PART III — NARRATIVE

State below in reasonable detail why Form 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period. (Attach extra sheets if needed.)

As previously disclosed, on February 3, 2017, ICU Medical, Inc. (the "Company") completed its acquisition of the Hospira Infusion Systems business from Pfizer, Inc. (the "HIS Acquisition"). The Annual Report on Form 10-K for the year ended December 31, 2017 (the "Form 10-K"), will be the Company's first annual filing since the completion of the HIS Acquisition. The complexity of matters related thereto, including the scale of the HIS Acquisition, have required substantial management attention and the Company has experienced unforeseen delays in collecting and compiling certain financial and other related data that would be included in the Form 10-K in connection with the HIS Acquisition. Accordingly, the Company requires additional time to complete certain disclosures and other information to be included in the Form 10-K and is therefore unable to file its Form 10-K within the prescribed time period without unreasonable effort or expense. The Company has issued a press release regarding its results for the year ended December 31, 2017, and does not expect any material changes to the financial results from the press release to be reflected in the Form 10-K when filed. The Company intends to file the Form 10-K within the fifteen day extension period provided by Rule 12b-25.

If the answer is no, identify report(s).  Yes  No

Until the completion of the review and evaluation of the matters discussed above in Part III, the Company is unable to provide a reasonable estimate of its detailed results of operations for the fiscal year ended December 31, 2017. In the press release, furnished as an exhibit to the Company's Current Report on Form 8-K filed on March 1, 2018, the Company disclosed expected unaudited calendar year 2017 revenue of \$1.3 billion in 2017, in comparison to \$379.4 million in 2016 and net income of \$68.6 million or \$3.29 per diluted earnings per share in 2017, in comparison to net income of \$63.1 million or \$3.66 per diluted earnings per share in 2016.

Forward-Looking Statements

Certain statements in this filing are "forward-looking statements." These statements relate to future events or the Company's future financial performance and involve known and unknown risks, uncertainties and other factors that

may cause the actual results, levels of activity, performance or achievements of the Company to be materially different from those expressed or implied by any forward-looking statements. The Company has based these forward-looking statements on its current expectations, assumptions, estimates and projections. There can be no assurance that the Company will be able to file its 2017 Form 10-K within the fifteen calendar day extension provided by Rule 12b-25. These and other important factors, including those discussed under “Risk Factors” in the Company’s Form 10-K for December 31, 2016, as well as the Company’s subsequent filings with the United States Securities and Exchange Commission, may cause actual results, performance or achievements to differ materially from those expressed or implied by these forward-looking statements.
