Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of AngioDynamics, Inc. to be held on Tuesday, October 17, 2017 at 11:00 a.m., local time, at AngioDynamics' Glens Falls facility, 10 Glens Falls Tech Park, Glens Falls, New York, 12801.

At this year's Annual Meeting you will be asked to:

- (i) consider and vote upon a proposal to elect four Class II directors, each for a term of three years;
- (ii) consider and vote upon a proposal to ratify the appointment of AngioDynamics' independent registered public accounting firm for the fiscal year ended May 31, 2018;
- (iii) consider and vote upon a "Say-on-Pay" advisory vote on the approval of the compensation of AngioDynamics' named executive officers;
- (iv) hold a "Say-On-Pay Frequency" advisory vote on a non-binding resolution to determine the frequency our shareholders will be asked to approve the compensation of our named executive officers; and
- (v) transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

As we did last year, we are pleased to furnish proxy materials to our shareholders over the internet. Instead of mailing printed copies to each shareholder, we are mailing a Notice Regarding Internet Availability which contains instructions on how to access your proxy materials; how each shareholder can receive a paper copy of proxy materials, including this Proxy Statement, our annual report on Form 10-K for the fiscal year ended May 31, 2017 and a form of proxy card; and how to access your proxy card to vote through the internet or by telephone. We believe that this e-proxy process will expedite shareholders' receipt of proxy materials and lower the costs and reduce the environmental impact of our Annual Meeting.

The Board of Directors unanimously believes that the election of its nominees for directors, the ratification of the appointment of AngioDynamics' independent registered public accounting firm, the approval (on an advisory basis) of the compensation of its named executive officers and frequency of every year for holding an advisory vote on the compensation of our named executive officers are in the best interests of AngioDynamics and its shareholders, and, accordingly, recommends a vote "FOR" each proposal.

In addition to the business to be transacted as described above, management will address shareholders with respect to AngioDynamics' developments over the past year and respond to comments and questions of general interest to shareholders.

Your vote is important and whether or not you plan to attend the Annual Meeting, we encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the internet. If you requested and received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card. Voting by proxy will ensure your shares are represented at the Annual Meeting. As a result of changes in applicable law, banks and brokers can no longer exercise discretionary voting in uncontested elections of directors. If you are not a shareholder of record, please follow the instructions provided by the shareholder of record (your bank or broker) so that your shares are voted at the meeting on all matters.

Sincerely,

James C. Clemmer
Chief Executive Officer

PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
OF ANGIODYNAMICS, INC.
October 17, 2017

INTRODUCTION

We are furnishing this proxy statement to the shareholders of AngioDynamics, Inc. in connection with the solicitation by our Board of Directors of proxies to be voted at our 2017 Annual Meeting of Shareholders referred to in the attached notice and at any adjournments of that meeting (the “Annual Meeting”). The Annual Meeting will be held at AngioDynamics’ Glens Falls facility, 10 Glens Falls Tech Park, Glens Falls, New York, 12801, on Tuesday, October 17, 2017 at 11:00 a.m., local time, or at any adjournment or postponement thereof. We expect to mail this proxy statement and the accompanying proxy card or voting instruction form beginning on September 7, 2017 to each shareholder entitled to vote at the Annual Meeting.

When used in this proxy statement, the terms “we,” “us,” “our,” “the Company” and “AngioDynamics” refer to AngioDynamics, Inc. The terms “Board of Directors” and “Board” refer to the Board of Directors of AngioDynamics, Inc. Our principal executive offices are located at 14 Plaza Drive, Latham, New York 12110.

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

What am I voting on?

At the Annual Meeting, we will ask holders of our common stock to consider and vote upon the following items:

1. Election of Directors

The election of four Class II directors, namely, Eileen O. Auen, James C. Clemmer, Howard W. Donnelly and Jan Stern Reed. If elected, these Class II directors will each serve until the 2020 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified.

2. Ratification of Appointment of Independent Registered Public Accounting Firm

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2018.

3. Advisory Vote on the Compensation of our Named Executive Officers

A “Say-on-Pay” advisory vote on the approval of the compensation of our named executive officers.

4. Advisory Vote on the Frequency of “Say-on-Pay” Vote

A “Say-On-Pay Frequency” advisory vote on a non-binding resolution to determine the frequency our shareholders will be asked to approve the compensation of our named executive officers.

How can I receive proxy materials?

Under rules adopted by the U.S. Securities and Exchange Commission (the “SEC”), we are furnishing proxy materials to our shareholders primarily via the internet, instead of mailing printed copies of proxy materials to each shareholder. On or about September 7, 2017, we began mailing to our shareholders a “Notice of Internet Availability of Proxy Materials” (sometimes referred to herein as the “Notice”) containing instructions on how to access this proxy statement, the accompanying notice of Annual Meeting and our annual report for the fiscal year ended May 31, 2017 online. If you received the Notice by mail, you will not automatically receive a printed copy of the proxy materials in the mail. Instead, the Notice

instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy via the internet.

Finally, you can receive a copy of our proxy materials by following the instructions contained in the Notice regarding how you may request to receive your materials electronically or in printed form on a one-time or ongoing basis. Requests for printed copies of the proxy materials can be made through the internet at <http://www.proxyvote.com>, by telephone at 1-800-579-1639 or by e-mail at sendmaterial@proxyvote.com by sending a blank e-mail with your control number in the subject line.

Who is entitled to vote?

Shareholders of record at the close of business on August 24, 2017, the record date for the Annual Meeting, are entitled to receive this proxy statement and to vote at the meeting and at any adjournment or postponement thereof. As of the close of business on the record date, there were 36,607,086 outstanding shares of our common stock entitled to notice of, and to vote at, the Annual Meeting. Holders of our common stock have one vote per share on each matter to be acted upon. A list of the shareholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting, for any purpose germane to the meeting. Interested parties should contact our general counsel between the hours of 9:00 a.m. and 4:30 p.m. at our principal executive offices at 14 Plaza Drive, Latham, New York 12110.

How do I vote my shares without attending the meeting?

If you are a shareholder of record as of the record date for the Annual Meeting, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. In most circumstances, you may vote:

By Internet or Telephone-If you have internet or telephone access, you may submit your proxy by following the voting instructions in the Notice of Annual Meeting no later than 11:59 p.m., New York City Time, on October 16, 2017. If you vote by internet or telephone, you need not return your proxy card.

By Mail-If you received a paper copy of this proxy statement, you may vote by mail by signing, dating and mailing your proxy card in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, or attorney or an officer of a corporation), you should indicate your name and title or capacity.

How do I vote my shares in person at the meeting?

If you are a shareholder of record and prefer to vote your shares at the meeting, bring the accompanying proxy card (if you received a paper copy of the proxy statement) and proof of identification. You may vote shares held in street name only if you obtain a "legal" proxy from the record holder (bank, broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the meeting in person, we encourage you to vote in advance by internet, telephone or mail so that your vote will be counted in the event you are unable to attend.

How do I gain admission to the meeting?

If you wish to attend the Annual Meeting and you are a record holder, you must bring valid state or federal identification or a passport to register before entering the meeting. All invited guests will need valid identification in order to enter the meeting. If you hold shares through an intermediary, such as a bank, broker, trustee or other nominee, and you plan to attend the Annual Meeting, you must bring proof of share ownership, such as a recent bank or brokerage firm account statement or a letter from the bank, broker, trustee or other nominee holding your shares, confirming your ownership in order to gain entrance to the meeting.

What does it mean if I receive more than one proxy card or Notice?

If you receive more than one proxy card or Notice, it generally means that you hold shares registered in more than one account. If you received a paper copy of this proxy statement and you vote by mail, you should sign and return each proxy card. Alternatively, if you vote by internet or telephone, you should vote once for each proxy card and/or Notice you receive. If you have received more than one Notice, you should vote once for each Notice that you receive.

May I change my vote?

Yes. Whether you have voted by mail, internet or telephone, you may change your vote and revoke your proxy, prior to the Annual Meeting, by:

• Sending a written statement to that effect to AngioDynamics' Senior Vice President and General Counsel at Corporate headquarters at 14 Plaza Drive, Latham New York, 12110;

• Voting by internet or telephone at a later time;

• Submitting a properly signed proxy card with a later date; or

Voting in person at the Annual Meeting and by filing a written notice of termination of the prior appointment of a proxy with AngioDynamics, or by filing a new written appointment of a proxy with AngioDynamics (unless you are a beneficial owner without a legal proxy, as described below).

