Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On December 7, 2017, NovaBay Pharmaceuticals, Inc. (the “Company”) was formally notified by the NYSE American LLC Exchange (the “NYSE American”) that the Company has regained compliance with the stockholders’ equity continued listing standards set forth in Sections 1003(a)(ii) and 1003(a)(iii) of the NYSE American LLC Company Guide (the “Company Guide”) as a result of the Company’s consistent trading level of market capitalization in excess of \$50 million over the past two quarters.

As previously reported in Item 3.01 of the Company’s Current Report on Form 8-K filed by the Company on May 19, 2017, the Company was previously notified by the NYSE American on May 16, 2017 that it was not in compliance with the continued listing stockholders’ equity standards set forth in Section 1003(a)(iii) of the Company Guide (requiring stockholders’ equity of \$6.0 million or more if a company has reported losses from continuing operations and/or net losses in its five most recent fiscal years). On June 19, 2017, the Company was notified that its plan to regain compliance had been accepted, and the NYSE American provided the Company until May 16, 2018 to satisfy the terms of its compliance plan or be subject to delisting procedures. The Company was further notified on September 14, 2017 by the NYSE American that it was not in compliance with the continued listing stockholders’ equity standards set forth in Section 1003(a)(ii) of the Company Guide (requiring stockholders’ equity of \$4.0 million or more if a company has reported losses from continuing operations and/or net losses in three of the four most recent fiscal years), as reported in Item 3.01 of the Company’s Current Report on Form 8-K filed by the Company on September 20, 2017.

Going forward, the Company will be subject to the NYSE American’s normal continued listing monitoring. However, in accordance with Section 1009(h) of the Company Guide, if the Company is again determined to be below any of the continued listing standards within twelve (12) months of December 7, 2017, NYSE American will examine the relationship between the above two incidents of noncompliance and re-evaluate the Company’s method of financial recovery. In addition, should the Company’s market capitalization fall below \$50 million on a 30 trading day average, NYSE American can deem the Company to be below compliance. NYSE American will then take the appropriate action, which, depending on the circumstances, may include truncating the compliance procedures described in Section 1009 of the Company Guide or immediately initiating delisting proceedings.
