Franklin Street Properties Corp.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Organization, Properties, Basis of Presentation, Financial Instruments and Recent Accounting Standards

Organization

Franklin Street Properties Corp. (“FSP Corp.” or the “Company”) holds, directly and indirectly, 100% of the interest in FSP Investments LLC, FSP Property Management LLC, FSP Holdings LLC and FSP Protective TRS Corp. FSP Property Management LLC provides asset management and property management services. The Company also has a non-controlling common stock interest in six corporations organized to operate as real estate investment trusts (“REIT”) and a non-controlling preferred stock interest in two of those REITs. Collectively, the six REITs are referred to as the “Sponsored REITs”.

As of September 30, 2017, the Company owned and operated a portfolio of real estate consisting of 35 operating properties, one property that was substantially redeveloped and is in lease-up and six managed Sponsored REITs; and held four promissory notes secured by mortgages on real estate owned by Sponsored REITs, including two mortgage loans and two revolving lines of credit. From time-to-time, the Company may acquire, develop or redevelop real estate, make additional secured loans or acquire a Sponsored REIT. The Company may also pursue, on a selective basis, the sale of its properties in order to take advantage of the value creation and demand for its properties, or for geographic or property specific reasons.

Properties

The following table summarizes the Company’s number of operating properties and rentable square feet of real estate. In January 2016, the Company classified one property as non-operating that was substantially redeveloped and is in lease-up, which is excluded as of September 30, 2017.

	As of September 30,	
	2017	2016
Commercial real estate:		
Number of properties	35	36
Rentable square feet	10,085,889	9,683,846

Basis of Presentation

The unaudited condensed consolidated financial statements of the Company include all of the accounts of the Company and its majority-owned subsidiaries. All significant intercompany balances and transactions have been eliminated. These financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto contained in the Company's Annual Report on Form 10-K for its fiscal year ended December 31, 2016, as filed with the Securities and Exchange Commission.

The accompanying interim financial statements are unaudited; however, the financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting solely of normal recurring matters) necessary for a fair presentation of the financial statements for these interim periods have been included. Operating results for the three and nine months ended September 30, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017 or for any other period.

Table of Contents

Financial Instruments

As disclosed in Note 4, the Company's derivatives are recorded at fair value using Level 2 inputs. The Company estimates that the carrying values of cash and cash equivalents, restricted cash, receivables and tenant security deposits approximate their fair values based on their short-term maturity and the loan receivable, bank note and term loans payable approximate their fair values as they bear interest at variable interest rates at spreads that approximate market.

Recent Accounting Standards

In May 2014, the Financial Accounting Standards Board ("FASB") issued ASU No. 2014-09, Revenue from Contracts with Customers ("Topic 606"), which provides guidance for revenue recognition. The standard's core principle is that a company will recognize revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which a company expects to be entitled in exchange for those goods or services. This update is effective for interim and annual reporting periods beginning after December 15, 2017. A substantial portion of our revenue consists of rental income from leasing arrangements, which is specifically excluded from Topic 606. We are continuing to evaluate Topic 606; however, we do not believe there will be a material impact on the timing of our revenue recognition in the consolidated financial statements. We currently expect to adopt the standard using the modified retrospective approach.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842) ("ASU 2016-02"). ASU 2016-02 requires lessees to establish a lease liability for the obligation to make lease payments and a right-of-use asset for the right to use the underlying asset for the lease term on their balance sheets. Lessees will continue to recognize lease expenses on their income statements in a manner similar to current accounting. The guidance also eliminates current real estate-specific provisions for all entities. For lessors, the guidance modifies the classification criteria and the accounting for sales-type and direct financing leases. This new standard is effective for annual periods beginning after December 15, 2018, and interim periods thereafter with early adoption permitted. The Company is currently evaluating the potential changes from ASU 2016-02 to future financial reporting and disclosures. The Company expects that the adoption of this standard in 2019 will increase our assets and liabilities by approximately \$3 million for the addition of right-of-use assets and lease liabilities related to an operating lease for office space; however, we do not expect the adoption of this standard to have a material impact to our results of operations or liquidity.

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments ("ASU 2016-15"), which clarifies how reporting entities should present and classify certain cash receipts and cash payments in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. We are currently assessing the potential impact that adoption of ASU 2016-15 will have on our consolidated financial statements.

In November 2016, the FASB issued ASU No. 2016-18, Restricted Cash (“ASU 2016-18”), which clarifies how reporting entities should present restricted cash and restricted cash equivalents. Reporting entities will show the changes in the total of cash, cash equivalents, restricted cash and restricted cash equivalents in the statement of cash flows. The new standard requires a reconciliation of the totals in the statement of cash flows to the related captions in the balance sheets. ASU 2016-18 is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. We are currently assessing the potential impact the adoption of ASU 2016-18 will have on our consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-01, Clarifying the Definition of a Business (“ASU 2017-01”), which provides additional guidance on evaluating whether transactions should be accounted for as an acquisition (or disposal) of assets of a business. The update defines three requirements for a set of assets and activities (collectively referred to as a “set”) to be considered a business: inputs, processes and outputs. ASU 2017-01 is effective for annual periods beginning after December 15, 2017, including interim periods within those fiscal years. This update will be applied prospectively to any transactions occurring within the period of adoption. We are currently assessing the impact of the update; however, subsequent to adoption we believe certain property acquisitions which under previous guidance would have been accounted for as business combinations will be accounted for as acquisitions of assets. In an acquisition of assets, certain acquisition costs are capitalized as opposed to expensed under business combination guidance.

Table of Contents

2. Related Party Transactions and Investments in Non-Consolidated Entities

Investment in Sponsored REITs:

At September 30, 2017 and December 31, 2016, the Company held a common stock interest in six and seven Sponsored REITs, respectively. The Company holds a non-controlling preferred stock investment in two of these Sponsored REITs, FSP 303 East Wacker Drive Corp. ("East Wacker") and FSP Grand Boulevard Corp. ("Grand Boulevard"), from which it continues to derive economic benefits and risks.

During the year ended December 31, 2016 properties owned by two Sponsored REITs were sold and during the nine months ended September 30, 2017, another property owned by a Sponsored REIT was sold and, thereafter, liquidating distributions for their preferred shareholders were declared and issued. The Company held a mortgage loan with two of these entities, which were secured by the property owned by FSP 385 Interlocken Development Corp. ("385 Interlocken") and the property owned by FSP 1441 Main Street Corp. ("1441 Main"). The loan with 385 Interlocken in the principal amount of \$37,500,000 and the loan with 1441 Main in the principal amount of \$9,000,000 were repaid by the proceeds of the sales.

Equity in losses of investment in non-consolidated REITs:

The following table includes equity in losses of investments in non-consolidated REITs

(in thousands)	Nine Months Ended September 30,	
	2017	2016
Equity in losses of East Wacker	\$ 272	\$ 444
Equity in losses of Grand Boulevard	447	124
	\$ 719	\$ 568

Equity in losses of investments in non-consolidated REITs is derived from the Company's share of income or loss in the operations of those entities. The Company exercises influence over, but does not control these entities, and investments are accounted for using the equity method.

Equity in losses of East Wacker is derived from the Company's preferred stock investment in the entity. In December 2007, the Company purchased 965.75 preferred shares or 43.7% of the outstanding preferred shares of East Wacker for \$82,813,000 (which represented \$96,575,000 at the offering price net of commissions of \$7,726,000, loan fees of \$5,553,000 and acquisition fees of \$483,000 that were excluded).

Equity in losses of Grand Boulevard is derived from the Company's preferred stock investment in the entity. In May 2009, the Company purchased 175.5 preferred shares or 27.0% of the outstanding preferred shares of Grand Boulevard for \$15,049,000 (which represented \$17,550,000 at the offering price net of commissions of \$1,404,000, loan fees of \$1,009,000 and acquisition fees of \$88,000 that were excluded).

The Company recorded distributions of \$1,041,000 and \$691,000 from non-consolidated REITs during the nine months ended September 30, 2017 and 2016, respectively.

Management fees and interest income from loans:

Asset management fees range from 1% to 5% of collected rents and the applicable contracts are cancelable with 30 days notice. Asset management fee income from non-consolidated entities amounted to approximately \$459,000 and \$474,000 for the nine months ended September 30, 2017 and 2016, respectively.

From time to time the Company may make secured loans ("Sponsored REIT Loans") to Sponsored REITs in the form of mortgage loans or revolving lines of credit to fund construction costs, capital expenditures, leasing costs and for other purposes. The Company reviews Sponsored REIT loans for impairment each reporting period. A loan is impaired when,

Table of Contents

based on current information and events, it is probable that the Company will be unable to collect all amounts recorded on the balance sheet. The Company applies normal loan review and underwriting procedures (as may be implemented or modified from time to time) in making that judgment. None of the Sponsored REIT loans have been impaired.

The Company anticipates that each Sponsored REIT Loan will be repaid at maturity or earlier from long term financings of the underlying properties, cash flows from the underlying properties or some other capital event. Each Sponsored REIT Loan is secured by a mortgage on the underlying property and has a term of approximately one to three years. Except for two mortgage loans which bear interest at a fixed rate, advances under each Sponsored REIT Loan bear interest at a rate equal to the 30-day LIBOR rate plus an agreed upon amount of basis points and also require a 50 basis point draw fee.

The following is a summary of the Sponsored REIT Loans outstanding as of September 30, 2017:

(dollars in thousands) Sponsored REIT	Location	Maturity Date	Maximum Amount of Loan	Amount Drawn at 30-Sep-17	Interest Rate (1)	Draw Fee (2)	Interest Rate at 30-Sep-17
Secured revolving lines of credit							
FSP Satellite Place Corp.	Duluth, GA	31-Dec-19	\$ 5,500	\$ 2,385	L+ 4.4 %	0.5 %	5.63 %
FSP Energy Tower I Corp. (3)	Houston, TX	30-Jun-19	20,000	15,600	L+ 5.0 %	0.5 %	6.23 %
Mortgage loan secured by property							
FSP Monument Circle LLC (4)	Indianapolis, IN	7-Dec-18	21,000	21,000	4.90 %	n/a	4.90 %
FSP Energy Tower I Corp. (3) (5)	Houston, TX	30-Jun-19	33,000	33,000	6.41 %	n/a	6.41 %
			\$ 79,500	\$ 71,985			

(1) The interest rate is 30-day LIBOR rate plus the additional rate indicated, otherwise a fixed rate.

(2) The draw fee is a percentage of each new advance, and is paid at the time of each new draw.

(3) These loans were extended on June 16, 2017.

(4) This mortgage loan includes an origination fee of \$164,000 and an exit fee of \$38,000 when repaid by the borrower.

