This Quarterly Report on Form 10-Q is a combined report being filed separately by The Wendy's Company ("The Wendy's Company") and Wendy's Restaurants, LLC ("Wendy's Restaurants"), a direct 100% owned subsidiary holding company of The Wendy's Company. Unless the context indicates otherwise, any reference in this report to the "Companies," "we," "us," and "our" refers to The Wendy's Company together with its direct and indirect subsidiaries, including Wendy's Restaurants. Each registrant hereto is filing on its own behalf all of the information contained in this quarterly report that relates to such registrant. Each registrant hereto is not filing any information that does not relate to such registrant, and therefore makes no representation as to any such information. Until July 5, 2011, The Wendy's Company was known as Wendy's/Arby's Group, Inc. and Wendy's Restaurants was known as Wendy's/Arby's Restaurants, LLC.

Where information or an explanation is provided that is substantially the same for each company, such information or explanation has been combined in this Quarterly Report on Form 10-Q. Where information or an explanation is not substantially the same for each company, we have provided separate information and explanation. In addition, separate financial statements for each company are included in Part I Item 1, "Financial Statements."

(1) Basis of Presentation

The accompanying unaudited condensed consolidated financial statements (the "Financial Statements") of The Wendy's Company ("The Wendy's Company" and, together with its subsidiaries, the "Company") and Wendy's Restaurants, LLC ("Wendy's Restaurants") have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and, therefore, do not include all information and footnotes required by GAAP for complete financial statements. In our opinion, the Financial Statements contain all adjustments necessary to present fairly our financial position as of October 2, 2011 and the results of our operations for the three months and nine months ended October 2, 2011 and October 3, 2010 and our cash flows for the nine months ended October 2, 2011 and October 3, 2010. The results of operations for the three months and nine months ended October 2, 2011 are not necessarily indicative of the results to be expected for the full 2011 fiscal year. These Financial Statements should be read in conjunction with the audited consolidated financial statements for The Wendy's Company and Wendy's Restaurants, and combined notes thereto, included in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011 (the "Form 10-K").

On July 5, 2011, and as a result of the sale of Arby's Restaurant Group, Inc. ("Arby's") discussed in Note 2, Wendy's/Arby's Group, Inc. changed its name to The Wendy's Company and Wendy's/Arby's Restaurants, LLC, a 100% owned subsidiary of The Wendy's Company, changed its name to Wendy's Restaurants.

The Wendy's Company and Wendy's Restaurants (together, the "Companies") manage and internally report their business in one segment: the operation and franchising of Wendy's® restaurants through a wholly owned subsidiary Wendy's International, Inc. ("Wendy's"), including its wholesale bakery operations. References herein to The Wendy's Company corporate ("Corporate") represent The Wendy's Company parent company only functions and their effect on the Company's consolidated results of operations and financial condition.

We report on a fiscal year consisting of 52 or 53 weeks ending on the Sunday closest to December 31. All three month and nine month periods presented herein contain 13 weeks and 39 weeks, respectively. All references to years and quarters relate to fiscal periods rather than calendar periods.

(2) Discontinued Operations

On July 4, 2011, Wendy's Restaurants completed the sale of 100% of the common stock of Arby's, its wholly owned subsidiary, to ARG IH Corporation ("Buyer"), a wholly owned subsidiary of ARG Holding Corporation ("Buyer Parent"), for \$130,000 in cash (subject to customary purchase price adjustments) and 18.5% of the common stock of Buyer Parent (through which Wendy's Restaurants indirectly retained an 18.5% interest in Arby's) with a fair value of \$19,000. Buyer and Buyer Parent were formed for purposes of this transaction. The Buyer also assumed approximately \$190,000 of Arby's debt, consisting primarily of capital lease and sale-leaseback obligations. The sale occurred pursuant to the terms of a Purchase and Sale Agreement by and among Wendy's Restaurants, Buyer Parent and Buyer dated as of June 13, 2011. In accordance with the Purchase and Sale Agreement, The Wendy's Company made an election under §338(h)(10) of the Internal Revenue Code, which has the effect of treating the transaction as a sale of assets and results in an approximate \$240,000 ordinary loss for income tax purposes. Had this election not been made, the sale of Arby's common stock would have resulted in a capital loss for income tax purposes.

Wendy's Restaurants also entered into a Stockholders Agreement with Buyer Parent and ARG Investment Corporation, an entity affiliated with Buyer Parent, which sets forth certain agreements among the parties thereto concerning, among other things, the governance of Buyer Parent and transfer rights, information rights and registration rights with

respect to the equity securities of Buyer Parent. In addition, Wendy's Restaurants entered into a Transition Services Agreement with Buyer, pursuant to which it is providing and being reimbursed for continuing corporate and shared services to Buyer for a limited period of time; such services are currently anticipated to be completed by the end of 2011.

Information related to Arby's has been reflected in the accompanying condensed consolidated financial statements as follows:

Balance sheets - As a result of our sale of Arby's on July 4, 2011, there are no remaining Arby's assets and liabilities as of October 2, 2011. Arby's assets and liabilities were included in our condensed consolidated balance sheet as of January 2, 2011; however, they were not reclassified to discontinued operations.

Statements of operations - Arby's (loss) income from operations for the period from January 3, 2011 through July 3, 2011 and the three months and nine months ended October 3, 2010 has been classified as discontinued operations.

Loss from discontinued operations for the three months and nine months ended October 2, 2011 also includes additional Arby's expenses which were incurred as a result of the sale and the loss on Arby's disposal, as further described below.

Statements of cash flows - Arby's cash flows prior to its sale (for the period from January 3, 2011 through July 3, 2011 and for the nine months ended October 3, 2010) have been included in, and not separately reported from, all our cash flows. The statement of cash flows for the nine months ended October 2, 2011 also includes the effects of the sale of Arby's in the third quarter of 2011.

Our condensed consolidated statements of operations for periods through July 3, 2011 (prior to the Arby's sale) include certain indirect corporate overhead costs in "General and administrative," which for segment reporting purposes had previously been allocated to Arby's. These indirect corporate overhead costs do not qualify for classification within discontinued operations, and therefore are included in "General and administrative" in continuing operations. Interest expense on Arby's debt that was assumed by Buyer has been included in discontinued operations; interest expense on Wendy's Restaurants' credit agreement, which was not required to be repaid as a result of the sale, continues to be included in "Interest expense" in continuing operations.

The following table details Arby's revenues and (loss) income from operations which have been reported in discontinued operations:

The Companies recorded a pre-tax loss on disposal of Arby's of \$5,277 during the nine months ended October 2, 2011 which included the effect of the valuation of our indirect retained interest (\$19,000), transaction closing costs (\$11,500), and post closing purchase price adjustments primarily related to working capital (\$14,800). During the three months ended October 2, 2011, the Companies recorded favorable adjustments of \$723 which reduced the estimated loss on disposal recorded in the second quarter of 2011. The Companies recognized income tax expense

associated with the loss on disposal of \$3,572 during the nine months ended October 2, 2011. This income tax expense was comprised of (1) an income tax benefit (expense) of \$2,220 and \$(268) recorded in the second and third quarter of 2011, respectively, on the pre-tax loss on disposal and (2) income tax expense of \$5,524 recorded in the third quarter of 2011 upon completion of the Arby's sale due to a permanent difference between the book and tax basis of Arby's goodwill.

(3) Acquisitions and Other Dispositions

During the nine months ended October 2, 2011, Wendy's acquired nine Wendy's franchised restaurants in three separate acquisitions. The total consideration for these acquisitions before post closing adjustments was \$7,673 consisting of (1) \$6,613 of cash, net of \$55 of cash acquired, and (2) the issuance of a note payable of \$1,060. The total consideration was allocated to net tangible and identifiable intangible assets acquired, primarily properties, and liabilities assumed based on their estimated fair values with the excess of \$3,689 recognized as goodwill. During the nine months ended October 2, 2011, Wendy's also assumed the operations and management of four additional Wendy's franchised restaurants.

During the nine months ended October 2, 2011, Wendy's received proceeds from dispositions of \$2,865 consisting of \$1,125 from the sale of three company-owned Wendy's restaurants to franchisees, \$899 from the sale of surplus properties, and \$841 related to other dispositions. These sales resulted in a net gain of \$744 which is included as an offset to "Depreciation and amortization."