Please note, however, that if a shareholder's shares are held of record by a bank, broker, trustee or other nominee and that shareholder wishes to vote at the Annual Meeting, the shareholder must bring to the Annual Meeting a letter or "legal proxy" from the bank, broker, trustee or other nominee, confirming the shareholder's beneficial ownership of the shares.

What constitutes a quorum?

A majority of the outstanding shares of common stock present in person or by proxy is required to constitute a quorum at the Annual Meeting. For purposes of determining the presence of a quorum for transacting business at the Annual Meeting, abstentions and broker "non-votes" (proxies from banks, brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the banks, brokers or nominees do not have discretionary power) will be treated as shares that are present.

How does the Board recommend that I vote?

The Board of Directors recommends that you vote your shares:

"FOR" the election of four Class II directors who have been nominated by the Board of Directors;

"FOR" the ratification of the appointment of Deloitte & Touche LLP as AngioDynamics' independent registered public accounting firm for the fiscal year ending May 31, 2018;

"FOR" the approval (on an advisory basis) of the compensation of our named executive officers;

"FOR" the approval of an every year advisory vote on the compensation of our named executive officers; and with respect to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the person or persons voting. We do not expect that any matter other than as described in this proxy statement will be brought before the Annual Meeting.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you indicate when voting over the internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the persons named as proxies will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the persons named as proxies may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Street Name Holders. If you hold your shares in "street name" (that is, through a bank, broker, trustee or other nominee) and do not provide specific voting instructions, then, under the rules of The Nasdaq Stock Market, the bank, broker, trustee or other nominee may generally vote on routine matters but cannot vote on non-routine matters. If you do not provide voting instructions on non-routine matters, your shares will not be voted by your bank, broker or other nominee. As a result, your bank, broker, trustee or other nominee may not vote your shares without receipt of a voting instruction form with respect to Proposal 1, Proposal 3 and Proposal 4 because each proposal is a non-routine matter, but may vote your shares without your instructions with respect to Proposal 2 (ratification of appointment of independent registered public accounting firm) because this matter is considered routine.

What is the voting requirement to approve each proposal?

Under Delaware law and AngioDynamics' Amended and Restated Certificate of Incorporation and By-Laws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors (Proposal 1). A properly executed proxy marked "withhold authority" with respect to the election of one or more directors will

not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

For the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2018 (Proposal 2), the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on this item will be required for approval.

For the "Say-on-Pay" advisory vote (Proposal 3) and the "Say-on-Pay Frequency" advisory vote (Proposal 4), the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will reflect the advice of the shareholders. The approval, on an advisory basis, of the compensation paid to our named executive officers, also known as a "Say on Pay" vote, is an advisory vote mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act. This means that while we ask shareholders to approve the compensation paid to our named executive officers, it is not an action that requires shareholder approval, and shareholders are not voting to approve or disapprove the Board's recommendation with respect to this proposal. Both the "Say-on-Pay" and "Say-on-Pay Frequency" votes are advisory votes and are non-binding on the Board, although the Board and the Compensation Committee welcome the input of shareholders on the Company's compensation policies and will take the advisory votes into account in making determinations concerning executive compensation.

A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum present. Accordingly, an abstention will have the effect of a negative vote on all proposals other than the election of directors, for which an abstention will not be considered a vote cast.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal for which your broker does not have or does not exercise discretionary authority to vote (a "broker non-vote"). Shares constituting broker non-votes are not counted or deemed to be present in person or by proxy for the purpose of voting on a non-routine matter at the Annual Meeting and, therefore, will not be counted for the purpose of determining whether shareholders have approved the election of directors in Proposal 1, the "Say-on-Pay" advisory vote in Proposal 3 or the "Say-on-Pay Frequency" advisory vote in Proposal 4, because such proposals are considered non-routine matters. If you do not provide voting instructions to your broker, your broker only will have discretion to vote your shares on Proposal 2, because the ratification of the appointment of the independent registered public accounting firm is considered a routine matter. Broker non-votes are counted as present for the purpose of determining whether a quorum is present at the Annual Meeting.

How can I find voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and, within four business days following the date of the Annual Meeting, we will file a Current Report on Form 8-K with the SEC indicating final voting results.

Who bears the cost of soliciting proxies?

The cost of solicitation of proxies being solicited on behalf of the Board of Directors will be borne by us. In addition to the use of the mail and the internet, proxy solicitation may be made by telephone, facsimile and personal interview by our officers, directors and employees.

PROPOSAL 1-ELECTION OF DIRECTORS

Nominees

Our Board of Directors currently consists of nine directors. In connection with our acquisition of Navilyst Medical in 2012, we entered into a Stockholders Agreement with certain of the former stockholders of Navilyst, including investment funds affiliated with Avista Capital Partners. Pursuant to the terms of the Stockholders Agreement, the size of our Board of Directors was increased from eight to ten directors. In addition, our Board of Directors appointed David Burgstahler and Sriram Venkataraman, two individuals designated by investment funds affiliated with Avista, to serve on our Board. Pursuant to the terms of the Stockholders Agreement, in connection with sales of our stock by Avista, Mr. Venkataraman resigned from our board in August 2016 and Mr. Burgstahler resigned from our Board in April 2017. The Board is classified into three classes, each of which has a staggered three-year term. At the Annual Meeting, our shareholders will be asked to elect four Class II directors, namely, Eileen O. Auen, James C. Clemmer, Howard W. Donnelly and Jan Stern Reed. If elected, Ms. Auen and Reed and Messrs. Clemmer and Donnelly will hold office until the Annual Meeting of Shareholders to be held in 2020 and until their successors are duly elected and qualified. The Class I directors and Class III directors will continue in office during the terms indicated below. Unless otherwise specified, all proxies received will be voted in favor of the election of the nominees named below as directors of AngioDynamics. Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting.

The current term of each of Eileen O. Auen, James C. Clemmer, Howard W. Donnelly and Jan Stern Reed expires at the 2017 Annual Meeting and when her/his respective successor is duly elected and qualified. Each of Ms. Auen and Reed and Messrs. Clemmer and Donnelly has consented to be named as a nominee and, if elected, to serve as a director. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director if elected. Should any of the nominees not remain a candidate for election at the date of the Annual Meeting, proxies will be voted in favor of the nominees who remain candidates and may be voted for substitute nominees selected by the Board of Directors.

Set forth below are the names, principal occupations and director positions on public companies, in each case, for the past five years, ages of the directors and nominees, and information relating to other positions held by them with us and other companies. Additionally, there is a brief discussion of each director's and nominee's experience, qualifications, attributes or skills that led to the conclusion that such person should serve as a director. There are no family relationships between or among any of the directors, executive officers and nominees for director.

CORPORATE GOVERNANCE

Director Independence

The listing standards of The Nasdaq Stock Market LLC require that a majority of a listed company's directors qualify as independent. Our Board of Directors has determined that eight of our nine directors and nominees-Mses. Auen and Reed, and Messrs. Donnelly, Gold, Gould, Johnson, LaPorte and Meteny-are independent under the Nasdaq listing standards. Under the Nasdaq listing standards, an "independent director" is a director who is not an officer or employee of AngioDynamics or any subsidiary and who does not have any relationship that the Board of Directors believes would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors reviews the relationships that each director has with our Company on an annual basis and only those directors having no direct or indirect material relationship with our Company and who qualify as independent under the Nasdaq listing standards will be considered independent directors of AngioDynamics.

Communications with the Directors

Shareholders may communicate in writing with any particular director, the independent directors as a group, or the entire Board by sending such written communication to our Secretary at our principal executive offices, 14 Plaza Drive, Latham, New York 12110. Copies of written communications received at such address will be provided to the Board or the relevant director or directors unless such communications are determined by our outside counsel to be inappropriate for submission to the intended recipient(s). However, any communication not so delivered will be made available upon request to any director. Examples of shareholder communications that would be considered inappropriate for submission include, without limitation, customer complaints, business solicitations, product promotions, résumés and other forms of job inquiries, junk mail and mass mailings, as well as material that is unduly hostile, threatening, illegal or similarly unsuitable.

Policy on Director Attendance at Annual Meetings

All Board members are encouraged to attend our Annual Meetings of shareholders absent an emergency or other unforeseen circumstance. All of our directors other than Mr. Burgstahler and Mr. Venkataraman who were currently in office attended our 2016 Annual Meeting of Shareholders.