(5) This mortgage loan includes an annual extension fee of \$108,900 paid by the borrower.

The Company recognized interest income and fees from the Sponsored REIT Loans of approximately \$3,554,000 and \$3,634,000 for the nine months ended September 30, 2017 and 2016, respectively.

Non-consolidated REITs:

The balance sheet data below for 2017 and 2016 includes the 6 and 7 Sponsored REITs the Company held an interest in as of September 30, 2017 and December 31, 2016, respectively. The operating data below for 2017 and 2016 include the operations of the 7 and 9 Sponsored REITs in which the Company held an interest in during the nine months ended September 30, 2017 and 2016, respectively.

Summarized financial information for these Sponsored REITs is as follows:

(in thousands)	September 30, 2017	December 31, 2016
Balance Sheet Data (unaudited):		
Real estate, net	\$ 311,999	\$ 345,532

Interest expense	(6,256)	(6,380)
Gain (loss) on sale, less applicable income tax	(702)	26,397
Net income (loss)	\$ (1,617)	\$ 24,951

3. Bank Note Payable and Term Note Payable

JPM Term Loan

On November 30, 2016, the Company entered into a Credit Agreement with JPMorgan Chase Bank, N.A., as administrative agent and lender, and the other lending institutions party thereto (“JPM Credit Agreement”), to provide a single unsecured bridge loan in the aggregate principal amount of \$150 million (the “JPM Term Loan”) that remains fully advanced and outstanding. The JPM Term Loan has a two year term that matures on November 30, 2018.

The JPM Term Loan bears interest at either (i) a number of basis points over the Eurodollar Rate depending on the Company’s credit rating (135.0 basis points over the Eurodollar Rate at September 30, 2017) or (ii) a number of basis points over the base rate depending on the Company’s credit rating (35.0 basis points over the base rate at September 30, 2017).

Based upon the Company’s credit rating, as of September 30, 2017, the interest rate on the JPM Term Loan was 2.60% per annum. The weighted average interest rate on the JPM Term Loan during the nine months ended September 30, 2017 was approximately 2.38% per annum. The weighted average interest rate on the JPM Term Loan during the year ended December 31, 2016 was approximately 1.99% per annum.

The JPM Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type. The JPM Credit Agreement also contains financial covenants that require the Company to maintain a minimum

tangible net worth, a minimum fixed charge coverage ratio, a maximum secured leverage ratio, a maximum leverage ratio, a maximum unencumbered leverage ratio, a minimum unsecured interest coverage and a maximum ratio of certain investments to total assets. The Company was in compliance with the JPM Term Loan financial covenants as of September 30, 2017.

The Company used the net proceeds of the JPM Term Loan to acquire the property located at 600 17th Street, Denver, Colorado on December 1, 2016 and for other general business purposes.

BMO Term Loan

On July 21, 2016, the Company entered into a First Amendment (the “BMO First Amendment”) to the Amended and Restated Credit Agreement dated October 29, 2014 among the Company, the lending institutions party thereto and Bank of Montreal, as administrative agent (as amended by the BMO First Amendment, the “BMO Credit Agreement”). The BMO Credit Agreement provides for a single, unsecured term loan borrowing in the amount of \$220 million (the “BMO Term Loan”) that remains fully advanced and outstanding. The BMO Term Loan matures on August 26, 2020. The BMO Credit Agreement also includes an accordion feature that allows up to \$50 million of additional loans, subject to receipt of lender commitments and satisfaction of certain customary conditions.

The BMO Term Loan bears interest at either (i) a number of basis points over LIBOR depending on the Company’s credit rating (165 basis points over LIBOR at September 30, 2017) or (ii) a number of basis points over the base rate depending on the Company’s credit rating (65 basis points over the base rate at September 30, 2017).

Table of Contents

Although the interest rate on the BMO Term Loan is variable, the Company fixed the base LIBOR interest rate by entering into an interest rate swap agreement. On August 26, 2013, the Company entered into an ISDA Master Agreement with Bank of Montreal that fixed the base LIBOR interest rate on the BMO Term Loan at 2.32% per annum for seven years, until the August 26, 2020 maturity date. Accordingly, based upon the Company's credit rating, as of September 30, 2017, the effective interest rate on the BMO Term Loan was 3.97% per annum.

The BMO Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type. The BMO Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a maximum leverage ratio, a maximum secured leverage ratio, a minimum fixed charge coverage ratio, a maximum unencumbered leverage ratio, minimum unsecured interest coverage and a maximum ratio of certain investments to total assets. The Company was in compliance with the BMO Term Loan financial covenants as of September 30, 2017.

The Company may use the proceeds of the loans under the BMO Credit Agreement to finance the acquisition of real properties and for other permitted investments; to finance investments associated with Sponsored REITs, to refinance or retire indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the BMO Credit Agreement.

BAML Credit Facility

On July 21, 2016, the Company entered into a First Amendment (the "BAML First Amendment") to the Second Amended and Restated Credit Agreement dated October 29, 2014 among the Company, the lending institutions party thereto and Bank of America, N.A., as administrative agent, L/C Issuer and Swing Line Lender (as amended by the BAML First Amendment, the "BAML Credit Facility") that continued an existing unsecured revolving line of credit (the "BAML Revolver") and extended the maturity of a term loan (the "BAML Term Loan").

BAML Revolver Highlights

- The BAML Revolver is for borrowings, at the Company's election, of up to \$500 million. Borrowings made pursuant to the BAML Revolver may be revolving loans, swing line loans or letters of credit, the combined sum of which may not exceed \$500 million outstanding at any time.
- Borrowings made pursuant to the BAML Revolver may be borrowed, repaid and reborrowed from time to time until the initial maturity date of October 29, 2018. The Company has the right to extend the initial maturity date of the BAML Revolver by an additional 12 months, or until October 29, 2019, upon payment of a fee and satisfaction of certain customary conditions.
- The BAML Credit Facility includes an accordion feature that allows for an aggregate amount of up to \$350 million of additional borrowing capacity applicable to the BAML Revolver and/or the BAML Term Loan subject to receipt

of lender commitments and satisfaction of certain customary conditions.

As of September 30, 2017, there were borrowings of \$300 million outstanding under the BAML Revolver. The BAML Revolver bears interest at either (i) a margin over LIBOR depending on the Company's credit rating (1.25% over LIBOR at September 30, 2017) or (ii) a margin over the base rate depending on the Company's credit rating (0.25% over the base rate at September 30, 2017). The BAML Credit Facility also obligates the Company to pay an annual facility fee in an amount that is also based on the Company's credit rating (0.25% at September 30, 2017). The facility fee is assessed against the total amount of the BAML Revolver, or \$500 million.

Based upon the Company's credit rating, as of September 30, 2017, the weighted average interest rate on the BAML Revolver was 2.49% per annum. As of December 31, 2016, the weighted average interest rate on the BAML Revolver was 1.88% per annum and there were borrowings of \$280 million outstanding. The weighted average interest rate on all amounts outstanding on the BAML Revolver during the nine months ended September 30, 2017 was approximately 2.26% per annum. The weighted average interest rate on all amounts outstanding on the BAML Revolver during the year ended December 31, 2016 was approximately 1.73% per annum.

Table of Contents

BAML Term Loan Highlights

- The BAML Term Loan is for \$400 million.
- The BAML Term Loan matures on September 27, 2021.
- The BAML Credit Facility includes an accordion feature that allows for an aggregate amount of up to \$350 million of additional borrowing capacity applicable to the BAML Revolver and/or the BAML Term Loan, subject to receipt of lender commitments and satisfaction of certain customary conditions.
- On September 27, 2012, the Company drew down the entire \$400 million and such amount remains fully advanced and outstanding under the BAML Credit Facility.

The BAML Term Loan bears interest at either (i) a margin over LIBOR depending on the Company's credit rating (1.45% over LIBOR at September 30, 2017) or (ii) a margin over the base rate depending on the Company's credit rating (0.45% over the base rate at September 30, 2017).

Although the interest rate on the BAML Credit Facility is variable, the Company fixed the base LIBOR interest rate on the BAML Term Loan by entering into an interest rate swap agreement. On September 27, 2012, the Company entered into an ISDA Master Agreement with Bank of America, N.A. that fixed the base LIBOR interest rate on the BAML Term Loan at 0.75% per annum until September 27, 2017. On July 22, 2016, the Company entered into ISDA Master Agreements with a group of banks that fixed the base LIBOR interest rate on the BAML Term Loan at 1.12% per annum for the period beginning on September 27, 2017 and ending on September 27, 2021. Accordingly, based upon the Company's credit rating, as of September 30, 2017, the effective interest rate on the BAML Term Loan was 2.57% per annum.

BAML Credit Facility General Information

The BAML Credit Facility contains customary affirmative and negative covenants for credit facilities of this type. The BAML Credit Facility also contains financial covenants that require the Company to maintain a minimum tangible net worth, a maximum leverage ratio, a maximum secured leverage ratio, a minimum fixed charge coverage ratio, a maximum unencumbered leverage ratio, minimum unsecured interest coverage and a maximum ratio of certain investments to total assets. The Company was in compliance with the BAML Credit Facility financial covenants as of September 30, 2017.

The Company may use the proceeds of the loans under the BAML Credit Facility to finance the acquisition of real properties and for other permitted investments; to finance investments associated with Sponsored REITs, to refinance or retire indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the BAML Credit Facility.

4. Financial Instruments: Derivatives and Hedging

On July 22, 2016, the Company fixed the interest rate for the period beginning on September 27, 2017 and ending on September 27, 2021 on the BAML Term Loan with multiple interest rate swap agreements (the “2017 Interest Rate Swap”). On August 26, 2013, the Company fixed the interest rate until August 26, 2020 on the BMO Term Loan with an interest rate swap agreement (the “BMO Interest Rate Swap”). On September 27, 2012, the Company fixed the interest rate until September 27, 2017 on the BAML Term Loan with an interest rate swap agreement (the “BAML Interest Rate Swap”). The variable rates that were fixed under the 2017 Interest Rate Swap, the BMO Interest Rate Swap and the BAML Interest Rate Swap are described in Note 3.

The 2017 Interest Rate Swap, the BMO Interest Rate Swap and the BAML Interest Rate Swap qualify as cash flow hedges and have been recognized on the consolidated balance sheet at fair value. If a derivative qualifies as a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will either be offset against the change in fair value of the hedged asset, liability, or firm commitment through earnings, or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative’s change in fair value will be immediately recognized in earnings, which may increase or decrease reported net income and stockholders’ equity prospectively, depending on future levels of interest rates and other variables affecting the fair values of derivative instruments and hedged items, but will have no effect on cash flows.