During the nine months ended October 3, 2010, Wendy's received proceeds from dispositions of \$2,174 consisting of \$1,123 from the sale of surplus properties, \$821 from the sale of two company-owned Wendy's restaurants, and \$230 related to other dispositions. These sales resulted in a net gain of \$1,292 which is included as an offset to "Depreciation and amortization."

(4) DFR Notes

(The Wendy's Company)

On June 9, 2010, pursuant to a March 2010 agreement between the Company and Deerfield Capital Corp. ("DFR"), we received cash proceeds of \$31,330, including interest, in consideration for the repayment and cancellation of the series

A senior notes (the “DFR Notes”) we received in December 2007 in connection with the sale of Deerfield & Company (the “Deerfield Sale”) to DFR. Additional information on the DFR Notes and the Deerfield Sale is discussed in the Form 10-K. The proceeds represented 64.1% of the \$47,986 aggregate principal amount of the DFR Notes.

During the fourth quarter of 2008, we recognized an allowance for collectability of \$21,227 to reduce the then carrying amount of the notes to \$24,983. As a result, we recognized income of \$4,909 during the nine months ended October 3, 2010, as the repayment proceeds exceeded the carrying value of the DFR Notes. This gain is included in “Investment income, net.”

Fair value of these investments was based entirely on statements of account received from investment managers or investees which were principally based on quoted market or broker/dealer prices. To the extent that some of these (a) investments, including the underlying investments in investment limited partnerships, do not have available quoted market or broker/dealer prices, the Companies relied on valuations performed by the investment managers or investees in valuing those investments or third-party appraisals.

(b) The fair values were based on information provided by the bank counterparties that is model-driven and whose inputs were observable or whose significant value drivers were observable.

(c) The fair values were based on quoted market prices.

The fair values were determined by discounting the future scheduled principal payments using an interest rate (d) assuming the same original issuance spread over a current U.S. Treasury bond yield for securities with similar durations.

Wendy's provided loan guarantees to various lenders on behalf of franchisees entering into pooled debt facility (e) arrangements for new store development and equipment financing. Wendy's has accrued a liability for the fair value of these guarantees, the calculation for which was based upon a weighted average risk percentage established at the inception of each program.

The carrying amounts of cash and cash equivalents, accounts payable and accrued expenses approximated fair value due to the short-term maturities of those items. The carrying amounts of accounts and notes receivable (both current and non-current) approximated fair value due to the effect of related allowances for doubtful accounts and notes receivable.

Valuation techniques under the accounting guidance related to fair value measurements were based on observable and unobservable inputs. Observable inputs reflected readily obtainable data from independent sources, while unobservable inputs reflected our market assumptions. These inputs are classified into the following hierarchy:

Level 1 Inputs - Quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 Inputs - Pricing inputs are unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the assets or liabilities. The inputs into the determination of fair value require significant management judgment or estimation.

The following table presents the Companies' financial assets and liabilities (other than cash and cash equivalents) measured at fair value on a recurring basis as of October 2, 2011 by the valuation hierarchy as defined in the fair value guidance:

	October 2, 2011	Fair Value Measurements		
		Level 1	Level 2	Level 3
Interest rate swaps (included in "Deferred costs and other assets")	\$13,014	\$—	\$13,014	\$—

The following table presents the fair values for those assets and liabilities of continuing operations measured at fair value during the nine months ended October 2, 2011 on a non-recurring basis. Total losses include losses recognized from all non-recurring fair value measurements during the nine months ended October 2, 2011. The carrying value of properties presented in the table below substantially represents the remaining carrying value of land for Wendy's properties that were impaired in the first quarter of 2011. See Note 7 for more information on the impairment of our long-lived assets.

	October 2, 2011	Fair Value Measurements			Nine Months Ended October 2, 2011 Total Losses

Derivative instruments

The Companies' derivative instruments in the third quarter of 2011 included interest rate swaps on Wendy's 6.20% senior notes with notional amounts totaling \$225,000 that were all designated as fair value hedges. At October 2, 2011 and January 2, 2011, the fair value of these interest rate swaps of \$13,014 and \$9,623, respectively, has been included

in “Deferred costs and other assets” and as an adjustment to the carrying amount of the Wendy’s 6.20% senior notes.

Interest income on interest rate swaps was \$1,402 and \$4,250 for the three months and nine months ended October 2, 2011, respectively, and \$1,320 and \$6,396 for the three months and nine months ended October 3, 2010, respectively. In connection with the redemption of the Wendy’s 6.25% senior notes during the second quarter of 2010, we recognized a gain of \$1,875 on the cancellation of four interest rate swaps with notional amounts totaling \$175,000, which is included in the amounts above for the nine months ended October 3, 2010.

(7) Impairment of Long-Lived Assets

Wendy's company-owned restaurant impairment losses included in the table below for the nine months ended October 2, 2011 and the three months and nine months ended October 3, 2010 predominantly reflected impairment charges on restaurant level assets resulting from the deterioration in operating performance of certain restaurants and additional charges for capital improvements in restaurants impaired in prior years which did not subsequently recover. The Wendy's impairment losses for the three months and nine months ended October 3, 2010 also included write-downs in the carrying value of certain surplus properties and properties held for sale.

These impairment losses represented the excess of the carrying amount over the fair value of the affected assets and are included in "Impairment of long-lived assets." The fair values of impaired assets in the table below were generally estimated based on the present values of the associated cash flows and on market value with respect to land (Level 3 inputs).

	Three Months Ended		Nine Months Ended	
	October 2, 2011	October 3, 2010	October 2, 2011	October 3, 2010

Intangible assets	—	3,548	1,813	3,955
	\$—	\$20,921	\$8,262	\$21,403

Arby's company-owned restaurant impairment losses of \$6,488 and \$20,021 for the three months and nine months ended October 3, 2010, respectively, predominantly reflected impairment charges on restaurant level assets resulting from the deterioration in operating performance of certain restaurants and additional charges for capital improvements in restaurants impaired in prior years which did not subsequently recover. These impairment losses represented the excess of the carrying amount over the fair value of the affected assets and are included in discontinued operations and not included in the table above.

The fair values of impaired assets were generally estimated based on the present values of the associated cash flows and on market value with respect to land (Level 3 inputs). Arby's impairment losses for the period from January 3, 2011 through July 4, 2011 (its date of sale) were not significant. See Note 2 for more information on discontinued operations.

(8) Income Taxes

The Company's effective tax rate for the three months ended October 2, 2011 and effective tax rate benefit for the three months ended October 3, 2010 was 41.0% and 91.2%, respectively. Wendy's Restaurants effective tax rate for the three months ended October 2, 2011 and effective tax rate benefit for the three months ended October 3, 2010 was 39.6% and 108.2%, respectively. The Companies' effective tax rates vary from the U.S. federal statutory rate of 35% due to the effect of (1) state income taxes, net of federal income tax benefit, (2) tax credits, (3) adjustments related to prior year tax matters, and (4) the tax benefit of foreign tax credits, net of the tax on foreign earnings resulting from the repatriation of foreign earnings during the third quarter of 2010.

The Company's effective tax rate for the nine months ended October 2, 2011 and effective tax rate benefit for the nine months ended October 3, 2010 was 40.3% and 44.0%, respectively. There were no significant changes to unrecognized tax benefits or related interest and penalties for either the Company or Wendy's Restaurants for the nine month periods ended October 2, 2011 and October 3, 2010. Amounts payable for Federal and certain state income taxes are settled by Wendy's Restaurants to The Wendy's Company under a tax sharing agreement. During the nine months ended October 2, 2011 and October 3, 2010, Wendy's Restaurants made tax sharing payments to The Wendy's Company of \$13,078 and \$0, respectively.

(9) Income (Loss) Per Share

(The Wendy's Company)

Basic income (loss) per share for the three months and nine months ended October 2, 2011 and October 3, 2010 was computed by dividing net income (loss) by the weighted average number of common shares outstanding.

