Board Leadership Structure and the Board's Role in Risk Oversight

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board also recognizes that depending on the circumstances, other leadership models may be appropriate, and that no single leadership model is right for all companies and at all times. Accordingly, the Board periodically reviews its leadership structure.

The Board oversees and guides the Company's management and its business affairs. Committees assist the Board in discharging its responsibilities on issues that benefit from consideration by a smaller, more focused subset of directors. All committee members are elected by and serve at the pleasure of the Board. The Board currently combines the role of Chairman of the Board with the role of chief executive officer. The Board believes this provides an efficient and effective leadership model for the Company. Combining the chairman and chief executive officer roles fosters clear accountability, effective decision-making and alignment on corporate strategy. The Board does not have a lead independent director at this time.

The Board's role in the Company's risk oversight process includes regular reviews of information from senior management regarding the areas of material risk to the Company. The oversight is conducted primarily through committees of the Board, as disclosed in the descriptions of each of the Board committees below and in the charters of each of the committees, but the full Board has retained responsibility for general oversight of risks. The compensation committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The audit committee oversees management of financial and information technology risks. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed about such risks. The full Board also manages additional risks, including those associated with corporate governance, independence of Board members and potential conflicts of interest.

Board Committees and Meetings

Our Board has met 4 times since September 1, 2011, the date on which we succeeded our reporting predecessor, Seven Arts Pictures Plc. Our Board has an audit committee, a compensation committee, and a nomination committee.

We do not have a policy regarding Board members' attendance at annual meetings.

Our current Board committee members are listed below.

Hubert Gibbs	Independent Chairman
Peter Hoffman	Chief Executive Officer
Elaine New	Chief Financial Officer
Katrin Hoffman	Chief Operating Officer
Dan Reardon	Independent Director
Anthony Hickox	Independent Director
Robert Kaiser	Independent Director

We have an Audit Committee, which recommends to the Board of Directors the engagement of our independent registered public accounting firm and reviews with such firm the scope and results of our audits, our internal accounting controls, and the professional services furnished by our independent registered public accounting firm.

The current members of the Audit Committee are Mr. Robert Kaiser (Chair), Mr. Gibbs and Mr. Reardon. The Audit Committee did not meet separately in the fiscal period of our reporting predecessor, Seven Arts Pictures Plc, ended

June 30, 2011, but will meet separately with our independent registered public accounting firm to review the year-end financial statements and the audit process.

Our Compensation Committee (Mr. Gibbs, Mr. Hickox and Mr. Reardon) and Nominating Committee (Mr. Gibbs, Mr. Hickox and Mr. Reardon) are made up of three of our independent directors.

All Committees of the Board are organized pursuant to resolutions of the Board of Directors. The terms of reference of each committee are based on the subject matter jurisdiction of each Committee. The Compensation Committee reviews and approves all employee compensation and bonuses. The Nomination Committee proposes candidates for election to our Board of Directors.

All meetings of each Committee are on an ad-hoc basis, decisions are made by majority vote and all decisions are reported to the full Board of Directors for approval.

Audit Committee

The audit committee meets with our independent registered public accounting firm at least annually to review the results of the annual audit and discuss the financial statements; recommends to the Board the independent registered public accounting firm to be retained; oversees the independence of the independent registered public accounting firm; evaluates the independent registered public accounting firm's performance; consults with the independent registered public accounting firm and discusses with senior management the scope and quality of controls; and reviews and considers the cooperation received by the independent registered public accounting firm during their audit examination and quarterly reviews. The Board has adopted a written audit committee charter that requires at least semi-annual meetings. The charter is included as Appendix A to this proxy statement. The audit committee has met once since September 1, 2011, the date on which we succeeded our listing predecessor, Seven Arts Pictures Plc to discuss the results of the year-end June 30, 2011 audit..