Table of Contents

The following table summarizes the notional and fair value of our derivative financial instruments at September 30, 2017. The notional value is an indication of the extent of our involvement in these instruments at that time, but does not represent exposure to credit, interest rate or market risks.

(in thousands)	Notional Value	Strike Rate	Effective Date	Expiration Date	Fair Value
2017 Interest Rate Swap	\$ 400,000	1.12 %	Sep-17	Sep-21	\$ 10,771
BMO Interest Rate Swap	\$ 220,000	2.32 %	Aug-13	Aug-20	\$ (3,721)

On September 30, 2017, the 2017 Interest Rate Swap was reported as an asset at its fair value of approximately \$10.8 million, and the BMO Interest Rate Swap was reported as a liability at its fair value of approximately \$3.7 million.

These are included in other liabilities: derivative liability and other assets: derivative asset on the consolidated balance sheet at September 30, 2017, respectively. Offsetting adjustments are reported as unrealized gains or losses on derivative financial instruments in accumulated other comprehensive income of \$0.5 million. During the nine months ended September 30, 2017, \$1.4 million was reclassified out of other comprehensive income and into interest expense.

Over time, the unrealized gains and losses held in accumulated other comprehensive income will be reclassified into earnings as an increase or reduction to interest expense in the same periods in which the hedged interest payments affect earnings. We estimate that approximately \$0.6 million of the current balance held in accumulated other comprehensive income will be reclassified into earnings within the next 12 months.

The Company is hedging the exposure to variability in anticipated future interest payments on existing debt.

The fair value of the Company's derivative instruments are determined using the net discounted cash flows of the expected cash flows of the derivative based on the market based interest rate curve and are adjusted to reflect credit or nonperformance risk. The risk is estimated by the Company using credit spreads and risk premiums that are observable in the market. These financial instruments were classified within Level 2 of the fair value hierarchy and were classified as an asset or liability on the condensed consolidated balance sheets.

The Company's derivatives are recorded at fair value in other liabilities in the condensed consolidated balance sheets. The effective portion of the derivatives' fair value is recorded to other comprehensive income in the condensed consolidated statements of other comprehensive income (loss) and the ineffective portion of the derivatives' fair value is recognized directly into earnings as Other in the condensed consolidated statements of income.

The interest rate swaps effectively fix the interest rate on the BAML Term Loan and BMO Term Loan; however, there is no floor on the variable interest rate of the swaps whereas the BAML Term Loan and BMO Term Loan are subject to a zero percent floor. As a result there is a mismatch and the ineffective portion of the derivatives' changes in fair value are recognized directly into earnings.

During the three and nine months ended September 30, 2017, the Company recorded \$0.1 million and \$0.2 million, respectively, of hedge ineffectiveness in earnings. During the three and nine months ended September 30, 2016, the Company recorded (\$0.6) million and \$0.4 million, respectively, of hedge ineffectiveness in earnings. Hedge ineffectiveness is included in "Other" in the condensed consolidated statements of income.

In the event that LIBOR is negative, the Company will make payments to the hedge counterparty equal to the spread between LIBOR and zero, which will be included in interest expense in the condensed consolidated statements of income.

5. Net Income Per Share

Basic net income per share is computed by dividing net income by the weighted average number of Company shares outstanding during the period. Diluted net income per share reflects the potential dilution that could occur if securities or

Table of Contents

other contracts to issue shares were exercised or converted into shares. There were no potential dilutive shares outstanding at September 30, 2017 and 2016, respectively.

6. Stockholders' Equity

On August 16, 2016, the Company completed an underwritten public offering of 7,043,750 shares of its common stock (including 918,750 shares issued as a result of the full exercise of an overallotment option by the underwriter) at a price to the public of \$12.35 per share. The proceeds from this public offering, net of underwriter discounts and offering costs, totaled approximately \$82.9 million.

As of September 30, 2017, the Company had 107,231,155 shares of common stock outstanding. The Company declared and paid dividends as follows (in thousands, except per share amounts):

Quarter Paid	Dividends Per Share	Total Dividends
First quarter of 2017	\$ 0.19	\$ 20,374
Second quarter of 2017	\$ 0.19	\$ 20,374
Third quarter of 2017	\$ 0.19	\$ 20,374
First quarter of 2016	\$ 0.19	\$ 19,036
Second quarter of 2016	\$ 0.19	\$ 19,036
Third quarter of 2016	\$ 0.19	\$ 19,036

7. Income Taxes

General

The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"). As a REIT, the Company generally is entitled to a tax deduction for distributions paid to its shareholders, thereby effectively subjecting the distributed net income of the Company to taxation at the shareholder level only. The

Company must comply with a variety of restrictions to maintain its status as a REIT. These restrictions include the type of income it can earn, the type of assets it can hold, the number of shareholders it can have and the concentration of their ownership, and the amount of the Company's taxable income that must be distributed annually.

One such restriction is that the Company generally cannot own more than 10% of the voting power or value of the securities of any one issuer unless the issuer is itself a REIT or a taxable REIT subsidiary ("TRS"). In the case of TRSs, the Company's ownership of securities in all TRSs generally cannot exceed 25% of the value of all of the Company's assets and, when considered together with other non-real estate assets, cannot exceed 25% of the value of all of the Company's assets. FSP Investments LLC and FSP Protective TRS Corp. are the Company's taxable REIT subsidiaries operating as taxable corporations under the Code.

Income taxes are recorded based on the future tax effects of the difference between the tax and financial reporting bases of the Company's assets and liabilities. In estimating future tax consequences, potential future events are considered except for potential changes in income tax law or in rates.

The Company adopted an accounting pronouncement related to uncertainty in income taxes effective January 1, 2007, which did not result in recording a liability, nor was any accrued interest and penalties recognized with the adoption. Accrued interest and penalties will be recorded as income tax expense, if the Company records a liability in the future. The Company's effective tax rate was not affected by the adoption. The Company and one or more of its subsidiaries files income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The statute of limitations for the

Table of Contents

Company's income tax returns is generally three years and as such, the Company's returns that remain subject to examination would be primarily from 2013 and thereafter.

The Company is subject to a business tax known as the Revised Texas Franchise Tax. Some of the Company's leases allow reimbursement by tenants for these amounts because the Revised Texas Franchise Tax replaces a portion of the property tax for school districts. Because the tax base on the Revised Texas Franchise Tax is derived from an income based measure, it is considered an income tax. The Company recorded a provision for the Revised Texas Franchise Tax of \$261,000 and \$261,000 for the nine months ended September 30, 2017 and 2016, respectively.

Net operating losses

Section 382 of the Code restricts a corporation's ability to use net operating losses ("NOLs") to offset future taxable income following certain "ownership changes." Such ownership changes occurred with past mergers and accordingly a portion of the NOLs incurred by the Sponsored REITs available for use by the Company in any particular future taxable year will be limited. To the extent that the Company does not utilize the full amount of the annual NOLs limit, the unused amount may be carried forward to offset taxable income in future years. NOLs expire 20 years after the year in which they arise, and the last of the Company's NOLs will expire in 2027. A valuation allowance is provided for the full amount of the NOLs as the realization of any tax benefits from such NOLs is not assured. The gross amount of NOLs available to the Company was \$13,041,000 as of each of September 30, 2017 and December 31, 2016.

Income Tax Expense

The income tax expense reflected in the condensed consolidated statements of income relates primarily to a franchise tax on our Texas properties. FSP Protective TRS Corp. provides taxable services to tenants at some of the Company's properties and the tax expenses associated with these activities are reported as Other Taxes in the table below:

(Dollars in thousands)	For the Nine Months Ended September 30,	
	2017	2016
Revised Texas franchise tax	\$ 261	\$ 261
Other Taxes	36	65
Taxes on income	\$ 297	\$ 326

Taxes on income are a current tax expense. No deferred income taxes were provided as there were no material temporary differences between the financial reporting basis and the tax basis of the TRSs.

8. Dispositions of properties

During the three months ended June 30, 2017, the Company reached a decision to classify an office property located in Baltimore, Maryland as an asset held for sale. In evaluating the Baltimore, Maryland property, management considered various subjective factors, including the time, cost and likelihood of successfully leasing the property, the effect of the property's results on its unencumbered asset value, which is part of the leverage ratio used to compare to a maximum leverage covenant in the JPM Term Loan, BMO Term Loan and the BAML Credit Facility, future capital costs to upgrade and reposition the multi-tenant property and to lease up the building, recent leasing and economic activity in the local area, and offers to purchase the property. The Company concluded that selling the property was the more prudent decision and outweighed the potential future benefit of continuing to hold the property. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.3 million and \$20.7 million for the three and nine months ended September 30, 2017, respectively, net of applicable income taxes, and was classified as an asset held for sale at September 30, 2017. The Company estimated the fair value of the property, less estimated costs to sell using the offers to purchase the property made by third parties (Level 3 inputs, as there is no active market).

Table of Contents

During the three months ended December 31, 2016, we reached an agreement to sell an office property located in Milpitas, California. The property was classified as an asset held for sale at December 31, 2016 and was sold on January 6, 2017 at approximately a \$2.3 million gain.

During the year ended December 31, 2016, the Company sold an office property located in Maryland Heights, Missouri on April 5, 2016, at a \$4.2 million gain. During the three months ended June 30, 2016, the Company reached a decision to classify its office property located in Federal Way, Washington, as an asset held for sale. In evaluating the Federal Way, Washington property, management considered various subjective factors. The Company concluded that selling the property was the more prudent decision and outweighed the potential future benefit of continuing to hold the property. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.5 million and \$5.3 million during the three and nine months ended September 30, 2016, respectively, net of applicable income taxes and was classified as an asset held for sale. The Company sold the property on December 16, 2016 for \$7.3 million of net proceeds resulting in a total loss of \$7.1 million, net of applicable income taxes.

The disposals did not represent a strategic shift that has a major effect on the Company's operations and financial results. Accordingly, the properties remain classified within continuing operations for all periods presented.

9. Subsequent Events

On October 6, 2017, the Board of Directors of the Company declared a cash distribution of \$0.19 per share of common stock payable on November 9, 2017 to stockholders of record on October 20, 2017.

On October 18, 2017, the Company recast the BAML Credit Facility to, among other things, (i) increase the BAML Revolver from \$500 million to \$600 million, (ii) extend the BAML Revolver maturity date from October 29, 2018 to January 12, 2022 (with two optional six month extensions), (iii) extend the BAML Term Loan maturity date from September 27, 2021 to January 12, 2023, (iv) decrease the interest rate margins, (v) reset the minimum tangible net worth threshold, (vi) increase certain leverage ratios for three fiscal quarters (instead of two fiscal quarters) succeeding a significant acquisition, and (v) increase the accordion feature from \$350 million to \$500 million. The Company also simultaneously amended the BMO Credit Agreement and the JPM Credit Agreement to conform to certain provisions of the BAML Credit Facility, including updating financial covenants, certain definitions and making other conforming changes.