The weighted average number of shares used to calculate basic and diluted income per share was as follows:

	Three Months Ended		Nine Months Ended	
	October 2, 2011	October 3, 2010	October 2, 2011	October 3, 2010
Common Stock:				
Weighted average basic shares outstanding	395,677	417,985	410,624	428,968
Dilutive effect of stock options and restricted shares	2,222	—	1,619	1,006
Weighted average diluted shares outstanding	397,899	417,985	412,243	429,974

Diluted income (loss) per share for the three months and nine months ended October 2, 2011 and the nine months ended October 3, 2010 was computed by dividing income by the weighted average number of basic shares outstanding plus the potential common share effect of dilutive stock options and restricted shares, computed using the treasury stock method. For the three months and nine months ended October 2, 2011, we excluded 20,525 and 19,038, respectively, of potential common shares from our diluted income per share calculation as they would have had anti-dilutive effects. For the nine months ended October 3, 2010, we excluded 23,846 of potential common shares from our diluted income per share calculation as they would have had anti-dilutive effects. Diluted loss per share for the three months ended October 3, 2010 was the same as basic loss per share since we reported a loss from continuing operations and, therefore, the effect of all potentially dilutive securities would have been antidilutive.

As of October 2, 2011, our potential common shares consisted of the following: (1) outstanding stock options which can be exercised into 31,022 shares of our Common Stock and (2) 3,820 restricted stock units and other restricted stock awards.

(10) Debt and Equity

Debt

The Wendy's Restaurants senior secured term loan facility (the "Term Loan"), which is part of the credit agreement entered into in May 2010 and is further described in the Form 10-K, requires prepayments of principal amounts resulting from certain events and on an annual basis from Wendy's Restaurants excess cash flow as defined under the Term Loan. An excess cash flow payment for fiscal 2010 of \$24,874 was paid in the first quarter of 2011. Wendy's

Restaurants was not required to utilize any portion of the proceeds from the sale of Arby's described in Note 2 as a Term Loan prepayment.

In the second quarter of 2010 the Companies recognized a loss on early extinguishment of debt of \$26,197 related to the repayment of debt from the proceeds of the Term Loan as discussed above. This loss consisted of (1) a \$14,953 premium payment required to redeem the Wendy's 6.25% senior notes, (2) \$5,477 for the write-off of the unaccreted discount of the Wendy's 6.25% senior notes (recorded in connection with the Wendy's merger), and (3) \$5,767 for the write-off of deferred costs associated with the repayment of the Wendy's Restaurants prior senior secured term loan.

(11) Guarantees and Other Commitments and Contingencies

Except as related to the sale of Arby's as discussed in Note 2 and as described below, the Companies did not have any significant changes to their guarantees, other commitments and contingencies as disclosed in the combined notes to our consolidated financial statements included in the Form 10-K.

Equipment for Systemwide Core Menu Initiative

In order to facilitate the purchase and related installation of equipment by franchisees required to implement a systemwide core menu initiative, Wendy's initiated incentive programs for franchisees including the partial subsidy of interest rates and a guarantee program, and committed to a direct loan of up to \$2,700 in the fourth quarter of 2011. Wendy's has accrued liabilities under these initiatives of approximately \$621 as of October 2, 2011.

Breakfast Test Expansion

In order to encourage franchisees to participate in expanded testing of the breakfast daypart, Wendy's has established the following programs:

Wendy's will continue to lease equipment to certain franchisees that are testing the breakfast program. At the time breakfast becomes a required program, the franchisees will be required to purchase the equipment from Wendy's based on its then book value plus installation costs. The total amount of expenditures for equipment (including installation) leased to franchisees is expected to be no more than \$4,500.

Additionally, Wendy's is providing loans to certain franchisees for the purchase and installation of equipment required to implement the breakfast program. The loans are expected to not exceed \$25 per restaurant, carry no interest charge and be repayable in full 24 months after the installation is completed. Wendy's will fund a maximum of \$20,000 of these loans for early adopters of the breakfast program.

As of October 2, 2011, Wendy's has purchased equipment with a current net book value of approximately \$1,846 that has been leased to franchisees and has made loans of \$1,269 under the above breakfast program. The above programs also have the following additional features:

For the first three years of an early adopting franchisee's participation in the breakfast program, a portion of franchise royalties (on a sliding scale) will not be payable to Wendy's but will be required to be reinvested in local advertising and promotions for the breakfast program. Based on franchisee participation in the breakfast program, Wendy's estimates the royalties not to be received under this program will approximate \$5,000 over the three year period.

Contributions otherwise due to The Wendy's National Advertising Program, Inc. ("Wendy's National Advertising Program") based on breakfast sales will not be made but will be required to be reinvested in local advertising and promotions for the breakfast program until Wendy's National Advertising Program begins to purchase national advertising for the breakfast programs.

North America Incentive Program

In order to promote new unit development, Wendy's has established a franchisee assistance program for its North American franchisees that provides for reduced technical assistance fees and a sliding scale of royalties for the first two years of operation for qualifying locations opened between April 1, 2011 and December 31, 2013. While we are unable to project the number of locations to be opened under this program, we do not expect the effect on current or future franchise revenues to be material.

Canadian Lease Guarantee Program

Wendy's Canadian subsidiary has established a lease guarantee program to promote new franchisee unit development for up to an aggregate of C\$5,000 for periods of up to five years. Franchisees pay the Canadian subsidiary a nominal fee for the guarantee. As of October 2, 2011, the Canadian subsidiary had guaranteed C\$249 under this program. Wendy's has accrued a liability for the fair value of these guarantees.

Transactions with Purchasing Cooperatives

As agreed by its board of directors in March 2011, effective April 2011 the activities of Strategic Sourcing Group Co-op, LLC ("SSG") were transferred to the Wendy's independent purchasing cooperative, Quality Supply Chain Co-op ("QSCC"), and Arby's independent purchasing cooperative ("ARCOP"), which, following the sale of Arby's, is (a) no longer a related party. Wendy's Restaurants had committed to pay approximately \$5,145 of SSG expenses, of which \$4,900 was expensed in the first quarter of 2010, and was to be paid over a 24 month period through March 2012. During the first quarter of 2011, the remaining accrued commitment of \$2,275 was reversed and credited to "General and administrative."

Wendy's and QSCC entered into a sublease amendment, effective January 1, 2011, which increased the office space (b) subleased to QSCC to 14,333 square feet for a one year period for a revised annual base rental of \$176 with five one-year renewal options. On July 5, 2011, QSCC renewed the lease for a one year period ending December 31, 2012.

The Companies received \$23 and \$16 of sublease income from SSG and \$134 and \$84 of sublease income from QSCC during the first nine months of 2011 and 2010, respectively.

Transactions with the Management Company

(c) The Companies paid approximately \$2,465 in the second quarter of 2010 in fees for corporate finance advisory services in connection with the negotiation and execution of the Wendy's Restaurants credit agreement.

In addition, The Wendy's Company incurred service fees of \$500 and \$750 in the first nine months of 2011 and 2010, respectively, which are included in "General and administrative."

These fees were paid to a management company (the "Management Company") which was formed by our Chairman, who was our former Chief Executive Officer, and our Vice Chairman, who was our former President and Chief Operating Officer, and a director, who was our former Vice Chairman, in connection with a services agreement which expired on June 30, 2011.

The Wendy's Company recognized income of \$1,225 and \$1,228 from the Management Company under subleases, (d) which expire in May 2012, for office space on two of the floors of the Company's former New York headquarters for the first nine months of 2011 and 2010, respectively, which has been recorded as a reduction of "General and administrative."

On June 29, 2011, The Wendy's Company and TASCOCO, LLC, an affiliate of the Management Company, entered into an agreement to extend an aircraft lease agreement for an additional one year period (expiring on June 30, 2012) for an increased monthly rent of \$13. Under the extended lease agreement, TASCOCO, LLC continues to be (e) responsible for operating costs related to the aircraft's usage. The Wendy's Company received lease income of \$100 and \$90 in the first nine months of 2011 and 2010, respectively, which is included as an offset to "General and administrative."

We intend to dispose of the Company-owned aircraft leased under the lease agreement discussed above as soon as practicable. As of October 2, 2011, the aircraft has a carrying value that approximates its fair value, is classified as held-for-sale, and is included in "Prepaid expenses and other current assets."

(f) The Wendy's Company paid the Management Company a fee of \$900 in two installments in June 2009 and 2010, which was deferred and amortized through its June 30, 2011 expiration date for assistance in the sale, liquidation, or other disposition of certain of our investments. Related amortization of \$220 and \$331 was recorded in "General and administrative" in the first nine months of 2011 and 2010, respectively.

(h) Wendy's Restaurants made cash payments to The Wendy's Company under a tax sharing agreement, as discussed in Note 8.

(i) Wendy's Restaurants incurs share based compensation costs for The Wendy's Company Common Stock awards issued to certain employees under The Wendy's Company various equity plans. Such compensation cost is allocated by The Wendy's Company to Wendy's Restaurants and is correspondingly recorded as capital contributions from The Wendy's Company.