Compensation Committee

The compensation committee has the primary authority to determine our compensation philosophy and to make recommendations regarding compensation for our executive officers. The compensation committee makes recommendations to the Board concerning salaries and incentive compensation for executive officers, awards equity compensation to employees and consultants under our 2012 Stock Incentive Plan (the "2012 Plan") and otherwise determines compensation levels and performs such other functions regarding compensation as the Board may delegate.

The compensation committee has recommended to the Board, and the Board has implemented, compensation policies, plans and programs that seek to enhance stockholder value by aligning the financial interests of the executive officers with those of the stockholders. We rely heavily on incentive, including equity, compensation to attract, retain, motivate and reward executive officers. Historically, annual base salaries have been set at the time of hire and are subject to adjustment. Initial base salaries are recommended by the Chief Executive Officer to the compensation committee. After review, the compensation committee recommends to the full Board the compensation package as part of the overall Board consideration of the full employment package offered to the prospective officer. The compensation package is based on the amount deemed necessary to attract and retain the services of the executive officer candidate. Incentive compensation is variable and tied to corporate and individual performance. The incentive compensation program is designed to provide incentive to management to grow revenues, provide quality returns on investment, enhance stockholder value and contribute to our long-term growth. The incentive compensation program is reviewed at least annually to ensure it meets our current strategies and needs. The Chief Executive Officer aids the compensation committee by providing input regarding the annual compensation of all executive officers, other than himself. The performance of our Chief Executive Officer is reviewed annually by the compensation committee.

The Board has not adopted a written compensation committee charter. The compensation committee had several informal discussions since September 1, 2011, the date on which we succeeded our listing predecessor, Seven Arts Pictures Plc.

Nominations Committee

Director nominees to our Board are recommended to the full Board by the nomination committee. The Board, as a whole, then approves or rejects such director nominees.

The identification of director nominees may occur in various ways, including through recommendation by our directors, management and stockholders. Although there are no specific minimum qualifications applicable to director nominees, in recommending director nominees, the independent directors evaluate the qualifications of

identified director nominees in light of the skills, experience, perspective and background required for the effective functioning of our Board. While there is no formal policy with respect to diversity, the Board does consider such issues as diversity of education, professional experience, differences of viewpoints and skills when assessing individual director nominees. Nominations must also comply with the rules relating to stockholder proposals, as described under “Stockholder Proposals” above. All director nominee recommendations and the subsequent nomination process are evaluated using the same guidelines described above.

PROPOSAL NO. 2 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board, based on the recommendation of the audit committee, has selected The Hall Group, CPAs as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2012 and recommends that the stockholders ratify such selection. Although not required, we believe that it is good corporate practice to request stockholder ratification of the Board's appointment of our independent registered public accounting firm. In the event that a majority of the shares are not voted in favor of ratification, the audit committee will reconsider its selection. Unless otherwise instructed, the proxy holders will vote the proxies they receive for the ratification of The Hall Group, CPAs' appointment as our independent registered public accounting firm for the fiscal year ending June 30, 2012. 30,886,342 shares of common stock were issued and outstanding,

8,296,214 shares of common stock were reserved for issuance upon the exercise of stock options and warrants granted by us.

125,125 shares of Series A preferred stock, 0 shares of Series B preferred stock were issued and outstanding, and convertible into 8,336,846 shares of common stock.

Purpose of Amendment

The Board believes that it is advisable and in our best interests and those of our stockholders to have available additional authorized but unissued shares of common stock in order to maintain our flexibility to use such shares for business and/or financing purposes in the future. The newly authorized shares of capital stock, if and when issued and designated as common shares, will have the same rights and privileges as the shares of common stock currently authorized, issued and outstanding.

Raising capital,

Expanding our business through acquisitions and other strategic transactions,

Paying stock dividends or effecting stock splits,

Providing equity incentives to employees, officers and directors, and

Other general corporate purposes.