Code of Business Conduct and Ethics

Our Board of Directors has adopted a written Code of Business Conduct and Ethics for our Company. Our Code of Business Conduct and Ethics is available on our website located at www.angiodynamics.com under the "Investors-Corporate Governance-Governance Documents-Code of Ethics" caption.

Board of Directors Leadership Structure

Howard W. Donnelly is our independent, non-executive Chairman of the Board of Directors, and James C. Clemmer is our Chief Executive Officer. We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its shareholders.

Risk Oversight

Our Board of Directors monitors management's enterprise-wide approach to risk management. The full Board of Directors' role in discussing and developing our business strategy is a key part of its understanding of the risks the Company faces and what steps management is taking to manage those risks. The Board of Directors regularly assesses management's appetite for risk and helps guide management in determining what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee participated

in and reviewed management's enterprise risk assessment, which focused on four primary areas of risk: Strategic; Financial; Operational and Legal/Compliance. In addition, the Audit Committee focuses on financial risks, including internal controls. In setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with our business strategy.

MEETINGS AND BOARD COMMITTEES

Committees of the Board

During our fiscal year ended May 31, 2017, our Board of Directors had three standing committees, the members of which have been elected by the Board: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. Each committee is composed entirely of independent directors and the chairman and members of each committee are appointed annually by the Board. Each committee is authorized to retain its own outside counsel and other advisors as it desires, subject to, for the Nominating and Corporate Governance Committee a \$100,000 annual limitation on fees and expenses for such counsel and advisors without the full Board's prior consent. Each committee has adopted a written charter, and a brief summary of each committee's responsibilities follows.

- the performance of our independent registered public accounting firm.

provides an open avenue of communication between the independent registered public accounting firm and the Board.

- reviewing and recommending to the Board each year the objectives that will be the basis for the payment of the annual incentive compensation to the CEO;

- reviewing our CEO's performance annually in light of the Compensation Committee's established goals and objectives;

The information on our website is not a part of this proxy statement. LaPorte, each of whom has been determined by our Board of Directors to be independent under the Nasdaq listing standards. Mr. Gould serves as chair of the Compensation Committee. The Compensation Committee met 8 times during our fiscal year ended May 31, 2017. All of such meetings were attended, either in person or telephonically, by all of the members of the Compensation Committee. The Compensation Committee took action by written consent on one occasion during the fiscal year ended May 31, 2017.

Compensation Committee Interlocks and Insider Participation

During fiscal 2017 as of the date of this proxy statement, none of the members of the Compensation Committee was or is an officer or employee of the Company, and no executive officer of the Company served or serves on the compensation committee or board of directors of any company that employed or employs any member of the Company's Compensation Committee or Board of Directors.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for:

- assisting the Board in identifying individuals qualified to serve as directors of our Company and on committees of the Board and assessing the background and qualifications of director candidates;
- advising the Board with respect to Board composition, procedures and committees;
- developing and recommending to the Board a set of corporate governance principles applicable to our Company, including principles for determining the form and amount of director compensation; and
- overseeing the evaluation of the Board.

The Nominating and Corporate Governance Committee's guidelines for selecting nominees to serve on the Board are set forth in its charter and summarized below.

The Nominating and Corporate Governance Committee may apply several criteria in selecting and assessing nominees. At a minimum, the committee will consider:

- whether each such nominee has demonstrated, by significant accomplishment in the nominee's field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of our Company; and
- the nominee's reputation for honesty and ethical conduct in the nominee's personal and professional activities.

Additional factors that the committee shall take into account are set forth in its charter, and include, for example, the relevance of a candidate's specific experiences, skills, industry background and knowledge to the business and objectives of our Company; a candidate's potential contribution to the diversity of the Board (including gender, race and ethnicity); a candidate's personal and professional integrity, character and business judgment; a candidate's time availability in light of other commitments; any potential conflicts of interest involving a candidate; and any other factors or qualities that the committee believes will enhance the Board's ability to effectively manage and direct our Company's affairs and business, including, where applicable, the ability of Board committees to perform their duties or satisfy any independence requirements under the Nasdaq listing standards or otherwise. In identifying director candidates, the committee also considers the composition of the Board as a whole, with the goal of achieving a balance of the above-listed criteria across the entire Board and a mix of management and independent directors, while also filling the need for particular skill sets, such as those required of Audit Committee.

The Nominating and Corporate Governance Committee will identify nominees by first evaluating the current members of our Board of Directors whose terms are expiring and who are willing to continue in service. In doing so, the committee will balance the skills and experience of such current directors, as well as the value of continuity of their service, with that of obtaining new perspectives for the Board.

For new nominees, the committee will identify potential candidates based on input from members of the Board and management and, if the committee deems it appropriate, from one or more third-party search firms. The committee will seek new qualified director candidates from, among other areas, the traditional corporate/business environment, healthcare providers and other professional fields and governmental and regulatory agencies that are relevant to our company's business and objectives. The committee will seek to include qualified and diverse director candidates, including women and individuals from minority groups, in the pool from which nominees are selected. In this regard, the committee and the board believe that a diverse Board can lead to improved company performance by encouraging

new ideas, expanding the knowledge base available to the Board and management and fostering a boardroom environment and culture that promotes new perspectives, innovation and deliberation.

Once a person has been identified by the committee as a potential candidate, the committee will assess, based on publicly available information regarding the person, whether the candidate should be considered further. If the committee determines that the candidate warrants further consideration and the person expresses a willingness to be considered and to serve on the Board, the committee will request information from the candidate, review his or her accomplishments and qualifications and conduct one or more interviews with the candidate. If the candidate appears qualified, committee members may also contact references provided by the candidate or other persons with first-hand knowledge of the candidate's experience and accomplishments. Additionally, candidates may be requested to meet with some or all of the other members of the Board of Directors. Using the input from these interviews and the other information it has obtained, the committee will determine whether it should recommend that the Board nominate, or elect to fill a vacancy with, a final prospective candidate. The committee's evaluation process is the same for candidates recommended by shareholders.

The authority and responsibilities of the Nominating and Corporate Governance Committee are set forth in detail in its charter, which is available on our website located at www.angiodynamics.com under the "Investors-Corporate Governance-Committee Charters-Nominating & Corporate Governance Committee" caption. The information on our website is not a part of this proxy statement.

During our fiscal year ended May 31, 2017, the members of the Nominating and Corporate Governance Committee were Jeffrey G. Gold, Wesley E. Johnson, Jr. and Steven R. LaPorte, each of whom has been determined by our Board of Directors to be independent under the Nasdaq listing standards. Mr. LaPorte served as the chair the committee until January 2017. Mr. Johnson has served as chair of the committee from January 2017. The Nominating and Corporate Governance Committee met 4 times during the fiscal year ended May 31, 2017. All of such meetings were attended, either in person or telephonically, by all of the members of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee did not take action by unanimous written consent during the fiscal year ended May 31, 2017.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

AngioDynamics operates in an extremely competitive industry. Our compensation philosophy is designed to:

- align our executive officers' compensation with our business objectives and the interests of our shareholders;
- enable us to attract, motivate and retain the level of successful, qualified senior executive leadership talent necessary to achieve our long term goals; and
- reward performance, company growth and advancement of our long-term strategic initiatives.

AngioDynamics generally sets executive compensation targets for cash and equity-based compensation at or near the 50th percentile of companies in a predetermined comparable group through a combination of fixed and variable compensation. Our compensation program supports our "pay for performance" philosophy by targeting fixed compensation (base salary) at or near the 50th percentile of the comparable companies and targeting variable compensation at the 50th percentile with the opportunity to earn above the 50th percentile when warranted by performance.

AngioDynamics views these ranges of compensation targets as a guideline, not a rule, in setting and adjusting our compensation programs. While the Compensation Committee attempts to base compensation decisions on the most recent market data available, it also recognizes the importance of flexibility, and may go above or below the targeted ranges for any individual or for any specific element of compensation. Individual executive compensation may be above or below the stated philosophy based on considerations such as individual performance, experience, history and scope of position, current market conditions and the specific needs of the business at critical points in time.

In addition, our compensation strategy takes into account our financial performance relative to our peer companies including companies that:

- exclusively design, develop, manufacture, and market medical devices;
- market and sell products primarily through a direct sales force;
- are publicly traded on the Nasdaq or NYSE stock exchanges and have at least one published proxy statement;
- have revenues, market value, and an employee size of a minimum of approximately 50% of, and up to approximately 200% of our expected revenues, market size and employee count for the next fiscal year; and
- are generally profitable.

