The market share units vesting and the actual number of shares received are contingent on Issuer's common stock achieving certain pre-defined market price levels during pre-determined intervals and continued employment.
- Generally, the market shares unit will be earned, if at all, on the fifteenth day in 2017 on which the New York Stock Exchange is open for trading if pre-determined market price targets of Issuer's common stock are attained, provided that the reported person remains continuously employed by the Issuer or a subsidiary through December 31, 2016.