(j) Wendy's Restaurants incurred \$2,521 and \$3,763 for management services during the first nine months of 2011 and 2010, respectively. Such fees were included in "General and administrative" and were settled through Wendy's Restaurants' intercompany account with The Wendy's Company. Effective upon the sale of Arby's, the agreement for such management services was terminated.

As a result of the sale of Arby's, Arby's and its affiliates are no longer considered related parties. Prior to the sale, the transactions between Arby's and its non-consolidated affiliates were not material.

(13) Legal and Environmental Matters

We are involved in litigation and claims incidental to our current and prior businesses. We provide reserves for such litigation and claims when payment is probable and reasonably estimable. As of October 2, 2011, the Companies had reserves for continuing operations for all of its legal and environmental matters aggregating \$1,722. We cannot estimate the aggregate possible range of loss due to most proceedings being in preliminary stages, with various motions either yet to be submitted or pending, discovery yet to occur, and significant factual matters unresolved. In addition, most cases seek an indeterminate amount of damages and many involve multiple parties. Predicting the outcomes of settlement discussions or judicial or arbitral decisions are thus inherently difficult. Based on currently available information, including legal defenses available to us, and given the aforementioned reserves and our insurance coverage, we do not believe that the outcome of these legal and environmental matters will have a material effect on our consolidated financial position or results of operations.

(14) Transaction Related Costs

Following the sale of Arby's and the related announcement that the Companies' headquarters would be relocated to Ohio, our then President and Chief Executive Officer of the Company resigned effective as of September 12, 2011. The former President and Chief Executive Officer continues to serve as a director of the Company and, until December 30, 2011, remains an employee of the Company in the capacity of Special Advisor. As a result, and in accordance with the termination provisions of the related employment agreement, the Companies incurred termination costs of \$12,568 (principally for required payments of \$7,987 and vesting of previously issued stock awards of \$4,581) in the third quarter of 2011, which are included in the table below.

(15) Accounting Standards Not Yet Adopted

In May 2011, the Financial Accounting Standards Board (the "FASB") issued amendments which provide additional guidance about how fair value should be determined under existing standards and expands existing disclosure requirements for certain fair value measurements. The purpose of these amendments is to improve and converge International Financial Reporting Standards and GAAP. The guidance is effective commencing with our 2012 fiscal year.

In June 2011, the FASB issued an amendment that requires companies to present comprehensive income in either a single statement or two consecutive statements reporting net income and other comprehensive income. The purpose of this amendment is to increase the prominence of other comprehensive income in financial statements. The guidance is effective commencing with our 2012 fiscal year. The guidance affects only the presentation of comprehensive income and does not change the composition or calculation of comprehensive income.

In September 2011, the FASB issued an amendment that permits a company to make an assessment of whether it is more likely than not that a reporting unit's fair value is greater than its carrying amount as a basis for determining

whether it is necessary to perform the two-step goodwill impairment test. The guidance is effective for annual and interim goodwill impairment tests performed in fiscal years beginning after December 15, 2011 with early adoption permitted.

In September 2011, the FASB issued an amendment that increases the quantitative and qualitative disclosures an employer is required to provide about its participation in significant multiemployer pension and postretirement benefit plans. The amendment does not change the recognition and measurement guidance for an employer's participation in a multiemployer plan. The guidance is effective commencing with our fiscal year 2011 Annual Report on Form 10-K.

(16) Guarantor/Non-Guarantor

(Wendy's Restaurants)

Wendy's Restaurants is the issuer of, and certain of its domestic subsidiaries have guaranteed amounts outstanding under, our 10% senior notes. Each of the guaranteeing subsidiaries is a direct or indirect 100% owned subsidiary of Wendy's Restaurants and each has fully and unconditionally guaranteed the 10% senior notes on a joint and several basis.

As a result of the closing of the sale of Arby's on July 4, 2011 as described in Note 2, Arby's and its subsidiaries are no longer guaranteeing subsidiaries of the amounts outstanding under the 10% senior notes. Accordingly, the condensed consolidating financial statements presented below have been retroactively revised to reflect Arby's and its subsidiaries as non-guarantors for all periods presented. Information related to Arby's has been reflected as discontinued operations in the condensed consolidating statements of operations for the period from January 3, 2011 through July 3, 2011 and the three months and nine months ended October 3, 2010. Arby's cash flows prior to its sale (for the period from January 3, 2011 through July 3, 2011 and for the nine months ended October 3, 2010) have been included in, and not separately reported from, all our cash flows.

The following are included in the presentation of our: (1) Condensed Consolidating Balance Sheets as of October 2, 2011 and January 2, 2011, (2) Condensed Consolidating Statements of Operations for the three months and nine months ended October 2, 2011 and October 3, 2010, and (3) Condensed Consolidating Statements of Cash Flows for the nine months ended October 2, 2011 and October 3, 2010 to reflect:

- (a) Wendy's Restaurants (the "Parent");
- (b) the 10% senior notes guarantor subsidiaries as a group;
- (c) the 10% senior notes non-guarantor subsidiaries as a group;
- (d) elimination entries necessary to combine the Parent with the guarantor and non-guarantor subsidiaries; and
- (e) Wendy's Restaurants on a consolidated basis.

Substantially all of our domestic restricted subsidiaries are guarantors of the 10% senior notes. Certain of our subsidiaries, including our foreign subsidiaries and national advertising funds, do not guarantee the 10% senior notes.

For purposes of presentation of such consolidating information, investments in subsidiaries are accounted for by the Parent on the equity method. The elimination entries are principally necessary to eliminate intercompany balances and transactions.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

This "Management's Discussion and Analysis of Financial Condition and Results of Operations" of The Wendy's Company ("The Wendy's Company" and, together with its subsidiaries, the "Company") and Wendy's Restaurants, LLC ("Wendy's Restaurants") should be read in conjunction with the accompanying unaudited condensed consolidated financial statements included elsewhere herein and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011 (the "Form 10-K"). There have been no material changes as of October 2, 2011 to the application of our critical accounting policies as described in Item 7 of the Form 10-K. Certain statements we make under this Item 2 constitute "forward-looking statements" under the Private Securities Litigation Reform Act of 1995. See "Special Note Regarding Forward-Looking Statements and Projections" in "Part II – Other Information" preceding "Item 1." You should consider our forward-looking statements in light of our unaudited condensed consolidated financial statements, related combined notes, and other financial information appearing elsewhere in this report, the Form 10-K and our other filings with the Securities and Exchange Commission.

On July 5, 2011, and as a result of the sale of Arby's Restaurant Group, Inc. ("Arby's") described below under "Executive Overview - Sale of Arby's," Wendy's/Arby's Group, Inc. changed its name to The Wendy's Company and Wendy's/Arby's Restaurants, LLC, a 100% owned subsidiary of The Wendy's Company, changed its name to Wendy's Restaurants.

The Wendy's Company is the parent company of its 100% owned subsidiary holding company Wendy's Restaurants. Wendy's Restaurants is the parent company of Wendy's International, Inc. ("Wendy's"). Prior to its sale of Arby's, Wendy's Restaurants was also the parent company of Arby's. Wendy's is the owner and franchisor of the Wendy's® restaurant system. Wendy's Restaurants currently has no operations other than those of Wendy's and its respective subsidiaries.

The Wendy's Company and Wendy's Restaurants (together, the "Companies") manage and internally report their business in one segment: the operation and franchising of Wendy's restaurants, including its wholesale bakery operations. Arby's operating results are classified as discontinued operations in the accompanying condensed consolidated statements of operations. References herein to The Wendy's Company corporate ("Corporate") represent The Wendy's Company parent company only functions and their effect on the Company's consolidated results of operations and financial condition. The results of operations discussed below may not necessarily be indicative of future results.

