Re: Official Letter No. 416/2017/CVM/SEP/GEA-1

Subject: Request for clarifications on the news.

Dear Sirs,

We refer to the official letter highlighted and transcribed below:

Subject: **Request for clarifications on the news.**

Dear Officer,

1. We refer to the news reported on this date, in the newspaper O Estado de São Paulo, in the Business & Economy section, under the title "Bradesco closes deal of R\$ 111 million in Greenfield", which contained the following statements:

Bradesco signed a redress agreement with the Federal Public Prosecutor's Office (MPF) in Brasília in the scope of the Greenfield Operation, in which it undertook to pay R\$ 111 million to the Petros pension funds, of employees from **Petrobras**, and Funcef, Caixa Econômica Federal, and to Agência de Fomento do Estado do Amazonas (Afeam).

In a statement issued yesterday, the MPF stated that the updated value corresponds to the amount that was invested in the **Private Equity Investment Fund (PIF) Enseada**, between 2010 and 2017. The redress agreement of Bradesco was approved by the Federal Court of the Judiciary Section on December 14, 2017.

In addition to the payment, Bradesco has also assumed the commitment to appear before the Greenfield Task Force and the Federal Police to provide clarification where necessary, in addition to guide directors and employees to do the same and conduct an independent internal investigation, according to the MPF.

Operation Greenfield was launched in September of last year and involved a series of companies and managers of investment funds. The objective was to investigate suspected fraud in the Previ (Banco do Brasil), Petros, Postalís (Post Office) and Funcef **Pension Funds**.

In the case of Bradesco, the operation stated the broker firm BEM and asset manager BRAM, for having "in the past, exercised the administration and management of the Enseada investment fund".

2. In this respect, we ask the company to provide a statement regarding the veracity of the news, and, if so, to explain the reasons for which they did not understand this as a relevant fact, as well as to comment on other information considered as important on the subject.

3. We would also emphasize the obligation provisioned in the sole paragraph of article 4 of CVM Instruction No. 358/02, of questioning directors and controlling shareholders of the Company, as well as other people with access to material facts or acts, with the aim of ascertaining whether they are aware of information that should be reported to the market.

4. This statement should be made through Sistema Empresa.NET, category: Notice to the Market, type: Clarifications on questioning by CVM/B3, subject: News Reported on the Media, which should include the transcript of this official letter.

*5. We warn that, according to the order of the Superintendence of Corporate Relations, in the use of its legal attributions and, based on section II of article 9, of Law No. 6,385/76 and on CVM Instruction No. 452/07, the determination for the application of a punitive fine is incumbent, **to the sum of R\$ 1,000.00** (one thousand reais), without prejudice to other administrative sanctions for non-compliance with the requirement contained in this official letter, sent exclusively by e-mail, **until December 21, 2017**, notwithstanding the provisions of the sole paragraph of art. 6 of CVM Instruction No. 358/02."*

In response to your request, please be advised that the matter reported in the press is true and was not treated as Material Fact, because: a) we believe that the amount involved is immaterial and compatible with the normal course of business of the Company; and b) it is based on a fact that was reported to the market on September 09, 2016.

Additionally, it communicates that with the payment made yesterday, the guarantee of public securities was released, provided before the Judgment of the 10th Federal Court of the Federal District, which was intended to ensure the payment for any losses of civil nature borne by institutional investors.

The Company made a thorough assessment of all the aspects related to FIP ENSEADA, having forwarded to the Federal Public Prosecutor's Office the respective Internal Inspector's Report, without having noticed any deviation in the performance of its controlled companies and their managers.

Nevertheless, following the recommendation of its legal advisors, it believed the payment should be made, as a way of avoiding hassle and long discussions of judicial and administrative nature.
