Notes to Financial Statements  
March 31, 2001

NOTE 1 Summary of Significant Accounting Policies

:

Global Gaming and Technology, Inc. (The "Company") was incorporated in the State of Delaware in 1973 and has elected June 30th as its year end. The Company, although dormant until recently, is engaged in the research, development, manufacture, and marketing of electronic gaming devices.

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues during the reporting period. Actual results could differ from those estimates.

Edgar Filing: GLOBAL GAMING & TECHNOLOGY INC - Form 10-Q

Income or loss per share was computed by dividing the net income or loss by the weighted average of shares outstanding during the period.

NOTE 2 Organization's Ability to Continue as a Going Concern

:

The Company had been dormant for the past several years and lacked the resources to be competitive in the gaming industry. As of March 31, 2001, the Company has negative working capital of \$2,053,787 and Stockholders' Deficit of \$2,053,587.

The Company initiated a patent infringement lawsuit but the case was lost on appeal in March, 2001.
