on May 15, 2012.

Reclassification

Certain reclassifications have been made in prior year's financial statements to conform to classifications used in the current year.

Income Taxes

The Company has reassessed the valuation allowance on its net deferred tax assets during the current quarter and concluded that it remains more likely than not that these assets will not be realized, and therefore a full valuation allowance remains.

Recent Accounting Pronouncements

There were various other updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries and are not expected to have a material impact on the Company's consolidated financial position, results of operations or cash flows.

NOTE 2 – GOING CONCERN MATTERS

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying unaudited condensed consolidated financial statements during six months ended June 30, 2012, the Company incurred a net loss of \$408,803, had accumulated deficit since its inception from October 14, 1999 through June 30, 2012 of \$10,255,466 and used \$6,237,782 in cash for operating activities from its inception through June 30, 2012. These factors among others may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon management's ability to develop profitable operations. Management is devoting substantially all of its efforts to developing its products and services and there can be no assurance that the Company's efforts will be successful. However, the planned principal operations have not commenced and no assurance can be given that management's actions will result in profitable operations or the resolution of its liquidity problems. The Company is also pursuing additional debt or equity financing through discussions with private investors. There can be no assurance that the Company will be successful in its effort to secure additional financing. The accompanying statements do not include any adjustments that might result should the Company be unable to continue as a going concern.

Charter House and Pierre Palian Loans

The Company had notes payable in an aggregate amount of \$993,700 due to Charter House LLC at December 31, 2011. These notes payable included a loan of \$375,000 that was assigned to Charter House by Pierre Palian in April 2011. On March 20, 2012, the Company entered into a note agreement with Nova Capital, LLC ("Nova Capital") whereby Nova Capital contemporaneously entered into an Option Agreement with Charter House, LLC, to purchase part or all of notes held by Charter House, LLC that are obligations of the Company. The Company agreed that all purchased debt shall bear an annual interest rate of 8% and will be due in full with accrued interest on May 30, 2012. Nova Capital (the "Optionee") shall be entitled, at its option, to convert at any time, any portion of the purchased debt plus accrued interest to the Company's common stock. The conversion price shall be a) \$0.001 per share for the first \$5,000 of purchased debt, b) \$0.10 per share for the second \$300,000 of purchased debt and c) \$0.15 per share for any remaining purchased debt. On March 21, 2012, the Company issued 2,800,000 shares of its common stock to Nova Capital in exchange for the \$2,800 of debt.

May 1, 2012, the Company further extended the maturity of the Kent Carr loan to October 30, 2012. As the considerations for the extension, Charter House LLC paid to Kent Carr on behalf of the Company all accrued interest through April 30, 2012 of \$39,000, payment of principal of \$100,000, and an extension fee of 1% of the outstanding

principal balance (\$7,500). The payments by Charter House LLC were added to the carrying amount of the loan.

The Company evaluated the original note agreement with Charter House LLC and the new convertible note agreement with Nova Capital, under ASC 470-50-40 "Extinguishments of Debt" ("ASC 470"). ASC 470 requires modifications to debt instruments to be evaluated to assess whether the modifications are considered "substantial modifications". A substantial modification of terms shall be accounted for as an extinguishment. For extinguished debt, a difference between the re-acquisition price and the net carrying amount of the extinguished debt shall be recognized in income of the period of extinguishment as losses or gains. The Company determined that the change in terms pursuant to the convertible note agreement with Nova Capital met the criteria for substantial modification under ASC 470, and accordingly accounted for the modification as extinguishment of the original note, replaced by the new convertible note under the modified terms. The Company recorded a loss on extinguishment of debt of \$123,200 for the six months ended June 30, 2012.

