The Bill, among other provisions:

- Authorizes the Executive Branch to set up a corporation, governed by Federal Law 6,404 / 76, with the purpose of grouping basic sanitation assets and others with operations and in segments related to its primary object ("Controlling Company");

- Provides that the Controlling Company shall, among others, exercise control of the Company and assist the Government of the State of São Paulo in the implementation of public policies in the area of basic sanitation;
 - Determines that the Government must retain ownership of the majority of the voting capital of the Controlling Company, being allowed the participation of other shareholders in a minority position;

 - Establishes that the Government of the State of São Paulo is authorized to:
 - (i) Pay for its shareholding in the Controlling Company by transferring the shares held in the Sabesp;

 - (iii) Sell or encumber the shares of the Controlling Company, or the respective subscription rights thereof, provided that most of the voting capital is permanently held.
 - Provides for the signing of a management agreement between the Government of the State of São Paulo, the Controlling Company and the Company, in order to strengthen their administrative and financial efficiency
-