We have issued or agreed to issue convertible securities which would, if converted, require issuance of 16,363,636 shares of common stock which is more than the current authorized capital stock under our Amended Articles of Incorporation. Our current plans, agreements, arrangements, or understandings for the issuance of additional shares relate solely to (i) the shares of our common stock underlying the convertible securities referenced in the immediately preceding discussion and (ii) in respect of any transactions potentially contemplated by Proposal No. 5 in this Proxy Statement.

Like the currently authorized but unissued shares of our common stock, any additional shares of common stock authorized by this proposal would be available for issuance without further action by our stockholders, unless further action is required by law. The authorization of additional shares of common stock will enable us, as the need may arise, to take advantage of market conditions and favorable opportunities without the delay and expense associated with the holding of a special meeting of our stockholders.

Possible Effects of Increasing Our Authorized Capital Stock

The additional shares of capital stock, if issued and designated as common shares, would have the same rights and privileges as the shares of common stock currently authorized, issued, and outstanding. Any issuance of additional shares of common stock would increase the number of outstanding shares of common stock and (unless such issuance was pro-rata among existing stockholders) the percentage ownership of existing stockholders would be diluted accordingly.

Although an increase in the authorized shares of our common stock could, under certain circumstances, also be construed as having an anti-takeover effect (for example, by permitting easier dilution of the stock ownership of a person seeking to effect a change in the composition of our Board or contemplating a tender offer or other transaction resulting in our acquisition by another company), the proposed increase in shares authorized is not in response to any effort by any person or group to accumulate our common stock or to obtain control of us by any means. In addition, the proposal is not part of any plan by our Board to recommend or implement a series of anti-takeover measures.

Resolution Adopting the Proposed Amendment

The following resolution, which will be presented at the Annual Meeting, will adopt the proposed amendment to our amended articles of incorporation to increase our authorized shares of capital stock:

RESOLVED, that Article III of the Articles of Incorporation, as amended, is hereby amended to read in its entirety as follows:

Article IV

The aggregate number of shares which the corporation shall have the authority to issue is 250,000,000 shares of stock at \$0.01 par value.

The proposed increase in the authorized shares of capital stock would become effective immediately upon the filing of the Share Increase Amendment with the office of the Secretary of State of the State of Nevada. We expect to file the share Increase Amendment with the Secretary of State of the State of Nevada promptly upon approval by our stockholders. However, the Board reserves its right to elect to abandon the share Increase Amendment if it determines, in its sole discretion, that this proposal is no longer in our best interests or those of our stockholders.

Our Board recommends a vote FOR approval of the amendment of our amended articles of incorporation to increase
the
number of authorized shares of our capital stock from 50,000,000 shares to 250,000,000 shares.

PROPOSAL NO. 4 – AUTHORIZE BOARD OF DIRECTORS TO IMPLEMENT A REVERSE SPLIT OF THE COMPANY’S COMMON STOCK IN A RATIO OF BETWEEN 1:3 AND 1:5

Our Board is proposing for stockholder approval a resolution set forth below to authorize the Board in its discretion to implement a reverse split of our common shares in a ratio of between 1:3 and 1:5 as determined by the Board.

Purpose of the Resolution: The Company’s common stock is listed on NASDAQ Capital Markets (“NASDAQ CM”) and (including the ordinary shares of our listing predecessor, Seven Arts Pictures Plc) has been since February, 2009. While the Company meets all other requirements of NASDAQ CM for continued listing, the common shares of the Company from time to time due to market conditions, short selling and other trading strategies or factors unknown to the Company have failed to meet the listing requirement of NASDAQ C that the closing bid price of the Company’s common stock remain over \$1 for at least ten trading days (“\$1 Rule”). The Company’s common stock currently is trading at less than \$1 and through extensions obtained from NASDAQ, has until [September [], 2012] to meet the \$1 Rule. Management believes that the Company should meet the requirement of the \$1 Rule by this date, but the Board seeks authority to implement a reverse split of the Company’s common stock if necessary to comply with the \$1 Rule in this time period. The Board believes that continuation of trading of the Company’s shares on NASDAQ is in the best interests of stockholders and will implement a reverse split if it determines such is necessary to maintain the listing of its common shares on NASDAQ CM.