Within this overall philosophy, the Compensation Committee's objectives are to:

- offer a total compensation package that takes into consideration the compensation practices of similarly situated companies with which we compete for exceptional senior level talent;
- provide annual cash incentive awards relative to attaining certain pre-determined financial metrics, along with completion of individual objectives;
- align financial incentives with shareholders' interests through significant equity-based incentives to senior management; and
- reward overachievement of goals with programs designed to have significant upside bonus opportunity for participants.

The Compensation Committee

The Compensation Committee is responsible for: (i) assisting the Board in developing and evaluating potential candidates for executive positions; (ii) reviewing and recommending to the Board the corporate goals and objectives with respect to our CEO's compensation on an annual basis; (iii) reviewing our CEO's performance annually in light of the committee's established goals and objectives and recommending to the full board the compensation payable to the CEO; (iv) reviewing and approving the evaluation process, compensation structure and payouts for our other named executive officers annually and overseeing the CEO's decisions concerning the performance and compensation of our other named executive officers; and (v) reviewing and ensuring our incentive compensation and other stock-based plans are administered consistent with the terms of such plans and recommending changes in such plans to the Board, as needed. The authority and responsibilities of the Compensation Committee are set forth in detail in its charter, which is available on our website located at www.angiodynamics.com under the "Investors-Corporate Governance-Committee Charters-Compensation Committee" caption.

Our Board of Directors has determined that all of the directors who were members of the Compensation Committee during our fiscal year ended May 31, 2017, Messrs. Gould and LaPorte, Mr. Johnson through January 2017 and Ms. Auen after January 2017, are independent under the Nasdaq listing standards. Although the Compensation Committee comprises solely independent directors, it does consider the recommendations, if any, provided by our CEO in determining the appropriate levels of compensation for our named executive officers, other than the CEO.

Named Executive Officers

AngioDynamics' named executive officers (or our NEOs) are President and Chief Executive Officer James C. Clemmer, Executive Vice President and Chief Financial Officer Michael C. Greiner, Senior Vice President and General Manager - Peripheral Vascular Robert A. Simpson, Senior Vice President and General Manager Vascular Access Chad T. Campbell and Senior Vice President and General Counsel Stephen A. Trowbridge. Michael Greiner joined us as Executive Vice President and Chief Financial Officer on August 16, 2016. Prior to Mr. Greiner, Michael Trimarchi served as interim Chief Financial Officer until May 13, 2016. From Mr. Trimarchi's departure through July 27, 2016, we did not have a Chief Financial Officer, and instead were using the services of an outside consulting firm to fill this role. On July 27, 2016, Peter J. Kish was designated as our principal financial officer and principal accounting officer and served in this role until August 16, 2016.

Components of Executive Compensation for Fiscal 2017

The three components of the compensation program for named executive officers are base salary, annual cash incentive compensation and long-term equity-based incentive awards in the form of performance share awards, stock options and restricted stock unit awards. The Compensation Committee administers these components with the goal of providing total compensation that is competitive in the marketplace, while recognizing meaningful differences in individual performance and offering the opportunity to earn superior rewards when merited by individual performance. The Compensation Committee's policy is to establish ranges for base salary, annual cash incentive compensation and equity-based incentives for named executive officer positions, including that of the CEO, with consideration to the averages paid by similarly-situated companies, which include publicly traded companies of similar structure, revenue, and profitability in the life sciences industry.

In determining these ranges, the Compensation Committee reviewed information from a compensation survey conducted on our behalf during our fiscal year ended May 31, 2017 by Steven Hall Partners, an independent consulting company engaged by the Compensation Committee to conduct the survey. The Compensation Committee assessed the independence of Steven Hall Partners and concluded that no conflict of interest exists with respect to the service to the Compensation Committee. The Compensation Committee also approved the list of peers to be used in the analysis. During our fiscal year ended May 31, 2017, the Company analyzed information with respect to the following peer group.

Accuray	DexCom, Inc.	Merit Medical Systems, Inc.
Conmed Corporation	Exactech, Inc.	Natus Medical Incorporated
Cantel Medical Corp.	ICU Medical, Inc.	NxStage Medical, Inc.
Cynosure, Inc.	Masimo Corporation	RTI Surgical, Inc.
		The Spectranetics Corporation

In order to ensure a comprehensive review in preparing the compensation survey, Steven Hall took the following steps:

- Compiled information to form the basis of the survey, including analyzing and selecting peer companies, analyzing 1) our historical and current compensation practices and philosophies, and determining the positions to be included in the survey, with the assistance of the Compensation Committee and other key contributors.
- Performed a proxy review using peer group data and other industry specific surveys to analyze base salary, total 2) cash compensation, and long-term incentives paid to executives and summarized its findings in the form of a competitive pay analysis.
- Presented recommendations for comprehensive executive plan strategy and pay structure for the next fiscal year, 3) including base salary levels, design of the annual bonus program, and amount and allocation of short-term and long-term incentive compensation components.

The following table depicts the components of target compensation for our CEO and our other NEOs established by our Compensation Committee for our fiscal year ending May 31, 2017. Each of the components is described in more detail below.

CEO Compensation

On April 1, 2016, AngioDynamics entered into an employment agreement with James C. Clemmer, appointing Mr. Clemmer as President and Chief Executive Officer of the Company, effective April 4, 2016. Mr. Clemmer succeeded Joseph M. DeVivo who had served as President and CEO since September 2011. Pursuant to the employment agreement with Mr. Clemmer, he will serve as the Company's President and CEO for an initial two-year term, subject to successive one-year extensions unless either party notifies the other in writing not later than March 1 immediately prior to the anniversary of the employment agreement effective date, beginning on March 1, 2018 and each March 1 thereafter. For our Fiscal year ended May 31, 2017, Mr. Clemmer's base salary was \$625,000. He is eligible for an annual bonus equal to a target level of 100% of his base salary, payable based upon our achievement of pre-determined financial metrics as discussed in further detail below. In addition, pursuant to the agreement, Mr. Clemmer will receive (i) an executive car allowance of \$1,500 per month (less applicable taxes), (ii) reimbursement of up to \$15,000 for legal fees incurred by Mr. Clemmer in the review of his employment agreement, (iii) reimbursement for reasonable business expenses incurred during the period of employment subject to the Company's expense reimbursement policies, and (iv) a relocation allowance of \$75,000 in the form of reimbursements and payments. Mr. Clemmer will also be eligible to participate in the benefit and perquisite plans and programs generally available to senior executives of the Company, including health insurance, life and disability insurance, the Employee Stock Purchase Plan, 401(k) plan and flexible spending plan.

For our fiscal year ending May 31, 2017, Mr. Clemmer is eligible to receive an equity award in accordance with our customary procedures pursuant to our annual equity award program. It is the current policy of the Company's board of directors that the chief executive officer receives for his annual equity grant an award valued at 225% of base salary, and that such award comprises 25% stock options, 25% restricted stock units, and 50% performance share awards. In addition, under his employment agreement, Mr. Clemmer was granted equity awards effective April 4, 2016 in the form of (i) 250,000 performance share awards, (ii) an option to purchase 200,000 shares of common stock, and (iii) 50,000 restricted stock units. The performance share awards have a three-year term with payouts to be made in shares of AngioDynamics common stock at the end of the term ranging between 0 and 200% of the grant amount depending on the Company's total shareholder return relative to a peer group of companies substantially similar to the peer group previously disclosed in connection with the Company's prior performance share award programs. The options will vest in four equal

installments beginning on the first anniversary of the grant date, have a strike price equal to the closing price of AngioDynamics' common stock as of April 4, 2016 (\$12.14) and expire, if not exercised, on April 4, 2023. The restricted stock units will vest in four equal installments beginning on the first anniversary of the grant date. Each of these three grants was granted to Mr. Clemmer as inducement equity awards in accordance with Nasdaq Listing Rule 5635(c)(4).

Base Salaries

The base salary for each named executive officer is determined at levels considered appropriate for comparable positions at similarly situated companies, while targeting the average 50th percentile for total cash compensation of executives at such similarly situated companies. Adjustments to each individual's base salary are made based on annual performance reviews with consideration given to the executive's performance as well as his/her salary compared with the range of those listed in the aforementioned survey and our executives generally. Among the criteria used in the annual performance reviews are the work and supervisory performance of the executive, demonstrated management and leadership skills, performance to specific established personal goals, and the strengths and weaknesses that the executive demonstrates on the job.

