Notes to Summary Compensation Table

(1) Amounts in the "Bonus" column reflect awards under the Senior Officer Annual Incentive Compensation Plan and, in the case of Mr. Addis, the AEP Energy Services Incentive Compensation Plan. Payments are made in the first quarter of the succeeding fiscal year for performance in the year indicated.

Amounts in the "Long-Term Compensation" - Payouts column reflect performance share unit targets earned under the AEP 2000 Long-Term Incentive Plan (and predecessor Performance Share Incentive Plan) for three-year performance periods.

(2) Amounts in the "All Other Compensation" column include (i) AEP's matching contributions under the AEP Retirement Savings Plan and the AEP Supplemental Savings Plan, a non-qualified plan designed to supplement the AEP Savings Plan, (ii) subsidiary companies director fees, (iii) vehicle allowance, and (iv) split-dollar insurance. In August 2000, AEP discontinued providing vehicles for its executive officers and began paying them a monthly allowance. Split-dollar insurance represents the present value of the interest projected to accrue for the employee's benefit on the current year's insurance premium paid by AEP. Cumulative net life insurance premiums paid are recovered by AEP at the later of retirement or 15 years. Detail of the 2000 amounts in the "All Other Compensation" column is shown below.

- (3) No 1999 and 1998 compensation information is reported for Mr. Addis because he was not an executive officer in these years.

Compensation of Directors

Annual Retainers and Meeting Fees. Directors who are officers of AEP or employees of any of its subsidiaries do not receive any compensation, other than their regular salaries and the accident insurance coverage described below, for attending meetings of AEP's Board of Directors. The other members of the Board receive an annual retainer of \$25,000 for their services, an additional annual retainer of \$3,500 for each Committee that they chair, a fee of \$1,200 for each meeting of the Board and of any Committee that they attend (except a meeting of the Executive Committee held on the same day as a Board meeting), and a fee of \$1,200 per day for any inspection trip or conference.

Deferred Compensation and Stock Plan. The Deferred Compensation and Stock Plan for Non-Employee Directors permits non-employee directors to choose to receive up to 100 percent of their annual Board retainer in shares of AEP Common Stock and/or units that are equivalent in value to shares of Common Stock ("Stock Units"), deferring receipt by the non-employee director until termination of service or for a period that results in payment commencing not later than five years thereafter. AEP Common Stock is distributed and/or Stock Units are credited to directors, as the case may be, when the retainer is payable, and are based on the closing price of the Common Stock on the payment date. Amounts equivalent to cash dividends on the Stock Units accrue as additional Stock Units. Payment of Stock Units to a director from deferrals of the retainer and dividend credits is made in cash or AEP Common Stock, or a combination of both, as elected by the director.

Stock Unit Accumulation Plan. The Stock Unit Accumulation Plan for Non-Employee Directors annually awards 750 Stock Units to each non-employee director as of the first day of the month in which the non-employee director becomes a member of the Board. Amounts equivalent to cash dividends on the Stock Units accrue as additional Stock Units. Stock Units are paid to the director in cash upon termination of service unless the director has elected to defer payment for a period that results in payment commencing not later than five years thereafter.

Insurance. AEP maintains a group 24-hour accident insurance policy to provide a \$1,000,000 accidental death benefit for each director. The current policy, effective September 1, 2000 through September 1, 2001, has a premium of \$11,500 and AEP expects to renew this coverage. In addition, AEP pays each director (excluding officers of AEP or employees of any of its subsidiaries) an amount to provide for the federal and state income taxes incurred in connection with the maintenance of this coverage (\$440 for 2000).

(b) OWNERSHIP OF SECURITIES

The following table sets forth the beneficial ownership of AEP Common Stock and stock-based units as of January 1, 2001 for all directors as of the date of this proxy statement, all nominees to the Board of Directors, each of the persons named in the Summary Compensation Table and all directors and executive officers as a group. Unless otherwise noted, each person had sole voting and investment power over the number of shares of Common Stock and stock-based units of AEP set forth across from his or her name. Fractions of shares and units have been rounded to the nearest whole number.