Possible Effects Of A Reverse Split. While a reverse split of the Company’s common stock will not change the inherent values of the Company’s common stock or the claims on the assets of the Company by each stockholder, stockholders may suffer a decline in the aggregate market value of their holdings of common shares after a reverse split due to trading strategies or market conditions. Such declines are common for reasons that vary with different enterprises and market conditions, and cannot be predicted or measured with certainty.

Because we are requesting the approval of our stockholders for a reverse split of our common stock, without an equivalent, proportional reduction in our authorized capital (and, pursuant to Proposal No. 3, are asking our stockholders to increase our authorized capital), certain of the effects of such an increase referenced in Proposal No. 3 would be similar to the effects of a reverse split if this proposal is approved by our stockholders. As noted in our discussion of Proposal No. 3, our current plans, agreements, arrangements, or understandings for the issuance of additional shares relate solely to (i) the 16,363,636 (pre-reverse split) shares of common stock underlying the convertible securities that we have issued or have agreed to issue and (ii) in respect of any transactions potentially contemplated by Proposal No. 5 in this Proxy Statement.

Like the currently authorized but unissued shares of our pre-split common stock, any additional shares of common stock after any reverse split would be available for issuance without further action by our stockholders, unless further action is required by law.

Although a reverse split of our common stock without an equivalent, proportional reduction in our authorized capital could, under certain circumstances, also be construed as having an anti-takeover effect (for example, by permitting easier dilution of the stock ownership of a person seeking to effect a change in the composition of our Board or contemplating a tender offer or other transaction resulting in our acquisition by another company), the proposed reverse split is not in response to any effort by any person or group to accumulate our common stock or to obtain control of us by any means. Rather, it is, as noted above, solely in respect of the \$1 Rule and maintaining the listing of our common stock on the NASDAQ CM. In addition, the proposal is not part of any plan by our Board to recommend or implement a series of anti-takeover measures.

Resolution Granting Board Authority. The following resolutions will be presented at the Annual Meeting to grant authority to the Board to authorize a reverse split of between 1:3 to 1:5, as determined by the Board.

RESOLVED, the Board of Directors of the Company shall have the authority to implement a reverse split of the shares of common stock of the Company to preserve the listing of the Company's common stock on NASDAQ Capital Markets in a ratio of 1:3 to 1:5, as determined by the Board of Directors.

Our Board recommends a vote for the grant of authority to the Board of Directors to implement a reverse split of the Company's common stock in a ratio of between 1:3 and 1:5, as determined by the Board of Directors.

PROPOSAL No. 5 — AUTHORIZE THE BOARD OF DIRECTORS TO ISSUE OF UP TO 15,000,000 SHARES OF COMMON STOCK BELOW THE GREATER OF A SHARE OF COMMON STOCK'S BOOK VALUE OR MARKET VALUE AT THE TIME OF ISSUANCE

Background

Our Board of Directors is currently contemplating initiating a private offering, exempt from registration pursuant to the provisions of Regulation D, with one or a limited number of third-party, accredited investors. It is possible that we will have initiated and/or closed such a potential offering by the time of the Annual Meeting, although such a potential offering may not occur at all. The contemplated private offering (the "Potential New Offering") may consist of shares of either common stock, convertible preferred stock ("Convertible Preferred Stock"), convertible debt ("Convertible Debt"), and/or warrants to purchase common stock, aggregating up to 15,000,000 shares of common stock, to a limited number of third-party, accredited investors (the "New Investors"), and a number of common stock purchase warrants (the "New Investor Warrants") that would entitle the holders to purchase additional shares of our common stock. If initiated, the Potential New Offering will be made on terms deemed acceptable by our Board of Directors, which may include a Convertible Preferred Stock or Convertible Debt conversion price per share and a New Investor Warrant exercise price at below the greater of a share of our common stock's book value or its market value at the time of issuance.