Following are the base salary increases for the named executive officers for fiscal 2017 that were effective September 1, 2016 and for our fiscal year 2018 that were effective September 1, 2018.

Name	Fiscal 2016 Base Salary	Fiscal 2017 Base Salary	Percentage Increase	Fiscal 2018 Base Salary	Percentage Increase
James C. Clemmer	\$ 625,000	\$ 625,000	— %	\$ 650,000	4 %
Michael C. Greiner	N/A	\$ 370,000	N/A	\$ 410,000	10 %
Robert A. Simpson	N/A	\$ 330,000	N/A	\$ 330,000	— %
Chad T. Campbell	N/A	\$ 270,000	N/A	\$ 295,000	8 %
Stephen A. Trowbridge	\$ 305,000	\$ 314,000	3 %	\$ 327,000	4 %

Salary increases for all AngioDynamics employees averaged approximately 3% during during each of our fiscal years 2017 and 2018. The salary increases for our named executive officers were within the guidelines for our employees.

The Compensation Committee believes that the salaries for our named executive officers are within the stated philosophy.

Annual Cash Incentives

The Compensation Committee believes that a meaningful portion of the annual compensation of each named executive officer should be in the form of annual cash incentive compensation.

For our fiscal year ended May 31, 2017, 80% of the annual cash incentive target was based upon pre-determined financial metrics and 20% was based upon achievement of pre-determined personal objectives. For our fiscal year ending May 31, 2018, the annual cash incentive payable to our named executive officers will be 100% based on the achievement of pre-determined financial metrics. For our named executive officers during our fiscal year ended May 31, 2017, the financial metrics target was as follows: 50% based on our achievement of our pre-determined net sales target, 25% based on our achievement of our pre-determined adjusted EPS target and 25% based upon our achievement of our pre-determined free cash flow target. The Compensation Committee uses net sales, adjusted EPS and free cash flow as the targets to measure financial performance because it believes these metrics are highly linked to creating value for shareholders. Additional compensation up to a maximum of 50% of the target incentive payment amounts may be awarded if we overachieve our annual financial targets.

For our fiscal 2017, we achieved 96.44% of our net sales target of \$362.5 million, resulting in no payout of the 50% target associated with net sales, 108.96% of our adjusted EPS target of \$67.00, resulting in 150% of the target payout of the 25% target associated with adjusted EPS, and 111.36% of our free cash flow target of \$44.0 million, resulting in a 150% payout of the 25% target associated with free cash flow.

For our fiscal year ended May 31, 2017, Mr. Clemmer's personal goals included refining and implementing a new product development process and driving operational efficiencies. The Board of Directors determined that Mr. Clemmer should be paid 92.5% of his personal objectives component. Mr. Greiner's personal objectives included managing an RFP process with respect to the Company's independent registered public accountants, managing

refinancing the Company's credit facility and the Company generating free cash flow in excess of \$30 million. The Compensation Committee determined that Mr. Greiner should be paid 100% of his personal objectives component. Mr. Simpson's personal goals included the PV division achieving United States and global revenue targets and refining the strategic plan for the Company's venous insufficiency business. The Compensation Committee determined that Mr. Simpson should be paid 100% of his personal objectives component. Mr. Campbell's personal goals included the VA division achieving United States and global revenue targets and refining the strategic plan for the Company's PICC business. The Compensation Committee determined that

Mr. Campbell should be paid 96.25% of his personal objectives component. Mr. Trowbridge's personal objectives included submitting to the FDA for expanded indications for the Company's Oncology products and developing a strategy and structure for the Company's clinical department to support generating increased levels of clinical data. The Compensation Committee determined that Mr. Trowbridge should be paid 100% of his personal objectives component.

In fiscal 2017, the target incentive payment amounts and the actual payout amounts, each as a percentage of base salary, for the named executive officers were as follows:

Name	Target as a Percentage of Base Salary	Actual Payout as a Percentage of Base Salary
James C. Clemmer	100 %	79 %
Michael C. Greiner (1)	60 %	48 %
Robert A. Simpson (2)	15 %	12 %
Chad T. Campbell	45 %	36 %
Stephen A. Trowbridge	45 %	36 %

(1) Mr. Greiner joined the Company August 18, 2016.

(2) Mr. Simpson joined the Company effective February 7, 2017, his target incentive amount for our fiscal year ended May 31, 2017 was subject to a pro rata adjustment.

For the Company's fiscal year ending May 31, 2018, the annual cash incentive target for the CEO is 100% of base salary, for the EVP it is 65% of base salary, and for the other named executive officers it is 45% of base salary.

Long-Term, Equity-Based Incentive Awards

In 2004, we adopted the AngioDynamics, Inc. 2004 Stock and Incentive Award Plan, as amended, or the 2004 Plan. The 2004 Plan provides for the grant of incentive awards, including performance share awards, performance unit awards, restricted stock awards and restricted stock unit awards, as well as incentive and non-qualified stock options and stock appreciation rights. The Compensation Committee believes that including equity grants as a significant component of executive compensation aligns our executives' interest with those of our shareholders. The Compensation Committee has made grants of stock options, restricted stock unit awards and performance share awards and, in the future, expects to offer other awards under the 2004 Plan in order to provide named executive officers with an opportunity to share, along with shareholders, in our long-term performance and to reward these individuals for their contribution to our performance.

Stock option and restricted stock unit grants generally are made to each named executive officer upon his or her joining AngioDynamics and satisfying the requirements for eligibility under the plan, with additional grants in the form of options, restricted stock units and performance share awards being made annually. Stock options granted under the 2004 Plan generally have a four-year vesting schedule. Prior to July 2017, options granted generally expire seven years from the date of grant. For options granted after July 2017, the expiration date is generally 10 years from the date of grant. The exercise price of options granted under our plan must be at least 100% of the fair market value of the underlying stock on the date of grant. Restricted stock unit awards typically vest equally over a four-year period and are released if the employee remains active with the company through the vesting date. Performance share awards are generally made each year, with each grant having a three-year term with payouts to be made in shares of AngioDynamics' common stock at the end of the term depending on AngioDynamics' total shareholder return relative to a peer group of companies with similar risk profiles to AngioDynamics. The number of shares of common stock that vest under the performance share award will be in a range of 0% to 200% of the target amount of shares granted to the employee based upon AngioDynamics' TSR percentile ranking relative to the peer group as follows:

TSR Performance	Performance Share Awards
Percentile Rank	as a Percent of Target

75th Percentile or above 200%

50th Percentile 100%

25th Percentile 50%

Below 25th Percentile 0%

If the minimum level of performance (at least the 25th percentile) is achieved for the performance period, the number of shares of common stock vesting under the performance share award will be calculated linearly between each set of data points.

20

The peer group for performance share awards made in 2017 is set forth in the table below.

Abaxis Inc.	Edwards Lifesciences Corporation	Merit Medical Systems, Inc.
Abiomed Inc.	Endologix, Inc.	Mine Safety Appliances Company
Accuray Inc.	Exactech, Inc.	Natus Medical Incorporated
AlphaTec Holdings Inc.	Haemonetics Corporation	NuVasive, Inc.
Articure, Inc.	ICU Medical, Inc.	NxStage Medical, Inc.
Atrion Corporation	Insulet Corporation	Resmed Inc.
Becton, Dickinson & Company	Integra Lifesciences Holdings Corporation	RTI Surgical, Inc.
Boston Scientific Corporation	Intricon Corporation	Steris Corporation
Cantel Medical Corp.	Intuitive Surgical, Inc.	Stryker Corporation
Conmed Corporation	Invacare Corporation	Teleflex Incorporated
CryoLife, Inc.	Lakeland Industries Inc.	Varian Medical Systems, Inc.
Cutera, Inc.	Lemaitre Vascular, Inc.	Wright Medical Group
Dexcom, Inc.	Masimo Corporation	
Digirad Corp		

In the event of the named executive officer's termination of employment, all of his or her unvested options, restricted stock units and performance share awards will be forfeited in accordance with the provisions of the 2004 Plan and the applicable grant agreement.