On October 20, 2017, the Company sold the office property in Baltimore, Maryland described in Note 8, "Dispositions of properties," for approximately \$31.6 million in net proceeds.

On October 24, 2017, the Company entered into a note purchase agreement (the “Note Purchase Agreement”) with the various purchasers named therein (the “Purchasers”) in connection with a private placement of senior unsecured notes. Under the Note Purchase Agreement, the Company will sell to the Purchasers an aggregate principal amount of \$200,000,000 of senior unsecured notes consisting of (i) 3.99% Series A Senior Notes due December 20, 2024 in an aggregate principal amount of \$116 million (the “Series A Notes”) and (ii) 4.26% Series B Senior Notes due December 20, 2027 in an aggregate principal amount of \$84 million (the “Series B Notes,” and, together with the Series A Notes, the “Notes”). The funding of the Notes is expected to occur on or about December 20, 2017, subject to customary closing conditions. The Company intends to use the proceeds from the private placement to reduce the outstanding balance of the BAML Revolver.

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report and in our Annual Report on Form 10-K for the year ended December 31, 2016. Historical results and percentage relationships set forth in the condensed consolidated financial statements, including trends which might appear, should not be taken as necessarily indicative of future operations. The following discussion and other parts of this Quarterly Report on Form 10-Q may also contain forward-looking statements based on current judgments and current knowledge of management, which are subject to certain risks, trends and uncertainties that could cause actual results to differ materially from those indicated in such forward-looking statements. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements. Investors are cautioned that our forward-looking statements involve risks and uncertainty, including without limitation, economic conditions in the United States, disruptions in the debt markets, economic conditions in the markets in which we own properties, risks of a lessening of demand for the types of real estate owned by us, uncertainties relating to fiscal policy, changes in government regulations and regulatory uncertainty, geopolitical events, and expenditures that cannot be anticipated such as utility rate and usage increases, unanticipated repairs, additional staffing, insurance increases and real estate tax valuation reassessments. See Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2016 and Part II, Item 1A. "Risk Factors" below. Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We may not update any of the forward-looking statements after the date this Quarterly Report on Form 10-Q is filed to conform them to actual results or to changes in our expectations that occur after such date, other than as required by law.

Overview

FSP Corp., or we or the Company, operates in a single reportable segment: real estate operations. The real estate operations market involves real estate rental operations, leasing, secured financing of real estate and services provided for asset management, property management, property acquisitions, dispositions and development. Our current strategy is to invest in select urban infill and central business district properties, with primary emphasis on our five core markets of Atlanta, Dallas, Denver, Houston and Minneapolis. We believe that our five core markets have macro-economic drivers that have the potential to increase occupancies and rents. We will also monitor other markets for opportunistic investments. We seek value-oriented investments with an eye towards long-term growth and appreciation, as well as current income.

As of September 30, 2017, approximately 7.6 million square feet, or approximately 75.5% of our total owned portfolio, was located in our five core markets. From time-to-time we may dispose of our smaller, suburban office assets and replace them with larger urban infill and central business district office assets located primarily in our five core markets. As we execute this strategy, short term operating results could be adversely impacted. However, we believe that the transformed portfolio has the potential to provide higher profit and asset value growth over a longer period of time.

The main factor that affects our real estate operations is the broad economic market conditions in the United States. These market conditions affect the occupancy levels and the rent levels on both a national and local level. We have no influence on broader economic/market conditions. We look to acquire and/or develop quality properties in good locations in order to lessen the impact of downturns in the market and to take advantage of upturns when they occur.

Critical Accounting Policies

We have certain critical accounting policies that are subject to judgments and estimates by our management and uncertainties of outcome that affect the application of these policies. We base our estimates on historical experience and on various other assumptions we believe to be reasonable under the circumstances. On an on-going basis, we evaluate our estimates. In the event estimates or assumptions prove to be different from actual results, adjustments are made in subsequent periods to reflect more current information. The accounting policies that we believe are most critical to the understanding of our financial position and results of operations, and that require significant management estimates and judgments, are discussed in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the year ended December 31, 2016.

Table of Contents

Critical accounting policies are those that have the most impact on the reporting of our financial condition and results of operations and those requiring significant judgments and estimates. We believe that our judgments and assessments are consistently applied and produce financial information that fairly presents our results of operations. No changes to our critical accounting policies have occurred since the filing of our Annual Report on Form 10-K for the year ended December 31, 2016.

Recent Accounting Standards

In May 2014, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2014-09, Revenue from Contracts with Customers (“Topic 606”), which provides guidance for revenue recognition. The standard’s core principle is that a company will recognize revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which a company expects to be entitled in exchange for those goods or services. This update is effective for interim and annual reporting periods beginning after December 15, 2017. A substantial portion of our revenue consists of rental income from leasing arrangements, which is specifically excluded from Topic 606. We are continuing to evaluate Topic 606; however, we do not believe there will be a material impact on the timing of our revenue recognition in the consolidated financial statements. We currently expect to adopt the standard using the modified retrospective approach.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), (“ASU 2016-02”). ASU 2016-02 requires lessees to establish a lease liability for the obligation to make lease payments and a right-of-use asset for the right to use the underlying asset for the lease term on their balance sheets. Lessees will continue to recognize lease expenses on their income statements in a manner similar to current accounting. The guidance also eliminates current real estate-specific provisions for all entities. For lessors, the guidance modifies the classification criteria and the accounting for sales-type and direct financing leases. This new standard is effective for annual periods beginning after December 15, 2018, and interim periods thereafter with early adoption permitted. The Company is currently evaluating the potential changes from ASU 2016-02 to future financial reporting and disclosures. The Company expects that the adoption of this standard in 2019 will increase our assets and liabilities by approximately \$3 million for the addition of right-of-use assets and lease liabilities related to an operating lease for office space; however, we do not expect the adoption of this standard to have a material impact to our results of operations or liquidity.

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (“ASU 2016-15”), which clarifies how reporting entities should present and classify certain cash receipts and cash payments in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. We are currently assessing the potential impact that adoption of ASU 2016-15 will have on our consolidated financial statements.

In November 2016, the FASB issued ASU No. 2016-18, Restricted Cash (“ASU 2016-18”), which clarifies how reporting entities should present restricted cash and restricted cash equivalents. Reporting entities will show the changes in the total of cash, cash equivalents, restricted cash and restricted cash equivalents in the statement of cash

flows. The new standard requires a reconciliation of the totals in the statement of cash flows to the related captions in the balance sheets. ASU 2016-18 is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. We are currently assessing the potential impact the adoption of ASU 2016-18 will have on our consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-01, Clarifying the Definition of a Business (“ASU 2017-01”), which provides additional guidance on evaluating whether transactions should be accounted for as an acquisition (or disposal) of assets of a business. The update defines three requirements for a set of assets and activities (collectively referred to as a “set”) to be considered a business: inputs, processes and outputs. ASU 2017-01 is effective for annual periods beginning after December 15, 2017, including interim periods within those fiscal years. This update will be applied prospectively to any transactions occurring within the period of adoption. We are currently assessing the impact of the update; however, subsequent to adoption we believe certain property acquisitions which under previous guidance would have been accounted for as business combinations will be accounted for as acquisitions of assets. In an acquisition of assets, certain acquisition costs are capitalized as opposed to expensed under business combination guidance.

Table of Contents

Trends and Uncertainties

Economic Conditions

The economy in the United States is continuing to experience a period of slow to moderate economic growth, which directly affects the demand for office space, our primary income producing asset. The broad economic market conditions in the United States are affected by numerous factors, including but not limited to, inflation and employment levels, energy prices, the pace of economic growth and/or recessionary concerns, uncertainty about government fiscal and tax policy, changes in currency exchange rates, geopolitical events, the regulatory environment, the availability of credit and interest rates. In addition, the Federal Reserve Bank has indicated that it could raise interest rates further in 2017 and 2018. Any increase in interest rates could result in increased borrowing costs to us. However, we could also benefit from any further improved economic fundamentals and increasing levels of employment. We believe that the economy is in a cyclically-slower but prolonged broad-based upswing. However, future economic factors may negatively affect real estate values, occupancy levels and property income.

Real Estate Operations

Leasing

Our real estate portfolio was approximately 88.7% leased as of September 30, 2017, a decrease from 89.3% as of December 31, 2016. The 0.6% decrease in leased space was a result of lease expirations and terminations during the nine months ended September 30, 2017. As of September 30, 2017, we had approximately 1,141,000 square feet of vacancy in our portfolio compared to approximately 1,086,000 square feet of vacancy at December 31, 2016. During the nine months ended September 30, 2017, we leased approximately 936,000 square feet of office space, of which approximately 729,000 square feet were with existing tenants, at a weighted average term of 6.6 years. On average, tenant improvements for such leases were \$22.43 per square foot, lease commissions were \$8.83 per square foot and rent concessions were approximately three months of free rent. Average GAAP base rents under such leases were \$29.61 per square foot, or 8.3% higher than average rents in the respective properties as applicable compared to the year ended December 31, 2016.

In January 2016, our property at 801 Marquette Avenue in Minneapolis, Minnesota, with approximately 170,000 square feet of space, became vacant and we subsequently redeveloped the property. Interior demolition and construction work commenced during the three months ended September 30, 2016. As of September 30, 2017, we had incurred approximately \$15.6 million in total redevelopment costs. Delivery of the substantially completed project was achieved at the end of the second quarter of 2017. Redevelopment of 801 Marquette Avenue has resulted in approximately 130,000 of net rentable square feet for the property. We anticipate the project, when leased, will attain rents of approximately \$17 to \$19 net rent per square foot compared to previously expired net rent of

approximately \$4.75 per square foot.

As of September 30, 2017, leases for approximately 1.4% and 12.7% of the square footage in our portfolio are scheduled to expire during 2017 and 2018, respectively. As the fourth quarter of 2017 begins, we believe that our property portfolio is well stabilized, with a balanced lease expiration schedule, and that existing vacancy is being actively marketed to numerous potential tenants. We believe that most of our largest property markets are now experiencing generally steady or improving rental conditions. We anticipate continued positive leasing activity within the portfolio in 2017.