If stockholders do not authorize the Potential New Offering, it may not be initiated. If the Potential New Offering is initiated and does close, as to which there can be no assurance, the initial gross proceeds are estimated to be up to approximately \$6,000,000, exclusive of any proceeds from any exercise of the New Investor Warrants. [Under the policy of NASDAQ Capital Markets ("NASDAQ CM"), the Potential New Offering must be closed within 90 days following stockholder approval or a subsequent approval of the stockholders may be deemed necessary by NASDAQ CM].

Need for Additional Financing

As noted above, our Company has a need for additional financing. Unless (i) we have raised additional financing, or (ii) substantially improved our cash position, we will need to raise additional funds from the sale of our securities to implement our business plan. Management believes that the initiation and closing of the Potential New Offering is in the best interest of the Company and its stockholders.

Need for Stockholder Approval

If the Potential New Offering is initiated and closes, in order for the New Investors thereafter to be permitted to convert all of their Convertible Preferred Stock or Convertible Debt into shares of our common stock and to exercise all of their New Investor Warrants, or in order for us to sell more than approximately [6,000,000] shares of our common stock, our stockholders must have approved this Proposal 5. Without stockholder approval, the shares of our common stock underlying the Convertible Preferred Stock, Convertible Debt and/or New Investor Warrants will be subject to listing approval on NASDAQ OMX and the 20% limitation as referenced above under Rule 5635(d) of the Company Guide of NASDAQ OMX. As of the record date, we had 35,927,523 shares of common stock outstanding. Accordingly, our proposed Potential New Offering is being submitted to the stockholders for approval in order to comply with NASDAQ OMX.

As noted above, given current market conditions, we may need to reduce our outstanding debt and offer and sell shares of our common stock or other securities that are convertible into or exercisable for shares of common stock, at a sale price (or having a conversion price or exercise price) per share less than the greater of a share of our common stock's book value or its market value at the time of issuance. If we do not obtain stockholder approval for this proposal, we may not be able to initiate and close the Potential New Offering.

Notwithstanding stockholder approval of this proposal, the listing on NASDAQ CM of any of the 15,000,000 shares that we may issue following such stockholder approval will require NASDAQ CM approval of an application for the listing of these additional shares. Furthermore, stockholder approval does not obviate the need for compliance with the requirements of the 1934 Securities and Exchange Act or other NASDAQ CM requirements.

Increased Dilution

The proposal being voted on at our Annual Meeting is related to the Potential New Offering. We would have approximately 70,000,000 shares of common stock outstanding if all the Convertible Preferred Stock and/or Convertible Debt is converted into common stock and all the New Investor Warrants are exercised. You should, therefore, consider the potential dilution in determining whether to approve this proposal.

Potential Negative Effect on our Stock Price

If Proposal 5 receives the necessary approval and we are authorized to issue up to 7,500,000 additional shares of our common stock upon the conversion of the Convertible Preferred Stock and/or Convertible Debt and the exercise of the New Investor Warrants, all of those shares will become eligible for sale in the public markets, after expiration of the six-month holding period required under Rule 144 of the Securities Act of 1933 and subject to the terms of the Potential New Offering. These shares could become eligible for resale in the public markets earlier if, subsequent to the sale of the Convertible Preferred Stock, Convertible Debt or common stock, we file a registration statement with the SEC covering the resale of the shares and such registration statement is declared effective. Any such sales, or the anticipation of the possibility of such sales, would represent an overhang on the market and could depress the market price of our common stock.

Vote Required; Board of Directors' Recommendation

The approval of our proposal to issue of up to 15,000,000 shares of common stock, or up to 15,000,000 shares of common stock upon conversion of yet to-be-issued Convertible Preferred Stock or Convertible Debt and the exercise of yet to-be-issued warrants at a potential issuance price per share below the greater of a share of our common stock's book value or its market value at the time of issuance will require the affirmative vote of at least a majority of the votes cast by the holders of shares of common stock present or represented at the meeting and entitled

to vote.