On March 20, 2012, the Company entered into an Assignment Agreement to assign 100% membership interest in Seawright Springs, LLC, a wholly owned subsidiary of the Company with substantially all of the Company's assets to Charter House LLC (the "Assignee") in exchange for an conditional agreement to forbear for a limited time pursuing certain remedies under the terms of the Charter House loans pursuant to the option agreement described above. The Charter House loans are personally guaranteed by the Company's President. An Escrow Agreement was simultaneously entered into among the parties that the Assignment Agreement is held in escrow and not to release to any party unless and until the Assignee gives written notice of the termination of the Option Agreement between the Assignee and Nova Capital. And in the event that the Optionee pays the entire option price on or before the termination date, the Assignment Agreement will become null and void.

May 1, 2012, the Company further extended the maturity of the Kent Carr loan to October 30, 2012. If the shares sell for \$50,000 or more by May 30, 2012, then Mr. Kanakis agreed that he would accept a single payment of \$70,000, minus the portion of proceeds from sale of shares that exceeded \$50,000, to settle the Company's

liability under the January 15, 2010 promissory note, provided that Mr. Kanakis receives the payment in certified funds on or before July 15, 2012. Upon receipt of payment as described above, Mr. Kanakis will release his deed of trust lien on the Company's real estate. The agreement further provides that it will be null and void in the event the Company enters into negotiations to sell the real estate that collateralizes the note before receipt of final payment on the note.

(See Note 9 – Subsequent Events).

NOTE 6 – RELATED PARTY TRANSACTIONS

Due to/from Officer

From time to time, the Company's President, Joel Sens, has advanced funds to the Company for working capital purposes. At times the total payment the Company repaid to the Company's President and (or) the funds the President of the Company withdrew exceeded the total balance due. Consistent with ASC 505-10-45 ("Equity-Other Presentation"), the amount recorded on the balance sheet is presented as a deduction from stockholders' equity (deficit). This is also consistent with Rule 5-02.30 Regulation S-X of the Code of Federal Regulations.

During the six months ended June 30, 2012, the aggregate contribution and loans to the benefit of the Company by Mr. Sens, was \$72,860, which was accounted for as repayment of due from officer with the excess as advances from officer. As of June 30, 2012, the balance due to officer was \$61,417.

The Company's President has guaranteed certain loans to the Company, and/or pledged certain personal property to secure loans to the Company. The President of the Company pledged certain of his personal property including common shares of the Company he owned in connection with certain loan transactions.

Next Generation Energy Corp.

On April 16, 2010, the Company's wholly owned subsidiary, Knox County Minerals, LLC ("Knox Minerals") entered into an Assignment and Assumption Agreement with NGEC, under which Knox Minerals assigned all of its right, title and interest under a land purchase option to NGEC. Under the Assignment and Assumption Agreement, NGEC paid Knox Minerals \$600,000 in the form of a promissory note payable in full in sixty months with interest at 6% per annum. The Company has not netted the \$125,000 loan from NGEC against NGEC's \$600,000 promissory note payable to Knox Minerals because the obligations are not mutual obligations that are subject to offset under the law. Furthermore, the Company did not recognize a gain or a note receivable for the \$600,000 promissory note due from NGEC, based on the assessment that NGEC had limited ability to repay this note and that collection could not be reasonably assured at that time the agreement was entered into. The Company determined to account for future amounts, if any, that it collects from NGEC as other income only at the time such collection occurs.

On March 6, 2012, the Company received 10,000,000 restricted common shares of NGEC in full settlement of the \$600,000 promissory note as described above. The common shares received represents approximately 30% of the outstanding shares of NGEC, and are accounted for using the equity method of accounting.

In accordance with the equity method of accounting, the Company increases (decreases) the carrying value of its investment by a proportionate share of the investee's earnings (losses). If losses exceed the carrying value of the investment, losses are then applied against any advances to the investee, including any commitment to provide financial support, until those amounts are reduced to zero. The equity method is then suspended until the investee has earnings. Since NGEC has negative book value, significant accumulated deficit and has not been profitable in recent years of operations, no initial value was recognized for the Company's investment in NGEC, and that the Company suspended the recording of the equity method losses as the proportionate share of net losses in NGEC exceeded the Company's original carrying value of the investment, The Company has no commitments to provide financial support or obligations to perform services or other activities for NGEC.