While we cannot generally predict when an existing vacancy in our real estate portfolio will be leased or if existing tenants with expiring leases will renew their leases or what the terms and conditions of the lease renewals will be, we expect to renew or sign new leases at then-current market rates for locations in which the buildings are located, which could be above or below the expiring rates. Also, we believe the potential for any of our tenants to default on its lease or to seek the protection of bankruptcy exists. If any of our tenants defaults on its lease, we may experience delays in enforcing our rights as a landlord and may incur substantial costs in protecting our investment. In addition, at any time, a tenant of one of our properties may seek the protection of bankruptcy laws, which could result in the rejection and termination of such tenant's lease and thereby cause a reduction in cash available for distribution to our stockholders.

Table of Contents

Real Estate Acquisition and Investment Activity

During 2017:

- on January 6, we received approximately \$6.2 million in proceeds from the sale of a property located in Milpitas, California;
- on June 7, we received approximately \$9.0 million in cash from FSP 1441 Main Street Corp. as repayment in full of a Sponsored REIT Loan;
- during the nine months ended September 30, we received approximately \$0.8 million in cash from FSP Satellite Place Corp., as partial prepayment of a Sponsored REIT Loan;
- on October 20, we received approximately \$31.6 million in proceeds from the sale of a property located in Baltimore, Maryland; and
- we have continued to actively explore additional potential real estate investment opportunities and anticipate further real estate investments in the future.

During 2016:

- on January 19, we received approximately \$37.5 million in cash from FSP 385 Interlocken Development Corp. as repayment in full of a Sponsored REIT Loan;
- on April 5, we received approximately \$20.2 million in proceeds from the sale of a property located in Maryland Heights, Missouri;
- on June 6, we acquired an office property with approximately 325,800 rentable square feet for \$82 million located in Minneapolis, Minnesota;
- on August 10, we acquired an office property with approximately 160,000 rentable square feet for \$45.5 million located in Atlanta, Georgia;
- on December 1, we acquired an office property with approximately 613,000 rentable square feet for \$154.2 million located in Denver, Colorado;
- on December 16, we received approximately \$7.5 million in proceeds from the sale of a property located in Federal Way, Washington; and
- during the year ended December 31, we received approximately \$2.3 million in cash from FSP Satellite Place Corp., as partial prepayment of a Sponsored REIT Loan.

Dispositions of Properties and Asset Held for Sale

During the three months ended June 30, 2017, we reached a decision to classify our office property located in Baltimore, Maryland as an asset held for sale. In evaluating the Baltimore, Maryland property, management considered various subjective factors, including the time, cost and likelihood of successfully leasing the property, the

effect of the property's results on its unencumbered asset value, which is part of the leverage ratio used to compare to a maximum leverage covenant in the JPM Term Loan, BMO Term Loan and the BAML Credit Facility, future capital costs to upgrade and reposition the multi-tenant property and to lease up the building, recent leasing and economic activity in the local area, and offers to purchase the property. We concluded that selling the property was the more prudent decision and outweighed the potential future benefit of continuing to hold the property. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.3 million and \$20.7 million for the three and nine months ended September 30, 2017, respectively, net of applicable income taxes, and was classified as an asset held for sale at September 30, 2017. This property was sold on October 20, 2017 for approximately \$31.6 million in net proceeds.

During the three months ended December 31, 2016, we reached an agreement to sell an office property located in Milpitas, California. The property was classified as an asset held for sale at December 31, 2016 and was sold on January 6, 2017 at a \$2.3 million gain.

During the year ended December 31, 2016, we sold an office property located in Maryland Heights, Missouri on April 5, 2016, at a \$4.2 million gain. During the three months ended June 30, 2016, we reached a decision to classify its office property located in Federal Way, Washington, as an asset held for sale. In evaluating the Federal Way, Washington property,

Table of Contents

management considered various subjective factors. We concluded that selling the property was the more prudent decision and outweighed the potential future benefit of continuing to hold the property. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale net of applicable income taxes and was classified as an asset held for sale. We sold the property on December 16, 2016 for \$7.3 million of net proceeds resulting in a total loss of \$7.1 million, net of applicable income taxes.

We will continue to evaluate our portfolio, and in the future may decide to dispose of additional properties from time-to-time in the ordinary course of business. We believe that the current property sales environment continues to improve in many markets relative to both liquidity and pricing. We believe that both improving office property fundamentals as well as attractive financing availability will likely be required to continue improvement in the marketplace for potential property dispositions. As an important part of our total return strategy, we intend to be active in property dispositions when we believe that market conditions warrant such activity and, as a consequence, we continuously review and evaluate our portfolio of properties for potentially advantageous dispositions.

Results of Operations

The following table shows financial results for the three months ended September 30, 2017 and 2016:

(in thousands)	Three months ended September 30,		
	2017	2016	Change
Revenues:			
Rental	\$ 67,339	\$ 61,925	\$ 5,414

Table of Contents

Comparison of the three months ended September 30, 2017 to the three months ended September 30, 2016:

Revenues

Total revenues increased by \$5.3 million to \$68.6 million for the three months ended September 30, 2017, as compared to the three months ended September 30, 2016. The increase was primarily a result of:

- An increase in rental revenue of approximately \$5.4 million arising primarily from rental revenue for properties that we acquired on each of June 6, 2016, August 10, 2016 and December 1, 2016, which was partially offset by the loss of revenue from the disposition of three other properties during 2016 and 2017. We sold a property on each of April 5, 2016, December 16, 2016 and January 6, 2017. In addition, our leased space decreased 0.6% to 88.7% at September 30, 2017 compared to 89.3% at December 31, 2016.

Expenses

Total expenses increased by \$5.7 million to \$66.3 million for the three months ended September 30, 2017, as compared to the three months ended September 30, 2016. The increase was primarily a result of:

- An increase in real estate operating expenses and real estate taxes and insurance of approximately \$2.6 million and an increase in depreciation and amortization of approximately \$1.7 million, which were attributable to the acquisition of properties on June 6, 2016, August 10, 2016 and December 1, 2016, and were partially offset by decreases as a result of the disposition of three properties during 2016 and 2017.
- An increase in interest expense of approximately \$1.5 million to \$8.3 million for the three months ended September 30, 2017 compared to the same period in 2016. The increase was primarily attributable to higher interest rates, additional borrowings under the JPM Term Loan (as defined below) we entered into on November 30, 2016 and an increase in amortization of deferred financing costs during the three months ended September 30, 2017 as compared to the same period in 2016.
- A decrease in selling, general and administrative expenses of \$0.1 million primarily as a result of a decrease in acquisition costs. We had 39 employees as of each of September 30, 2017 and 2016.

Equity in losses of non-consolidated REITs

Equity in losses from non-consolidated REITs decreased approximately \$0.1 million during the three months ended September 30, 2017 compared to the same period in 2016. The decrease was primarily attributable to equity in the loss from our preferred stock investment in a Sponsored REIT, FSP 303 East Wacker Drive Corp., which we refer to as East Wacker, which decreased during the three months ended September 30, 2017 compared to the same period in 2016.

Other

Other expense decreased by \$0.6 million for each of the three months ended September 30, 2017 and the three months ended September 30, 2016, which is attributable to hedge ineffectiveness from our derivatives' fair value. The ineffective portion of the derivatives' fair value are recognized directly into earnings each quarter as hedge ineffectiveness.

Gain on sale of property and provision for loss on property held for sale

During the three months ended June 30, 2017, we reached a decision to classify our office property located in Baltimore, Maryland as an asset held for sale. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.3 million and \$20.7 million for the three and nine months

Table of Contents

ended September 30, 2017, respectively, net of applicable income taxes, and was classified as an asset held for sale at September 30, 2017. This property was sold on October 20, 2017, for approximately \$31.6 million in net proceeds.

During the three months ended June 30, 2016, we reached a decision to classify our office property located in Federal Way, Washington, as an asset held for sale. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.5 million and \$5.3 million for the three and nine months ended September 30, 2016, respectively, net of applicable income taxes and was classified as an asset held for sale. The Company sold the property on December 16, 2016 for \$7.3 million of net proceeds resulting in a total loss of \$7.1 million, net of applicable income taxes.

During the three months ended September 30, 2016, we sold an office property located in Maryland Heights, Missouri on April 5, 2016, at a \$4.2 million gain.

Taxes on income

Included in income taxes is the Revised Texas Franchise Tax, which is a tax on revenues from Texas properties, which decreased \$1,000 and other income taxes, which decreased by \$16,000 during the three months ended September 30, 2017, respectively, compared to the three months ended September 30, 2016.

Net income

Net income for the three months ended September 30, 2017 was \$1.9 million compared to net income of \$2.5 million for the three months ended September 30, 2016, for the reasons described above.

Table of Contents

The following table shows financial results for the nine months ended September 30, 2017 and 2016:

(in thousands)	Nine months ended September 30,		
	2017	2016	Change
Revenues:			
Rental	\$ 201,710	\$ 179,738	\$ 21,972
Related party revenue:			
Management fees and interest income from loans	4,014	4,108	(94)
Other	29	54	(25)
Total revenues	205,753	183,900	21,853
Expenses:			
Real estate operating expenses	52,492	47,126	5,366
Real estate taxes and insurance	35,880	29,522	6,358
Depreciation and amortization	75,599	68,095	7,504
Selling, general and administrative	9,806	10,443	(637)
Interest	23,730	19,617	4,113
Total expenses	197,507	174,803	22,704
Income before equity in losses of non-consolidated REITs, other, gain (loss) on sale of properties and properties held for sale, less applicable income tax and taxes	8,246	9,097	(851)
Equity in losses of non-consolidated REITs	(719)	(568)	(151)
Other	218	(388)	606
Gain (loss) on sale of properties and properties held for sale, less applicable income tax	(18,460)	(1,166)	(17,294)
Income (loss) before taxes on income	(10,715)	6,975	(17,690)
Taxes on income	297	326	(29)
Net income (loss)	\$ (11,012)	\$ 6,649	\$ (17,661)

Comparison of the nine months ended September 30, 2017 to the nine months ended September 30, 2016:

Revenues

Total revenues increased by \$21.9 million to \$205.8 million for the nine months ended September 30, 2017, as compared to the nine months ended September 30, 2016. The increase was primarily a result of:

An increase in rental revenue of approximately \$22.0 million arising primarily from rental revenue for properties that we acquired on each of June 6, 2016, August 10, 2016 and December 1, 2016, which was partially offset by the loss of revenue from the disposition of three other properties during 2016 and 2017. We sold a property on each of April 5, 2016, December 16, 2016 and January 6, 2017. In addition, our leased space decreased 0.6% to 88.7% at September 30, 2017 compared to 89.3% at December 31, 2016.

This increase was partially offset by:

- A decrease in interest income from loans to Sponsored REITs of approximately \$0.1 million as a result of repayments of Sponsored REIT Loans, which was partially offset by higher interest rates in 2017 compared to 2016 and the funding of an advance on a Sponsored REIT Loan we made in December 2016.

