PROSPECTUS SUMMARY

THIS SUMMARY HIGHLIGHTS SELECTED INFORMATION AND DOES NOT CONTAIN ALL THE INFORMATION THAT IS IMPORTANT TO YOU. YOU SHOULD CAREFULLY READ THIS PROSPECTUS AND THE DOCUMENTS WE HAVE REFERRED YOU TO IN "WHERE YOU CAN FIND ADDITIONAL INFORMATION" ON PAGE 8 FOR MORE INFORMATION ABOUT VICOM AND OUR FINANCIAL STATEMENTS. IN THIS PROSPECTUS, REFERENCES TO "VICOM," "WE," "US" "OUR" AND "COMPANY" REFER TO VICOM, INCORPORATED AND ITS SUBSIDIARIES.

OUR COMPANY

Vicom, Incorporated (Vicom) is the parent corporation of three wholly-owned subsidiaries, Corporate Technologies, USA, Inc. (CTU), MultiBand, Inc. (MultiBand), and Vicom Midwest Telecommunications Systems, Inc. (VMTS). Vicom was incorporated in Minnesota in 1975. Our principal office is located at 9449 Science Center Drive, New Hope, Minnesota 55428. Our telephone number is 763-504-3000. Our facsimile number is 763-504-3060 and our website address is: www.vicominc.net. Reference to our website is not intended to incorporate information found on the website into this Prospectus. VMTS was not active since

Edgar Filing: VICOM INC - Form POS AM

January 1, 2000. Effective December 30, 1998, Vicom acquired the assets of the midwest region of Enstar Networking Corporation, a data cabling and network company. In late 1999, to expand its range of computer product and service offerings, Vicom formed CTU to acquire the stock of Ekman, Inc. Vicom incorporated MultiBand in February 2000 to provide voice, data and video services to residential multi-dwelling units (MDUs). MultiBand began operations in late 2000. As of September 30, 2001, MultiBand provided services to approximately 406 customers.

Vicom has provided clients with telecommunications products and services since its inception in 1975. As of September 30, 2001, we were providing telephone equipment and service to more than 1,000 customers, with approximately 10,000 telephones in service. In addition, CTU provides computer products and services to approximately 3,500 customers. The telecommunications systems we distribute are intended to provide customers with flexible, cost-effective alternatives as compared to systems available from major telephone companies, including those formerly comprising the Bell System, and from other interconnected telephone companies.

Vicom and CTU provide a full range of voice, data and video communications systems and service, system integration, training and related communication sales and support activities for commercial, professional and institutional customers, most of which are located in Minnesota, North Dakota and South Dakota. Vicom purchases products and equipment from NEC America, Inc. ("NEC"), Cisco Systems, Inc., Nortel Networks Corp., ECI Telecommunications, Inc. ("ECI"), and other manufacturers of communications and electronic products and equipment. We use these products to design telecommunications systems to fit our customers' specific needs and demands.

RISK FACTORS

Our operations and our securities are subject to a number of risks, including but not limited to those described below. If any of the following risks actually occur, the business, financial condition or operating results of Vicom and the trading price or value of our common stock could be materially adversely affected.

NET LOSSES

The Company had net losses of \$3,764,355 for the nine months ended September 30, 2001, \$4,235,831 for the fiscal year ended December 31, 2000 and \$2,063,634 for the fiscal year ended December 31, 1999. Vicom may never be profitable.

The prolonged effects of generating losses without additional funding may restrict our ability to pursue our business strategy. Unless our business plan is successful, an investment in our common stock may result in a complete loss of an investor's capital.

If we cannot achieve profitability from operating activities, we may not be able to meet:

- * our capital expenditure objectives;
- * our debt service obligations; or
- * our working capital needs.

Edgar Filing: VICOM INC - Form POS AM

DEPENDENCE ON ASSET-BASED FINANCING

Vicom currently depends on asset-based financing to purchase product, and we cannot guarantee that such financing will be available in the future. Furthermore, we need additional financing to support the anticipated growth of our MultiBand subsidiary. We cannot guarantee that we will be able to obtain this additional financing.