The number of stock options, restricted stock units or performance share awards granted to each named executive officer is generally based upon several factors, including: (i) position with AngioDynamics; (ii) base salary; (iii) performance; and (iv) the grants made, on average, by similarly situated companies to executives with similar responsibilities. For our fiscal year ended May 31, 2017, the Compensation Committee set targets of total long term incentive awards at 225% of base salary for the CEO, 85% of base salary for the Executive Vice President and CFO and 75% of base salary for the other named executive officers. For our fiscal year ending May 31, 2018, the Compensation Committee set targets of total long term incentive awards at 225% of base salary for the CEO, 100% of base salary for the Executive Vice President and CFO and 75% of base salary for the other named executive officers. For our fiscal year ended May 31, 2017, the total long term incentive target comprises 50% of total value from performance share awards, 25% of total value from restricted stock units and 25% of total value from options. The Compensation Committee and the Board of Directors believe that this annual long term incentive program provides a strong pay for performance orientation while effectively incentivizing management decision making and providing appropriate retention incentives. Performance share award payouts are directly tied to AngioDynamics' total shareholder return relative to a peer group of companies with similar risk profiles to AngioDynamics. Stock options effectively incentivize management to maximize company performance, as the value of options is directly tied to appreciation in the value of our common stock. Stock options also provide an effective retention mechanism because of the four-year vesting provisions. Restricted stock units are intended to retain key management through vesting periods, with the opportunity for capital accumulation and more predictable long-term incentive value than stock options.

For our fiscal year ended May 31, 2017, based upon the Black-Scholes valuation for our options as of July 27, 2016, the Compensation Committee granted the following options to our named executive officers at target as follows:

Executive Officer	Target Grants of Options
CEO	74,642
EVP and CFO (1)	N/A
SVP, GM - Peripheral Vascular (2)	N/A
SVP, GM - Vascular Access	10,748
SVP and General Counsel	12,142

- (1) Mr. Greiner joined the Company August 18, 2016.
- (2) Mr. Simpson joined the Company effective February 7, 2017

For our fiscal year ended May 31, 2017, based upon the closing price for our common stock as of July 27, 2016, the Compensation Committee granted the following restricted stock units for our named executive officers at target as follows:

Executive Officer	Target Grants of Restricted Stock Units
CEO	21,191
EVP and CFO (1)	N/A
SVP, GM - Peripheral Vascular (2)	N/A
SVP, GM - Vascular Access	3,052
SVP and General Counsel	3,447

(1) Mr. Greiner joined the Company August 18, 2016.

(2) Mr. Simpson joined the Company effective February 7, 2017

For our fiscal year ended May 31, 2017, based upon the closing price for our common stock as of July 27, 2016, the Compensation Committee granted the following performance share awards for our named executive officers at target as follows:

Executive Officer	Target Grants of Performance Share Awards
CEO (1)	—
EVP and CFO (1)	N/A
SVP, GM - Peripheral Vascular (3)	N/A
SVP, GM - Vascular Access	6,103
SVP and General Counsel	6,894

(1) Mr. Clemmer received 250,000 performance shares in connection with joining the Company in April 2016 and was therefore not eligible for a grant of performance shares in July 2016.

(2) Mr. Greiner joined the Company August 18, 2016.

(3) Mr. Simpson joined the Company effective February 7, 2017

Grants of options and restricted stock units made to our named executive officers in fiscal 2017 are set forth below in the table titled “Grants of Plan-Based Awards for Fiscal 2017.”

Stock Ownership Guidelines

To further align the interests of management and shareholders, we maintain stock ownership guidelines for the Board of Directors and our senior executive officers. Under these guidelines, each member of our Board of Directors is required to hold 8,000 shares. New members of the Board of Directors are allowed 36 months from the time they join the Board to acquire the required number of shares, provided they acquire at least 1/3 of the required amount within 15 months of joining the Board and an additional 1/3 within 27 months of joining the Board. In August 2011, our Compensation Committee adopted revised guidelines with respect to our senior executives. Our CEO is required to hold an amount of shares equal to three times his or her base salary, our Executive Vice President and CFO and each of our Senior Vice Presidents is required to hold an amount of shares equal to one times his or her base salary. Employees who are hired or promoted to these management positions must acquire the required number of shares within five years. A senior executive that participates in our employee stock purchase plan at the maximum level from such senior executive’s eligibility date may count unvested restricted stock units towards his or her shareholding requirement. A senior executive that holds an amount of shares less than the applicable ownership level must hold

100% of all Net Shares (as defined below) granted by the company to be eligible for future stock option grants or other equity awards. Net Shares are all shares received pursuant to all company equity awards excluding shares sold to cover (i) the exercise price of options and/or (ii) taxes. The Compensation Committee is mindful that each individual's personal circumstances will affect progress toward the targeted levels of stock ownership. Senior executives who are unable to achieve or maintain the targeted level of ownership within the prescribed time period may consult with the Compensation Committee with respect to a hardship exemption. Each member of our Board of Directors and each of our senior executives is currently in compliance with the applicable holding requirement.

Hedging and Pledging Policy

Our Insider Trading Policy prohibits directors and employees, including named executive officers, from engaging in hedging or monetization transactions, such as zero-cost dollars and forward sale contracts, and from engaging in borrowing against AngioDynamics' securities held in a margin account, or pledging AngioDynamics' securities as collateral for a loan (unless the individual can clearly demonstrate the financial capacity to repay the loan without resorting to the pledged securities).

Clawback Policy

If any award (including an annual cash incentive award as well as a long term equity-based incentive award) was granted to an AngioDynamics' executive and the Compensation Committee (or the Board of Directors) later determines that the financial results of the Company used to determine the amount of that award, or any payment under that award, whether to the executive or to the executive's beneficiary, are materially restated and that such executive engaged in fraud or intentional misconduct with respect to the inputs to, or determination of, such financial results, the Company will seek repayment or recovery of the award, as the Board of Directors in its sole discretion determines is reasonable and appropriate, notwithstanding any contrary provision of any incentive plan. In addition, the Compensation Committee or the Board of Directors may provide that any executive and/or any award, including any shares subject to or issued under an award, is subject to any other recovery, recoupment, clawback and/or other forfeiture policy maintained by the Company from time to time.

Perquisites

All executives of AngioDynamics are eligible to participate in our Fleet Vehicle Program at the executive level. Executives hired before May 2012 may accept a company vehicle. Executives hired after May 2012 are entitled to an automobile allowance of \$1,200 per month (\$1,500 in the case of our CEO) and we will cover the employee's expenses for mileage or gas for company related business.

Deferred Compensation Program

We do not sponsor or maintain any non-qualified deferred compensation programs for the benefit of any of our named executive officers.

Potential Payments upon Termination or Change in Control

Executive Severance Policy

Our named executive officers may be eligible for severance payments and benefits under our AngioDynamics Senior Executive Severance Pay Guidelines.

A senior executive may be eligible to receive severance benefits in the following situations:

- The elimination of the executive's job or position;
- The relocation of the executive's job or position to a location in excess of 60 miles from the current location of employment; or
- Divestment of the executive's business or business unit, unless the acquiring/successor entity offers continuing employment that does not involve a major relocation, as described above.

A senior executive would generally not be eligible for severance benefits in the following situations:

- Terminations for performance reasons, including, but not limited to, violating work rules;
- Voluntary resignations;
- In the event of an asset or stock sale, where the executive continues employment with a successor in interest to AngioDynamics or any of either its or AngioDynamics' subsidiaries, affiliates or joint ventures; or
- A transfer or reassignment of the executive to another location, division, subsidiary, affiliate or joint venture that does not result in relocation as described above.

In addition, severance under this policy typically will not be available to executives who have agreements with AngioDynamics, its subsidiaries and/or affiliates and joint ventures that provide for payments upon termination of employment, other than those that derive from these guidelines. To be eligible for severance pay the executive must sign a separation agreement acceptable to the Company. During our fiscal year ended May 31, 2017, in general, the following schedule for the payment of cash severance is considered appropriate:

Service Completed	Severance Payment
Less than 3 years of service	1 month base salary
3-5 years of service	2 months base salary
6-9 years of service	3 months base salary
10-12 years of service	4 months base salary
13+ years of service	6 months base salary

The following additional consideration may be appropriate for exempt employee positions described below:

- Vice Presidents: an additional 4 months of base salary; and
- Sr. Vice Presidents: an additional 6 months of base salary.

Executive Vice Presidents and Sr. Vice Presidents who report directly to the CEO are entitled to an aggregate severance benefit equal to 12 months of base salary.

In general, the CEO is eligible for a severance benefit equal to 18 months of base salary, unless a different severance benefit is set forth in an effective agreement.