Table of Contents

Expenses

Total expenses increased by \$22.7 million to \$197.5 million for the nine months ended September 30, 2017, as compared to the nine months ended September 30, 2016. The increase was primarily a result of:

- An increase in real estate operating expenses and real estate taxes and insurance of approximately \$11.7 million and an increase in depreciation and amortization of approximately \$7.5 million, which were attributable to the acquisition of properties on June 6, 2016, August 10, 2016 and December 1, 2016, and which were partially offset by decreases as a result of the disposition of three properties during 2016 and 2017.
- An increase in interest expense of approximately \$4.1 million to \$23.7 million for the nine months ended September 30, 2017 compared to the same period in 2016. The increase was primarily attributable to higher interest rates, additional borrowings under the JPM Term Loan (as defined below) we entered into on November 30, 2016 and an increase in amortization of deferred financing costs during the nine months ended September 30, 2017 as compared to the same period in 2016.
- A decrease in selling, general and administrative expenses of \$0.6 million as a result of decreases in personnel expenses, acquisition costs, professional expenses and franchise taxes. We had 39 employees as of each of September 30, 2017 and 2016.

Equity in losses of non-consolidated REITs

Equity in losses from non-consolidated REITs increased approximately \$0.2 million during the nine months ended September 30, 2017 compared to the same period in 2016. The increase was primarily attributable to equity in the loss from our preferred stock investment in a Sponsored REIT, FSP Grand Boulevard Corp., which increased during the nine months ended September 30, 2017 compared to the same period in 2016.

Other

Other expense was reduced by \$0.6 million to \$0.2 million during the nine months ended September 30, 2017 and was \$0.4 million for the nine months ended September 30, 2016, which are attributable to hedge ineffectiveness from our derivatives' fair value. The ineffective portion of the derivatives' fair value are recognized directly into earnings each quarter as hedge ineffectiveness.

Gain on sale of property and provision for loss on property held for sale

During the three months ended June 30, 2017, we reached a decision to classify our office property located in Baltimore, Maryland as an asset held for sale. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.3 million and \$20.7 million for the three and nine months ended September 30, 2017, respectively, net of applicable income taxes and was classified as an asset held for sale at September 30, 2017. The property was sold on October 20, 2017 for approximately \$31.6 million in net proceeds.

During the three months ended December 31, 2016, we reached an agreement to sell an office property located in Milpitas, California. The property was classified as an asset held for sale at December 31, 2016 and was sold on January 6, 2017 at a \$2.3 million gain.

During the three months ended June 30, 2016, we reached a decision to classify our office property located in Federal Way, Washington, as an asset held for sale. The property was expected to sell within one year at a loss, which was recorded as a provision for loss on a property held for sale of \$0.5 million and \$5.3 million for the three and nine months ended September 30, 2016, respectively, net of applicable income taxes and was classified as an asset held for sale. The

Table of Contents

Company sold the property on December 16, 2016 for \$7.3 million of net proceeds resulting in a total loss of \$7.1 million, net of applicable income taxes.

During the nine months ended September 30, 2016, we sold an office property located in Maryland Heights, Missouri on April 5, 2016, at a \$4.2 million gain.

Taxes on income

Included in income taxes is federal and other income taxes, which decreased \$29,000 compared to the nine months ended September 30, 2016.

Net income (loss)

Net loss for the nine months ended September 30, 2017 was \$11.0 million compared to net income of \$6.6 million for the nine months ended September 30, 2016, for the reasons described above.

Table of Contents

Non-GAAP Financial Measures

Funds From Operations

The Company evaluates performance based on Funds From Operations, which we refer to as FFO, as management believes that FFO represents the most accurate measure of activity and is the basis for distributions paid to equity holders. The Company defines FFO as net income or loss (computed in accordance with GAAP), excluding gains (or losses) from sales of property, hedge ineffectiveness and acquisition costs of newly acquired properties that are not capitalized, plus depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges on properties or investments in non-consolidated REITs, and after adjustments to exclude equity in income or losses from, and, to include the proportionate share of FFO from, non-consolidated REITs.

FFO should not be considered as an alternative to net income or loss (determined in accordance with GAAP), nor as an indicator of the Company's financial performance, nor as an alternative to cash flows from operating activities (determined in accordance with GAAP), nor as a measure of the Company's liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company's needs.

Other real estate companies and the National Association of Real Estate Investment Trusts, or NAREIT may define this term in a different manner. We have included the NAREIT FFO definition as of May 17, 2016 in the table and note that other REITs may not define FFO in accordance with the NAREIT definition or may interpret the current NAREIT definition differently than we do.

We believe that in order to facilitate a clear understanding of the results of the Company, FFO should be examined in connection with net income or loss and cash flows from operating, investing and financing activities in the consolidated financial statements.

The calculations of FFO are shown in the following table:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
(in thousands):	2017	2016	2017	2016
Net income (loss)	\$ 1,903	\$ 2,458	\$ (11,012)	\$ 6,649

(Gain) loss on sale of properties and properties held for sale,

less applicable income tax	257	523	18,460	1,166
Equity in losses of non-consolidated REITs	121	196	719	568
FFO from non-consolidated REITs	874	787	2,465	2,327
Depreciation and amortization	24,903	23,112	74,658	67,991
NAREIT FFO	28,058	27,076	85,290	78,701
Hedge ineffectiveness	(67)	(621)	(218)	388
Acquisition costs of new properties	—	215	18	349
Funds From Operations	\$ 27,991	\$ 26,670	\$ 85,090	\$ 79,438

Net Operating Income (NOI)

The Company provides property performance based on Net Operating Income, which we refer to as NOI. Management believes that investors are interested in this information. NOI is a non-GAAP financial measure that the Company defines as net income or loss (the most directly comparable GAAP financial measure) plus selling, general and administrative expenses, depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges, interest expense, less equity in earnings of nonconsolidated REITs, interest income, management fee income, hedge ineffectiveness, gains or losses on the sale of assets and excludes non-property specific income and expenses. The information presented includes footnotes and the data is shown by region with properties owned in the periods presented, which we call Same Store. The comparative Same Store results include properties held for the periods

Table of Contents

presented and exclude properties that are non-operating, being developed or redeveloped, dispositions and significant nonrecurring income such as bankruptcy settlements and lease termination fees. NOI, as defined by the Company, may not be comparable to NOI reported by other REITs that define NOI differently. NOI should not be considered an alternative to net income or loss as an indication of our performance or to cash flows as a measure of the Company's liquidity or its ability to make distributions. The calculations of NOI are shown in the following table:

Net Operating Income (NOI)*

(a) Based on weighted occupied square feet for the nine months ended September 30, 2017, including month-to-month tenants, divided by the Property's net rentable square footage.

(b)

Represents annualized GAAP rental revenue for the nine months ended September 30, 2017 per weighted occupied square foot.

Table of Contents

Liquidity and Capital Resources

Cash and cash equivalents were \$12.6 million and \$9.3 million at September 30, 2017 and December 31, 2016, respectively. The increase of \$3.3 million is attributable to \$69.3 million provided by operating activities, less \$24.9 million used in investing activities less \$41.1 million used in financing activities. Management believes that existing cash, cash anticipated to be generated internally by operations and our existing debt financing will be sufficient to meet working capital requirements and anticipated capital expenditures for at least the next 12 months. Although there is no guarantee that we will be able to obtain the funds necessary for our future growth, we anticipate generating funds from continuing real estate operations. We believe that we have adequate funds to cover unusual expenses and capital improvements, in addition to normal operating expenses. Our ability to maintain or increase our level of dividends to stockholders, however, depends in significant part upon the level of rental income from our real properties.

Operating Activities

Cash provided by our operating activities for the nine months ended September 30, 2017 of \$69.3 million is primarily attributable to net loss of \$11.0 million excluding a gain on sale of a property of \$2.3 million and a provision for loss on a property held for sale of \$20.7 million, plus the add-back of \$75.0 million of non-cash expenses. These amounts were partially offset by an increase in payments of deferred leasing commissions of \$8.2 million, an increase in prepaid and other assets of \$1.9 million, a decrease in accounts payable and accrued expenses of \$1.2 million, an increase in tenant rent receivables of \$0.9 million and an increase in lease acquisition costs of \$0.9 million.

Investing Activities

Cash used in investing activities for the nine months ended September 30, 2017 of \$24.9 million is primarily attributable to the purchases of other real estate assets and office equipment investments of approximately \$41.9 million. These uses were partially offset by net proceeds received from the sale of a property on January 6, 2017 of \$6.2 million, repayments received from two related party mortgages receivable of \$9.8 million and distributions received from non-consolidated REITs of \$1.0 million.

Financing Activities

Cash used in financing activities for the nine months ended September 30, 2017 of \$41.1 million is primarily attributable to distributions paid to stockholders of \$61.1 million, which was partially offset by net borrowings on the BAML Revolver (as defined below) of \$20.0 million.

JPM Term Loan

On November 30, 2016, the Company entered into a Credit Agreement with JPMorgan Chase Bank, N.A., as administrative agent and lender, and the other lending institutions party thereto (“JPM Credit Agreement”), to provide a single unsecured bridge loan in the aggregate principal amount of \$150 million (the “JPM Term Loan”) that remains fully advanced and outstanding. The JPM Term Loan has a two year term that matures on November 30, 2018.

The JPM Term Loan bears interest at either (i) a number of basis points over the Eurodollar Rate depending on the Company’s credit rating (135.0 basis points over the Eurodollar Rate at September 30, 2017) or (ii) a number of basis points over the base rate depending on the Company’s credit rating (35.0 basis points over the base rate at September 30, 2017).

Based upon the Company’s credit rating, as of September 30, 2017, the weighted average interest rate on the JPM Term Loan was 2.60% per annum. The weighted average interest rate on the JPM Term Loan during the nine months ended September 30, 2017 was approximately 2.38% per annum. The weighted average interest rate on the JPM Term Loan during the year ended December 31, 2016 was approximately 1.99% per annum.

Table of Contents

The JPM Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type. The JPM Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a minimum fixed charge coverage ratio, a maximum secured leverage ratio, a maximum leverage ratio, a maximum unencumbered leverage ratio, a minimum unsecured interest coverage and a maximum ratio of certain investments to total assets. The Company was in compliance with the JPM Term Loan financial covenants as of September 30, 2017.

The Company used the net proceeds of the JPM Term Loan to acquire the property located at 600 17th Street, Denver, Colorado on December 1, 2016 and for other general business purposes.

