EXPLANATORY NOTE

This Amendment No. 1 to the Annual Report on Form 10-K (“Form 10-K/A”) of Live Ventures Incorporated (the “Company”) amends our Annual Report on Form 10-K for the fiscal year ended September 30, 2018 which was originally filed with the Securities and Exchange Commission on December 27, 2018 (the “Original Form 10-K”). This amendment is being filed to (i) amend and restate in its entirety Item 9A, Controls and Procedures, to correct a typographical error and confirm that management concluded that the Company’s internal control over financial reporting was not effective as of September 30, 2018 and (ii) include the consent of WSRP, LLC, the Company’s independent registered public accounting firm, as Exhibit 23.1, which was inadvertently omitted from the Original Form 10-K. The Form 10-K/A also includes new the certifications of our Chief Executive Officer and Chief Financial Officer in Exhibits 31.1, 31.2, 32.1 and 32.2. No other sections were affected. This report on Form 10-K/A is presented as of the filing date of the Original Form 10-K and does not reflect events occurring after that date or modify or update disclosures in any way other than as required to reflect the restatement described below.

ITEM 9A. Controls and Procedures

Evaluation of Disclosure control and Procedures. We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of September 30, 2018, the period covered in this report, our disclosure controls and procedures were not effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting. There were no changes in the Company's internal control over financial reporting during the quarter ended September 30, 2018, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Management's Report on Internal Control Over Financial Reporting. Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of September 30, 2018. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") of 2013 regarding Internal Control – Integrated Framework. Based on our assessment using those criteria, our management concluded that our internal control over financial reporting was not effective as of September 30, 2018.

The Company's management, including the Company's CEO and CFO, do not expect that the Company's disclosure controls and procedures or the Company's internal control over financial reporting will prevent or detect all error and all fraud. A control system, regardless of how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system will be met. These inherent limitations include the following: judgements in decision-making can be faulty, and control and process breakdowns can occur because of simple errors or mistakes, controls can be circumvented by individuals, acting alone or in collusion with each other, or by management override, the design of any system of controls is based in part on certain assumptions about the

likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.