Resolution Granting Board Authority

The following resolution will be presented at the Annual Meeting to grant authority to the Board to issue up to 15,000,000 shares of common stock below the greater of a share of common stock's book value or market value at the time of issuance:

RESOLVED, the Board of Directors of the Company shall have the authority to issue up to 15,000,000 shares of common stock at a price per share less than the greater of a share's book value or market value at the time of issuance.

Our Board recommends a vote FOR the grant of authority to the Board of Directors to issue up to 15,000,000 shares of common stock at a price per share below the greater of a share's book value or market value at the time of issuance.

PROPOSAL NO. 6 – APPROVAL OF 2012 STOCK INCENTIVE PLAN

The Plan. As of March 1, 2012, there are 2,512,001 authorized but unissued options to purchase shares of common stock.

Our Board of Directors unanimously approved the 2012 Stock Incentive Plan (the “2012 plan”) on January 10, 2012, subject to stockholder approval at the 2012 Annual Meeting. Our Board of Directors is requesting that our stockholders approve the 2012 Plan because of its belief that the 2012 Plan is in the Company’s interest and that of our stockholders. The following summary of certain features of the 2012 Plan is qualified in its entirety by reference to the actual text of the 2012 Plan, which is attached as Annex C to this Proxy Statement. If approved by the stockholders, the Compensation Committee or our Board of Directors may suspend or terminate the 2012 Plan at any time.

The 2012 Plan provides for the grant to employees, including executive officers, of restricted stock, as well as cash or other stock-based awards and other benefits. The purpose of the 2012 Plan is to enable us to attract and retain qualified persons as employees, officers and directors and others, whose services are required by us, and to motivate such persons by providing them with equity participation in us.

A maximum of 5,000,000 shares of common stock may be issued and awarded under the 2012 Plan. The maximum number of shares of common stock that may be subject to stock awards granted to any one participant during any single year period is 300,000. As of March 1, 2012 awards to purchase 220,000 shares of common stock under the 2012 Plan have been granted, subject to stockholder approval of the 2012 Plan

The 2012 Plan is administered by the Compensation Committee, which has, subject to specified limitations, the full authority to grant equity awards and establish the terms and conditions for vesting and exercise thereof. Awards of restricted stock under the 2012 Plan may qualify for the “performance-based compensation” exception under Internal Revenue Code Section (the “IRC”) 162(m) pursuant to their expected terms. Cash-based awards and awards of restricted stock, performance units and stock may qualify under Section 162(m) of the IRC if the terms of the award of the state, in terms of an objective formula or standard, the method of computing the amount of compensation payable under the award and preclude discretion to increase the amount of compensation payable under the terms of the award.

Unless the Compensation Committee determines otherwise, if a recipient of restricted stock ceases to have a relationship with our Company, non-vested shares of restricted stock shall be forfeited. The Compensation Committee may grant cash awards at such times and in such amounts as it deems appropriate. The Compensation Committee has the right to grant other stock-based awards, which may include the grant of common stock based on certain conditions, the payment of cash based on the market performance of our common stock and the grant of certain securities convertible into common stock.

With respect to awards of restricted stock, if no election is made under Section 83(b) of the IRC and repurchase rights of the shares are retained by us, a taxable event will occur on each date the participant’s ownership rights vest as to the number of shares that vest on that date, and the holding period for capital gains purposes will not commence until the date the shares vest. Any dividends received with respect to shares subject to the restrictions will be treated as additional compensation income and not as dividend income. The participant will recognize ordinary income on each date shares vest in an amount equal to the excess of the fair market value of such shares on that date over the amount paid for such shares. Any income recognized by a participant, who is an employee, will be subject to employment taxes and income tax withholding by us out of the participant’s current compensation. If such compensation is insufficient to cover the amount to be withheld, the participant will be required to make a direct payment to us for the balance of the tax withholding obligation. We are entitled to a tax deduction in an amount equal to the ordinary income recognized by the participant. The participant’s basis in the shares will be equal to the purchase price, if any,