On October 18, 2017, the Company entered into a First Amendment to the JPM Credit Agreement to conform to certain provisions of the BAML Credit Facility as amended by the BAML Second Amendment (each as described further, below), including updating financial covenants, certain definitions and making other conforming changes.

BMO Term Loan

On July 21, 2016, the Company entered into a First Amendment (the “BMO First Amendment”) to the Amended and Restated Credit Agreement dated October 29, 2014 (among the Company, the lending institutions party thereto and Bank of Montreal, as administrative agent (as amended by the BMO First Amendment, the “BMO Credit Agreement”). The BMO Credit Agreement provides for a single, unsecured term loan borrowing in the amount of \$220 million (the “BMO Term Loan”) that remains fully advanced and outstanding. The BMO Term Loan matures on August 26, 2020. The BMO Credit Agreement also includes an accordion feature that allows up to \$50 million of additional loans, subject to receipt of lender commitments and satisfaction of certain customary conditions.

The BMO Term Loan bears interest at either (i) a number of basis points over LIBOR depending on the Company’s credit rating (165 basis points over LIBOR at September 30, 2017) or (ii) a number of basis points over the base rate depending on the Company’s credit rating (65 basis points over the base rate at September 30, 2017).

Although the interest rate on the BMO Term Loan is variable, the Company fixed the base LIBOR interest rate by entering into an interest rate swap agreement. On August 26, 2013, the Company entered into an ISDA Master Agreement with Bank of Montreal that fixed the base LIBOR interest rate on the BMO Term Loan at 2.32% per annum for seven years, until the August 26, 2020 maturity date. Accordingly, based upon the Company’s credit rating, as of September 30, 2017, the effective interest rate on the BMO Term Loan was 3.97% per annum.

The BMO Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type. The BMO Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a maximum leverage ratio, a maximum secured leverage ratio, a minimum fixed charge coverage ratio, a maximum unencumbered leverage ratio, minimum unsecured interest coverage and a maximum ratio of certain investments to total assets. The Company was in compliance with the BMO Term Loan financial covenants as of September 30, 2017.

The Company may use the proceeds of the loans under the BMO Credit Agreement to finance the acquisition of real properties and for other permitted investments; to finance investments associated with Sponsored REITs, to refinance or retire indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the BMO Credit Agreement.

On October 18, 2017, the Company entered into a Second Amendment to the BMO Credit Agreement to conform to certain provisions of the BAML Credit Facility as amended by the BAML Second Amendment (each as described further, below), including updating financial covenants, certain definitions and making other conforming changes.

BAML Credit Facility

On July 21, 2016, the Company entered into a First Amendment (the “BAML First Amendment”) to the Second Amended and Restated Credit Agreement dated October 29, 2014 among the Company, the lending institutions party thereto and Bank of America, N.A., as administrative agent, L/C Issuer and Swing Line Lender (as amended by the BAML First

Table of Contents

Amendment, the “BAML Credit Facility”) that continued an existing unsecured revolving line of credit (the “BAML Revolver”) and extended the maturity of a term loan (the “BAML Term Loan”).

BAML Revolver Highlights as of September 30, 2017 (prior to the BAML Second Amendment (as defined below))

- The BAML Revolver was for borrowings, at the Company’s election, of up to \$500 million. Borrowings made pursuant to the BAML Revolver may be revolving loans, swing line loans or letters of credit, the combined sum of which could not exceed \$500 million outstanding at any time.
- Borrowings made pursuant to the BAML Revolver may be borrowed, repaid and reborrowed from time to time until the initial maturity date, which was October 29, 2018. The Company had the right to extend the initial maturity date of the BAML Revolver by an additional 12 months, or until October 29, 2019, upon payment of a fee and satisfaction of certain customary conditions.
- The BAML Credit Facility includes an accordion feature that allowed for an aggregate amount of up to \$350 million of additional borrowing capacity applicable to the BAML Revolver and/or the BAML Term Loan subject to receipt of lender commitments and satisfaction of certain customary conditions.

As of September 30, 2017, there were borrowings of \$300 million outstanding under the BAML Revolver. As of September 30, 2017, the BAML Revolver bore interest at either (i) a margin over LIBOR depending on the Company’s credit rating (1.25% over LIBOR at September 30, 2017) or (ii) a margin over the base rate depending on the Company’s credit rating (0.25% over the base rate at September 30, 2017). As of September 30, 2017, the BAML Credit Facility also obligated the Company to pay an annual facility fee in an amount that is also based on the Company’s credit rating (0.25% at September 30, 2017). The facility fee was assessed against the total amount of the BAML Revolver, or \$500 million as of September 30, 2017.

Based upon the Company’s credit rating, as of September 30, 2017, the weighted average interest rate on the BAML Revolver was 2.49% per annum. As of December 31, 2016, the weighted average interest rate on the BAML Revolver was 1.88% per annum and there were borrowings of \$280 million outstanding. The weighted average interest rate on all amounts outstanding on the BAML Revolver during the nine months ended September 30, 2017 was approximately 2.26% per annum. The weighted average interest rate on all amounts outstanding on the BAML Revolver during the year ended December 31, 2016 was approximately 1.73% per annum.

BAML Term Loan Highlights as of September 30, 2017 (prior to the BAML Second Amendment (as defined below))

- The BAML Term Loan is for \$400 million.
- The BAML Term Loan matured on September 27, 2021.
- The BAML Credit Facility includes an accordion feature that allows for an aggregate amount of up to \$350 million of additional borrowing capacity applicable to the BAML Revolver and/or the BAML Term Loan, subject to receipt of lender commitments and satisfaction of certain customary conditions.

- On September 27, 2012, the Company drew down the entire \$400 million and such amount remains fully advanced and outstanding under the BAML Credit Facility.

As of September 30, 2017, the BAML Term Loan bore interest at either (i) a margin over LIBOR depending on the Company's credit rating (1.45% over LIBOR at September 30, 2017) or (ii) a margin over the base rate depending on the Company's credit rating (0.45% over the base rate at September 30, 2017).

Although the interest rate on the BAML Credit Facility is variable, the Company fixed the base LIBOR interest rate on the BAML Term Loan by entering into an interest rate swap agreement. On September 27, 2012, the Company entered into an ISDA Master Agreement with Bank of America, N.A. that fixed the base LIBOR interest rate on the BAML Term Loan at 0.75% per annum until September 27, 2017. On July 22, 2016, the Company entered into ISDA Master Agreements with a group of banks that fixed the base LIBOR interest rate on the BAML Term Loan at 1.12% per annum for the period beginning on September 27, 2017 and ending on September 27, 2021. Accordingly, based upon the Company's credit rating, as of September 30, 2017, the effective interest rate on the BAML Term Loan was 2.57% per annum.

Table of Contents

BAML Credit Facility General Information

The BAML Credit Facility contains customary affirmative and negative covenants for credit facilities of this type. The BAML Credit Facility also contains financial covenants that require the Company to maintain a minimum tangible net worth, a maximum leverage ratio, a maximum secured leverage ratio, a minimum fixed charge coverage ratio, a maximum unencumbered leverage ratio, minimum unsecured interest coverage and a maximum ratio of certain investments to total assets. The Company was in compliance with the BAML Credit Facility financial covenants as of September 30, 2017.

The Company may use the proceeds of the loans under the BAML Credit Facility to finance the acquisition of real properties and for other permitted investments; to finance investments associated with Sponsored REITs, to refinance or retire indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the BAML Credit Facility.

Second Amendment to BAML Credit Facility

On October 18, 2017, the Company recast the BAML Credit Facility by entering into a Second Amendment (the “BAML Second Amendment”) to, among other things, (i) increase the BAML Revolver from \$500 million to \$600 million, (ii) extend the BAML Revolver maturity date from October 29, 2018 to January 12, 2022 (with two optional six month extensions), (iii) extend the BAML Term Loan maturity date from September 27, 2021 to January 12, 2023, (iv) decrease the interest rate margins (as described further below), (v) reset the minimum tangible net worth threshold, (vi) increase certain leverage ratios for three fiscal quarters (instead of two fiscal quarters) succeeding a significant acquisition, and (v) increase the accordion feature from \$350 million to \$500 million.

Pursuant to the BAML Second Amendment, the BAML Revolver bears interest at either (i) a margin over LIBOR (or a comparable or successor rate) depending on the Company’s credit rating (1.20% over LIBOR at October 31, 2017) or (ii) a margin over the base rate depending on the Company’s credit rating (0.20% over the base rate at October 31, 2017). The BAML Credit Facility also obligates the Company to pay an annual facility fee in an amount that is also based on the Company’s credit rating (0.25% at October 31, 2017). The facility fee is assessed against the total amount of the BAML Revolver as increased pursuant to the BAML Second Amendment, or \$600 million. The BAML Term Loan bears interest at either (i) a margin over LIBOR (or a comparable or successor rate) depending on the Company’s credit rating (1.35% over LIBOR at October 31, 2017) or (ii) a margin over the base rate depending on the Company’s credit rating (0.35% over the base rate at October 31, 2017).

Equity Offering

On August 16, 2016, the Company completed an underwritten public offering of 7,043,750 shares of its common stock (including 918,750 shares issued as a result of the full exercise of an overallotment option by the underwriter) at a price to the public of \$12.35 per share. The proceeds from this public offering, net of underwriter discounts and offering expenses, totaled approximately \$82.9 million.

As of September 30, 2017, we had an automatic shelf registration statement on Form S-3 on file with the Securities and Exchange Commission relating to the offer and sale, from time to time, of an indeterminate amount of our debt securities, common stock, preferred stock or depository shares. From time to time, we expect to issue debt securities, common stock, preferred stock or depository shares under our existing automatic shelf registration statements or a different registration statement to fund the acquisition of additional properties, to pay down any existing debt financing and for other corporate purposes.

Note Private Placement

On October 24, 2017, the Company entered into a note purchase agreement (the “Note Purchase Agreement”) with the various purchasers named therein (the “Purchasers”) in connection with a private placement of senior unsecured notes. Under the Note Purchase Agreement, the Company will sell to the Purchasers an aggregate principal amount of \$200,000,000 of senior unsecured notes consisting of (i) 3.99% Series A Senior Notes due December 20, 2024 in an aggregate principal

Table of Contents

amount of \$116 million (the “Series A Notes”) and (ii) 4.26% Series B Senior Notes due December 20, 2027 in an aggregate principal amount of \$84 million (the “Series B Notes,” and, together with the Series A Notes, the “Notes”). The funding of the Notes is expected to occur on or about December 20, 2017, subject to customary closing conditions. The Note Purchase Agreement contains customary financial covenants, restrictive covenants and events of default. The Company intends to use proceeds from the private placement to reduce the outstanding balance of the BAML Revolver.