Executive Overview

Sale of Arby's

During January 2011, The Wendy's Company decided to explore strategic alternatives for the Arby's brand, which culminated in the sale of Arby's, in order to focus on the development of the Wendy's brand. On July 4, 2011, Wendy's Restaurants completed the sale of 100% of the common stock of Arby's to ARG IH Corporation ("Buyer"), a wholly owned subsidiary of ARG Holding Corporation ("Buyer Parent"), for \$130 million in cash (subject to customary purchase price adjustments) and 18.5% of the common stock of Buyer Parent (through which Wendy's Restaurants indirectly retained an 18.5% interest in Arby's) with a fair value of \$19.0 million. Buyer and Buyer Parent were formed for purposes of this transaction. The Buyer also assumed approximately \$190 million of Arby's debt, consisting primarily of capital lease and sale-leaseback obligations. The sale occurred pursuant to the terms of a Purchase and Sale Agreement by and among Wendy's Restaurants, Buyer Parent and Buyer dated as of June 13, 2011. In accordance with the Purchase and Sale Agreement, The Wendy's Company made an election under §338(h)(10) of the Internal Revenue Code, which has the effect of treating the transaction as a sale of assets and results in an

approximate \$240.0 million ordinary loss for income tax purposes. Had this election not been made, the sale of Arby's common stock would have resulted in a capital loss for income tax purposes.

The Companies recorded a pre-tax loss on disposal of Arby's of \$5.3 million during the nine months ended October 2, 2011 which included the effect of the valuation of our indirect retained interest (\$19.0 million), transaction closing costs (\$11.5 million), and post closing purchase price adjustments primarily related to working capital (\$14.8 million). During the three months ended October 2, 2011, the Companies recorded favorable adjustments of \$0.7 million which reduced the estimated loss on disposal recorded in the second quarter of 2011. The Companies recognized income tax expense associated with the loss on disposal of \$3.6 million during the nine months ended October 2, 2011. This income tax expense was comprised of (1) an income tax benefit (expense) of \$2.2 million and \$(0.3) million recorded in the second and third quarters of 2011, respectively, on the pre-tax loss on disposal and (2) income tax expense of \$5.5 million recorded in the third quarter of 2011 upon completion of the Arby's sale due to a permanent difference between the book and tax basis of Arby's goodwill.

Wendy's Restaurants also entered into a Stockholders Agreement with Buyer Parent and ARG Investment Corporation, an entity affiliated with Buyer Parent, which sets forth certain agreements among the parties thereto concerning, among other things, the governance of Buyer Parent and transfer rights, information rights and registration rights with respect to the equity securities of Buyer Parent. In addition, Wendy's Restaurants entered into a Transition Services Agreement with Buyer, pursuant to which it is providing and being reimbursed for continuing corporate and shared services to Buyer for a limited period of time; such services are currently anticipated to be completed by the end of 2011.

Our Continuing Business

As of October 2, 2011, the Wendy's restaurant system was comprised of 6,578 restaurants, of which 1,404 were owned and operated by the Companies. The company-owned restaurants are located principally in the United States and to a lesser extent in Canada (the "North America Restaurants").

Wendy's operating results have been impacted by a number of factors, including high unemployment, negative general economic trends and intense price competition, as well as increased commodity costs in the first nine months of 2011. These increased costs negatively affected cost of sales and restaurant margins. Wendy's expects that commodity costs for the remainder of 2011 will continue to be higher as compared to 2010. Strategic pricing increases along with leverage on incremental sales partially as a result of new product offerings are expected to offset a portion of the higher commodity costs.

Wendy's long-term growth opportunities include (1) continuing to enhance the customer experience with operational excellence and improvements to its core menu, (2) capturing incremental sales through daypart expansion, (3) upgrading our existing store base, (4) developing new restaurants within the United States, and (5) building the brand worldwide.

Wendy's revenues for the first nine months of 2011 include: (1) \$1,531.4 million of sales from company-owned restaurants, (2) \$56.6 million from the sale of bakery items and kids' meal promotion items to our franchisees, (3) \$210.0 million of royalty income from franchisees, and (4) \$18.3 million of other franchise-related revenue and other revenues. During the first quarter of 2011, Wendy's purchasing cooperative, Quality Supply Chain Co-op, Inc. ("QSCC") began managing the operations for kids' meal promotion items sold to franchisees. Sales of kids' meal promotion items recorded during the first nine months of 2011 were from inventory on hand prior to QSCC's management of the process. Therefore, we will not generate any future revenues from sales of kids' meal promotion items sold to franchisees. However, we do not expect the decrease in these revenues to have a material adverse effect on our results of operations or financial condition. Most of our Wendy's royalty agreements provided for royalties of 4.0% of franchise revenues for the nine months ended October 2, 2011.

Key Business Measures

We track our results of operations and manage our business using the following key business measures:

Same-Store Sales

We report same-store sales commencing after a store has been open for at least 15 continuous months and as of the beginning of the previous fiscal year. This methodology is consistent with the metric used by our management for internal reporting and analysis. Same-store sales exclude the impact of currency translation.

Restaurant Margin

We define restaurant margin as sales from company-owned restaurants less cost of sales divided by sales from company-owned restaurants. Cost of sales includes food and paper, restaurant labor, and occupancy, advertising and other operating costs. Sales and cost of sales exclude amounts related to bakery items and kids' meal promotion items

sold to franchisees. Restaurant margin is influenced by factors such as restaurant openings and closures, price increases, the effectiveness of our advertising and marketing initiatives, featured products, product mix, the level of our fixed and semi-variable costs, and fluctuations in food and labor costs.

Related Party Transactions

The Companies have entered into the following transactions with related parties since those reported in our Form 10-K:

SSG

As agreed by its board of directors in March 2011, effective April 2011 the activities of Strategic Sourcing Group Co-op, LLC ("SSG") were transferred to QSCC, and Arby's independent purchasing cooperative ("ARCOP"), which, following the sale of Arby's, is no longer a related party. Wendy's Restaurants had committed to pay approximately \$5.2 million of SSG expenses, of which \$4.9 million was expensed in the first quarter of 2010, and was to be paid over a 24 month period through March 2012. During the first quarter of 2011, the remaining accrued commitment of \$2.3 million was reversed and credited to "General and administrative."

QSCC Sublease

Wendy's and QSCC entered into a sublease amendment, effective January 1, 2011, which increased the office space subleased to QSCC to 14,333 square feet for a one year period for a revised annual base rental of approximately \$0.2 million with five one-year renewal options. On July 5, 2011, QSCC renewed the lease for a one year period ending December 31, 2012.

(The Wendy's Company)

Aircraft Agreement

On June 29, 2011, The Wendy's Company and TASCOCO, LLC, an affiliate of a management company (the "Management Company") which was formed by our Chairman, who was our former Chief Executive Officer, and our Vice Chairman, who was our former President and Chief Operating Officer, and a director, who was our former Vice Chairman, entered into an agreement to extend an aircraft lease agreement for an additional one year period (expiring on June 30, 2012) for an increased monthly rent of \$13 thousand. Under the extended lease agreement, TASCOCO, LLC continues to be responsible for operating costs related to the aircraft's usage.

We intend to dispose of the Company-owned aircraft leased under the lease agreement discussed above as soon as practicable. As of October 2, 2011, the aircraft has a carrying value that approximates its fair value, is classified as held-for-sale, and is included in "Prepaid expenses and other current assets."

Franchisee-Related Equipment Purchase and Installation Programs

Equipment for Systemwide Core Menu Initiative

In order to facilitate the purchase and related installation of equipment by franchisees required to implement a systemwide core menu initiative, Wendy's initiated incentive programs for franchisees including the partial subsidy of interest rates and a guarantee program, and committed to a direct loan of up to \$2.7 million in the fourth quarter of 2011. Wendy's has accrued liabilities under these initiatives of approximately \$0.6 million as of October 2, 2011.

Breakfast Test Expansion

In order to encourage franchisees to participate in expanded testing of the breakfast daypart, Wendy's has established the following programs:

Wendy's will continue to lease equipment to certain franchisees that are testing the breakfast program. At the time breakfast becomes a required program, the franchisees will be required to purchase the equipment from Wendy's based on its then book value plus installation costs. The total amount of expenditures for equipment (including installation) leased to franchisees is expected to be no more than \$4.5 million.

Additionally, Wendy's is providing loans to certain franchisees for the purchase and installation of equipment required to implement the breakfast program. The loans are expected to not exceed \$25 thousand per restaurant, carry no interest charge and be repayable in full 24 months after the installation is completed. Wendy's will fund a maximum of \$20.0 million of these loans for early adopters of the breakfast program.

Table of Contents

As of October 2, 2011, Wendy's has purchased equipment with a current net book value of approximately \$1.8 million that has been leased to franchisees and has made loans of \$1.3 million under the above breakfast program. The above programs also have the following additional features:

For the first three years of an early adopting franchisee's participation in the breakfast program, a portion of franchise royalties (on a sliding scale) will not be payable to Wendy's but will be required to be reinvested in local advertising and promotions for the breakfast program. Based on franchisee participation in the breakfast program, Wendy's estimates the royalties not to be received under this program will approximate \$5.0 million over the three year period.