increased by the amount of ordinary income recognized. If instead a Section 83(b) election is made not later than 30 days after the date of transfer, then the participant will recognize ordinary income on the date of purchase in an amount equal to the excess of the fair market value of such shares on the date of purchase over the purchase price paid for such shares. Any change in the value of the shares after the date of grant will be taxed as a capital gain or capital loss only if and when the shares are disposed of by the participant. If the Section 83(b) election is made, the participant's holding period for capital gains begins on the date of grant. The Section 83(b) election is irrevocable. If a section 83(b) election is made and the participant then forfeits the restricted stock, the participant may not deduct as a loss the amount previously included in gross income. We will be entitled to a deduction at the same time, and in an amount equal to, the ordinary income recognized by the participant with respect to shares of restricted stock.

The foregoing is only a summary of certain federal income tax consequences of the 2012 Plan and is based on our understanding of present federal tax laws and regulations.

In the event of a stock dividend, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, spin-off, combination, repurchase, or other distribution of our stock or property, or other change in our corporate structure, the Compensation Committee may, in its sole discretion, in order to prevent diminution or enlargement of a participant's benefits under the 2012 Plan, substitute or adjust the number and class of shares that may be delivered under the 2012 Plan and/or the number, class and price of shares covered by an outstanding award.

If a change in control of the company occurs, then, to the extent permitted by applicable law, the surviving corporation may assume all awards then-outstanding under the 2012 Plan or substitute similar awards in lieu of awards granted under the 2012 Plan. If a change in control occurs, the compensation committee may, among other things, provide for acceleration of benefits, lapsing of restrictions and vesting of benefits for any award that has been outstanding for at least six months, or provide for cash payments to be made to holders of certain awards and the cancellation of awards where the exercise price exceeds the fair market value of the shares.

Subject to the foregoing, the Compensation Committee has broad discretion to describe the terms and conditions applicable to awards granted under the 2012 Plan. The Compensation Committee may at any time discontinue granting awards under the 2012 Plan or otherwise suspend, amend or terminate the 2012 Plan and may, with the consent of an award recipient, make such modifications of the terms and conditions of such recipient's award as the Compensation Committee shall deem advisable. The Compensation Committee may amend the 2012 Plan; provided, however, that no amendment shall be effective unless approved by stockholders if such approval is required under 162(m) of the IRC, Rule 16b-3 of the Exchange Act, the rules of the NASDAQ Stock Market or other applicable exchange, or applicable law.

Vote Required; Board of Director's Recommendation

The approval of the 2012 Plan will require the affirmative vote of a majority of the outstanding shares of our common stock.

Our Board of Directors recommends that stockholders vote "FOR" approval and adoption of the
2012 Stock Incentive Plan.

OTHER MATTERS

We participate in a procedure known as “householding.” This means that if you share the same last name with other stockholders living in your household, you may receive only one copy of our Notice. Pursuant to the SEC rules, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of the Notice for your household, please contact our Corporate Secretary at Seven Arts Entertainment Inc., 8439 Sunset Boulevard, Suite 402, West Hollywood, CA 90069, Attn: Edward Bottenheim or by telephone at (323) 372-3080.

If you participate in householding and wish to receive a separate copy of the Notice, or if you do not wish to participate in householding and prefer to receive separate copies in the future, please contact our Corporate Secretary as indicated above.

Beneficial owners can request information about householding from their banks, brokers or other holders of record.

The Board knows of no other matters that will be presented for consideration at our Annual Meeting. However, if other matters are properly brought before the meeting, the proxy holders will vote your shares in their discretion.