DEREGULATION

Several regulatory and judicial proceedings have recently concluded, are underway or may soon be commenced that address issues affecting operations and those of our competitors, which may cause significant changes to our industry. We cannot predict the outcome of these developments, nor can we assure you that these changes will not have a material adverse effect on us. Historically, we have been a reseller of products and services, not a manufacturer or carrier requiring regulation of its activities. Pursuant to Minnesota statutes, our MultiBand activity is specifically exempt from the need to tariff our services in multiple dwelling units (MDUs). However, the Telecommunications Act of 1996 provides for significant deregulation of the telecommunications industry, including the local telecommunications and long-distance industries. This federal statute and the related regulations remain subject to judicial review and additional rule-makings of the Federal Communications Commission, making it difficult to predict what effect the legislation will have on us, our operations, and our competitors.

DEPENDENCE ON STRATEGIC ALLIANCE

Vicom has a distribution agreement with NEC, its main supplier of telecommunication products, which expires June 30, 2002. An interruption or substantial modification of Vicom's distribution relationship with NEC could have a material adverse effect on Vicom's business, operating results and financial condition.

ATTRACTION AND RETENTION OF EMPLOYEES

Vicom's success depends on the continued employment of certain key personnel, including executive officers. If Vicom were unable to continue to attract and retain a sufficient number of qualified key personnel, its business, operating results and financial condition could be materially and adversely affected. In addition, Vicom's success depends on its ability to attract, develop, motivate and retain highly skilled and educated professionals with a wide variety of management, marketing, selling and technical capabilities. Competition for such personnel is intense and is expected to increase in the future.

INTELLECTUAL PROPERTY RIGHTS

Vicom relies on a combination of trade secret, copyright, and trademark laws, license agreements, and contractual arrangements with certain key employees to protect its proprietary rights and the proprietary rights of third parties from which Vicom licenses intellectual property. If it was determined that Vicom infringed the intellectual property rights of others, it could be required to pay substantial damages or stop selling products and services that contain the infringing intellectual property, which could have a material adverse effect on Vicom's business, financial condition and results of operations. Also, there can be no assurance that Vicom would be able to develop

Edgar Filing: VICOM INC - Form POS AM

non-infringing technology or that it could obtain a license on commercially reasonable terms, or at all. Vicom's success depends in part on its ability to protect the proprietary and confidential aspects of its technology and the products and services it sells. There can be no assurance that the legal protections afforded to Vicom or the steps taken by Vicom will be adequate to prevent misappropriation of Vicom's intellectual property.

VARIABILITY OF QUARTERLY OPERATING RESULTS; SEASONALITY

Variations in Vicom's revenues and operating results occur from quarter to quarter as a result of a number of factors, including customer engagements commenced and completed during a quarter, the number of business days in a quarter, employee hiring and utilization rates, the ability of customers to terminate engagements without penalty, the size and scope of assignments and general economic conditions. Because a significant portion of Vicom's expenses are relatively fixed, a variation in the number of customer projects or the timing of the initiation or completion of projects could cause significant fluctuations in operating results from quarter to quarter. Further, Vicom has historically experienced a seasonal fluctuation in its operating results, with a larger proportion of its revenues and operating income occurring during the third quarter of the fiscal year.

CERTAIN ANTI-TAKEOVER EFFECTS

Vicom is subject to Minnesota statutes regulating business combinations and restricting voting rights of certain persons acquiring shares of Vicom. These anti-takeover statutes may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of Vicom's securities, or the removal of incumbent management.

USE OF PROCEEDS OF EXERCISED WARRANTS

Vicom intends to use any proceeds from the exercise of the warrants for working capital and other general corporate purposes. If our management does not effectively use such proceeds, our stock price could decline.

VOLATILITY OF VICOM'S COMMON STOCK

The trading price of our common stock has been and is likely to be volatile. The stock market has experienced extreme volatility, and this volatility has often been unrelated to the operating performance of particular companies. We cannot be sure that an active public market for our common stock will continue after this offering. Investors may not be able to sell the common stock at or above the price they paid for their common stock, or at all. Prices for the common stock will be determined in the marketplace and may be influenced by many factors, including variations in our financial results, changes in earnings estimates by industry research analysts, investors' perceptions of us and general economic, industry and market conditions.

FUTURE SALES OF OUR COMMON STOCK MAY LOWER OUR STOCK PRICE

If our existing shareholders sell a large number of shares of our common stock, the market price of the common stock could decline significantly. The perception in the public market that our existing shareholders might sell shares of common stock could depress our market price. Immediately after this offering, based on the number of shares outstanding as of January 5, 2002, and assuming all of the warrants are exercised 12,039,791 shares of our common stock will be outstanding. Of those shares, approximately 9,989,768 will be freely tradable on the public market (which includes the 3,103,709 shares offered under

Edgar Filing: VICOM INC - Form POS AM

this prospectus). The remaining 2,050,023 outstanding shares, or 17% of our total outstanding shares, will become available for resale in the public market as shown on the chart below.