Contributions otherwise due to The Wendy's National Advertising Program, Inc. ("Wendy's National Advertising Program") based on breakfast sales will not be made but will be required to be reinvested in local advertising and promotions for the breakfast program until Wendy's National Advertising Program begins to purchase national advertising for the breakfast programs.

North America Incentive Program

In order to promote new unit development, Wendy's has established a franchisee assistance program for its North American franchisees that provides for reduced technical assistance fees and a sliding scale of royalties for the first two years of operation for qualifying locations opened between April 1, 2011 and December 31, 2013. While we are unable to project the number of locations to be opened under this program, we do not expect the effect on current or future franchise revenues to be material.

Canadian Lease Guarantee Program

Wendy's Canadian subsidiary has established a lease guarantee program to promote new franchisee unit development for up to an aggregate of C\$5.0 million for periods of up to five years. Franchisees pay the Canadian subsidiary a nominal fee for the guarantee. As of October 2, 2011, the Canadian subsidiary had guaranteed C\$0.2 million under this program. Wendy's has accrued a liability for the fair value of these guarantees.

Presentation of Financial Information

The Companies report on a fiscal year consisting of 52 or 53 weeks ending on the Sunday closest to December 31. All quarters presented contain 13 weeks. All references to years and quarters relate to fiscal periods rather than calendar periods. Certain percentage changes between these years are considered not measurable or not meaningful ("n/m").

Sales

	Change
Wendy's	\$15.1
Bakery and kids' meal promotion items sold to franchisees	(5.7)
	\$9.4

The increase in sales for the 2011 third quarter was primarily due to (1) an increase of 1.1% in the number of customer transactions and (2) an increase of 0.7% in our average per customer check amount primarily resulting from strategic price increases taken on certain menu items. Wendy's sales also include a \$3.5 million benefit from Canadian foreign currency rates. Wendy's company-owned stores opened or acquired subsequent to the third quarter of 2010 resulted in incremental sales of \$8.4 million in the 2011 third quarter, which were partially offset by a reduction in sales of \$5.7 million from locations sold or closed after the 2010 third quarter.

Franchise Revenues

Change
\$1.3

Wendy's North America franchise revenues increased during the third quarter of 2011 primarily due to a 0.7% increase in franchise restaurant same-store sales. We believe Wendy's North America franchised restaurant same-store sales for the third quarter of 2011 were impacted by the same factors described above for company-owned restaurants.

Occupancy, advertising and other operating costs	(0.5))% points
	(0.3))% points

The decrease in cost of sales as a percent of sales in the 2011 third quarter was primarily due to a decline in occupancy, advertising, and other operating expenses as a percent of sales primarily due to (1) a 0.8% point decrease in breakfast advertising expenses as a percent of sales; during the 2010 third quarter we had non-recurring costs associated with the introduction of Wendy's breakfast test programs in three new markets, and (2) a 0.3% point decrease in employee health insurance costs as a percent of sales in the comparable three-month periods. The increase in Wendy's food and paper costs in the 2011 third quarter, which was primarily due to a 1.4% point increase in commodity costs as a percent of sales, was partially offset by a 1.0% point effect as a percent of sales of strategic price increases taken on certain menu items.

The decrease in general and administrative expenses in the third quarter of 2011 was primarily due to (1) reimbursement of costs incurred in the 2011 third quarter in connection with the Transition Services Agreement related to the sale of Arby's; similar costs were incurred in the 2010 third quarter which were not then subject to reimbursement and (2) changes in franchise incentive programs in the third quarter of 2011 compared to the 2010 third quarter. Additionally, in connection with the sale of Arby's, an intercompany management services agreement was terminated during the third quarter of 2011.

Transaction Related Costs

During the third quarter of 2011, the Companies incurred "Transaction related costs" aggregating \$23.6 million as follows: (1) \$12.6 million associated with the resignation of our President and Chief Executive Officer and severance costs of \$1.9 million for certain employees resulting from the sale of Arby's, (2) \$5.3 million for an employee retention program which had been established in connection with the sale of Arby's, (3) bonus costs of \$2.5 million related to the closing of the sale of Arby's, and (4) other costs of \$1.3 million.

The decrease in depreciation and amortization for Wendy's Restaurants was primarily related to (1) previously impaired long-lived assets and (2) depreciation on properties in the third quarter of 2010 which have since been fully depreciated. Additionally, depreciation and amortization for Corporate decreased due to the classification of one of our corporate aircraft as held for sale during the second quarter of 2011, as no depreciation expense is recorded on assets held for sale.

Impairment of Long-Lived Assets

	Change	
Restaurants, primarily properties at underperforming locations	\$(20.9)

As a result of indications that the carrying amount of the Wendy's long-lived assets may not be recoverable, we performed a test for impairment during the 2010 third quarter and recorded impairment charges primarily from certain underperforming Wendy's restaurants and additional charges for capital improvements in restaurants impaired in prior years which did not recover. A similar test was not required during the 2011 third quarter.

Sales

	Change
Wendy's	\$35.8
Bakery and kids' meal promotion items sold to franchisees	(18.0
) \$17.8

The increase in sales for the first nine months of 2011 was primarily due to (1) an increase in our average per customer check amount of 0.7% primarily resulting from strategic price increases taken on certain menu items and (2) an increase of 0.4% in the number of customer transactions. Wendy's sales also include a \$10.0 million benefit from Canadian foreign currency rates, which was partially offset by a decrease of \$2.8 million primarily due to the effect of higher sales taxes in two Canadian provinces in the first half of 2011 as compared to the first half of 2010. Wendy's company-owned stores opened or acquired subsequent to the third quarter of 2010 resulted in incremental sales of \$21.1 million in the first nine months of 2011, which were partially offset by a reduction in sales of \$11.4 million from locations closed or sold after the third quarter of 2010.

Franchise Revenues

Change
\$5.7

Wendy's North America franchise revenues increased during the first nine months of 2011 primarily due to a 1.1% increase in franchise restaurant same-store sales. We believe Wendy's North America franchised restaurant same-store sales for the first nine months of 2011 were impacted by the same factors described above for company-owned

restaurants.

Increases in Wendy's food and paper costs in the first nine months of 2011 were primarily due to a 1.3% point increase in commodity costs as a percent of sales. The increase in occupancy, advertising, and other operating expenses in the first nine months of 2011 was primarily due to a 0.3% point increase in advertising expenses as a percent of sales associated with the expansion of Wendy's breakfast test programs in additional markets during the first half of 2011.

The decrease in general and administrative expenses in the first nine months of 2011 was primarily due to (1) expenses related to the formation of SSG incurred in the first quarter of 2010 combined with the reversal of the accrual for the remaining estimated SSG funding commitment during the first quarter of 2011, (2) reimbursement of costs incurred in the 2011 third quarter in connection with the Transition Services Agreement related to the sale of Arby's; similar costs were incurred in the first half of 2011 and the first nine months of 2010 which were not then subject to reimbursement, (3) the completion of the Wendy's integration efforts in early 2010, and (4) changes in franchise incentive programs in the first nine months of 2011 compared to the first nine months of 2010. These decreases were partially offset by an increase in professional fees associated primarily with information technology projects. Additionally, in connection with the sale of Arby's, an intercompany management services agreement was terminated during the third quarter of 2011.

Transaction Related Costs

During the first nine months of 2011, the Companies incurred "Transaction related costs" aggregating \$29.5 million of (1) \$12.6 million associated with the resignation of our President and Chief Executive Officer, severance costs of \$1.9 million for certain employees resulting from the sale of Arby's and \$1.7 million for the elimination of a senior executive position, (2) \$7.9 million for an employee retention program which had been established in connection with the sale of Arby's, (3) bonus costs of \$2.5 million related to the closing of the sale of Arby's, (4) \$2.0 million for certain professional fees, and (5) other costs of \$0.9 million.

The decrease in depreciation and amortization for Wendy's Restaurants was primarily related to (1) previously impaired long-lived assets, (2) depreciation on properties in the first nine months of 2010 which have since been fully depreciated, and (3) the transfer of certain information technology equipment from our shared services center to Arby's during the first half of 2011 (the depreciation of those assets is included in discontinued operations). Additionally, depreciation and amortization for Corporate decreased due to the classification of one of our corporate aircraft as held for sale during the second quarter of 2011, as no depreciation expense is recorded on assets held for sale.