Contingencies

From time to time, we may provide financing to Sponsored REITs in the form of a construction loan and/or a revolving line of credit secured by a mortgage. As of September 30, 2017, we were committed to fund up to \$79.5 million to three Sponsored REITs under such arrangements for the purpose of funding construction costs, capital expenditures, leasing costs or for other purposes, of which \$72.0 million has been drawn and is outstanding. We anticipate that advances made under these facilities will be repaid at their maturity date or earlier from long term financings of the underlying properties, cash flows from the underlying properties or another other capital event.

We may be subject to various legal proceedings and claims that arise in the ordinary course of our business. Although occasional adverse decisions (or settlements) may occur, we believe that the final disposition of such matters will not have a material adverse effect on our financial position or results of operations.

Related Party Transactions

We intend to draw on the BAML Credit Facility in the future for a variety of corporate purposes, including the acquisition of properties that we acquire directly for our portfolio and for Sponsored REIT Loans as described below.

Loans to Sponsored REITs

Sponsored REIT Loans

From time to time we may make secured loans (“Sponsored REIT Loans”) to Sponsored REITs in the form of mortgage loans or revolving lines of credit to fund construction costs, capital expenditures, leasing costs and for other purposes. We anticipate that each Sponsored REIT Loan will be repaid at maturity or earlier from long term financings of the underlying properties, cash flows from the underlying properties or some other capital event. Each

Sponsored REIT Loan is secured by a mortgage on the underlying property and has a term of approximately one to three years. Except for two mortgage loans which bear interest at a fixed rate, advances under each Sponsored REIT Loan bear interest at a rate equal to the 30-day LIBOR rate plus an agreed upon amount of basis points and also require a 50 basis point draw fee.

Our Sponsored REIT Loans subject us to credit risk. However, we believe that our position as asset manager of each of the Sponsored REITs helps mitigate that risk by providing us with unique insight and the ability to rely on qualitative analysis of the Sponsored REITs. Before making a Sponsored REIT Loan, we consider a variety of subjective factors, including the quality of the underlying real estate, leasing, the financial condition of the applicable Sponsored REIT and local and national market conditions. These factors are subject to change and we do not apply a formula or assign relative weights to the factors. Instead, we make a subjective determination after considering such factors collectively.

Additional information about our Sponsored REIT Loans outstanding as of September 30, 2017, including a summary table of our Sponsored REIT Loans, is incorporated herein by reference to Part I, Item 1, Note 2, “Related Party Transactions and Investments in Non-Consolidated Entities, Management fees and interest income from loans”, in the Notes to Condensed Consolidated Financial Statements included in this report.

Other Considerations

We generally pay the ordinary annual operating expenses of our properties from the rental revenue generated by the properties. The rental income exceeded the expenses for each individual property, with the exception of one property located in Minneapolis, Minnesota for the three and nine months ended September 30, 2017 and 2016 and one property located in Houston, Texas for the three months ended September 30, 2017.

Table of Contents

Our property located at 801 Marquette Avenue in Minneapolis, Minnesota has approximately 170,000 square feet of rentable space and became vacant in January 2016. On June 30, 2016, we commenced a redevelopment plan for the property. As a result of the vacancy, we had no rental income and had operating expenses of \$26,000 and \$27,000 during the three and nine months ended September 30, 2017, respectively. We had no rental income and had operating expenses of \$4,000 and \$288,000 during the three and nine months ended September 30, 2016, respectively.

Our property located at 16290 Katy Freeway in Houston, Texas has approximately 157,000 square feet of rentable space and became substantially vacant on April 30, 2017 when two tenants vacated 155,000 square feet of space. We had no rental income and had operating expenses of \$371,000 during the three months ended September 30, 2017.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market Rate Risk

We are exposed to changes in interest rates primarily from our floating rate borrowing arrangements. We use interest rate derivative instruments to manage exposure to interest rate changes. As of September 30, 2017 and December 31, 2016, if market rates on our outstanding borrowings under our BAML Revolver increased by 10% at maturity, or approximately 25 and 21 basis points, respectively, over the current variable rate, the increase in interest expense would decrease future earnings and cash flows by \$1.1 million and \$0.9 million annually, respectively. Based upon our credit rating, the interest rate on the BAML Revolver as of September 30, 2017 was LIBOR plus 125 basis points, or 2.49% per annum. Based upon our credit rating, the interest rate on the JPM Term Loan as of September 30, 2017 was the Eurodollar Rate plus 135 basis points, or 2.60% per annum. We do not believe that the interest rate risk on the BAML Revolver and the JPM Term Loan is material as of September 30, 2017.

Although the interest rates on the BMO Term Loan and the BAML Term Loan are variable, the Company fixed the base LIBOR interest rates on the BMO Term Loan and the BAML Term Loan by entering into interest rate swap agreements. On July 22, 2016, the Company entered into ISDA Master Agreements with a group of banks that fixed the base LIBOR interest rate on the BAML Term Loan at 1.12% per annum for the period beginning September 27, 2017 and ending September 27, 2021 (the "2017 Interest Rate Swap"). On August 26, 2013, the Company entered into an ISDA Master Agreement with Bank of Montreal that fixed the base LIBOR interest rate on the BMO Term Loan at 2.32% per annum until August 26, 2020 (the "BMO Interest Rate Swap"). On September 27, 2012, the Company entered into an ISDA Master Agreement with Bank of America, N.A. that fixed the base LIBOR interest rate on the BAML Term Loan at 0.75% per annum until September 27, 2017 (the "BAML Interest Rate Swap"). Accordingly, based upon our credit rating, as of September 30, 2017, the interest rate on the BAML Term Loan was 2.57% per annum and the interest rate on the BMO Term Loan was 3.97% per annum. The fair value of the 2017 Interest Rate

Swap and the BMO Interest Rate Swap are affected by changes in market interest rates. We believe that we have mitigated interest rate risk with respect to the BAML Term Loan through the 2017 Interest Rate Swap from September 27, 2017 until September 27, 2021. We believe we have mitigated interest rate risk with respect to the BMO Term Loan through the BMO Interest Rate Swap until August 26, 2020. The 2017 Interest Rate Swap and the BMO Interest Rate Swap were our only derivative instruments as of September 30, 2017.

The table below lists our derivative instruments, which are hedging variable cash flows related to interest on our BAML Term Loan and our BMO Term Loan as of September 30, 2017 (in thousands):

(in thousands)	Notional Value	Strike Rate	Effective Date	Expiration Date	Fair Value
2017 Interest Rate Swap	\$ 400,000	1.12 %	Sep-17	Sep-21	\$ 10,771
BMO Interest Rate Swap	\$ 220,000	2.32 %	Aug-13	Aug-20	\$ (3,721)

Our BAML Term Loan and our BMO Term Loan hedging transactions used derivative instruments that involve certain additional risks such as counterparty credit risk, the enforceability of hedging contracts and the risk that unanticipated and significant changes in interest rates will cause a significant loss of basis in either or both of the contracts. We require our derivatives contracts to be with counterparties that have investment grade ratings. The counterparties to the 2017 Interest Rate Swap are a group of banks and the counterparty to the BMO Interest Rate Swap is Bank of Montreal, both of which

Table of Contents

have investment grade ratings. As a result, we do not anticipate that either counterparty will fail to meet its obligations. However, there can be no assurance that we will be able to adequately protect against the foregoing risks or that we will ultimately realize an economic benefit that exceeds the related amounts incurred in connection with engaging in such hedging strategies.

The Company's derivatives are recorded at fair value in other assets and other liabilities in the consolidated balance sheets, the effective portion of the derivatives' fair value is recorded to other comprehensive income in the consolidated statements of other comprehensive income (loss) and the ineffective portion of the derivatives' fair value is recognized directly into earnings as other in the consolidated statements of income.

The interest rate swaps effectively fix the interest rate on the BAML Term Loan and BMO Term Loan; however, there is no floor on the variable interest rate of the swap whereas the current BAML Term Loan and BMO Term Loan are subject to a zero percent floor. As a result there is a mismatch and the ineffective portion of the derivatives' changes in fair value are recognized directly into earnings.

During the three and nine months ended September 30, 2017, we recorded \$0.1 million and \$0.2 million, respectively, of hedge ineffectiveness in earnings, which is included in "Other" in the condensed consolidated statements of income. During the three and nine months ended September 30, 2016, we recorded (\$0.6) million and \$0.4 million, respectively, of hedge ineffectiveness in earnings. Hedge ineffectiveness is included in other expense in the condensed consolidated statements of income.

The following table presents as of September 30, 2017, our contractual variable rate borrowings under our BAML Revolver, which matured on October 29, 2018, under our JPM Term Loan, which matures on November 30, 2018, under our BAML Term Loan, which matured on September 27, 2021 and under our BMO Term Loan, which matures on August 26, 2020. As of September 30, 2017, we had the right, under the BAML Revolver, to extend the initial maturity date by an additional 12 months, or until October 29, 2019, upon payment of a fee and satisfaction of certain customary conditions. Pursuant to the BAML Second Amendment executed on October 18, 2017, the Company extended the BAML Revolver maturity date from October 29, 2018 to January 12, 2022 (with two optional six month extensions) and extended the BAML Term Loan maturity date from September 27, 2021 to January 12, 2023.

	Payment due by period (in thousands)						
	Total	2017	2018	2019	2020	2021	Thereafter
BAML Revolver	\$ 300,000	\$ —	\$ 300,000	\$ —	\$ —	\$ —	\$ —
JPM Term Loan	150,000	—	150,000	—	—	—	—
BAML Term Loan	400,000	—	—	—	—	400,000	—
BMO Term Loan	220,000	—	—	—	220,000	—	—
Total	\$ 1,070,000	\$ —	\$ 450,000	\$ —	\$ 220,000	\$ 400,000	\$ —

Item 4. Controls and Procedures

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures as of September 30, 2017. The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as amended, or the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well

Table of Contents

designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of September 30, 2017, our chief executive officer and chief financial officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control Over Financial Reporting

No change in our internal control over financial reporting occurred during the quarter ended September 30, 2017 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may be subject to legal proceedings and claims that arise in the ordinary course of our business. Although occasional adverse decisions (or settlements) may occur, we believe that the final disposition of such matters will not have a material adverse effect on our financial position, cash flows or results of operations.

Item 1A. Risk Factors

As of September 30, 2017, there have been no material changes to the risk factors disclosed in Part I, “Item 1A. Risk Factors” of our Annual Report on Form 10-K for the year ended December 31, 2016. In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in the Annual Report on Form 10-K for the year ended December 31, 2016, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K for the year ended December 31, 2016 are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information