Notes on Stock Ownership

- (a) This column includes amounts deferred in stock units and held under AEP's various director and officer benefit plans.
- (b) Includes the following numbers of share equivalents held in the AEP Retirement Savings Plan and, for Messrs. Brooks and Shockley, the CSW Retirement Savings Plan (in the case of the AEP Retirement Savings Plan such persons have sole voting power, but the investment/disposition power is subject to the terms of the Savings Plan): Mr. Addis, 377; Mr. Brooks, 41,833; Mr. Clements, 2,354; Dr. Draper, 3,947; Mr. Fayne, 5,041; Mr. Lhota, 16,674; Mr. Shockley, 6,234; and all executives officers, 89,803.
- (c) Includes the following numbers of shares held in joint tenancy with a family member: Mr. Addis, 5,623; Mr. DesBarres, 5,000; Dr. Draper, 5,588; Mr. Lhota, 2,180; and Ms. Stuntz, 300
- (d) Includes the following numbers of shares held by family members over which beneficial ownership is disclaimed: Mr. Addis, 4,032; Dr. Hudson, 750; Mr. Kujawa, 26; and Mr. Shockley, 496.
- (e) Includes the following numbers of shares attributable to options exercisable within 60 days: Mr. Brooks, 65,105 and Mr. Shockley, 49,938.
- (f) Does not include, for Messrs. Fayne and Lhota, 85,231 shares in the American Electric Power System Educational Trust Fund over which Messrs. Fayne and Lhota share voting and investment power as trustees (they disclaim beneficial ownership). The amount of shares shown for all directors and executive officers as a group includes these shares.
- (g) Represents less than 1% of the total number of shares outstanding.

Long-Term Incentive Plans _ Awards In 2000

Each of the awards set forth below establishes performance share unit targets, which represent units equivalent to shares of Common Stock, pursuant to the Company's 2000 Long-Term Incentive Plan. Since it is not possible to predict future dividends and the price of AEP Common Stock, credits of performance share units in amounts equal to the dividends that would have been paid if the performance share unit targets were established in the form of shares of Common Stock are not included in the table.

The ability to earn performance share unit targets is tied to achieving specified levels of total shareholder return ("TSR") relative to the S&P Electric Utility Index. The Human Resources Committee may, at its discretion, reduce the number of performance share unit targets otherwise earned. In accordance with the performance goals established for the periods set forth below, the threshold, target and maximum awards are equal to 20%, 100% and 200%, respectively, of the performance share unit targets. No payment will be made for performance below the threshold.

Payments of earned awards are deferred in the form of phantom stock units (equivalent to shares of AEP Common Stock) until the officer has met the equivalent stock ownership target discussed in the Human Resources Committee Report. Once officers meet and maintain their respective targets, they may elect either to continue to defer or to receive further earned awards in cash and/or Common Stock.

Retirement Benefits

The American Electric Power System Retirement Plan provides pensions for all employees of AEP System companies (except for employees covered by certain collective bargaining agreements or by the Central and South West Corporation Cash Balance Retirement Plan), including the executive officers of AEP. The Retirement Plan is a noncontributory defined benefit plan.

The Retirement Plan was amended effective January 1, 2001. The amendment provides that the final average pay benefit accrual formula currently in effect terminates on December 31, 2010 and, effective January 1, 2001, a cash balance accrual formula is added to the Retirement Plan. Employees participating in the Retirement Plan on December 31, 2000 accrue retirement benefits under both formulas and employees hired after December 31, 2000 accrue retirement benefits solely under the cash balance formula. Employees accruing benefits under both formulas may choose either the final average pay formula or the cash balance formula for their accrued benefit at the time employment is terminated. The accrued benefit earned by an employee under the final average pay formula as of December 31, 2010, the date the final average pay formula will be discontinued,

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U5S

is the minimum benefit an employee can receive from the Retirement Plan after that time.

The following table shows the approximate annual annuities that would be payable to employees in certain higher salary classifications under the final average pay formula, assuming retirement at age 65 after various periods of service.

Pension Plan Table

Highest Average Annual Earnings	Years of Accredited Service					
	15	20	25	30	35	40

The amounts shown in the table are the straight life annuities payable under the Retirement Plan final average pay formula without reduction for the joint and survivor annuity. Retirement benefits listed in the table are not subject to any deduction for Social Security or other offset amounts. The retirement annuity is reduced 3% per year in the case of retirement between ages 55 and 62. If an employee retires after age 62, there is no reduction in the retirement annuity.

Compensation upon which retirement benefits under the final average pay formula are based, for the executive officers named in the Summary Compensation Table above (except for Mr. Addis), consists of the average of the 36 consecutive months of the officer's highest aggregate salary and Senior Officer Annual Incentive Compensation Plan awards, shown in the "Salary" and "Bonus" columns, respectively, of the Summary Compensation Table, out of the officer's most recent 10 years of service. In the case of Mr. Addis, compensation upon which his retirement benefits are based consists of salary and annual AEP Energy Services Incentive Compensation Plan awards up to a maximum of 30% of salary.

Under the cash balance formula each employee has an account to which dollar amount credits are allocated annually based on a percentage of the employee's compensation. Compensation for the cash balance formula includes annual salary and annual incentive compensation plan awards up to a maximum total compensation of \$1,000,000. The applicable percentage is determined by age and years of service with AEP as of December 31 of each year (or as of the employee's termination date, if earlier). The following table shows the percentage used to determine dollar amount credits at the age and years of service indicated:

Sum of Age Plus	Applicable
Years of Service	Percentage