Impairment of Long-Lived Assets

Restaurants, primarily properties at underperforming locations	\$(13.1))

As a result of indications that the carrying amount of the Wendy's long-lived assets may not be recoverable, we performed a test for impairment during the first quarter of 2011 and the third quarter of 2010 and recorded impairment charges primarily from certain underperforming Wendy's restaurants. A similar test was not required during the 2011 second and third quarters or the first half of 2010. The decline in Wendy's company-owned restaurants impairment was primarily due to the level of impairment charges taken in prior periods. Wendy's impairment charges in the first nine months of 2011 and 2010 primarily reflected impairment charges on restaurant level assets resulting from the deterioration in operating performance of certain restaurants and additional charges for capital improvements in restaurants impaired in prior years which did not subsequently recover.

The decrease in interest expense in the first nine months of 2011 was primarily due to (1) the redemption of the Wendy's 6.25% senior notes in the 2010 second quarter and (2) the lower effective interest rate of the Wendy's Restaurants term loan as compared to the prior Arby's credit agreement. This decrease in interest expense was partially offset by (1) higher weighted average principal amounts outstanding during the first nine months of 2011 under the Wendy's Restaurants term loan than were outstanding during the first nine months of 2010 for similar borrowings under the prior Arby's credit agreement during the first half of 2010 and the Wendy's Restaurants term loan during the third quarter of 2010, and (2) a \$1.9 million gain on the cancellation of the interest rate swaps related to the Wendy's 6.25% senior notes in connection with their redemption in the 2010 second quarter.

Loss on Early Extinguishment of Debt

The decrease in the loss on early extinguishment of debt of \$26.2 million relates to amounts recorded in the first nine months of 2010 comprised of (1) a \$15.0 million premium payment required to redeem the Wendy's 6.25% senior notes, (2) \$5.5 million for the write-off of the unaccreted discount of the Wendy's 6.25% senior notes (recorded in connection with the Wendy's merger), and (3) \$5.7 million for the write-off of deferred costs associated with the repayment of the Wendy's Restaurants prior senior secured term loan.

Investment Income, Net

(The Wendy's Company)

The decrease in investment income primarily relates to the recognition of income of \$4.9 million on the repayment and cancellation of the series A senior notes of Deerfield Capital Corp. during the first nine months of 2010.

Liquidity and Capital Resources

The Companies' discussion below regarding its liquidity and capital resources includes the discontinued operations of Arby's.

Net Cash Provided by Operating Activities

(The Wendy's Company)

Cash provided by operating activities increased \$14.6 million in the first nine months of 2011 as compared to the first nine months of 2010 primarily due to the following:

a \$29.9 million favorable impact in accrued expenses and other current liabilities for the comparable periods. These favorable impacts were primarily due to the following: (1) an increase in amounts accrued for termination, severance and relocation costs associated with the sale of Arby's and related corporate realignment, (2) payments to QSCC in the first quarter of 2010 which were accrued in 2009, (3) a decrease in amounts paid in 2011 versus 2010 under incentive compensation plans for the 2010 and 2009 fiscal years, respectively, and an increase in amounts accrued for the 2011 fiscal year bonus plans versus 2010 due to improved operating performance as compared to plan in 2011, and (4) a decrease in interest payments in the first nine months of 2011 compared to the first nine months of 2010, partially offset by a decrease in accrued interest expense both primarily due to the redemption of the Wendy's 6.25% senior notes in the second quarter of 2010 and a \$190 million decrease in long-term debt which was assumed by Buyer on July 4, 2011. These favorable changes were partially offset by a decrease in current income tax accruals due to variations in taxable income of continuing operations during the same comparable periods;

a \$18.3 million favorable impact in accounts payable resulting from an increase in accounts payable of \$9.3 million during the first nine months of 2011 compared to a decrease in accounts payable of \$9.0 million during the first nine months of 2010, both as compared to the end of the respective prior fiscal year. The changes for each of the 2011 and 2010 comparable periods were primarily due to the following: (1) an increase in amounts payable for food purchases at Wendy's as a result of higher sales trends in 2011 as compared to 2010, (2) a decrease in payments for Wendy's kids' meal promotion items as the management for kids' meal promotion items sold to franchisees was transferred to QSCC in the first quarter of 2011, (3) a decrease in payments for certain expenses at Arby's as a result of its sale on July 4, 2011, and (4) an increase in amounts accrued associated with the corporate realignment following the sale of Arby's;

a \$21.2 million favorable impact in deferred income taxes due to variations in taxable income of continuing operations during the same comparable periods, net foreign tax credits and a reduction in valuation allowances related to state tax matters;

an \$8.8 million favorable impact due to the loss on disposal on the sale of Arby's;

partially offset by a \$56.0 million decrease due to the following:

\$31.6 million in impairment of long-lived assets due to the level of impairment charges taken in prior periods; and

\$24.4 million in depreciation and amortization primarily as a result of nine months of depreciation and amortization for Arby's in 2010 as compared to five months in 2011 due to the classification of Arby's as a discontinued operation in May 2011.

Table of Contents

(Wendy's Restaurants)

Cash provided by operating activities increased \$8.3 million in the first nine months of 2011 as compared to the first nine months of 2010 primarily due to the following:

a \$32.1 million favorable impact in accrued expenses and other current liabilities for the comparable periods. These favorable impacts were primarily due to the following: (1) an increase in amounts accrued for termination, severance and relocation costs associated with the sale of Arby's and related corporate realignment, (2) payments to QSCC in the first quarter of 2010 which were accrued in 2009, (3) a decrease in amounts paid in 2011 versus 2010 under incentive compensation plans for the 2010 and 2009 fiscal years, respectively, and an increase in amounts accrued for the 2011 fiscal year bonus plans versus 2010 due to improved operating performance as compared to plan in 2011, and (4) a decrease in interest payments in the first nine months of 2011 compared to the first nine months of 2010, partially offset by a decrease in accrued interest expense both primarily due to the redemption of the Wendy's 6.25% senior notes in the second quarter of 2010 and a \$190 million decrease in long-term debt which was assumed by Buyer on July 4, 2011. These favorable changes were partially offset by a decrease in current income tax accruals due to variations in taxable income of continuing operations combined with an increase in income tax payments during the same comparable periods;

a \$16.2 million favorable impact in accounts payable resulting from an increase in accounts payable of \$8.9 million during the first nine months of 2011 compared to a decrease in accounts payable of \$7.3 million during the first nine months of 2010, both as compared to the end of the respective prior fiscal year. The changes for each of the 2011 and 2010 comparable periods were primarily due to the following: (1) an increase in amounts payable for food purchases at Wendy's as a result of higher sales trends in 2011 as compared to 2010, (2) a decrease in payments for Wendy's kids' meal promotion items as the management for kids' meal promotion items sold to franchisees was transferred to QSCC in the first quarter of 2011, (3) a decrease in payments for certain expenses at Arby's as a result of its sale on July 4, 2011, and (4) an increase in amounts accrued associated with the corporate alignment following the sale of Arby's;

a \$13.5 million favorable impact in deferred income taxes due to variations in taxable income of continuing during the same comparable periods, net foreign tax credits and a reduction in valuation allowances related to state tax matters;

an \$8.8 million favorable impact due to the loss on disposal on the sale of Arby's;

partially offset by a \$68.2 million decrease due to the following:

\$13.1 million in cash outflows related to tax payments made under a tax sharing agreement with The Wendy's Company net of amounts accrued under this tax sharing agreement. No similar payments or accruals were made under this tax sharing agreement in the first nine months of 2010;

\$31.6 million in impairment of long-lived assets due to the level of impairment charges taken in prior periods; and

\$23.5 million in depreciation and amortization primarily as a result of nine months of depreciation and amortization for Arby's in 2010 as compared to five months in 2011 due to the classification of Arby's as a discontinued operation in May 2011.

Additionally, for the nine months ended October 2, 2011, the Companies had the following significant sources and uses of cash other than from operating activities:

Proceeds from the sale of Arby's of \$103.2 million, which is net of the following: Arby's cash balance of \$7.1 million at the sale date, customary purchase price adjustments primarily related to working capital, and transaction closing

costs paid through October 2, 2011;

• Repayments of long-term debt of \$35.6 million, including an excess cash flow prepayment of \$24.9 million as required by the Wendy's Restaurants term loan;

• Cash capital expenditures totaling \$91.9 million, which included \$15.7 million for the remodeling of restaurants, \$12.4 million for the construction of new restaurants, and \$63.8 million for various capital projects;

(The Wendy's Company)

• Dividend payments of \$24.6 million; and

• Repurchases of Common Stock of \$152.7 million, including commissions of \$0.5 million.

