Section 1 – Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

New Revolving Credit Facility

On June 11, 2010, HNI Corporation (the "Corporation"), as borrower, certain domestic subsidiaries of the Corporation, as guarantors, certain lenders (the "Lenders") and Wells Fargo Bank, National Association, as administrative agent for the Lenders (in such capacity, the "Administration Agent"), entered into a Credit Agreement (the "Credit Agreement").

The Credit Agreement replaces a \$300,000,000 revolving credit facility entered into on January 28, 2005, by and among the Corporation, as borrower, certain domestic subsidiaries of the Corporation, as guarantors, certain lenders and Wells Fargo Bank, National Association (successor-by-merger to Wachovia Bank, National Association), as administrative agent and documentation agent (the "Prior Facility").

The Credit Agreement provides for a maximum borrowing of \$150,000,000, subject to increase (to a maximum amount of \$250,000,000) or reduction from time to time according to the terms of the Credit Agreement. Borrowings made pursuant to the Credit Agreement may be revolving loans, competitive bid loans or swingline loans (of which up to the equivalent of \$20,000,000 may be borrowed in foreign currencies), the combined sum of which may not exceed the maximum borrowing amount. Amounts borrowed under the Credit Agreement may be borrowed, repaid and reborrowed from time to time until June 11, 2014.

Revolving loans will bear interest, payable quarterly or, if earlier, at the end of any interest period, at either (a) the alternate base rate, described in the Credit Agreement as the higher of (x) the annual rate of the Administrative Agent's prime rate, (y) the federal funds rate plus 1.50% or (z) one-month LIBOR (a publicly published rate) plus 1.00%, plus a percentage spread (ranging from 1.25% to 2.00%) based on the Corporation's consolidated leverage ratio or (b) LIBOR plus a percentage spread (ranging from 2.25% to 3.00%) based on the Corporation's consolidated leverage ratio. Borrowings made as competitive bid loans bear the competitive bid rate specified in the applicable competitive bid. Swingline loans denominated in (i) dollars shall bear interest at the alternate base rate plus the then applicable percentage spread for revolving alternate base rate loans and (ii) foreign currencies shall bear interest at one or three month LIBOR plus the then applicable percentage spread for revolving LIBOR loans. The Corporation has agreed to pay a commitment fee, payable quarterly, at rates ranging from 0.375% to 0.625% depending on the Corporation's consolidated leverage ratio, and customary administrative agent fees and fees in respect of letters of credit.

The Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations on the Corporation and its subsidiaries with respect to indebtedness, liens, nature of business, investments and loans, distributions, acquisitions, dispositions of assets, sale-leaseback transactions and transactions with affiliates. The covenants permit the Corporation to use proceeds of the loans and letters of credit for refinancing the Prior Facility and certain other indebtedness and pay fees and expenses in connection therewith and to provide for the working capital and general corporate requirements of the Corporation, including acquisitions, payment of dividends and stock repurchases to the extent permitted under the Credit Agreement. The Credit Agreement also contains financial covenants requiring the Corporation to maintain, on a consolidated basis, a leverage ratio of less than or equal to 3.00 to 1.00 and an interest coverage ratio of greater than or equal to 4.00 to 1.00.

The Credit Agreement provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, failure to comply with covenants, any representation or warranty made by the Corporation proving to be incorrect, false or misleading in any material respect, defaults under other indebtedness of the Corporation or its subsidiaries of at least \$30,000,000, a change in control of the Corporation (as defined in the Credit Agreement) and certain insolvency or receivership events affecting the Corporation or its significant subsidiaries. In the event of a default by the Corporation, the Administrative Agent may, or at the request and direction of the requisite number of the Lenders shall, by written notice to the Corporation, declare all obligations under the Credit Agreement immediately due and payable, terminate the Lenders' commitments to make loans under the Credit Agreement and enforce any and all rights of the Lenders or the Administrative Agent under the Credit Agreement and related documents. For certain events of default related to insolvency and receivership, the commitments of the Lenders will be automatically terminated and all outstanding obligations of the Corporation will become immediately due and payable.

Certain of the Lenders party to the Credit Agreement, and their respective affiliates, have performed, and may in the future perform for the Corporation and its subsidiaries, various commercial banking, investment banking, underwriting and other financial advisory services, for which they have received, and will receive, customary fees and expenses.

The foregoing description of the Credit Agreement and related matters is qualified in its entirety by reference to the Credit Agreement, which is filed as Exhibit 10.1 hereto and incorporated herein by reference.

#### Item 1.02 Termination of a Material Definitive Agreement.

##### Termination of Existing Revolving Credit Facility

Effective June 11, 2010, the Prior Facility, which provided for a maximum borrowing of \$300,000,000, was terminated. Revolving borrowings made pursuant to the Prior Facility bore interest at either (a) the alternate base rate, described in the Prior Facility as the higher of the annual rate of the Administrative Agent's prime rate or the federal funds rate plus 0.50%, or (b) LIBOR plus a percentage spread (ranging from 0.270% to 0.325%) based on the Corporation's consolidated leverage ratio. Borrowings made as competitive bid loans bore the competitive bid rate specified in the applicable competitive bid. Swingline loans denominated in (i) dollars bore interest at the alternate base rate and (ii) foreign currencies bore interest at one or three month LIBOR plus the then applicable percentage spread for revolving LIBOR loans. The Prior Facility contained customary affirmative and negative covenants for credit facilities of its type, including limitations on the Corporation's subsidiaries with respect to indebtedness and limitations on the Corporation and its subsidiaries with respect to liens, nature of business, investments and loans, distributions, acquisitions, dispositions of assets, sale-leaseback transactions and transactions with affiliates. The Prior Facility also contained financial covenants requiring the Corporation to maintain, on a consolidated basis, a leverage ratio of less than or equal to 3.00 to 1.00 and an interest coverage ratio of greater than or equal to 4.00 to 1.00, and provided for customary events of default. The Corporation did not incur any material early termination penalties in connection with the termination of the Prior Facility.