NUMBER OF SHARES -----	DATE OF FIRST AVAILABILITY FOR SALE -----

FORWARD-LOOKING STATEMENTS

This registration statement and related prospectus contains forward-looking statements within the meaning of federal securities law. Terminology such as "may," "will," "expect," "anticipate," "believe," "estimate," "continue," "predict," or other similar words, identify forward-looking statements. These statements discuss future expectations, contain projections of results of operations or of financial condition or state other forward-looking information. Forward-looking statements appear in a number of places in this prospectus and include statements regarding our intent, belief or current expectation about, among other things, trends affecting the industries in which we operate, as well as the industries we service, and our business and growth strategies. Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, forward-looking statements are not guarantees of future performance and involve risks and uncertainties. Actual results may differ materially from those predicted in the forward-looking statements as a result of various factors, including those set forth in "Risk Factors."

GOING CONCERN

Should the Company not be able to satisfactorily resolve many of the items discussed previously under "Risk Factors," it may not be able to continue as a going concern.

USE OF PROCEEDS

We will not receive any proceeds from the sale of shares of common stock by the selling shareholders under this prospectus. We will receive proceeds from exercise of warrants sold under this prospectus, those proceeds estimated to be \$2,367,986 after payment of the offering expenses and assuming the warrants are exercised. We have agreed to pay all of the expenses related to this offering, estimated to be approximately \$10,000.

We expect to use the net proceeds from the exercise of the warrants primarily for acquisitions, working capital and other general corporate purposes, including expenditures for sales, marketing, fixed assets and inventory. No specific amount has been allocated to any particular purpose. Pending these uses, we intend to invest the net proceeds of this offering in investment grade, interest-bearing securities.

Edgar Filing: VICOM INC - Form POS AM

DIVIDEND POLICY

We have never paid cash dividends on our common stock, nor do we have plans to do so in the foreseeable future. The declaration and payment of any cash dividends on our common stock in the future will be determined by our Board of Directors, in its discretion, and will depend on a number of factors, including our earnings, capital requirements and overall financial condition.

The holders of our Series A Cumulative Convertible Preferred Stock are entitled to receive a cumulative dividend of 8% per year, payable quarterly, and the holders of our Series B and Series C Preferred Stock are entitled to receive cumulative dividends of 10% per year, payable monthly. The holders of our Series D Cumulative Convertible Preferred Stock are entitled to receive a cumulative dividend of 14% per year, payable quarterly.

SELLING SHAREHOLDERS

This prospectus covers offers and sale of shares of our common stock by the selling shareholders, including shares issuable upon exercise of warrants.

The table below lists the selling shareholders, shows the shares of common stock beneficially owned by each of the selling shareholders as of January 5, 2002, and the shares offered for resale by each of the selling shareholders. Beneficial ownership includes shares which the selling shareholders can acquire upon exercise of the warrants (all of which are currently exercisable) or of options exercisable currently or within 60 days after January 5, 2002. Our registration of these shares does not necessarily mean that any selling stockholder will sell all or any of their shares of common stock. The "Shares Beneficially Owned After Offering" columns in the table assume that all shares covered by this prospectus will be sold by the shareholders and that no additional shares of common stock are bought or sold by any selling shareholder. Except for the placement agent, or as noted in the footnotes, no selling stockholder has had, within the past three years, any position, office or other material relationships with us.

The information provided in the table is from the selling shareholders, reports furnished to us under rules of the SEC, and our stock ownership records.

PLAN OF DISTRIBUTION

Vicom is registering the shares of common stock on behalf of the selling shareholders. All costs, expenses and fees in connection with the registration of the shares offered by this prospectus will be borne by Vicom. The sale of the shares may be effected by selling shareholders from time to time in one or more types of transactions, which may include block transactions, sales in the over-the-counter market or on a national securities market or quotation system, in negotiated transactions, through put or call options transactions relating to the shares, through short sales of shares, or a combination of these methods of sales, at market prices prevailing at the time

Edgar Filing: VICOM INC - Form POS AM

of sale, or at negotiated prices. These transactions may or may not involve brokers or dealers. The selling shareholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker dealers regarding the sale of their securities, nor is there an underwriter or coordinated broker acting in connection with the proposed sale of shares by the selling shareholders.