The maximum severance period that will be offered under any circumstances (other than to the CEO) is 12 months.

Payments are generally made in accordance with the Company's regular salary payment practices, subject to modification in connection with Section 409A of the Internal Revenue Code, unless a different method is set forth in an effective agreement.

Additional benefits such as outplacement assistance, continued insurance coverage, and/or an agreement not to contest eligibility for unemployment compensation, may also be offered in a separation agreement.

Change-In-Control Arrangements

In August 2013, our Board of Directors authorized us to enter into change in control severance agreements with certain executive officers. Each agreement has an initial term ending December 31, 2013, and each year will automatically renew for an additional one year term, provided however, that if a change in control occurs the term will expire no earlier than 12 calendar months after the calendar month in which such change in control occurs. A change of control is generally defined in each agreement as any of the following: (i) a person is or becomes a beneficial owner of more than 50% of our voting securities, (ii) the composition of a majority of our Board changes, (iii) we consummate a merger or consolidation, or (iv) our shareholders approve a plan of liquidation or sale of substantially all of our assets. Each agreement provides, among other things, that if a change in control occurs during the term of the agreement, and the executive's employment is terminated either by us or by the executive, other than (a) by us for cause, (b) by reason of death or disability, or (c) by the executive without good reason, such executive will receive a severance payment equal to: (A) 2.5 times his annual base salary for the CEO and 2 times the executive's annual base salary for the EVP and CFO, SVP and GMs and SVP and General Counsel, (B) unpaid and prorated annual bonus amounts, and (C) earned but unused vacation time. In addition, each Change in Control Agreement provides that in the event that the severance and other benefits provided for in the agreement or otherwise payable to the executive would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, the benefits under the agreement will be either (i) delivered in full, or (ii) delivered to a lesser extent which would result in no portion of the benefits being subject to such excise tax, whichever is more beneficial to the executive.

Payment made under each respective agreement is generally made in a lump sum within thirty days following termination subject to delay if required by Section 409A of the Internal Revenue Code.

The following tables show potential payments to Messrs. Clemmer, Greiner, Simpson, Campbell and Trowbridge under existing agreements, plans or other arrangements, for various scenarios involving a change in control or termination of employment, in each case assuming the termination date was May 31, 2017 and where applicable,

using the closing market price of our common stock of \$15.08 per share on that date (as reported on Nasdaq).

Potential Payments following a Change in Control

(2) Amounts in the “Restricted Stock Unit and Performance Share Vesting” column represent the value of the number of each named executive officer’s restricted stock units and performance share awards, the vesting of which would have accelerated as of May 31, 2017, calculated by multiplying the number of accelerated restricted stock units and performance share awards by \$15.08 (the closing price of our common stock on May 31, 2017).

Employees, including named executive officers, are not entitled to any benefits upon termination for cause. All unvested stock options and restricted stock units, as well as all vested but unexercised stock options are forfeited as of the date of termination. Following an involuntary termination by the Company (other than termination for cause or in connection with a change in control), assuming a termination on May 31, 2017, each Named Executive Officer would be entitled to the following benefits: Mr. Clemmer - \$937,500; Mr. Greiner - \$370,000; Mr. Simpson - \$330,000; Mr. Campbell - \$270,000; and Mr. Trowbridge - \$314,000.

Internal Revenue Code Section 162(m) Considerations

Section 162(m) of the Internal Revenue Code generally prohibits a publicly-held corporation, such as AngioDynamics, from claiming a deduction on our federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the CEO (or person acting in that capacity) and to the three most highly compensated officers other than the CEO as of the end of our fiscal year (but not including the chief financial officer). This limitation does not apply to compensation that meets the requirements under section 162(m) for “qualifying performance-based” compensation (i.e., compensation paid only if the individual’s performance meets pre-established objective goals based on performance criteria approved by shareholders). In general, the Compensation Committee has structured awards to executive officers under the Company’s incentive programs to qualify for this “qualifying performance-based” compensation exception under Section 162(m) of the Internal Revenue Code. However, the Compensation Committee retains the discretion to award compensation that exceeds the Section 162(m) deductibility limit.

2016 Shareholder Advisory Vote on Executive Compensation

At our 2016 annual meeting, our shareholders approved, on an advisory basis, the compensation paid to our named executive officers, as disclosed under the compensation disclosure rules of the SEC, including the compensation discussion and analysis, the compensation tables and any related materials disclosed in the proxy statement for the 2016 annual meeting. The shareholder vote in favor of our named executive officer compensation totaled approximately 88 percent of all votes cast, including abstentions. The Compensation Committee considered the results of the 2016 vote and views the outcome as evidence of strong shareholder support of our executive compensation decisions and policies. Accordingly, the Compensation Committee did not change its approach to executive compensation in 2017.

Compensation Policies and Practices Relating to Risk Management

Each year, the Compensation Committee reviews our compensation programs applicable to all employees and reviews and approves the compensation program applicable to executives, including the NEOs. Based on the Compensation Committee's review of the terms and elements of these programs, as well as our practices and policies, the Compensation Committee determined that the Company's compensation policies and practices are appropriately designed to provide incentives for our employees without creating an inappropriate risk of excessive risk taking. Among other factors, the Compensation Committee's compensation philosophy generally discourages excessive risk taking by, among things:

- targeting base salary at or near the 50th percentile of comparable companies, providing meaningful compensation at a fixed level;
- designing total compensation programs to comprise a meaningful amount of long-term incentive compensation;
- balancing the composition of the Company's long-term incentive program to include time based restricted stock units to go along with relative TSR performance shares and options;
- capping the total payout of short-term cash incentive opportunities; and
- adopting a code of ethics and business conduct applicable to all employees and directors.

In addition, the Company's 2004 Stock and Incentive Award Plan, as amended, includes clawback provisions that provide that any award (including annual cash incentive awards as well as long term equity-based incentive awards) granted to an executive are subject to repayment if the Compensation Committee or the Board of Directors later determines that the financial results of the Company upon which such awards were based are materially restated and such executive engaged in fraud or intentional misconduct in connection with such financial results. See Clawback Policy set forth in this Compensation Discussion and Analysis.

Based on the Compensation Committee's review, the Company has concluded that the risks arising from its compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors evaluates and makes recommendations to the Board of Directors regarding the compensation of the CEO and approves the compensation of our other named executive officers. The Compensation Committee also administers all executive compensation programs, incentive compensation plans and equity-based plans and all other compensation and benefit programs currently in place. We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

AUDIT MATTERS

Audit Committee Report

During our fiscal year ended May 31, 2017, the members of the Audit Committee were Dennis S. Meteny, Jeffrey G. Gold, Wesley E. Johnson, Jr., Jan Stern Reed (who was appointed to the committee in January 2017) and Sriram Venkataraman (who resigned from our board in August 2016). Each member of the Audit Committee has been determined by the Board of Directors (the “Board”) to be independent under the listing standards of The Nasdaq Stock Market LLC. In August 2016, pursuant to the terms of the Stockholders Agreement, Sriram Venkataraman resigned from the Board. During our fiscal year ended May 31, 2017, the Audit Committee was composed of four directors, each of whom has been determined by the Board to be independent under the listing standards of The Nasdaq Stock Market LLC. The Audit Committee operates under a written Audit Committee Charter, which was adopted by the Board of Directors on February 27, 2004, and revised and approved by the Board of Directors on May 10, 2006, May 11, 2009, October 2010 and January 2015. The Audit Committee Charter is available on our website at www.angiodynamics.com under the “Investors-Corporate Governance-Committee Charters-Audit Committee” caption. Management of the Company is responsible for internal controls, the financial reporting process and compliance with laws and regulations and ethical business standards. The Company’s independent registered public accounting firm is responsible for performing an independent audit of the Company’s financial statements and effectiveness of internal controls in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Audit Committee is charged with the duty to monitor and oversee these processes.

Pursuant to the Charter, the primary responsibilities of the Audit Committee are to assist the Board in its oversight of:

(i) the integrity of the Company’s financial statements, financial reporting process, system of internal controls over financial reporting, and audit process; (ii) the Company’s compliance with, and process for monitoring compliance with, legal and regulatory requirements; (iii) the independent registered public accounting firm’s qualifications and independence; and (iv) the performance of the Company’s independent registered public accounting firm, including, without limitation, ensuring that interim quarterly financial statements are reviewed by the Company’s independent registered public accounting firm. The quarterly reviews include discussions by management and the independent registered public accounting firm with the Audit Committee. The Audit Committee must also pre-approve all audit and permitted non-audit services to be performed by the independent registered public accounting firm.

