Item 1.01. Entry into a Material Definitive Agreement.

On January 18, 2007, Interstate Power and Light Company (the "Company") entered into an Asset Sale Agreement (the "Agreement") with ITC Midwest LLC (the "Buyer"), a wholly owned subsidiary of ITC Holdings Corp., pursuant to which the Company agreed to sell its transmission related assets for a purchase price of \$750 million in cash, subject to several purchase price adjustments relating to liabilities actually assumed by the Buyer and the Net Transmission Plant Investment (as defined in the Agreement) and construction work in progress actually transferred to the Buyer by the Company. A copy of the Agreement is attached hereto as Exhibit 2.1 and is incorporated by reference herein.

Edgar Filing: ALLIANT ENERGY CORP - Form 8-K

The Agreement provides that the Buyer will acquire ownership of the Company's transmission assets (the Purchased Assets), including transmission lines, transmission substations, land rights, contracts, permits and equipment (the Transaction). In addition, the Buyer will assume various liabilities and obligations related to the Purchased Assets and the Company's transmission business.

Under the terms of the Agreement, each party has made customary representations and warranties and agreed to certain covenants set forth in the Agreement. The Agreement also contains customary indemnification obligations of the Company, including indemnification obligations with respect to certain of the liabilities assumed by the Buyer.

The Buyer and the Company have agreed that in the event that either party terminates the Agreement as a result of a breach by the other party of its covenants, agreements or representations, made as of the date of the Agreement, which would cause the closing conditions not to be satisfied, the terminating party will be entitled as its sole and exclusive remedy to liquidated damages equal to approximately \$24 million, or \$45 million solely in the event that such breach is the Buyer's failure to pay the Company the purchase price at closing.

The Company expects to complete the Transaction in the fourth quarter of 2007, subject to satisfaction of certain customary conditions to closing, including receipt of required regulatory approvals. Consummation of the Transaction is not subject to any financing contingency.

The description of the Agreement set forth above is qualified by reference to the Agreement filed herewith as Exhibit 2.1.