The selling shareholders may make these transactions by selling shares directly to purchasers or to or through broker-dealers, who may act as agents or principals. Those broker-dealers may receive compensation in the form of discounts, concessions or commissions from selling shareholders and/or the purchasers of shares for whom the broker-dealers may act as agents or to whom they sell as principal, or both, which compensation as to a particular broker-dealer might be in excess of customary commissions.

The selling shareholders and any broker-dealers that act in connection with the sale of shares may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act of 1933, as amended. Any commissions received by the broker/dealers or any profit on the resale of the shares sold by them while acting as principals might be deemed to be underwriting discounts or commissions under the Securities Act. The selling shareholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares against various liabilities, including liabilities arising under the Securities Act.

Because selling shareholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, the selling shareholders will be subject to the prospectus delivery requirements of the Securities Act. We have informed the selling shareholders that the anti-manipulative provisions of Regulation M promulgated under the Securities Exchange Act of 1934 may apply to their sales in the market.

Selling shareholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, if they meet the criteria and conform to the requirements of Rule 144. Upon our being notified by a selling shareholder that any material arrangement has been entered into with a broker-dealer for the sale of shares through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, as required, pursuant to Rule 424(b) under the Securities Act, disclosing:

- * the name of that selling shareholder and of the participating broker-dealer(s);
- * the number of shares involved;
- * the initial price at which the shares were sold;
- * the commissions paid or discounts or concessions allowed to the broker-dealer(s), where applicable;
- * that the broker/dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus; and
- * other facts material to the transactions.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Edgar Filing: VICOM INC - Form POS AM

Under Section 302A.251 of the Minnesota statutes, a corporation shall, unless prohibited or limited by its Articles of Incorporation or Bylaws, indemnify its directors, officers, employees and agents against judgments, penalties, fines, settlements and reasonable expenses, including attorneys' fees and disbursements, incurred by such person who was, or is threatened to be, made a party to a proceeding by reason of the fact that the person is or was a director, officer, employee or agent of the corporation if generally, with respect to the acts or omissions of the person complained of in the proceeding, the person (i) has not been indemnified by another organization with respect to the same acts or omissions; (ii) acted in good faith; (iii) received no improper personal benefit; (iv) in the case of a criminal proceeding, had no reasonable cause to believe the conduct was unlawful; and (v) reasonably believed the conduct was in the best interest of the corporation or, in certain circumstances, reasonably believed that the conduct was not opposed to the best interests of the corporation. Minnesota corporate law also provides that a corporation may purchase and maintain insurance on behalf of any indemnified party against any liability asserted against such person, whether or not the corporation would have been required to indemnify the person against liability under the provisions of Minnesota corporate law. Vicom's Articles of Incorporation provide for indemnification pursuant to Minnesota statutes. We also have directors' and officers' insurance in the amount of \$3,000,000 per occurrence.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 302A.521 of the Minnesota Statutes empowers a Minnesota corporation to indemnify its officers and directors and certain other persons to the extent and under the circumstances set forth therein.

Article VII of the Registrant's Articles of Incorporation eliminates the liability of directors of the Registrant to the Registrant or its shareholders for monetary damages for breach of fiduciary duty except for any breach of a director's duty of loyalty to the Registrant or its shareholders, for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, under Sections 302A.559 of the Minnesota Statutes (relating to illegal distributions) or Section 80A.23 of the Minnesota Statutes (relating to securities law violations), for any transaction from which the director derived an improper personal benefit; or for any act or omission occurring prior to May 22, 1987, which is the date that this provision in the Registrant's Articles became effective.

The above discussion of Section 302A.521 and of the Registrant's Articles of Incorporation is not intended to be exhaustive and is respectively qualified in its entirety by such statute and the Articles of Incorporation. The Registrant has insurance in the amount of \$2,000,000 per occurrence insuring its directors and officers and those of its subsidiaries against certain liabilities they may incur in their capacity as directors and officers.

ITEM 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual reports pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is,

Edgar Filing: VICOM INC - Form POS AM

therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act of 1993, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For purposes of determining any liability under the Securities Act of 1993, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