The Audit Committee has the authority to select, determine the compensation paid to, and replace the Company’s independent registered public accounting firm. PricewaterhouseCoopers LLP was the Company’s auditor for the first quarter of fiscal 2017. The Audit Committee selected Deloitte & Touche LLP starting in the second quarter of fiscal 2017 as the Company’s independent registered public accounting firm. Deloitte & Touche LLP continues to act as the company’s auditor.

The Charter provides that the Audit Committee shall always consist of not less than three members, all of whom must be independent directors. No member of the Audit Committee may serve on the Audit Committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to serve effectively on the Audit Committee, and discloses this determination in the proxy statement. To carry out its responsibilities, the Audit Committee met 7 times, either in person or by telephone, during fiscal 2017. Prior to the issuance of the fiscal 2017 financial statements, the Audit Committee met with management and with Deloitte & Touche LLP to review the financial statements and to discuss significant accounting issues and policies. Management advised the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee’s review included discussion with Deloitte & Touche LLP of matters that are required to be discussed pursuant to Statement on Auditing Standards No. 16, “Communications with Audit Committees,” as adopted by the Public Company Accounting Oversight Board.

The Audit Committee discussed with Deloitte & Touche LLP and PricewaterhouseCoopers LLP matters relating to Deloitte & Touche LLP and PricewaterhouseCoopers LLP’s independence, including the written disclosures and the letters provided by Deloitte & Touche LLP and PricewaterhouseCoopers LLP to the Audit Committee as required by applicable requirements of the Public Company Accounting Oversight Board. Deloitte & Touche LLP and

PricewaterhouseCoopers LLP informed the Audit Committee in writing that they were independent with respect to the Company within the regulations promulgated by the Securities and Exchange Commission and the requirements of the Public Company Accounting Oversight Board. The Audit Committee has concluded that Deloitte & Touche LLP and PricewaterhouseCoopers LLP are independent of the Company and its management.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plan for their audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination and the evaluation of the Company's internal controls.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended May 31, 2017, for filing with the Securities and Exchange Commission.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm.

In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for the next year's audit, management submits a list of services and related fees expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.

Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax

analysis, assisting with coordination of execution of tax related activities, primarily in the area of corporate tax planning, supporting other tax-related regulatory requirements and tax compliance and reporting.

4. Other Fees are those associated with services not captured in the other categories. We generally do not request such services from the independent registered public accounting firm.

Prior to engagement, the Audit Committee pre-approves the independent registered public accounting firm services within each category. The fees are budgeted in the Company's annual operating budget. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

PROPOSAL 3-ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The primary objective of our overall executive compensation program is to provide balanced, comprehensive and competitive rewards for the short and long-term in a cost-effective manner to the Company. We have designed our executive compensation program to incentivize achievement of earnings, sales and other financial metrics that we believe deliver value to our shareholders, drive operational results and promote high levels of individual performance. Our compensation program provides a combination of fixed and variable pay with an emphasis on at-risk compensation linked to performance goals. We believe that compensation levels in the medical device industry are dynamic and very competitive as a result of the need to attract and retain qualified executives with the necessary skills and experience to keep up with the complex regulatory environment in which we operate and to understand the rapidly changing medical technology in our industry. We believe that our current executive compensation program achieves our objectives effectively.

Shareholders are urged to read the Compensation Discussion and Analysis set forth in this proxy statement that discusses how our compensation policies and procedures reflect our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure, which describe the compensation of our five most highly-compensated executive officers in fiscal 2017.

In accordance with the recent changes to Section 14A of the Exchange Act, as amended, which were made pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, and as a matter of good corporate governance, shareholders will be asked at the Annual Meeting to approve the following advisory resolution:

Adoption of Proposal No. 3

RESOLVED, that the shareholders of AngioDynamics, Inc. approve the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and related compensation tables, and the related disclosure contained in this proxy statement.

This advisory vote is not binding. Although non-binding, the Compensation Committee will consider the outcome of the advisory vote when making future decisions regarding our executive compensation programs.

The Board of Directors, taking into account the advisory vote of our shareholders at the 2011 Annual Meeting of Shareholders, has approved an annual frequency for shareholder votes to approve the compensation of our named executive officers. As a result, unless the Board determines otherwise, the next such vote will be held at the Company's 2018 Annual Meeting of Shareholders and on an annual basis thereafter.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4 - APPROVAL OF "SAY-ON-PAY FREQUENCY" ADISORY VOTE ON A NON-BINDING RESOLUTION TO DETERMINE THE FREQUENCY OUR SHAREHOLDERS WILL BE ASKED TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the changes to Section 14A of the Securities Exchange Act, as amended, which were made pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, public companies are required to submit a proposal to their shareholders regarding the frequency of "Say-on-Pay" votes at least every six years. We last held this vote at our 2011 Annual Meeting.

The Board of Directors believes that it is in the best interest of the Company and its shareholders that a "Say-on-Pay" vote be held annually. We believe that this frequency is appropriate for several reasons. An advisory vote on executive compensation held every year would best enable our shareholders to timely express their views on the company's executive compensation program and enable the Board and the Compensation Committee to determine current shareholder sentiment. While our executive compensation programs are designed to promote long-term connection between pay and performance, the Board recognizes that executive compensation disclosures are made annually. An annual advisory vote on executive compensation will provide the company with more direct and immediate feedback on our compensation disclosures.

Although the Board recommends a "say-on-pay" vote every year, shareholders will be able to specify one of the following four frequency choices for this proposal on the proxy card: 1 year, two years, three years or abstain from voting. Shareholders are not voting to approve or disapprove of the Board's recommendation.

Although this advisory vote regarding the frequency of say-on-pay votes is non-binding on the Board, the Board and the Compensation Committee will review the voting results and take them into consideration when deciding how often to conduct future say-on-pay shareholder advisory votes. In addition, in the event the company makes a material change to its executive compensation policies affecting named executive officers and a say-on-pay vote is not otherwise scheduled for the first year to which such change will be disclosed in the proxy statement, then the company intends to accelerate the say-on-pay voting schedule and conduct a say-on-pay vote for that year. The Board will disclose its position on the frequency of future advisory votes on executive compensation in the investor relations section of our website at www.angiodynamics.com.

In the absence of a majority of votes cast in support of any one frequency, the option of 1 year, two years, or three years that receives the greatest number of votes will be considered the frequency selected by our stockholders.

If the shareholders agree with the Board of Directors recommendation regarding the frequency of "Say-on-Pay" proposals, the next "Say-on-Pay" proposal (after the proposal contained in this proxy statement as Proposal No. 3) would be included in the proxy statement relating to our 2018 Annual Meeting of Shareholders.

Unless otherwise instructed, the proxies will vote for the "1 year" frequency alternative.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR "1 YEAR" AS THE FREQUENCY OUR SHAREHOLDERS WILL BE ASKED TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions

There were no related party transactions pursuant to Item 404 of Regulation S-K during our fiscal year ended May 31, 2017.

Policy on Related Party Transactions

On July 27, 2007, the Board of Directors approved a Related Person Transaction Policy. The policy defines “Related Person Transaction” as certain transactions, arrangements or relationships in which the company participates, the amount exceeds \$50,000 and certain related persons have a material interest. Under the policy, any potential Related Person Transaction, including for example the purchase of goods or services, guarantees of indebtedness or employment, must be pre-approved by the Audit Committee unless circumstances make pre-approval impracticable. In the latter case, management is allowed to enter into the transaction, but the transaction remains subject to ratification by the Audit Committee at a subsequent Audit Committee meeting. In determining whether to approve or ratify a Related Person Transaction, the Audit Committee will take into account a number of factors, including the related person’s interest and approximate dollar amount of the transaction, as well as, whether the transaction occurred in the ordinary course of business or through a competitive bid process. On an annual basis, the Audit Committee will review and assess ongoing Related Person Transactions to determine whether the relationships remain appropriate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of initial ownership and changes in ownership with the SEC. Based solely on our review of copies of such forms received by us, or on written representations from certain reporting persons that no reports were required for such persons, we believe that, during the fiscal year ended May 31, 2017, all of our executive officers, directors and 10% shareholders complied with all Section 16 filing requirements, except that each of James C. Clemmer, Jeffrey G. Gold, Dennis S. Meteny and Stephen A. Trowbridge filed one late Form 4.