The net cash (used in) provided by our business before the effect of exchange rate changes on cash was approximately \$(21.1) million and \$149.4 million for The Wendy's Company and Wendy's Restaurants, respectively.

Sources and Uses of Cash for the Remainder of 2011

Our anticipated consolidated sources of cash and cash requirements for the remainder of 2011 exclusive of operating cash flow requirements consist principally of:

- Payments of \$6.5 million for accrued Arby's transaction closing costs which will reduce the net cash proceeds received from the sale to \$96.7 million;
- Capital expenditures of approximately \$53 million, which would result in total cash capital expenditures for the year of approximately \$145 million;
- Any other potential restaurant acquisitions and dispositions;

(The Wendy's Company)

• Quarterly cash dividends aggregating up to approximately \$7.8 million as discussed below in "Dividends;"
Potential repurchases of common stock of up to approximately \$92.5 million as of November 3, 2011 under the currently authorized stock buyback program, including \$4.9 million purchased in the fourth quarter through November 3, 2011; and

(Wendy's Restaurants)

• Potential intercompany dividends and fees.

Based upon current levels of operations, the Companies expect that cash flows from Wendy's operations and available cash will provide sufficient liquidity to meet operating cash requirements for the next 12 months.

Dividends

(The Wendy's Company)

On March 15, 2011, June 15, 2011 and September 15, 2011, The Wendy's Company paid quarterly cash dividends of \$0.02 per share on its common stock, aggregating \$24.6 million. On October 31, 2011, The Wendy's Company declared dividends of \$0.02 per share to be paid on December 15, 2011 to shareholders of record as of December 1, 2011. As a result of this dividend declaration, The Wendy's Company's total cash requirement for dividends for the fourth quarter of 2011 will be approximately \$7.8 million based on the number of shares of its common stock outstanding at November 3, 2011. The Wendy's Company currently intends to continue to declare and pay quarterly cash dividends; however, there can be no assurance that any quarterly dividends will be declared or paid in the future or of the amount or timing of such dividends, if any.

(Wendy's Restaurants)

As of October 2, 2011, under the terms of the Wendy's Restaurants' credit agreement, there was \$67.0 million available for the payment of dividends directly to The Wendy's Company.

For the nine months ended October 2, 2011, we repurchased 29.9 million shares with an aggregate purchase price of \$152.2 million, excluding commissions of \$0.5 million. Excludes sale-leaseback and capitalized lease obligations, which are shown separately in the table. The table above includes interest of approximately \$708.8 million. The table above also reflects the effect of interest rate swaps (a) entered into in 2009 which lowered our interest rate on our 6.20% Wendy's senior notes. These amounts exclude the effects of the original issue discount on our 10% senior notes and the fair value adjustments related to certain debt assumed in the Wendy's merger.

Excludes related sublease rental receipts of \$0.5 million on sale-leaseback obligations and \$0.8 million on (b) capitalized lease obligations. The table above includes interest of approximately \$1.9 million for sale-leaseback obligations and \$15.8 million for capitalized lease obligations.

Represents the minimum lease cash payments. Excludes aggregate related sublease rental receipts of \$52.4 million (c) for Wendy's Restaurants and additional sublease rental receipts for The Wendy's Company of \$1.9 million.

Represents (1) \$0.3 million for funding for QSCC, (2) \$3.0 million for funding related to SSG, (3) \$1.4 million for (e) potential additional capital investment requirements, and (4) \$0.1 million and \$0.3 million for severance for Wendy's Restaurants and The Wendy's Company.

Excludes obligation for uncertain income tax positions of \$26.3 million and \$36.4 million for Wendy's Restaurants (f) and The Wendy's Company respectively. We are unable to predict when, and if cash payments on any of this accrual will be required.

Seasonality

Our restaurant operations are moderately impacted by seasonality; Wendy's restaurant revenues are normally higher during the summer months than during the winter months. Because our business is moderately seasonal, results for any future quarter will not necessarily be indicative of the results that may be achieved for any other quarter or for the full fiscal year.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There were no material changes from the information contained in the Companies' Annual Report on Form 10-K as of October 2, 2011.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The management of The Wendy's Company and Wendy's Restaurants, under the supervision and with the participation of their Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of their disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of October 2, 2011. Based on such evaluations, the Chief Executive Officer and Chief Financial Officer concluded that as of October 2, 2011, the disclosure controls and procedures of The Wendy's Company and Wendy's Restaurants were effective in (1) recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by each company in the reports that it files or submits under the Exchange Act and (2) ensuring that information required to be disclosed by each company in such reports is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

On July 4, 2011, Wendy's Restaurants sold 100% of the common stock of Arby's. The sale resulted in the elimination of internal controls over financial reporting that were relevant only to Arby's.

There were no other changes in the internal control over financial reporting of The Wendy's Company and Wendy's Restaurants during the third quarter of 2011 that materially affected, or are reasonably likely to materially affect, their internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

There are inherent limitations in the effectiveness of any control system, including the potential for human error and the possible circumvention or overriding of controls and procedures. Additionally, judgments in decision-making can be faulty and breakdowns can occur because of simple error or mistake. An effective control system can provide only reasonable, not absolute, assurance that the control objectives of the system are adequately met. Accordingly, the management of The Wendy's Company and Wendy's Restaurants, including their Chief Executive Officer and Chief Financial Officer, does not expect that the control system can prevent or detect all error or fraud. Finally, projections of any evaluation or assessment of effectiveness of a control system to future periods are subject to the risks that, over time, controls may become inadequate because of changes in an entity's operating environment or deterioration in the degree of compliance with policies or procedures.

Management's Discussion and Analysis of Financial Condition and Results of Operations") and in our other current and periodic filings with the Securities and Exchange Commission.

All future written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. New risks and uncertainties arise from time to time, and it is impossible for us to predict these events or how they may affect us. We assume no obligation to update any forward-looking statements after the date of this Quarterly Report on Form 10-Q as a result of new information, future events or developments, except as required by Federal securities laws. In addition, it is our policy generally not to endorse any projections regarding future performance that may be made by third parties.

Item 1. Legal Proceedings.

We are involved in litigation and claims incidental to our current and prior businesses. We provide reserves for such litigation and claims when payment is probable and reasonably estimable. As of October 2, 2011, the Companies had reserves for continuing operations for all of its legal and environmental matters aggregating \$1.7 million. We cannot estimate the aggregate possible range of loss due to most proceedings being in preliminary stages, with various motions either yet to be submitted or pending, discovery yet to occur, and significant factual matters unresolved. In addition, most cases seek an indeterminate amount of damages and many involve multiple parties. Predicting the outcomes of settlement discussions or judicial or arbitral decisions are thus inherently difficult. Based on our currently available information, including legal defenses available to us, and given the aforementioned reserves and our insurance coverage, we do not believe that the outcome of these legal and environmental matters will have a material effect on our consolidated financial position or results of operations.

Item 1A. Risk Factors.

In addition to the information contained in this report, you should carefully consider the risk factors disclosed in the Form 10-K, which could materially affect our business, financial condition or future results. Except as described elsewhere in this report, including the risk factor set forth below, there have been no material changes from the risk factors previously disclosed in the Form 10-K.

As a result of the indemnification provisions of the Purchase and Sale Agreement pursuant to which the sale of Arby's occurred on July 4, 2011, Wendy's Restaurants may incur expenses and liabilities for taxes related to periods up to the date of sale.

As a result of the indemnification provisions of the Purchase and Sale Agreement pursuant to which the sale of Arby's occurred on July 4, 2011, Wendy's Restaurants may incur expenses and liabilities for taxes related to periods up to the date of sale, such as income, sales and use, and other operating taxes. Discontinued operations for the 2011 third quarter included \$2.1 million for amounts accrued for certain tax liabilities related to Arby's which are the obligations of Wendy's Restaurants pursuant to the indemnification provisions of the Purchase and Sale Agreement and it is possible that further accruals may occur in future periods as audits by various taxing authorities are resolved. Further accruals in future periods would adversely affect our results of operations.
