PART III—NARRATIVE

State below in reasonable detail why the Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Triarc Companies, Inc. (the "Company") could not complete the filing of its Annual Report on Form 10-K for the fiscal year ended December 30, 2007 (the "Form 10-K") by the prescribed filing date of February 28, 2007 without unreasonable effort or expense as a result of the following:

On December 21, 2007, in connection with the Company's previously announced corporate restructuring and transition to a "pure play" restaurant company, the Company completed the sale of Deerfield & Company LLC ("Deerfield") to Deerfield Capital Corp. (formerly known as Deerfield Triarc Capital Corp.), a real estate investment trust ("DFR" or the "REIT"). In consideration for the Company's interest in Deerfield, the Company received approximately \$48 million principal amount of DFR senior secured notes with a fair value as of the date of the sale of approximately \$46 million, and approximately 9.6 million shares of DFR convertible preferred stock with a fair value as of the date of the sale of approximately \$88.4 million. The Company also received approximately 206,000 shares of DFR common stock previously owned by Deerfield as a distribution prior to the sale. As a result, the Company beneficially owns approximately 15% of DFR's outstanding common stock on an as converted basis.

The Company is waiting to receive definitive information from DFR that is necessary to complete the Company's consolidated financial statements and related disclosures. We expect to receive the information necessary to complete our filing when DFR issues its earnings release or files its Annual Report on Form 10-K for calendar year 2007.

For the reasons stated in Part III of this Form 12b-25, the Company's Form 10-K for its fiscal year ended December 30, 2007 ("fiscal 2007") was not filed by the prescribed date of February 28, 2008. The Company, however, expects to report in its Form 10-K the following significant changes in results of operations in fiscal 2007 compared to its fiscal year ended December 31, 2006 ("fiscal 2006"):

- Revenues for fiscal 2007 increased to \$1,263.7 million compared to \$1,243.3 million in fiscal 2006.
- o Net sales from Company-owned restaurants increased by \$40.1 million in fiscal 2007 reflecting the addition of 45 new restaurants which offset a decrease of 2% in same store sales for Company-owned restaurants.
- o Franchise revenues increased by \$5.0 million in fiscal 2007 primarily reflecting net additional 58 franchised restaurants and an increase in franchisee same store sales of 1%.
- o Deerfield's asset management and related fees decreased by \$24.7 million in fiscal 2007 primarily due to lower incentive and management fees.
- Operating profit for fiscal 2007 decreased to \$19.9 million compared to \$44.6 million in fiscal 2006.
- o Facility relocation and corporate restructuring charges increased by \$82.1 million, primarily reflecting negotiated contractual settlements with former executives in fiscal 2007.
 - o A gain of \$40.2 million on the sale of Deerfield was recorded in fiscal 2007.
- o General and administrative expenses were reduced by \$30.4 million in fiscal 2007, primarily as a result of the corporate restructuring.
- Net income for fiscal 2007 improved to \$16.1 million compared to a net loss for fiscal 2006 of \$10.9 million.
- o In addition to the after-tax effect of the change in operating profit in fiscal 2007, the Company recorded an income tax benefit of \$8.4 million, primarily related to previously unrecognized deductions for prior year expenses.