SEVEN ARTS ENTERTAINMENT INC.
AUDIT COMMITTEE CHARTER

Committee Role

The committee's role is to act on behalf of the board of directors and oversee all material aspects of the company's financial reporting, control and audit functions, except those specifically related to the responsibilities of another standing committee of the board. The audit committee's role includes a particular focus on the qualitative aspects of financial reporting to the stockholders and on company processes for the management of business/financial risk and for compliance with significant applicable legal, ethical and regulatory requirements.

The role also includes coordination with other board committees and maintenance of strong, positive working relationships with management, external auditors, counsel and other committee advisors.

Committee Membership

The committee shall consist of three board members of which two of the board members must be independent, non-executive board members. Committee members shall have: (1) knowledge of the primary industries in which the company operates; (2) the ability to read and understand fundamental financial statements, including a company's balance sheet, income statement, statement of cash flows and key performance indicators; and (3) the ability to understand key business and financial risks and related controls and control processes. The committee shall have access to its own counsel and other advisors at the committee's sole discretion.

At least one member, preferably the chair, should be literate in business and financial reporting and control, including knowledge of the regulatory requirements, and should have past employment experience in finance or accounting or other comparable experience or background. Committee appointments shall be approved annually by the full board. The committee chairperson shall be selected by the committee members.

Committee Operating Principles

The committee shall fulfill its responsibilities within the context of the following overriding principles:

Communications

The chair and others on the committee shall, to the extent appropriate, maintain an open avenue of contact throughout the year with senior management, other committee chairs and other key committee advisors (external and internal auditors, etc.), as applicable, to strengthen the committee's knowledge of relevant current and prospective business issues.

Education/Orientation

The committee, with management, shall develop and participate in a process for review of important financial and operating topics that present potential significant risk to the company. Additionally, the individual committee members are encouraged to participate in relevant and appropriate self-study education to ensure understanding of the business and environment in which the company operates.

Annual Plan

The committee, with input from management and other key committee advisors, shall develop an annual plan responsive to the "primary committee responsibilities" detailed herein. The annual plan shall be reviewed and approved by the full board.

Meeting Agenda

Committee meeting agendas shall be the responsibility of the committee chair, with input from the committee members. It is expected that the chair would also ask for management and key committee advisors, and perhaps others, to participate in this process.

Expectations and Information Needs

The committee shall communicate committee expectations and the nature, timing, and extent of committee information needs to management, internal auditors and external parties, including external auditors. Written materials, including key performance indicators and measures related to key business and financial risks, shall be received from management, auditors and others at least 3 business days in advance of meeting dates. Meeting conduct will assume committee members have reviewed written materials in sufficient depth to participate in committee/board dialogue.

External Resources

The committee shall be authorized to access internal and external resources, as the committee requires, to carry out its' responsibilities.

Meeting Attendees

The committee shall request members of management, counsel, internal and external auditors, as applicable, to participate in committee meetings, as necessary, to carry out the committee's responsibilities. Periodically and at least annually, the committee shall meet in private session with only the committee members. It shall be understood that either internal or external auditors, or counsel, may, at any time, request a meeting with the audit committee or committee chair with or without management's attendance. In any case, the committee shall meet in executive session separately with internal and external auditors, at least annually.

Meeting Frequency

The committee shall meet at least semi-annually. Additional meetings shall be scheduled as considered necessary by the committee or chair.

Reporting to the Board of Directors

The committee, through the committee chair, shall report periodically, as deemed necessary, but at least semiannually, to the full board. In addition, summarized minutes from committee meetings, separately identifying monitoring activities from approvals, shall be available to each board member at least one week prior to the subsequent board of director's meeting.

Self-Assessment

The committee shall review, discuss and assess its own performance as well as its role and responsibilities, seeking input from senior management, the full board and others. Changes in role and/or responsibilities, if any, shall be recommended to the full board for approval.

Committee Responsibilities

Review with legal counsel any regulatory matters that may have a material impact on the financial statements.

External Auditors

Recommend the selection of the external auditors for approval by the board of directors.
